

Trick Me 1851

Chapter 1851, what are you looking at Don't look the other way, don't you know?

Huo Ting paused for a moment and answered instinctively, "Don't mention outsiders about what happened between us. "

He seemed to have said that just now.

However, Su Xiangxiang shook her head and said, "that sentence from before... "

"..."Huo Ting thought about it seriously for a moment. When he looked at the girl in front of him who had a hopeful look on her face, he was stunned.

He had never even said the word 'love' to the girl.

Or rather, he had never thought of saying it.

But in front of her, he could not help but say it... ..

What he used to think was mushy, but now he said it so logically.

Even he couldn't believe that he wasn't moved.

But it was good. He could finally confirm his heart.

It was a sunny day and the scenery was beautiful... ..

He gazed at her palm-sized face and opened his mouth carefully. "Su Xiangxiang, I like you. "

It was the first time in his life that he had confessed his love seriously.

Huo Ting's heart seemed to be hanging high in the air. Even his breathing became cautious, waiting for her answer... ..

Su Xiangxiang widened her eyes and her pink mouth opened slightly. She looked at the man in front of her in astonishment, and her mind suddenly went blank.

He said... .. that he liked him ...

The engagement had obviously been ruined, and he had gained his freedom. He should have turned around and left in a carefree manner.

But he just had to confess to her at this time... ..

Was it scum or was it true?

After going back and forth several times, Su Xiangxiang did not know whether to believe him or not.

She shook her head and suddenly felt that her heart was in a mess.

She struggled to break free from his shackles and turned around to walk away from him.

At first, she walked at a normal speed. Then, she slowly increased her speed until she started running...
...

Not to mention her, even Huo Ting was stunned.

He never thought that the person he confessed to would have such a reaction?

Running away at the slightest disagreement?

“Xiangxiang!” Of course, he wasn’t willing to let her go just like that. He immediately chased after her.
“Su Xiangxiang!”

At this moment, how could Su Xiangxiang remain rational and stop? The more he chased, the faster she ran... ..

But how could she outrun Huo Ting, who had undergone rigorous physical training for many years?

In less than 15 seconds, she was caught up.

Huo Ting blocked in front of her and forced her to stop. “Why are you running?”

Was He a devil? He scared her so much that she ran away... ..

Su Xiangxiang was already panicking. After being caught up by him like this, she became even more nervous. She even stuttered a little. “I... Didn’t run...”

Huo Ting frowned. She still didn’t run?

But he didn’t ask because he had more important things to ask.

“What are you thinking? Give me an answer.”

“I...” Su Xiangxiang didn’t know what she was thinking either. Her face was so red that it was about to bleed. She randomly found an excuse, “I’ve been out for too long. I should go home.”

As she said that, she was about to open the door again.

Huo Ting had experience this time. Not only did he block her way, he was afraid that she would run away like a wild horse. He didn’t know how long she would chase him like this. He simply reached out and pulled her into his arms. He held her tightly.

This way, she could not run away, right?

“Go home? Answer me first!” He said domineeringly.

How could Su Xiangxiang have thought that he could do this?

Her body was closely connected to his, so she did not dare to move even a little. She even held her breath... ..

Lin Xi, who was still watching from afar, saw this and immediately covered her eyes, afraid that she would see something that she should not see.

She turned her head awkwardly and saw that the little follower behind her was watching with great interest. She smiled foolishly and almost drooled. She directly cut him off. "What are you looking at? Don't you know that you are indecent? ! "

Chapter 1852: the smell of spring

The little follower hugged his head and averted his gaze, not daring to look any longer.

Lin Xi saw that he was dawdling, so she kicked him again. "Aren't you going to clear the area? Everyone, get out. If there's nothing else, don't hang around here! "

"Yes, Young Master! " The follower was afraid of being kicked again, so he trotted away, wishing that he could just disappear right in front of Lin Xi.

In just a few minutes, all the people in the shooting range had been evacuated. In this huge venue, only Su Xiangxiang and Huo Ting were left.

Su Xiangxiang did not speak, and Huo Ting refused to let go of her. The two of them continued to hold each other tightly in an ambiguous position... ..

"You... You let go first! " Su Xiangxiang's face was red and her ears were red as she struggled. However, he wrapped his arms around her like an iron wall. She could not push him away, nor could she escape ...

At such a close distance, she could not breathe!

"You answer me first. " Huo Ting hugged her, unwilling to let go.

The delicate body in his arms was so soft, and the delicate fragrance of her body lingered in his nostrils. How could he let go?

Seeing that her escape was futile, Su Xiangxiang had no choice but to calm her heart down and think about this question carefully.

After a long while, she answered, "My grandfather and your grandfather are in such a bad mood. I heard from my father and brothers that things have reached the point where either you or I will die... "

Huo Ting saw that she kept talking about him, and his sharp eyebrows suddenly furrowed. "Let's not talk about this first. Let me ask you, it's just me, it's just me, Huo Ting. Are you willing to marry me? "

"..."Su Xiangxiang fell silent again.

From the beginning, their marriage was built on the foundation of their families joining hands, but if there was no such beneficial relationship... .. She really hadn't thought about it ...

"I told you before that I have someone I like. This is true. And you've seen this person before. It's Xia Jinqi. " Huo Ting thought that she still cared about these things, so he simply told her everything in one go. His little matter.. There was nothing to hide.

Su Xiangxiang was slightly shocked. Although she had already guessed it, she didn't expect that he would say it so frankly... ..

Huo Ting sighed in his heart when he saw her like this. Perhaps... .. He should have told her a long time ago ...

“But that’s all in the past. Now that she has a family and a child, I have you too,” he continued.

Su Xiangxiang raised her head and stared at him. She suddenly remembered what Ben had said to her previously.

In one’s life, one had to meet all kinds of people.

Some were the past, and some were the future.

Xia Jinqi was the past, and she... .. could be that future ...

Actually, the moment huo Ting said the words ‘I have you’ , Su Xiangxiang’s heart had already been moved.

The tip of her nose was a little sore, and she wanted to cry, but she held it in. “What you said just now, is it true? “

“Yes!” Huo Ting nodded. He looked straight into her eyes and answered solemnly.

A throb, like an electric shock, swept across her heart... ..

Huo Ting did not wait for Su Xiangxiang’s answer. Thinking that she did not believe him, he said again..

“You don’t have to give me a reply so soon. After I settle the matters in front of me, you can tell me your answer. When the time comes, I will personally go to your house, ask your grandfather, and ask your parents for marriage. Can you give me such a chance? “

Su Xiangxiang raised her head and stared at his well-defined face. Her eyes were filled with tears.

Giving him a chance was also giving herself a chance... ..

Facing the afternoon breeze that seemed to carry the scent of spring, she slowly nodded her head.

Chapter 1853 was now in his arms. She had lost herself

At that moment, Huo Ting’s heart, which was suspended in mid-air, finally settled down... ..

The smile on his lips slowly widened. He could not help but lean forward and hug her tightly.

The bottom of his heart was filled with unconcealable joy... ..

He would never know until he had tried it. It turned out that it could be so easy to say it out loud.

“Xiangxiang, thank you. “

Thank you for being willing to accept my embrace.

Su Xiangxiang buried her head in his chest. Her eyes were already warm, but her heart was jumping with joy.

She took the initiative to raise her hand and wrap it around his waist. She was choked with sobs and could not speak.

She thought that they would never meet again, but after she gave up completely, she changed her mind.

She thought that perhaps... .. They were still fated ? ?

At least, at this moment, in his arms, she had lost herself.

“...”

Lin Xi had left unknowingly. Su Xiangxiang was led out of the shooting range by Huo Ting.

Initially, Su Xiangxiang felt very embarrassed and tried her best to break free, but Huo Ting refused to let go. He even played the role of Er Lengzi. After walking a few steps, he turned back to look at Su Xiangxiang and laughed out loud.

Seeing that he was in a good mood, Su Xiangxiang also smiled. Tian Tian’s heart felt like it was smeared with honey, and it was sweet everywhere.

After leaving the shooting range, the two of them got into the car together.

This was the first time that Su Xiangxiang sat in Huo Ting’s passenger seat, and... .. There were only the two of them in the car ...

It was still winter, and she wasn’t wearing much, but she felt inexplicably hot.

Huo Ting would look back at her when he was driving. Fortunately, it was outside the city, so there wasn’t much traffic, but Su Xiangxiang reminded him to watch the road. He agreed, but he started looking at her again after a while.

“Why do you always look at me...” Su Xiangxiang finally could not help but cover her face and ask him.

“You look good,” he answered. He looked back at the road ahead, but there was a smile on the corner of his eyes and eyebrows. The corners of his mouth were almost behind his ears... ..

Su Xiangxiang’s face was hot. She was so embarrassed by his straightforward words that she did not know what to do.

Before, when they were together, Huo Ting was always cold or very distant. She even knew how to respond.

But now... .. He suddenly became so passionate. She did not know how to behave herself ...

However, the journey back was not short. In order to not be embarrassed, she coughed lightly and began to find a topic to talk about.

“about that...” she knocked her forehead and asked tentatively, “Is it difficult to handle this matter? “

Since she had confirmed Huo Ting’s intentions, then there was only the dispute between the two families.

Su Xiangxiang only knew that this matter was very big, but she did not know the exact details.

Her father and brothers rarely talked about this at home. She only knew a little bit about it when she secretly heard it at the door when she went to the study to deliver tea.

Hearing this, Huo Ting finally came back to his senses from his stupor and frowned slightly.

This matter was not just difficult to handle. One wrong step and he would be doomed forever.

However, he would not tell Su Xiangxiang these words. He only said, "it's okay. Although it's a little tricky, I can handle it. "

"okay..." Su Xiangxiang nodded. She looked at his side profile and asked, "do you need me to do anything? "

Huo Ting looked back at her. He held the steering wheel with one hand and held her hand with the other. He smiled and said, "you don't have to do anything. Just wait for me to go to your house to propose to you. "

Chapter 1854: "I miss you so much that I can't fall asleep. "

Su Xiangxiang felt a warmth in her hands. The warmth flowed all the way into her heart. It was so hot that her cheeks were burning.

She lowered her head shyly. After a while, she couldn't help but look up at him again.

Perhaps sensing her gaze, he turned his head. The moment their eyes met, the corners of his eyebrows flew up.

Su Xiangxiang was confused by his undisguised love and happiness.

After hesitating for a long time, she decided to ask, "I feel that today... you seem a little different from before? "

It was more than just a little. It was as if he was a different person!

Huo Ting raised his eyebrows and was a little unaware of it. "Did I? "

"Yes..." Su Xiangxiang nodded carefully. She did not know if he would turn back into the strange, high and mighty chief from before in the next second.

To be honest, even at this moment, she still suspected that what happened just now was not just a dream, right?

Huo Ting pondered for a moment. It seemed that there was indeed a little bit?

However... .. Today's matter was different from yesterday's ...

In the past, he didn't know his feelings. Now that he knew, he naturally didn't need to be so reserved and distant.

After all, Xia Jinqi could still recite the romantic affairs of his youth!

Moreover, he was really happy now.

“All of this is because of you, ” he said with a smile.

Su Xiangxiang didn't understand, but she didn't continue to ask because his smile was so warm and handsome that it almost dazzled her eyes.

Along the way, Huo Ting held her hand tightly, refusing to let go.

Su Xiangxiang was also immersed in this happiness. She really hoped that this road would have no end so that they could continue to be so happy... ..

An hour and a half later, Huo Ting's car stopped at the Su family's door.

“Go back and have a good rest. Remember to call me, ” Huo Ting instructed the girl beside him who had already unfastened her seatbelt. His voice was unbelievably gentle.

Su Xiangxiang nodded timidly and reached out to open the door. She thought for a moment before turning back to look at him. “You too. “

Huo Ting felt a sweetness in his heart when he heard the concern in her words. He smiled naturally and said, “I might not be able to sleep. “

“What's wrong? ” Su Xiangxiang was stunned. She subconsciously thought that he had encountered some troublesome matter.

However, the next second, Huo Ting said in a ruffian manner, “I miss you so much that I can't fall asleep. “

Su Xiangxiang, ” ...”

She had never been in a relationship before. How could she stand such sweet words?

She was so embarrassed that she could not speak. She turned around, pushed open the car door, jumped out of the car, and rushed into the Su residence as if she was escaping... ..

Huo Ting, who was still in the car, could not help but laugh when he heard Su Xiangxiang's fleeing voice. “How can she be so cute, Su Xiangxiang? “

Just as he started the car and drove away, he saw a familiar figure when he looked away.

The smile on Huo Ting's face immediately froze, and his brows suddenly furrowed.

He saw a man in a black windbreaker walking out of the Su family's front door. He looked around, as if he was afraid that others would see him, and he was acting sneakily.

Wasn't this Zhao Xiong?

Huo Ting's car was parked in a secluded place. He didn't want the Su family to see any complications. After all, the relationship between the two families was strained. He didn't expect to avoid Zhao Xiong's sight.

He didn't find anything. He quickly walked out of the Su family's house and got into a car.

Huo Ting's eyes darkened. He had a bad feeling in his mind.

Chapter 1855: Xiao puff's masterpiece

Previously, Zhao Xiong had been detained for making a false report and had spent a large sum of bail money to get out.

Regarding this, Huo Ting was still a little surprised. Zhao Xiong had attempted to frame Xia Jinqi, but Yan Jun actually let him Walk Out Alive?

After Zhao Xiong's car left, Huo Ting took out his cell phone and dialed Yan Jun's number.

"Are you free? I want to meet you. "

At that time, Yan Jun was putting on clothes for Xiao puff who had just finished bathing.

After coaxing her to put on one arm, the call came in.

He pressed the speakerphone and put it aside. "I'm at Qingxin Garden. "

"I'll be right there," Huo Ting said.

Yan Jun happened to help Xiao puff put on the other arm. "Okay. "

After a few short sentences, they hung up.

Huo Ting stepped on the gas pedal and sped towards Qingxin Garden.

Xiao puff, who had already put on her clothes, rolled around on the bed. Then she skillfully got up and hugged Yan Jun's neck. She shouted excitedly, "uncle! Uncle! "

Yan Jun could not help but laugh. "uncle will be here soon. "

This little fellow had not seen Huo Ting many times, but she remembered this uncle very well. She had only heard a little voice on the phone just now, but she had actually recognized him.

"hehe. " Xiao puff laughed foolishly, revealing her two white front teeth.

Yan Jun had already quickly put on her coat, picked her up, and walked to the study room.

Xia Jinqi had just been called away by Ji Xinyu. She did not know what was going on, but Xiao puff had been brought by Yan Jun..

Previously, when Xia Jinqi was not around, Yan Jun was used to taking Xiao puff with him on official business.

There were not many luxurious furnishings in the study that was more than 50 square meters. The only noteworthy thing was the huge baby paradise in front of the desk. It was a ten-square-meter activity area made of crawl mats, surrounded by fences. There were all kinds of colorful toys in the middle.

Xiao puff especially liked this place. As soon as she entered the study, her eyes were fixed on this place.

Yan Jun placed her on the climbing mat and played with her for a while. Then he said, "Xiao Puff, be good. Daddy needs to work. "

“Okay!” Xiao puff replied in a dignified manner. She grabbed a turtle toy and started to play with it.

She seemed to be used to this kind of mode. Most of the time, she would play with what she liked. Then, daddy would be next to her and wave at her whenever she missed him. Then, he would come over to play with her.

Yan Jun smiled and rubbed her hair that was gradually getting thicker. Then, he got up and walked towards the office desk.

When he sat down, he subconsciously glanced at Xiao puff who was only a few meters away from him. Seeing that she was focused on playing with him, he picked up the documents on the desk and started to read them one by one.

Every time he finished reading a document and signed it, he would look up at his daughter who was playing alone in front of him.

When he saw that she was bored or looking at him, he would get up to talk to her and find some new toys for her.

Occasionally, he would sit directly on the climbing mat and his body would be filled with toys. There would even be stickers on his hands. Of course, this was all Xiao puff’s masterpiece.

His own daughter looked good and cute no matter what she did.

If this was an outsider, who would dare to stick stickers on his cold-faced King of Hell’s hands Ha... He must be tired of living ??

When Xia Jinqi came back, she saw such a scene as soon as she entered the house.

Yan Jun and Xiao puff sat side by side in front of a pile of blocks. The father and daughter both frowned slightly, looking like they were thinking seriously.

Behind the two of them were stuffed toys scattered all over the ground, and there were also many small cars.

“What do I need to do to put this piece in?” Yan Jun handed an orange block to Xiao puff, trying to guide her to think.

Chapter 1856 only allows you to drink a little bit

Xiao puff frowned as if she was serious. She took the building block that seemed extremely small in Yan Jun’s hands but extremely huge in hers and started to seriously think about it.

She did not know if she understood what Yan Jun meant. At this moment, what was going on in her little head, Yan Jun did not ask or urge her. He just looked at her quietly, giving her time to deal with everything on her own.

Xia Jinqi smiled as she withdrew her gaze from the father and daughter. When she placed a cup of hot milk on Yan Jun’s table, the corner of her eyes happened to glance at the small potted plant that she had placed there earlier.

It was a light pink mug filled with soil. It was planted with 'hope' .

"It actually sprouted?" Xia Jinqi raised the Mug in surprise and took a closer look.

She saw that there was already a small sprout on top of the head in the soft soil that had been taken care of.

Even though it was very small, it was still very easy for the naked eye to distinguish it.

When he heard Xia Jinqi's voice, Yan Jun regained his senses and stood up to walk towards her.

He took the opportunity to take a look at the Mug in her hand. He knitted his brows slightly and asked, "what's this?"

"HOPE!" Xia Jinqi answered crisply. Seeing that Yan Jun was still frowning, she explained, "it's the seed that the little boy in the disaster area gave you. I don't know what it is, but I was bored a few days ago, so I planted it with Xiao puff. "

Hearing this, Yan Jun nodded slightly, but he didn't say anything. Instead, he said, "Huo Ting will come over in a while. "

"It's so late already?" Xia Jinqi asked as she looked at the tender green spots in the soil.

"It should be something," Yan Jun answered.

"Okay." Xia Jinqi nodded and put the Mug back in its original position. "Is there anything you want to eat? I'll go prepare it for you. "

As usual, Yan Jun didn't eat much for dinner. Since they were going to discuss business, Xia Jinqi thought it would be better to prepare something to eat.

Hearing this, Yan Jun looked down at her with a smile on his lips. "I want to drink. "

Xia Jinqi instinctively wanted to reject him, but when she looked up, she saw the yearning in Yan Jun's eyes.

HMM... ..

It seemed like he really wanted to drink.

Xia Jinqi's heart softened for a moment, and she had no choice but to compromise. "Alright... "

Yan Jun was just about to be happy when he heard Xia Jinqi say again, "but you can only drink a little. "

Xia Jinqi's slender eyebrows, which had yet to take off, suddenly froze.

"I can't drink anything too strong. Let's drink red wine." Xia Jinqi had already considered it for him, and she couldn't refute it.

She had never made decisions for him in the outside world, and she didn't even doubt his decisions.

However, in life, especially in terms of food, clothing, shelter, and transportation, Xia Jinqi wasn't careless at all.

Yan Jun felt sweet in his heart when he saw how meticulous she was in caring for him. "Okay. "

After discussing it, Xia Jinqi finally averted her gaze and looked at Xiao puff, who was still holding a block and sitting on the mat in a daze. She asked in surprise, "we've talked for so long, but she's still able to sit still? "

As a child, it was the hardest to concentrate. Even the slightest movement in the surroundings could be disturbed.

However, after such a long time, Xiao puff did not seem to be affected at all?

Yan Jun followed her line of sight and smiled proudly. "Not only can she sit still, she'll definitely think of a way. "

"En? " Xia Jinqi raised her eyebrows and couldn't help but laugh. "She's still so young. She might not even be able to understand your words! Even I can... "

Before she could finish her sentence, Xiao puff, who had been sitting in a daze for a long time, picked up the orange blocks and tried them one by one. She actually found a perfect match?

Click! The orange blocks were firmly pressed against the huge block.

Chapter 1857 sweetened her heart

Staring blankly at the scene before her, Xia Jinqi swallowed the words she hadn't finished.

Xiao puff had already turned around to look at her with a smile. "Daddy, good! "

In other words, she was done.

Yan Jun had already walked over and easily lifted her into his arms. He praised her with a smile, "awesome! "

"hehe. " Xiao puff wrapped her arm around his neck and turned to look at Xia Jinqi, who was still in a daze. "MOMMY! "

Xia Jinqi came back to her senses and walked over. She pointed at Xiao puff's cute nose with her index finger and asked with a smile, "why is my Xiao puff so smart? "

"Daddy taught her! " Xiao puff turned back to look at Yan Jun. she couldn't say much, but she could slowly express her own meaning.

"Oh, so daddy taught her... " Xia Jinqi could always guess what she meant. She also looked at Yan Jun. "like father, like daughter! "

She remembered that Ji Xinyu once said that Yan Jun had been smart since he was young, unlike children of the same age. No Wonder Xiao Puff and Yu Han were so smart!

Thinking of Yu Han... Xia Jinqi's eyes darkened for a moment, but it was only for a moment. Then, she smiled and carried Xiao puff over. "Come to mommy. Daddy has something to talk about later! "

Xiao puff obediently put her arm around Xia Jinqi's neck and said sweetly, "grandma, Tian Tian. "

Xia Jinqi knew that she wanted to go to Ji Xinyu's place to eat candy. "Okay, let's go and PLAY WITH GRANDMA! "

As she said that, she looked up at Yan Jun. "you guys talk. I'll bring her over. "

"Okay. " Yan Jun nodded and rubbed Xiao puff's short hair again. His eyes were filled with unconcealable love.

Not long after, Huo Ting arrived.

The temperature in the courtyard at night was very low, but the room was very warm.

Huo Ting took off his coat and sat down on the Sofa Opposite Yan Jun..

Just as he sat down, he caught a glimpse of red wine and... .. Chocolate cake on the table from the corner of his eye ? ?

"Red wine and cake? " Huo Ting raised his eyebrows and looked at Yan Jun in confusion.

Yan Jun smiled helplessly. "Ah Jin prepared it. "

Probably... .. He was thinking that Yan Jun had been working too hard recently. Occasionally, he would prepare some sweet food to sweeten his heart ...

Huo Ting paused, thinking that if it was a girl... .. Then it was very likely that she would make such a combination ...

After a smile, he began to talk about serious matters.

"Any news about Yu Han? "

Yan Jun's pouring posture froze for a moment, then he returned to normal. "still waiting. "

The Central Server of the security department was damaged, and the time for repair was uncertain.

But even so, they were already starting to manually check the car's owner.

There should be a result soon.

Huo Ting nodded. He knew that this matter could not be rushed, so he changed the topic to what he had seen and heard tonight. "before I came, I saw Zhao Xiong walk out of the Su Family's house. "

Yan Jun's right hand, which was holding the wine glass, was slightly turning, and the wine-red intoxicating liquid in the glass immediately rippled.

After hearing Huo Ting's words, his first attention was not on Zhao Xiong, but raised his deep eyes and looked straight at Huo Ting. "You went to the Su family's house? "

"..."Huo Ting was stunned by his question. He didn't expect that his attention was on this?

He took a big sip of red wine and swallowed it before answering, "yes, send Xiangxiang back. "

Hearing this, Yan Jun looked at him with an unfathomable gaze.

Huo Ting actually blushed suspiciously when he was looked at like this.

Was it because the wine was intoxicating, or because the room was too hot?

Chapter 1858 was moved?

In the end, he could not hold it anymore and said in a muffled voice, “why are you looking at me like that? “

Yan Jun smiled. “moved? “

“...”Huo Ting gasped and his gaze was a little dazed.

He would never have thought that Yan Jun would ask such a direct question... ..

But when he came back to his senses, he could not help but laugh. He was very simple and honest. He even raised his hand to touch the back of his head helplessly. “I don’t know what happened. It was as if he was possessed... “

Although he did not answer Yan Jun’s question directly, his meaning was more or less the same.

In terms of relationships, Huo Ting had always been slow-witted.

However, he did not expect that after he was truly enlightened, he would be in such a happy mood.

It was a kind of joy and happiness that came from the depths of his heart.

Yan Jun laughed out loud and then raised his glass to him.

Huo Ting also laughed. He raised his glass and returned the toast across space.

The two of them took a sip of wine before Yan Jun said, “since that’s the case, I’m sure you already have an idea of how to treat the SU family. “

Huo Ting did not answer quickly. He frowned slightly and hesitated before asking Yan Jun, “What do you think? “

If it were not for Xia Jinqi, Huo Ting would not have such a relationship with Yan Jun. at this moment, it was even more impossible for him to ask this question so directly.

In the past, Yan Jun was Huo Ting’s love rival. Later, they slowly became friends and brothers.

But now, they were already rulers and ministers.

Some words really could not be said casually. Like this sentence just now.

But... ..

Huo Ting and Xia Jinqi had a close relationship. He did not want this relationship to deteriorate in the future, so before that, he wanted to know Yan Jun’s thoughts.

At that time, Yan Jun was sitting deep on the Sofa. His slender legs were crossed, and his left hand was casually placed on the back of the SOFA. His right hand was holding a wine glass, and his wrist was shaking.

His deep black eyes were slightly restrained, and his body was emitting an unfathomable aura.

In fact, to Yan Jun, it did not matter who became the number one person in the military district. As long as this person was loyal to him, this was the only measure.

Therefore, whether it was Su Chuang or Huo Ting, if the two of them really fought, no matter who won or lost, Yan Jun would be the fisherman who would benefit.

Originally, it was a fight between the two of them, but now, Huo Ting's words threw the most original question back to Yan Jun..

Yan Jun would make the choice. He hoped that between the two of them, who would win or lose?

"The SU family's power is intertwined. Su Chuang is focused on fighting for the upper hand. Since you have a heart for Su Xiangxiang, you can't kill all of them. " After a long time, Yan Jun slowly opened his mouth. His clear voice was like a jade falling from a Pearl Plate.

A simple sentence was neither hot nor cold, but it showed Yan Jun's heart.

He was considering for Huo Ting. His words implied that he had chosen Huo Ting.

Under such circumstances, he could have kept his own counsel and said nothing. However, he had given this opportunity to Huo Ting.

It was all for the sake of Xia Jinqi and the Huo family.

Huo Ting's eyebrows jumped, and then his spirits rose... ..

"You don't have to worry about that. I will naturally come up with the best of both worlds. I will not make things difficult for you, and I will also let Su Chuang continue to behave himself. " Huo Ting's excited tone obviously became faster. He was not afraid of Su Chuang's power Moreover, he was confident that he could convince Su Chuang.

Other than that... .. He took a deep breath and looked into Yan Jun's dark eyes with utmost seriousness. He made a lifelong vow, "as long as you, Yan Jun, are on the throne, I, Huo Ting, and the huo family will do my best to support you for one day! "

Chapter 1859 relationship will not change

At that time, Yan Jun did not want to be involved in these common affairs.

The Yan family was a big family and business. In his hands these years, they were like the sun in the sky. In Rao city, and even in the whole world, they occupied an extremely important position.

The Middle East, South Africa, and even the Pacific Ocean were all under his feet?

Being a rich man was far more carefree than being the president of a country.

If it was not because there was no one in the entire country who could contend with Lu Yiming, if it was not because Lu Yiming's hand had already extended to the Yan family, Yan Jun would not have been tempted to go this far.

It really was as Ji Heng said, "The Times create heroes. "

Thinking about it, Huo Ting also had a part in encouraging Yan Jun to seize power.

Since that was the case, he should be responsible to the end and assist Yan Jun wholeheartedly.

And now, Yan Jun's only concern should be whether the people under him were loyal, especially those in charge of the military power.

At this moment, Huo Ting made his stance clear. Firstly, he wanted to make Yan Jun feel at ease, and secondly, it was also as a reward for his choice.

Little did he know, Yan Jun didn't seem to value these things very much.

The term of office of a president was usually five years, but there were also some who were particularly popular among the people. They could be re-elected, but the longest was not more than ten years.

Yan Jun naturally did not intend to be the first person to be elected for more than ten years. To put it bluntly, the reason why he was elected was entirely because he did not want to see this city fall into the hands of someone like Lu Yiming.

After he had taken care of this city and everything was on the right track, he would naturally give it to someone more capable.

Before that, no one in Rao city could rebel under his nose, including Huo Ting.

Therefore, after listening to Huo Ting's heartfelt words, Yan Jun did not show any obvious emotional fluctuations. Instead, he took a sip of wine and stood up. He said slowly, "it's late. You should go back first. "

He had said what he needed to say and listened to everything he needed to hear.

He also drank the wine, even though he had only taken three sips.

However, when he recalled Xia Jinqi's previous words, he felt relieved.

Huo Ting watched as Yan Jun stood up and walked to the desk. He was stunned for a moment before he stood up as well. A second before he left, he suddenly heard Yan Jun's deep voice behind him. "No matter what happens, the relationship between our families will not change. "

Hearing this, Huo Ting's tightly furrowed brows slowly relaxed.

Without saying anything else, he walked out of the room.

With Yan Jun's words, he felt a sense of relief in his heart.

When he went out, there was a hint of a smile on his lips.

Downstairs.

Xia Jinqi was carrying Xiao puff back when Ji Xinyu went to bed early. Xiao puff was a little disappointed that she couldn't see grandma either.

However, when she just came back, Huo Ting happened to run into her and shouted from afar, "uncle! Uncle! ! "

His voice was soft and loud, and it instantly regained its vitality.

Huo Ting suddenly looked up. The girl and niece who had returned late immediately sped up.

"Have you discussed the matter?" Xia Jinqi asked with a smile.

At the same time, Huo Ting scooped Xiao puff out of her arms. "The little girl still has a conscience. Do you still recognize your uncle? "

"UNCLE!" Xiao puff hugged huo ting's neck with a smile. She was very excited.

Huo Ting gently stroked her back before answering Xia Jinqi's question. "Yes, we've discussed more or less. But... "

As he said this, he frowned again, as if he had some doubts in his heart.

Xia Jinqi instinctively became nervous. "What's wrong? "

"Has Yan Jun been acting strangely lately?" Huo Ting asked instead of answering.

Chapter 1860: why are you both urging me to leave?

Xia Jinqi became even more confused. She carefully recalled and slowly shook her head. "No... It's just that my appetite has decreased, and I'm busier than before. "

"Oh," Huo Ting answered absent-mindedly. His tightly knitted brows still showed no intention of letting go.

Seeing this, Xia Jinqi became even more anxious. She hurriedly asked, "what's going on? "

" ... " after a moment of silence, he answered, "it's nothing. I just feel that... he seems a little different from before? "

"How is he different? "

Huo Ting thought for a long time before he found a slightly suitable sentence, "changed? Is he easier to get along with? "

Recalling the process of entering just now, Yan Jun smiled a few times. Moreover, after he said those words that went against the rules, Yan Jun was not angry. Instead, he was thinking a lot for him?

In the end, when he left, Yan Jun even specially gave him a comforting sentence?

This... ... was he sure that the person he saw just now was Yan Jun ? ?

Why was he completely different from the cold-faced King of Hell in his impression?

Could it be that someone was pretending to be him?

Huo Ting suddenly shivered. He unconsciously made a swallowing motion, obviously a little scared.

Xiao puff also trembled passively. The flesh on her face moved along with it. It was quite comical.

But at this moment, no one noticed her silly and cute expression.

Xia Jinqi saw huo ting speak so seriously just now and thought that something big had happened... ..

So it was like that.

“Isn’t it good to get along better? I thought it was something important. You scared me...” letting out a long sigh, Xia Jinqi glanced at Huo Ting and felt that he was making a fuss out of nothing.

Huo Ting thought about it carefully, and it seemed to make sense?

But... ..

“Yes, but... “

“No buts. It’s getting late, you should hurry back! There are still a lot of things waiting for you at home, right?” Xiaajinqii huggedXiaoo puff back from his arms and urged him with a smile.

Huo Ting scratched the back of his head and complained, “why are you both urging me to leave? “

Amused by his tone, Xia Jinqi said, “then why don’t you stay for a meal? “

“Forget it. ” Huo Ting waved his hand. “Let’s go. “

Xia Jinqi watched him leave with a smile. Then, she turned to look at the window upstairs, which was still lit.

She remembered what Huo Ting had said just now... ..

She also felt that Yan Jun had really changed a lot.

“Daddy! ” Xiao puff also followed Xia Jinqi’s line of sight and called out happily.

Xia Jinqi lowered her head to look at her. There seemed to be stars flashing in her beautiful eyes. “Let’s go find Daddy, okay? “

“Okay! “

..

In the vast study room, only Yan Jun was there. For some reason, it seemed a little empty.

The mountain of documents on the table had almost been destroyed. When Yan Jun was serious, his efficiency was so high that it was beyond the imagination of ordinary people.

For example, at this moment, he was flipping through the draft proposal for the reconstruction of the disaster area while looking at the content of Tan Zhuqing’s draft speech. At the same time, he was reviewing the information on the reconstruction of the Security Department. On the computer screen at the side, the latest situation of finding Yu Han’s whereabouts was displayed.

Other than these, he was still on the phone with Li Kun.

“Zhao Xiong urged Su Chuang to use the hands of the SU family to pull young master down from his horse.” Li Kun’s voice came from the black phone lying flat on the table, adding a bit of life to the study room “But SU Chuang didn’t agree and scolded Zhao Xiong harshly, making him never enter the Su family’s door again. “

Yan Jun’s expression was calm, and the MONTBLANC pen in his hand neatly signed his name on a document.
