

Trick Me 1921

Chapter 1921 was just the beginning of his life

Yan Jun fell into a long silence.

It seemed that Ji Heng had already made his choice when he asked Ji Yunjing to bring Yu Han and Xia Jinqi, who had just been born, back to Berlin.

However, at that time, he did not understand the Ji family's mechanism. As the saying goes, he had never paid attention to the marks on the two children.

Now it seemed that... ..

Yan Sheng did not think so much because he did not understand the Ji family at all. He just paused the topic and suddenly thought of another, more important matter.

"Jun' Er, you've been busy lately, so I didn't mention some things to you. But now, it's almost new year's, and your grandfather's matter..." Yan Sheng paused and hesitated before continuing, "Lu Yiming, where exactly is he now? I heard that you let him go?"

When he finished speaking, Yan Sheng's tone obviously became more serious.

Two lives of the Yan family were lost in the hands of Lu Yiming. Yan Jun didn't avenge them, but let his enemy go free. This made Yan Sheng very disapprove. "Have you forgotten how your grandfather died so tragically?!"

"My son hasn't forgotten," Yan Jun replied. His brows were slightly furrowed, and he looked sinister.

"Then what are you doing now?!" Yan Sheng was clearly a little angry, and his brows were tightly knitted together.

Yan Jun was silent for a moment before he said, "there are still some things that I haven't finished."

Even if he killed Lu Yiming now and avenged his grandfather and Yan Qing, it would delay the progress of finding Zhao Chongbin once again.

A person with such a dangerous thought, keeping him alive, whether it was to the Yan family or Rao city, was not a small threat.

Even if Yan Jun wasn't thinking about the entire family, he had to think about the people of Rao city.

Before the greater self, the smaller self would have to be sacrificed.

Yan Sheng was originally very angry, but when he heard his son's words, he couldn't take it anymore.

He knew that Jun 'er would definitely not forget, but his father had left in such a miserable state. Every time he thought of this, he would... Sigh!!

Seeing that the father and son were arguing, Ji Xinyu quickly said, “you know that our son’s status is different from before. If you force him to take revenge, isn’t that the same as asking him to kill someone? ! “

In this matter, Ji Xinyu had an extraordinary experience. She knew that everyone was equal in front of the law, and she would never let her son follow in her footsteps again.

She gently held Yan Jun’s hand and said each word clearly to him, “son, I believe in you. You’ve been a child who knows his limits since you were young. No matter what you do, you never let me worry.

I want to take revenge for grandfather, but you must not do it on your own. Bring him back to the law and let the people judge him Only in this way will your grandfather rest in peace. You are the hope of our family. You Still Have Jin Qi and two cute children. Your future is bright and your life has just begun You must not let your hands be stained with blood because of a moment of anger and hatred. You must not ruin your future... “ ... “...”

Yan Sheng listened silently. Compared to what his wife said, what was the meaning of what he said just now?

Suddenly, a wave of guilt rose in his heart. He coughed lightly and echoed, “yes, your mother is right... “

He was not asking Yan Jun to kill his enemy, but he just did not understand why Lu Yiming was suddenly released.

Yan Jun naturally understood his parents’ intentions. He slowly curled his lips and his eyes were burning. “Dad, mom, don’t worry. Your son knows what to do. “

Chapter 1922 was determined to go back this time!

In the distance, Xia Jinqi, who had just finished her phone call, was jumping up and down with joy on her face as she ran over.

It had been a long time since she had seen her so happy.

With her and his two children around, no matter what he did, he would have to consider them first.

Xia Jinqi was indeed in a good mood.

Now that Yu Han had returned, GRANDPA JI would also come over in a few days. Her second sister, who had always made her feel guilty, had also returned unscathed.

Everything was developing in a good direction.

Even today’s sunlight looked exceptionally bright!

After returning to Yan Jun’s side and sitting down, Xia Jinqi picked up her pen again. Her tone was much lighter. “Grandfather Ji said that he would arrive tonight! THAT’S GREAT! “

Seeing that she was smiling like a child, the smile in Yan Jun’s eyes became even more gentle.

Ji Xinyu and Yan Sheng looked at each other. The two of them also smiled.

They were old and worried too much. These two children knew their limits.

The warm sunlight shone on this small courtyard filled with laughter and laughter. It was a testament to the joy, harmony, and happiness at this moment.

“...”

How many years had it been since he had returned to this piece of land?

Li Kun was wearing a thick woolen coat as he walked on the surface of the ice lake that was covered with a thick layer of ice.

He was wearing specially made anti-skid boots. When he walked, although it was not as steady as on the shore, it was still stable and stable.

After walking a few steps, Li Kun rubbed his cold hands.

The cold air on the ice continued to suck away the heat from his body, making him feel like he was about to be frozen into a popsicle.

Just as he was hesitating whether he should go back, two youths wearing skates glided on the ice in front of him.

They looked to be only sixteen or seventeen years old. They were laughing and laughing, and their movements were agile. They seemed to be enjoying themselves very much.

Li Kun's thoughts of going back were immediately stopped.

If he went back just like that, wouldn't it seem like he was admitting his age?

No, he was still very young.

But as he continued to walk forward, his movements clearly became stiff.

.. He began to feel that he was an older person. After all, he was not as old as he was when he was in his teens.

He was a little puzzled as to why he would suddenly take a walk on the ice?

In the blink of an eye, the two young men from afar arrived at his side, bringing with them a gust of cold wind. Li Kun gathered his coat — the cold wind had entered his neck!

No, it was still too cold!

This time, he was determined to go back!

Gritting his teeth, he was about to turn around when a white figure suddenly rushed in front of him, straight into Li Kun's arms!

If he was on the ground at this time, with his strong skills, Li Kun might be able to turn the situation around and not fall.

But on this slippery ice surface... ..

He was unable to dodge in time and his entire body was pounced on.

Following that, there was a wave of screams. “Ah! ! “

Then, a soft body fell down and pressed heavily on his body.

The impact doubled. At the instant his back made contact with the ice surface, a crisp “crack! ” was heard.

It was unknown if the ice layer had cracked or if his bones had broken.

Fortunately, the ‘White Ball’ that was pressing on him quickly got up. After seeing the situation clearly, he kept apologizing to him. “I’m sorry, I’m sorry, sir. I didn’t do it on purpose... I, I just learned how to skate. I’m really sorry! “

It was a gentle female voice, but at this moment, it was tainted with a lot of anxiety and apology.

Li Kun tried to move his body, and then sat up. His tightly furrowed brows finally relaxed — fortunately, there were no fractures.

He turned his head to look at the place where he had laid down just now. The originally smooth ice surface was now cracked.

Chapter 1923 was something he would never forget in his life.

He finally heaved a sigh of relief. His palm propped up the ground and he used the force to stand up.

He did not take another look at the white ball in front of him. He turned around and was about to leave.

The White Ball was stunned for a moment, then she followed him and asked carefully, “Sir, are you alright? “

She thought she was going to be scolded After all, she had caused someone to fall and eat sh * T... ...

But who knew that this person did not even look at her and just stood up and left?

Li Kun didn’t answer, and he didn’t care about the white ball that was slowly gliding beside him.

After so many years, he had long gotten used to being alone.

Especially... ... In the area of the Ice Lake ...

How his family had been ostracized back then, causing him to live with his parents in the filthy rented house since he was young, he remembered everything clearly.

He didn’t dare to forget it for the rest of his life.

Therefore, he treated the people here and the matters here with the most indifferent attitude.

But he didn’t expect that this time, his cold treatment had the strongest resistance.

The white ball sped up and in the blink of an eye, it stopped in front of Li Kun. It opened its hands and blocked his way.

“WAIT! ” There was a strange firmness and order in its voice.

Li Kun subconsciously stopped in his tracks. When he looked up, a pink and innocent face came into view.

It was not considered beautiful, but it was exceptionally delicate. There was no makeup on it, making it look even more pure and moving.

Li Kun looked at the girl in front of him indifferently. He did not even move his eyebrows. "Get out of the way. "

He said coldly.

He didn't have time to waste time with a little girl.

The girl was caught off guard by his cold gaze. It was as if a gust of cold wind blew past her back. She trembled hard, and her eyes suddenly became empty for a moment... ..

"I... I just want to say that I'm really sorry. My house is just in front, I... "

Before she finished, Li Kun had already turned around and left without any interest.

The girl froze.

At this moment, the two teenagers in front glided all the way over. They shouted in varying degrees, "Ke'er! Ke'er! "

The girl did not agree. In the blink of an eye, the two young men had already arrived in front of her. Seeing her absent-minded look, they asked, "what happened to you? Are you standing here absent-mindedly? I was wondering why you fell behind... "

"Why aren't you saying anything? Have you lost your soul? Zhao Ke'er! " The other young man waved his hand in front of the girl's eyes.

The girl who was called Zhao Ke'er finally came back to her senses. She looked at the back of Li Kun, who was far away, and mumbled, "what a strange man... "

The two young men looked at her and raised their eyebrows in surprise. "You know him? He doesn't seem to be from our village. "

"I don't know him. " Zhao Ke'er shook her head, still a little absent-minded.

"Aiya! We said we don't know each other for a long time! Let's go back quickly! If we're late, we'll be scolded by those old men at home again! "

"I almost forgot if you didn't mention it! HURRY UP AND LEAVE! Those old men don't like us every time they see us. The key is that brother Chong bin is still not here this year. The old men's resentment will definitely be directed at us! "

The two teenagers held their heads and complained bitterly before they quickly slid forward.

Zhao Ke'er only came back to her senses at this moment. She immediately screamed, "wait for me! I don't want to be scolded either! "

Before Li Kun had even reached the shore in front of them, three layers of cold wind came from behind him... ..

The moment she frowned, she saw three figures sliding in front of her.

Zhao Ke'er subconsciously looked back and just happened to make eye contact with that strange man.

Chapter 1924 wanted to see if he could help her up

Actually... .. On closer inspection, that person was actually quite handsome ? ?

He had handsome features, a well-defined face, and a cool and cold personality that didn't like to talk. It was really hard not to be attracted to him... ..

Looking at the handsome guy, she was a little engrossed. Zhao Keer completely forgot that she was still gliding on the ice. Until there was a resistance under her feet, as if she had hit something. Then, her entire body began to tilt uncontrollably!

"Ah!" There was another scream. She fell directly onto the grass by the shore. It was soft and not particularly painful, but... It was very embarrassing ...

Especially when this scene was seen by that strange man without missing a beat!

Just when it was painful and embarrassing, Li Kun slowly approached.

Zhao Keer deliberately did not get up. There was no sharp pain all over her body. Presumably, she did not fall too badly, but... .. She wanted to see if he would support her ...

It was a very strange thought, but in that moment, she put it into action.

However... ..

Li Kun did not even look at her, walking straight past her.

Not to mention helping her up, he did not even stop for a second!

Zhao Keer,"..."

This was completely different from the SCENES IN ROMANCE NOVELS! ! !

After she gritted her teeth and squeaked, Zhao Keer angrily turned over and took off her skates. She took out her snow boots from her backpack and put them on before going ashore.

As she walked, she stared at the strange man in front of her who was walking as fast as lightning. Her small face was filled with anger and inexplicable concern.

At this moment, even though Li Kun who was walking in front did not look back, he clearly knew that there was someone following him.

After following Lu Yiming for so many years, he had trained a lot of vigilance.

For someone like him who was going to be a spy, if he revealed the slightest hint of weakness, his life would be lost.

However, he did not know what this little girl was doing behind him?

Just as he was thinking about it, he suddenly heard the piercing sound of a car horn in front of him.

“BEEP! “

Instinctively, he looked up and saw that a black car had unknowingly stopped on the country road in front of him.

The driver’s window slowly rolled down, revealing a human face.

It was... .. Qu Yang ? !

Li Kun was slightly shocked. He immediately took two quick steps and quickly got into the car.

Qu Yang was the only one in the car.

Li Kun hurriedly asked, “why are you here? “

“I’m here to do something, ” Qu Yang answered first. Then, he looked at the girl who had followed Li Kun all the way and smiled meaningfully. “Did I disturb your good thing? “

Li Kun was stunned at first. Then, he looked at the girl who walked closer and frowned. “someone I don’t know. “

“that’s really a pity. ” Qu Yang closed the glass window again and started the car to drive forward. “Why are you here too? “

“I came back to take a look, ” Li Kun answered very plainly. As he spoke, his gaze had already shifted to the scenery in front of him.

He had almost no impression of this place. He could only occasionally recall a few scenes. It was his parents bringing him back for the New Year or the holidays. Then, he was scolded and chased away by a group of people.

Later, when his parents had an accident, he followed Yan Jun and never came back again.

Some people would be homesick when they mentioned their hometown, but when he mentioned his hometown, there was only strangeness and Resistance.

Qu Yang raised his eyebrows. He didn’t quite understand what he heard, but he didn’t ask further.

Li Kun asked him instead, “what are you doing here? “

“I’m looking for Zhao Chongbin. ” Qu Yang answered readily this time. “I caught one of his subordinates and got some information. “

Chapter 1925 could it be... .. Yearning for spring ? ? !

Lu Yiming was indeed capable. When he got serious, he caught Zhao Chongbin's tail in less than two days.

Li Kun knew that Qu Yang had been assigned by Yan Jun to assist Lu Yiming. Now that he heard Qu Yang's words, he immediately understood that Lu Yiming was also nearby.

"It seems that young master had already expected this day to come, so he suddenly gave me a holiday." Li Kun curled his lips and smiled faintly.

Just like he said, young master had never taken the initiative to give him a holiday for the past ten years.

This time, it was so sudden. It turned out that it was because he knew that Zhao Chongbin would appear here. That was why he had asked him to come early to scout the area, so that he could help Qu Yang along the way.

Qu Yang could not help but ask, "you mean that the chairman already knew that Zhao Chongbin would come here? If that's really the case, why did he specially ask Lu Yiming to come?"

Li Kun shook his head, and his tone was tinged with a little pride. "No one can guess young master's thoughts. But the only thing I can be sure of is that he never does meaningless things."

Perhaps, it was not impossible for young master to get some news from other places.

As for Lu Yiming... .. Young Master's arrangement naturally had its own deep meaning ...

Just like at this moment, young master had specially arranged for him and Qu Yang to work by Lu Yiming's side. There was a deep meaning behind it... .. It goes without saying ...

Qu Yang seemed to have long been used to Li Kun having such a proud and admiring expression whenever Yan Jun was mentioned. He immediately smiled and said, "I now somewhat understand why you tried so hard to persuade me to become the chairman's disciple back then."

Yan Jun was indeed worth it!

Li Kun only smiled, and there was a hint of sadness in his tone "At that time, I thought that even a person like me could be redeemed. Young master was willing to give me a chance to become the person I am now. And you are much better than me. Born into a prestigious family, you have received an elite education since young. If you are willing, you can definitely go further and better than me."

"..."Qu Yang paused for a moment, and his hand that was holding the steering wheel tightened slightly.

After a long time, he said, "a hero doesn't ask where he came from."

Li Kun did not answer again, but the smile on his lips became more and more bitter.

No matter what other people thought, the memory that existed in his heart could never be erased.

It was as if everyone had a past that they could never forget.

The car immediately fell into silence.

Zhao Keer, who was left far behind by them, stood rooted to the ground for a long time. It was not until she could not see the black sedan that she slowly sighed.

“Sigh... “

After sighing, she suddenly came back to her senses. She clenched her little fist and hit her head. “Wake up! What are you thinking about! It’s just a stranger! “

Why would she be inexplicably thinking about a stranger she had just met... ..

Could it be... .. that she was thinking about spring ? !

No, no, no, it must be because it was too embarrassing just now!

“It’s better to go back quickly. The family shrine is about to start. If I’m late, I’LL GET SCOLDED AGAIN! ”
After mumbling a few words, Zhao Ke’er quickly ran home.

Not long after she left, two people slowly walked over from the Ice Lake in the distance.

Both of them wore masks. One was a smiling Buddha, and the other was a monkey.

Under the smiling Buddha mask was Zhao Chongbin’s long-lost, seemingly harmless, handsome face.

He stood by the shore of the Ice Lake with his hands behind his back. His gloomy gaze gazed at the endless surface of the ice. His entire body was enveloped by an extremely cold aura. It was unknown whether it was emitted from his body or rushed up from the ice surface.

Chapter 1926: The past can not be buried

Monkey followed behind him as if he had ADHD. He would turn his head, scratch his itch, and stamp his feet.

He really did not like such a cold place. It was so cold that his feet were almost frozen!

But when he looked up at Zhao Chongbin for the NTH time, without exception, he found that he was unbelievably cold... ..

Monkey was very familiar with this kind of coldness. Every time Zhao Chongbin went on a killing spree, he would have this kind of aura on him.

Therefore, he was very tactful and did not dare to say a word.

As for Zhao Chongbin... ..

At this moment, he was completely not in the mood to care about what monkey was thinking.

He stood in place for a long time, like an ice sculpture. His gaze was sometimes empty, sometimes filled with killing intent, and sometimes slightly trembling.

Monkey would not know that this ice lake, which had an absolutely beautiful scenery in winter, was deeply buried in the bottom of Zhao Chongbin’s heart. It was a scar that no one could mention or touch.

The Zhao family was originally from a poor family. Their ancestors were all fishermen, and they relied on the ice lake for a living.

A university student like Zhao Xiong was born out of several generations. Later on, Zhao Xiong went to the city to study at a university and opened a pharmaceutical factory. The first bucket of money he earned was to return to the Zhao family and expand the ancestral hall.

At that time, whenever the elders of the Zhao family mentioned Zhao Xiong, their mouths would be full of praises.

Unfortunately, the good times did not last long. The Zhao family's pharmaceutical industry suffered a lawsuit and was on the verge of bankruptcy. Zhao Xiong might also face a prison sentence, and he might not be able to recover for the rest of his life.

After knowing this, the attitude of the elders of the Zhao family towards Zhao Xiong's family changed 360 degrees, and everyone avoided them like snakes and Scorpions.

Zhao Chongbin, who was still young, was sent back to the Zhao family's hometown at that time. He stayed there for a few years.

During that time, he could no longer remember how much abuse he had suffered.

Mo Shuang could only remember that her uncle liked brown leather belts. Moreover, he had to change a brand new one every month to break it.

The aunt never allowed him to eat at the table, but she threw the bones that the family had eaten to him.

Fourth uncle liked to smoke. As long as fourth uncle came home, his arms would be covered with scars from the cigarette burns.

These daily blows were nothing, at least he was still alive.

But one winter, he remembered that it was also this cold, bone-chilling cold... ..

A hole was dug in the ice lake. He was stripped of all his clothes, and his whole body was shivering from the cold. Then someone grabbed the back of his neck and threw him into the ice hole that was like an ice cellar.

He struggled and screamed for help, but he was pressed down even deeper.

He remembered that cold to the bone, that despair and loneliness.

But he did not die.

Life was sometimes so tenacious. After he returned, he only had a high fever.

At that time, Zhao Xiong had just received Yan Youcheng's help. The pharmaceutical factory had welcomed a change in fortunes. Seeing that it was about to be reborn, he could not leave for even a moment.

He was completely focused on his own pharmaceutical factory. He did not even think about his son who was placed in the countryside.

He only heard that he was sick and found someone to buy some toys and fruits back.

Of course, Zhao Chongbin had not even seen these things before. They were all confiscated by the aunt and given to her child.

Speaking of the aunt's child... .. Zhao Chongbin suddenly gritted his teeth and made a "squeak squeak!" Sound ...

When monkey heard this, he immediately took two steps back, afraid that he would be implicated by the innocent.

At this moment, Zhao Chongbin was enveloped by an unprecedented killing intent!

The aunt's child, who was supposed to be his cousin, was 17 or 18 years old. At the beginning, she gave him some sweets and took him out to play.

Chapter 1927 commemorates his lost youth

He once thought that his cousin was like a god, because his cousin would never bully or hurt him!

But... .. Later, his cousin took him to a room, took off all his clothes, and started to touch and kiss him ! !

When he was young, he didn't understand, but when he grew up, every time he thought about it, he felt nauseous!

So, when he returned to China at the age of 17, the first person he killed was that damn cousin!

Oh, he used the scalpel that he was proud of. After he was killed with a single cut, he dismembered his cousin perfectly.

There were many aspects to studying medicine. What was wrong with doing pharmaceutical research and becoming an internal medicine specialist? Why did he have to choose a surgical department?

Because only in this way could he pick up a scalpel and cut a human body.

He had studied abroad for so many years and practiced on countless corpses that had been soaked in Formalin. Wasn't it all for this one day?

To personally dismember that perverted and disgusting cousin that had ruined his life!

After recalling all this, Zhao Chongbin slowly closed his eyes and adjusted his emotions as he deliberately slowed down his breathing.

Over the years, he had long mastered the control of this kind of mood change. Otherwise, how would he have passed the psychological test every season when he was still in Medical University?

How to hide negative emotions was his specialty.

Therefore, after being in the hospital for so many years, everyone thought that he was a good doctor. He was even selected as a pharmaceutical representative and became an outstanding young man... ..

HMM.

Foolish people, always love to see these easy to disguise the appearance.

Monkey seems to feel Zhao Chongbin's body of killing aura all recede, this just carefully close to the past.

As soon as he stood still, Zhao Chongbin glanced back at him and said, "what are you doing so far away? Do you think I will eat you?"

The monkey shivered and shook his head. "It's... it's too cold."

"under the ice, is called cold." Throw a sentence, Zhao chongbin turned to walk to the road.

Monkey took a glance at the ice that was surrounded by cold air. He immediately sucked in a breath of cold air and quickly followed Zhao Chongbin.

At this moment, Zhao Chongbin had already boarded a van.

The van was filled with weapons. Zhao Chongbin randomly picked a gatling gun and began to check the bullets.

Monkey also boarded the van and chose an assault rifle. As he fiddled with it, Zhao Chongbin's voice was heard. "The Zhao family ancestral hall only has one door. Block it for me. Don't let out even a fly!"

"Yes!" Monkey nodded heavily without any hesitation. He did not even ask why Zhao Chongbin wanted to exterminate his own family.

Because he absolutely worshipped Zhao Chongbin!

As long as it was Zhao Chongbin's words, he would do anything And it would be an imperial edict!

Zhao Chongbin lowered his eyes with great satisfaction. He slowly caressed the Gatlin in his hand, and the corners of his mouth curled up wickedly.

After decades of accumulated resentment, today, he would thoroughly understand it... ..

To pay tribute to his lost youth.

At that time.

The Zhao family opened their ancestral hall and recalled almost all of the Zhao family's bloodline.

Zhao Xiong was among them.

He had paid a high bail and was now able to move freely in Rao city's territory.

Today's ancestral hall was mainly opened for Zhao Xiong's matter.

The elders spoke passionately above, and Zhao Ke'er, who was ten minutes late, sneaked in from behind the crowd.

Chapter 1928 there's a bad seed in your family

After finding her parents' location, she quietly stood still. Then, she took a deep breath and calmed herself down.

Although she could not avoid being glared at by her mother, at least she was not discovered by the elders. It was really fortunate.

She did not want to be called out and scolded in front of so many people in the family. In the end, she had to stay behind to clean up.

“third brother, it’s not that I don’t want to be brothers. Look at what your son has done. In the entire Rao city now, who doesn’t know? When people mention the name Zhao, they avoid him like snakes and Scorpions!

“Such a vile creature has appeared in your family. It’s simply making our entire family unable to raise their heads “according to my opinion, there’s nothing to say. Please come out of the ancestral hall yourselves!

“From now on, don’t be surnamed Zhao. Go and take whatever surname you want. Don’t embarrass the Zhao family! “

The one who spoke up was Zhao Xiong’s eldest brother, Zhao Qin. His son had died at Zhao Chongbin’s hands.

However, Zhao Qin didn’t know about this either. He just wanted to use this opportunity to distance himself from Zhao Xiong and his son.

Anyway, the money that Zhao Xiong had taken back had already fed their brothers and sisters. Now that this money tree was tainted with black, they naturally didn’t want to get into trouble.

Zhao Xiong was already frustrated with the matter of his only son. When he was called back to his hometown, he thought that the brothers could help him think of a solution. Who knew that they would actually join forces to force him to invite the family ancestral hall?

Although it sounded Nice, it was actually just an obvious intention to expel the father and son from the Zhao family!

Immediately, Zhao Xiong’s face turned black. “PA! ” He slammed the table and stood up, scolding fiercely “Big Brother, what do you mean by this Don’t forget, I spent money to build this ancestral hall My son was just wronged. As a family, it’s fine if you don’t help him think of a solution, but you actually added insult to injury at this time Do you have any conscience Have I taken less money to give you all these years? !”

Zhao Xiong was very angry.

He had made a fortune. Every year, he would take money from his hometown, and once he took it, it would be millions. But now, he ended up like this!

They were simply a bunch of ingrates!

When Zhao Qin and his other brothers heard this, they were displeased. They began to criticize Zhao Xiong at the same time.

“What do you mean by that? Are you that great just because you paid to build the ancestral hall? ! How many times have you come back to visit? If it weren’t for us who guarded the Ancestral Shrine and worshiped the incense for years, would you have such a good future? ! “

“THAT’S RIGHT! Don’t you just have a few smelly money? So what! Now you’re still in this state! Your son is wanted and the medicine factory has been closed down. You can’t even take out a single cent now, right? And you’re still shouting here! “

“Do you still think you’re the medicine king who has millions of dollars! Why don’t you take a PISS and look at yourself! What are you! ? “

Whatever was said was said. They did not care about the Brotherhood at all, and they completely forgot about the faces of Zhao Xiong and the others when they were doing favors for them.

“You... you guys...” Zhao Xiong’s fingertips trembled as he pointed at these blood-related brothers one by one. He was so angry that he could not even say a complete sentence ...

Zhao Qin only pretended to cough when he saw this. He stood up and tried to persuade Zhao Xiong “third brother, even if you don’t think for yourself, you have to think for our family “There’s a bad seed in your family. You can’t implicate all of us “Look at the group of children behind us. Which one of them isn’t in their prime, has a bright future “We can’t let these children die just for your family, right? ”

Chapter 1929: you are the one who should get lost!

Zhao Xiong glanced behind him, his face Ashen.

“Your child is a child, but my child isn’t a child? !” He questioned coldly. Zhao Xiong flung his sleeves, unwilling to back down even half a step. “I spent money to build the Zhao family ancestral hall. If you want to leave, it should be you! “

Now that things had come to this, his family had also been destroyed, and the pharmaceutical factory had closed down. Everything he had worked hard for all his life was gone!

He had ended up like this, and these ingrates of the family were still thinking only of the Zhao family’s reputation? ! !

HMPH To think that all his efforts over the years had really been fed to the dogs!

Zhao Qin did not expect Zhao Xiong’s attitude to be so tough. Before he could react, the group of brothers behind him had already stood up excitedly, pointing at Zhao Xiong’s nose and scolding him.

“You’re the one who should get lost! Our Zhao family doesn’t welcome you! “

“Why do you think this family shrine is being opened today? It’s to drive you and your father out of the family! “

The chattering around him caused Zhao Qin’s brain to stop working.

He coldly curled the corners of his lips and revealed a dark smile.

Look, there was no need for him to make a move. Naturally, someone would help him solve these problems.

He only needed to sit and wait for Zhao Xiong to be completely expelled from the family tree. The entire Zhao family's huge business would belong to him alone!

Zhao Xiong swept his gaze across the group of people in front of him one by one and suddenly burst into laughter. The laughter was extremely savage "HAHAHA! What A BUNCH OF SHAMELESS INGRATES! Have you forgotten what kind of face you had when you came to beg me? HAHAHA! Today has really opened my eyes. Let me see clearly what a bunch of heartless wolves you are! "

Zhao Ke'er hid behind her parents. She could not understand the adults' sarcasm, but she had to listen carefully.

Zhao Chongbin could be considered as one of her cousins. She had no impression of him when he was young, but when he grew up, he was always forced to hear about his deeds under the pretext of 'look at other people's Children' .

She had met him a few times before, but she had no impression of him after that.

What she could not understand was how such an outstanding person could suddenly do such a terrible thing?

"Mom, third uncle... "

Before she could finish her sentence, she was interrupted sternly, "shut up! What do children know? ! "

Zhao Ke'er shut her mouth resentfully and didn't say anything else.

However, just as she was about to look up at the ancestral hall again, the door to the ancestral hall was suddenly knocked open!

"Bang!" A few sounds were accompanied by a group of messy and fast footsteps.

Everyone looked back and saw a few masked people rushing in. Each of them held a gun and looked fierce.

"AHHHHH!" The cowards behind started to scream and retreat.

Zhao Ke'er gritted her teeth and her face instantly turned pale.

This... This... what was he doing ? ?

In the ancestral hall, Zhao Xiong also looked back.

He first looked around and found that the group of people who had suddenly rushed in had surrounded them.

And the leader was a gangster who was wearing the mask of the laughing Buddha and was hugging Gatlin.

At first glance, Zhao Xiong felt that the laughing Buddha looked very familiar!

However, he could not remember where he looked familiar.

Just as he was stunned for a short while, Zhao Qin had already pointed at him with his trembling fingers. "You... third brother, YOU'RE SO RUTHLESS! You actually came prepared! ! "

The moment he said that, the entire place fell silent for a moment.

Everyone shifted their gazes to Zhao Xiong as though they were 'so it was you' .

Chapter 1930: even if it was just a glance, it would still be good.

Zhao Xiong was not in a hurry to explain himself. Instead, he frowned and stared at the man in the pig mask who was hugging Gatlin, lost in thought.

The inexplicable sense of familiarity in his heart grew stronger.

Zhao Xiong gritted his teeth. His mind seemed to have come to a conclusion, but he still did not believe it. He kept shaking his head... ...

Zhao Qin, who was behind him, seized the opportunity with great difficulty. He walked over and began to scold Zhao Xiong. "Why did you call so many people here today? Don't tell me you want to kill me, this big brother of yours, and our entire clan's clansmen! "

As soon as he finished speaking, a series of "Da da Da" sounds suddenly came from nearby, followed by the sound of blood instantly flying in the air due to the burst of blood vessels.

Zhao Xiong didn't see anything clearly. He only felt that something warm and warm flew onto his face.

Subconsciously, he stretched out his hand to touch it. It was actually blood... ...

Zhao Xiong's pupils constricted. He hurriedly looked behind him

He saw that Zhao Qin, who was acting arrogantly just now, had now widened his eyes. His entire body was covered in bloody holes.

It was as if he had already stopped breathing. His body fell straight back.

"Dong! "

A dull and stiff sound spread throughout the entire ancestral hall in an instant.

All the members of the Zhao family shut their mouths. It was as if a pair of hands had been stuck on their necks. They could not even continue to breathe. Their faces were Pale and their eyes were fixed.

Only the perpetrator felt extremely relaxed.

It was as if he had not just killed a person, but a completely lifeless puppet.

"You're right. I just want to kill you and kill all the members of the Zhao family. " Zhao Chongbin adjusted the angle of the gun in his hand and finally fixed his gaze on Zhao Qin's slightly fat and greasy face.

Back then, when his cousin did that to him, he was once seen by this uncle, but he didn't stop him. His expression was cold.

Having a son but not being educated, wasn't it his fault?

If it wasn't for the things his cousin did back then, Zhao Chongbin thought, he might not be so obsessed with killing people.

But... So what ??

He couldn't go back.

He wouldn't have a second childhood.

Zhao Xiong stiffly turned his neck and his gaze fell on the smiling Buddha mask again.

It was obvious that this person had used a voice changer when speaking.

It must be someone who had a great relationship with the Zhao family. He was afraid of being recognized, so he deliberately used a voice changer.

Then this person... .. Cold Sweat broke out on Zhao Xiong's forehead. Thinking of the many victims who had complained about Zhao Chongbin in the police station, thinking of his big brother who had just died by his side, his heart was already in a state of panic ...

The person in front of him was... .. His son, right ...

Zhao Chongbin only glanced at the dead person on the ground indifferently, without the slightest bit of attachment or regret.

When he withdrew his gaze, he inadvertently exchanged a glance with Zhao Xiong.

He saw the astonishment and fear in Zhao Xiong's eyes, as well as many other emotions, such as heartache and bitterness, as well as disappointment. There were too many of them, and he did not have the leisure to count them all.

However, the only thing he could be sure of was that his father had recognized him.

A cold and bloodthirsty smile curled up on the corner of his lips. Zhao Chongbin slowly walked forward and slowly approached his father.

He still remembered that when he was young, he lived with his relatives in the countryside. The thing he longed for most every day was for his father to come and visit him... ..

Even if it was just a glance, it would be good.
