

Trick Me 1901

Chapter 1901 already held the key to Reunion

It was just that grandma's age had been getting older these years, and her eyesight and physical strength were slowly unable to keep up, so she was slowly doing less and less... ..

He had never felt it before, but now he knew that grandma was really old.

After a long time, Yan Jun secretly sighed and asked, "what can we do for her? "

"Try to satisfy her wishes. What do you want to eat, drink, meet anyone, and do anything. In short, try to not let her leave any regrets... "

At this point, she could only do her best and leave it to fate.

Birth, old age, illness, and death were human nature. No one could stop it.

After Xia Jinqi found out that Yan Jun was not in the room, she heard the doctor's words.

She froze on the spot and her face turned pale.

The doctor turned around when he heard footsteps. When he saw that it was Xia Jinqi, he respectfully nodded at her and left.

Only Xia Jinqi and Yan Jun were left in the long corridor. The air was quiet as if one could hear the sound of blood flowing in one's body.

Xia Jinqi slowly walked to Yan Jun's side. Just as she stopped, she heard his deep voice. "Why are you out? "

"I didn't see you when I turned back, so I wanted to come out to look for you," she replied softly. She raised her hand slightly and wrapped it around his arm. "Father and mother haven't seen Yu Han for a long time. They're very happy. They're all teasing him! "

Yan Jun looked back just now. He took out his hand from the pocket of his trousers and interlocked his fingers with hers. "Let's go back. "

Yu Han had just returned. It was the time when he needed someone to accompany him.

Xia Jinqi nodded and followed his footsteps back to her room.

As for Grandma's matter... .. She didn't ask, and he didn't mention it ...

Everyone knew it in their hearts.

As soon as they stepped into the room, a burst of laughter immediately came.

They looked up and saw that long Qingxin had woken up.

Although her expression was tired and her eyes were listless, there was at least a smile on her lips.

Ji Xinyu and Yan Sheng sat on her left and right respectively, while Yu Han sat obediently in her arms. He smiled cheerfully, revealing his big white teeth.

Seeing Yan Jun and Xia Jinqi enter, Long Qingxin smiled happily even though she was still very weak.

“You two are here? “

“Yes, we’re here. “ Yan Jun held Xia Jinqi’s hand tightly and walked in together.

Xia Jinqi smiled as well.

It was great that grandma had woken up.

The family talked a lot until it was late at night before they returned to their rooms.

Long Qingxin was not in a good state of mind and needed more rest.

Xia Jinqi carried Yu Han back to the room and bathed him. After wrapping him up, she placed him next to Xiao Puff, who was already asleep.

“little sister... “ Yu Han leaned over and gently touched Xiao puff with his cheek as he whispered softly.

“Oh... “ Xiao puff twisted her body and leaned closer towards Yu Han.

Even in her sleep, she seemed to be able to feel her brother’s arrival.

Yan Jun also walked over. Together with Xia Jinqi, they stared at the two children in the crib. As they looked at them, they smiled, especially blissfully.

At this point, their family could be considered complete... ..

No matter how much pain and laughter, how much pain and tears, they were all insignificant compared to this moment.

At this moment, the basin of hope placed in Yan Jun’s study had already grown its first green leaf.

Perhaps, when Yan Jun held the hope that the unknown child passed to him, he had already held the key to Reunion

Chapter 1902 as long as it was her, he was willing to do anything

After the two children fell asleep, Xia Jinqi changed into a new set of clothes and prepared to go downstairs.

Yan Jun stopped her. “Are you going out? “

“I’m going to see Liu Juan and her mother. They should be back by now, right? I promised them before...

” Xia Jinqi muttered as she put on a thick scarf for herself.

It snowed for a while tonight, so it was really cold.

Hearing this, Yan Jun raised his hand to look at the clock on his wrist and sighed. “It’s already one o’clock. “

“It’s already so late?” Xia Jinqi was slightly stunned. It was not even eight o’clock when she came out. She rushed back to accompany her grandmother and chatted for a while. She did not expect it to be so late already.

“When you gave Yu Han a bath, I’ve already sent someone to inform Liu Juan and her husband. We’ll see them tomorrow.” Yan Jun walked forward and took her hand. He brought her to the edge of the bed and sat her down. He started to help her untie the scarf and coat.

Liu Juan and his wife were in this courtyard. They had taken care of Yu Han for such a long time. They definitely had to repay him well, but there was no need for it to be tonight.

Even if they moved it slightly later, it wouldn’t be a problem.

Moreover, Yan Jun still needed some time to prepare the thank-you gift.

It was just right to talk about it tomorrow.

“Oh...” Xia Jinqi nodded her head, and her gaze unconsciously fell on the crib beside the big bed. The two little fellows were sleeping soundly!

Just by looking at them like this, Xia Jinqi’s heart was unconsciously filled with a soft thing.

She had been looking forward to this scene for a long time. When it really happened, she felt that it was so surreal.

She turned around, shook Yan Jun’s hand, and asked him, “is our son really back? I’m not dreaming, am I?”

Yan Jun took the opportunity to pull her into his arms and answered in a low voice, “it’s not a dream, it’s real. Yu Han is back.”

Xia Jinqi thought back to the moment she turned around and saw Yu Han in the rain of Cherry blossoms. At this moment, she still felt incredulous.

Speaking of the rain of Cherry Blossoms... .. And the Ferris wheel that suddenly turned ...

She seemed to have suddenly understood something. She smiled and looked up at Yan Jun. “no wonder you wanted to take me out for a walk even though we’re about to eat. So you were prepared for this?”

Yan Jun seemed to have a special liking for flowers.

At first, he sent one, then turned it into a bunch, and then an entire courtyard... ..

But he loved little daisies. For some reason, this time, it was cherry blossoms.

And they were installed on the car of the Ferris wheel. When the towering Ferris wheel turned, the beautiful petals really seemed to fall from the sky.

Later, when she saw Yu Han, she was so excited that she almost forgot that Yan Jun had specially prepared these for her!

Actually, even if she had completely forgotten about it, he would not blame her at all.

“Do you like it?” He smiled as he wrapped his arms around her waist. The tip of his nose gently touched her. His deep and emotional words slowly flowed out from the corners of his thin lips.

When he was single in the past, he had seen Fang Shaoan beside him do many ‘childish’ things in order to make women happy.

At the beginning, he felt it was unbelievable. Moreover, he thought that he would never do it no matter what!

Later on, he slowly got used to it... ..

Later on, he met Xia Jinqi.

In the past, he was so determined that he thought that he would never do anything in his life, but in the end, he did it all.

As long as it was her, he was willing to do anything... ..

Moreover, it was from the bottom of his heart. He always thought of ways to make her happy and give her surprises.

Although they had been married for two years, every time he saw her, he felt a passionate love for her that never lessened.

Xia Jinqi smiled and nodded. “I like it!”

How could he not like it?

Chapter 1903 having you by my side is the greatest honor in my life

Knowing that he prepared it for her with all his heart, and that such a scene would probably be etched in her heart for the rest of her life, right?

Even if she grows old in the future, she will always remember it.

After the joy, there was a faint sadness.

She stopped smiling, frowned, and leaned into his arms, muttering softly, “but you did this for me, but I didn’t do anything for you...”

“WHO said that?” He immediately refuted her. When she subconsciously raised her eyebrows and looked at him, he said calmly, “every day, you come to eat with me. Leaning into my arms like this, you have already done a lot for me.”

Even though he spent most of his time working while eating, it wasn’t that he didn’t know that the dishes were prepared in a different way every day. Every time he looked back after reading the documents, there would be an extra plate of food in his bowl.

She was also the one who took care of the family. She accompanied her mother, grandmother, and Xiao Puff. Besides taking care of Xiao Puff, she also worried about Yu Han.

He knew what she did, and he remembered it in his heart.

“these... are insignificant.” Xia Jinqi shook her head. Compared to what he did for her, she was really insignificant ...

Sometimes, she would blame herself and not be able to share anything with him.

“silly,” He murmured softly. He turned over and pressed her under his body. His deep black eyes stared at her with tenderness like water. “having you by my side is the greatest honor of my life. “

As he finished speaking, his kisses fell densely on her.

Xia Jinqi's heart warmed. She lifted the white lotus-like jade wall slightly and wrapped it around his neck, slowly accepting everything from him.

Wasn't she the same?

Meeting him was also the greatest honor of her life.

A night of love.

After the incident, Xia Jinqi was so tired that she could not even lift her eyelids. Very soon, she fell into a deep sleep.

Yan Jun, who was completely different from her, was mentally refreshed and did not feel sleepy at all.

He turned his body sideways and supported his head with his hands. After covering her with the blanket, he looked at her for a while and then looked at the two little guys in the crib beside the bed. The softness in his heart was layered on top of each other.

In the past, he did not understand what was home and what was love.

The mess in the Yan family was really unbreakable and messy.

But now he knew.

Home was a tie, a warm harbor.

Love was companionship, a lifetime of togetherness.

No matter how much money and power he had, it could not compare to the happiness of being with his wife and children at this moment.

Perhaps it was because of the experience of his grandparents, he cherished this hard-won love and family even more.

Thinking of this, he slowly lifted the brocade quilt and took his phone to the balcony.

The call was to Zhuge Wentao.

At this time, Wen Tao should not be asleep.

Just as he was thinking about it, the call was picked up.

“Second Young Master? “

“Yes.” After a faint response, Yan Jun looked up into the endless night. “All plans for tomorrow are canceled. In addition, we are looking for a new presidential candidate. “

“...” on the other end of the phone, Wen Tao was stunned. He was at Su Chuang’s house at this time. How could he have known that second young Master Yan would call at this time? Moreover, the moment he opened his mouth, he would not stop until he was shocked to death?

Looking for a new presidential candidate Was He not going to be president anymore?

At this time, Wen Tao could not ask in detail. He could only answer, “okay. “

“Okay.” Yan Jun hung up the phone. He did not say anything else... ..

He stood on the balcony for a long time. He blew in the night wind for a while and also thought about many things.

When he returned to the warm room, Xiao puff had already kicked the quilt and was pressing on Yu Han like an octopus.

Chapter 1904 couldn't be related to him, right?

Shaking his head helplessly, Yan Jun walked over with a smile on his face and straightened Xiao puff’s body. He then covered her and Yu Han with a blanket before lying back on the bed. He pulled the sleeping Xia Jinqi into his arms and kissed her forehead He closed his eyes in peace.

“...”

Wen Tao, who had just hung up the phone, was obviously not in such peace of mind.

His brows were tightly knitted together. One look and he could tell that something had happened.

Su Chuang, who was beside him, felt his heart skip a beat when he saw this... ..

The phone call just now was obviously from Yan Jun. What exactly did he say that made Zhuge Wentao’s face turn so ugly?

Could it be that it was related to him?

Su Chuang immediately became cautious, afraid that a fire would burn his body. He did not even dare to breathe loudly.

Whether he could ascend to the top, to be honest, it still depended on Yan Jun’s opinion.

Zhuce Wentao was silent for a long time before he remembered where he was. He turned to look at Su Chuang. “Elder Su, where were we just now? “

“We were just talking about... the re-establishment of defenses in the four disaster areas and the theft of the central bank’s vault.” Although Su Chuang was old, his mind was still very clear ...

Zhuce Wentao was now someone close to Yan Jun, so he naturally had to give him some face.

Hearing this, Wen Tao nodded, and he finally remembered what he hadn’t finished talking about before.

“before coming here, second young master specially instructed me to say that elder Su has made great achievements in this area. The re-establishment of defenses in the disaster areas is of great significance to both the safety of Rao city and the people’s faith. Only elder Su is competent in this matter!” Wen Tao paid great attention to the way he spoke. Over the years, he had already figured out what kind of person he should say and what kind of words he should say to. To put it simply, he had to be tactful so that he would feel comfortable listening to them.

Only when he felt comfortable in his heart would he be able to accept them more easily.

Su Chuang’s background was not that great. It was to the extent that he wanted to go to the next level after he made a name for himself in the latter half of his life. Not only would he leave a good reputation that would be immortalized in history, he would also be able to strive for a better life for his descendants.

He was able to make a name for himself because of his unique vision and outstanding ability.

At that time, he valued the old general long and was loyal to him to the end in exchange for his wealth and position.

Later is also determined that Yan Jun, on a way to follow up to now.

Otherwise, hard half a lifetime to fight for everything, can only be destroyed in a moment.

I’m sorry, I’m sorry, I’m sorry, I’m sorry, I’m sorry.

After all, water flows down, but people go up.

Wen Tao had already analyzed Su Chuang’s inner world thoroughly, and the old man immediately beamed with joy “It’s all due to the chairman’s favor! Please tell the chairman that I, Su Chuang, will definitely handle this matter beautifully! I will not let him down, I will not let the people down!”

Su Chuang’s heart was as clear as a mirror. He knew too well how beautiful the defense of this disaster area was.

Originally, because of the riot incident, the entire Rao city’s people were in a state of panic.

Yan Jun’s appearance made everyone feel somewhat comforted. However, the person who was responsible for the security once again did not just do a simple defense. Everything he did would be deeply imprinted in the hearts of the people.

In the future, when everyone mentioned this matter, they would naturally remember. Oh, it was because of the Su family’s security that we were able to live such a stable life now... ..

This would be the greatest affirmation for a family!

Chapter 1905 set up a trap for Huo Ting

Wen Tao took in Su Chuang’s expression without batting an eyelid. After making sure that he was really in a good mood, he quickly changed the topic and said in a very awkward tone, “then what about the theft of the central bank’s vault?”

He did not directly specify who should be assigned to do it. Instead, he slowed down his tone and deeply expressed his hesitation and embarrassment.

When Su Chuang heard this, his eyes immediately rolled.

It was easy to set up defenses, but it was not easy to investigate the theft of the vault.

Until now, the suspect had not been identified, let alone find the culprit.

And the money might have already leaked out. When the time came, some teams would use it to wash it, and in a few seconds, it would turn into extremely clean money. No one could find any clues, let alone the source.

In addition, Yan Jun was considered the new emperor, so he naturally had to show some results. He definitely wanted to solve this case in a short time.

Therefore, this matter was more difficult to handle. It could be considered a hot potato.

He didn't want to get into trouble like this, so... ..

"Such an important matter naturally has to be handed over to someone with ability," Su Chuang suddenly coughed lightly and said.

"Oh?" Wen Tao raised his eyebrows curiously and asked, "elder Su, what do you mean?"

Su Chuang replied with a smile that was not a smile, "I heard that chief Huo solved a lot of strange cases in the past two years. I think this case will not be difficult for him. "

Huo Ting had been a criminal police officer a few years ago, so he was indeed good at solving cases. However, this case was obviously not a simple good thing. Su Chuang was obviously setting up a trap for Huo Ting.

However, even though he saw through Su Chuang's intentions, Wen Tao did not expose him in front of him. Instead, he pretended to think for a while and nodded. "Elder Su is right. Then let him handle this matter! "

When Su Chuang heard this, his face immediately lit up. "It's decided already? "

"Yes." Wen Tao nodded and said, "second young master's intention was to let elder Su recommend the candidates. Now that you've recommended chief Huo, I naturally have to follow. "

After saying that, Wen Tao saw that Su Chuang's face had become very proud. He probably felt that Yan Jun really valued him... ..

"It's getting late. I'm leaving now. I still have some things to do." Wen Tao stood up while looking at his watch.

He had been too busy these days. He didn't know how the child at home was doing. He had to finish the work quickly and go back to take a look.

Su Chuang also stood up and said politely, "then I won't keep a busy person like you? Come on, Send Minister Zhuge off for me. "

“Elder Su, please wait a moment.” Wen Tao smiled and nodded. Then, he followed the waiter out of the Su residence.

After he left, Su Chuang stood there alone and thought for a long time. Thinking about it alone, he laughed heartily!

Su Jiangong then walked out from the darkness. He looked in the direction where Zhuge Wentao had left, and then looked at his father. “Father, was it inappropriate to directly throw a hot potato to huo ting just now?”

Regarding the conflict between the SU and huo families, Su Jiangong was the main and not the main one.

He was famous for loving his youngest daughter. Later, when he found out that Xiang Xiang was pregnant with Huo Ting’s child, he was even more satisfied with the marriage with the huo family.

Who would have thought that things would turn out like this... .. But even so, he still did not agree with his father’s ideas and methods ...

Su Chuang was obviously not satisfied with his son’s fearful appearance. He snorted.

Chapter 1906, you disappoint me!

“What’s wrong Yan Jun knows about the mess between me and the Huo family It’s so late, and he still asked Zhuge Wentao, his most capable man, to deliver the message. What could it be for It’s just to express goodwill to me “That Kid Huo Ting, he’s young and frivolous. He thinks nothing of me because he has some power in his family. This time, I’ll let him suffer a little!”

Since huo ting had helped Su Xiangxiang in the past two times, and he had given Su Chuang some face, Su Chuang remembered it.

In addition to this once-in-a-lifetime opportunity, he naturally had to give the huo family a good thrashing.

“But... Xiangxiang is already pregnant, what should she do...” Su Jiangong was still apprehensive ...

Once this matter started, no matter which family won in the future, it would be a kind of injury to Xiangxiang.

And the child in her belly, how should she deal with it in the future?

Hearing this, Su Chuang was also stunned for a moment, and the expression on his face became a bit stiff. “What can I do? She didn’t learn at such a young age, but she got pregnant before she got married, and it even spread. Isn’t this a joke? !”

Now, for the sake of the future of the Su family, Su Chuang had decided to abandon his granddaughter.

However, his words successfully angered Su Jiangong. He didn’t expect his father to say such words. A forbidden area in the bottom of his heart was touched, and his emotions immediately became agitated “Dad!” What are you saying When the Huo family came to propose marriage, you agreed without even

asking Xiangxiang If it wasn't for the ideological work that Xiangxiang's mother and I did, how could she be willing to marry a stranger like this Now, she has agreed to work hard to develop her relationship with Huo Ting, yet you are saying such words now? !"

Su Chuang, "..."

Faced with his son's questioning, he fell silent.

After a long time, he sighed, "those who achieve great things do not care about the small details. Xiangxiang will understand in the future, and the Su family will always remember her sacrifice. "

What he meant was that he had made up his mind to not care about Xiangxiang's life and death anymore.

When Su Jiangong heard this, his eyes gradually widened... .. Then, he sneered coldly, "Hehe, for the sake of your fame, are you even willing to give up your children and grandchildren? Dad, you have disappointed me too much! "

After saying this, Su Jiangong turned around and left!

The remaining Su Chuang clenched his teeth tightly, and his hands behind his back clenched into fists!

Which successful family wouldn't pay a price?

Xiang Xiang, don't blame GRANDPA for being ruthless.

"..."

After watching Zhuge Wentao leave from afar, Su Xiangxiang put down the curtains and returned to the big bed to sit down.

After about three minutes of silence, there was a knock on the door. "KNOCK KNOCK! Xiang Xiang? It's my second brother. Open the door. "

Su Xiangxiang, "..."

When she got up and opened the door, she saw her second brother, who was dressed in camouflage, walk in. He was holding a paper bag in his hand with the words 'Xiao Xiang Market' written on it.

"When I came back, I passed by Xiao Xiang market and bought your favorite glutinous rice paste. " Su Zhilian took the bag away, took out the small box inside, and placed it on the table.

Su Xiangxiang followed him and picked up a fork. She ate it without hesitation, even though it was already late at night and there was a danger of gaining weight from eating sweets.

But in front of delicious food, who could resist?

Seeing his own sister eating happily, Su Zhilian's heart was warm. Although a smile appeared on his lips, he still couldn't help but scold her, "how can you eat so much? You're almost turning into a pig! "

Chapter 1907: I'M REALLY NOT PREGNANT!

Su Xiangxiang's expression immediately changed. Just as she was about to retort, she heard her second brother say, "No, you're two people now. You should eat more! Is it enough? If it's not enough, I'll buy it for you! "

Su Xiangxiang almost choked. Where could she buy it at this time of night?

Moreover... .. She put down the glutinous rice paste and seriously couldn't meet her second brother's gaze. "second brother, say it again, I'm really not pregnant! ! "

She didn't know why the media had written that she was pregnant before marriage? ? ?

Wasn't it just a stroll in front of the OB / Gyn Department Was there a need for that? ! !

"Aiya, don't be embarrassed in front of second brother! Our family isn't that old-fashioned. Dad and mom didn't scold you, so what's the rush? " Su Zhilian was famous for spoiling his sister He knew what kind of person his sister was and would definitely not act recklessly. However, if she was really pregnant, then it must be true love. Therefore, he did not have any intention of disliking his sister. Instead, he took even more care of her.

He believed that his sister would always be so cute no matter what she did. His sister would always be a cute little fairy!

And his duty was to protect this cute little fairy!

However, Su Xiangxiang was defeated by his confident tone.

After returning from the hospital that day, she had explained that she was really not pregnant. However, everyone thought that she was just shy... ..

Since she could not explain clearly, she simply did not explain. She sat down in a fit of anger and turned her grief into appetite. She bit off half of the glutinous RICE PASTE IN ONE BITE!

"second brother, what are you and big brother thinking? ! " She said helplessly.

Su Zhilian, however, teased his demonic bangs. "What can I think? Of course, I'M PREPARING TO BE AN UNCLE! I don't know if it's a nephew or a niece? If it's a niece, it'd be great. It'd be best if she's as cute as you! "

Su Xiangxiang, " ..."

Su Zhilian couldn't stop at the beginning. "If it's a nephew, he might be like me! Sigh, after all, I'm such a handsome uncle, handsome... "

"Are you done yet? " Su Xiangxiang really wanted to throw him the box in her hand. Why was she so smug?

"Hahahaha! " After laughing a few times, Su Zhilian stopped his sloppy manner and suddenly became serious. "Xiangxiang, the House may not be peaceful these few days. Why don't you stay at a friend's house for a few days? "

"En? Why? " Su Xiangxiang looked up at him in confusion, obviously not understanding the meaning of his words. "Why is it not peaceful? "

Seeing his sister's clear and unworldly eyes, Su Zhilian could not help but feel sorry for her
"Grandfather's current thoughts are hard to read. Even though dad and big brother did not say anything, I'm guessing that it has something to do with the Fu family. Maybe that annoying fourth aunt will come to visit you in the next few days, and she might come to ridicule you. "

Su Xiangxiang did not care if Su Zhiya was here to ridicule her. Instead, she was more interested in another matter.

"You mean, it was fourth aunt who urged grandfather to break up with the Huo family? "

"Most likely. ". Fourth Aunt's husband, Fu Wei, used to work for the Huo family. Later on, the Huo family found out what he had done, and he was completely removed from his position. Later on, his uncle died a few years later. How could fourth aunt not hate the Huo family "later on, I heard that you were going to marry Huo Ting, so I deliberately targeted you. " Su Zhilian had a lot of friends He had a cheerful personality, so it was worth it to get a lot of news after a few drinks.

Chapter 1908: Outstanding People are so easy to be envied!

Su Xiangxiang was stunned for a long time before she asked, "is that so? I thought she just didn't like me... "

"Of course, that's a little bit too much. who asked our family to be so outstanding? " Su Zhilian added, "outstanding people are so easy to be envied! "

Su Xiangxiang didn't know whether to laugh or cry. was there such a way to flatter herself?

Without waiting for Su Xiangxiang to be disgusted, Su Zhilian said, "Xiangxiang, listen to second brother. Pack up tomorrow and go out for a period of time to hide. When the House is safe, second brother will come and pick you up. "

Su Zhilian was usually laughing and joking, and Su Xiangxiang, who was the most fond of teasing, was anxious. However, everything was in his heart and he had planned it well.

He knew that in the short term, the Su family would also experience a major internal turmoil.

Just like the Yan and Huo families, the Su family would also have to change their dynasty.

Grandfather's actions had affected too many people. Especially since the victim was his and eldest brother's most precious sister. They would never agree to it.

If it really came to that... ... They would definitely not sit still and wait for death ...

Not to mention that the entire Rao city was about to change its dynasty, it was also time for the SU family to change their family members.

Of course, Su Zhilian would not say these words to Su Xiangxiang. This was originally what brothers did, they should not let their younger sister worry.

Therefore, he suggested that she go out and hide for a while as a distraction. He would let her come back after they had settled the family matters.

Su Xiangxiang did not understand the ambitions of her brothers. Even though she knew that her days at home would become more and more difficult, she did not plan to leave.

“with big brother and second brother around, what can they do to me? Besides, if I leave, what will happen to mom and dad?” Su Xiangxiang asked with an embarrassed smile. She did not expect that she would also come to this point... .. She could not return home ...

It was originally a joke, but who knew that second brother would reply with extreme seriousness, “I will persuade them to let mom and dad travel abroad. “

“...”Su Xiangxiang’s hand that was holding the fork froze.

She looked up at her second brother in shock. Suddenly, she felt that the matter might be more serious than she imagined.

It would be fine if she went out alone to hide. After all, the rumors were spreading that she was pregnant and abandoned. Everyone in the Su family had abandoned her.

But now, her second brother actually said that he wanted her parents to go out as well?

To put it nicely, it was a vacation, but in reality... ..

“second brother, what are you and big brother planning to do?” Su Xiangxiang was anxious. She quickly put down her beloved glutinous rice pudding and nervously grabbed Su Zhilian’s arm. She said worriedly, “DON’T DO ANYTHING RASH! “

Su Zhilian’s eyes, which had always been bright with a smile, darkened. He said coldly, “they want you to be the sacrifice, but it depends on whether I agree or not! “

Su Xiangxiang was frightened by second brother’s dark look and hurriedly asked, “what sacrifice? Brother, what exactly are you going to do? “

She didn’t understand. How did she become a sacrifice?

And why didn’t she understand what second brother said tonight?

Seeing Su Xiangxiang’s terrified look, Su Zhilian came back to his senses and realized that he might have been too terrifying just now. He hurriedly smiled to save the situation “HAHAHA! Second brother was just joking with you! How are you still so gullible? How can you be someone’s mother if you’re so stupid? Don’t pass it on to my nephew! “

“...”Su Xiangxiang paused for a moment. She couldn’t tell which of her second brother’s words were true and which were false.

Chapter 1909 you believe me, I’m not lying

Su Zhilian saw her frowning and staring at him. He was afraid that she would not let go of him, so he quickly put oil on his feet and ran away. “Well, pregnant people need to rest early! You should go to sleep now. Don’t stay up late! “

Su Xiangxiang did not chase after him. She just slowly turned around and stared at the door that her second brother had closed when he left. She was absent-minded for a long time.

The second brother tonight was very different from before.

Moreover, she had an extremely ominous feeling that something big was going to happen.

Just like that, she definitely couldn't fall asleep.

After hesitating for a while, Su Xiangxiang took a thick coat and put it on. Then, she went to her big brother Su Zhihang's room.

She stood in front of the door for a long time, but Su Xiangxiang didn't knock.

She didn't know if she should look for her big brother for these things... .. But, besides her big brother, who else should she look for in this house ?

Her parents should have fallen asleep by now. Only her big brother's study room was lit up.

Recently, her big brother always went to bed late at night. He must be very busy, right?

Sigh, forget it. I'll talk about it tomorrow.

When she turned around and was about to leave, she saw big brother walking up at the corner of the stairs. When he saw her, he was slightly stunned for a moment before asking, "why are you still awake at this time of night? What's up? "

Su Xiangxiang was shocked. She looked at the Cup of steaming coffee in his hand and muttered, "drinking coffee in the middle of the night? "

"Yes, I'm a little sleepy, " Su Zhihang answered as he pushed the door open and walked into the house. "come in. "

Su Xiangxiang didn't ask further. Drinking coffee at this time to refresh herself, she must have a lot of things to deal with, right?

Suddenly, she felt that she shouldn't have come over to disturb him... ..

Su Zhihang didn't start work immediately. After putting down the coffee, he looked up at Su Xiangxiang. Seeing her absent-minded look, he asked, "tell me, what's the matter? "

Hearing this, Su Xiangxiang came back to her senses.

Hesitating, she told her brother about the conversation she had with her second brother.

Throughout the entire process, she realized that her brother did not have any expression... ..

He was neither surprised nor worried.

Could it be that he already knew?

Just as this thought popped up in her mind, her brother said slowly, "this is a man's matter, you don't have to take it to heart. "

His words made Su Xiangxiang choke a little... ..

She knew that her brother's words definitely did not mean that he valued boys over girls. On the contrary, their family had always valued girls over boys.

Her brother said this because he did not want her to participate in it.

But... ..

"Is it... because of me?" She asked anyway, the possibility that worried her the most . .

At that time, Su Zhihang was sipping his coffee, his face calm.

After he put down the coffee, he bypassed Su Xiangxiang's question and asked, "Xiangxiang, Tell Big Brother the truth. Do you have Huo Ting's child? "

"... " did not think big brother would suddenly ask such a question, Su Xiangxiang paused, just solemnly shook her head, "No. "

Su Zhihang frowned. "What happened when you were in the hospital? "

"It was just a coincidence. Nothing really happened between us. " Su Xiangxiang shook her head firmly with a sincere look in her eyes. "I promised another person that I couldn't tell him the details. Big Brother, you have to believe me. I'm not lying. "

This was about Fu Wanqing. Although she and Su Xiangxiang had never gotten along, since she had promised someone else, she had to do it. She wasn't someone who would simply break her promise.

Chapter 1910 was already dating other men and had made a secret promise for life

Su Zhihang didn't ask further. After a moment of silence, he asked again, "what's your relationship with Huo Ting? "

Just as Su Xiangxiang was about to speak, Su Zhihang said seriously, "I want to hear the truth. "

What he meant was, didn't he usually believe in her relationship with Huo Ting?

Su Xiangxiang naturally didn't dare to hide it, so she could only tell him everything, including the details that they had already promised each other for life... ..

Since young, her brothers loved her the most. She knew that no matter what her brothers did, they would never harm her.

They were her family, so there was nothing to hide.

"Did he really say that?" Su Zhihang raised his eyebrows and looked at Su Xiangxiang with disbelief. "will he find a way to balance the two families? "

"Yes. " Su Xiangxiang nodded. She believed that Huo Ting could do what he said.

But on GRANDPA's side... .. And second brother, who knew what they were planning ...

Hearing Su Xiangxiang's answer, Su Zhihang fell silent for a long time and continued to drink his coffee. On the surface, he looked calm, but his brain was spinning rapidly.

Su Xiangxiang didn't know what her brother was planning. Since he was young, he had always been the calmest and wisest of the three siblings.

After waiting for a long time, so long that her brother had already finished a cup of coffee, Su Xiangxiang opened her mouth tentatively, trying to call him back to his senses. "brother? "

Su Zhihang slightly raised his eyes and looked at her. At the same time, he put down the Coffee Cup "Xiangxiang, your second brother is right. During this period of time, you should leave this house first. Go to a friend's house or go abroad to study. In short, I didn't give you the signal. Don't come back. "

To be able to say such words meant that his thoughts were the same as Su Zhilian's.

Su Xiangxiang furrowed her brows tightly and looked at him in confusion. Her emotions were slightly agitated. "Why do you all want me to leave? Big Brother, what exactly are you and second brother planning to do? I'm not leaving. No matter what happens, our family must be together! "

Although she didn't know what they were planning, since it had come to this point, it was definitely not a simple matter.

If something happened, leaving them to face it and letting her leave alone, could they still be considered a family?

Su Zhihang didn't seem to think that his usually obedient sister would take this matter seriously with him. He looked at her for a while, then suddenly stood up and walked to her. He reached out and rubbed the hair on the top of her head and smiled "when did our Xiangxiang grow up so big? "

" ... " Su Xiangxiang shook her head and avoided her brother's hand. She said somewhat angrily, "I'm not a child anymore. Brother, can you stop treating me like a child? "

"Oh, I know. After all, you already know how to date other men and have a private relationship for the rest of your life... " Su Zhihang still smiled calmly.

In front of him, she would always be the little sister who needed to be protected and taken care of. She would never grow up, regardless of whether she had someone in her heart, whether she got married, or whether she had children... .. She would always be his little sister, the sister he doted on the most ...

Su Xiangxiang's face turned red and she was a little embarrassed. "Big Brother! "

"Alright, stop fooling around. Xiangxiang, listen to what big brother says next. " Su Zhihang suddenly became serious He leaned over and held her shoulders, looking straight into her eyes. "Some things happen because of necessity, not because of you, or because of something.
