

## Trick Me 1871

### Chapter 1871 it is very likely that she will come back again

There was a lot of water splashed on his shoes and trouser legs.

Fortunately, he was wearing thick clothes and this little bit of water didn't feel cold. Yu Han didn't mind it and used his other foot to heavily step on the puddle of water.

At this age, he couldn't even be called a mischievous troublemaker. It was just his curiosity when faced with new things.

The big tree standing next to him was inevitably splashed with water from his pants... ..

At his young age, he only frowned. He picked Yu Han up and placed him on the relatively dry ground. Then, he took out a tissue from his pocket and carefully wiped his pants and shoes.

In fact, the big tree wasn't naturally gentle.

When his second brother had just learned how to walk, he often stepped into puddles, causing him to be covered in water. He was so angry that he wanted to punch that kid twice!

Of course, he really did do it.

Then... He was beaten up by his father ...

After experiencing it a few more times, he knew that it was not right to use force at this time. Because his younger brother was still young, even if he was beaten up, he would not understand. He could only repeatedly teach him until the church.

Just like now..

"younger brother, don't step into puddles. You'll catch a cold if you get your shoes and socks wet." He stared into Yu Han's eyes and warned him seriously, "you can't splash water on your brother or others. If you do, others will catch a cold and hate you."

If Liu Juan were there, she would definitely think that her son had gone crazy... .. He actually said such a thing to a little child who had just learned how to walk. It would be strange if he could understand it ! !

However, Yu Han tilted his little head and listened carefully to Dashu's words. Although he couldn't fully understand it, seeing Dashu, who always liked to laugh, suddenly become so serious, he knew that his behavior just now was not good.

DASHU didn't know if Yu Han understood or not. He just pointed at the puddle that Yu Han had stepped on just now and asked him, "do you still want to step in it? "

It was supposed to be a routine action, but Yu Han shook his head as if he understood what he said.

Big Tree was shocked and asked in disbelief, "you... still want to step on the water? "

Yu Han continued to shake his head.

“...”big tree held his breath and almost suffocated!

After a long while, he picked Yu Han up again and turned around in circles. He shouted happily, “third brother, YOU’RE SO SMART! I have a genius brother! Oh Yeah! ! “

Yu Han’s sharp senses caught the word ‘genius’ , and his eyes turned slightly red for a moment.

Mommy had also said the same thing about him... ..

“...”

Xia Jinqi, who had just entered the study room and was about to call Yan Jun downstairs for breakfast, suddenly felt a pain in her heart. Then, her mood became a little unstable, as if she was being pulled by something, missing him... ..

Yan Jun tidied up a document on the table, and when he looked up, he saw Xia Jinqi’s small face scrunched up, clearly very uncomfortable. His black eyes instantly darkened. “What’s wrong? “

As he spoke, he had already walked to her side.

Xia Jinqi was silent for a moment before she rubbed her chest again. She realized that the pain just now had disappeared in an instant.

She shook her head slightly, and her gaze was somewhat straight. “nothing... “

Yan Jun recalled what had happened before and could not help but ask, “could it be Bi Yue? “

” ... “ Xia Jinqi was stunned, but she immediately smiled and said, “No. She has already left and will never come back. “

It seemed that the matter of her turning into Bi Yue had dealt a huge blow to Yan Jun... .. Now, he felt like he had been bitten by a snake once and feared a rope for ten years ...

Unexpectedly, Xia Jinqi’s joke made Yan Jun frown deeply.

“No, it’s very likely that she’ll come back. “

## **Chapter 1872, just stay by my side**

That short sentence instantly made Xia JINQI’S SCALP tingle... ..

“What did you say? ”Shee thought she had misheard.

She had personally sent Bi Yue away, and she hadn’t felt any discomfort these past few days.

Yan Jun didn’t repeat what he had just said. He just reached out his hand and picked up a black USB from the table. He raised it in front of Xia Jinqi and said in a deep voice, “Bi Yue is here. “

For a moment, Xia Jinqi’s mind was blank, but she immediately understood. “You’re saying... Bi Yue’s brainwaves are still stored in this USB? “

Ben had already explained to her that Zhao Chongbin might have extracted and kept Bi Yue's brainwaves fifteen years ago, so that even after Bi Yue died, he could still perform the brain wave transplant surgery.

However, it could also be because she herself had experienced that kind of thing, so she could not believe it even more. The other person who had once invaded her brain and even tried to take over her body.. Now, in another way, she was forever stored in the USB... ..

"You mean, as long as this thing is still there, Bi Yue can still be resurrected?" Xia Jinqi asked with a trembling voice.

"In theory, yes." Yan Jun nodded. He wasn't just thinking about this. "The password on this has been cracked by Ran Xiangsi. It records all the data of the entire experiment and Bi Yue's brainwaves. "

Xia Jinqi bit her lower lip slightly. She didn't ask how Yan Jun got this thing, but only said, "Does Zhao Chongbin have a backup?" This was the key.

She was the first victim. If Zhao Chongbin still had these things, then there would be a second and third victim.

The crease between Yan Jun's brows deepened, but he didn't answer.

He had no way of knowing whether Zhao Chongbin had a backup, but seeing that Zhao Chongbin hadn't made a move for such a long time and wasn't in a hurry to snatch this USB, he was afraid... ..

Xia Jinqi also understood the significance of this, and her eyes narrowed "since Zhao Chongbin is hiding and isn't willing to come out, then it's up to Lu Yiming... Oh right, Lu Yiming asked me for manpower earlier, but he didn't seem to be satisfied with the manpower I sent. Do you still have people there? "

LEGO's people were only loyal to their leader. In addition, they all knew about Lu Yiming's trivial matter. No one was willing to submit to anyone, so Lu Yiming was naturally not satisfied.

But now, it seemed that if they wanted to find Zhao Chongbin, only Lu Yiming had a greater chance.

Only by knowing yourself and your enemy could you be undefeated in a hundred battles.

Yan Jun heard this and pondered for a moment. Then, he curled his thin lips and smiled faintly. "Yes. I'll get someone to look for him. "

"okay." Xia Jinqi nodded and left the matter to him with ease.

When this topic ended, she thought of her schedule for a while. She gently stroked the collar of his shirt and said, "Let's go. You have to go to the disaster area and give a public speech later. I don't know if you can have a good lunch... no matter what, we still have to set aside time for lunch... "

As she said this, she pulled Yan Jun out.

Yan Jun let her hold his hand and listened to her arrangements clearly. A smile could not be hidden in his dark eyes.

In the end, he turned the tables and took the initiative to hold her hand. "Don't worry about these things. Just stay by my side. "

Xia Jinqi followed by his side the entire time. Her jade-like face was filled with a blissful smile.

In the pink Mug on the office table, a small piece of Crisp Green shoots had unknowingly sprouted out from the Brown soil.

'Hope' had silently taken root and sprouted.

### **Chapter 1873 wedding dress**

Early in the morning, the barrister, Wan Rui, did not even bother to eat breakfast and ran to Qingxin Garden.

Long Qingxin had also woken up early. or rather, she had only slept for three hours last night and was tossing and turning in bed, unable to fall asleep. It was better to wake up earlier.

While her hands were still moving and her eyes were not completely blind, she made a few decent clothes for the children.

Especially the two cheongsam placed in front of her.

One of them, the Jade Smoky Luo Qiyun girl Cheongsam with a crescent-shaped white background and water-blue embroidery, had been completed and was now being worn by the model. It was smart and delicate.

Every time long Qingxin looked at it, she would imagine what Xiao puff would look like when she grew up wearing it... ..

It must be a beautiful and moving young girl, right?

The other dress was a red phoenix-tailed Xiao Xiang Luan gown. It was embroidered with large areas of Phoenix embroidery and had golden threads rolling around the edges. It looked elegant and luxurious, with a hint of charm that could topple countries and cities.

Obviously, this was a wedding dress.

This was a gift for Yu Han's future wife.

The few pieces of Phoenix tails at the bottom of the dress had yet to be embroidered. Long Qingxin pinched a needle and sewed a few stitches before the Butler came in with Wan Rui.

"Madam, lawyer Wan is here. "

Only then did long Qingxin put down the needle and thread in her hand. She took off her reading glasses and raised her eyes to look at the door.

A middle-aged man with a medium build, dressed in a formal suit, immediately came forward. "Madam. "

After seeing who it was, long Qingxin looked at the housekeeper. "You may leave first. "

"Yes. " The housekeeper obeyed and left.

The Wan family was someone long Qingxin could trust, and something as important as a will naturally had to be handed over to a lawyer she could trust.

Wan Rui took two steps forward. Before he could ask, Long Qingxin had already pointed at an envelope on the table and said, "this is my will. I'll let you keep it. "

Wan Rui's outstretched hand suddenly froze, and he looked at Long Qingxin in astonishment. "Old Madam, this is... "

"I'm old. It's time to prepare for my funeral." Long Qingxin let out a long sigh and smiled faintly. She put on her reading glasses again and continued to embroider a feather on the tail of the Phoenix.

Having been a lawyer for so many years, Wan Rui had long gotten used to such a scene.

"Yes. " After hearing the Old Lady's words, the surprised expression on her face disappeared slightly. Then, she picked up the will and began to read it carefully.

She read it back and forth for a full two hours.

Every line, every word, Wan Rui carefully considered it and did not dare to neglect it in the slightest.

After reading all the contents of this will, Wan Rui returned to long Qingxin and said, "old madam, there is nothing wrong with the contents of the will. Do you still need to go through it? "

"No need. " Long Qingxin shook her head. When she wrote it last night, she had already considered it carefully.

"Then I'll bring this will back for notarization right now. " Wan Rui then kept the will into his briefcase and put it away.

In fact, for a will like this to be notarized, usually the person involved would have to personally go to the notarization office to submit the materials. However, the long family was not an ordinary person after all.

Long Qingxin looked at him with satisfaction. "thank you for your hard work. " Then, she called for the Butler and sent him out.

Not long after Wan Rui left, Ji Xinyu came over with Xiao puff who had just eaten her fill. She also brought some pastries, which were long Qingxin's usual favorites. n).o.-v-(e-)l)b(.1)-n

"Mom, I brought Xiao puff to bring you some food. You should rest for a while. " Ji Xinyu was also a filial daughter. Ever since she moved into Qingxin Garden, she would come over to visit long Qingxin every day, morning, morning, and evening. She would deliver food and ask about her well-being Her food was not inferior to her biological daughter's.

## **Chapter 1874 bite out a waning moon**

Since there was food and a cute little bun here, Long Qingxin was happy to rest for a while and play with this cute great-granddaughter.

“My little darling, come and let great-grandmother hug you! “

She coaxed and carried the little fellow in Ji Xinyu’s arms into her arms.

Ji Xinyu was really shocked. She stretched out her hands to protect Xiao puff, afraid that if long Qingxin made a mistake, she would fall down again.

During this period of time, Long Qingxin had almost never hugged Xiao puff. It was not because she did not like it, but because her body was getting worse and it was difficult for her to stand up. How could she carry a child?

But at this moment... ..

Not only did she stand up and hold Xiao puff firmly in her arms, she even shook her gently twice. When Ji Xinyu saw this, she did not know whether she should be happy or worried... ..

This, could it be... .. The last Ray of light ? ?

She remembered that her mother, who had been bedridden all year round, had suddenly woken up on her own one day. She had even taken a walk on the streets and even cooked a sumptuous dinner herself. The entire family thought that she had recovered greatly.

But a few days later, her mother had gone... ..

Later, she heard that among the experienced seniors, this was called the last ray of hope.

It was not that she was doing great, but... .. She was leaving ...

Xiao puff seemed to have hit it off very well with long Qingxin.

She was holding a piece of pastry in her hand. It was her favorite. Ji Xinyu had been coaxing her along the way, telling her that she wanted to eat it, but she was not willing to share a single piece. Now that she saw long Qingxin.. She took the initiative to feed the pastry that was almost deformed by her pinching. Xiao puff kept shouting, “Zu... Zu... Eat! “

The three words “great-grandmother” were still a little difficult for her, so she chose one of the words wisely. Although Xiao Puff’s words were not standard, she could clearly distinguish every person who was called by each word She was not confused at all.

Long Qingxin did not mind the flattened pastry at all. She took a big bite and gave Xiao puff a crescent moon. “Good Sun Nan’s pastry is so delicious! “

“hehe. ” Xiao puff smiled and looked back at the remaining pastry in her hand. She shouted in surprise, “Moon Brew... Moon Brew! “

“It’s the moon. great-grandmother bit Xiao Puff on the moon. ” Ji Xinyu put down the doubts in her heart and joined in.

“MOONSHINE! ” Xiao puff shouted as well, but it was still L and N.

The more long Qingxin looked at Xiao puff, the more she liked her. She couldn’t help but kiss her twice. “I really want to see you grow up... “

Unfortunately, she couldn't wait for that day to come.

"This child grows up so fast. Back then, when I saw her, it was just the full moon. In the blink of an eye, she was almost one year old!" Ji Xinyu smiled and sighed. Everything in this world had variables, but the passage of time was immutable.

Long Qingxin played with Xiao puff for a while before asking, "has the Yan family been repaired?"

These days, Yan Sheng left early and returned late. Long Qingxin guessed that he had gone to the Yan family.

After all, it was the foundation passed down from generations of the Yan family. Yan Sheng was also a descendant of the Yan family. He couldn't just watch the place go into ruins, could he?

Although Long Qingxin never asked, she knew in her heart.

Ji Xinyu nodded "It's all done. Jun 'Er and Jin Qi should go over to take a look at the details tonight. In a while, I'll pick a few people from the family to clean up. If it's late, let them stay there for a night to see if there's anything they need to add."

### **Chapter 1875 met a perfect husband**

"That's good too." Long Qingxin stroked Xiao puff's soft short hair. After a moment of silence, she thought of something and said, "You should go back too. See if Sheng 'er has prepared anything for you. You'll have to stay here for the rest of your life after all. It'll be better if you can make it more comfortable."

She was still young and confused. The children were only staying with her for a few days. After all, the Yan family was their home. They had to go back eventually.

She couldn't tie them to her side for the rest of her life.

Fortunately, she had long gotten used to being lonely after so many years.

Ji Xinyu could hear the loneliness in her tone and hurriedly said, "I won't go over. I'm too tired from running around."

As she spoke, Ji Xinyu changed the topic. "recently, Xiao puff's speech has become much clearer. Her teeth are also good!"

"Yeah... She's really a good child..." Long Qingxin lowered her head to look at Xiao puff who was staring at the spinning rattle drum in a daze. She felt that her cute heart was about to melt !!

She hoped that she could grow up safely and be a happy and kind girl in the future. When she met a good husband, she would be like her, waiting until she was at the end of her life before she felt empty. It was too late to regret.

"..."

After lunch, Long Qingxin took a nap as usual.

Xiao puff was also drowsy and refused to leave. Fortunately, Ji Xinyu left her with long Qingxin. The old and the young fell asleep next to each other.

There was someone to look after them, so there was nothing to worry about.

Ji Xinyu found some time and asked the Butler to go to the backyard to pick a few capable people, and let them go to the Yan family to help out.

This kind of job was usually for the young and strong ones. The root was in charge of the Horse Farm, so naturally, they could not leave casually. Although Liu Juan was a good handle, it was not convenient to bring a few children with her, so no one thought of them at all.

But who knew that two people could not go at the last minute. Butler Wu searched everywhere and could only call Liu Juan to go.

“Butler, it’s not that I don’t want to, but look at my four children! I really can’t leave!” It was not that Liu Juan did not want to go, but the conditions did not allow it.

Butler Wu also knew, but if the situation was not so special that it was a last resort, he really did not want to find a woman who was still nursing a baby to help.

After thinking for a long time, he could only say, “why don’t I give your man half a day off and let him come back to take care of the children? You go over and help him first!”

“This...” Liu Juan was still in a dilemma. “He is a man, he can’t take care of four children...”

Liu Juan was usually the one who took care of the family matters and children, especially fourth brother, who hadn’t weaned and hadn’t left her for a day.

Could Genzi do it alone?

At this moment, Dashu, who was playing by the side, held Yu Han’s hand and walked over. He took the initiative and said, “mom, why don’t I take third brother with you? You do the work, and I’ll take care of little brother. Little brother is very obedient, he won’t make a fuss.”

After leaving two children, there were only two children left in the house, so it shouldn’t be difficult to take them with him. n).o.-v-(e-I))b(.1)-n

DASHU only wanted to share some of the burden with his mother. After all, it was not fun to play anywhere?

Moreover, they were only allowed to move around in a courtyard that was only the size of a palm. It would be great if they could go out and take a look!

Yu Han did not know that the place he was going to was his home. He only let Dashu hold his hand and did not make a fuss. His expression was very obedient and very likable.

Liu Juan turned around and looked at the two children. She was still in a difficult position. “This...”

Butler Wu did not have the time to let her slowly think about it. He immediately said, “It’s settled then! Quickly get in the car! There are still a lot of things waiting over there!”

## Chapter 1876: WAS lying

Just like that, Liu Juan got into the car with the two children.

It was unknown whether it was a coincidence or something else, but it was still the black SUV.

Butler Wu was busy for a while before getting into the car. However, he was sitting in the front row while Liu Juan, the children, and a few maids were sitting in the back.

The group of people were almost all helping in the kitchen. Many of them had never been to the front yard in their lives. Even Long Qingxin rarely saw them, not to mention Yan Jun, who rarely came.

Therefore, when they saw Yu Han, who was especially handsome, they were all pleasantly surprised, but none of them thought too much of him.

“Big sister, your child is so handsome! He is so pretty!” Xin spoke first, and her words were filled with unconcealable envy.

The moment she started, the people next to her immediately echoed, “yes, when I was young, I was a sister-in-law for a few years and took care of many children, but I have never seen anyone as handsome as him!”

“Aiyo, let me take a look. especially those big black eyes, they’re so lively!”

After listening to all these people talking, Liu Juan also lowered her eyes to look at the little guy sitting on her lap. She found that he had indeed grown a lot more than when she first arrived at her house... ..

His chubby little face seemed to have become thinner. The outline of his face was clearer, and his facial features were more three-dimensional.

Although he had become thinner, he was indeed more handsome!

However, Liu Juan was puzzled.

Whether it was the fresh milk from before, the milk powder now, or the rice, rice, and vegetable Congee, she always ate with the child first and never let him starve. Why did he become thinner the more she fed him?

DASHU did not think too much about it. However, when he heard these people praise his younger brother, he became a little proud. He lifted his Chin and said proudly, “not only is my younger brother good-looking, he’s also very smart! Although he’s still so young, he understands everything we say!”

Just as he finished his sentence, Liu Juan took the lead and reprimanded him, “Dashu, how can you speak like that?”

She did not want her child to develop the habit of comparing and showing off from a young age, nor did she want them to feel inferior because of their family background.

Just as Dashu was about to shut up, the Auntie beside him became curious. She smiled doubtfully and said, “you child, you’re always talking nonsense. What can such a big child know?”

“That’s right. ” One of them was not convinced and went straight to ask Yu Han, “little child, is your brother lying to you? “

“...”Yu Han did not say a word. He did not even look at these people. He only lowered his eyes and played with the strange-shaped stone that Dashu had given him just now.

The others waited for a while but did not see any reaction from Yu Han. They all began to mock Dashu “Dashu, look at him. He has no reaction at all. How is he able to understand? This child is at most one year old, right? He can’t even speak properly yet his brain is so clear? “

As a child, the good-looking ones were all due to their parents’genes. This was the only outstanding one.

He had never heard of a child who was less than one year old being so smart.

When Dashu heard this, he immediately became anxious. “No, little brother is really smart! He even said that he wouldn’t step in puddles anymore. He even called me big brother! “

“Sigh, lying isn’t good. ” Everyone looked at Dashu with a strange gaze... ..

Even Liu Juan said, “Shu, stop talking. Don’t make a fool out of yourself! “

“But... but... little brother is obviously...” DASHU’s eyes were red with grievance. He wanted to explain, but realized that he was helpless.

Yu Han’s hand that was playing with the stone paused for a moment.

### **Chapter 1877 was so different**

He looked up at DASHU.

He had spent the most time with Dashu in the past few days.

Liu Juan was the mother of three children, so naturally, she could not put all her attention on him. She was even more busy earning money to support her family. Basically, she left early and returned late.

However, Dashu was different. He had not gone to school yet, so he did not have to do farm work now. His greatest pleasure every day was to stay with Yu Han.

A person who was especially good to him seemed... .. Unhappy ...

Yu Han didn’t understand why he felt a little strange when he saw Dashu Sad.

He didn’t understand what it felt like, but he didn’t like it very much.

He raised his hand, wanting to help Dashu wipe the tears from his face in a hurry. He remembered that his mommy used to wipe his sister’s tears like this.

But his hand was too small, and it was a little Chubby. When it landed on DASHU’s face, it was a little comical.

“Don’t cry, ” he said lightly. He said what his mommy had said before, wanting to comfort Dashu as well.

It was just a simple word, but it was unusually clear and domineering. It didn't seem to come from the mouth of a one-year-old child at all!

Everyone in the car was shocked!

Even the driver in the front row panicked and almost ran the red light. Fortunately, he reacted quickly and stepped on the brakes in time... ..

Everyone's upper body leaned forward a little, but no one noticed it. Instead, the moment their bodies quickly returned to their original positions, their eyes fixed on the small body in Liu Juan's arms!

This included the Butler who was sitting in the passenger seat... ..

He could not help but be curious. When he turned around, he could only see Yu Han's back.

Speaking of which, he had never seen this child in detail. He was a servant's child to begin with, so he really did not have much reason to care.

But... .. Just from the tone just now, why did he feel that it sounded a little familiar ? ?

Liu Juan was also scared out of her wits and did not dare to make a sound for a long time.

On the other hand, Dashu felt that everything was normal. He immediately stopped crying and looked at Yu Han in ecstasy. "little brother, I won't cry! "

Then, he looked at the adults around him and shouted excitedly, "I'm not lying, right? My little brother is really very smart! "

The adults' expressions became a little strange. Most of them did not believe it, but they had no choice but to believe what had just happened.

"This... " someone wanted to verify it again, but just as he started, Yu Han slowly looked back and his icy gaze landed on that person.

The words that he wanted to say were instantly stuck in his throat... .. That person was stared at until his back turned cold. His throat rolled hard and he did not dare to say another word ! !

Aside from shock, there was also lingering fear!

He even wondered if he was sick?

Otherwise, how could he be intimidated by a baby's casual glance?

Yu Han didn't give up. He started from the talkative man and swept the people in the car one by one.

In the crowded car, the temperature suddenly dropped.

An invisible pressure began to spread.

Even Liu Juan didn't dare to breathe loudly... ..

She also thought that everything that happened just now was an illusion?

Otherwise, how could such a small doll... .. And over the past few days, she only thought that this child might be smarter, but she never knew that he was actually.. .. So different from the rest?

Yu Han didn't really understand the meaning behind it. He only remembered that once, when his daddy hugged him, there were many people in front of him. They talked a lot and were very noisy. Then, his daddy looked at everyone like this. After that, everyone quieted down.

Now, he was just following the same pattern.

### **Chapter 1878: the Golden Bachelor!**

He had only learned half a point, and he had already achieved the results he was looking for.

His ears were clear, and DASHU stopped crying.

Everything seemed to have calmed down.

Yu Han retracted his gaze and leaned against Liu Juan to close his eyes slightly — Sleep!

DASHU saw this and hurriedly took off his coat to cover Yu Han. Before Liu Juan frowned and looked over, he chuckled and said, "it's so hot in the car, MOM! "

Only then did Liu Juan turn around. The heater was turned on in the car, so it was indeed not cold. Only then did she swallow what she wanted to say.

The adults beside her came back to their senses one after another. They all coughed dryly and turned their faces away, not daring to say anything more.

For a moment, the chattering SUV suddenly quieted down. Other than the sound of the car driving, there was no other noise.

This was extremely helpful for Yu Han to fall asleep.

He woke up too early in the morning, so he was sleepy... ..

DASHU was like a knight, accompanying him at all times. One moment he was afraid that he would get cold, the next moment he was afraid that he would get hot. He took better care of him than Liu Juan did.

Who would have thought?

An extraordinary adventure when they were young allowed these two children, who had nothing to do with each other, to meet under the guidance of fate.

After this long period of time, they would grow together and rewrite each other's fates... ..

..

The Security Department.

The building that had been burned down earlier had been repaired. From the outside, it looked almost the same as before.

However, the interior from the second floor to the tenth floor could not be put into use. The internal damage was too serious, and it could not be repaired in a short time.

In fact, these buildings and people were the same.

External injuries were easy to treat, but internal injuries were not easy to treat. They could only spend time and effort to fix it.

Fang Shaoan was still the minister. He was personally in charge of all the repairs. Other than that, he moved the main work area to the fifteenth floor and above.

He had been there for three days in a row.

Now, he was the only one left in the Fang family. Even if he went home, there was only endless loneliness and pain in front of that big empty house. He might as well put all his energy into his work.

The Security Department needed to repair it, and the small cannon fodder needed to be found. Nothing could be delayed.

Especially now that they had locked onto the target — the black SUV with the license plate number XXX769.

Now, as long as they could recover the data, everything would become simpler.

He gathered hundreds of engineers and rushed to repair it day and night. The progress of the project was brought forward time and time again... ..

Most of the people below were old people from the past. When they saw Fang Shaoan, who was acting as if he was crazy and serious, they all discussed in private. They said that the former minister had a spirit in heaven and finally enlightened this good-for-nothing young man.

“His family is declining, his parents are dead, and he just happened to be in time to change the dynasty. Our minister’s life is too legendary, isn’t it?” During the break, the tea room was always full of all kinds of gossip.

“Tsk Tsk Tsk, this is the LEGENDARY PRODIGAL SON RETURNING! I think our minister will be a great man in the future! Who in your family has a daughter? HURRY UP AND MAKE ARRANGEMENTS! After this village, there won’t be such a shop anymore! “

Some people began to jeer, wanting to climb up the ladder. After all, Fang Shaoan was now so close to Yan Jun. they heard that he had pretended to defect to Lu Yiming previously to help Yan Jun conquer the world. Now that Yan Jun had decided internally, the future of the security department was bright!

Who wouldn’t want to take advantage of it?

Moreover, the minister was still single!

This was a great opportunity! ! !

If Fang Shaoan was here now, he would definitely burst out laughing!

The playboy who was once known by everyone in Rao city was a Bah. ...

Now, he had become a golden bachelor with a bright future?

### **Chapter 1879: The most regretful**

Zuo Xiaoran happened to hear these words when she passed by the Pantry with her lunchbox.

The corners of her eyebrows flew up, and she suddenly smiled.

She was truly happy for Fang Shaoan, and nothing else.

His family had suffered an unexpected accident. It was already amazing that he was able to pull himself together and build a career... ..

Now that so many people were praising him, he would definitely be able to go a long way in the future.

Walking quietly past the Pantry, Zuo Xiaoran walked to Fang Shaoan's office with ease and familiarity.

She had been by his side every day when they were beside the ice lake. Now that she was back, she did not slack off. Every day, she would prepare the food that she made herself.

Knock, knock, knock. After knocking on the door, Fang Shaoan's familiar voice came from inside. "Come in. "

Zuo Xiaoran pushed the door open and smiled at the man sitting at the table. "Are you still busy? It's time to eat! "

The short hair that Father Zuo used to call pineapple hair had been washed back to black. His hairstyle was also normal and he was used to wearing a suit, but the color... ..

The pink shirt was still his favorite.

Fang Shaoan heard the sound and looked up from the huge pile of documents. The moment his eyes met Zuo Xiaoran's, his eyes lit up.

"Okay! I'm hungry!" As he said that, he put down the pen in his hand and walked toward Zuo Xiaoran.

The two of them sat down on the Guest Sofa. Zuo Xiaoran placed the Bento boxes that she had brought over on the coffee table and asked, "how's the investigation going? "

Even though this sentence did not have a subject, Fang Shaoan still understood. He picked up his chopsticks and frowned "The data hasn't been recovered yet. I've been using the city's still-perfect surveillance to conduct a search, but I still haven't found the car. "

"could it have left the city?" Zuo Xiaoran asked.

"impossible. " Fang Shaoan shook his head and took a bite of the shrimp tail. "I've made a call to the city defense. It's a major surveillance. They won't let the car go. "

Zuo Xiaoran was relieved. "As long as it's still in the city, it's good. I hope Xiao Yuhan can be safe and come back soon... "

“Don’t worry, that’s Yan Jun’s son. I’ll definitely get him back!” Fang Shaoan turned to comfort Zuo Xiaoran, afraid that she would be too worried. However, seeing that she was frowning, he asked again, “do you want to drink some red wine?”

Zuo Xiaoran was stunned for a moment. She subconsciously stroked her lower abdomen, then shook her head. “No, do you want to drink? I’ll go get it for you.”

Seeing that she was about to get up, Fang Shaoan reached out and pulled her wrist, not letting her leave. “Xiaoran, it’s been hard on you during this period of time.”

Compared to a few months ago, Fang Shaoan had indeed changed a lot.

But Zuo Xiaoran had also changed a lot... ..

In the past, she had always avoided him, but now, not only did she take the initiative to approach him, she was also willing to stay by his side.

During the most difficult period of his life, she had never left and had always been silently accompanying him.

Although Fang Shaoan usually did not say this, he had seen it all.

Zuo Xiaoran’s back was facing him, and her eyes turned red. She shook her head hard to show that she had done nothing.

What she regretted the most right now was that she had not accepted him earlier and stayed with him... ..

Therefore, even though her parents tried their best to stop her, she was still unwilling to leave him just like that.

There were some things that even if she thought clearly and understood clearly, she still could not help but want to do them... ..

Life was like this, you could not control yourself.

**Chapter 1880 child, you came at a really bad time... ..**

Seeing that she did not turn her head, Fang Shaoan simply stood up and took a step forward, hugging her from behind.

Zuo Xiaoran’s body stiffened, and she could not care less about her sadness. Her tears even started to gather in her eyes.

Just as she was about to ask him what was wrong, his deep and affectionate confession rang in her ear, “Xiaoran, marry me... We’ll get married and we’ll be together forever.”

At that moment, the tears that had gathered in Zuo Xiaoran’s eyes suddenly slid down... ..

She choked up and couldn’t even speak.

This man... .. although he was usually a bit careless, when he really became serious, his deadly force was even more deadly ! ! !

Fang Shaoan sighed softly and rested his Chin on her neck as he continued to mumble “I really can’t wait to marry you. You don’t know how envious second young master Yan is when I see him. In the future, when we get married, we’ll also have a lot of babies, okay? “

As he spoke, it was unknown whether it was intentional or not, but Fang Shaoan placed his hands on her lower abdomen and gently patted it.

Zuo Xiaoran smiled as tears fell from her eyes. Her lips trembled slightly. After a long while, she answered him, “okay... “

He had said this to her once before.

At that time, Fang Shaoan’s parents were still alive, and he was still that careless young master... ..

At that time, she was also touched, but she did not know how to answer him. She could only change the topic by saying that he did not have flowers or a diamond ring.

But now... ..

How could she bear to say no to him?

She knew very well how strong he was and how hard he had worked to get to where he was today.

When Fang Shaoan heard her answer, he was overjoyed. “You agreed? You really agreed? ! “

He happily carried her up and spun her around on the spot.

“I have a wife! I HAVE A wife too! ! “

Zuo Xiaoran was seeing stars from his spin and could not help but curse, “you fool! PUT ME DOWN QUICKLY! MY HEAD IS SPINNING! “

“HAHAHAHAHA! I have a home! ” Fang Shaoan was unwilling and instead became happier and happier. The huge office was filled with his laughter that could not have been happier.

He was really happy.

Ever since he was young, he was the only child of the Fang family. He was the eldest young master who was doted on by thousands of people. He could do whatever he wanted.

This kind of life made him used to enjoying life. He played with women wantonly. He never lacked money and never thought of getting married.

When he thought of the complicated and unchanging married life, he resisted.

He never thought that one day, he would meet such a woman. She would walk into his heart and melt all the ice in his heart.

He did not know when it started, but a thought suddenly appeared in his mind — spend the rest of his life with her Spend the rest of his life with her, forever and ever!

And now, he had the ability to achieve all of this... ..

A long, long time later, when Zuo Xiaoran recalled this day, she still remembered the innocent smile on Fang Shaoan's face. It was so happy, so happy... ..

Moreover, after she walked out of his office, she leaned her back against the cold wall and gritted her teeth. Even though she was trembling with heartache, she did not dare to make a single sound. She was afraid that he would hear her, afraid that he would notice something was wrong... ..

She could only hug her stomach tightly and cry until her heart was broken. "child, you came at a really bad time... Mommy and daddy will never have a result... "
