Chapter 181: the Comet Collides with Earth

No one expected someone like Yan Jun to wear a mask... ..

However, when Yan Jun was about to enter the hall, he suddenly stopped.

He didn't know what kind of feeling he had, but he raised his eyes and looked at the tall building above him.

The Curved Building surrounded the Music Fountain on the first floor, which complemented each other.

Besides these, what attracted him more was the balcony on one of the tall buildings.

"What's wrong?" Fang Shaoan noticed his strange behavior and followed his line of sight. What was he so fascinated by?

However, as far as the eye can see, but only see more than a dozen of the balcony, empty, even a little strange.

"Nothing." Yan Jun light retract the line of sight, step to walk into the hall.

The more Yan Jun did not say, the more Fang Shaoan was curious!

Directly took off the toad sunglasses, and carefully looked at all the balcony upstairs, or did not find anything wrong!

I feel like I've been played! "Hey! Did you see something funny and you didn't tell me?!"

"..."

On the third floor.

In the huge conference room.

Xia Jinqi sat at one end of the three-meter-long conference table with a few documents placed in front of her. Ling Yue stood by the side and bent down to place the tea in front of Xia Jinqi's table.

"Miss, please have some tea."

Xia Jinqi nodded and casually flipped through the contents of the documents. She frowned slightly.

"She's not here yet?"

"She's already downstairs. Does miss need to go to the door to welcome her?" Ling Yue suggested.

"That's fine too." Xia Jinqi nodded and stood up to walk towards the door.

Since the visitors are even the elders so important people, presumably extraordinary status, age should not be young.

When she first ascended to the top, she could not convince the masses if she behaved too arrogantly.

Clinker, just went to the door, heard a familiar complaint... ..

“Hey! What did you see! Would it kill you to tell me?”

“will die.” The familiar back and forth.

“...”

Xia Jinqi’s forehead a twitch, the side of the door crack, toward the elevator to see.

Sure enough, I saw Yan Jun and Fang Shaoan walking towards me one after the other!

For a moment, Xia Jinqi felt as if she had been struck by lightning, and her blood was boiling! ! !

“Yan... Yan Jun?” Xia Jinqi’s face was pale, and her voice was trembling as she muttered in disbelief ...

When Ling Yue saw that it was really Yan Jun, her expression changed slightly. “Why is it him? ! !”

The elder had directly informed Ling Yue of this appointment. Before this, Ling Yue did not know who the person she wanted to meet was, but no matter how she thought about it, she did not expect that this person was actually Yan Jun? ! !

Ling Yue was currently in charge of meeting Xia Jinqi, so she naturally knew Yan Jun..

However, the elders of Lego did not know about Xia Jinqi and Yan Jun’s marriage!

After all, Xia Jinqi was the daughter of the candidate member of parliament. The wedding could not be publicized. Only some relatives and friends of both parties would be present on the day of the wedding!

This, this, this!

What should she do?

Xia Jinqi gritted her teeth and immediately retreated into the meeting room. She was as anxious as an ant on a hot pot!

“It’s over, it’s over...” she had never been honest with Yan Jun. in this situation, the two of them had suddenly come into contact. Let alone discussing business, they might even start a fight here!

Yan Jun would definitely be very angry. In a fit of anger, he might even throw her down from the third floor... ..

The third floor?

Xia Jinqi suddenly rushed to the window and glanced downstairs!

It was... .. A little high ! !

Dizzy!

Chapter 182: refused to meet him with her back to him

Ling Yue was shocked and quickly came over to pull her back. “Miss! What are you doing?”

“Nothing, I’m just looking...” Xia Jinqi immediately denied the fantasy in her mind!

If she was thrown down at such a height, she would be either dead or crippled!

At the same time, Yan Jun and Fang Shaoan had already walked to the door.

“You can go in. I’ll wait for you at the door,” Fang Shaoan’s voice sounded.

Xia Jinqi’s entire body went numb. With a Swish, she sat on the boss’s chair and turned around with her back to the door!

At that time, Yan Jun just happened to walk in.

He swept his gaze across the conference room and saw a woman standing beside the boss chair.

He frowned slightly. He didn’t expect that the new leader of Lego would be a woman?

Moreover, she didn’t look old.

Ling Yue was suddenly scrutinized by Yan Jun’s scrutinizing gaze!

She carefully turned her head back and glanced at Xia Jinqi who was sitting on the boss chair... ...

Fortunately, the boss chair was big enough and tall enough to completely cover Xia Jinqi!

At this moment, Xia Jinqi’s heart was beating like a drum!

Just as she was praying that God would not let Yan Jun see her, she saw Ling Yue looking at her in a daze... ...

Her face turned even Paler!

Xia Jinqi hurriedly waved her hand, asking her to stop staring at her!

If this continued, it would be very easy for Yan Jun to discover her!

Seeing this, Ling Yue hurriedly came back to her senses. With a light cough, she began to call for Yan Jun..

“Hello, Mr. Yan. I’m Ling Yue, the boss’ secretary. ”

Hearing this, Yan Jun’s Black Eyes flickered anxiously. So it was a secretary.

And if he wasn’t mistaken, Ling Yue should have been looking at the person sitting on the boss’ chair just now.

So... ... That was the real boss ? ?

As he thought about it, Yan Jun took a step forward, wanting to go over and take a look.

After all, he also wanted to see what kind of person Lego’s new leader was.

He had only taken one step when he was stopped by Ling Yue again.

“Mr. Yan, please wait! ! ”

A very abrupt sentence made Yan Jun furrow his eyebrows, and his eyes were filled with coldness, shooting straight into Ling Yue's heart.

Ling Yue felt as if her soul was being pierced through. Her knees went weak and she almost lost her balance! "My... Our boss doesn't... like to see strangers..."

"Is that so..." Yan Jun smiled faintly and took a deep look at the boss chair that had its back facing him. After a moment of silence, he sat on the other side of the conference table. "since that's the case, let's get straight to the point."

His tone was neither fast nor slow, but there was a hint of displeasure in it.

He had personally come to attend the meeting, but Lego's leader actually refused to meet him with his back facing him?

Ha... ..

It seemed that this new leader was truly proud and arrogant.

In this way, the matter would become a little more troublesome.

Xia Jinqi finally heaved a sigh of relief. No matter what, if Yan Jun didn't directly walk over, there was still room for change.

Since she couldn't leave anyway, she could only discuss the serious matter first... ..

She gestured at Ling Yue, and Ling Yue immediately understood. She handed the paper and pen to her.

After she finished writing, she showed it to Ling Yue before Ling Yue read it aloud to Yan Jun..

"The elders have already communicated with me about Mr. Yan's proposal. "It is Lego's honor to be able to receive Mr. Yan's favor. "However, I am more curious about why Mr. Yan insists on participating in Lego when he has such a huge business empire. "

This was Xia Jinqi's personal question.

Last night, Yan Jun had just told her that Lego was backed by the underworld and told her not to get involved with Lego.

In the end, he appeared here!

What was this?

Chapter 183: husband-and-wife negotiation

Yan Jun listened, but he didn't even glance at Ling Yue. All his attention was on the boss chair with his back to him.

"I'm only interested in money. " These simple words didn't sound like an answer to Xia Jinqi, but after some thought, he realized that the meaning behind his words was very profound.

Lego was very profitable, so he wanted to get involved.

And as long as Lego could make money, he didn't care about anything else.

From a business point of view, Lego had taken advantage of him.

The investors only cared about giving money and didn't interfere with sovereignty. It was a great thing.

The elders meant that they intended to cooperate. Otherwise, they wouldn't have let their leader, who was closely protected by them, come out and talk to Yan Jun in person.

However, the elders returned to the elders, and the person who made the decision in the end could only be Xia Jinqi.

Otherwise, wouldn't this leader be meaningless?

"Mr. Yan is indeed a businessman," Xia Jinqi wrote quickly on the paper. "However, many companies can offer this price for a 300 billion investment. I wonder what Mr. Yan can use to move me?"

This amount of money was not a small amount, but there were many people who could afford it.

Xia Jinqi did not really want to cooperate with Yan Jun..

Once they reached a common agreement, Yan Jun would definitely see through her true colors... ..

In a short period of time, she did not have the resolve to do so.

Therefore, she planned to make things difficult for him on the investment amount.

Who asked him to bully her like this recently... ..

Speaking up to this point, they finally entered the topic of the negotiation.

Yan Jun indifferently glanced at the boss chair in front of him and leaned back on the wide chair with interest, his expression indifferent "forgive me for being blunt, but if your company is limited to the casino business, then I don't have any advantages. But if your company wants to dabble in business outside of the Casino, I'm afraid no one can surpass the Yan Corporation. "

To put it bluntly, this was a mutually beneficial cooperation.

Yan Jun wanted to rely on the casino to get more capital circulation, while Lego wanted to test the waters in areas such as hotels, clothing brands, and real estate.

Xia Jinqi narrowed her eyes. Yan Jun was right.

However... ..

"500 billion. " Xia Jinqi didn't beat around the bush anymore. She deliberately raised the price, hoping that Yan Jun would back down.

When he first heard this number, Yan Jun raised his eyebrows very high.

According to the price he had previously offered, it had doubled?

This new leader was indeed not a simple character.

Did he know that he really wanted to eat the Lego cake, so he deliberately raised the price?

500 billion was not a difficult thing for him. However, if he increased the investment, the risk would also increase.

“Is this the sincerity of your company?” Yan Jun lifted his thin lips and said coldly.

Xia Jinqi pursed her lips. Of course, there was no sincerity.

“This should be Mr. Yan’s sincerity.”

It was very simple. Since it was Yan Jun who delivered himself to the door and wanted to discuss a cooperation, what price Lego offered, and how much money he gave, this could be considered sincerity.

Hearing this, Yan Jun leaned forward slightly. One of his hands landed on the table and gently tapped on the rhythm.

His long and narrow Phoenix eyes narrowed dangerously. He suddenly changed the topic. “But I don’t see the sincerity of your company. Since I’m here, why don’t you show your true face to others?”

He couldn’t tell what it felt like. He kept feeling that the person sitting behind the boss chair was quite strange.

“Or are you not the leader of Lego at all? Are you just a secretary who came to mess with me?”

There was a sudden murderous aura in his cold voice!

The air seemed to freeze.

Chapter 184: the truth, was just one step away

The entire conference room was deathly silent!

Ling Yue’s body trembled as she hurriedly looked at Xia Jinqi... ..

At this moment, Xia Jinqi’s brows were also tightly knitted together.

It seemed that they wouldn’t be able to muddle through this negotiation.

She secretly took a deep breath... .. Why not just turn around ??

She would die sooner or later, so why not be more heroic?

However, even if she didn’t care about her own life and death, she still had to negotiate this deal with Lego.

She was now the leader of Lego, so she should try her best to seek higher benefits for Lego.

If Yan Jun knew the truth and he sat down face to face to negotiate, then how could she ask for a price?

With her cowardice in front of Yan Jun, wouldn’t she be defeated at any moment?

At that time, she might not even take a single cent and give Lego the whole thing for free!

No, no, she still had to finalize this deal first!

Thinking of this, Xia Jinqi quickly wrote on the paper again, "President Yan, you worry too much. Lego is looking forward to working with you very much. But 500 billion, not a single cent less."

Fortunately, these words were written in writing. If she were to say it face to face, she wouldn't dare to do it even if she had a hundred guts!

This was really hard on Ling Yue... ..

After she read out these words word by word, her forehead was already covered in cold sweat.

Yan Jun's reputation as the cold-faced King of hell had been spread out for a long time!

Did Young Miss Really have to say such absolute words when this King of Hell was angry!

Terrifying... ..

Ling Yue hurriedly lowered her head to wipe the sweat off her face. She didn't even dare to look at the King of Hell, who was emitting a murderous aura!

As for Yan Jun himself, he had been in the business world for many years, but this was the first time he had seen such a difficult and arrogant person.

He had wanted to end the negotiation directly, but he had accidentally seen a small piece of cloth behind the boss's chair.

Beige Silk Chiffon.

It looked familiar.

Men shouldn't wear such clothes.

So, the new leader of Lego was a woman?

And... ..

He remembered that in the afternoon, Xia Jinqi seemed to be wearing this color of clothes?

His sharp black eyes suddenly constricted.

A possibility suddenly flashed through her mind... ..

Wasn't there someone from Lego Protecting Xia Jinqi last night?

In addition, this woman didn't dare to show her true face and hid behind the boss's chair. She didn't even dare to say anything and asked her secretary to do it for her?

This didn't seem like she couldn't see strangers, but more like she was afraid to see him!

All sorts of coincidences collided together, and it seemed like it was no longer a coincidence... ..

Her deep eyes instantly sank to the bottom of the valley.

However, he didn't expose her at the first moment. He didn't even get angry. Instead, he used a very calm tone and said, "the number is indeed not small. I need time to think about it. I'll take my leave first."
"

Xia Jinqi did not know that the man behind her was already beginning to doubt her. When she heard him take the initiative to say that he was leaving, she heaved a sigh of relief and hurriedly asked Ling Yue to send him off.

“Mr. Yan, this way please.” Ling Yue did not dare to come within three feet of Yan Jun at all!

The powerful pressure made it difficult for her to breathe!

Before Yan Jun turned around, he took a deep look at a piece of Beige Silk Chiffon that was still dangling on the armrest of the boss’s chair.

If he walked over now, he would immediately be able to see if the person sitting behind the boss’s chair was Xia Jinqi.

The truth was just one step away.

However, he gave up the chance to expose everything.

Some things, once explained, wouldn’t be fun anymore, right?

Moreover, he was a gentleman. He really didn’t want to do such a thing that would rashly disturb others.

He had to find an opportunity to first verify if the leader of Lego was really Xia Jinqi... ..

Just as he walked out of the door, Fang Shaoan came over to welcome him.

“How did it go?”

“It didn’t go well,” Yan Jun casually said as he walked downstairs.

Fang Shaoan was speechless.

Chapter 185: Identity exposed

On the way, Yan Jun walked in a hurry, so fast that Fang Shaoan thought he was going to be reincarnated!

However, when he got on the car, he was not in a hurry to leave. Instead, he parked the car in a secret corner at the corner of the street.

“Why aren’t you leaving?” Fang Shaoan was in a confused state... ..

“Rest for a while,” he replied indifferently. Yan Jun’s eyes darkened, and he stared at the exit of the Bai Le Palace without blinking.

That leader had to come out from here anyway.

He wanted to see if the truth of the matter was as he had expected.

Fang Shaoan was completely unaware of Yan Jun’s inner thoughts. He seemed to have long gotten used to Yan Jun’s unusual behavior. He turned around and closed his eyes to sleep.

It just so happened that he was a little sleepy. He was still worried that he wouldn't be able to find a place to sleep!

"..."

After sending Yan Jun off, Xia Jinqi jumped up from her chair as if she was liberated. She stretched her body and let out a long sigh toward the sky. "Sigh, I'm suffocating..."

Ling Yue had just returned. Her face was still pale. "Young Miss, you scared me to death just now..."

"I was scared to death! Did he leave? Why didn't you tell me that you were here to discuss business with him!" Xia Jinqi rubbed the goosebumps on her arms. When she recalled what had happened just now, she still felt extremely scared!

It was really exciting, just like filming a movie!

"I only just found out about it. Moreover, at my level, it's impossible for me to know about this." Ling Yue had just regained her senses, and her eyes were a little dazed.

Xia Jinqi thought about it and thought it made sense, so she said, "has he left? I should go back too, in case I'm discovered!"

"He's been gone for a while. Don't worry, Miss," Ling Yue said as she led Xia Jinqi downstairs.

In order to avoid suspicion, Ling Yue deliberately called a taxi for Xia Jinqi.

As she hurriedly got into the car, Xia Jinqi didn't forget to wave goodbye to Ling Yue... ..

At this moment, in the distant Black Lincoln sedan, a pair of eyes as sharp as a wolf was tightly clutching her figure... ..

A Beige Chiffon shirt with a ladylike bow at the collar.

A dark blue short skirt with a high waist outlined a perfect figure.

Xia Jinqi.

It's really you.

Very good.

You're actually the leader of Lego.

Moreover..

You've hidden it from me for such a long time... ..

In a moment, the aura of your entire body suddenly dropped!

Fang Shaoan, who was sleeping next to Yan Jun, was just about to fall asleep when he suddenly felt a chill coming from his side!

He shivered and woke up in a daze. He looked at Yan Jun next to him and then looked at where he was. His entire body twitched as he hurriedly said to the driver, "turn on the heater, I'm about to die of cold!"

After saying that, he glared at Yan Jun with disdain.

He didn't know which blind person had provoked this king of Hell again!

His whole body started to emit cold air again He was going to freeze to death!!!

The driver's eyes were wide open. He didn't dare to ask why, so he could only turn on the heater silently.

The current Las Vegas outdoor temperature was already close to 27 degrees Celsius. Why... .. Did they.. .. Suddenly feel so cold? !!

Xia Jinqi, who had just gotten into the car, also felt a sudden chill on her back!

She subconsciously scanned her surroundings, but she didn't find anything special.

She crossed her arms, regretting that she had worn too little today?

Ma Lin reported the address to the taxi driver. Xia Jinqi was even more unaware that her identity had been exposed. She happily returned to the hotel, took a comfortable shower, and lay on the big bed, staring at the stars outside the balcony in a daze!

Life is really beautiful... ..

Chapter 186: I don't regret marrying him.

The moonlight tonight was exceptionally dim.

The Black Lincoln stopped at the entrance of the hotel.

Fang Shaoan yawned as he got out of the car. It was obvious that he had not slept enough.

He turned around and glanced at Yan Jun who was not looking too good. He felt that he should stay safe and leave first!

"I'll go up and sleep first. See You tomorrow, Brother!" He elegantly threw his white suit jacket onto his shoulder. Fang Shaoan did not even turn around as he walked towards the elevator on the left.

Yan Jun's elevator was on the right.

It was a private elevator that led directly to the presidential suite on the top floor. It showed that he had a high status.

Yan Jun glanced at Fang Shaoan who left as if he was running away. Yan Jun raised his eyebrows. Was His anger so obvious?

As soon as he entered the elevator, his assistant followed him in. He looked a little panicked.

“Young Master, your father called just now. It seems that something happened in Rao city. ”

Yan Jun, who was familiar with the situation, didn't have any reaction. Instead, he asked, “is Xia Jinqi back yet? ”

“Young Madam just came back for a while. ” The assistant was stunned. He didn't understand why young master was so indifferent about Rao city, but was so concerned about young madam?

Could it be that, as the rumors said, young master was already addicted to women and could not extricate himself?

At that time, the elevator door had already opened.

Turning left, it was the only private room on the entire floor.

The assistant went forward and swiped the room card to open the door.

“without instructions, no one is allowed to disturb. ” Yan Jun said coldly and walked in.

“Yes, young master. ” The assistant respectfully left.

When the room door closed again, he secretly heaved a sigh of relief.

Young master seemed to be in a very bad mood tonight... ..

Stepping into the huge presidential suite, Yan Jun narrowed his pitch-black eyes and subconsciously searched for something in the room.

The deeper he went, the more obvious the laughter became.

“Mm, I had a good time! I even went to treasure island and took a pirate ship. That one-eyed pirate even gave me a hat and put it on like a witch... ”

Yan Jun stopped at the bedroom door.

His ink-black pupils were slightly deep.

On the spacious and soft bed, Xia Jinqi was lying with her back facing the door. Her long hair was scattered behind her head, and her clothes were changed into Silk Pajamas.

Her two slender calves swayed, and the Hem of her skirt fell to the bottom of her thighs.

She was obviously on the phone with someone, talking about the interesting things that had happened in the past two days... ..

She must have been too engrossed in the conversation and didn't notice his arrival at all.

“Yan Jun... Hmm, he treats me quite well... ” Xia Jinqi suddenly slowed down her pace of speaking, and her little feet stopped swaying as if she was seriously thinking about something ...

As the person named, Yan Jun didn't show up. Instead, he chose to put his hands in his pockets. His slender body leaned against the door, and his eyebrows were slightly furrowed.

“Jing ‘er, I know you’re worried about me, but I don’t regret marrying him, ” Xia Jinqi said and continued to show her face. “I chose my own path. I have to walk on my knees, don’t I? ”

A little helpless, a little self-deprecating.

She knew, of course, that marriage was not the best way to escape her native family.

But... ..

She doesn’t regret it.

Behind him, Yan Jun’s back stiffened.

Awe-inspiring eyes slightly raised, once again fell on the body of Xia Jinqi.

His brilliant mind made him good at choosing what he needed to hear.

[he treats me quite well.]

[I don’t regret marrying him.]

When he heard this, his furrowed brows miraculously eased up quite a bit.

Chapter 187: He’s all yours

Her voice was clear, ethereal and mellow, like the sweet spring water that poured into his heart.

The sullen look, also swept away.

The soft light of the room gave him an elegant outline.

He can’t say that he is not angry that she kept these things from him.

Before he came back, it was like he had a fire burning inside him that he couldn’t contain.

But... ..

That’s how it works.

Seeing her for Real, hearing her say these words, the anxiety in his heart was miraculously pacified.

Even he was surprised at his change.

This woman called Xia Jinqi clearly didn’t say a word, not even giving him a glance. However, she easily moved his heart and changed his emotions at will.

Was He sick?

Or was he poisoned by her?

While Yan Jun was deep in thought, Xia Jinqi held onto the quilt and began to complain incessantly.

“Jing ‘er, you can’t be fooled by HIS STINKY SKIN! He’s actually very vicious and black-bellied. He has to insult me a few times every day!

Also, he has a super hot secretary by his side... .. Sigh, you don't know. I was almost tricked by that secretary in the afternoon ! !

I clearly didn't touch her, but she knocked over the teacup and burned herself. And the Scoundrel was me. It was all for Yan Jun to see!

Fortunately, I was quick-witted and brave enough to fight the White Lotus and turn the situation around!"

Hearing this, Yan Jun, who was silent, raised his eyebrows slightly.

At that time, Xia Jinqi's back was facing him. He really didn't see what happened between her and you XI.

She didn't explain afterwards. Now that she thought about her, you Xi, and Fang Shaoan's reaction, it made sense.

As for you XI, this woman... ..

Fortunately, she knew how to self-harm. If that scalding hot tea had been poured into Xia Jinqi's hand, he probably wouldn't have stood by and watched!

Thinking about it, you Xi really couldn't be kept.

Fang Shaoan was right. He was a cautious person and never left behind dangerous hidden dangers by his side.

Moreover, this danger was for his wife?

Wen Jing immediately lost her composure when she heard this.

"So good at showing off? Xiao Qi, as the CEO's wife, you still have the right to fire a secretary, right? "

Wen Jing did not think as much as Xia Jinqi. She was a calmer and more direct person. She did not like to think too much and beat around the bush. She liked to cut the GORDIAN KNOT QUICKLY AND ELIMINATE ANY FUTURE TROUBLE!

Xia Jinqi frowned and sighed helplessly. "That's his secretary. What can I say? Besides, I don't want him to think that I'm such a stingy person... "

"What stingy? Love and marriage are stingy to begin with! Don't tell me that only by sharing your husband with other women can you be considered magnanimous?

Silly girl, that man, no matter how outstanding he is, he is now yours!

"Do you remember the Little Red Book that you just received "That's the strength and confidence that the Organization has bestowed upon you! "

Wen Jing was rarely this agitated... .. She said so much in one breath without even panting ! !

Xia Jinqi was a little embarrassed when she heard this. "actually, other than this, you Xi didn't do anything wrong. " As she spoke, she turned to attack the culprit. "speaking of which, it's still Yan Jun's fault for attracting bees and butterflies everywhere! "

When she said this, even Xia Jinqi herself didn't notice how sour her tone was!

"Who said that I attract bees and butterflies everywhere?"

Chapter 188: I meant that you are handsome, tall, and understanding!

A cold question came from behind her, eerie and terrifying.

Xia Jinqi was so scared that she dropped her phone. She hurriedly turned her head back to look and saw Yan Jun leaning against the door in an extremely lazy posture. His dark eyes were staring straight at her.

He, he, he... .. When did he come ? ?

She hurriedly grabbed her phone back and said anxiously, "Jing 'er, let's talk again next time!"

Then, she quickly hung up the phone and climbed out of bed to stand at the side. Her big watery eyes were filled with embarrassment, and she didn't dare to look at Yan Jun. "you... you heard everything?"

"I didn't hear everything either." Yan Jun opened his long legs and walked towards her. "But I did hear a few things that said I was vicious and black-bellied."

He stopped a step away from her.

He looked at her coldly, and his eyes were cold.

Xia Jinqi was choked, and her intestines were about to turn green with regret!

Sure enough, she couldn't say bad things about others behind their backs!

She was accidentally heard!

"You must have heard it wrong! I'm saying that you're handsome, tall, broad-minded, and considerate!"

Xia Jinqi thought hard for a moment and realized that she was at a loss for words... ..

It seemed that she had to look through more dictionaries in the future to strengthen her knowledge base!

"Is that so?" He raised his eyebrows and asked back.

"Yes, yes..." Xia Jinqi hurriedly nodded like a chicken pecking at rice... ..

Guilty, guilty.

Unexpectedly, Yan Jun didn't intend to let her go, so he said, "so you're saying that my hearing is bad?"

"..."she didn't mean that at all!

Seeing her like this, Yan Jun smiled and didn't continue to make things difficult for her. Instead, he changed the topic and said, "I don't know about you XI."

"Ah?" Xia Jinqi looked up gloomily and saw Yan Jun's serious expression. "Are you talking about what happened in the afternoon?"

"I didn't know what she was thinking before," Yan Jun corrected her. "Do you really care about it?"

"Oh..." Xia Jinqi continued to be at a loss for words. She really wanted to answer. She didn't really care about it, but she really, really cared about it!!!

How could a woman with good looks and figure not care about her husband?!!

Without waiting for her to say it, Yan Jun continued, "I'm very happy."

This feeling of being cared for by her was very good. He was very satisfied.

"Uh..." she was a little stunned by Yan Jun's sudden expression of true feelings!

What kind of wind was blowing tonight?

Why did it always feel so eerie... ..

Staring at the woman in front of him who was slower by half a beat, Yan Jun suddenly found it hard to believe.

Just now at the Baili Palace, that Lego leader whose words were unusually sharp and without any room for maneuver, was really her?

And that night at the casino, she was completely different from now.

He raised his straight eyebrows and suddenly said, "my business deal tonight didn't go well."

"?" Xia Jinqi suddenly came back to her senses and looked at him in surprise. Her face was slightly Pale. "Why... didn't go well?"

He had never told her anything about business before.

What happened tonight?

"I haven't even seen her face. She probably doesn't want to cooperate with me," he picked the main point and said while paying attention to the micro expression on her face.

He was also surprised. She actually asked him for 500 billion to cooperate with her?

Even he had to admit that this was a very shrewd move... ..

"..."Xia Jinqi suddenly choked. It was as if a hand was strangling her neck, making it difficult for her to even breathe!

It was so obvious that he was talking about her.

Chapter 189: The entire body is yours

However, since he was the one who sent himself to her, she wouldn't stand on ceremony!

"perhaps if you give her a small gift, she'll be in a better mood? If she's in a better mood, she'll naturally be willing to cooperate with you!"

She could also get some benefits back!

“Oh?” Yan Jun seemed to be in a good mood, and there was a hint of mist in his black eyes. “Tell me, what kind of gift can we get together?”

She asked for a gift for herself so openly?

“This... this depends on your sincerity. But I think that she probably won’t care about how valuable the gift is. What’s important is the sincerity!” Xia Jinqi proudly raised her small neck, as if she had the courage to take revenge !!

In the past, it was always Yan Jun who bullied her. Now, it was finally her turn to bully him back!

Looking at the proud smile on the girl’s face, Yan Jun suddenly took a step forward and stared at her.

“Why don’t you think about it for me, madam?”

Xia Jinqi was intimidated by the powerful aura on his body. She hurriedly retreated until she was trapped in a corner.

“Why are you forcing me into a corner? You... move aside.” She was most afraid of him doing this. Every time he came close, her face would turn red, her heart would beat faster, and her blood pressure would rise uncontrollably !!!

Look, right now, she felt her heart beating like a drum.

If this continued, she really didn’t know if she would have to carry the blood pressure medicine and quick-acting heart-saving pills with her!

Unexpectedly, Yan Jun didn’t back off. Instead, he stretched out his long arm and pressed it against the wall behind her.

“You still haven’t said what gift to give me?”

His bewitching voice floated over from above her head in a low and bewitching tone.

Xia Jinqi gently bit her pink lips. She didn’t know why, but she suddenly remembered what Yan Jun had said to her the night before their wedding: “You can’t afford what I want.”

She really wanted to throw this sentence right in his face!!!

However, due to her status, she was prepared to strike back at him tactfully. “I can’t even give you what you want. How would I know what gift you should give me!”

HMPH It’s never too late for a gentleman to take revenge!

Looking at her slightly pouting aggrieved look, Yan Jun’s deep eyes flashed.

He didn’t know that a casual sentence from back then had made her hold a grudge until now?

“You know what I want?” He suddenly opened his thin lips.

Xia Jinqi shook her head. She wasn’t a worm in his stomach, so how could she know what he was thinking?

And... ..

She hesitated for a moment before her brain suddenly heated up and she blurted out, "Anyway, I've given you my entire body, so I have nothing else to give... "

Apart from her, she really had nothing else to give.

He spoke carefully, and it seemed like he was right.

Yan Jun's dark eyes deepened as he approached her. "What I want is honesty, Zhong Zhen. As for the rest, I'll do whatever you want. "

Honesty?

Xia Jinqi fell silent.

It was really tiring to have a secret in her heart that she couldn't tell.

"There are some things that you don't want to tell me. You can choose not to tell me, but don't use lies to prevaricate. " He gave her a way out.

As the leader of Lego, she didn't want to tell him. He could understand that she had difficulties with this matter.

However, it was best not to do it again.

Hearing this, Xia Jinqi raised her eyes suspiciously and looked at him timidly. "What about you? Will you use lies to prevaricate me? "

Yan Jun, "..."

She really was a little Fox. She couldn't take any losses and was calculating meticulously.

However, she saw that her big watery eyes were looking at her with hope, as if they were looking into her heart.

Chapter 190: you should make it up to me

"I won't, " the gentle voice easily promised.

After getting an answer, Xia Jinqi's large eyes couldn't help but curve up.

Before she could be happy, she heard him speak again. "You just said... that you gave me your entire body? HMM? "

"Yes... " Xia Jinqi nodded in a daze. She didn't think that she had said anything wrong, but the next second, she saw the malicious smile on Yan Jun's lips and the fire jumping in his black eyes!

"No, I didn't mean that. You... don't misunderstand! " She hurriedly explained, but it seemed like it was too late ? ?

A single spark could set a prairie ablaze!

With his well-defined fingers, he gently untied the belt around her waist. He leaned over and whispered in her ear, "you should make it up to me."

"make up for what?" Xia Jinqi's blood was boiling because of him. Her brain was hot and her eyes were blurry.

Of course, it was to make up for him forcefully suppressing the anger in his heart and not mentioning her deception to him.

However, Yan Jun didn't say any more of these words. He lowered his head and bit down on her collarbone in a moderate manner.

Little Fox, you even hid it from me.

"Hiss..." Xia Jinqi gasped in pain.

She wanted to ask if he was born in the year of the dog and loved to bite people!

However, when the words were about to reach her mouth, she obediently swallowed them.

She was afraid that once he got angry, he would really eat her up. What then?

Yan Jun listened to her gasp and quickly loosened his teeth. He turned around and gently kissed the small piece of skin that he had bitten just now.

His hands were not idle either. He easily reached under her skirt.

It was warm and tight, like heaven.

He could not care about anything else. He directly carried her horizontally and walked to the big bed.

Xia Jinqi instinctively closed her eyes. Her face was red, and she was extremely embarrassed.

However, he refused to let her go. "Look at me."

"..." Xia Jinqi opened her eyes in a daze. She only took one look at his naked body before hurriedly closing them again!

Even though it was not the first time, but... .. She still did not dare to look !!

Seeing that she closed her eyes and refused to open them again, Yan Jun didn't hesitate anymore. He lowered his body slightly and sent her in.

"En!"

"Ah..."

The two of them grunted. Xia Jinqi's face scrunched up in pain.

His heart ached when he saw her, and he leaned forward to kiss her lips.

The last moment arrived, and it was still as bright and beautiful as before.

He pulled her into his embrace and let out a light sigh.

He planned to continue pretending that he never knew about the leader's matter.

In the end, he couldn't bear to.

He couldn't bear to be angry at her, and he couldn't bear to say anything harsh to her... ..

..

Fang Shaoan carried his clothes. He was so sleepy that he could only return to his room with his eyes half-closed.

When he pushed open the door, he realized that someone had unknowingly stood inside the room.

Fang Shaoan was so frightened that he immediately shivered. He was no longer sleepy in an instant, and he was full of energy!

He narrowed his eyes and looked over. In the darkness, he saw that person's back was facing him. The neon lights outside the window perfectly outlined her hot figure.

It was a woman?

Moreover, the woman was holding a cigarette in her hand.

The scarlet cigarette butt was ethereal in the darkness, and it was exceptionally dazzling.

This back view, this posture... ..

Fang Shaoan frowned slightly. Obviously, he had already recognized who this woman who appeared in his hotel room in the middle of the night was.

"What are you doing here?" His voice was cold, and it was rarely indifferent.

The woman had obviously heard the sound of the door opening early in the morning.

She deliberately wanted him to speak first, just to hear his tone again... ..

Now that she heard it, she could completely give up.

She turned around and looked back at him.

"Shaoan."

It was Julie.
