

Trick Me 1831

Chapter 1831: what are the two of you doing? ! !

“If you don’t say it, I won’t let YOU DOWN!” Big Tree added.

Yu Han, “...”

In short, under big tree’s coercion and enticement, Yu Han was forced to compromise.

His small mouth moved a few times before he finally said, “brother...”

An extremely unwilling tone.

Big Tree was very happy when he heard it. “En!” He responded heavily before he let Yu Han’s soft little body down.

Just as his feet stepped on the ground, Yu Han turned around and moved closer to the two snow-white ponies. He had yet to fully understand this brand-new species!

After a few glances, a loud shout came from behind him. “What are you two doing? ! “

The voice was especially loud and ear-piercing.

Yu Han was just about to turn around to see who was shouting so loudly, but in the next second, his entire body was lifted up. There was even a sentence beside his ear. “It’s over! We’ve been discovered! RUN QUICKLY! “

The two little fellows who had been discovered immediately ran away... ..

At the same time, Yu Han, who was held in the arms of the big tree, glanced at the sky.

So... .. Why did he call him ‘big brother’ just now ? ?

He only stood there for a few seconds before he was picked up again.

...

That night, Ji Yunjing sent him over to Xia Jinqi.

He said that he would take advantage of the dark night and the high wind so that no one would notice him.

When Master Chang Qi entered the house, he used a black bag to cover his head... ..

Xia Jinqi glanced at the door and felt as if she had caught a criminal. However, she didn’t show her face and asked someone to send him to the Horse Farm.

If she wasn’t afraid of being found out, she really wanted to secretly follow master Chang Qi to see how he would react.

At night, when Yan Jun returned, Xia Jinqi told him about this matter.

“I let Chang Qiye go to the horse farm and also told grandmother and mother.” Xia Jinqi had asked grandmother’s permission before letting Chang Qiye come in.

This was Qingxin Garden after all, so she did not dare to be presumptuous.

Yan Jun had just showered and came out. He was wrapped in a light gray bathrobe and looked like an emperor.

When he heard Xia Jinqi talk about the cause and effect, he could not help but laugh. “To think that you can think of it.”

No matter what, Chang Qiye could be considered a formidable figure. Now that he had been sent to hide in the stable, who knew how he would feel?

“Who told him to be so reckless? He actually dared to barge into the SU family?” Xia Jinqi was both angry and amused. She really could not imagine that Chang Qiye, who was holding a machete in his hand, would barge into the house aggressively only to see his wife bathing... ..

That scene... .. Stung her eyes ...

Hearing this, Yan Jun instinctively frowned and looked at Xia Jinqi. “He broke into the SU family?”

Xia Jinqi nodded. She got up, took a towel, and walked over to help him dry his hair. At the same time, she told Yan Jun what Ji Yunjing had said to her in the afternoon.

This included Su Chuang’s intention to attack the Ji family, as well as her intention to help Huo Ting rise to the top.

“Do you... have any thoughts?” Xia Jinqi couldn’t figure out what Yan Jun was thinking, so she could only carefully probe him ...

Other things were fine, but this concerned Yan Jun’s future.

Yan Jun was silent for a long time. It was so long that Xia Jinqi thought he was going to be angry. Only then did he shake Xia Jinqi’s hand and pull her into his arms.

His pitch-black eyes locked tightly onto her beautiful face. “Are you afraid that I’ll be angry?”

Her final voice rose, as if something was trying its best to suppress her, but also as if it was extremely helpless.

Xia Jinqi couldn’t figure it out, nor could she say for sure. She could only nod her head.

After receiving her affirmative answer, Yan Jun fell silent.

Xia Jinqi saw that his face was gloomy, his brows were tightly furrowed, and he looked extremely distressed. She immediately leaned over and kissed the side of his face forcefully.

A loud sound was heard.

Chapter 1832: In he said that this was ‘hope’

Yan Jun paused for a moment, and his thoughts that had gone through a thousand twists and turns instantly became empty.

“Of course I’m afraid you’ll get angry! You’ve been worrying about me and Yu Han for so many days, and you’ve gotten sick again. What if you get angry again and something goes wrong?” Xia Jinqi said. She then stretched out her hand to wrap it around his neck and pressed her cheek against his as she sighed faintly. “I understand Huo Ting very well. He absolutely has no intention of disobeying me. Moreover, Grandfather Huo has been on good terms with you and my family for generations. If I make him submit to Su Chuang, how will he be able to stand it?”

Hearing this, Yan Jun finally came back to his senses.

The meaning of her words... Was not that there was a barrier between them, but that she was worried about his health. That was why she was afraid that he would be angry??

Realizing this, Yan Jun’s pitch-black eyes finally lit up with a smile.

In a great mood, he gently pecked her little mouth. “Who said that Su Chuang would be promoted?”

“Hmm?” Xia Jinqi raised her eyebrows and looked at him suspiciously. “Didn’t you say that you wanted to let the two families compete?”

“But after the competition, the appointment letter was still issued by me,” Yan Jun narrowed his eyes and said thoughtfully.

Xia Jinqi heard his slightly raised tone. She rolled her eyes and asked again, “then the Su family...”

She understood what Yan Jun meant. Huo Ting was decided internally, but since that was the case, why let Su Chuang waste his effort?

“Su Chuang is too selfish. I’ll take this opportunity to trim his wings.” Yan Jun’s gaze was like a hook, filled with the heroic spirit of strategizing. He then added, “didn’t he want to touch you? Let’s see if he has this fate.”

Xia Jinqi’s brows were still tightly locked when she heard the first half of the sentence, but when she heard the last part, she suddenly revealed a smile.

“If he really touches me, what will happen to you?” Out of curiosity, she asked.

However, it was just this sentence that made Yan Jun’s eyes darken. The malevolence all over his body suddenly surged out, filled with killing intent.

Before he could say anything, Xia Jinqi had already hugged him tightly. “promise me, don’t destroy yourself for me.”

Xia Jinqi was terrified when she recalled how he had dared to stand still in front of Bi Yue’s gun in order to force her to show herself.

Hearing this, Yan Jun withdrew his killing intent and patted her arm gently. “Don’t worry, I won’t let anyone hurt you again.”

Xia Jinqi nodded slightly and obediently nestled in his arms, listening to the steady and powerful heartbeat in his chest.

After a long time, she muttered, "I've used all the Ji family's forces, but there's still no news of Yu Han. "

Usually, Xia Jinqi rarely mentioned topics related to Yu Han, but tonight... .. She couldn't help it ...

Every night when it was quiet, she missed Yu Han especially.

Thinking of his young age, she didn't know where he had wandered off to... ..

Yan Jun's hand that was holding Xia Jinqi was obviously frozen for a moment.

"We'll find him. " His voice was very low and seemed to be trembling. "He's our son. He'll definitely be fine. "

Xia Jinqi nodded and did not say anything else.

The two of them hugged each other quietly for a while. Xia Jinqi suddenly saw something that looked like an envelope on the table and reached out to take it out of curiosity. "What's this? "

Yan Jun took the opportunity to look over and replied, "a child at the disaster area gave it to me. He said that this is 'hope' . "

At that time, Xia Jinqi had already opened the small paper bag and discovered that there was a pile of tiny seeds inside. She could not tell what kind of seeds it was, but... ..

She looked suspiciously at the man beside her. He didn't look like someone who would accept something like this.

Chapter 1833: Smashing your head against the wall

Perhaps it was because Yan Jun had seen through her thoughts, he fell into deep thought as well.

Indeed, even he did not know why he had made such an abnormal move at that time.

Now that he thought about it carefully, the reason was probably just... .. "at that time, I was moved by the word 'hope' . "

Xia Jinqi was choked with sobs in her heart. She tightened her grip on 'hope' again and said with a smile, "I was also moved. "

Yan Jun looked at her action and extended his hand as well, holding her hand in his palm.

The husband and wife looked at each other and smiled, holding this 'hope' tightly together.

"..."

Hope will never throw you away.

It's just that..."

You will lose your hope.

“...”

The next day, Xia Jinqi found a mug that wasn't used much. It was filled with soil and planted the seeds of 'hope'.

Even though it was winter.

But ever since she found out about the existence of these seeds last night, she couldn't hold it in anymore.

Fortunately, the temperature in the room wasn't low. Let's see if these 'hopes' would sprout.

Xiao puff had been watching from the side the entire time. Recently, she had become much livelier, and she especially liked to talk.

“Mommy...” she looked curiously at what Xia Jinqi put in the mug. She thought it was food, and she reached out to grab it with her mouth full. “Eat...”

Xia Jinqi burst out laughing. “YOU LITTLE FOODIE! This isn't food. This is 'hope' !”

“according to the king...” Xiao puff tried to copy her words, but it ended up not looking like anything.

“HOPE!” Xia Jinqi taught her as she placed the Mug on Yan Jun's desk.

“Wash the king...”

“HOPE!” Xia Jinqi smiled and picked her up. She pinched her cute little face and kissed her heavily.

“Mommy will take you to bask in the Sun.”

“HEHEHE!” Xiao puff laughed happily and took the initiative to hug Xia Jinqi's neck. Her big black gem-like eyes sparkled.

Recently, she had been able to see her daddy and mommy often!

While basking in the sun in the courtyard, a servant came to report on Master Chang Qi's situation.

“I've arranged a room that's neither big nor small for him. After he entered last night, he let out a few screams. Then, there seemed to be the sound of him hitting the wall. It stopped at midnight. The person who delivered the food this morning came back and said that he saw bruises on that person's forehead. He probably smashed his head against the wall last night... “...” . “...”

Xia Jinqi, “...”

He was indeed a formidable character.

“Ya Ya Ya...” Xiao puff was holding a green leaf in her hand and was playing with it vigorously.

Xia Jinqi wiped the corner of her mouth and said, “don't lack food or food, but don't give too much either.”

“Yes, Young Madam.” **novelB.1n**

After settling the matter with Master Chang Qi, Xia Jinqi had lunch at home and went to the Huo family again.

Ji Yunjing had sent a message, and Su Chuang had gotten someone to make some trouble for the Ji family.

This matter was urgent and needed to be dealt with as soon as possible.

In addition, she hadn't seen her Huo recently, so she didn't know how he was doing... ..

When Xia Jinqi arrived at the Huo family, the Huo family was closing their doors to welcome guests.

Looking at the deserted main door, Xia Jinqi thought she had come to the wrong place... ..

One had to know that in the past, Grandfather Huo was like the sun in the military district. There were many people who wanted to curry favor with him, and the people who came to visit him every day were able to break through the door's threshold!

But now, he didn't look like he was in a slump at all.

After getting someone to inform him, the Butler came out personally and politely invited Xia Jinqi in.

Grandfather Huo wasn't at home. He said that he was out on some business.

Huo Ting was.

Chapter 1834: why were you crying just now?

"Our young master hasn't left the House for a few days, and he doesn't eat much. No matter how we try to persuade him, it's useless." The housekeeper sighed and soon smiled again. "But it's better now that you're here, Miss Xia. Young Master must be very happy! "

Xia Jinqi often came to the Huo family to cause trouble when she was young. The housekeeper also knew that she and Huo Ting had a good relationship, so he had been used to calling her Miss Xia for so many years.

"How could this be?" Xia Jinqi raised her eyebrows, and her eyes were full of worry.

The Huo Ting she knew was not like this... ..

"It was all because of the Su family. At that time... Sigh." The housekeeper wanted to say something, but stopped herself. Thinking of her identity, she did not dare to talk about the matter of the owner. She only led Xia Jinqi to look for Huo Ting ...

Before she went, Xia Jinqi fantasized about what Huo Ting might have done while he was hiding at home... ..

She was so drunk that when she entered the house, there were empty wine bottles all over the floor.

She slept like a log, refusing to get out of bed no matter how much she screamed.

These were the two things he used to do when he was in a bad mood.

He remembered one time when he was taught a lesson by grandfather huo. He was so angry that he slept for three days and three nights without going downstairs. Grandfather Huo was so scared that he thought he was dead.

However, in fact, Xia Jinqi secretly brought roasted wings to visit him. The two of them hid in the room and ate chicken wings while playing games. They were having a lot of fun.

Thinking back to that time, Xia Jinqi couldn't help but smile.

So much so that when she pushed the door open and saw huo ting sitting in front of the table in a daze, she couldn't stop smiling... ..

"I thought you were hiding in your room eating chicken wings again!" Xia Jinqi casually said as she walked in.

After all, in her impression, Erhuo was the most heartless. He had made a lot of jokes when he was young.

But this time... ..

Huo Ting, who was in a daze, seemed to have been disturbed. The moment he raised his eyes to look at the door, the warmth in his eyes couldn't be controlled anymore and instantly slipped out.

When Xia Jinqi saw it, she immediately froze on the spot.

Huo Ting also noticed that he had lost his composure. He hurriedly wiped his face and took the initiative to greet her. "I was thinking of going to see you, but I didn't expect you to come over first. "

His voice was also strange and obviously a little hoarse.

Xia Jinqi didn't ask him directly. Instead, she walked over slowly. "I happen to be free today. I thought I hadn't seen you for a long time, so I came to see you. "

"Bi Yue's matter..." Huo Ting was a little hesitant and didn't know how to ask.

However, Xia Jinqi smiled and said, "it's all in the past. She won't appear again in the future. "

"That's good. " Huo Ting nodded. His mood seemed to have improved, and he finally revealed a smile.

"If others didn't know, they would have thought that you had a double personality! At that time, you gave me a fright. You didn't see how desperate Yan Jun was at that time! "

"Yes, I know..." Xia Jinqi smiled bitterly. She knew about this matter, which made Erhuo and Yan Jun worried.

Fortunately, she came back, and the result was good. This was more important than anything else.

After saying a few words about her matters, Xia Jinqi asked, "I heard from the housekeeper that you haven't eaten much these few days? What's wrong? "

"..."Huo Ting didn't answer, and the smile on his lips gradually disappeared.

"Just now, why did you cry?" Xia Jinqi thought for a moment and decided to ask.

If she wanted to cover it up and let the situation worsen, she might as well face him and defeat him!

Huo Ting still didn't say anything, but he handed a piece of paper to Xia Jinqi.

Obviously, there was an answer that Xia Jinqi wanted.

Chapter 1835: men and women getting married had nothing to do with each other

A thin piece of paper was held in Xia Jinqi's hand, but it was extremely heavy.

She read it word by word, and her eyebrows gradually furrowed.

After she finished reading it carefully, she raised her eyes and looked at Huo Ting.

"Did Xiangxiang give this to you personally?"

"Yes." Huo Ting nodded with a sorrowful expression. Perhaps even he himself did not realize it.

However, Xia Jinqi, who was an outsider, saw through everything.

Su Xiangxiang wrote in the letter that she wanted to say goodbye. No matter what the reason was, the two of them should never contact each other in the future. Men Getting married and women getting married had nothing to do with each other.

Just now, when Huo Ting was reading the letter, he cried... ..

Xia Jinqi could at least conclude that huo ting had su Xiangxiang in his heart, but she did not know why things had turned out this way.

"Do you like her?" After sorting out her thoughts, Xia Jinqi asked seriously.

Huo Ting was momentarily stunned. He did not expect Xia Jinqi to suddenly ask this question.

His instinctive reaction was to deny it, but when he opened his mouth, he felt that he could not say it...

...

The more so, the more conflicted he became.

The person he likes is the girl in front of him.

But how long has it been? How did he fall in love with someone else?

Could it be that he was always so easily moved?

But... ..

That night, GRANDPA personally visited the Su family, but was ridiculed. Not long after that, Su Xiangxiang sent such a letter. He read it word by word, but his heart seemed to be tightly gripped by someone, and it hurt badly.

After a long time, he let out a long sigh. "So what if I like it? Now the Su family and US..."

Xia Jinqi didn't let him finish his sentence, but when she heard that he was finally willing to admit that he liked her, she made a prompt decision. "If you like her, then go and get her back! "

"..."Huo Ting was stunned again.

"Xiang is a pretty good girl. If you miss her, you'll regret it for the rest of your life! " Xia Jinqi could see it clearly. The last time she saw Su Xiangxiang at the Yan family, she immediately felt that this girl was gentle, kind, and approachable.

After so many years, she had never seen huo ting cry for any girl. It seemed that this time, he really had a crush on her.

Huo Ting looked at Xia Jinqi's beaming face and suddenly didn't know what to say... ..

If this was in the past, if the girl had encouraged him to chase after another girl, he would definitely feel sad and sad.

But now, his heart didn't hurt at all, it was just... .. Very surprised ...

"Girl, you don't know the current situation of our two families. Either I die or he dies. Su Xiangxiang and I... It's impossible. " Huo Ting shook his head slightly, his tone full of bitterness ...

If he had known earlier, he would have agreed to get married in a straightforward manner. He wouldn't have had to deal with these troublesome matters later on.

Xia Jinqi naturally did not know the exact situation, but she probably knew it.

"Erhuo, I believe in you. You can definitely think of a way to get the best of both worlds. " Xia Jinqi cheered for him "there are still so many days to go in the future. Can you really leave Su Xiangxiang? When you think back to today after so many years, if you regret not fighting bravely, what should you do? "

Her words woke the person in the dream.

Huo Ting's pupils suddenly constricted, and his whole body suddenly turned cold.

Back then... .. This was how he had missed the girl ...

He had missed her, and now, many years later, he regretted it so much that he wished he were dead.

If he had been braver and earlier, perhaps everything would have been different.

Chapter 1836: don't do anything that you'll regret

And now, he once again allowed himself to stay where he was, not daring to move forward... ..

He really didn't know how to deal with matters of the heart.

But the only thing he could confirm was that this time, he didn't want to lose it again.

"You're right, girl. From the past until now, I've never fought bravely for it. "

A slightly sorrowful word flowed out from his lips.

Whether it was the girl or the freedom he wanted.

Grandfather Huo was an extremely powerful person.

Although he treated Xia Jinqi kindly and amiably, he was extremely strict with Huo Ting.

From the moment Huo Ting was born, he was destined to take over the huo family. He could not allow Huo Ting to resist.

Knowing that he could not refuse his fate, Huo Ting chose to accept it. At the same time, he also found many ways to vent.

Fighting at school, stopping the school beauty from delivering a love letter, who did not know the reputation of the young master of the Huo family back then?

Only in front of his servant girl would he be willing to restrain himself... ..

Xia Jinqi's heart slightly pained when she heard this, but she could only pretend that she did not see anything. She continued to say encouraging words, "if you fight for it now, it's still not too late. Erhuo, don't do something that will make you regret. "

These words completely pulled out the confused Huo Ting.

The corners of his lips curled up slightly. When he raised his eyes to look at Xia Jinqi, the light in his eyes had already become much brighter.

"I understand. "

He didn't expect that the person who would talk to him about Su Xiangxiang in the end would be the girl.

And the fact that he could discuss this with her in such a frank manner was enough to prove that his feelings for her had really been put down.

Only then would he be able to look for Su Xiangxiang with a clear conscience... ..

"seeing that you can pull yourself together again, I'm relieved. " Xia Jinqi smiled with relief. Then, she stood up and made a gesture to leave.

Huo Ting saw through her and hurriedly stood up to keep her. "You're leaving already? It's rare for you to come here. Do you want to have a meal together? "

"No. " Xia Jinqi slowly shook her head. There was sadness in her eyes. "I have to go back to Lego to see if there's any news about Yu Han. "

When Huo Ting heard this, he did not keep her. Instead, he frowned. "If you need my help, just let me know. "

He knew about Xiao Yuhan's matter back then, but he did not expect that Yan Jun and Xia Jinqi had used all their connections and still had not found the child.

“okay,” Xia Jinqi replied and then smiled. “Do I have to be polite with you? I’m leaving. “

With that, she left gracefully.

Just as she walked out of the door, the housekeeper came up to her with a troubled look on her face.

Xia Jinqi knew that he was worried about Er Huo, so she smiled and said, “go and prepare some food for him. “

People who hadn’t eaten much for a few days would probably eat and drink to their heart’s content once they came back to their senses.

The housekeeper was pleasantly surprised and asked hurriedly, “is young master alright? “

“He should be alright. ” Xia Jinqi nodded. When she left, Huo Ting was no longer as lost as before.

This trip of hers could be considered worth it.

However... ..

Before she left, Xia Jinqi turned her head again and looked meaningfully at the room where Huo Ting was.

She was absent-minded for a moment.

When she turned around to leave again, there was already a relieved and bright smile on her lips.

Perhaps, she was not as stupid as she looked on the surface and did not know anything.

Perhaps, she knew everything... .. For example, Huo Ting had treated her differently since she was young ...

However, there were some words that made it seem so hurtful.

Chapter 1837: Risk Everything and fight for this!

Perhaps this was the best way.

If he never said anything, he would pretend that it had never happened.

And she would always be his neighbor when he was young, a sister-like existence.

“...”

After Xia Jinqi left, Huo Ting suddenly felt enlightened and clear-headed.

In the past, he was at a loss, not knowing what kind of outcome was what he wanted.

Now, he already knew what he wanted, and... .. He planned to risk everything and fight for this ! !

Grandfather Huo had just returned from his trip, and before he could even warm his feet, he saw his grandson, who had given up on himself for a few days, rushing out of the door.

“Brat, where are you going? ! “

“I’m going to find you a granddaughter-in-law! “

“...”

As soon as Xia Jinqi got into the car after leaving the Huo residence, the driver said, “Young Madam, there’s a car following us from behind. “

Xia Jinqi instinctively frowned and glanced at the rearview mirror.

As expected, there was a black Santana parked not far behind.

“How long has it been?” Xia Jinqi asked.

“We’ve been following them since we left home, ” the driver replied.

At first, he didn’t pay much attention to it. It wasn’t until the car had followed them all the way here and refused to leave for such a long time that the driver was sure.

Xia Jinqi pondered for a moment and didn’t plan to take any action. “Don’t worry about it. Let’s go back first. “

“Yes. ” Only then did the driver start the car.

In fact, Xia Jinqi could roughly guess who the person following them was.

Yan Jun’s current identity was very subtle.

If she went out with a lot of bodyguards, she would let the scheming people frame Yan Jun for putting on airs.

Therefore, she came alone today. Previously, Li Jie was injured, and now he was still recuperating.

And the only person who dared to brazenly follow her in front of the Huo Family should be Lu Yiming.

As for why he was following her, Xia Jinqi couldn’t think of any reason other than Bi Yue.

She had originally planned to ignore him, but in the next second, Santana suddenly accelerated and stopped Xia Jinqi’s car at a quiet corner.

The driver panicked and asked, “Young Madam, what should we do? “

“Don’t worry. ” Xia Jinqi lifted her lips slightly and looked at the man who got out of the car in front of her at a moderate speed.

His black windbreaker and collar almost covered half of his face.

Even so, Xia Jinqi recognized him at a glance.

It was Lu Yiming.

Moreover, he came alone.

He walked over quickly and knocked on the car window. “knock, knock, knock... “

The driver didn't move. Although there was panic in his eyes, it wasn't enough to scare him out of his wits.

This car was bulletproof. As long as he didn't open it from the inside, even if Lu Yiming had a gun, he wouldn't be afraid.

However, Xia Jinqi said at this moment, "open the door. "

"But young Madam, this..." the driver was stunned.

"It's fine. " Xia Jinqi smiled.

She was the same as Yan Jun. she didn't do things that she wasn't sure of.

The driver had no choice but to open the door.

Lu Yiming didn't stand on ceremony. He directly opened the car door and sat beside Xia Jinqi. Then, he took out a pistol and pointed it at the back of the driver's head. He threatened, "get out of the car. "

"..."the driver froze instantly. He was very upset with Xia Jinqi's decision just now.

Xia Jinqi glanced at Lu Yiming before nodding at the driver. "You get out first. "

The driver seemed to have been granted amnesty and ran away.

In the blink of an eye, only Lu Yiming and Xia Jinqi were left in the car.

The atmosphere was strange and tense.

Chapter 1838: do you have the face to see her?

"Who are you?" Lu Yiming asked first.

Ever since he was released, he had been following Xia Jinqi.

When she was at Qingxin Garden, he had been guarding outside the courtyard.

For two days in a row, when she finally came out, she went to the Huo family instead.

Bi Yue did not know the huo family. The only person who had contact with the Huo family was Xia Jinqi.

Moreover, from their interaction at this moment, the woman beside her had always been calm and did not even want to look at him. Lu Yiming should have known that she could not be Bi Yue.

But... He still didn't want to give up. He wanted to know the truth ...

Xia Jinqi finally glanced at him.

Her hair had grown long, and her beard had grown. She no longer had the spirit she used to have. She was as sloppy as a beggar who ran out from the roadside.

He must have been having a hard time during this period of time, right?

Especially the complete despair after having hope.

“I’m Xia Jinqi,” she answered without hesitation.

The last bit of hope in Lu Yiming’s heart was completely shattered by her direct words... ..

Endless disappointment, like a bottomless black hole, mercilessly sucked him in.

“Yue’er...” he wailed, sobbing, his whole body trembling. “My Yue’er...”

He had spent the rest of his life living for Bi Yue.

Now that Bi Yue was gone, he... .. Why was he still alive ??

Shaking his hand, he pulled the safety on the pistol and aimed the muzzle at his temple.

It was so cold on the bridge of helplessness. Without his company, his Yue’er would be afraid.

However, just as he was about to shoot, he heard a sneer. “Do you have the face to see her?”

His hand froze, and Lu Yiming looked at Xia Jinqi in confusion.

Before he could ask, Xia Jinqi mocked him again. “So what if I live for more than ten years? I’m still being kept in the dark and acknowledging the thief as my father.”

As soon as he finished speaking, Lu Yiming had already pointed the pistol at Xia Jinqi’s head.

“Shut up!” He yelled, more like he was angry from embarrassment.

Xia Jinqi was unmoved and continued speaking “Who caused Bi Yue to be disemboweled Who caused you to be separated by Yin and Yang Who forced you to this extent step by step Could it be that you don’t care about all of this Bi Yue personally told you that you’re not going to look for your enemy, but instead, you’re pointing a gun at me Lu Yiming, do you still have any brains Even if you’re going to die, shouldn’t you take revenge for Bi Yue, take revenge for your child, and then die?”

Lu Yiming’s hand that was holding the gun trembled!

His and Yue’er’s child... ..

Their family’s current situation was all thanks to Zhao Chongbin!!!

A hatred and killing intent that could destroy the world instantly gathered in his eyes. Lu Yiming gritted his teeth and asked, “where is he?!”

“that’s your question.” Xia Jinqi threw the question back to him. “You’ve worked together for so many years. Didn’t you say that he’s your military advisor and the person you trust the most? You should know where he is and where he can be.”

After hearing Xia Jinqi’s words, Lu Yiming’s originally turbid eyes suddenly came to a realization. “You want to use me to help you and Yan Jun find him?”

He wasn’t too stupid.

Xia Jinqi curled her lips slightly and said nonchalantly, “Do you really think that we won’t be able to find him? On the other hand, he’s an enemy who has a deep blood feud with you. whether he takes revenge or not, it’s up to you. I just don’t know if Bi Yue and Jin city will forgive you or not. “

Chapter 1839: was just imprisonment

“Jin Cheng? How do you know this name? !” Lu Yiming grabbed Xia Jinqi’s shoulders as if he had gone crazy. His blood-red eyes stared at her as if he wanted to eat her up!

That was the name of his unborn child!

Xia Jinqi looked at him calmly. There was no fear in her clear eyes. “Not only do I know Lu Jincheng, I also know Lu Weiguo. “

” ... ” Lu Yiming was stunned for a moment. He seemed to have thought of something. “Yue’er told you?”

Apart from the husband and wife, no one else knew these two names.

There was only one possibility for Xia Jinqi to tell him — Bi Yue told her.

“You’ve seen her? What else did she say to you? Where is she now? !” Lu Yiming’s emotions were once again agitated.

Without answering directly, Xia Jinqi pushed him away with force and slowly smoothed her wrinkled clothes.

Her unhurried actions angered Lu Yiming.

He gritted his teeth and shouted, “what did she say to you? ! “

Xia Jinqi was not afraid of him because she knew that as long as he was thinking about Bi Yue, his life would not be in danger!

Now, it seemed that Bi Yue had become her protective umbrella.

“Do you want to know? But why should I tell you? ” Xia Jinqi smiled coldly and looked at Lu Yiming as if he was a monster. “You have two lives in the Yan family. You caused the separation of my flesh and blood. You even stole my life for a time. “

Which of the above could not make him pay with his life?

The only reason why he could get away with it was because he wanted to find Zhao Chongbin through him. That way, he could minimize the casualties.

Yan Jun also understood. Otherwise, he would be the first person who would not agree to let Lu Yiming Go.

Blood feud, irreconcilable.

When Lu Yiming Heard Xia Jinqi's words, his pupils constricted slightly, as if he also knew what he had done.

"Why didn't you kill me?" He cowered and asked.

He really couldn't understand. He Killed Yan Youcheng, killed Yan Qing, and even treated Xia Jinqi as a vessel... ..

But when he fell into the hands of Yan Jun and Xia Jinqi, they actually didn't kill him?

It was just imprisonment, it was just imprisonment! ! !

He didn't even lose an arm or a leg!

Why?

If it were him, he would have long pulled out the tendons of his enemy's mother-in-law and cut her into pieces!

Xia Jinqi glanced at him, her gaze was very cold. This glance seemed to be able to freeze thousands of miles.

"killing people won't solve everything. "

This light sentence fell on Lu Yiming's heart like a heavy boulder.

In an instant, it pressed down on him until he couldn't breathe.

It had been more than ten years. Whenever he encountered a problem, the first solution he thought of was to kill.

Those who blocked his way, those who disobeyed, those who betrayed him... .. He wouldn't let any of them go ! !

But now, someone was telling him that killing people wouldn't solve the problem?

"Hahahaha!" He threw his head back and roared, "why can't it be solved? ! Isn't my meteoric rise the best proof? ! "

"But what about you now?" Xia Jinqi interrupted him.

Without any effort, Lu Yiming's laughter came to an abrupt end. His face was as ugly as a pig's liver!

"everyone wants to beat a rat that crosses the street," Xia Jinqi continued, "a problem that hasn't been solved even after killing so many people. In the end, do you plan to kill yourself? "

In the end, even he was prepared to kill himself.

Was it a success or a tragedy?

Chapter 1840: don't worry

Lu Yiming lowered his head and looked at the gun in his hand. His eyes were unfocused.

Actually, he knew what Xia Jinqi said in his heart.

Only he himself knew how he had come this far.

But... ... He always thought of deceiving himself and others. He was unwilling to admit that it was his fault ...

He was even more unwilling to admit that he was the one who had caused him to be where he was today... ...

Lu Yiming let out a long sigh and leaned back in his seat. There was no longer the ruthlessness and viciousness he had before. All that was left was a face full of fatigue and resignation.

“Tell me, what do you want me to do? “

Xia Jinqi could hear the compromise in his tone. She then said, “Find Zhao Chongbin. “

This extremely dangerous figure was currently hiding in a corner of Rao city. She did not know if he was planning something bad again.

If he was not found, whether it was Yan Jun, Xia Jinqi, or even the safety of the entire Rao city, they could not guarantee it.

In front of the entire city, Yan Jun and Xia Jinqi both chose to put aside their personal grudges and focus on the bigger picture. Only then did they let Lu Yiming go.

In the end, this was the only reason to keep Lu Yiming alive.

“Okay, I will find him. But before that, I need people and money. “ Lu Yiming calmed down and discussed the terms with Xia Jinqi.

Hearing this, Xia Jinqi turned to look at him with suspicion.

Lu Yiming spread his hands. “I don’t have anything now, how can I find him? “

Xia Jinqi didn’t ask any more questions and only said, “after I find him, I will tell you what Bi Yue said to me before she left. “

“...”Lu Yiming fell into silence.

Because of Xia Jinqi’s words, he did not dare to act recklessly again.

Because Bi Yue meant everything to him.

Before Lu Yiming could answer, three black cars had already arrived in front and surrounded Xia Jinqi’s car.

A few bodyguards in suits got out of the car, followed by Yan Jun..

Xia Jinqi was a little surprised. She did not expect Yan Jun to suddenly come over... ...

But since he was here, it meant that he had received the news.

Xia Jinqi’s red lips curved slightly as she said, “you can go. “

Lu Yiming naturally saw Yan Jun and the group of dark bodyguards. Without saying anything, he pulled open the car door and ran away.

He didn't want to experience the consequences of angering Yan Jun again.

Moreover, he had more important things to do now. He couldn't waste any more time.

As soon as Lu Yiming ran, the bodyguards brought by Yan Jun immediately wanted to chase after him, but they were stopped by Yan Jun..

He narrowed his eyes and sized up the Santana that was leaving quickly. After a moment, he looked back and walked toward Xia Jinqi's car.

The bodyguards that were originally surrounding him followed him. After he got into the car, they surrounded the car with a whoosh.

Xia Jinqi looked at the circle of bodyguards standing outside the car with their hands behind their backs. She didn't know whether she should be happy or worried.

This number was much more than before.

After Yan Jun got into the car, the first thing he said was, "are you alright? "

It was filled with worry and nervousness.

Xia Jinqi shook her head. She was about to say that she was fine, but before she could say anything, the man in front of her pulled her over and hugged her tightly.

"Jun..." Xia Jinqi gently huffed and raised her arm to hug him. "Don't worry, I'm fine. "

Only then did Yan Jun let out a sigh of relief. He hugged her tightly for a while before he was willing to let go.

"What did he say to you?" He stared at her and asked.

God knows how nervous he was just now... ..
