

## Trick Me 1811

### Chapter 1811: For Love, choose to put it down

No matter what, Xia Tianjiao being willing to appear here was the best help for Xia Jinqi.

Otherwise, she could completely hide and not appear for the rest of her life. Xia Jinqi would be under suspicion for the rest of her life.

As for why she was willing to appear... ..

Xia Tianjiao took a deep breath and took the tissue from Xia Jinqi's hand. She wiped the tears from the corner of her eyes and finally felt relieved. "fourth sister, let's go home. "

After saying this, she took the initiative to reach out and pull Xia Jinqi's hand.

Xia Jinqi didn't expect this.

She was stunned for a moment. She looked at Xia Tianjiao's gentle eyes and then looked at the warmth on the back of her hand. For a moment, she didn't know what to do... ..

In all these years, her second sister had never held her hand like this, not to mention that she wanted to go home with her?

Xia Tianjiao held her hand and walked to the car that they had been waiting for a long time.

A group of reporters surrounded them. "Hurry up and take two more pictures! The two sisters of the Xia family are very close. Who says they can't be close? ! "

For a moment, the sound of shutter clicking could be heard all around them.

Yan Jun watched as Xia Jinqi, who was slightly stunned, got into the car. Then, he turned to look at Qu Yang, who was standing beside him. "Well done. "

"It's my honor to be able to share the chairman's worries. " A smile gradually appeared on Qu Yang's face. Under the sunlight, there was an indescribable sense of truth and happiness.

His words were not flattering, but he really wanted to do something for Yan Jun from the bottom of his heart.

After nodding slightly, Yan Jun also brought him into the car.

Even though the luxurious Lincoln was big enough for four people, it did not feel crowded at all.

Ever since they got into the car, Xia Tianjiao had never let go of Xia Jinqi's hand. They had no choice but to sit next to each other.

Xia Jinqi was not used to it. Ever since she was sensible, her second sister had never been so intimate with her... ..

But even so, she knew that her second sister was straightforward and did not have any shrewdness. If she liked it, she liked it. If she did not like it, she did not like it.

In the past, she was instigated by her eldest sister with a few words, but now... ..

Xia Jinqi couldn't see any scheming or scheming in her eyes.

She didn't know whether to take her hand back or not... ..

She subconsciously looked up at the man sitting opposite her, only to see that he was sitting elegantly with his legs crossed. His gaze was also looking at her.

Their eyes met, and she used her gaze to ask him for help... ..

Yan Jun seemed to have noticed her unnaturalness and awkwardness, but he didn't say anything. Instead, he nodded at her impatiently, indicating for her to wait and see.

Xia Jinqi, "... "she could only helplessly take her gaze back.

Qu Yang, who was at the side, didn't say anything. He took in the interaction between the husband and wife.

Xia Tianjiao, who had created this unusual atmosphere, had finally sorted out her emotions. In the end, she wiped the corners of her eyes before mustering up the courage to look at Xia Jinqi. "fourth sister, I. . . What happened in the past was my fault. Can You forgive me? "

This sudden apology was like a delayed East Wind, slowly caressing Xia Jinqi's heart... ..

What was the definition?

A person who had once bullied her now sincerely apologized to her.

Should she forgive her, ignore her, or... .. Double Her hatred ? ?

Xia Jinqi chose to forgive.

For nothing else but for Xia Jitian and Hong Xianglin.

One was the father who gave birth to her.

The other was the mother who raised her.

Some people were born with love and hate, but she was willing to choose to let it go for love.

Everything in the past seemed to have become less important.

### **Chapter 1812: the happiest one**

Xia Jinqi smiled in relief. "Let's not talk about that anymore. Second Sister, where have you been all this time? "

"I... " Xia Tianjiao wanted to say something, but she stopped herself and carefully glanced at Qu Yang. She choked back the words she was prepared to say and said, "I've been near Rao city, but I didn't come back to look for you guys. "

Xia Jinqi saw her small actions and also took the opportunity to glance at Qu Yang. She had more or less guessed something, so she didn't continue to ask.

Thinking about it, it was also because outsiders were present. There were some things that she wasn't willing to say.

She would find an opportunity in private to ask again.

"Then does mom and dad know that you're still alive?" Xia Jinqi changed the topic.

Xia Tianjiao shook her head, and then suddenly frowned. "Third brother knows. He probably didn't tell mom and dad..."

As soon as she said this, Xia Jinqi's gaze changed. "Third Brother knows?" He actually didn't tell her?

Moreover, the news of framing her for murder had spread all over the place, and third brother actually didn't come out to clarify it? ? ?

Xia Jinqi was now holding in a breath of air. She could neither go up nor down!

This brother had previously said that he would help her, but in the end, something really happened, yet he was so indifferent?

Was He really her brother? ! !

Seeing Xia Jinqi's expression, Yan Jun furrowed his brows slightly, and his gaze became profound.

Xia Tianjiao did not see anything. She only smiled bitterly. "I missed home too, so I went back to take a look. Who knew that he would find out. However... He has never liked me, so I guess he did not take this matter to heart."

After this trip, Xia Tianjiao seemed to have grown up a lot and understood people's hearts.

Xia Jinqi looked at her changes and sighed in her heart. What exactly happened in the past year that could make a person change so drastically?

After a short conversation, Yan Jun picked up a call. It seemed that he had something important to deal with. Xia Jinqi wanted to follow him, but he asked Qu Yang to send her and Xia Tianjiao back to the Xia family.

Before he left, he said to her, "don't make yourself feel wronged. I'll pick you up tonight."

"Okay." Xia Jinqi nodded obediently and watched him leave.

She probably guessed that he wanted her to resolve the estrangement between the Xia family and herself.

Back then, because of Xia Tianjiao's matter, Hong Xianglin almost tore off the roof of the Xia family's house. If it wasn't for Xia Jitian suppressing her, perhaps... ..

When she thought of this, Xia Jinqi's heart tightened again.

At that time, she didn't think much of it. Now that she thought about it carefully, she realized her father's difficulties.

Both of them were his biological daughters, and one of them was gone. He had to endure the pain of dying while he comforted Hong Xianglin.

Moreover, he had never questioned himself about this matter... ..

While she was in a daze, the second sister next to her said, "Xiao Qi, you should be the happiest one among US siblings. "

Her tone was filled with envy.

Xia Jinqi was stunned. Was She?

"eldest sister is still in prison, so there's no need to talk about me. I'm just a living dead person. Third Brother had a promising career, but he destroyed him in the end, " Xia Tianjiao muttered, her eyes somewhat empty.

However, a moment later, she looked at Xia Jinqi. "And you, you're indulging yourself. You have a husband who loves you so much by your side. "

"..."Xia Jinqi frowned slightly, as if she had a bad premonition.

In the past, when she heard this kind of opening speech, she would immediately ask why she had everything while she had nothing. Then, she would start cursing and start a war of the century.

However, Xia Tianjiao laughed as she spoke.

### **Chapter 1813: After I will treat you well**

"In the past, I didn't understand why. Later, I slowly learned that among US siblings, you may not be the most ambitious, but you are the kindest.

"You don't fight or snatch. Even if I bullied you and mom ignored you, you didn't take revenge on us. "Big sister said you were weak. Even my best friend said you were weak and incompetent. You are a soft persimmon that anyone can pinch. "In the past, I thought so too.

"But now that I think about it, sometimes it's really a blessing to be at a disadvantage.

It's not that you're weak, it's just that you don't hold it against us...?. ."

Said a lot of words in one breath, every sentence is Xia Tianjiao's heartfelt words.

When I was a child, I didn't understand a lot of things. I only knew how to be extreme. When I saw someone I didn't like, I just wanted to die.

In fact, grow up to look back, only then know their own ignorance, too radical.

No one can blame her for what she did to herself.

Xia Jinqi quietly listening to the second sister of the story, and then go back to think of their past once, as if a lifetime.

When she was young, her father did not dote on her, her Mother did not love her, and her brothers and sisters often teased her.

She had made a fuss and cried, but it was all useless.

Her mother still did not look at her, and her father was still too busy to go home.

As time passed, she knew that she could only live quietly. Only then would she have a good life.

Did she hate him?

Did she resent him?

She should have at that time. She also thought that she would never go back for the rest of her life.

However, as time passed, everything changed.

Even her second sister's character changed. She was smoothed out by the secular world.

"It's normal that you don't like me. After all, I'm only your half-sister." Xia Jinqi's lips curled up slightly as she said indifferently.

"We grew up together. Can't we compare to the other half of the bloodline?" Xia Tianjiao replied without thinking. She took the opportunity to shake Xia Jinqi's hand "When I was young, I wasn't a qualified elder sister. In the future, I'll treat you well. "

Xia Jinqi smiled and nodded. She wasn't particularly excited.

After all, they had been estranged for so many years. She wouldn't be able to accept it so quickly if they suddenly became friendly and put on a show of sisterhood.

The car stopped at the entrance of the Xia family home.

The news that Xia Tianjiao was still alive had spread to the entire Rao city through the reporters'gossip.

The Xia family was no exception. The whole family had been waiting at the entrance for a long time.

Especially when she saw Xia Tianjiao get out of the car, Hong Xianglin rushed over almost immediately. She hugged Xia Tianjiao in her arms and cried, "my daughter! You're still alive! You're really still alive! ! "

"Mom..." Xia Tianjiao's tears fell like rain. She could barely speak.

Xia Jitian's eyes were red as he pulled the mother and daughter into his arms. "It's good that you're back. It's good that you're back..." "

Who wouldn't be touched when their daughter, who they thought had died a long time ago, suddenly returned one day?

Xia Jinqi silently retreated to the side. She didn't disturb the three of them. Instead, she glanced sideways at Xia Chuanxu, who didn't look happy or surprised at all.

Looking at him like this, it was indeed as Xia Tianjiao said. He must have known long ago, right?

Thinking of the injustice she had suffered these past few days, Xia Jinqi took two steps towards her good third brother and smiled brightly at him. "third brother, you don't seem surprised at all? Could it be that you already knew that second sister was still alive? "

### **Chapter 1814 sadly accused her**

Her voice was not soft, and she even deliberately raised it a lot.

The moment her voice fell, Xia Jitian and Hong Xianglin, who were originally crying snot and tears, turned their heads at the same time and looked at Xia Chuanxu.

"You knew your sister was still alive? " Xia Jitian asked first.

Hong Xianglin also scolded impatiently, "why didn't you tell us! YOU BASTARD! "

"..."Xia Chuanxu was bombarded. He turned to look at Xia Jinqi, but the latter had already put on a smiling face, as if it was none of his business.

In just a short while, Hong Xianglin took his silence as a tacit agreement. "You're really worried about me and your father! " She immediately raised her hand and fiercely hit Xia Chuanxu's arm. "PA! "

This voice was especially clear and crisp. One could tell how ruthless the attack was.

Hong Xianglin was really angry. Whenever she thought of her daughter who had passed away prematurely, she would wash her face with tears every day. In the end, her son still hid it from her?

He really deserved to be hit!

Xia Jinqi watched from the side and nodded with a smile. He really deserved to be hit!

"Mom! " Xia chuanxu resentfully hugged his arm that had been broken through, his handsome face embarrassed.

He was already so old, yet he was still beaten by his mother at the door of his house If this were to spread, what would happen?

Although Xia Jitian did not like his son's way of doing things, he still wanted to save face. He did not start a fight at the door, and quickly dragged the children home.

In the living room, Hong Xianglin asked Xia Jinqi the same questions Xia Tianjiao had asked Xia Tianjiao. Xia Tianjiao still answered perfunctorily, and with a few casual words, she brushed off her own experiences over the years Then, she began to clarify the conflicts between Xia Jinqi and herself.

When she reached the end, she even took the initiative to ease the relationship between Hong Xianglin and Xia Jinqi "Mom, I was obsessed back then and wanted to harm Xiao Qi. Now that I know my mistake, I will treat Xiao Qi even better and make up for my past mistakes. Don't blame Xiao Qi. Our family must live together in harmony. "

In fact, even without Xia Tianjiao's words, Hong Xianglin didn't plan to Ostracize Xia Jinqi too much.

After all, she raised her daughter by herself. Although she wasn't related by blood, but... She had watched Xia Jinqi for so many years. In addition, Yan Jun was like the sun in the sky now. Even on this point, she wouldn't hold Xia Jinqi's hand ...

Now that she heard her precious daughter say this, she knew that she had wronged Xia Jinqi. She raised her eyes to look for the figure of her little daughter who had never been doted on by her since she was young. However, after looking around, she didn't see anyone.

"where is she?" She wiped her eyes, thinking that she had cried too much and her eyes weren't working properly.

"She didn't come in," Xia Jitian replied. After saying that, he felt that it wasn't enough, so he added, "she's in the courtyard with her third brother."

"..."Hong Xianglin was silent for a moment. Even if Xia Jitian didn't say something, she would know it.

That girl probably knew that she wasn't her biological child. In addition, they hadn't gotten along well for so many years, so she was avoiding her.

The living room suddenly became quiet, and the atmosphere became awkward.

In comparison, the courtyard outside was much more relaxed.

Xia Jinqi was still leisurely admiring the blooming plum blossoms, completely ignoring whether there was a gaze that could kill staring at her from behind.

"You did it on purpose just now!" Third Brother was holding his arm and accusing her sadly.

He completely lost his usual calm and self-control, and instead became a little flustered and exasperated.

### **Chapter 1815 is about to happen, yet you're acting like a cowardly turtle**

Xia Jinqi had never seen her third brother so angry out of humiliation. The discomfort in her heart instantly dissipated.

She turned her head in amusement and conveniently exposed his crimes. "What about you, third brother? You clearly know that second sister is still alive. Seeing that I'm being reviled by the entire city, why didn't you come out and help me?"

"..."Xia Chuanxu's breath was stuck in his chest, but he knew that he was in the wrong, so he could only swallow his anger.

Seeing that he didn't speak, Xia Jinqi continued, "it seems like third brother is also a person who doesn't mean what he says. Back then, he said that he would help me, but when it really came to it, you became a coward."

Her tone wasn't good, but it wasn't particularly bad either.

Speaking of which, Xia Chuanxu and Xia Tianjiao were the true siblings of the same mother, and she was, after all, an outsider... ..

Xia Chuanxu finally managed to catch his breath when he heard Xia Jinqi speak like this. When he saw the desolate look on her face, he immediately frowned. "IF I step out to settle this matter, do you think second sister will still be able to come out? "

Xia Jinqi remained silent, but her face still did not look too good.

"Even if I say a thousand words or ten thousand words, it's still not as good as the person in question stepping out personally. " Xia Chuanxu's face immediately fell as he spoke "Back then, I said that you were my sister for one day and my sister for the rest of your life. "The reason why I didn't say anything about second sister's matter was that I wasn't willing to care about her trivial matters at all. "Moreover, Tan Zhuqing had already dealt with your matter in a cold manner. I didn't think that Wang Xuerong would dare to form a party with Zhao Xiong for personal gain and even build a case. "

Xia Chuanxu knew about Tan Zhuqing's visit to the house some time ago.

After a period of time, the storm had indeed passed, but who knew that Zhao Xiong would look for Wang Xuerong?

He probably missed his son so much that he was about to go crazy. He was prepared to fight to the death.

Xia Jinqi blinked. "then you won't tell me? "

Even if she didn't have to stand in front of the public, she should at least know, right?

Hearing this, Xia chuanxu rubbed his nose. His expression was a little awkward. "Who told you not to come home to visit after such a long time? "

He originally wanted to wait for Xia Jinqi to come home before telling her about this.

During this period of time, her phone had been switched off, and he couldn't find her.

Who would have thought that after such a long time, she hadn't returned even once... ..

Xia Jinqi raised her eyebrows. "So, this is actually my fault? "

She thought about it carefully. It seemed to be the same logic as what Xia Chuanxu said, but she still felt that something was strange?

Without waiting for Xia Jinqi to think it through carefully, Xia Chuanxu said, "Alright fourth sister, in short, I'll tell you the truth. Out of the four of US brothers and sisters, I value you the most, and the one with the deepest feelings is you. Brother would never do anything to hurt you. "

"You used to say the same thing. " Xia Jinqi mercilessly exposed him. Even though she didn't really believe him, she didn't continue to probe further. She only said, "second sister rarely comes back. Why don't you go in and take a look? "

Unexpectedly, Xia Chuanxu waved his hand. "I'm not interested. "

Xia Jinqi, "..."

Actually, she wanted Xia Chuanxu to enter the house and then leave quietly.

But since he didn't go in, she could only bid him farewell before leaving. "It's getting late. I should go back too."

After saying that, he turned around and was about to leave, but he was stopped by Xia Chuanxu. "What's the rush? Let's have dinner together before we talk."

"It's okay. I just came out of the hospital. I still have to go back and see Xiao puff." Xia Jinqi bypassed him and quickened her pace.

**Chapter 1816: it's been hard on you to make a living by my side all these years. '**

She had no choice but to return to this family, but she didn't know how to face it.

"fourth sister..." Xia Chuanxu still wanted to keep her, but Xia Jinqi didn't stop.

Until Hong Xianglin's voice came from behind. "Xiao Qi, why are you leaving so soon after coming back?"

"

Xia Jinqi froze on the spot.

She didn't expect that Hong Xianglin would come out... ..

And she didn't expect that she would stop her... ..

Xia Chuanxu looked back and saw that his mother had come over. He thought that she was going to say something unpleasant to his fourth sister again, so he advised her, "mom, fourth sister still has something to do, why don't..."

"Your father is looking for you, why don't you hurry in?" Hong Xianglin glared at him, obviously still angry at him.

Xia Chuanxu coughed softly and took one last look at Xia Jinqi before turning to leave.

When he was far away, Hong Xianglin sighed softly and looked at Xia Jinqi. "Talk to me."

She had watched this girl grow up since she was young.

It was a pity... Sigh ...

Today was the rare good weather in Rao city since winter.

Xia Jinqi could not leave. She and Hong Xianglin sat side by side on a bench in the courtyard, one on the left and one on the right. The distance between them was very wide. At first glance, one would think that they were two strangers.

In front of them was a rockery that was not considered large.

Xia Jinqi was staring at the newly grown moss on the rockery in a daze... ..

Hong Xianglin looked sideways at her. She wanted to say something, but she could not find a topic to talk about. After hesitating for a while, she said, "it's been hard on you to make a living by my side all these years. "

"..."Xia Jinqi didn't answer, but the Moss in front of her didn't look good either. In an instant, she seemed to have fallen into another world, and her eyes became empty.

"Ever since I was pregnant with my fourth child, your father often didn't come home. "It's not easy for him to come back, and the way he looked at me started to become strange. "until you were born. You were so small, but you could already tell. Your facial features were especially delicate and pretty. At that time, I knew that when this child grew up, she would definitely be a beautiful woman. She's different from my other two daughters," Hong Xianglin continued She had never said these things to Xia Jinqi. However, today was the right time. It seemed like there were many things that she should say.

"after that, your father took you away from me. After that, he completely gave up on this family. I had no choice but to blame everything on you for the postpartum depression. I hated your father, but at the same time, I also hated you... "

Those days were very difficult to endure.

She was already old and frail. After giving birth to four children in a row, her body was no longer the same as before. Her skin began to relax, and the corners of her eyes actually started to wrinkle... ..

Not to mention that she found out that Xia Jitian was out with a bar girl. She was furious and started to quarrel with Xia Jitian. They even got a divorce.

But what happened in the end?

Her parents did not allow her to get a divorce because it would affect the fate of the family.

Xia Jitian would not get a divorce because it would affect his career.

How could she bear to have the remaining four children who needed to be fed?

In the end, she could only endure it. All the pain and tears were swallowed into her stomach.

The pain and hatred that had accumulated over the years finally exploded one day.

On the day that Xia Jitian returned after taking Xia Jinqi out alone for a period of time, she saw Xia Jitian holding her daughter in his arms so carefully. She actually transferred all her hatred.. All of it onto her little daughter.

### **Chapter 1817 is that I misunderstood you**

It was all because of the birth of this child that everything changed... ..

"every time I reprimanded you, I would secretly hide and cry. I don't know why I became like this. After a long time, I became addicted. "

Xia Jinqi quietly listened to everything. She looked up at the blue sky and saw white clouds floating one after another. She thought that this way, the tears in her eyes would not fall.

However, the grievances she suffered when she was young could not be suppressed no matter how hard she thought about it.

“later on, when I found out that you were that woman’s daughter, I was even more furious that your father actually did such a thing behind my back. In addition, when I found out that your second sister was gone, i... “

Hong Xianglin could not continue the rest of her sentence.

At that time, she only had hatred in her heart. Now that she thought about it, even she did not know how she could have done such a thing?

After a moment of silence, she continued, “your second sister has already told me that what happened back then was not your fault. It was all her fault. Xiao Qi, I misunderstood you. “

Xia Jinqi shook her head and held back her tears. She slowly said, “although you are not my biological mother, I still remember that you raised me and fed me well. You never mistreated me. “

At the end of the day, Hong Xianglin was also a victim.

How sad would she be when she found out that she had raised a child on behalf of her rival for no reason?

Xia Jinqi had long wanted to let go of the past. Hong Xianglin was not the only one who was wrong.

All the grievances she had suffered in the past could be considered as repayment for Hong Xianglin’s years of nurturing!

“Now that second sister has returned, I can finally clear my name. “ The smile on her face did not diminish. She was finally willing to look back at Hong Xianglin. “thank you for raising me. “

Hong Xianglin felt guilty when she heard this. She had raised this child, but other than that, she had never fulfilled her responsibility as a mother.

“Have you... gone to look for your mother? “Hong Xianglin sighed and still asked ...

“Yes. “ Xia Jinqi continued to smile. It was as bright and beautiful as the Spring Sun. “when she gave birth to me, she died in childbirth on the operating table. She left the hope of life to me. “

At the mention of this, Xia Jinqi’s heart was no longer sad, no longer sad.

She had already understood her mother’s intentions. She would live happily for her!

Her heart was filled with so much love. She could no longer contain her hatred and anger.

“Good Child. “ Hong Xianglin pulled Xia Jinqi’s hand and looked at her with tears in her eyes. “This will always be your home. You can come back whenever you want. If you want, you can call me mom. “

During this period of time, the Xia family had been in a lot of turmoil. Xia Jitian had been blowing wind beside Hong Xianglin every day. As time passed, Hong Xianglin’s heart softened.

After all, she was the one who had hugged, kissed, and raised the children... ..

Now, their family didn't ask for anything else. They only hoped that the children would be well and that no one in the family would be left out.

Xia Jinqi was slightly surprised, but she immediately smiled and nodded. "Yes, mom. "

Hong Xianglin was just about to be happy when Xia Jitian, who had waited for a long time without making a move, came out to look for them. "What are you two talking about here? Aren't you coming back after dinner? "

"Dad. " Xia Jinqi smiled and stood up. She looked at Hong Xianglin as well. "Mom and I are having a heart-to-heart talk. "

"Yeah! Can't we have a private chat between women? " Hong Xianglin also stood up and held Xia Jinqi's hand tightly.

### **Chapter 1818 was much happier**

This was the first time Xia Jitian had seen such a situation. For a moment, he was choked with sobs and could not speak. "You... this... "

"Dad... " Xia Jinqi walked to his side and held his hand. Before she could say anything, Hong Xianglin said, "you two can chat. I'll go in and get the kitchen to cook two more dishes. Tonight, we'll have a good meal together as a family. "

After she left, Xia Jinqi asked, "dad, why did mom suddenly change her attitude towards me? "

Xia Jitian turned around to look at her with a gratified smile on his face. "Did your mom give in? "

"Yes. She apologized to me. " Xia Jinqi nodded. Recalling everything that happened just now, she felt as if she was still in a dream. "She also said that as long as I wanted to, I could still call her mom. "

"That's good, that's good... " Xia Jitian patted his daughter's hand and smiled. "When you're old, it's easy for your heart to soften. In addition, your second sister is also back. What else does she have to complain about? "

Xia Jitian naturally wouldn't say. During the time he was back home, he accompanied Hong Xianglin to do this and that every day. When he coaxed her to be happy, he would say a few good words about Xia Jinqi.

The hatred and scars in Hong Xianglin's heart were slowly healed, and many things were slowly put down.

The reason why she accepted Xia Jinqi was firstly for their family, and secondly for Xia Jitian.

Of course, there was also another reason. She also wanted to take this opportunity to make up for her past mistakes.

When Xia Jinqi heard this, she nodded and didn't ask any more questions.

She looked up at the sky and suddenly felt that the sky today was really beautiful... ..

The father and daughter took a few steps forward. When Xia Jitian saw that his youngest daughter was in a good mood, he talked about another matter. "In our family, the only thing that's missing is your eldest sister. "

"Big sister? " Only then did Xia Jinqi remember that she hadn't seen that troublesome big sister of hers for a long time... ..

"Yes... " Xia Jitian nodded He continued, "after the incident with Lu Yiming, she has been locked up in prison. If Yan Jun doesn't say anything, no one will dare to let her out. Little Qi, for the sake of your mother and I, can you tell Yan Jun to let your big sister go? "

Since Hong Xianglin was willing to accept Xia Jinqi, then Xia Jitian also wanted to do her a favor and get his own daughter out at the same time.

After all, it was good for the family to be reunited. He couldn't just watch his eldest daughter suffer and watch her die, right?

Xia Jinqi thought for a moment before she cried out in shock, "eldest sister isn't out yet? "

She thought that she was just going to lock her up for a few days to teach her a lesson!

Xia Jitian's old face was about to be torn apart. He could only cough lightly. "Not yet. "

" ... " Xia Jinqi roughly understood and immediately said, "Don't worry, Dad. I'll tell Yan Jun when I get back. "

"Okay, okay. " Xia Jitian nodded repeatedly. Finally, another major event had happened.

This evening, the summer home that had been deserted for many days became lively again.

The knot in the heart was lifted, and everyone got along with each other happily.

Xia Jinqi is also immersed in laughter, silently looking at his family.

Second elder sister changed a lot of quiet, less words, three elder brothers but suddenly more words up, occasionally will also liven up the atmosphere.

Mother no longer on their eyebrows cold, even help themselves to pick up the food, let themselves eat more.

Father is still a little serious, but the eyes are a lot softer, often be three elder brother's words tease laugh.

And she... ..

Changed from a reserved silence to a smile, and was much happier.

**Chapter 1819 did not want her to marry**

Time could really change everything.

She could not help but think of her small family. It had been a long time since they had been reunited like this... ..

When she turned to look out of the window, it was already dark.

Where was her Yu Han at this moment?

Was she full? Did she wear warm clothes? Did she miss home. ...

A little later, Yan Jun would have arrived.

Xia Jinqi followed him home. On the way home, she talked about the Xia family's matters with a smile on her face.

Yan Jun's gaze was always gentle as he looked at her. He knew that she had finally let go of the knot in her heart that had been in her heart for many years. She had also gotten a good result with the Xia family. He was sincerely happy for her.

After she finished talking about her own matters, Xia Jinqi asked him again, "where did you go in the afternoon? Have you had dinner? "

"I had dinner with Huo Ting. " Yan Jun pulled her into his arms and said faintly.

Xia Jinqi leaned on his shoulder and asked Lazily, "what did you talk about? "

Yan Jun gently stroked her soft hair. After thinking for a moment, he said, "the Su family fell out with him, and Su Xiangxiang's reputation was ruined. He is now in a dilemma. "

" ... " Xia Jinqi was shocked. She quickly straightened her body and looked at him. "How did this happen? "

Yan Jun had expected her to have such a reaction, so he said faintly, "Su Chuang changed his mind. He wants to monopolize the military power and doesn't want to rely on the Huo family anymore. Of course, grandfather huo wouldn't agree. The two families didn't reach an agreement, and the marriage fell apart. "

Previously, the Su family was happy about this marriage because the huo family was the first in the military region, and the Su family had to rely on them.

However, now that the dynasty had changed, Su Chuang felt that this was an opportunity. He wanted to turn the tables and fight for it.

Therefore, even if Su Xiangxiang and Huo Ting had gotten pregnant out of wedlock, the Su family didn't care at all.

Xia Jinqi thought about it carefully and figured out the powerful relationship between them.

She sighed and returned to his arms. "The one who was hurt the most is probably Xiangxiang... the one who wanted her to marry was from the Su family, and the one who doesn't want her to marry now is from the Su family. "

At this moment, Yan Jun's mind was not thinking about this simple love affair.

The turmoil in the military district was not a good thing for him.

Xia Jinqi murmured and looked up at the side of Yan Jun's face. "What about you? Who Do you want to make the chief? "

Hearing this, Yan Jun came back to his senses.

He lowered his eyes and looked at her for a moment. Instead of answering, he asked, "do you agree with Huo Ting? "

The question he asked despite knowing the answer.

Xia Jinqi did not hide the truth and answered directly, "the Huo family has achieved military merits for generations and can convince the public. As for the SU family... Xiang Xiang's two older brothers are both talented people, but their foundations are still not as solid as the huo family's. "

"That's true. " Yan Jun's eyes revealed admiration and his thin lips curled up slightly.

"Then why did you let the two families compete? " Xia Jinqi looked at him from outside and her eyes were filled with suspicion. "Aren't you the one who directly gave the order for the Military District's appointment? "

The president had the right to do so, but for some reason, Yan Jun did not make a move and did not express his position.

Yan Jun gently stroked her back, his smile unfathomable. "There's no rush. "

Huo Ting was naturally decided internally.

Su Chuang wanted to shake the huo family's foundation with his own strength, which was no different from hitting a rock with an egg.

The reason why Yan Jun was so calm was to see how much real talent huo ting had. It would be better if he did not talk about the past on paper.

He was in the middle and did not help anyone. He gave Su Chuang a chance and did not disappoint the Huo family.

Xia Jinqi looked at his strategy and suddenly understood something. She scolded him jokingly, "Old Fox, just sit back and watch the Tigers fight! "

## **Chapter 1820. A lovely wife in your arms**

Yan Jun looked at her with a smile in his eyes. "Madam Fox, you flatter me. "

Xia Jinqi smiled and leaned into his arms. After a long while, she finally got down to business. "There's one more thing I need to trouble Mr. Fox with! "

"What is it? " Yan Jun raised his eyebrows.

“It’s been so long since my big sister’s matter. Can You let her out?” Xia Jinqi softened her tone as she nestled beside him and said softly.

With a lovely wife in his arms, how could Yan Jun Refuse?

He immediately nodded. “Okay. “

Xia Jinqi was surprised. She didn’t expect him to agree so readily... .. “aren’t you going to ask me why I’m thinking of her? “

“naturally, it’s related to the Xia family. ” Yan Jun didn’t need to think too deeply. Xia Jinqi happily left the Xia family. It was obvious that they were reconciling. If Xia Mingzhu was mentioned at this time, it was obvious that it was Xia Jitian or Hong Xianglin who brought it up.

And this was also the reason why Yan Jun didn’t let Xia Mingzhu out.

One day, the Xia family wouldn’t be able to hold back and beg him or Xia Jinqi. They would owe him this favor and fall into his trap.

Yan Jun naturally would not tell Xia Jinqi what he was thinking about. He just wanted to see her happy.

Even if she could live happily in the Yan family, the Xia family would always be a thorn in her heart.

Now that they could reconcile, it was the best outcome.

Xia Jinqi might never know about all of this. Just like how she was worried about him, she would not tell him about the things she had planned.

The two of them were silently working hard for each other.

Perhaps, this was the best kind of love... ..

The previous topic ended. The two of them quietly huddled together. No one said anything more, but they both looked depressed.

After talking about so many things, no one mentioned Yu Han.

It wasn’t because they didn’t want to, but because they were afraid that the other party would worry about it.

Xia Jinqi deliberately didn’t ask if Yan Jun had any news about Yu Han recently because she was afraid that he would blame himself even more.

And Yan Jun didn’t say anything because there was no news... .. When she mentioned it, she was afraid that she would feel sad ...

No one would want something like this to happen... ..

..

The heavy night sky hung over Qingxin Garden.

When they got out of the car, Yan Jun specially explained to Xia Jinqi, “the Yan family is still under renovation. We will be staying at Qingxin Garden for the time being so that we can accompany grandma.”

“Sure.” Xia Jinqi hurriedly nodded. It just so happened that she liked the scenery of this place.

Yan Jun smiled as he held her hand and walked into the courtyard. After taking a few steps, Ji Xinyu came out of the courtyard. When she saw Xia Jinqi, she immediately happily pulled her into the house and said that Xiao puff was looking for her.

Yan Jun was left alone. He smiled as he looked at his mother and daughter-in-law who were walking away quickly.

It was rare for his mother to like Ah Jin so much... ..

He shook his head helplessly. Just as he was about to follow her, he heard the sound of a baby crying from behind him.

“Wah! ! “

It was loud and clear, and... .. It sounded a little familiar ...

He didn’t know where the thought came from, so he didn’t think too much about it. He turned around and walked in the direction of the sound.

As he walked closer, he heard a conversation.

“Why is this child crying again? He has been crying a lot these past two days!” A woman said.

“Is he not full? There was some milk earlier, but now there’s nothing left!” The person who answered was a man.

“This... what should we do? Should we go buy some milk powder for him?” The woman suggested ...

The man seemed to be silent for a moment before he said hesitantly, “but how can we buy milk powder? “
