

Trick Me 1891

Chapter 1891 it seems that you like this surprise very much

The dog on the ground seemed to be frightened. Its whole body trembled and its fur stood on end.

The dog stared blankly at the helpless tree. In the next second, the sky behind the tree suddenly lit up with a series of colorful lights!

These lights continued to connect and eventually formed a huge circle!

The dog was also dumbfounded. It cried out excitedly, "WOOF WOOF WOOF! "

The tree was startled by this cry. It turned around and was also stunned.

He saw a huge ferris wheel appear in the dark night sky!

Colorful lights wrapped around every car on the ferris wheel. As the ferris wheel slowly turned, it enticed people's hearts!

At that moment, an idea suddenly appeared in the big tree's mind... ..

With such beautiful lights, could it be that his younger brother was chasing after these lights?

He did not think too much. He took a step and rushed towards the Ferris wheel that was shining with beautiful lights!

"..."

Under the huge square platform under the Ferris Wheel, Yu Han quietly wiped the tears on his frozen red face. He sobbed and moved forward step by step.

"Mommy... Daddy... "

Where are you guys?

Yu Han missed you guys.

After taking one or two steps, a burst of light suddenly flashed before his eyes.

He subconsciously looked up and saw the rainbow-like light flashing before his eyes... ..

It was... .. It was the big circle in his memory ! !

On the other side of the platform, Xia Jinqi and Yan Jun, who were about to leave, also stopped in their tracks.

Xia Jinqi was the first to look up. When she saw the ferris wheel with its colorful lights for the first time, her heart almost stopped beating.

"This is... "

She couldn't help but step back and jog two steps. Standing under the Ferris wheel, she looked up at the fascinating and magnificent scenery!

"So beautiful!" She gasped in shock... ..

Yan Jun also walked over. He only glanced at the Ferris wheel in front of him indifferently, thinking to himself, "why did the lights turn on before I gave the signal? "?"

However, seeing Xia Jinqi's happy look, it was worth it.

"It seems that you like this surprise very much," he said with a faint smile while curling his thin lips.

Just as he finished speaking, the ferris wheel next to him suddenly started to turn with a click... ..

Xia Jinqi's attention was once again attracted, and she raised her head to look.

She saw that there seemed to be a small package tied under each sightseeing carriage on the ferris wheel. It was too far away, so she couldn't see it very clearly. However, as the Ferris wheel slowly turned, something actually started to fall from each small package... ..

Xia Jinqi was a little lost in her thoughts as she looked at it. It wasn't until the thing fell close to her that she saw it clearly... ..

One small piece after another. There was a red glow in the snow-white color. It was actually... .. Cherry Blossom Petals ? ?

In less than a moment, a rain of Cherry blossoms started falling from the sky... ..

It was unknown if it was a coincidence, but it started snowing again that night.

The Cherry blossom petals that flew in the air mixed with the bright white snow. They fell from the sky and drifted down. It was so beautiful that it seemed like a dream... ..

Xia Jinqi slowly reached out her hand, wanting to catch something.

The snow-white and pink fell into her palm one after another.

After a while, there were only faint cherry blossom petals and a trace of lingering fragrance left in her hand... ..

That fragrance seemed to have the refreshing scent of snow and Cherry Blossom, as well as a trace of faint sorrow.

Xia Jinqi lowered her eyes to look at the remaining petals in her hand. Just as she was about to Sigh, a few huge round lamps beside her suddenly lit up... ..

They illuminated the surroundings, and at the same time, they also illuminated the small figure in front of them who had also reached out to catch the petals.

Chapter 1892: Try to be your own hero

I hope that I will never abandon you.

Maybe it will be the next second..

At the moment you look back..

A pleasant surprise came just like that.

Xia Jinqi lost her mind for a moment and stared blankly ahead... ..

“What’s wrong?” Yan Jun sensed something strange and followed her line of sight to look forward.

In that one second, his line of sight was frozen.

He saw a tiny figure standing in the cherry blossom rain that filled the sky just twenty meters away from them, right in front of their eyes... ..

Even he, who had always been calm and collected, narrowed his eyes at this moment. His face was full of shock, and he could not hide it.

“Yu Han.” The corner of his mouth moved slightly, and a slightly trembling voice came out from the corner of his thin lips.

When Yu Han, who was looking at the petal in his palm with a frown in front of him, heard this, he immediately raised his little head!

When his obsidian-like eyes clearly saw the two people not far away, tears immediately gushed out like a fountain... ..

“Daddy, MOMMY!” He lightly whistled, and without thinking, he quickly ran towards them!

Even though he was already exhausted, even though he had just learned how to walk not long ago, even though the way he ran was slightly trembling and swaying... ..

Xia Jinqi could no longer hold it in. She screamed in shock, “Yu Han!!” Then, she sprinted towards the small figure!

Amidst the snowflakes and Cherry blossoms that filled the sky, she squatted down and pulled the little guy into her arms with all her strength!

“Yu Han...” she sobbed so hard that she became a tearful person.

Xiao Yuhan, who had always been strong and did not like to cry, could no longer hold it in at this moment.

The moment he threw himself into Xia Jinqi’s arms, the longing and loneliness that he had felt for the past few days finally exploded completely... ..

“Wah!!! Mommy!!!” He cried hysterically. He was so sad that it made one’s heart break ...

Yan Jun’s heart ached, and his eyes inadvertently turned red.

The lines of his jaw were very tight. He stretched out his long arm and pulled the crying mother and son into his arms.

The huge Ferris wheel was still spinning at a constant speed. Cherry blossom petals were still sprinkled under the car, mixing with the white snow that fell from the sky. They slowly floated to the ground, leaving behind a pink and perfect ground.

Fang Shaoan, who had been panting all the way here, was slightly surprised when he saw this. Then, he smiled in relief.

After letting out a long sigh, he finally completely let go of the knot in his heart.

He had let the little cannon fodder wander outside because of him. His heart had always been filled with self-blame and guilt.

Now, the little cannon fodder had finally returned... ..

“little cannon fodder, you’re better than Godfather. You found your own way home.” He sighed lightly, and the expression on his face was very happy.

This younger generation made him feel as if he could see the future... ..

That must be an even better era, right?

In fact, if Yu Han hadn’t thought of his daddy and Mommy when he saw the ferris wheel, he wouldn’t have come all the way here if he wasn’t so smart.

But even if he hadn’t done all this, Fang Shaoan, who had already received the exact news, would have come to find Yan Jun and Xia Jinqi and told them that the owner of the car was actually in Qingxin Garden.

It was only a matter of time before he found Yu Han.

However, Yu Han had worked hard on his own, which accelerated the possibility of Reunion.

Su Zhishui

No matter what the situation was, waiting for rescue was one way, but please never forget to save yourself.

No one could save you more than yourself.

Try to be your own hero.

Su Zhishui.

Chapter 1893: Burn The flame of love from the cold-faced King of Hell!

That night, all the pedestrians who passed by the Yan family’s old mansion stopped because of the pink petals that suddenly fell in front of their eyes... ..

A little girl wearing a snow-white down jacket stretched out her hand to catch a few petals and happily raised them in front of the woman who was holding her hand. “Mom, IT’S CHERRY BLOSSOMS! “

“Yeah, spring is coming soon... ” the woman muttered and unconsciously raised her eyes.

The surrounding pedestrians also raised their heads, looking for the source of the picturesque scenery.

Soon, someone in the crowd shouted, "the petals came from the Yan family! "

"LOOK AT THAT FERRIS WHEEL! The petals came from the Ferris Wheel! "

"It really is... so beautiful... "

Almost everyone's eyes were mixed with envy and longing.

But more than that, they were blessings.

"I heard that Yan Jun built that FERRIS WHEEL FOR HIS WIFE! "

"really? Our Yan DA is really a Man! He is capable and pampers his wife so much! I really ENVY HIS WIFE!
"

"A man who knows how to cherish his family like this will definitely bring happiness to Rao city! "

"I think so too! I will definitely vote for him in the presidential election next year! "

"ME TOO! "

"And me! ! "

Fang Shaoan, who had just come out of the Yan family, happened to hear these conversations.

He also turned around to look at the ferris wheel that was shining brightly in the night sky. He could not help but shake his head and laugh. "The people's hearts are in favor. You don't even need to ask for votes yourself? Only you, second young Master Yan, can do that. "

After he finished speaking, he was lost in thought for a moment before he furrowed his brows again
"Such a romantic scene, why didn't I think of it before Sigh... ... In the end, the master is better than the master ! I, this ten-thousand-year-old love Saint, was easily defeated by second young master Yan, this wooden block ? No, I must think of a more perfect and romantic scene to formally propose to Xiao Ran!"

Since he thought of Zuo Xiaoran, he took out his phone and dialed her number.

The news that little cannon fodder had found had yet to be told to her, and... ... Looking at the Cherry blossom rain that filled the sky, he inexplicably wanted to see her ...

"sorry, the subscriber you dialed has turned off his phone. "

Fang Shaoan put down his phone in surprise and muttered to himself, "is it out of battery? This girl, she always doesn't know when her phone is out of battery. "

As he spoke, he sent her a message.

[something good has happened, call me back quickly.]

After sending the message, Fang Shaoan didn't leave directly.

This was the ultimate beauty that was rarely seen in a hundred years. If he really left just like that, wouldn't it be a pity?

Hence, he took out his phone once again and took a picture as a memento. He then posted it on the social network of his many fans with the words, "Burn! The flame of love of the cold-faced Yama King! "

"..."

The big tree was not interested in the beauty in front of him. His heart was already in turmoil. As he ran all the way to the ferris wheel, he saw a man and a woman carrying his younger brother.

Without thinking, he rushed over and shouted loudly, "younger brother! ! "

Perhaps even he himself did not notice that his face was already covered in tears and his throat was hoarse from crying. The sound of him shouting out forcefully was somewhat broken.

Yan Jun and Xia Jinqi were stunned for a moment. Before they could turn their heads, they saw Yu Han stop crying in his arms. He turned his head and looked in the direction of the sound.

Xia Jinqi followed his line of sight and saw a six or seven-year-old boy. Although the clothes on his body were very old, they were washed very cleanly. His small face was completely red from the cold, and there were even tears hanging on his cheeks.

Chapter 1894: You don't know how long the future holds!

Dashu also saw the two people in front of him clearly. He thought they were hugging him because they thought he looked good. He hurriedly rushed over. "Uncle, Auntie, this is my brother. I accidentally lost him..."

After saying that, he looked at Yu Han. "brother, why are you here? Go back with brother! "

Xia Jinqi looked back and exchanged a glance with Yan Jun. both of them had the same doubts in their eyes. Then, they looked at Yu Han at the same time.

"brother..." Yu Han opened his mouth to call him. It was different from the previous times.

This time, he took the initiative.

After calling him that, he turned back to look at Yan Jun and Xia Jinqi and called out, "Daddy, Mommy. "

It seemed like he was introducing his daddy and Mommy to Dashu.

Sure enough, Dashu was stunned for a second. It took him a long time to react. He asked Xia Jinqi and Yan Jun, "you... you're my brother's parents? "

Xia Jinqi smiled and nodded. She looked at Yu Han and then at the child in front of her. She seemed to have understood something.

"Yes. Have you been taking care of him all this time? " Xia Jinqi asked gently.

Dashu shook his head and then nodded. He answered timidly, "mommy brought little brother back. "

"Is your mommy called Liu Juan? " Xia Jinqi asked again.

Dashu continued to nod, then pointed to the place where he came from. "Mommy is working in the kitchen. I brought little brother to play in the yard, but I went in for a while. When I came out, little brother was gone... "

"Good Child. Thank you so much for your family." Xia Jinqi walked over and touched DASHU's head. Her voice was choked with sobs.

Yu Han saw that his mommy was crying, and his little brows furrowed again. He reached out to wipe the tears off his mommy's face, but he sobbed and big tears fell again. "Mommy... "

Yan Jun held onto Xia Jinqi's shoulder. Seeing that her eyes were red from crying, he coaxed her gently, "it's snowing heavily. Bring the children into the house first. "

Xia Jinqi choked with sobs and couldn't speak. She could only nod her head nonstop.

Soon, someone came over to hold an umbrella for them.

The big tree followed them in. He was still worried that his little brother would leave just like that... ..

After the group of people left, inside the control room of the ferris wheel.

The master fiercely cut off his disciple's head again and scolded, "young master hasn't even given the signal, who told you to turn on the lights! "

The disciple hugged his head that had been beaten and hid to the side "Master, didn't you say that young master brought young Madam here to see the Ferris Wheel! Perhaps young master was so excited that he forgot to give the signal? I wasn't... wasn't I thinking for them? You saw it too, young madam is so happy... "

"You! You... this time, it was just a lucky hit. In the future, no matter what happens, remember to follow the rules! No rules, NO CIRCLE! " Although master was angry, everything had happened. Fortunately, there was no harm done, so he just let it go ...

The disciple immediately nodded. "Okay! Master, don't worry! I will remember it! "

After admitting his mistake, he turned his head to look at the Ferris wheel that was still spinning, as well as the scattered petals and white snow. His eyes were a little empty "But master, we've spent so much effort. Why didn't young master and Young Madam take a ride on the Ferris wheel? "

He had caused them to spend a few weeks adjusting... .. In the end, he just came to take a look and left ? ?

After he finished speaking, he was greeted with another round of peeling.

"You don't know how long there will be in the future! You really talk too much! Don't disturb me while I enjoy the beautiful scenery! "

"I know, master... "

"still talking! "

"..."

Chapter 1895: ten-year-old tree, a hundred-year-old tree man.

Back in the living room, Xia Jinqi's emotions had calmed down a lot. Yu Han stopped crying and obediently lay in his Mommy's arms, enjoying the hard-earned happiness.

The food was already served on a full table, but no one had the time to eat.

Yan Jun sat on the main seat and ordered someone to call Liu Juan over.

Big Tree was very reserved. He just stood by the side obediently and stared at Yu Han without blinking.

Yan Jun waved at him. "come here. "

Big Tree hesitated for a moment before walking over.

"What's your name?" Yan Jun asked him.

He knew that he was Liu Juan's child and that it was Liu Juan's family who had taken care of Yu Han for such a long time, but he still did not know the name of the child in front of him.

"Big Tree," big tree said timidly, then added, "Wu Shu. "

Yan Jun nodded slowly. "ten-year-old tree, a hundred-year-old tree man. A good name. "

From the time the child came to chase Yu Han, to the time when Yu Han was willing to call him big brother, to the time when he thanked the servant who held the umbrella for him, to the time when he entered the living room, he had been sitting upright with his eyes fixed. It was not difficult to tell that the child's character was not bad.

When DASHU heard this uncle praising his name, he could not help but lower his head with a blush.

At this moment, the flustered Liu Juan was brought in.

She was busy in the kitchen when three or four burly men suddenly rushed in and called out to look for her, scaring her half to death... ..

Along the way, she had been thinking that since she had just come to do something, she should not have done anything wrong, right?

The only thing was that she had bought two drumsticks... .. But she had used her own money to buy them, and she had even obtained the Butler's consent ! !

He had long prepared an explanation, but when he looked up, he saw the big tree standing in front of Yan Jun. he immediately panicked. "Big Tree! Why are you here? Where's little brother? Did you make a mistake? "

Hearing the voice, big tree immediately turned around. Seeing that it was his mother, big tree immediately ran over and stood beside her. "Mom, it's not me, it's little brother... "

As he spoke, he looked at Yu Han, who was in Xia Jinqi's arms.

Liu Juan followed his line of sight and just as she saw Yu Han, she heard a gentle and sweet voice.

“Hello, are you big tree’s mother, Liu Juan?” Xia Jinqi picked up Yu Han and took two steps forward. She stood in front of Liu Juan and asked her with a smile.

“Yes... yes...” Liu Juan was stunned. She didn’t know what was going on. She just looked at Yu Han in the arms of the person in front of her without crying or making a fuss. Suddenly, an idea popped up in her mind ...

But before she could say it out loud, the woman in front of her spoke again.

“My name is Xia Jinqi. I’m the child’s mother. More than a month ago, by the Ice Lake, my friend gave this child to you. He said that someone would come to bring this child home in a few days, right?” Xia Jinqi lowered her speed and asked slowly.

When she mentioned Yan Qing, she did not call him uncle, but called him friend.

Liu Juan nodded repeatedly “Yes!” That night by the Ice Lake, a man came to me with the child in his arms and asked me to take care of the child for a few days. He even gave me a lot of money. “But no one came after I waited for a while, and no one came after I waited for a while. Coincidentally, my aunt in the city introduced me to another job, so I brought the whole family into the city... “You, are you the child’s parents? “

As she asked this question, Liu Juan took a careful look at Xia Jinqi before turning to look at Yan Jun who was beside her.

Chapter 1896: He was very good-looking

Only after she had a clear look at the two of them did Liu Juan realize that her reassurance was unnecessary.

Especially the man next to her. His facial features were really the same as the child’s... ..

They were definitely biological!

“Yes.” Xia Jinqi nodded. Yan Jun, who was beside her, also walked over. He stretched out his long arm and pulled the mother and son into his embrace. Then, he looked at Liu Juan. “thank you for taking care of Yu Han during this period of time. “

His voice was clear and clear, and his entire body was exuding an incomparably noble aura. Yet, at this moment, he was saying such sincere words of gratitude.

Xia Jinqi looked up at him. Perhaps others would think that a simple thank you was too little, but she knew that in this world, there were very few people who could make him express his gratitude personally.

Liu Juan hurriedly shook her head. “Young Master, Young Madam, you’re too polite. It’s our family’s fortune to be able to take care of young master... It’s just that our family doesn’t have anything. Even the milk powder was bought by young master... young master has been wronged. “

Speaking of these, Liu Juan was still filled with fear and trepidation. She really didn't expect that the child picked up by the Ice Lake was actually the only child of the Yan family in Rao city?

Moreover, she even ran to the Yan family to help. This... .. Things like fate were really hard to fathom ! !

In fact, the moment Liu Juan entered the living room, Yan Jun had recognized her.

Although it was already late that night at Qingxin Garden, the people he had met and the things he had seen were always unforgettable.

In addition, he had also read a note left by Fang Shaoan. He could roughly guess the reason behind it.

He lowered his eyes and stared at Yu Han's fair little face and Chubby little hands. The corners of his lips curled up slightly. "He's very good-looking. " n..01eℓbIn

"Daddy!" Yu Han seemed to be very satisfied with what his daddy said. He opened his little hands and wanted to be hugged by his Daddy.

Yan Jun reached out to take him. Just like before, he immediately hugged him with one hand. However, he could clearly feel that this child had become much heavier. It was likely that he had not been mistreated at Liu Juan's house.

Thinking back to that night at Qingxin Garden when he bumped into the couple who were anxious to find milk powder for Yu Han, Yan Jun already had a plan in his heart. He was ready to thank the couple.

"It's good that the young master can come home." Liu Juan nodded. Looking at the little guy in Yan Jun's arms, tears welled up in her eyes.

Although he was not her biological son, they had developed feelings for each other over the past month.

The big tree next to them cried out loud. He held Liu Juan's hand tightly and asked in a low voice, "mom, will we not be able to see little brother in the future? What if I miss little brother? "

This cry gave Liu Juan a fright. She hurriedly lectured him, "This is little young master! Don't call him little brother anymore! There are no rules! "

After saying that, she looked at Yan Jun and Xia Jinqi and said apologetically, "young master, Young Madam, please don't take offense. A child doesn't know the rules. When I go back, I will definitely teach him a lesson! "

Xia Jinqi shook her head and smiled. "just call him little brother. "

Then, she squatted down. Her Gaze was level with the big tree. She took his hand and said gently, "you like little brother very much, don't you? "

"MHM. " The tree sniffled and nodded.

Xia Jinqi wiped the tears from the corner of his eyes and promised him, "from now on, no matter where you are, no matter the occasion, you can come and visit him. You can call him little brother, okay? "

"really... really? " The tree widened his eyes and asked with uncertainty. He then looked up at his mother with a pleading look in his eyes ...

Chapter 1897: They would meet again

Liu Juan hurriedly shook her head. "Young Madam, how can we do that? Young master has a noble status. We... we are vulgar people. How can we be good friends... "

"You are Yu Han's benefactor and also our benefactor. Why can't we do that?" Xia Jinqi stood up and held Liu Juan's hand. She said sincerely, "our family is really grateful to you. "

Liu Juan was at a loss. She was originally an ordinary person who couldn't be any more ordinary. She suddenly picked up a milk doll, and she was actually a person with such a noble status... ..n..0VellbIn

"Young Madam, we... we... " after stuttering for a long time, Liu Juan was a little speechless.

Xia Jinqi did not rush her. She pulled her and the big tree to the dining table at the side and sat down. "You guys must be hungry too, right? Let's eat first! "

At first, Liu Juan was reluctant to take a seat. Under Xia Jinqi's warm invitation, she barely managed to sit down. Even so, she still felt like she was sitting on pins and needles. She brought the big tree with her and told him to behave himself.

The atmosphere was a little awkward.

Xia Jinqi was a little annoyed. Just when she didn't know how to let Liu Juan relax a little, Yan Jun, who was beside her, picked up the phone.

She didn't hear the content, but when she saw Yan Jun's expression, it instantly darkened. Then, she ordered the maid behind her, "prepare the car immediately. "

"Yes, young master. "

Xia Jinqi saw that the situation wasn't right, so she asked, "what happened? "

Yan Jun said in a deep voice, "grandma fainted. "

Hearing that, a string in Xia Jinqi's head suddenly snapped. She stood up immediately. "Then, let's go back quickly! "

Yan Jun nodded. Then, he looked at Liu Juan and Dashu at the dining table. After a moment of silence, he beckoned for the servants. "after dinner, send them back to Qingxin Garden. "

Xia Jinqi also looked at Liu Juan and DASHU. "I'm sorry, something happened at home. We have to excuse ourselves for a moment! You guys eat first. I'll find you later! "

The incident happened suddenly. Liu Juan also stood up and pulled Dashu into her arms. She nodded blankly... ..

Seeing this, Xia Jinqi and Yan Jun quickly left.

Grandma was already so old, and her body was getting weaker and weaker. Why did she suddenly faint?

Could it be... ..

No one dared to think further. They could only rush to Qingxin Garden as soon as possible.

Yu Han obediently lay on Yan Jun's shoulder, but his gaze fell on Liu Juan and the big tree mother and son.

Some of them couldn't bear to part with them... ..

Xia Jinqi noticed Yu Han's gaze and knew what he was worried about. She gently stroked the back of his head and comforted him, "don't worry. We'll meet again. "

Yu Han turned his head, and his big black eyes looked into Xia Jinqi's eyes. He smiled and called out, "Mommy. "

"Okay!" Xia Jinqi nodded heavily. Her gaze never left him.

Even when she got into the car, she still felt that everything that happened tonight was like a dream... ..

No matter how many times she searched, she could not find anything. Who knew that in her own courtyard, under the familiar ferris wheel, after a beam of light was turned on, Yu Han would stand there firmly.

It was as if it was a gift from heaven... ..

"My Yu Han. " She leaned over and pressed her forehead against Yu Han's forehead. Her big hand held his small hand as she sobbed.

Yan Jun quietly looked at his wife and son. His heart had never been so soft before... ..

Yu Han was finally back... ..

Their family could finally be reunited.

"..."

In the living room.

Liu Juan was still standing by the dining table. She was so stunned that she did not know how to react.

Chapter 1898: You can't accept everyone's good intentions

DASHU timidly hid behind her, his eyes red. "Mom, won't my brother live with us from now on? "

He would miss his brother... ..

Only then did Liu Juan withdraw her gaze. stroking her son's head, she sighed. "That's right. My brother has found his biological parents. He definitely wants to live with them! " n).o.(17(/£(/l-(b-/l).n

"But..." DASHU choked with sobs. He still felt reluctant to part with them.

He really liked his little brother. He even wanted to bring his little brother to school in the future.

"My dear son, let's go home. " Liu Juan's voice was also choked with sobs. She lowered her head and kissed her son's forehead. She took his little hand and turned around to walk out.

However, she was stopped by a servant at the side after just two steps.

“Hello, young master instructed US before he left. We will send a car to send you back after you have dinner. “

“This... no need, no need. We can go back by ourselves...” Liu Juan shook her head repeatedly. She had never enjoyed such treatment before ...

However, the maid said, “please don’t make things difficult for us. “

Liu Juan, “...”

She turned around and looked at the large table full of dishes. They looked, smelled, and tasted delicious. She had never eaten such dishes in her entire life.

However, if she and her son ate here, what would happen to the man and the other two children?

After hesitating for a moment, she blushed and asked embarrassedly, “then... then can I take some home to eat? “

The maid was stunned. Obviously, she didn’t expect her to say such a thing.

But after thinking about it carefully, it seemed that it was not impossible. Then, she nodded and said, “okay. “

Then, she asked someone to bring out the packing box. Liu Juan only chose a few items and put them on. She was not greedy.

The big tree had been following by her mother’s side the whole time. Seeing her mother’s behavior, he unconsciously remembered it in his heart — the good intentions of others could not be taken in just like that.

After that, the maid led the mother and son into the courtyard.

An elongated Lincoln was already waiting in the courtyard.

This was Yan Jun’s special car. It could be seen that this mother and son enjoyed the treatment.

The Servant opened the car door, bowed respectfully to them and made an inviting gesture, “please get in the car. “

Liu Juan was a little uneasy. Hearing this, she hurriedly thanked the man, “thank you, thank you...” then she pulled the big tree into the car.

When the two of them got in the car, the servant said to the driver in the front row, “please send these two back to Qingxin Garden. “

“Okay. “ The driver nodded, stepped on the accelerator and easily drove the car out of the Yan family’s gate.

Throughout the entire journey, the big tree leaned tightly against his mother’s side. It was timid and very well-behaved.

However, his pair of bright eyes looked left and right, sizing up the car that he was sitting in.

His first impression was that this car... .. was so big ! !

After being surprised, he raised his head to look at Liu Juan. "Mom, that big courtyard just now, did it belong to little brother's family? "

"Yes." Liu Juan nodded. After thinking for a moment, she said, "the courtyard that we are living in now also belongs to his family. He is really a noble person! "

"That's great." The big tree finally revealed a smile. "This way, little brother won't have to worry about going hungry in the future, and he won't catch a cold in the winter... "

"Yeah." Liu Juan nodded again. She thought of the gentle and beautiful woman and the tall and handsome man she had seen just now. They would definitely be very good parents... ..

The young master would definitely grow up healthily!

"..."

In less than forty minutes, Yan Jun brought his wife and children back to Qingxin Garden in a hurry.

Most of the servants in the courtyard had been transferred to the Yan family, and suddenly, it seemed much quieter.

Just as they entered the building, Yan Sheng walked over to them. His tone was very anxious. "You guys are finally back! Just now... "

Chapter 1899: She knew from that he had not forgotten anything!

She had only spoken half of her sentence before it was forcefully stuck in her throat.

Yan Sheng stared blankly at the little fellow in Yan Jun's arms who was looking at him. His eyes immediately turned red.

"Yu... Yu Han?" He could not believe what he had just seen. He mumbled and stretched out his hand, but he did not dare to hug it. He was afraid that his eyes were playing tricks on him ...

Yan Jun and Xia Jinqi did not speak, but Xiao Yuhan had already opened his mouth and called out crisply, "grandfather! "

Yan Sheng was immediately stunned. He did not expect that this little fellow would still remember him after leaving for such a long time?

"Sigh! Sigh! " He nodded repeatedly, tears rolling down the corners of his eyes. He hurriedly pulled Yu Han into his arms from Yan Jun's embrace. "Good grandson, you're finally back! Grandfather misses you every day! "

Xia Jinqi looked at this scene and could not help but be moved to tears.

She had thought that Yu Han would not remember her after such a long time, but when she saw that small figure under the Ferris wheel and saw that soft and longing gaze, she knew that he had not forgotten anything!

He still remembered her and Yan Jun, and even Yan Sheng. He even remembered that huge ferris wheel... ..

“How did you find him?” Yan Sheng came back to his senses and suddenly asked.

Yan Jun only said, “it’s a long story. HOW IS GRANDMA?”

“She’s still unconscious. Your mother is taking care of her inside. You guys should go and take a look!” As Yan Sheng said that, he slapped his forehead in frustration. “Look at my memory!”

Then, the group of people entered the room.

In the room, Ji Xinyu was wiping long Qingxin’s palms with a hot towel. When she heard the movement and was about to turn around, she heard a familiar voice. “GRANDMA!”

Her hand trembled a little. Ji Xinyu turned around and saw the child in Yan Sheng’s arms. She stood up hesitantly as if her gaze had been frozen. “Yu Han?”

“Yes, Yu Han is back! !” Yan Sheng replied excitedly. He carried the child and took two steps forward. He stopped in front of Ji Xinyu so that she could take a closer look at the child.

Ji Xinyu sized up the child from head to toe. Her tears were about to flow out. “HE’S SLIMMED DOWN! He’s taller too!”

“quick, carry him! He’s heavy!” Yan Sheng sent Yu Han over, but Ji Xinyu quickly waved her hand. “Don’t, my hands are shaking so badly. I’m afraid I can’t carry him!”

She was really excited by this sudden surprise. Her blood pressure immediately went up!

In fact, ever since she and Yan Sheng found out that Yu Han had gone missing, they had been looking forward to the stars and the Moon every day, hoping that their good grandson would come back soon!

However, they rarely mentioned these things in front of Yan Jun and Xia Jinqi. They also knew that their child was missing. This husband and wife were the most anxious people. If they kept talking about it, it would only add to their worries.

Now that they saw their good grandson, they couldn’t hide their emotions anymore... ..

When Yan Sheng heard that her hands were trembling, he hurriedly told her to sit down and rest. “DON’T BE AGITATED! Hurry up and sit down. Mom hasn’t woken up yet. What if you get sick? !”

Ji Xinyu had already helped herself to the bedside and sat down, but her eyes still did not leave Yu Han. “I’m fine, I’m fine. When I see my great grandson, all his illnesses are gone!”

Xia Jinqi’s nose was originally sour, but when she heard Ji Xinyu’s words, she almost laughed out loud. She only asked, “what happened to grandma?”

Yan Jun also walked over and stood by the bed. His eyes were filled with worry as he stared at Long Qingxin, who was lying on the bed with a pale face.

Chapter 1900: How much time is left?

The family doctor beside him immediately walked over and answered worriedly, "it's because her blood sugar was too low and she went into shock for a while. Recently, the old Madam's appetite has been very bad and she almost couldn't eat anything."

If she couldn't eat anything, there would be no place to absorb nutrients, and the body's functions would gradually decline.

The family doctor had recently considered injecting the old madam with nutrient fluids to maintain her daily needs, but looking at the current situation, even if she was injected with nutrient fluids, she wouldn't be able to hold on for long.

She was already at the end of her rope.

Yan Jun turned around and glanced at him indifferently. The lines of his jaw had already tensed up.

This doctor was hired by him with a lot of money. Not only in Rao city, but he was also one of the best doctors in the medical field overseas.

Therefore, he did not ask why they did not send her to the hospital.

Thinking about it, there was no need to send her to the hospital.

"Grandma..." Xia Jinqi sat down beside long Qingxin's bed and gently held her slightly cold hand. "Yu Han is back. Please open your eyes and look at him."

Long Qingxin's eyes were still tightly shut, as if she could not feel the existence of this family at all.

At this moment, Yan Sheng also carried Yu Han over and placed him beside the bed. "Yu Han, go and see great-grandma."

Yu Han imitated Xia Jinqi's actions and touched long Qingxin's fingertips with his fair and tender hands. He mumbled softly, "GREAT-GRANDMA..."

"great-grandma likes Yu Han so much. Now that Yu Han is back, great-grandma will definitely wake up very soon!" Xia Jinqi said.

Ji Xinyu also came over. "Xiao puff has just fallen asleep. She was too tired from playing in the afternoon. If she finds out that brother is back, she will definitely be very happy!"

"little sister..." Yu Han turned his head. When he heard the words 'Xiao Puff', his reaction was especially quick.

"You will see little sister soon." Xia Jinqi stroked Yu Han's little head. Every time she saw him, her gaze would unconsciously soften.

The family surrounded long Qingxin and said a lot of things. No one noticed that Yan Jun called the doctor out halfway.

At the end of the corridor.

Yan Jun put his hands in the pockets of his suit pants and leaned against the wall. He looked out of the window at the Lotus pond downstairs.

The scenery here was the best in summer. The Lotus leaves were crisp and tender.

It was late winter and night. Everything had withered. The Lotus pond was also lifeless.

Without any unnecessary words, Yan Jun asked directly, "how many days do you have left? "

The doctor was stunned at first. He didn't expect the young master to ask so directly, but then he let it go. Since things had come to this, there was no way to escape. It was better to face it bravely.

"Just these few days. The Old Lady has reached the end of her life, " the doctor said softly.

After that, it was Yan Jun's turn to remain silent for a long time.

Other than his handsome face that was slightly gloomy, there was basically nothing unusual. His gaze was still fixed on the Lotus pond.

No one knew that at this moment, his hand hidden in his belt had secretly clenched into a fist... ..

His grandmother had doted on him since he was young. She was afraid that he did not eat well or wear well. Even when he was abroad, she often sent people to send him home food and clothes that she personally made.

Grandma liked to make Qipao and Zhongshan suits, but she never touched a suit. But later, for his sake, she learned how to make a suit.

No matter how good the materials outside were or how high the brand was, he felt that it was not as good as grandma's skills.
