

Trick Me 1951

Chapter 1951 can a city really change a person?

“...”Xia Jinqi choked for a moment. Initially, she wanted to say that Yu Han was not their daughter-in-law, but after thinking about it, she swallowed her words.

It was rare that Yan Jun was willing to give her a break, so she would let him relax for a few days.

Humans were not machines. They were always in a high-intensity work environment. Who knew when their strings might break.

They also needed time to relax and adjust.

As she thought about it, she raised her red wine glass and lightly clinked it with Yan Jun's. “Alright then, shall we steal some time to relax? “

“CHEERS!” Yan Jun curled his lips and drank the liquid in the glass in one gulp.

After arriving in Canada, on the first day, they checked into the most luxurious hotel in Halifax.

After that, they went to the Brayton point highland national geopark in Nova Scotia.

There, they played canoeing, surfed in the Atlantic Ocean, rode on the CABOT highway, and saw the world's most beautiful maple forest.

At night, they stayed in the lodgings at Lakado Lake. There were no groups of servants and bodyguards around them, so it was simple and ordinary.

In the morning, they woke up leisurely in the bright sunshine. They looked at the clear lake water, which was one with the blue sky.

In the evening, there was the most beautiful sunset. They set up tents with the locals and had a BBQ together.

Then, they walked across the sky. They looked at the place where the water and the sky met. The Blue Sea water and the oasis were divided into two by a beach. It was so beautiful that it was like an illusion.

They kissed, hugged, blew the sea breeze, and looked at the whales on Cape Breton. They stayed for an entire day.

Occasionally, they would stroll in the Scottish village to see their lives and drink the whiskey they liked.

Xia Jinqi had never been so relaxed, and she had never seen Yan Jun slow down his pace of life.

Far Away from the Hustle and bustle of Rao city, in a foreign country, they were really like the most ordinary young couple, living the most ordinary and ordinary life.

On the fifth day, they set off for the Middle East.

Their first stop was Abu Dhabi, which had the world's fifth largest oil reserves. It was next to Dubai. Although it was not as famous as Dubai, it was richer than Dubai.

Abu Dhabi's territory was mostly desert. The coastal water was shallow, and the flat islands intersected with shoals and swamps. There was no natural harbor.

In other words, they were not only in a big country of oil and money, but also in the desert.

Not only were there countless riches and oil, but there was also the heat wave of rouyu and passion.

Supercars and beautiful women could be seen everywhere, making this city the dream of countless people.

Xia Jinqi's gaze shifted away from the tall buildings and the women in various bikinis to the man who was driving a supercar beside her.

He was dressed casually and wore sunglasses. He was relaxed and at ease, with a bit of a Ruffian's aura.

He was completely different from when he was in Rao city.

Xia Jinqi had never seen him like this before. She couldn't help but be a little surprised. "Can a city really change a person? "

When Yan Jun heard this, he turned back to look at her. The corners of his lips naturally curled up.

"What's wrong? Your words are sour. "

"Nothing. " Xia Jinqi turned her head and no longer looked at him. Most likely, she didn't know that she was jealous.

However, her jealousy was indeed a little inexplicable. However, when she saw him moving freely in this city full of beautiful women, just imagining how many women threw themselves at him every day made her scalp go numb... ..

Yan Jun seemed to have seen through her heart and said slowly and solemnly, "it's not a change, it's just another identity. No matter what you see, I'm still me, the Yan Jun that only belongs to you. "

Chapter 1952, wait for me here

The last sentence moved Xia Jinqi.

She turned back to look at him, her gaze softened.

She had never doubted his heart.

So, she changed the topic.

"I heard Wen Tao mention that the original structure of the Yan family was only in Rao city. The Middle East was developed by you? "

"Yes. " Yan Jun nodded. It could be said that all the businesses and forces outside Rao city were developed by him.

When Yan Youcheng wanted to hand over the company to Yan Qing, Yan Jun actually disdained to rob it.

Apart from the Yan family, he also had his own world. Moreover, the wealth and status that this world created for him was simply not something that the Yan family could compare to.

It was only after Yan Qing started snatching Xia Jinqi that he... ..

Thinking of this, Yan Jun smiled indifferently again.

The past was like smoke. If it was mentioned again, it would be sad.

“This place is not easy to manage in a short period of time, right?” Xia Jinqi asked again. She was not familiar with the Middle East, but when she bought horses in the past, she had played finance for a few days, so she had some understanding of the big picture.

A place like Abu Dhabi, where the rich gathered, had never lacked money. If Yan Jun wanted to make a name for himself in this place, it was definitely impossible for him to do so in a short period of time.

So the only possibility was... ..

Just as the answer was about to appear in Xia Jinqi’s mind, Yan Jun answered, “It’s been more than ten years. “

“More than ten years?” Xia Jinqi was stunned. “So you’ve already developed here when you were in your teens?”

Yan Jun frowned slightly and added, “sixteen years old. “

Xia Jinqi, “...”

The corners of her eyes twitched. She really didn’t want to say that when she was 16 years old, she was still reading girl comics!

As expected, the gap between people was sometimes this big.

Xia Jinqi didn’t ask any more questions, so Yan Jun didn’t say anything more. The conversation just now reminded him of some past events.

When he first came to Abu Dhabi in his youth, he had also spent a lot of effort to slowly stabilize his footing.

After more than ten years of management, he had reached his current position.

Nothing could be accomplished overnight.

The car stopped at a big hotel in the city.

As soon as they got off the car, a group of bodyguards surrounded them and protected them tightly.

Xia Jinqi’s heart tightened slightly.

They didn’t bring bodyguards with them when they were in North America because they were very safe even without anyone protecting them.

And now, the sudden appearance of the bodyguards also meant that this place was very dangerous.

Xia Jinqi looked up at Yan Jun who was holding her hand, and worry naturally appeared in her eyes.

His other identity was actually... ..

When they entered the hotel, they met an old acquaintance, Zhuge Wentao.

He was exactly the same as when they were in Rao city. He was dressed in a suit and leather shoes, had rimless glasses, and looked refined and cultured.

At this moment, he was also holding a pile of documents in his hands. When he saw Xia Jinqi and Yan Jun enter, he instinctively stood up.

“Second Young Master, sister-in-law. “

Yan Jun nodded lightly and asked in a deep voice, “is she here? “

“She’s in the room. ” Wen Tao turned to look at the room behind him.

Hearing this, Yan Jun turned to look at Xia Jinqi and said gently, “wait for me here. “

“Okay. ” Xia Jinqi nodded. She saw him release his hand, push open the door, and enter.

In less than a moment, only Xia Jinqi and Wen Tao were left.

After sitting down, Wen Tao jokingly asked, “sister-in-law, why don’t you ask who second young master is seeing? “

Throughout the whole process, Xia Jinqi was too quiet, so Wen Tao couldn’t help but ask.

Chapter 1953: Wearing this

However, in reality, Xia Jinqi wasn’t particularly concerned about those things. She only said, “do I need to know? “

“Is there no need? ” Wen Tao paused. Instead, he didn’t understand what Xia Jinqi meant.

“What’s the use of me knowing his business arrangements? ” Xia Jinqi choked back a sentence. She picked up the menu and began to order food.

After running for a whole day, she hadn’t eaten anything. She was starving to death.

“...”Wen Tao stood there in a daze for a full ten minutes.

Only when he saw the waiter quickly serve the food did he come back to his senses.

Looking at Xia Jinqi, who was calmly eating in front of him, he smiled thoughtfully. “No wonder second young master is only in love with you. “

Xia Jinqi didn’t say anything. She and Yan Jun had always been like this from the start.

They each took care of their own matters and never easily interfered in each other’s affairs.

Of course, they would definitely help each other out when necessary.

And the reason why they could do this was because of their trust in each other.

Perhaps it was because they could trust each other from the start that they were able to enter each other's hearts so quickly?

It was really important to meet the right person in one's life.

At the very least, they could avoid many detours.

In less than half an hour, Yan Jun came out.

Throughout the entire journey, Xia Jinqi did not see that mysterious person, and she was indeed not interested in seeing him.

When Yan Jun sat down, the waiter served some new dishes. Xia Jinqi only accompanied him to eat a few mouthfuls. After all, she had already had a full meal just now... ..

After eating, night fell.

Xia Jinqi stayed in the hotel for the whole afternoon and felt bored, so she asked Yan Jun casually, "Is there a casino here?"

In the past, she used to run back and forth in the casino every day and was about to throw up when she saw the casino. Now that she hadn't seen it for a long time, she actually missed it a little?

"Yes." Yan Jun nodded and closed the document in his hand. He sized her up with a faint smile. "But... I'm afraid you'll have to change your clothes."

Xia Jinqi followed his gaze and looked at herself. Her loose pajamas did indeed look a little out of place.

"Okay!" She immediately perked up and turned around to look for clothes.

However, before she could open her suitcase, someone knocked on the door and entered.

The person was wearing the clothes of a hotel attendant. In his hand was a tray with a fiery red evening dress on it.

It was a high-end custom-made dress. One look and one could tell that it was expensive.

"Madam, your evening dress has been prepared."

Xia Jinqi subconsciously looked at Yan Jun, her eyes filled with doubt.

Yan Jun stood up and walked towards her. "Wear this."

As he said that, he lifted his index finger slightly, and the fiery red dress was already placed in front of her.

Xia Jinqi was a little hesitant. "could it be... too formal?"

Going to the casino and wearing this?

"It's alright," Yan Jun answered as he waved at the waiter, indicating that he could go down.

Then, he half-coaxed and half-lied as he helped Xia Jinqi change into her dress.

It was only when he led Xia Jinqi down the stairs that Xia Jinqi finally realized what was going on.
“There’s a game tonight? “

Only then did she notice that he had already changed into a suit.

However, Yan Jun did not answer him directly. Instead, he said in an enigmatic manner, “I have a few friends to play cards with. “

Xia Jinqi did not know why, but she felt that the few friends he mentioned were not simple people.

Otherwise, he would not have specially changed into such a formal suit.

After leaving the hotel, they had followed more than ten cars in total.

Xia Jinqi looked at this lineup and had a faint ominous feeling in her heart... ..

Chapter 1954 this is my husband.

In her daze, a layer of warmth suddenly covered her hand.

She subconsciously looked up and happened to meet Yan Jun’s eyes that were as bright as the stars.

“Don’t be nervous. “ His deep voice miraculously comforted her heart.

She pursed her lips into a smile and nodded. “With you here, I’m not afraid of anything. “

In the past, this was what he liked to say the most, but this time, she had seized the opportunity.

Yan Jun paused for a moment, and then his expression changed. “MM. “

After he finished speaking, he held her hand tightly again.

Along the way, they saw Abu Dhabi’s most prosperous city center. Only then did the convoy stop in front of a luxurious hotel.

Before they got out of the car, bodyguards dressed in black suits surrounded them, creating a path for Yan Jun and Xia Jinqi.

When they reached the hotel, someone led them into a lobby.

The entire lobby was decorated magnificently, and all kinds of decorations were expensive.

In the vast space, there was only one table. Besides the dealer who was in charge of dealing cards, there were already three people sitting next to it.

Two Caucasians, and the other one had the typical Asian skin color.

Without exception, they all brought their female companions with them.

However, they had one thing in common, and that was that Xia Jinqi didn’t recognize them.

However, when one of the handsome men with blond hair and blue eyes, who was sitting far away, looked at Xia Jinqi, his gaze obviously paused for a moment.

Xia Jinqi didn't care. She quickly retracted her gaze and followed Yan Jun over.

When they saw Yan Jun, the three men stood up and greeted them. They communicated in English.

Xia Jinqi used to fly to Las Vegas often, and she was good at speaking, so she could communicate easily.

After exchanging pleasantries, Yan Jun brought Xia Jinqi to sit down.

The table was playing blackjack, and the men were more or less holding chips in front of them. There were red and green chips.

Then, Yan Jun beckoned a waiter over and said a few words. The waiter came over with a tray of chips and placed it in front of Yan Jun..

It wasn't much, about the same as the others.

"Do you want to play?" Yan Jun turned around to look at her and asked gently.

Xia Jinqi shook her head. She wasn't interested.

The reason why she had asked Yan Jun if there was a casino here was because it was too boring. Her occupational disease had been acting up. She always wanted to see the casinos around the world and see if there were any new and interesting places to learn from.

She really had no intention of playing cards with a group of big shots like this.

Moreover, those who could play with Yan Jun were usually big shots.

Seeing this, Yan Jun didn't ask her anymore. Instead, an asian-skinned man next to him used Mandarin to ask, "why doesn't this young lady play together?"

Before Xia Jinqi could answer, Yan Jun blocked her way. "She won't."

The man glanced at Xia Jinqi and didn't ask any more questions.

However, Xia Jinqi heard him call her young lady. It seemed that he didn't know about her relationship with Yan Jun..

Just as she was thinking, a woman beside the man whispered to her.

"Young Lady, you're really beautiful." She gestured, and her gaze was fixed on Xia Jinqi's left ring finger. She was stunned at first, but then she gasped in shock. "You're married?"

Her voice was not soft, and everyone at the table heard it. Everyone turned to look at Xia Jinqi.

This made Xia Jinqi feel a little awkward. She had come with Yan Jun, and she had thought that smart people would be able to tell.

In the end, she had to explain it again.

"Yes. This is my husband," she replied with a smile, and then took the opportunity to hold Yan Jun's arm.

Chapter 1955. Take it easy

It was as if they were declaring their sovereignty.

The woman was shocked by the confident and beautiful smile on Xia Jinqi's face. Very quickly, she quietly withdrew and no longer dared to converse with Xia Jinqi.

She had thought that this woman was just like the rest of them, here to accompany the guests.

Who Knew... .. She was actually the real wife ...

Her status was different, so she naturally could not be of high standing.

Yan Jun seemed to be very satisfied with Xia Jinqi's answer and performance. He held her hand behind his back and was about to say something when the Asian man was suddenly shocked. He looked at Xia Jinqi in surprise and said repeatedly, "so it's sister-in-law! I'm sorry! "

The other two Caucasians looked at each other, and their expressions changed. No one had expected Yan Jun to bring his real wife here.

One of them was a mistress.

Xia Jinqi smiled at them and didn't say anything. As usual, she sat beside Yan Jun and quietly watched him play cards.

Perhaps it was because the matter just now had distracted these people. They had lost a few rounds in a row, and the chips in front of Yan Jun had piled up into a small mountain.

Xia Jinqi couldn't help but sigh. Yan Jun's luck in these few rounds was really good.

The Asian man quickly lost all the chips in front of him. "I'm not playing anymore. You always win! "

As he said that, he looked at Yan Jun with some complaints.

Yan Jun looked back at him and his thin lips curved slightly. "Shaozhong, you were the one who said that you wanted to play cards tonight. "

Fu Shaozhong waved his hand repeatedly. His Astute eyes rolled around and then fell on Xia Jinqi. "I said that I wanted to play cards, but I didn't say that I had to play with you! Why don't you let sister-in-law play? "

He had heard from Yan Jun that sister-in-law did not know how to play cards. The reason why he said this now was actually to win all the chips on Yan Jun's table.

.. It wasn't that he couldn't afford to lose, but those chips, when converted into US dollars, could buy a few islands! Ah! !

Xia Jinqi raised her eyebrows, pointed at herself in surprise, and asked, "me? Do you want to play with me? "

Then, she looked at Yan Jun and saw that the latter was the same as her, with a faint smile and a deep light in his eyes.

“Yes! sister-in-law, you’re so bored by the side! It’s rare for you to come here, don’t just watch US play!” Fu Shaozhong continued to deceive Xia Jinqi.

“But...” Xia Jinqi smiled and looked at his empty table. She hesitated. “You don’t even have any chips, how are you going to play?”

“Isn’t that simple!” Fu Shaozhong snapped his fingers, and immediately, a waiter came forward. He said something, and the waiter turned around and brought a plate of chips, more than before.

Anyway, it was a gamble with a person who didn’t know how to play cards, so he would definitely win. Therefore, Fu Shaozhong had put in a lot of money this time.

“Now it’s okay, right?” Fu Shaozhong looked at Xia Jinqi proudly.

Xia Jinqi nodded and continued to smile. “That’s enough.”

Yan Jun stood up to take the call. Before he left, he said, “take it easy.”

He knew Xia Jinqi’s capabilities.

“I know what I’m doing.” Xia Jinqi smiled sweetly at him. Then, she looked back at the dealer. “Let’s deal.”

“Roar! BRING IT ON!” Fu Shaozhong howled in excitement. He thought that he was going to kill everyone.

Yan Jun walked to the side and picked up the phone.

It was from Rao Cheng. Something seemed to have happened to the SU family, so huo ting brought people to settle it.

Tan Zhuqing called specifically to ask if Yan Jun needed special treatment.

“since Su Chuang didn’t say anything, just pretend you don’t know.” Yan Jun didn’t seem to want to get involved in this mess. “Let huo ting handle it.”

Chapter 1956 was the more confident and dazzling her

“Yes.” Tan Zhuqing agreed. To be honest, he actually liked huo ting more.

After saying this, he said, “the security department has been empty recently. Fang Shaoan took a leave of absence. I don’t know where he went.”

“...” Yan Jun frowned slightly. He could roughly guess the reason why Fang Shaoan skipped work.

After a moment of silence, he said, “let Li Kun take over the security department temporarily.”

“...”

After dealing with Rao Cheng’s matter, Yan Jun returned to the gambling table.

Walking over from afar, he saw that the pile of chips in front of Xia Jinqi had become much more bountiful. When he looked at Fu Shaozhong again, there were only three or four chips left.

He raised his eyebrows slightly. He remembered that when he left just now, Xia Jinqi had said to him, "Do you know your limits? "

"I do know my limits. " He sat beside Xia Jinqi with a smile on his face.

"I think so too. " Xia Jinqi looked back at him, her eyes shining with a golden light.

Opposite him, Fu Shaozhong had already reached out his hand and held his head. The moment the dealer swiped the last few chips away from him to Xia Jinqi, he broke down. "sister-in-law, didn't you say that you wouldn't? ! "

He thought that he would definitely win, but in the end, he lost everything so quickly?

"I just learned it, " Xia Jinqi replied casually. Under the illumination of the lights, her entire person was glowing.

She was also lucky. In addition, no matter what, she was an experienced gambler who had been in the casino all year round, okay?

Some skills were necessary.

Yan Jun looked at her from the side. His deep black eyes were completely dotting and loving.

In the past, when he brought her out, she always felt a little uncomfortable. Many times, she was careful, but now... ..

She's like a different person.

More confident, more dazzling.

"again? " Yan Jun proposed at the side.

Xia Jinqi did not make a sound, Fu Shaozhong shook his head like a rattle-drum, "do not come, do not come, husband and wife do not provoke Ah! "

This can make Xia Jinqi to laugh, "sure not to come? Go on, there is a chance to turn the tables! "

"..."Fu Shaozhong hesitated.

This is the typical gambler mentality, always think that maybe the next round won, then turn the tables, the result is often will sink into it, and finally lost all his money.

Just as Fu Shaozhong was almost shaken, a handsome blond man beside him patted his shoulder and advised, "forget it, you can't win against her. "

Fu Shaozhong looked back and looked at him in despair. "Merlin, why are you saying such disheartening words? "

The handsome man called Merlin did not answer directly. Instead, he smiled and stood up. He walked to Xia Jinqi and stood in front of her. Then, he bent down and said very respectfully, "Miss, welcome to the beautiful ABU DHABI! "

This time, it was Xia Jinqi who was stunned.

"You... know me?" Xia Jinqi asked instinctively ...

But soon, she realized that the title of 'Eldest Lady' sounded a little familiar.

Merlin nodded and said, "please allow me to introduce myself to you. My full name is Merlin Rothschild. "

At this point, Merlin's identity was already very clear.

Xia Jinqi was surprised when Merlin's gaze fell on her right wrist. From that angle, he could see the vermilion point.

Sensing Merlin's action, Xia Jinqi subconsciously looked at his wrist, but she did not find anything.

Merlin's two hands did not have any red dots.

"Why did you..." Xia Jinqi muttered embarrassedly.

Before she could finish, Merlin took the initiative to answer, "the family totem. Only the most honorable bloodline heir has the right to possess it. "

Chapter 1957: Are you ashamed?

"..."

Xia Jinqi had always thought that the JI family was just a branch of this family. After the incident in Berlin, she even thought that the JI family had been abandoned.

But now, listening to it, it didn't seem to be the case at all?

In his astonishment, Fu Shaozhong slapped the table with a pale face and stood up. "What did you say? ! She's the eldest daughter of your family? ! "

Fu Shaozhong more or less knew Merlin's background.

It was precisely because Merlin came from that mysterious family that he had a higher starting point than others in Abu Dhabi.

Fu Shaozhong was already a little afraid of this Merlin, but now there was a person who was even more noble than Merlin?

Although he did not know the mechanism of that mysterious family at all, he at least understood one thing. Xia Jinqi had something that Merlin did not.

Merlin looked at Fu Shaozhong and nodded. "Yes. "

“No wonder you told me not to continue... playing with your eldest daughter, am I not courting death?” Fu Shaozhong rubbed his temples and secretly rejoiced in his heart. Fortunately, he did not impulsively take out his family’s assets to gamble just now ...

The other party was the Rothschild family. At this moment, there was still Yan Jun protecting them. Was He not courting death?

While Fu Shaozhong was muttering, Merlin raised his eyes to look at Yan Jun, then looked at Xia Jinqi. “eldest miss, can we talk in private? “

Xia Jinqi’s gaze deepened slightly. She also turned to look at Yan Jun. after the latter nodded slightly, she said, “okay. “

After that, Merlin led Xia Jinqi to a private room. The Mahjong table dispersed just like that, leaving Yan Jun and Fu Shaozhong alone.

Fu Shaozhong deeply reflected on the experience just now. When he looked at Yan Jun again, his eyes were full of traces of injury.

“Did you two just work together to lie to me? You even said that you don’t know how to play Mahjong. Look at the table full of chips. Aren’t you ashamed?” Fu Shaozhong snorted lightly.

Yan Jun did not explain. His thin lips curled into a smile. Instead of answering, he asked, “How’s your entertainment city recently? “

“It’s okay. “ Fu Shaozhong did not dare to be really angry with Yan Jun. Most of his business still depended on Yan Jun’s help! “But recently, a lot of new faces have come, as if something big is going to happen. But the Zhao Chongbin you told me about before hasn’t shown up yet. “

“He will definitely appear. “ Yan Jun said with certainty. The depths of his pitch-black eyes were unfathomable.

Fu Shaozhong heard this and gave Yan Jun a deep look. He didn’t say anything else.

He didn’t know who this Zhao Chongbin was, but since Yan Jun had specifically asked to find him, he probably wasn’t an ordinary person, right?

It seemed that his entertainment city had to be more careful.

“...”

As soon as she entered the private room, Xia Jinqi could not help but take the lead to ask, “what’s going on? Hasn’t the Ji family already become independent from the Rothschild family? How do you know about me? “

Merlin was not in a hurry. After inviting Xia Jinqi to a seat, he sat opposite her and smiled slowly. “It seems that Yun Xiang really hasn’t told you anything. “

Xia Jinqi, “...”

Before she came, her cousin had indeed not said anything. She had never thought that she would run into a member of the Rothschild family here.

Moreover, she had always thought that the family was just a legend. The people inside had probably died out a long time ago. The Ji family probably didn't even have a close relationship with each other.

After all, this family was a foreign family, and the Ji family... ..

Whether it was Ji Heng, Ji Xiaofu, or Ji Yunjing, they all had Asian skin color.

Chapter 1958: saving or not saving, these were her words now.

At first, it was not that she had not thought about it, but Xia Jinqi guessed that it was probably a mixture of generations, and then it slowly became like this, right?

But now, looking at Merlin's tone, it seemed that things were not like this at all?

Sure enough, the next second, Merlin said, "the building is about to collapse. Now, the entire Rothschild family has fallen apart because of the battle in Berlin. All the bloodlines have almost been exterminated, and only the Ji family has escaped. "

"Only the Ji family escaped?" This was outside of Xia Jinqi's expectations.

She also knew about the incident in Berlin back then. It was precisely because of the unforeseen event that the Ji family was abandoned that made Ji Heng make up his mind to leave that place and go to Rao city.

Moreover, later on, Ji Yunjing also said that at that time, Yan Jun was protecting them. Otherwise, he and grandfather Ji wouldn't have been able to escape so easily.

So... .. The Ji family became the only lucky one because of Yan Jun. ?

Thinking of this, Xia Jinqi couldn't help but curl her pink lips.

No matter how difficult the matter was, he could always do it... ..

Merlin did not know what was going through Xia Jinqi's mind at this moment. He only saw her smile and thought that she hated the Rothschild family deeply. After all, that family had abandoned the Ji family when a great disaster was approaching.

He immediately frowned, organized his words, and said again, "The Ji family is now in your hands. I'm very clear about the purpose of your visit to Abu Dhabi this time. As long as you're willing to save the Rothschild family, I can assure you that no one can harm you in this place. "

After hearing this, Xia Jinqi realized that Merlin had asked her to speak with him in order to ask for her help.

Moreover, in just a few short conversations, she had basically figured out the general story of the matter.

No matter what the Ji family was to the Rothschild family, at least in the face of great danger, the leader of the upper echelons of the Rothschild family had broken his wrist and abandoned the Ji family.

However, who knew that the Rothschild family was almost exterminated, and the Ji family was still alive and well.

Now, there were probably only a few surviving bloodlines left. Merlin had asked Xia Jinqi for help because he wanted to use the Ji family's ability to save the last few people.

Fate was truly a magical thing.

"grandfather and cousin also know about this?" Xia Jinqi suddenly asked.

Merlin nodded.

Originally, he had begged Ji Heng and Ji Yunjing a long time ago, but the reply he received was that the person in charge of the Ji family was now Xia Jinqi.

Xia Jinqi finally understood why Ji Yunjing had not mentioned anything to her before she came. She was probably afraid that she would ask him and grandfather Ji's opinion?

Her cousin wanted her to make her own decision.

Whether to save her or not, it was her word now.

Xia Jinqi had never thought that one day, she would become the person who would control the final fate of the most mysterious family.

"I'll think about it." Xia Jinqi was silent for a moment, and only gave this answer.

Merlin's gaze paused slightly, but he was not particularly disappointed.

Since he had considered it, it meant that there was still hope. At least, he did not reject it immediately.

Merlin immediately stood up. "That's great. This is my business card. If you have any thoughts, feel free to contact me."

"Okay." Xia Jinqi took the business card and also stood up to walk out of the door.

In the hall.

The Mahjong table was already empty. The other white man had already left, and the ladies who accompanied the guests had also dispersed. Only Yan Jun and Fu Shaozhong were left sitting opposite each other, as if they had drunk two sips of wine.

Chapter 1959 played with the wedding ring on her ring finger

Xia Jinqi did not know how long she had been chatting with Merlin. All she knew was that when she walked over, half of the bottle of whiskey on the table had already been drunk.

Subconsciously, she glanced at the wine glass in front of Yan Jun. It was already empty.

Just as she was thinking about how much he had drunk, a familiar voice reached her ear. "Are you done chatting?"

He did not ask about the content. Just like before when he was receiving guests, she had never asked anything else.

They had a tacit understanding. Presumably, it was also because of the absolute trust between them that they had such a tacit understanding.

Xia Jinqi nodded. Yan Jun stood up and held her hand. "Let's go then. "

After saying that, he looked at Merlin and Fu Shaozhong. "I'll be leaving first. "

"Go. Bring sister-in-law to my entertainment city tomorrow to play!" Fu Shaozhong invited enthusiastically. After all, it was an honor for big shots like Yan Jun and Xia Jinqi to go to his place. Perhaps they could even attract more business for him... .. It would be best if he could earn back the money he lost at the gambling table just now ! !

"I'll definitely go. " Yan Jun did not refuse. After nodding slightly, he left with Xia Jinqi.

"..."

Just like when they came, Yan Jun and Xia Jinqi returned with quite a number of bodyguards.

Xia Jinqi did not say much throughout the journey. She kept thinking about how much of what Merlin said was true, and what kind of existence the Ji family was?

She did not speak, and Yan Jun did not take the initiative to interrupt her thinking about life. He held her hand and played with the wedding ring on her ring finger.

And the one you have in your hand is a couple.

I didn't think so when I bought it, but now I like it more and more.

Xia Jinqi did not notice his little actions at all, but after some careful consideration, she finally turned to look at him and asked, "Jun, do you remember when we came back from Berlin last year? When you helped GRANDPA Ji and cousin get out? "

"Yes. " Yan Jun answered very quickly, as if there was not a moment of absent-mindedness, preoccupied in waiting for her question.

"Do you know who wants to exterminate them?" Xia Jinqi asked again.

This time, Yan Jun was silent for a moment. Instead of answering, he asked, "what did Merlin say to you? "

"He said that the Rothschild family was about to be exterminated, and only the Ji family escaped, " Xia Jinqi answered.

In front of him, she never had to hide anything.

Yan Jun's gaze deepened, and he said slowly, "and? "

"He wants my help, " Xia Jinqi answered again. Then, she furrowed her eyebrows tightly and muttered to herself, "I didn't hear grandfather and cousin mention it earlier... "

"It's something that happened recently," Yan Jun casually replied. His attention was still on her slender fingers, as if he wasn't particularly concerned about this topic, or perhaps... .. He had already taken control of the situation ...

"..."after being reminded by him, Xia Jinqi finally realized that the Ji family had been abandoned a year ago in Berlin. Why did Merlin only come to her for help now?

Wasn't the other party very powerful Why hadn't they been exterminated after a year... .. So, the incident should have happened in Berlin when that family was already severely injured, but they were exterminated recently ...

For some reason, a very strange thought suddenly ran into Xia Jinqi's mind.

She suspiciously turned her eyes to stare at the leisurely and lazy man beside her. After hesitating for a long time, she asked, "you... aren't related to this matter, right? "

Chapter 1960: What do you want me to do?

Yan Jun's expression didn't change. He neither admitted nor denied it at the first moment. He couldn't help but raise his eyebrows. "Hmm? "

Even if he didn't say anything, just this small action and this small gaze made Xia Jinqi understand in an instant.

This matter must have something to do with him!

She immediately asked, "did you really do it? "

"The previous one wasn't." Yan Jun slowly shook his head.

"Then this time is it?" Xia Jinqi was still unwilling to let it go. She said that recently, Yan Jun seemed to be busier than before, and the people he met were becoming more and more mysterious! "So the mysterious person you met at the hotel was talking about the Rothschild family? "

Yan Jun didn't expect Xia Jinqi to guess so much just by looking at his small movements and expression. He curled his lips and gazed at her with unconcealed admiration and deep affection in his black eyes. "SMART. "

If it were in the past, Xia Jinqi would have been very happy to be praised by him, but now, she only felt her scalp go numb.

By saying this, it meant that all the conjectures she had just said were true.

She couldn't help but narrow her eyes and asked worriedly, "why must they be exterminated? "

In the past, Yan Jun didn't care about this matter at all. Why did he suddenly make a move?

Yan Jun sighed softly and held her hand firmly in his palm again. Then, he said faintly, "pave the way for Han 'er. "

His deep voice was like a mountain of fatherly love.

Xia Jinqi, however, didn't understand. "Han 'er? "

"Yes." Yan Jun nodded. His eyes were as deep as the night. "He will inherit the Ji family sooner or later. It's not a good thing for the Rothschild family to be above him. "

Ever since Yan Jun found out about the red dot on Yu Han's wrist, he had been thinking about these questions.

Perhaps he had been a little too hasty. After all, Yu Han was still so young, but... ..

There were some things that a father would never stand idly by when he knew.

Xia Jinqi's heart tightened when she heard this.

What Yan Jun said was not unreasonable... ..

Wasn't the Ji family forced to come to Rao city because of the high-level decision-maker of that family?

The Ji family wasn't the boss, so it was inevitable that they would be hindered in doing things. Even when necessary, they would be treated as sacrifices.

She had already experienced things, so she naturally didn't want her child to go through them again.

And Yan Jun had never done anything. Once he made a move, he would definitely be the one with the highest position. That was why he thought so much and did so much for Yu Han.

Xia Jinqi almost immediately understood Yan Jun's good intentions.

After sighing inwardly, she softened her body and leaned back into his embrace. "So you want to take this opportunity to let the Ji family be the boss? "

"How you want to do it is up to you," Yan Jun said.

Xia Jinqi was about to ask why, but he said, "If you want to be number one, I'll help you clear away the obstacles. If you want to do them a favor, my people will be able to leave immediately. "

He was giving her a choice.

Either they get rid of the remaining members of the Rothschild family, and the Ji family will truly become the last survivors.

Or the Ji family will be willing to help the Rothschild family, and from now on, the Ji family will be grateful to the Ji family.

The two methods were different, but the results were equally gratifying.

"What do you want me to do?" Xia Jinqi raised her head, her bright eyes staring at the side of his face.

Faint Moonlight spilled in from the car window, shrouding his entire body in a layer of haze. He was astounded.
