

## Trick Me 1841

### Chapter 1841: stay with me for a while longer

It doesn't matter if it's anyone but him, Lu Yiming.

Because Bi Yue had a reaction to Lu Yiming.

Yan Jun was really scared. He was afraid that one day Bi Yue would run out again and replace his Ah Jin...  
...

"Just ask who I am and where Bi Yue is," Xia Jinqi answered them one by one. She could clearly see the nervousness in his eyes and knew what he was worried about. Her heart also felt slightly sour.

Thinking about it, the previous incident had caused him so much harm that he, who had always been as steady as Mount Tai, was like a frightened bird.

Yan Jun calmed himself down, and Xia Jinqi said, "he promised to look for Zhao Chongbin. I think there will be results in the next few days."

"Okay." Yan Jun nodded and shook her hand. "Eat with me."

"You haven't eaten?" Xia Jinqi was stunned. Looking at the time, it was already afternoon.

To say that she had eaten at this time was obviously because she hadn't eaten lunch.

After realizing this, Xia Jinqi's face immediately fell. She frowned at him and said in an unpleasant tone, "why aren't you eating?"

Yan Jun just smiled and pulled her back into his arms. "I want to eat with you."

After saying that, he kissed her lips.

Xia Jinqi naturally couldn't say anything to him. She could only follow him and sink into this ups and downs of love.

"..."

They ate lunch in the office, Right next to the Guest Sofa.

Five dishes and a soup, with meat and vegetables, and a fruit platter next to it.

In short, the nutrition was definitely comprehensive and sufficient, but... "...".

Xia Jinqi looked at Yan Jun, who was flipping through documents while eating, and felt helpless.

She knew that he had been very busy recently, but she didn't expect him to be this busy.

It was just a meal. During that time, the assistant and secretary came in one after another, delivering documents and reporting on the situation.

When Xia Jinqi saw him like this, she actually wanted to be angry. She really wanted to tell him loudly to eat properly before working.

But... ..

She couldn't imagine that he, who was so busy that he couldn't even eat on time, would put everything aside and go out to find her the moment he heard the news related to her.

Her heart was sour and warm. She just had to clench her teeth, take a deep breath, and choose some vegetables that he didn't eat and put them into his bowl.

When Yan Jun finished reading the document and looked back, he saw an extra plate of vegetables in the spoon. He subconsciously looked at Xia Jinqi and smiled gently at her.

Xia Jinqi's eyes welled up and she hurriedly lowered her head, not wanting him to see her sentimental look.

She could only silently serve him soup and remind him to take a sip while he was eating.

The meal didn't take long. Xia Jinqi even noticed that Yan Jun didn't eat much. He would occasionally take a few bites, but he seemed to be lacking in interest.

"Is the food not to your liking?" She asked him as she tidied up the dishes.

Yan Jun was holding a document in his hand and was lost in thought. After a while, he returned to his senses and looked at her. "En? Food? It's alright..."

In fact, he didn't even notice what he had eaten. Was the food good or bad.

He was currently busy, so he felt that even eating was just a task.

Xia Jinqi endured the heartache and asked her secretary to remove the dining table. She then poured him some warm water and placed it on the table. Just as she was about to leave quietly, he grabbed her wrist.

"Stay with me for a while longer." Her tired tone was filled with hope and desire to stay.

Xia Jinqi sat down next to him again and tried her best to smile. "I'm here. Won't I disturb you?"

#### **Chapter 1842: There was news about Yu Han in**

"No." Yan Jun shook his head and let go of her wrist. Instead, he clasped his fingers tightly with hers.

He flipped through the documents with one hand and held her hand with the other, immersed in the mountain of documents.

Xia Jinqi looked at his hand holding hers and was slightly absent-minded.

She should have known that Yan Jun would have to pay more than an ordinary person to reach this position.

She had long been mentally prepared. She had made up her mind that no matter what, she would accompany him through this long life.

Since this was what he pursued, she would do her best to support him!

Who asked them to be husband and wife?

As she thought about it, Xia Jinqi smiled.

She turned her head and saw that Yan Jun, who was working hard, looked so handsome and charming. Her heart became more determined.

Yan Jun occasionally looked back and saw her smiling brightly at him.

“What’s wrong? Are you so happy?” He asked her.

She nodded. “Yes, I’m very happy!”

Being able to be by his side was in itself a happy thing, wasn’t it?

Time passed just like that, minute by minute.

Xia Jinqi sat for a while and felt a little sleepy. Unknowingly, she fell asleep.

When she woke up again, she found that Yan Jun was no longer by her side. Instead, Xia Chuanxu was inexplicably sitting opposite her.

“...” rubbing her eyes, Xia Jinqi sat up and subconsciously asked, “where’s Yan Jun?”

“He went next door,” Xia Chuanxu replied. He was called over by Yan Jun, but unfortunately, Fang Shaoan came before him. Yan Jun went to see Fang Shaoan first, and he came into the office to wait.

He didn’t expect Xia Jinqi to be here, but seeing that she was asleep, he didn’t disturb her.

Xia Jinqi gradually woke up. She glanced at Xia Chuanxu again and said, “why are you here?”

If he remembered correctly, Xia Chuanxu had been at home all this time. It was unknown whether he was suspended or on leave.

Why did he suddenly appear here?

When Xia Chuanxu heard this, he instantly felt a little sad.

“fourth sister, you mean you don’t want me to come?” Xia Chuanxu said with some grievance. He reached out to touch his forehead, his face full of pain.

The corners of Xia Jinqi’s eyes twitched, and she really wanted to nod. He must be here for something, and Yan Jun must be busy again.

But before she could say it, Xia Chuanxu said, “Yan Jun asked me to come. He said that he has something to say.”

“...” Xia Jinqi was speechless and couldn’t say anything. She could only ask, “is everything okay at home?”

“everything is fine.” Xia Chuanxu nodded. He remembered that his eldest sister had gone home last night, and his tightly knitted brows relaxed a little. “Last night, eldest sister came back. Did you tell Yan Jun?”

Xia Jinqi didn't say yes, nor did she say no. She just smiled. "It's good that the family is reunited. "

Yan Jun's efficiency in handling matters had always been extremely high.

Now that his two daughters had returned to his side, Hong Xianglin shouldn't be sad anymore, right?

It was the same for his father. He could enjoy the joys of family.

Xia Chuanxu saw a hint of bitterness in Xia Jinqi's smile, and his brows furrowed. "Father and mother said that they want you to go home often to take a look. "

"They will. " Xia Jinqi nodded. Just as she was about to change the topic, the office door was opened.

Yan Jun walked in quickly with something in his hand. His handsome face had a vivid expression.

Xia Jinqi had not seen him this excited for a long time... ..

"What's wrong? " Just as he asked, he answered excitedly, "There's news about Yu Han! "

### **Chapter 1843: brother-in-law in name**

Xia Jinqi opened her mouth slightly and looked at him anxiously. However, he handed a photo in his hand to her. "This car went to Liu Juan's home. If my guess is correct, Liu Juan's family must have left in this car. "

She took the opportunity to take a look and found that the photo was not very clear, but she could easily tell that it was a seven-person car. The license plate could only see a few numbers behind it.

XXX769.

"Have you found the owner? " Xia Jinqi tried to calm herself down, but her trembling voice betrayed her nervousness at the moment.

Fang Shaoan walked in from outside the door and answered with a smile "Not yet. The Terminal Server of the security department was damaged, and the data was lost. "But there are technicians working on it. I believe the data will be recovered soon "Then we'll conduct an investigation, and we'll know where Xiao Yuhan went! "

This was the result of the surveillance system that Fang Shaoan led hundreds of people to conduct an investigation day and night.

The area around the ice lake was relatively backward. There were not many surveillance roads, and even if there were, many of them could not be used because of the lack of maintenance. They were practically useless.

As for the four main city districts in Rao city, they had just suffered a large-scale explosion. A lot of data had been lost, and they hadn't had time to completely recover it.

This photo was found in a small shop in the Ice Lake.

That family had been robbed last year. The owner had been extra careful, so he had installed the camera. He didn't expect to capture such a scene.

"then... we..." Xia Jinqi was so excited that she couldn't speak. Her large eyes were misty, and she was extremely choked up ...

Finally... ... After such a long time, she had finally found some clues !!!

The Heavens did not disappoint those who had a heart. Her Yu Han was finally going to be found!

Yan Jun understood her current state of mind. He also suppressed the excitement in his heart and his eyes were a little red.

He reached out his hand and pulled her into his embrace. He patted her back gently and comforted her silently.

Xia Chuanxu watched the whole process from the side. When he heard the news about Yu Han, he was naturally happy. However, the most surprised was Yan Jun's performance.

He was actually not very familiar with Yan Jun, even though this person was his brother-in-law in name.

Unfortunately, their identities were different. In addition to the many things that happened later, his understanding of this brother-in-law was also similar to those people outside. For example, the cold-faced King of hell, keeping strangers away, handling things calmly, as steady as Mount Tai and other adjectives.. It could instantly appear in his mind.

He even felt that no matter how big the matter fell on Yan Jun, Yan Jun would definitely be as steady as Mount Tai and calmly handle it.

So much so that Yan Jun, who had rushed in excitedly from outside the door just now, would look so unfamiliar in his eyes... ...

Even Yan Jun, who was holding his wife with reddened eyes, was someone he had never seen before.

So, the cold-faced King of Hell also had such an affectionate side... ...

Fang Shaoan, who was at the side, also secretly turned his body to the side and wiped the tears from the corners of his eyes.

After chasing for so long, there was finally a reward.

He had to find Xiao Yuhan as soon as possible so that the guilt in his heart could be alleviated a little.

Otherwise, he would never be able to face Yan Jun and his wife for the rest of his life.

After calming himself down, he sorted out his thoughts and said to Xia Jinqi and Yan Jun, "I'll tell you the news so that I can go back and continue my investigation in peace. If there's any more news, I'll definitely inform you immediately. "

**Chapter 1844: was what he was supposed to do**

Xia Jinqi quickly gathered her emotions and sobbed, “Shao’an, thank you. “

She and Yan Jun had put in a lot of effort, but they hadn’t gained much from it.

There were specialties in the industry, and Fang Shaoan was best at gathering intelligence and analyzing it. With him around, they could find information related to Yu Han so quickly.

Fang Shaoan already felt guilty and blamed himself. When he heard Xia Jinqi say that, his heart ached and he almost couldn’t say anything.

Yan Jun also turned to look at him. “You’ve worked hard. “

Fang Shaoan,” ...”

If it wasn’t for Yan Jun saving him back then, Lu Yiming wouldn’t have had a chance to take advantage of it. Xiao Yuhan wouldn’t have gone missing for so long either... ..

All of this was something he should have done. But now, the couple had turned around to thank him.

Fang Shaoan took a deep breath and turned his back. He didn’t dare to look at the two of them directly. “I’ll leave first. “

Then, he sped up.

He was afraid that if he continued to stay, he would burst into tears uncontrollably... ..

Long after Fang Shaoan left, Xia Jinqi was still in a state of high excitement. She did not want to let go of the photo in her hand and kept looking at it over and over again.

Now, as long as the big database was repaired, they could get more surveillance footage from it. They could also use the license plate comparison to find the owner of the car!

Then, they could follow the clues and find Yu Han sooner or later!

This was great, this was really great... ..

Yan Jun knew how she felt. He held her a little harder. “Don’t worry, there will be news soon. “

“En!” Xia Jinqi nodded her head hard. There were tears in her clear eyes. She met Yan Jun’s eyes and smiled brightly.

Yan Jun also curled his lips. A wisp of mist rose from the depths of his deep eyes.

Xia Chuanxu did not make a sound to disturb her. He just sat quietly at the side, treating himself as a transparent person.

At this time, it was better to give this couple some space.

After waiting for about ten minutes, Xia Jinqi went out to take a call. Only then did Yan Jun have the time to notice the other person in the office.

“I was so focused on family matters that I forgot about you.” A simple sentence directly skipped over the whole hour that Xia Chuanxu had been waiting here for. The tenderness in Yan Jun’s black eyes had already disappeared, and he had returned to his usual cold face, the King of Hell.

What he meant was that from now on, they were going to talk about serious matters.

Xia Chuanxu did not care too much. After all, no one could compare to Yan Jun's status now.

"May I know why the chairman called me here?" Xia Chuanxu opened his mouth and changed the way he addressed him.

Since he was not at home, he might as well not call him brother-in-law.

As he spoke, Yan Jun had already returned to his desk. He took out a document that was placed at the top right and handed it to Xia Chuanxu. "Tan Zhuqing recommended you to be the minister of the political department. "

The original minister of the Political Department was Tan Zhuqing. However, when Yan Jun became the president next year, Tan Zhuqing would take over the position of the chairman. At that time, the position of Minister of the political department would be vacant.

There were a few good candidates for the members of the parliament, but Tan Zhuqing recommended Xia Chuanxu.

Yan Jun was very clear about what Tan Zhuqing was thinking.

Recently, Xia Jitian and Tan Zhuqing had a very close relationship. In addition, the Xia family had a huge foundation to begin with, and Xia Jinqi's relationship with them. Naturally, the few important positions would be taken by people who could be trusted.

In fact, Yan Jun's initial choice was Xia Jitian.

#### **Chapter 1845: was really torturous**

Logically speaking, Xia Jitian was originally a core figure in the parliament, and he was also someone who almost became the president. However, because of a little scandal, he was shelved. Naturally, he could not be too ostentatious when he made a comeback. It was more than enough for him to become a minister.

Yan Jun had mentioned this to Xia Jitian, but Xia Jitian declined. He gave this opportunity to Xia Chuanxu.

Hence, Yan Jun called Xia Chuanxu over.

Xia Chuanxu flipped through the letter of appointment that Yan Jun handed to him. After a long while, he slowly shook his head. "I'm still inexperienced. If I want to be a minister, I'm afraid that I have the heart but not the strength. "

Yan Jun raised his eyebrows. Back then, Xia Chuanxu had also run for president. Although it was basically not worth mentioning, for someone to be able to reach this stage, now he was saying that he was still inexperienced?

This excuse was a little too careless.

However, Yan Jun did not expose him. Instead, he waited for his next words.

As expected, the next second, Xia Chuanxu said, "I want to recommend someone to you. "

"Who? "

"My father. " Xia Chuanxu's expression did not change as he said, "for so many years, he has been conscientious and conscientious. He has walked all the way to a high position. His ability is obvious. If I let him be a minister, I definitely won't let you down. "

"Oh? " Yan Jun slowly curved his lips. Whether it was worth it or not, "I naturally know of my father-in-law's ability. "

It was just that he did not expect that the two people who were able to kill each other for the sake of the position of president, would now give way to each other modestly?

The world was indeed changing.

Xia Chuanxu waited for Yan Jun's decision. Unfortunately, he did not continue after saying that.

After waiting for a long time, when Xia Chuanxu could not hold it in any longer, he said again, "If my dad can be the minister, our family's foundation for many years is willing to work hard for the chairman. "

This meaning could not be more obvious.

As long as there was one person in the Xia family who could be placed in an important position, then the entire Xia family could be used by Yan Jun..

Now that the situation was unstable, even if it was Yan Jun, with the support of another faction, he would be safer.

Although the support of the Xia family was not necessary for Yan Jun, with it, it would be like adding wings to a tiger.

It was another long period of thinking.

Yan Jun did not give Xia Chuanxu a reply very quickly. Instead, he leisurely read another document.

Seeing this, Xia Chuanxu did not dare to say anything more. He could only wait quietly for Yan Jun..

This process was really a little torturous.

Xia Chuanxu could not help but admire the young man sitting opposite him.

He was about the same age and was the descendant of a large aristocratic family. The only difference was that he grew up in a political aristocratic family while the Yan family was a merchant in the era.

Logically speaking, he should have an advantage over Yan Jun. but now, it seemed that in the field of politics, Yan Jun was not inferior to anyone at all.

Especially this method of clipping people's appetites. It was really torturous.

Time passed by minute by minute. After Yan Jun finished reading the entire document and made a careful deliberation, he signed it.

After he finished writing, he switched to another document. Only then did he have time to look up at Xia Chuanxu and continue the topic, "father-in-law recommended you to me. "

"My father recommended me?" Xia chuanxu repeated Yan Jun's words in surprise, his widened eyes full of suspicion.

Yan Jun frowned. "You father and son are pushing each other around like this. Do you think this is child's play? "

When he spoke this time, there was a hint of authority and displeasure in his tone.

Xia Chuanxu could hear it as well, but he was not in the mood to care about these things. All he could think about was, why would his father recommend him?

### **Chapter 1846: the new man of the hour**

Ever since he set up the scheme to expose his father's affairs, his father had become a lot estranged from him.

Even though the atmosphere at home had eased up a lot recently, he could still feel that his father was estranged from him.

Of course, he would admit that he was the one who had done it.

However, he did not expect that his father would actually recommend him in front of Yan Jun?

Taking advantage of Xia Chuanxu's silence, Yan Jun said again, "there's only one chance. Since father-in-law left it to you, don't let down his high hopes for you. "

What he meant was that he had agreed to let Xia Chuanxu become the minister of the political department. Moreover, his words were decisive.

Hearing this, Xia Chuanxu lowered his head and looked at the appointment letter in his hand. Suddenly, he felt extremely heavy.

His father actually left this chance to him... ..

When he walked out of Yan Jun's office, Xia chuanxu's eyebrows were still tightly locked.

Xia Jinqi just ended the call with Ling Yue. When she turned around, she saw her brother walking over with a gloomy face.

"third brother? What's wrong? You look like you have a lot on your mind, " Xia Jinqi asked curiously.

Only then did Xia Chuanxu come back to his senses. "nothing... I just talked to my brother-in-law about something. " Xia chuanxu simply skipped over the appointment and asked again, "are you coming home for dinner tonight? "

"No. " Xia Jinqi shook her head and pointed to the office behind Xia Chuanxu. "He will be working very late today. "

Ever since she found out about Yan Jun's eating condition for the past two days, Xia Jinqi had secretly made up her mind to accompany him for dinner every day.

At least, she could make him eat well for three meals and maintain his body at a relatively healthy level.

Otherwise, how would he be able to face such a large workload?

Xia Chuanxu understood and looked at Xia Jinqi and sighed. "Sigh, he's really married. "

"third brother, if you're envious, HURRY UP AND MARRY A SISTER-IN-LAW! " Xia Jinqi laughed at him without holding back. "Anyway, dad and mom want a grandson right now, so you can satisfy them! "

"No rush, no rush. " Xia Chuanxu waved his hand. He didn't seem to have any expectations for this matter.

Just like Xia Jinqi's marriage, Xia chuanxu's marriage wouldn't be decided by himself.

Some time ago, his family found him a partner, but he never went to see him. Later, there were many things to do, so he was delayed.

For him, it could be considered a good or bad thing.

After a few more words, Xia Chuanxu took the letter of appointment and went downstairs.

When he got in the car, he conveniently threw the letter of appointment on the empty passenger seat, but he did not drive away quickly.

He sat in the car, his eyes slightly calm, and no one knew what he was thinking about.

After a while, the sound of a horn came from outside.

He looked up and saw a military jeep whistling past on the road.

Looking at the license plate... .. It was huo ting's car ? ?

Thinking of the recent incident at the Huo family, Xia Chuanxu sighed again.

This time, the dynasty had changed, and no big family had survived.

He wondered what Huo Ting was going to do this time?

?`?

The jeep that was speeding was indeed huo ting's.

He first went to the Su family, but he didn't see Su Xiangxiang. Later, he went to the military district. He learned from Su Zhilian and Su Zhihang that Su Xiangxiang was at Lin Xi's shooting range in the north of the city, and she was rushing to Lin Xi's shooting range without stopping.

Su Xiangxiang and Huo Ting had just gotten the news that they were pregnant out of wedlock, and then the two families were at odds with each other. The matter of canceling the engagement could be said to be a new celebrity in Rao city.

**Chapter 1847: You've fallen in love with him, haven't you?**

The members of the Su family, who were envious of Su Xiangxiang, desperately seized this opportunity and ridiculed Su Xiangxiang.

It was not easy to stay in the Su family, and they could not simply run around, so they could only come to the shooting range to kill time.

Fortunately, in the eyes of the Su family, the shooting range was still considered a proper place.

Coincidentally, the owner of the shooting range, Lin Xi, was also there today and personally received Su Xiangxiang.

This time, it was still a pistol that she practiced. Su Xiangxiang skillfully loaded the bullets and aimed at the distance. She fired seven bullets in a clip without any pause.

“seven bullets, all missed the target.” A cool-looking boy in a suit walked to the side. He was half a head taller than Su Xiangxiang. He was slim and tall. His face was delicate, but his eyes were sharp “Is this still the young lady of the Su family who used to dominate everyone here? “

The last time the Su family borrowed Lin Xi’s shooting range, Su Xiangxiang had been in the limelight for a long time.

However, looking at Lin Xi, it seemed that the truth was not the case?

Su Xiangxiang did not blush, nor did she feel embarrassed. In front of Lin Xi, she did not have so many secrets. Instead, she was very calm. “Last time, Huo Ting helped me. You know my skills. “

Lin Xi nodded thoughtfully. “So, Huo Ting still has some feelings for you? Otherwise, why did he have to come over and help you? “

“I don’t know... but he has someone he likes, and that person is not me.” Su Xiangxiang smiled bitterly and started to reload the bullets ...

She was also very annoyed. She had practiced the gun for many days, but she had not improved... almost ...

Just like her and Huo Ting.

On the surface, she looked dazzling, but in fact, she was like two strangers.

It was not easy for her to make up her mind to get close to him, but the families of both sides had such a big difference. They might become sworn enemies in the future.

This marriage was completely ruined.

Su Xiangxiang was forced by her grandfather to write a farewell letter to Huo Ting... ..

But it was also good. Perhaps even God did not think well of the two of them. If they made a decision earlier, the damage to each other would not be so great.

Lin Xi looked at Su Xiangxiang’s sorrowful expression and frowned. “But you like him, don’t you? “

“...”Su Xiangxiang’s hand, which had just raised to aim at the bull’s-eye, trembled heavily.

She was no longer in the mood to shoot. She gritted her teeth and her nose felt a little sour.

This was perhaps the most surprising thing.

Lin Xi knew that she was right. She placed one hand on the table in front of Su Xiangxiang where the bullets were placed. She leaped up and sat directly on the table.

She casually picked up a gun and twirled it in her hand. “Sigh, your father originally took a liking to our family first! If it wasn’t for Huo Ting who came out of nowhere, we would have been married already! “

Her tone was a little lonely, but it made Su Xiangxiang, who had a sad face, laugh.

“Stop Fooling around! How can we get married?” Su Xiangxiang reached out her hand and pointed at Lin Xi’s forehead with her index finger. “You’re not a man! “

“If only I were a man...” Lin Xi looked up at the sky, and there was a deep look in her eyes.

Although she was wearing men’s clothes and had short hair, and everyone in the family called her young master, she was actually a woman.

The Lin family had only one son for three generations, but when it came to her father, he would never give birth to a son.

She already had five older sisters. When she was six, when she was born, she was actually a daughter...

...

When she heard that her father was so angry that he fainted, a few cousins from the family surrounded the hospital and refused to leave. They said that if they still did not have a son, they would come to split the family fortune.

Helpless, she could only raise Lin Xi as a son.

#### **Chapter 1848: If you like it, go and capture his heart**

This upbringing lasted for more than 20 years.

The outsiders only knew that master Lin had a son and doted on this son. No one knew that this young master was actually Hua Mulan who disguised as a man... ..

Su Xiangxiang also found out about this by chance. After that, she became friends with Lin Xi.

After that, there were a few times when Su Jianguo saw that his daughter was in contact with Lin Xi, so he was tempted to help her connect with this marriage.

However, before both parties could talk about this, the Huo family revealed their intentions. Su Chuang agreed without thinking.

Lin Xi heaved a sigh of relief. Otherwise, as a daughter, how could she marry Su Xiangxiang It would only be a joke.

It was just a joke.

“By the way, have you decided on a time to leave the country? Why don’t we go together? We can have a companion on the way.” Lin Xi came back to her senses and looked at Su Xiangxiang.

Su Xiangxiang gently stroked her pistol and looked a little lonely. “You know my family’s situation. How can I just leave?”

She had plans to go abroad, but no one would have thought that the Su family would suddenly become enemies with the Huo family.

At such a White-hot time, she could not stay alone.

“It’s no use for you to stay. It’s all adults’ fault, why should you bear the responsibility?” Lin Xi saw things clearly. She had been educated according to her identity as the heir of the Lin family since she was young, and her mind was much more open.

“Sigh...” Su Xiangxiang only sighed.

They were of the same bloodline. Even if she did not bear the responsibility, she would still be worried...  
...

Seeing her like this, Lin Xi didn’t continue. She casually looked up and saw Huo Ting, who was wearing a military uniform not far away, walking over.

“I don’t think it’s that simple between the two of you.” Lin Xi curled her lips and smiled meaningfully.

“Huh?” Su Xiangxiang looked at her in surprise, but she saw that her gaze was fixed on another place, as if she was deep in thought.

Following Lin Xi’s line of sight, Su Xiangxiang froze on the spot for a moment.

Wasn’t that graceful man walking in the wind, Huo Ting?

He... .. Why was he here ??

Just as the question popped up in his mind, Lin Xi came closer and whispered to her, “if you like him, go and capture his heart. Don’t waste your youth.”

After that, she straightened her body and jumped down from the table. She put her hands in the pockets of her trousers coolly and left.

“...” Su Xiangxiang stared blankly at Huo Ting who was walking straight towards her. For a moment, she lost her mind.

Why was he here He had already received her letter. She had said that she would never see him again...  
...

Huo Ting’s gaze left Su Xiangxiang for a second. He looked at Lin Xi’s back unhappily. He was extremely unhappy. Where did this Brat come from He was actually so close to Su Xiangxiang The way the two of them were whispering just now made him feel annoyed!

Su Xiangxiang saw him walk up to her. She was hesitating on what she should say when she heard huoting say dryly, "who was that person just now? "

UH... Su Xiangxiang looked back at Lin Xi who had already walked far away. She answered instinctively, "she is Lin Xi, the owner of this shooting range. "

"You two are very close? " Huo Ting was willing to look back at her, but his brows were already furrowed, and his tone was strange.

"We have known each other for a long time, and we get along well. " Speaking of Lin Xi, Su Xiangxiang's eyes were bright, and a smile naturally appeared on her lips.

### **Chapter 1849: her heart softened when she heard his plea for her to stay**

She preferred Lin Xi's straightforwardness to the scheming and scheming of her younger sisters at home.

However, what she did not know was that her words had changed in Huo Ting's ears.

His face immediately darkened. Huo Ting reached out his hand and pinched the space between his eyebrows. The sudden appearance of this kid made him feel the presence of danger.

"You like him? " He suddenly asked again, a little sarcastic.

Su Xiangxiang noticed that he seemed to be a little unhappy. Asking her if she liked someone else like this really made people's imagination run wild!

She was suddenly angry that he obviously did not have any feelings for her, yet he had made so many unwarranted moves to stir up her thoughts.

If it were not for the fact that his proximity had given her hope, she would not be so sad and sad now.

It was the same this time. When the two families were so at loggerheads, he did not come forward to express his stance. Now that she had already cut the Gordian Knot and said that she would not see him again, he came over again and asked her if she liked someone else... ..

The lake of heart that had finally calmed down was once again easily disturbed by him.

She did not know whether she was angry at him or herself, but Su Xiangxiang's attitude this time was not very good.

"Chief Huo, are you here to practice your spear? " She asked.

"What? " Huo Ting was a little confused by her sudden question.

Su Xiangxiang lowered her eyes and turned to leave. "In that case, I'll leave this place to the chief. "

Huo Ting did not expect her to really leave, so he subconsciously grabbed her wrist. "Wait. "

Hearing his urging to stay, her heart finally softened... ..

She stopped and looked back, waiting for his next words.

Huo Ting also looked at her anxiously, and their eyes suddenly met.

Under the sun, the girl's eyes were delicate and pretty, and her skin was white as snow. She was cute, but there was a hint of charm in her. She was dignified, but also beautiful.

"PLOP! PLOP!" Huo Ting felt his heartbeat suddenly become chaotic.

He did not even have time to say anything.

Su Xiangxiang was also absent-minded for a moment, and her mind was blank... ..

Under the elegant Halo, his face was sharp and cold. His deep eyes were staring straight at her, and there seemed to be a sea and stars in it, which attracted her deeply.

In the distance.

Lin Xi was holding a bottle of soda in her hand. She had just taken a sip when she looked back and saw such a scene.

In the empty shooting range, handsome men and beautiful women were looking at each other with deep affection... ..

She choked and almost choked.

But after a moment, she shook her head and laughed, "noisy, on and off, is love!"

The little follower behind her said at the right time, "young master wants to fall in love? How about..."

"Shut up," Lin Xi glanced back and said coldly.

The small footman by that one look all over the hair all stand up, instant shut up, again dare not say a word.

Lin Xi did not look back again, but from that moment on, the face began to become gloomy.

With who she is now, unless she comes out, she's GonNa have to find a woman.

Forget it. She'll just muddle along.

If those troublesome relatives know that she is a girl, I'm afraid the Lin family will not be at peace again.

In the middle of the range.

A Gust of wind, not too big or too small, suddenly called back Su Xiangxiang's consciousness.

She lowered her eyes and stopped the inexplicable stare that had lasted for an unknown amount of time.

When she lowered her eyes, she realized that Huo Ting was still holding her hand. Su Xiangxiang quickly withdrew her hand as if it was a reflex.

**Chapter 1850: I love you, isn't that enough?**

Huo Ting was already a little disappointed when he saw her lowering her head. Now that she had done that, even his heart felt empty.

Su Xiangxiang turned her body to the side and did not face him. She said politely and unnaturally, "Chief Huo, if there's nothing else, I'll take my leave first."

Seeing that she was about to leave again, Huo Ting did not have time to hesitate. He quickly said, "I received your letter."

The moment he said that, Huo Ting immediately regretted it so much that he wanted to bite off his own tongue!

Look at how quick-witted he was! He actually took the initiative to mention the letter!

The content of the letter was nothing more than what Su Xiangxiang said. They should never meet again. Everything in the past would be treated as if nothing had happened.

The corners of Su Xiangxiang's mouth twitched as she tried her best to smile. "during this period of time, thank you for taking care of me, chief. I also hope that you will abide by what the letter says."

These words were equivalent to a blow to the head. They directly hit the back of Huo Ting's head, and at the same time, they also dispelled the nervousness and panic he had just felt.

His heart instantly turned cold, and he became much calmer.

"I don't agree." Although his attitude was tough, at least he finally remembered what he was here for...  
...

Su Xiangxiang was stunned. She subconsciously looked back at him, not understanding what he meant.

Huo Ting finally calmed down. Since he had already said this, he took the opportunity to continue, "now that everyone in the city knows that you're pregnant with my child, if we don't contact each other from now on, wouldn't that mean that people will frame me and abandon me?"

He had said it, but the way he phrased it... .. Huo Ting had already tried his best ...

In his entire life, he had never expressed his love in such a serious manner.

Those romantic affairs in school were just for fun and didn't have any sincerity. Most of them were just bromance.

"..." Su Xiangxiang bit her lower lip and clenched her small hands. After a long time, she raised her head and questioned him, "then what do you want?"

Yes, at most, he would be accused of abandoning her, but what about her? ? ?

She would always have more to bear than him.

This was a woman.

Huo Ting saw the tears in her eyes and his heart ached. "I'll marry you."

Without thinking, he said these three words.

He had made up his mind. He wanted her.

Su Xiangxiang was at a loss for a moment.

She looked at him like that. Her eyes were slightly hot, and two lines of hot tears fell uncontrollably.

At that moment, she almost believed him.

I'll marry you.

What beautiful words... ..

Unfortunately, she was once bitten by a snake, but was afraid of a rope for ten years.

Huo Ting had agreed to marry her earlier, but not long after that, he changed his mind.

Slowly shaking her head, Su Xiangxiang smiled and wiped her cheeks. "Chief, don't joke around. Now that our families are like fire and water, there is no meaning to a marriage alliance. "

"I will take care of these things. I only ask you now, are you willing to marry me? " Huo Ting anxiously reached out and held her shoulders, moving closer to look at her.

Su Xiangxiang lowered her eyes and no longer looked at him. "Forget it. A forced marriage is not sweet. A marriage without love is doomed to not last. This is also good. Chief can find someone you like, and I can also go with Lin Xi... "

Before she could finish her sentence, Huo Ting interrupted her sternly. "I love you, isn't that enough? Don't mention OUTSIDERS IN OUR AFFAIRS! "

WHO said that he was a forced marriage That they did not have love?

Even if they did not have love now, they could slowly cultivate it in the future!

Su Xiangxiang was stunned and looked at him blankly. "You said... what? "
