

Trick Me 1941

Chapter 1941 was managed by someone, so it was good. Knowing the cold and the hot.

That was true.

Whether it was him, Xia Jinqi, Ji Yunjing, or Huo Ting, all of them were destined to inherit something from the moment they were born.

It was rare to see Yan Jun's absent-minded look, so Ji Yunjing smiled again. "When you get married and become a father, can you really change a person? Yan Jun, this isn't like the You I knew in the past. "

The former Yan Jun was iron-blooded and cold-hearted.

But now, he seemed to have become much gentler and more approachable.

Yan Jun smiled as well. Not to mention Ji Yunjing, even he could feel the change in himself.

But he didn't answer Ji Yunjing's question. He couldn't admit that he had become sentimental, could he?

This would damage his image of the cold-faced King of Hell.

So he had to change the topic. "Do you want to get married? "

Ji Yunjing froze for a moment. He didn't expect Yan Jun to ask this. He pondered for a moment and didn't deny it. He just smiled and smoked. "I'm a little envious. "

"then find a good girl, set up a family, and settle down, " Yan Jun said.

"Mm, if you meet her, set up a family. " Ji Yunjing nodded. Although he was smiling, his smile was a little bitter.

How could it be so easy to meet her... .. At least until now, he had not met any of them ...

Only... .. That Ye Qinghuan ...

Although he had appeared on stage before, he had bought her for the first time. He had not experienced much, and her heart was not bad. Her character was also soft and cowardly. He liked her very much.

However, he had not seen it again after that. It was probably not fate.

He could not help but feel a little disappointed.

After smiling bitterly, Ji Yunjing pulled himself back from the depressed emotional world and turned to ask Yan Jun, "when are you leaving for the Middle East? "

"It will take some time. " Yan Jun thought for a moment and took another puff of his cigarette.

Quan Rui and his wife had not come over yet, so he could not leave in peace.

Ji Yunjing nodded. The cigarette in his hand had been burnt out. He wanted to light a second cigarette, but he was stopped by Yan Jun. "smoke less. "

Xia Jinqi always whispered in his ear, so much so that he had some reflexes.

Ji Yunjing's hand froze, but he still put down the cigarette. He had a smile on his face. "Is cousin so strict?"

Yan Jun also smiled and shook his head. He played with the cigarette in his hand and did not deny it. "It's good to have someone to take care of it. It's good to know the cold and the hot."

After laughing, Ji Yunjing said again "I know your power in the Middle East, but Zhao Chongbin is not easy to deal with. He also has an intricate network of connections there. I found people in the family. When they see cousin, they will help you everywhere. Be careful."

This time, Yan Jun suddenly suggested to Xia Jinqi that they were going to the Middle East. It was not a sudden idea, but he had gotten the news from Ji Yunjing earlier that Zhao Chongbin would withdraw to the Middle East.

If they could not solve the problem at home, then they would go abroad.

If they did not get rid of Zhao Chongbin, Yan Jun would never be at ease.

Moreover, when he took office next spring, the time he could spend with Xia Jinqi would be even less. It would be good to take this opportunity to spend some time alone.

He did not expect Ji Yunjing to be so thoughtful. Yan Jun did not reject his kind intentions. "Thank you."

"It's nothing." Ji Yunjing didn't take it to heart.

As a family, he had to help those who needed help.

At this point, Xia Jinqi happened to find them.

"What are you guys talking about? LET'S EAT!"

Looking back, they saw that the living room was already filled with a table full of dishes. Long Qingxin and Ji Heng had already taken their seats. Each of their faces was filled with a blissful smile.

Chapter 1942: The three of them celebrate the New Year together

Yan Jun put out his cigarette and walked towards Xia Jinqi. He hugged her waist naturally and walked into the hall.

Xia Jinqi took the opportunity to ask, "what were you guys talking about?"

"Yunxiang said she wants to get married," Yan Jun answered honestly.

"Really?!" Xia Jinqi was shocked, and a smile immediately appeared on her face.

"Yes." Seeing her smile, Yan Jun smiled as well.

Ji Yunjing looked at the gossipy couple walking in front and shook his head helplessly as he followed.

"What are you whispering behind my back?"

This New Year's Eve meal was very stable and very blissful.

It had been a long time since the whole family had been so happy together.

After the meal, the older generation could not take it anymore and went to sleep first.

Xiao Yuhan and Xiao puff had had enough of their craziness during the day, so Ji Xinyu had brought them to sleep early. It was unknown whether it was intentional or unintentional, but Ji Xinyu always liked to bring the two little fellows to sleep.

But thinking about it, it made sense. Grandchildren were so cute, who wouldn't want to watch them all day. They didn't even watch the Spring Festival gala anymore.

So in the end, only Yan Jun, Xia Jinqi, and Ji Yunjing were left to observe the New Year together.

As they chatted, they got bored. Xia Jinqi suggested drinking some tea and went to prepare it herself.

Ji Yunjing and Yan Jun looked at each other and smiled silently.

"Do you still remember when we were drinking in Berlin and cousin bumped into us?" Ji Yunjing asked with a smile.

Yan Jun nodded with a hint of a smile in his eyes.

In the blink of an eye, a year had passed.

When two men gathered together, they always wanted to drink some wine.

This time, if Xia Jinqi wasn't around, they definitely wouldn't drink tea.

Xia Jinqi guessed that she also knew what the two men were thinking, but she didn't mention it. She directly asked the maid to bring the tea tray and started to make the tea herself.

She knew a little bit about tea and couldn't be considered as a senior tea artist, but it was more than enough for her to drink by herself.

As she made the tea, she asked Ji Yunjing, "cousin, is there anything going on in Macau recently?"

"It's fine. After you showed up last time, they have basically been obedient," Ji Yunjing replied. He didn't mention that after Xia Jinqi left, Ji Heng made a move again, which was why they were so obedient.

"Oh." Xia Jinqi nodded. When she thought of those smart people, her scalp still felt numb.

Apart from these, there were other unexpected gains from the trip to Macau.

For some reason, she remembered that time when Ji Yunjing took her to have a nightlife, and then she ruined his business and stole his girlfriend.

She could not help but laugh out loud. "At that time, I really did a lot of ridiculous things."

Yan Jun was also looking at her with a burning gaze. "My hair grew a lot longer."

Hearing that, Xia Jinqi subconsciously looked down at her shoulder-length hair and nodded. "Yes, you can't pretend to be a boy now!"

"At that time, not only was he a Tomboy, but he also brought women to the banquet and bluffed them all." Ji Yunjing was only recalling the past, but the moment he thought of Ye Qinghuan, his eyes gradually dimmed.

Xia Jinqi did not notice this. She poured tea right in front of Yan Jun and smiled. "You taught me that!"

The few of them chatted and laughed as they reminisced about the past. Time passed quickly.

It wasn't even 0 pm when the sound of firecrackers could be heard from outside.

The crackling sound made Xia Jinqi look out of the French window curiously.

Sure enough, someone started to set off fireworks. Colorful fireworks exploded in the dark night. It was a beautiful sight.

Chapter 1943 I will not be the president, I will only be Yan Jun.

Ji Yunjing also stood up, took his coat and was about to leave. "I will go back first, I will not disturb you and your wife."

As he spoke, Ji Yunjing's eyes were obviously filled with a layer of ambiguity.

Not Disturbing anything, it was self-evident.

"Okay." Yan Jun nodded at him, his thin lips curling slightly.

Ji Yunjing then left happily.

He was a person with discerning eyes. He knew that Yan Jun had big plans coming up, why would he still be a third wheel here?

He had eaten a lot tonight, so he couldn't eat any more dog food, or else he would have indigestion.

?

Xia Jinqi happened to see a nice piece of fireworks. She turned around and wanted to call the two men in the room to come out and take a look. "Hey, you guys..."

She turned around and realized that Yan Jun had already walked behind her, while Ji Yunjing had already disappeared.

"WHERE'S COUSIN?" She asked curiously.

He went to the bathroom?

However, Yan Jun walked over and hugged her from behind. His thin lips pressed against her ear. "He left."

His warm breath sprayed on her ear, making her extremely sensitive.

“Why did he leave? It’s not even 0 o’clock yet...” Xia Jinqi was a little puzzled. Didn’t they say that they would be celebrating the New Year together?

She thought that tonight’s tea party wouldn’t end until 1 o’clock!

But he left so early?

Yan Jun saw that she was frowning slightly, so he opened his mouth again. “He’s afraid of disturbing our private time. “

” ... ” Xia Jinqi shrank back a little. “What private time? There are still people at home! “

“I told them to get off work early.” Yan Jun was referring to the servants at home.

Xia Jinqi’s little face flushed red. “move back a little. When mom and dad come down and see it... “

They were outside the living room. If Mom and dad heard about the fireworks and came down to see it, then they... Would be embarrassed ...

Yan Jun was unmoved. “Mom definitely won’t come down. “

He was implying something.

Xia Jinqi understood what he meant. She turned around and punched his arm in annoyance, but she couldn’t bear to use force. “Are you satisfied? ! “

Thinking back to the conversation he had with her mother in the morning, Xia Jinqi felt embarrassed!

However, he took the opportunity to grab her hand and kissed it lightly. “This is the second year you’ve spent by my side. “

They had been married for two years.

Nothing had changed. Only their feelings were more passionate than before.

Xia Jinqi was also a little emotional. Her nose was a little sore. “Yeah, in the blink of an eye, it’s already been two years... “

Time passed really quickly.

“Ah Jin. ” His warm palm lifted her slightly cold little face. “Give me another two years. “

Xia Jinqi did not understand so look at him, some anxious, “what two years? We still have a lifetime of time, you can not think of running! “

Her tone amused him, and a low laugh spread around the two of them. “Fool. “

After laughing, he became serious.

“I didn’t want to be president, but I couldn’t find someone who could take over right away. Two years later, I won’t be president, I’LL BE YAN Jun. “

Clear as the mountain stream spring water general voice, slowly flow into Xia Jinqi’s heart.

She roughly understood what he meant.

But... ..

“Is it for me and the children? Jun, actually, you don’t have to be like this. I understand everything. You have your ambitions, your ambitions. No matter what you want to do, I will support you. You are busy working outside, so I can take care of you too!

“It’s okay if you don’t have time. I have time. We can still eat together and live together.

As for the children... ..

“Mom and I are at home. We will take good care of them, but you have to come back and accompany them at least once a week, okay? “

Chapter 1944 Know Him, understand him, love him

Xia Jinqi had already thought this through.

Yan Jun was getting busier and busier. There would definitely be times when he would be unable to take care of his family.

She was not the kind of person who would be a little bird coddling a person, wanting a man to accompany her all day long.

“The child and I will be fine. But you, when you are busy, you always ignore yourself. How can I rest assured?” She frowned again, her face full of worry.

Yan Jun had always known that she was a meticulous person who always thought of others.

However, he had never thought that not only did she not care about this matter at all, what she was most worried about was his body... ..

He suddenly pulled her into his arms and hugged her tightly.

Xia Jinqi wanted to raise her eyes to look at him because he had not given her an answer yet. However, he held her head tightly and could not raise his head at all.

“Wu Wu Wu...” she struggled a little while holding her breath.

Yan Jun loosened his grip a little, but he did not let go of her.

Because he did not want her to see the tears in his eyes at this moment.

This woman was always so easy to deal with. He was touched... ..

“Wait for me for two years. Wait for me to get rid of this responsibility. Our family will have a good life.” He tried his best to restrain himself, but he still couldn’t hide the slight sobs in his throat.

Xia Jinqi pretended not to notice and only agreed with a smile. “Okay! Two years for your whole life. I’ve picked up a treasure! “

Hearing her cheerful words, Yan Jun couldn’t help but laugh out loud.

Idiot.

He was the one who had picked up a treasure.

He was the only person in his life who knew him, understood him, and loved him. His life was not in vain.

Just as he finished speaking, the sky above him exploded with a bang.

Xia Jinqi looked up and happened to see an exploding firework. It was like a giant Rainbow Lollipop!

“Wow!” She couldn’t help but be surprised. Just as she was about to pull Yan Jun to watch it with her, who knew that when her gaze met his, he would give her a loving smile. Under the sky full of fireworks, he told her the three most affectionate words, “I love you.”

She smiled, a bright and brilliant smile. “Me too.”

He leaned over and lowered his head to kiss her lips.

At the same time, a bell sound came from somewhere. “Dong... Dong... Dong!”

It was solemn and sacred, indicating that a new year had arrived.

At the moment when the bell sounded, there were two bangs not far away. Two beams of scorching white light rushed into the air one after the other!

At a certain moment, the two red peach hearts exploded, cutting through the dark and deep night. With the sound of the explosion, it illuminated the couple who were hugging and kissing on the ground.

A faint glow enveloped their bodies. Everything was so beautiful and passionate... ..

..

A few families were happy, and a few were sad.

Tonight’s Fang family was so quiet that it almost drove people crazy.

In fact, Yan Jun and Xia Jinqi had invited Fang Shaoan to celebrate the New Year with them. At first, Fang Shaoan wanted to go too. After all, it was lively when a group of people were together.

But later, he thought that on such a beautiful day, if he could propose to Xiao Ran, she would definitely agree to it very readily!

Therefore, he did not go to the Yan family. Instead, he stayed at home for a few days. He prepared rings and balloons. After fiddling with them for a long time, he finally managed to come up with a satisfactory proposal scene.

Fang Shaoan, who was usually frivolous, also put on a suit, tied a tie, and held a large bouquet of roses in his hands, waiting for Zuo Xiaoran to return.

He had said that he would give her a romantic and gorgeous formal proposal!

Unfortunately... ..

Chapter 1945 Love is Love, how can I let it go... ..

He had prepared everything, but he did not expect that she would not come.

He called countless times, but she did not pick up. In the end, she turned off her phone.

Before she turned off her phone, she sent a text message.

“We, let it go. “

He called back frantically, but his phone was already turned off.

Everything turned cold.

The fire-like Love, the restless heart, and the excitement and yearning to enter the marriage hall... ..

In an instant, Fang Shaoan’s heart seemed to be hollowed out.

He lost strength in his hands, and the bouquet of roses fell heavily to the ground, falling into pieces.

He didn’t understand.

Weren’t they always fine?

She brought him food every day, they lived together, they lay on the same bed, and talked about everything.

Just this morning when she went out, she said that she was just going to have a little gathering with her friends, so how could she... .. Just say that she had let it go ? ?

How could she let it go... ..

He loved her so much and wanted to marry her. He wanted to spend the rest of his life with her. How could she let it go?

He gripped his phone even harder.

He could not stay any longer. He rushed out.

The street on New Year’s Eve was very deserted. There was hardly a car in sight.

But it was in this deserted place that Fang Shaoan started driving a yellow Ferrari. It shuttled through the streets and alleys at an extremely fast speed.

He went to her house. The people who came to open the door were an unfamiliar couple. They said that this house had just been bought to be used as a wedding house.

Fang Shaoan’s heart instantly felt empty... ..

She actually sold the house?

He turned around to go to her parents’house again, but the neighbors said that they had gone back to their hometown last week.

Fang Shaoan seemed to have gone crazy. He looked for the places where she used to work, looked for her school, looked for all the places she had been to... ..

He searched everywhere, but he could not find any trace of her.

It was as if she had disappeared from the world. Suddenly, she disappeared from his world, as if they had met.

In the end, he could only return to the Fang family.

Looking at the room full of balloons, he got very drunk.

Drunk, with a crying voice, "Zuo Xiaoran, you tell me, how to calculate... how to calculate ah... "

Love is Love, how to forget ah... ..

—

Come on, come on.

Xia Jinqi and Yan Jun each held a child, just about to go out, was drunk Fang Shaoan came to the door.

"sister-in-law, you... Burp... you tell me, Xiao ran where... " he fell to sit in the doorway, cheeks red, eyes blurred.

Xia Jinqi and Yan Jun were stunned for a moment. They turned around and handed the child to the servant, then went over to help him.

"What happened to you? What happened to Xiao ran again? Did you two fight? " The first thought that came to Xia Jinqi's mind was that the two of them had quarreled. Xiao ran might be quarreling and not willing to pay attention to him.

However, when Fang Shaoan told her about what happened last night, she fell into deep thought.

She suddenly remembered that Xiao ran had once mentioned to her that she wanted to leave... ..

But later, when she saw Xiao ran and Shaoan get back together and said that they were going to get married, she thought that Xiao ran had already given up on the idea.

Why... .. Why did she suddenly leave ? ?

Fang Shaoan was originally drunk and in a mess, but when he heard Xia Jinqi's words, he suddenly woke up, and he was terrifyingly calm.

"You're saying that she wanted to leave me before? " Even his voice was cold and angry like ice.

Xia Jinqi shivered from the cold that spread from his body. Before she could say anything, Yan Jun's voice sounded, "Shao'an. "

There was a faint feeling of suppression.

Chapter 1946, outsider

The ICY Aura emanating from Fang Shaoan was indeed much more restrained.

He raised his eyes and glanced at Yan Jun. his expression was not too good, but he still squeezed out a sentence, "happy new year. "

Then, he took out two red packets from his suit pocket and stuffed them into Xia Jinqi's hands. "sister-in-law, these are for my Godson and goddaughter. "

After saying that, he bypassed the two of them and walked out of the door.

He also knew that it was a very bad thing to cause a Ruckus in front of someone's House on the first day of the new year.

It was just that he was too anxious.

However, since sister-in-law did not know where Xiao ran had gone, wouldn't she become a scoundrel if she continued to stay and ask questions?

Heh, he still had this bit of self-awareness.

Xia Jinqi was slightly taken aback, and Yan Jun said, "I'll go and see him. "

After saying that, he took a step forward and chased after her.

Xia Jinqi looked at the backs of the two people who left one after another, and her brows furrowed tightly.

When the two kids behind her saw that there were red packets, they immediately demanded, "red packets! Mommy! "

Xia Jinqi turned around and smiled as she handed the red packets to them. "You two little money-grubbers, this is from Shao'an's Godfather. "

After coaxing the two children, Xia Jinqi took out her phone and called Zuo Xiaoran. She called her phone, but it was already switched off. She then opened her social network and saw the message she had sent to Xiao ran last night. Other than that, she did not reply.

The hand that was holding the phone tightened a little before letting go.

Xia Jinqi sighed. She knew that Xiao ran had always been a very thoughtful girl. Since she had decided to leave, she would definitely leave cleanly so that no one could find her.

However... When she thought of Fang Shaoan's dejected look, Xia Jinqi really did not know if Xiao ran had missed out on a period of marriage after leaving ...

Yan Jun had gone for about ten minutes. When he returned, he brought Xia Jinqi and the two children into the car. Today was the first day of the Lunar New Year, and according to the rules, they had to go to the Xia family to pay New Year's greetings.

On the way, Xia Jinqi could not help but ask, "how is Shaoan? "

Yan Jun drove the car. His jaw was slightly taut, and his picturesque eyes and brows were filled with worry.

“She said she’s going home to sleep,” Fang Shaoan answered him, but he knew that this kid would definitely not let it go.

“I can’t contact Xiao ran either,” Xia Jinqi said worriedly. “She didn’t even tell me this time. It seems like she really made up her mind.”

Yan Jun was silent for a long time.

Logically speaking, Fang Shaoan was the best at finding people.

If it was possible, he would have chased after Zuo Xiaoran overnight. There was no need to wait until dawn to ask Xia Jinqi.

By doing so, it could only mean that Zuo Xiaoran had left without leaving a trace, leaving him with no place to look for her.

Zuo Xiaoran knew Fang Shaoan’s ability, and she deliberately did this to make it clear that she did not want Fang Shaoan to find her again.

The relationship between the two of them could not be helped by anyone other than themselves.

Yan Jun only said, “what should come can not be stopped, what should go can not be kept.”

“...”Xia Jinqi opened her mouth, but in the end, she could not say anything.

That’s right. How could outsiders like them say anything about the decision of the person involved?

But no matter what, she believed that since Xiao ran had made such a decision, she must have thought it over and over again.

She hoped that in the future, Xiao ran would not regret it... ..

While she was deep in thought, a soft little hand covered the back of her hand.

“Mommy...”

Xia Jinqi looked back and happened to meet Yu Han’s eyes that were especially similar to Yan Jun’s. They were as bright as the stars.

Chapter 1947: yan Jun’s new hobby

“What’s wrong, baby?” She asked as she held his little hand.

“Smile...” Yu Han stared at Xia Jinqi, knowing that she was a little unhappy at the moment.

Xia Jinqi paused for a moment, then smiled and said, “do you know that Mommy is unhappy?”

This kid was like a shrewd person. He was so young and already knew how to read People’s expressions?

On the other hand, Xiao Puff, who was supposed to be a little cotton-padded jacket, was concentrating on playing with the big red packet in her hand!

Yu Han did not say anything. He waved his little hand and let Xia Jinqi hold him in her arms. He looked up at the scenery in front of the car.

Xia Jinqi didn't know what he was thinking, so she said, "let's go to GRANDPA's house to pay a New Year visit and ask for more red packets, okay? "

"Okay." Yu Han nodded obediently. Since his mommy said so, and his sister liked red packets so much, he naturally had to ask for more.

Yan Jun glanced at the rearview mirror, and a smile gradually appeared in his eyes.

Recently, he had developed another good hobby — quietly looking at his wife and a pair of children.

Although he had changed a lot compared to before, he still couldn't change the fact that he didn't talk much.

When Xia Jinqi was around, she would always find a lot of topics to talk about. The atmosphere was also very good, and time quietly flew by.

If she wasn't around, he wouldn't say those things that were soft and didn't know how to coax the children. Sometimes, the children wouldn't take the initiative to talk to him, and the atmosphere would be a little awkward.

So slowly, he began to enjoy watching Xia Jinqi tease the children like this.

Only in this way would it be like a home.

Xia Jinqi was rather busy. She talked to Yu Han and helped Xiao puff wipe the biscuit crumbs from her mouth. She didn't notice Yan Jun's gaze in front of her at all.

Time passed quietly in such a warm atmosphere.

She did not stay long at the Xia family home. In total, she only stayed for less than three hours. She came back after having lunch.

Xia Jitian was still the same, but his complexion seemed to be much better. It could be seen how happy he had been at home recently.

Although Hong Xianglin still did not have much maternal love for Xia Jinqi, her attitude had at least softened a lot. When she saw the two children, she affectionately called them her grandchildren and even gave them red packets.

Xia Mingzhu was still neither warm nor cold. She acted like a big sister and didn't want to lower her head. Xia Jinqi didn't care at all.

The one who had changed the most was Xia Tianjiao. Ever since she came back this time, she had completely changed. She was no longer difficult and domineering, and her tone had become gentle.

She seemed to like Xia Jinqi very much. She pulled Xia Jinqi and said a lot of things, even asking her to bring the children home to play more.

As for Xia Chuanxu... ... The red packets he gave were the biggest, and his attitude was very good. The two children also liked him. They were always called uncle and uncle ...

Xia Jinqi didn't talk much throughout the entire journey. She basically carried the children and listened to them talk. Occasionally, she would smile and nod.

Yan Jun was always by her side. Occasionally, they would exchange a few words, and most of the time, she was taking care of her son and daughter.

Compared to two years ago, this family had really changed too much.

When they left the Xia family home, it was still Yan Jun driving the car, and the two little ones were asleep in the backseat.

Xia Jinqi looked at the scenery outside the window and suddenly smiled.

"Do you still remember the scene when you brought me back to the House after we got married? "

"En. " Yan Jun nodded. Naturally, he would not easily forget that scene.

At that time, Xia Tianjiao was punished to kneel under the scorching sun because she had splashed Xia Jinqi's icy water. This was the first time he had seen such a complicated home.

Chapter 1948 was you who made me who I am now

"At that time, you said that I was your backer. " The corners of his lips curled up slightly, as if he was still very satisfied with her words.

Perhaps all the men in the world liked to hear their women say this?

They all liked to be relied on and needed.

No matter how Godly Yan Jun was, he was still a man.

"Yes. " Xia Jinqi also remembered what happened that day and smiled very happily.

Yan Jun couldn't help but look at her again and asked, "what about now? "

Xia Jinqi was slightly stunned. She tilted her head to look at him with some confusion. "Is there anything different now? "

"In the past, you couldn't control yourself. Now, you're the leader of Lego, " Yan Jun said.

He was reminding her that after two years, her status and situation had completely changed.

Didn't she remember that their marriage was agreed to because she couldn't get rid of the Xia family back then?

But now, it was different.

Xia Jitian had completely retired. Although Xia Chuanxu got a position, he still worked under Yan Jun..

To put it in a more realistic way, the entire Xia family now had to live according to Xia Jinqi's wishes.

It wasn't that they were bullying each other. This was a derivative of power.

Yan Jun was now the man who stood at the top of the food chain and had supreme power.

Xia Jinqi, who was born his wife, also held the same power.

If she didn't want to see some people having a good time, who would dare to bully her in front of her husband at night?

Xia Jinqi stared at him for a long time before saying, "it's you who made me who I am now. "

Yan Jun's eyes paused, and he parked his car at the intersection of the Red Light.

Xia Jinqi's words continued.

"It was you who taught me to face it. It was you who taught me to be strong. It was also you who taught me how to love. "

Her words were very gentle, like a piece of soft pastry. However, listening to her like this, Yan Jun's heart would feel very sweet.

"In the past, you were my only backer. Now, in the future, you will still be my only backer. " She said especially seriously.

She did not know what had happened to Yan Jun recently. He often said things that worried him about gains and losses. She did not know if it was the aftermath of Bi Yue's incident.

However, she always wanted to find a chance to comfort his heart. That night, she mustered up the courage to say love to him, but she still could not make him feel at ease?

"So, you must be well. You must not have any problems. "

Yan Jun stayed in the shock that she had brought him for a long time. He did not even realize that the red light had turned green. It was not until the sharp sound of a horn urging him from behind that he came back to his senses.

As he drove forward, he smiled faintly. "silly, what could have happened to me? "

"You suddenly want to go to the Middle East because you want to personally capture Zhao Chongbin, right? " Xia Jinqi suddenly asked.

This time, it was Yan Jun's turn to be silent.

After a long time, he asked, "how did you know? "

"these two days, you were clearly a little uneasy. I was worried, so I went to ask my cousin. He told me everything. " Xia Jinqi blamed herself very much. During the time when Yu Han was not around, she only cared about herself being sad After Yu Han returned, she focused all her attention on the two children and neglected many things about Yan Jun..

She did not know that apart from these trivial matters at home, he had so many other things to worry about.

Yan Jun did not seem to be very interested in other things. Just because she said 'I'm worried', his mood instantly brightened.

"It's not just because of him," he replied. "There are some matters at the company over there that need me to handle. Also..."

Chapter 1949 makes up for her and Yan Youcheng's lifelong regret

He paused, took her cool hand, and smiled. "You always wanted to go to Cape Breton, didn't you?"

Hearing him mention this name, Xia Jinqi instinctively froze for a moment.

No, no, no, no. ...

A picture she had found among her mother's things, of Cape Breton, was so beautiful that it had been hanging in her study.

You didn't think he'd notice?

"But you are going to the Middle East, Cape Breton is in Canada." Xia Jinqi looked at him suspiciously.

"We'll go to North America first, then the Middle East," he replied with a smile. He held her hand and slowly tightened it. "It's time for us to take a vacation and enjoy life."

It was rare for him to take the initiative to say such words. Xia Jinqi agreed almost immediately. "Okay!"

Seeing her so happy, Yan Jun's heart instantly softened a little.

The two little cuties snuggled tightly in the backseat were still snoring, not caring about what was happening around them at all.

At night, Long Qingxin leaned against the armchair, her vicissitudes of life gaze falling straight on the door.

Even though she was covered with a thick silk blanket, she still couldn't feel any warmth.

But she didn't feel cold. She only felt that her body was very stiff, and it was difficult for her to even move.

She also knew that her body was getting worse by the day... ..

Ji Xinyu came to persuade her twice. She said that the wind was strong at the door and wanted to send her to her room to rest, but she was unwilling and insisted on guarding the door.

She waited for more than an hour until the familiar door was opened

Yan Jun carried Xiao puff in his arms and walked over from behind the door while holding Xia Jinqi's hand.

Xiao Yuhan was the liveliest. He ran in front alone and called out as soon as he entered the door, "great grandma!"

“Sigh! ” Long Qingxin’s eyes finally showed a smile.

It was great that the children were back.

That night, Long Qingxin ate two bowls of rice for the first time. She, who usually did not like to eat meat, actually ate a few mouthfuls of braised pork.

She talked a lot with Yan Sheng, Ji Xinyu, and Yan Jun and Xia Jinqi. She seemed to have an endless amount of energy. She talked about her youth and laughed as if she wanted to finish her words for the rest of her life.

That night, she slept very soundly.

It was as if she was dreaming about her youth again. She and Yan Youcheng Rode Horses Together, free and unrestrained... ..

There was a faint smile on the corner of her mouth. It was quiet and peaceful.

On the second day of the New Year.

The first person to notice long Qingxin’s death was the servant who had taken care of her for many years. She went in to wake her up, but there was no response after calling her a few times. She reached out to touch it, only to find that it was ice-cold.

The Red Lanterns prepared for the New Year in Qingxin Garden were immediately replaced by a white color that filled the entire courtyard.

White Lanterns, white flower curtains, white mourning clothes... ..

The funeral was carried out according to Long Qingxin’s dying wish. It wasn’t a big event, just a few people at home to pay their respects.

Lawyer Wan came very quickly and read out long Qingxin’s will in public.

Xia Jinqi had never even thought about long Qingxin’s inheritance. It wasn’t until lawyer Wan read out long Qingxin Garden’s owner’s name that she was completely stunned.

To be honest, Yan Sheng and Yan Jun were both here, and there was even Yu Han and Xiao puff. Xia Jinqi had never thought that grandma would leave such a precious courtyard to her.

Perhaps it was because when Xia Jinqi first came here, Long Qingxin asked her if she liked this place, and she answered that she liked it.

Or perhaps, Long Qingxin just wanted to make use of Xia Jinqi and Yan Jun, these two children, to make up for her and Yan Youcheng’s lifelong regret... ..

Chapter 1950 why can’t my future in-laws take care of my daughter-in-law for a few days?

It might even be just a fleeting thought, but in the end, Long Qingxin still gave her favorite house to someone who could fulfill her last wish.

After she left, she also followed her will and buried her next to her parents.

Just like when she was young, her parents watched her grow up. Now that she was gone, she also wanted to spend time with her parents.

She didn't choose to go to Yan Youcheng's side.

In fact, if she didn't leave a will, Yan Sheng would definitely do it.

But it was precisely because she knew this that long Qingxin purposely left such a will.

On the day of the burial, Yan Sheng cried like a child. He never understood why long Qingxin was unwilling to go to Yan Youcheng's side until her death. He thought that long Qingxin still hated Yan Youcheng and was unwilling to forgive him, so even after her death.. She was unwilling to be buried with him.

But Xia Jinqi didn't think so.

"Grandma actually forgave grandfather a long time ago, but her character is destined to never be able to return to the past," Xia Jinqi held Yan Jun's hand and muttered softly.

Yan Jun's gaze fell on the tombstone in front of him. His brows were tightly furrowed, and he did not refute Xia Jinqi's words.

He also thought so.

Grandma's actions seemed to be an invisible warning to him. Some things, once they were wrong, even if they were dead, there was no way to change them.

So, that bottom line in life, no matter what, you should not touch it.

In this world, there was no way to make up for mistakes.

You could only constantly remind yourself not to make mistakes.

The only good thing about Yan Youcheng's absurd deeds back then was that he had made a completely negative example for Yan Jun..

With such a lesson, how could he knowingly commit such a crime after knowing such a deep and decades-long regret?

Therefore, he had always kept himself clean.

When he was socializing outside, no matter how many women revolved around him, he would never have any thoughts.

Xia Jinqi did not know what Yan Jun was thinking. She let go of Yan Jun's hand and went forward to place a pure white flower in front of Long Qingxin's grave.

That flower was just like long Qingxin's life, exquisite and clear, pure and indifferent.

When she looked up, she just happened to see a black and white photo on the tombstone.

Long Qingxin smiled very kindly, her eyes twinkling with stars. Even the wrinkles at the corners of her eyes hid the deepest story.

“...”

On the ninth day of the New Year, Quan Rui and his wife arrived with their adorable son, Quan Che.

Early the next morning, Yan Jun took Xia Jinqi to North America.

When they were on the plane, Xia Jinqi was still a little absent-minded. She couldn't believe that everything in front of her had really happened just like that.

“Are we leaving just like that?” She turned her head slowly and looked at Yan Jun, who was leisurely swaying the red wine in his glass on the seat beside her.

This time, he seemed to be really willing to let go of so many things and bring her out alone.

Hearing Xia Jinqi's doubt, Yan Jun took a sip of red wine and raised his eyebrows, asking, “do you still have things to deal with?”

“Not really... we just left the two children behind. Moreover, Tainan and the others just arrived, so we didn't accompany them properly!” Xia Jinqi felt that she really didn't fulfill her responsibilities as a landlord “Not only did we not entertain them, we even left the two children with them to take care of... isn't that a bit too much?”

“Why can't our future in-laws take care of our daughter-in-law for a few days?” Yan Jun was very relieved, and he spoke quickly. It could be seen that he was in a very good mood at the moment.
