

Trick Me 1821

Chapter 1821 whose child is this?

The woman seemed to be in a dilemma. Just as she was at a loss on what to do, the man said again, "why don't we wean him? He's not young anymore. "

"This..." The woman looked at the child in her arms hesitantly. She did not know how old the child was, even though he looked like he was almost a year old?

But this was after all a child entrusted to her by someone else. She could not neglect it... ..

Yu Han was nestled in her wife's arms. He was already crying until he was hoarse. He had no strength left and could only sob. His small face was also red. He was extremely pitiful.

Yan Jun followed the sound and saw a young couple. Before he could go up to ask, the Butler walked over and scolded the two severely, "what's wrong with you two? Why are you in the front yard? What if you disturb the old madam? "

The young couple turned around only then. When they saw that it was the butler, they immediately lowered their heads in fear.

"Butler Wu, we're going back now. We're going back now..." Liu Juan hurriedly apologized and pulled the man beside her to bend down.

Genzi nodded as well. "The child was too noisy. We brought him out for a walk. We're going back now. "

As they spoke, the couple turned around and was about to leave.

They had just arrived and did not understand many of the rules. They did not even know that they had collided with each other. Now that they were reprimanded by the Butler, they felt a little awkward.

However, before they could take a step forward, they were stopped by another deep voice. "Wait. "

The couple stiffened. They thought that they were going to be punished, and their expressions instantly turned even uglier than pig liver.

Butler Wu turned around and took a look. He immediately lowered his body and said anxiously, "young master, did I disturb you? "

Yan Jun did not answer this irrelevant question. His pair of sharp black eyes were locked on Liu Juan's body. Or rather, it was locked on the child in her arms.

Previously, Yu Han's little quilt had been dirtied, so Liu Juan had changed it for him. Although it looked old and not as warm, at least it was washed very cleanly.

Liu Juan hugged him tightly and could not see the child's face clearly. However, it made Yan Jun inexplicably have a good impression of him.

"whose child is it? " He suddenly asked.

Liu Juan and Genzi looked at each other, and both of them were silent for a moment.

Before coming, Liu Juan had told her aunt that she would bring her four children with her.

At that time, her aunt had also asked her when she had given birth to another child, so she could only say that recently... ..

She couldn't say that the child in her arms came for no reason, right?

The long family was a big family. If they knew that they had a child of unknown origin, they would definitely not let them come in to work. Therefore, before they came, the husband and wife had already discussed it and told the public that the child was theirs.

Therefore, Liu Juan did not think too much and said directly, "young master, this is my family's child. Just now, because he was hungry, he cried twice... "

The little uncertain hope in Yan Jun's heart was instantly destroyed, and his face was somewhat gloomy.

Butler Wu was a person who knew how to read people's expressions. He immediately waved his hand to dismiss the two people. "Why aren't you going down? You're disturbing young master's peace and quiet! "

"Yes, yes, yes..." Liu Juan immediately wanted to leave, afraid that if she stayed a little longer, there would be trouble.

This time, Yan Jun did not open his mouth to stop them. He only thought of his son who was lost somewhere and felt pity for him. "Buy some milk powder and send it to them. "

Butler Wu was stunned at first, but fortunately, he quickly recovered and nodded. "Yes, young master. "

Liu Juan and Genzi did not expect the young master of this rich family to be so kind. They also thanked him. "thank you, young master. Thank you, young master... "

Chapter 1822 was unwilling to sleep separately

However, Yan Jun did not look at them anymore and turned around to leave.

When he was far away, Liu Juan lifted the handkerchief that covered Yu Han's small face. She was so happy that she wept. "Good Baby, you will have something to eat soon! "

"..."Yu Han snorted twice. He was so sleepy that he was in a daze and was about to fall asleep.

Butler Wu also walked over at this time. "Be careful. Don't come to the front yard if you have nothing to do in the future. This time, you ran into young master. If you offend the old madam, you will be guilty of a big crime. "

"Wu housekeeper rest assured, we go back now." Root Son hurriedly took his daughter-in-law, hurried to the backyard, and soon disappeared in the misty night.

—

When Yan Jun returned to the room, Xia Jinqi was playing with a stuffed toy in her hand, making Xiao puff, who was crawling on the bed, happy.

The little fellow's hand had not yet touched the plush toy. He turned his head and saw Yan Jun who had just entered the door. He shouted crisply, "Daddy! Daddy! "

The little girl's voice was particularly pleasant to listen to. Yan Jun's lips naturally brought out a smile, and his footsteps quickened a little. He scooped Xiao puff into his arms and kissed her heavily. "Do you Miss Daddy? "

"ITCHY! " Xiao puff giggled and answered clumsily.

Xia Jinqi, who was listening by the side, almost laughed out loud. She corrected her, "I want... not itchy. "

"ITCHY! " Xiao puff imitated Xia Jinqi's last syllable. She didn't know if what she said was right, but it was just fun.

Xia Jinqi knew that she was teasing her, so she simply tickled her and said with a smile, "itchy, Itchy, itchy! "

The little guy laughed and dodged. The whole room was filled with laughter. "GIGGLE, GIGGLE, giggle! "

After a short while, Xia Jinqi coaxed Xiao puff to sleep.

The CRIB was placed in the couple's bedroom. When Ji Xinyu made the arrangements, she thought that the two of them would miss the baby, so she didn't want to sleep separately.

While Xia Jinqi went to take a shower, Yan Jun opened the email in his notebook and read it one by one.

Before he came back, he asked Wen Tao to scan the documents that needed to be processed and send them to his email.

This way, he could accompany his wife and daughter without delaying work.

However, he didn't want Xia Jinqi to be worried, so he could only work while she was away.

However, before he could read a few documents, Wang Mang's call came in.

"Second Young Master, I've been following Lu Yiming. He didn't go to find Zhao Chongbin. Instead, he followed sister-in-law all the way and is now guarding outside Qingxin Garden. "

" ... " Yan Jun's dark eyes darkened. He withdrew his thoughts from the email and said slowly, "wait a little longer. "

Lu Yiming would give up sooner or later if he couldn't wait for bi Yue. It all depended on when he would rekindle his fighting spirit and go to find Zhao Chongbin.

After so many things, Lu Yiming was already a dead man in Yan Jun's eyes.

But before he died, he still had to make the most of his usefulness... ..

Wang Mang heard this and said, "So far, there's no news of Zhao Chongbin, but Wang Xuerong has locked Zhao Xiong up and said that he wants to sue him for falsely accusing him. "

Yan Jun smiled coldly, "it's just a ploy to make him suffer. "

The incident in the afternoon had caused a commotion. The various media outlets had seen it clearly. If Wang Xuerong did not do this, he would be the first to be targeted by the disciplinary committee.

On the other hand, this Zhao Xiong, who had not succeeded in stealing the chicken, was probably feeling bad?

"Tell Li Kun to ban the Zhao pharmaceutical industry. Recall all the drugs and seal them all up. " Yan Jun opened his mouth coldly, and a cold light flashed in his pitch-black eyes.

Chapter 1823: you are very strong You are very good!

Wang Mang knew that Yan Jun was going to cut off all of Zhao Xiong's sources of income by doing this.

However, this was also good. Without money, many things could not be done.

"then why don't we freeze all of his funds at the same time? After all, the reconstruction of the disaster area is not a small sum of money, so we can confiscate it. " Wang Mang suggested secretly.

Yan Jun suddenly could not help but laugh. "His brain works pretty fast. "

"That's right. I have been by second young master's side for so many years, but I haven't learned much wisdom. I have learned a lot of little tricks! " Wang Mang was praised and immediately became complacent.

However, as soon as he finished speaking, he sensed that something was wrong. Before Yan Jun could get angry, he quickly hung up the phone. "AHEM! Second Young Master, rest early! "

Yan Jun's face was dark. Just as he was about to flare up, the sound of footsteps came from outside the door.

He didn't care much about it anymore. He hurriedly closed the email page and casually opened a news page, pretending to browse through it.

Xia Jinqi had just taken a shower. She was wearing a moon-white bathrobe, and her hair was still wet. As she walked in, she wiped it with a towel.

As soon as she entered the door, she saw Yan Jun sitting in front of the computer. She instinctively frowned. "You're still working at this time of night? "

"No," she blatantly lied. "Look at the news. "

Xia Jinqi walked over doubtfully and took the opportunity to glance at the computer screen. Her action of wiping her hair suddenly stopped... ..

[man's kidney is weak — how to have a good sex life?]

A few large words appeared before her eyes.

Xia Jinqi would never have thought that Yan Jun was actually looking at this? ? ?

Yan Jun saw that her actions were stiff, and his brows raised slightly. "What's wrong? "

Then, he followed her line of sight to look... ..

At this time, Xia Jinqi asked him again, "did you hurt your body these past two days? Do you want me to accompany you to the hospital tomorrow to take a look? "

Yan Jun's face turned completely black.

When did this damn web advertisement pop up! !

Fortunately, it happened at this moment!

It was useless to say more. He could only use his actions to prove his body!

Immediately, he carried the woman beside him in his arms and strode to the bedside!

Xia Jinqi was shocked by his sudden action. When she came back to her senses, she was already placed on the big bed.

She looked up and saw the man in front of her quickly unbuttoning his shirt and pressing it down on her face... ..

"Wait, wait... " she was stunned for a moment, quickly reached out to push him, "Xiao puff is here, we... "

Before he could finish, his mouth was gagged, his hands were held high above his head, his robe was untied, and his chest was cool... ..

"Uh... " between breaths, she said with difficulty, "you... is not... kidney deficiency? "

"..."like a fishbone in the throat, the kiss overwhelming the fall!

Looks like he's GonNa have to get his MOJO back tonight!

Xia Jinqi still didn't know what was wrong with him. She only felt that he was much wilder and more impatient than before... .. As if he was proving something ? ?

It had been too long since they were together, but her body seemed to still remember him. It didn't take long for her body to react.

She didn't have the mood to think about anything else, so she could only follow his ups and downs... ..

That night, the entire night Xia Jinqi had never fallen asleep Because a certain someone had never planned to stop!

Until she couldn't take it anymore and began to beg for mercy... ..

"I'm so tired... I want to sleep... "

"..."she didn't say anything and continued to work hard.

“Sob, SOB, sob, sob, please let me go... I’m about to die... “

“...”HMPH, put more strength into it.

The cycle continued until dawn, when Xia Jinqi finally opened her eyes.

“You... your kidneys aren’t weak at all! You... you’re very strong! You’re great! “

Chapter 1824: Three Women

Xia Jinqi wanted to cry but no tears came out. He was the one who was watching... ..

But at least he didn’t continue. She also fell asleep in a daze.

Only then did Yan Jun finally stop. He pulled her into his arms again, tucked her in, and whispered softly, “Ah Jin, my Ah Jin... “

One voice after another, affectionate and affectionate.

There was nothing more reassuring than her being in his arms.

“...”

When Xia Jinqi woke up again, it was almost noon.

The other side of the big bed was empty, and the crib next to it was also empty.

Yan Jun left early in the morning. When he left, he carried Xiao Puff, who had just woken up, out and let the nanny take care of her.

After Xia Jinqi washed up, she happened to have lunch with long Qingxin and Ji Xinyu when she went out.

It was a rare opportunity for these three generations of mother-in-law and daughter-in-law to get together.

Xia Jinqi casually glanced at the dining table and couldn’t help but exclaim in admiration.

Grandma’s life was really exquisite... ..

The ASPARAGUS blanched in white water was verdant and dripping. Then, it was poured with a meticulously prepared sauce. It was fresh and refreshing.

The Dongpo Meat was bright red in color and had a rich and mellow taste. It was served on a hand-made bamboo mat. Small pieces of green leaves and Bauhinia Flowers were placed around it, complementing each other.

The Lotus roots in her yard were stuffed with glutinous rice. It was cooked until it was fragrant, soft, and smooth. It was especially delicious.

It was a home-style stir-fried meat with green peppers. The fragrance assailed her nose.

There was also perch soup in the middle. It wasn't much, but it was meticulously prepared. It could be said to be the best.

Every time she came to grandma's place, she would be able to enjoy the food... ..

Just by looking at it, Xia Jinqi already felt her appetite increase greatly!

As soon as she ate, Long Qingxin, who was sitting upright above, asked, "where are Sheng 'er and Jun 'er? They are not here? "

"They said that they have an appointment outside and will only come back in the evening," Ji Xinyu answered.

Xia Jinqi also said, "the city hall is pressing for it. They should be able to come back in the evening... "

Long Qingxin listened to the two people's answers and was silent for a moment. Then, she sighed faintly. "I wonder how many more reunion meals we can have. "

There was a sense of vicissitudes in her tone. There was even a hint of regret and reluctance.

Xia Jinqi scooped two bowls of fish soup. When she handed it to long Qingxin, she could not help but glance at her. Only then did she realize that grandmother had actually become much more haggard after not seeing her for so many days.

The wrinkles on her face had increased by quite a bit, and the light in her eyes had also dimmed. She was no longer as bright and spirited as before.

"Don't worry, grandmother. They should be able to come back at night," Xia Jinqi said. Then, she handed another bowl of fish soup to Ji Xinyu.

Ji Xinyu smiled at Xia Jinqi and turned to look at Long Qingxin. "If mom misses them, feel free to ask them to come back. Otherwise, they'll be out every day and never come home! "

It was fine if it was Yan Jun, but he was about to become the president, so it was normal for him to be busy.

But this Yan Sheng... .. Who knew what he was doing recently. He kept finding excuses to go out, and even Ji Xinyu didn't know what he was doing ...

Long Qingxin took a sip of the fish soup and frowned slightly. "Why isn't there any taste? This chef is getting more and more careless! "

Xia Jinqi happened to be drinking the fish soup as well. The taste was just right and it was fresh, tender, and smooth. However, when she heard what her grandmother said, she felt that it was a little strange.

However, Ji Xinyu seemed to know everything. She followed long Qingxin's words and said, "it is indeed a little bland. MOM, try this glutinous rice root. "

"This is not bad!" Long Qingxin showed her face and let Xia Jinqi eat it again. "Jinqi, eat more. Look at how thin you are! "

Chapter 1825: it's too late to regret!

Xia Jinqi subconsciously touched her chin, recalling Yan Jun's muttering last night, [why are you so skinny?]

Her face flushed red, and she hurriedly nodded and ate a few more mouthfuls.

After lunch, Long Qingxin went to take an afternoon nap, while Ji Xinyu pulled Xia Jinqi to bask in the sun in the courtyard.

Beside her, a nanny was learning how to walk with Xiao Puff, who had been particularly curious recently.

This was the first time the little one had experienced the happiness of being able to walk and go wherever she wanted to go. She was learning with Gusto!

"This child grows so fast! Look at our Xiao puff, she can almost walk!" Ji Xinyu praised. She was surrounded by her own granddaughters. The more she looked at them, the more she liked them!

"Yeah..." Xia Jinqi looked at Xiao puff's clumsy but energetic little body and smiled. Then, she thought of something and her expression turned a little lonely.

Ji Xinyu probably guessed that she was thinking about Yu Han, but she didn't want to see her worry too much, so she changed the topic "Your grandmother... She's been a lot more confused and irritable recently. She doesn't remember much anymore. She often forgets things the next second after she finished talking about them. "

Xia Jinqi recalled that long Qingxin couldn't taste the salt, and her eyes darkened. "From what I see, grandmother seems to have aged a lot. "

"Yeah, she's getting old. Recently, she suddenly said that she wants to ride a horse and has cleared out the horse farm at the back. She'll send the pony in in the next two days. If you're interested, you can go and take a look first. " Ji Xinyu mentioned the family matters at the same time Now that Xia Jinqi was back, she was also the daughter-in-law of the Yan family, so she should know something. "But don't let your grandmother ride a horse alone. With her body... I've seen a doctor before. He said that it'll probably be in the next month or two. "

At the end of her sentence, Ji Xinyu reached out to wipe the tears from the corner of her eyes. She was a little choked up.

Xia Jinqi was suddenly stunned.

She felt that something was wrong with her grandmother, but she had never thought that it was just about one or two months?

"could it be a mistake? Grandmother has always been in good health. When she ate just now, her appetite..." Xia Jinqi wanted to say that grandmother's appetite had always been good But when the words were about to reach her mouth, she remembered that grandmother seemed to have only drunk two mouthfuls of fish soup and eaten a few mouthfuls of food in the afternoon. She was completely different from before.

Her heart skipped a beat.

Ji Xinyu knew what Xia Jinqi had thought of. She sighed and said, "I haven't told AH Sheng and Jun 'er about this yet. They are all busy..."

The last time Ji Xinyu brought Xiao puff to the hospital, she had wanted to tell Yan Jun about it. However, when she saw his haggard face at that time, she couldn't bear to see it.

"No matter how busy I am, I CAN'T IGNORE GRANDMA!" Xia Jinqi was a little excited. Her grandparents always left as they wished. Now that long Qingxin was in such a situation, if anything were to happen to her, it would be too late to regret it in the future!

Ji Xinyu was still hesitating at first, but after hearing Xia Jinqi's words, she finally had an idea. "Tell Them?"

"Yes!" Xia Jinqi nodded, and then asked, "you just said that grandma wants to ride a horse? Is the newly selected pony taken care of?"

"Yes. These two days, we've recruited some more people. They're all reliable and live behind the horse farm." This matter was personally handled by Ji Xinyu, so she could be considered to know everything.

She had been married to the Yan family for so many years. Although she had not met long Qingxin's mother-in-law for many days, Long Qingxin had always been very good to her.

Now that she knew that long Qingxin's last wish was to ride a horse again, she would naturally spare no effort to do it well.

Chapter 1826, gift

Xia Jinqi nodded. She was just about to bring Xiao puff to the horse farm to take a look. After all, if a new pony came, it would make Xiao puff happy.

However, before she could bring up this idea, someone came in from outside and reported, "Young Madam, your cousin is here."

"COUSIN?" Xia Jinqi was a little surprised. "He came alone?"

"Yes. He is waiting for you in the living room."

Before Xia Jinqi could answer, Ji Xinyu smiled and said, "you go ahead. I will bring Xiao puff for a while."

"Okay." Xia Jinqi nodded and walked towards the living room.

It had been a long time since she had seen her cousin!

Xia Jinqi walked excitedly, but she changed the meeting place halfway. She went straight to the Horse Farm.

Not long after, the housekeeper brought Ji Yunjing, who was dressed in a gray coat, to the horse farm.

At that time, Xia Jinqi was outside the stable, curiously looking at the two ponies inside.

Ji Yunjing walked over and first followed Xia Jinqi's line of sight before eating. "Xiao Qi, we haven't seen each other for such a long time. Why didn't you say to welcome us? You even let a horse steal our attention!"

“wrong! It’s two horses!” Xia Jinqi turned around with a smile. She wouldn’t say it because she heard Ji Xinyu say that there was a pony here. She couldn’t resist the urge and wanted to take a look first, so she decided to invite him here.

Ji Yunjing shook his head helplessly and looked at Xia Jinqi with disappointment. “If that’s the case, you can continue to look at the horses. I’m leaving first!”

As he said that, he really turned around and walked in the direction he came from.

Xia Jinqi became anxious. She quickly grabbed his hand and fawned over him. “Good cousin, I’m just playing with you!”

Only then did Ji Yunjing stop. The corners of his lips had already curled up into a proud smile. The hand that had been hidden behind his back all this time was finally brought to the front. With his palm facing upwards, he handed a small white box to Xia Jinqi. “Here, take it.”

“What’s this?” Xia Jinqi looked at the box that was tied with a coffee-colored bow. She smiled instinctively. “A gift?”

“Open it and see!” Ji Yunjing smiled mysteriously.

Only then did Xia Jinqi follow his instructions and open it. She discovered that there was a key lying inside.

There was nothing different about the key. It looked ordinary.

“This...” she looked up at Ji Yunjing in confusion.

“Keep it first. I will tell you when the time is right.” Ji Yunjing didn’t say it directly. Instead, he kept her in suspense.

Xia Jinqi almost rolled her eyes. However, she thought that this was her cousin’s intention, so she happily accepted it. “Well, thank you, cousin!”

Ji Yunjing nodded and saw Xia Jinqi put away the key with her own eyes. Then, she put it down and looked around. “I didn’t expect the long family’s backyard to have such a big horse farm?”

“Yes, grandma likes to ride horses,” Xia Jinqi replied and asked, “What about GRANDPA JI? How is he doing recently?”

“He’s in Macau, which is our family’s territory. Don’t worry,” Ji Yunjing reassured Xia Jinqi.

He didn’t come here for GRANDPA, but... .. It was also related to the Ji family ...

After the siblings walked around the horse farm for a while, Ji Yunjing said, “Little Qi, you know that the Su family and the huo family have become enemies, right?”

“Yes, I know.” Xia Jinqi nodded. Yan Jun had also told her about this, but she didn’t expect her cousin to be interested in it. “What’s wrong?”

Chapter 1827 suppresses him!

“This Su Chuang wants to make a contribution and suppress the huo family. Originally, it was also the Su family’s business, but now, they have already bullied us.” Speaking up to this point, Ji Yunjing’s face darkened.

Xia Jinqi was stunned. She didn’t quite understand what he meant. “bullied us?”

Seeing her surprise, Ji Yunjing knew that she probably didn’t know anything.

After hesitating for a moment, he said, “Su Chuang wants to uproot our family and take credit from Yan Jun.”

“...” Xia Jinqi raised her eyebrows and stopped in her tracks. She turned to look at Ji Yunjing and Ji Yunjing. “How are we going to uproot them?”

“Of course he can’t do anything about a legitimate company, but it’s the black organization behind Lego. Several of Master Chang’s subordinates have been sealed, and Su Chuang has chased them all over Rao city to hide.” Ji Yunjing rubbed her forehead She didn’t expect such a turn of events.

The fastest way for Su Chuang to compete with the HUO family was to produce results in a short period of time.

There was no war to fight now, and the disaster areas in the city had been cleaned up by Yan Jun overnight. Now, the only thing left was the underworld behind Lego.

Taking them down in one fell swoop would not only stabilize their own power, but also stimulate the huo family and make Yan Jun happy.

Unfortunately, Su Chuang did not know about the relationship between Yan Jun and the leader of Lego...
...

Xia Jinqi was also a little depressed. “He wants to show off, so he’s using our family as a sacrifice?”

He was really stepping on the bones of others to climb up!

“We have to see if he has the ability to do that!” Ji Yunjing snorted, and the light in his eyes turned cold.

It was not that he had never lived a life where he was at the edge of a knife. Since Su Chuang wanted to force it, he was naturally not afraid!

But... After all, Su Chuang was in the light, and he was in the dark. He had to take into account the relationship between Xia Jinqi and Yan Jun, so he could not be too extreme, so he did not dare to make a big fuss ...

After weighing the pros and cons, he could only come to Xia Jinqi to discuss it.

Sure enough, before he opened his mouth to speak, Xia Jinqi seemed to have an idea... ..

“cousin, don’t be anxious. Perhaps... We don’t need to do anything about this.” Xia Jinqi smiled brightly, and her bright eyes flashed with a cunning light ...

“Hmm? What’s the good idea?” Ji Yunjing asked.

Xia Jinqi continued to smile. "Su Chuang wants to take credit for us, but there's still one person who won't agree. "

Ji Yunjing frowned and thought for a moment, then asked tentatively, "Huo Ting? "

"Yes! " Xia Jinqi clapped her hands and said excitedly, "let's help Huo Ting get to the top! SUPPRESS HIM! "

" ... " Ji Yunjing thought about it, but her tightly knitted brows still didn't relax. "A solution is a solution, but... "

Before she could finish, Ji Yunjing looked at her cousin with a strange expression. "Don't tell me you want to help Huo Ting? "

"Hehe... I've been seen through. " Xia Jinqi wrinkled her nose and smiled cutely. "As the saying goes, the enemy of an enemy is a friend! Moreover, Huo Ting has a deep relationship with our family! "

Ji Yunjing also knew that this was indeed the reason.

The Huo family and their family had a deep relationship. Huo Ting's rise in power would naturally protect them.

But... "How do you plan to help Huo Ting? "

"well... I still have to think about it. " Xia Jinqi narrowed her eyes and said unhappily ...

Previously, Yan Jun had said that he wanted to see which of the two families was more capable.

He didn't know if he would be angry if she interfered in the dark... ...

Chapter 1828: I will never betray you

Looks like I have to find an opportunity to talk to him.

Ji Yunjing heard this and knew that since Xia Jinqi had said so, she must have her own considerations. However, there were some things that he still had to say first.

"Xiao Qi, before I came, Grandfather told me repeatedly that I must talk to you about Yan Jun. "

"okay, go ahead. " Xia Jinqi came back to her senses and did not reject anything. When she looked up, she just happened to see someone leading a horse on a stroll not far away.

The horse farm wasn't particularly big, but it wasn't small either. Walking in it, one's field of vision was also much wider.

Ji Yunjing then slowly spoke "With the current situation, Yan Jun becoming the president is already a foregone conclusion. "But your identity... "You also know that our family has a legally operated company, but there are also dark forces that can not be seen in the light "If it weren't for these forces, our family wouldn't have gotten to where we are today. "

"I know. "

“But it’s also this dark side. In the future, if you are framed by a villain, it will be a big trouble for you and Yan Jun,” Ji Yunjing said slowly “GRANDPA means that you’ll make the decision. Should I cut off this part of the dark forces or keep it “But no matter what you decide, you’ll always be the person in charge of the Ji family. Don’t try to blame it on me. After all, I’m not from the same family. No one will be convinced by me. “

“...”the corner of Xia Jinqi’s eyes twitched. It turned out that he was trying to shut her up.

He actually didn’t want an identity that others couldn’t even ask for... ..

Xia Jinqi really wanted to sigh and ask her why her cousin couldn’t be like the Yan family, fighting for everything?

If that was the case, she would definitely give everything of the Ji family to him!

It was really... .. different lives for different people ...

Rubbing her forehead, Xia Jinqi thought for a long time and finally thought of a compromise.

But... .. She felt a little shameless ...

She turned her eyes and quietly looked at Ji Yunjing for a long time, but she couldn’t say it out loud.

Ji Yunjing naturally noticed her gaze and the dilemma she was in.

He was looking at a horse galloping in the distance, and suddenly opened his mouth calmly “I have an idea. You Take Care of the Front Company. Leave the power behind to me. The two are separate and independent, but they are essentially one family. If you can’t manage it, I’ll manage it for you. “

Xia Jinqi stopped again and looked at Ji Yunjing in surprise.

In fact, the idea that she had just thought of was similar to what he had said.

She wanted to be a figurehead in power and leave everything else to him, including power and wealth.

But he... ..

Ji Yunjing looked back at Xia Jinqi’s stunned look and thought that she was worried. He said, “don’t worry. You and I are brother and sister. I’ll never betray you and surpass you. I’ve said it before. You’re in the light, I’m in the dark. I’ll be your shadow. “

At that time, the wind blew gently on the horse farm, reflecting the Winter Sun. Xia Jinqi’s heart felt an indescribable warmth... ..

She looked at Ji Yunjing, her eyes red and red. She was so touched that she wanted to cry, but she tried hard to hold it back.

“cousin... ” why are you doing this?

Xia Jinqi didn’t say the rest of her words because she was choked with sobs. She almost burst into tears.

Although she and Ji Yunjing were relatives, because one was from the same family and the other was a branch family, no one knew how many bloodlines were the same.

In addition, they had never grown up together, and they only met each other in the past two years. After they met, they didn't spend much time together... ..

Chapter 1829, are you angry?

However, every time she was with Ji Yunjing, she felt that they grew up together and that they were related by blood.

Whether it was the casino in Macau or now, he always thought of her.

He gave her the bright ones and the positive ones.

He accepted the dark ones and the negative ones.

How could she repay him?

Ji Yunjing saw the tears in Xia Jinqi's eyes and smiled faintly. "Don't cry. If people see you, they'll think that I'm bullying you! especially that husband of yours. It'd be weird if he didn't rush back and punch me! "

It was rare to hear her cousin joking in such a tone. Xia Jinqi burst into laughter at his teasing. "He's been very busy recently. How could he come back so soon? "

"That's true. Rao City's matter is enough for him. " Ji Yunjing finally became serious. She nodded and spoke of Huo Ting again "Huo Ting hasn't been doing much recently. He's been cooped up at home for a few days and I haven't been able to see him. Why don't you find some time to visit him? "

"I'll find some time to visit him," Xia Jinqi said and changed the topic. She said seriously, "cousin, I want to hand over our family's business to you. Right now... Yu Han hasn't been found yet. I can't be distracted. "

Bi Yue's matter had been resolved. Her priority now was to find Yu Han.

Ji Yunjing's eyes darkened. He knew about Yu Han.

"Find Yu Han first. I'll take care of Lego for you. Nothing will be delayed. " He brushed her off and didn't want Xia Jinqi to refuse again. "Also, you have to find a place to Hide for Master Chang Qi. "

"Master Chang Qi has nowhere to go? " Xia Jinqi was a little confused. No matter what, Master Chang Qi had a force and was second to none in Lego. Why did he have nowhere to hide now?

Speaking of this, Ji Yunjing reached out and pinched the space between her eyebrows. She was quite tired. "This naughty boy was upset that he was screwed over a few times. In the middle of the night, he brought someone to poke Su Chuang's nest. In the end, he entered the wrong room and saw Su Chuang's woman bathing... "

Xia Jinqi blinked and her eyes were filled with excitement. "then... "

She had heard a little about Su Chuang having a woman by his side.

“someone sneaked into the house in the middle of the night, and his own woman was seen naked. Master Chang Qi even left unscathed. Do you think Su Chuang is angry?” Ji Yunjing ground her teeth in frustration.

“Angry!” Xia Jinqi nodded heavily. This wasn’t just anger, it was anger!

Ji Yunjing’s expression turned even uglier. “In addition, his old nest was almost destroyed by his former enemies, and no one dared to take him in. Lego didn’t even dare to return. “

Xia Jinqi expressed her understanding. When she looked into the distance, she saw the man who had been walking the horse turn around and walk towards them. A thought flashed through her mind.

“I seem to have found a good place for him... “

Ji Yunjing raised her eyebrows and looked back at her. Only then did she realize that she was staring at the person leading the Horse in front of her. Suddenly, she had an ominous premonition. “Don’t you know? “

Xia Jinqi retracted her gaze and looked at him “COUSIN IS REALLY SMART! Anyway, the stable here is still short of people, so we can take him in. I heard that Su Chuang has a good relationship with the long family, so naturally, he doesn’t dare to come here to look for people. However, I’m afraid that Master Chang Qi will recognize me. “

“It doesn’t matter if he recognizes me. His mouth is tight, and he doesn’t dare to say anything that could kill him.” Ji Yunjing laughed as he spoke.

He really didn’t know what the stubborn seventh master Chang would look like if he lived in this stable?

Chapter 1830 was a q version of Yan Jun.

Xia Jinqi also smiled. This was not a bad idea... .. She was truly thinking for Master Chang Qi ! !

The two of them walked around the Horse Farm and said a lot of things. When the sky darkened, they returned to the living room.

Not long after they left, a small head popped out from beside the stable where the two ponies were kept.

After looking around and making sure that no one was around, Dashu turned around and led Yu Han, who could already walk a few steps, out from behind the stable.

“Come, little brother, there are horses here!” DASHU’s voice was very low, probably because he was afraid of being seen by the adults and getting beaten up when he went back. But even so, he could not hide his excitement and excitement.

The ponies here were different from those in the countryside. They were snow-white, which was very rare.

Yu Han was wrapped in a black cotton suit, which made him look slightly bigger. It was probably an old suit that DASHU’s younger brother had worn, but it was washed extremely cleanly.

His little face was red from the cold, and his black eyes, which were exactly the same as Yan Jun's, were unusually calm.

Being held by DASHU's hand, he was still staggering and unsteady.

DASHU was very protective of him, afraid that he would be tired, so he bent down and picked him up again. "little brother, look! This horse is even taller than you! "

DASHU was only six or seven years old, only a little taller than the railing. He was even holding a one-year-old baby in his arms, and it was very strenuous for him.

This was the first time Yu Han had seen a horse, and his eyes could not help but reveal a hint of surprise. "Horse? "

He copied DASHU's words and repeated them. He was trying hard to construct his understanding of this word.

Dashu was surprised at Yu Han's cleverness. Moreover, he was able to enunciate every word clearly!

"THAT'S RIGHT! It's the horse! Little brother, you're really smart. You're much smarter than my second brother!" DASHU thought of his own younger brother. He was already over three years old, and he couldn't even say a single word!

In comparison, he liked this little brother in his arms even more!

He rarely cried and didn't pester anyone. Furthermore, he was very obedient and very smart!

That was why he always liked to bring this little brother out to play.

Yu Han glanced at the horse and suddenly felt that his body was a little wobbly. He turned around to look at his brother who was obviously struggling to carry him. He opened his small mouth and said, "let... "

Dashu frowned and instructed him, "you have to say it, brother. Put me down. "

"..."Yu Han was unwilling to speak.

Of course, he would say the word 'brother' .

After all, some time ago, Xiao puff had just learned a simple two-word combination. What father, mother, Grandfather, grandmother, or brother? She was calling him energetically. Whenever she had nothing to do, she would always say 'brother' . He had heard it many times.

But... ...

He just did not want to speak.

He probably knew that this person in front of him was not his real family... ...

DASHU was unwilling to accept this and tried to reason with him "You're older than little sister, so you're my third brother. In the future, you have to call me big brother, understand "after you came to our house, Father's fish increased, and we also entered the city. Mother said that you're our family's

lucky star, so big brother will treat you well. "In the future, I'll go to school, and when I grow up, I'll earn money to buy candy for you. "

Yu Han struggled slightly. It was clear that he was completely uninterested in these big truths.

DASHU was still unmoved, and continued to speak in a mischievous manner, "If you don't call me big brother, others will know that you're not my biological brother. At that time, our entire family will be kicked out... just call me big brother. "

Yu Han's eyes sank as he fell into deep thought. That conflicted old man was just like a small adult. When people saw him, they did not know whether to laugh or cry.

However, if someone who was familiar with Yan Jun saw him, they would definitely cry out in surprise. Wasn't this a q version of Yan Jun?
