

## Trick Me 1971

### Chapter 1971, don't lose me again

Xia Jinqi loved to draw since she was young. Perhaps she inherited her genes from Ji Xiaofu. However, she didn't specialize in this. She only treated it as a hobby.

Later on, when she grew up, things gradually became more complicated. She hadn't touched a brush for many years.

However, having the opportunity to see such a world-class painting easily resonated in her heart.

Just as she was lost in her thoughts, a very handsome man suddenly walked over from beside her. He politely nodded at her. "Miss, you like this painting too?"

Xia Jinqi came back to her senses and realized that there was a stranger standing beside her. She subconsciously turned around to look for Yan Jun, only to find that he was a few meters away from her, and there was a strange woman beside him.

This... Before she could feel embarrassed, Yan Jun had already said to the strange woman, "she came with my wife."

After saying that, he spread his long legs and walked quickly to Xia Jinqi. He affectionately wrapped his arms around her slim waist. "honey, what are you looking at?"

"painting..." Xia Jinqi pointed at the famous painting on the wall. Before she could say anything, the strange man who had taken the initiative to strike up a conversation with her smiled and said, "sorry to disturb you." Then, he walked away.

What a sensible man.

Xia Jinqi looked at his back with some bafflement, but the tip of her nose was forcefully scratched. Then, she heard Yan Jun's slightly jealous voice. "Are you still looking?"

"hehe." Xia Jinqi smiled embarrassedly and asked, "who is the woman beside you?"

As she said that, she turned around to look, only to find that there was no one behind her. She should have left long ago.

"I don't know her." Yan Jun didn't take it to heart. He couldn't even see clearly what the woman looked like just now, what clothes she was wearing, whether she was tall or short, fat or thin.

As he spoke, he firmly held her hand, as if he would never let go of it.

It had only been a minute since he left his side, but a man had already come to court him.

Xia Jinqi lowered her eyes and glanced at the large hand he was holding hers. She pouted. "Who told you to be so handsome? Everywhere you go, you're the center of attention."

"same here." He snorted. Apparently, he was still brooding over the matter just now.

Yan Jun, who had never shown his emotions, now had a small temper.

Xia Jinqi could not help but raise the corners of her lips. She leaned over, hugged his arm, and murmured coquettishly, "then you have to keep an eye on me. Don't lose me again. "

"If I remember correctly, you should have left first?" Yan Jun frowned and recalled what had happened just now.

After being reminded by him, Xia Jinqi also remembered. It seemed that she really saw the painting and ran over in a moment of excitement... ..

Xia Jinqi stuck out her tongue apologetically and immediately changed her statement. "okay, I was wrong. "

It could be said that her desire to live was very strong.

Yan Jun seemed to be very satisfied with her answer. He held her hand and tightened it.

The tip of his brows fluttered and it was as bright as the sun. "You have to watch me closely. "

Hearing him imitate what she said just now, Xia Jinqi lightly punched him and said Sourly, "Mr. Yan is so charming. I want to see it, but I can't! "

As she said that, Xia Jinqi looked around. Many single women were looking at them, intentionally or unintentionally!

Yan Jun was amused by her tone. "Mrs. Yan is right beside me. Who Dares to come over? "

### **Chapter 1972: you are mine'**

Hearing this, Xia Jinqi unconsciously moved closer to Yan Jun's side. She couldn't help but tighten her grip on his hand, as if she was silently declaring some sort of sovereignty.

"You are mine," she snorted and muttered without holding back.

The smile in Yan Jun's eyes grew wider, and he couldn't help but agree with her. "En, it's yours. "

The two of them chatted and laughed. Along the way, they received many envious and jealous gazes.

When the sky gradually darkened, they found a nice and exquisite place to have dinner. After taking a stroll by the seaside, they went to Fu Shaozhong's entertainment city.

Before coming here, Xia Jinqi had learned about this place on the Internet.

The entertainment city was also known as the nightless city. As the name implied, it was the kind of place that operated overnight.

The entire city was actually built according to the specifications of the hotel. However, in this world, most of them were five-star and six-star. Fu Shaozhong's nightless city could only be truly called eight-star.

It occupied an area of 240,000 square meters. It was equipped with a football field, a swimming pool, a casino, and a recreation room. The ratio of hotel staff to guests was as high as seven to one. In addition, there were 40 meeting rooms and a news center with 12 workspaces.

It seemed that other than eating, drinking, and having fun, there were still people in this nightless city who were serious about their work.

While Xia Jinqi was secretly sizing up the central hall, five or six hotel staff in uniforms jogged over and politely led Yan Jun and Xia Jinqi upstairs.

The elevator seemed to be one floor at a time, and Xia Jinqi noticed that their elevator did not have a summoning button. There was only a camera by the door. Yan Jun casually raised his eyes to take a look, and the elevator opened.

Xia Jinqi, "..."

The Internet said that this nightless city had new technology that surpassed the 22nd century, and it seemed to be quite a gimmick.

The presidential suite was on the top floor. It was said that the suite was more than 1,000 square meters, and only served important heads of state and members of the royal family in the bay.

But this time, it was specially prepared for Yan Jun..

After the hotel staff left, Xia Jinqi picked a SOFA and sat down. As she enjoyed the treatment of the Presidential Suite, she asked Yan Jun, "do the people here know your identity in Rao city? I heard that this suite is not open to the public. "

Yan Jun conveniently took off his suit jacket, unbuttoned the two buttons on his White Shirt, and sat down. "gossip genes, universal. "

What he meant was that everyone here knew his identity.

Xia Jinqi frowned and straightened her body. "then... "

"No one will mention it here. " Yan Jun gave her a comforting look and didn't continue, because the next second, someone knocked on the door and came in.

Xia Jinqi looked back and saw Zhuge Wentao quickly walking in with a briefcase.

Speaking of which, Yan Jun and Xia Jinqi seemed to have a lot of free time on their trip, but Wen Tao was as busy as ever.

Wen Tao had indeed gotten off the plane and started to operate at a high speed without touching the ground.

After bidding farewell to Xia Jinqi, he sat down and opened the briefcase. He took out piles of documents from it and placed them in front of Yan Jun..

"according to what you said, all the properties under your name have been replaced with corporate representatives, including some invisible properties. " Wen Tao had always been very efficient. In just one day, he had completed everything.

But when he handed the document to Yan Jun for inspection, Yan Jun smiled faintly, “no need to look at it. I’m relieved that you’re doing your job. “

### **Chapter 1973: made Wen Tao so uneasy**

Wen Tao’s hand froze for a moment, but he didn’t skip over the topic as Yan Jun had suggested. Instead, he insisted, “let’s take a look. Don’t worry. “

Xia Jinqi also raised her eyes to look at Wen Tao because of this.

In her impression, Wen Tao wasn’t such a shy and disagreeable person. Why was he so stubborn this time?

She instinctively looked at the document in Wen Tao’s hand. She didn’t know what important content was in it.

While he was deep in thought, Yan Jun, who was beside him, had already opened his mouth and asked, “are you worried? “

He leaned deeply against the Soft Sofa, his deep black eyes looking straight into Wen Tao’s eyes.

The natural aura of a king suddenly overflowed.

” ... “ Wen Tao did not expect Yan Jun to ask this question. He retracted his hand that was holding the document and hesitantly pushed the spectacles on the bridge of his nose. “after all, this is all your property. If... if something happens to me in the future... “

The thing in his hand was too heavy.

Wen Tao was not sure if he was qualified.

This was the first time that Xia Jinqi could see the uncertainty, subconscious avoidance, and deep worry in Wen Tao’s eyes.

Compared to Fang Shaoan’s previous cynicism and carelessness, Wen Tao could be considered especially calm and reliable.

He liked to use data to speak. He was a standard man of science and Engineering, and he always had his own set of principles when speaking.

But this time, he did not seem to have any confidence.

Yan Jun’s gaze shifted to the document in Wen Tao’s hand. His thin lips lifted slightly as he said calmly and confidently, “since I have already handed it over to you, I naturally believe that you will be able to do it well. “

If this was in the past, Yan Jun would definitely not have said so much. But now, not only did he patiently listen to Wen Tao’s intentions, he even took the initiative to express his trust.

Wen Tao, who was opposite him, was stunned. He subconsciously raised his eyes to look at Yan Jun. he was so nervous that he stuttered, “second young master, you... “

“Is there a problem?” Yan Jun asked in return.

Wen Tao immediately shook his head. At the same time, his eyes lit up. There was even a smile on his lips. “No! In that case, I will not disturb the two of you. There are still a lot of procedures to be done. I will take my leave first!”

After he finished speaking, he stood up, carried his briefcase, and left.

The trust that Yan Jun had personally spoken of was more reassuring than anything else.

Xia Jinqi picked up the cup of water on the table and couldn’t help but ask, “what did you ask him to do?” It made him so uneasy... ..

“All my properties in the Middle East are recorded in his name,” Yan Jun replied in a tepid manner. Just then, a row of waiters came in with a tray. There were a few shirts neatly placed inside, and he randomly picked one out.

The attendant put down the tray of the shirt that Yan Jun picked, and then went out.

Xia Jinqi didn’t pay attention to it, and her mind was still on the topic they were discussing just now. “All of them?”

“Yes.”

“No wonder Wen Tao is so nervous...” Xia Jinqi could roughly guess Yan Jun’s intention.

After settling the matters here, he was going to take office immediately after returning to Rao city.

Although being the president didn’t affect his business in the Yan family, his black identity outside of Rao city still needed to be temporarily avoided.

Rather than being framed by a villain in the future, it was better to do the transfer of assets now.

He always had foresight and made all the preparations in advance.

Thinking of this, Xia Jinqi pursed her lips and slowly raised her eyes to look at Yan Jun. “then you...”

She had only said two words when the latter half of her sentence was stuck in her throat.

#### **Chapter 1974: When did become so obedient?**

Yan Jun casually opened the white shirt on the tray, revealing two pistols with silencers hidden underneath.

Subconsciously looking at the group of attendants who had just left, Xia Jinqi frowned. “Isn’t it forbidden to bring weapons here?”

Before everyone entered this place, they were all inspected and were not allowed to bring any dangerous weapons.

Fu Shaozhong did this, but he was only doing his best to protect the guests who came here from harm.

At that time, Yan Jun had already picked up one of the guns. After checking it, he handed it to Xia Jinqi. "For self-defense."

Xia Jinqi took it in embarrassment and weighed it. It wasn't heavy, and it was very small. But... More importantly, since Yan Jun had prepared a gun for her, it meant that there was going to be a tough battle tonight ...

"Have you arranged everything?" She put the gun away and looked up at him.

Hearing her question, Yan Jun's hand that was playing with the gun paused slightly. Then, he lowered his eyes and met her gaze.

"Don't worry. I'm here for you." His deep voice came from his lips. At the same time, he raised his hand and caressed her face. "Remember, no matter what happens, you must stay by my side."

As he said this, his sharp black eyes suddenly revealed a cold light, looking extremely solemn.

Xia Jinqi nodded, and a brilliant smile blossomed on her Pink Lips. "You're the one who shouldn't worry about me. I have many people protecting me. Don't worry about what you want to do. I will never leave your side."

She knew that he gave her the gun because he was afraid that if he couldn't protect her, she could still think of a way to save herself.

She knew too well what kind of person he was.

Since he had already come this far, it meant that he must have been fully prepared.

And the only thing that could make him worry was what kind of variables she would have.

Looking at her bright and beautiful smile, Yan Jun unconsciously curled his lips. He leaned over and touched her forehead. "When did you become so obedient?"

"The earlier we settle things here, the earlier we can go back," Xia Jinqi said. Then, she thought of something, and the smile on her lips gradually faded. "I Miss Xiao Puff and Yu Han."

In the past, she had nothing to worry about. She had run all the way to Las Vegas without thinking about anything.

After that, she only went to Macau for a short while, and she began to miss Yan Jun, who was far away in Rao city.

Now, after leaving for a few days, she couldn't stop thinking about her two children.

Having a home was equivalent to having something to worry about.

Why wasn't Yan Jun the same as her?

However, if they didn't settle things here properly, even if they returned to Rao city, they wouldn't have a day of peace to live.

"The short separation is for the sake of a better reunion in the future." Yan Jun gently stroked her short hair and comforted her in a deep voice.

“Yes.” Xia Jinqi nodded and smiled again. “I know. “

She hoped that after tonight, everything would be settled... ..

“...”

In the nightless city, the smallest standard suite was less than 55 square meters.

Monkey circled around and realized that it was actually just one room and one living room... ..

He secretly glanced at Zhao Chongbin and hesitated for a long time. In the end, he did not dare to ask a single word, so he could only sit quietly in a corner.

Lu Yiming, on the other hand, sat down on the SOFA as usual. He did not hold back and directly mocked Zhao Chongbin, “our outstanding young man, a rising star in the medical field, the number one surgeon in the surgery department, came to this nightless city and stayed in this suite? “

### **Chapter 1975: will follow him, okay?**

Hearing this, Zhao Chongbin gave Lu Yiming a cold look. He was displeased, but he could not flare up immediately. He could only endure it, “once a high-class suite is checked in, it will immediately cause a huge commotion. Do you think the people behind this nightless city are simple? “

Speaking up to this point, Zhao Chongbin seemed to have thought of something, and his eyes actually had a look of joy “That Idiot Yan Jun, once he came, he stayed in the highest-class presidential suite. Isn’t this telling everyone in the Middle East that he’s here? Such a high profile will definitely attract enemies from all directions. “

Lu Yiming’s expression stiffened slightly. When he raised his eyes to look at Zhao Chongbin again, it was as if he was looking at a pig.

Such a simple logic, he knew it, but Yan Jun did not know it?

Without thinking about it, it was entirely possible that Yan Jun did this on purpose, especially to attract such a stupid pig like him!

But even if he knew this, Lu Yiming would not say it out loud. He reached out to pinch the space between his brows. He really used a lot of strength to suppress the thoughts of despising Zhao Chongbin in his heart and turned to say what he wanted to say “Ye Lang is arrogant! Now that Yan Jun is the only one in power, what is there to be afraid of? “

“Humph! Then let’s catch him off guard tonight!” Zhao Chongbin was still immersed in his blind arrogance. His eyes were full of confidence, as if Yan Jun had already become his meal tonight.

” ... “ Lu Yiming could not stand it anymore. He found an excuse to stand up and walked out of the door. “I’ll go and make some arrangements. “

Zhao Chongbin did not stop him. However, the moment the door was closed again, the smile on his lips immediately disappeared without a trace. His entire body was emitting a cold murderous aura.

This aura was simply too familiar to monkey... ..

Monkey subconsciously shivered. He looked at Zhao Chongbin in puzzlement. Before he could ask, he suddenly gritted his teeth and said, "His wings have hardened. He even dares to Taunt me? He must have forgotten who supported him all these years and who helped him revive Bi Yue. "

Monkey was silent. It seemed like Zhao Chongbin had noticed Lu Yiming's provocative behavior just now. He had just been enduring it.

After some thought, monkey suggested, "do you want me to finish him off? "

This was a rule that monkey had learned after following Zhao Chongbin for so many years.

Anyone who displeased Zhao Chongbin would basically be one step ahead.

However, this time, Zhao Chongbin shook his head. "There's still a use for him. It's only his turn after we finish Yan Jun off. "

Monkey nodded and did not ask any more questions.

Outside the door.

Lu Yiming did not go far. He only went to the corridor to smoke.

He did not listen to the corner because it was meaningless to do so.

No matter what Zhao Chongbin was planning, no matter whether he believed in him or not, Lu Yiming did not care at all.

Because this day next year would be the anniversary of his death... ..

Just as he put the cigarette in his mouth, he realized that he could not find the lighter.

Just as he was feeling vexed, Qu Yang walked over from behind and lit the lighter for him.

Lu Yiming looked at him, his eyes slightly deep. He leaned over to borrow the fire, took a deep breath, and slowly exhaled... ..

Playing with the cigarette in his hand, Lu Yiming suddenly said, "follow him, okay? "

This seemingly ridiculous sentence immediately resonated with Qu Yang.

He knew that Lu Yiming was asking him if he had been wronged by working for Yan Jun..

Although Lu Yiming didn't chase him away these days, he didn't say much, let alone talk about the topic just now.

### **Chapter 1976: went mad with jealousy**

Qu Yang was a little surprised, but then he recovered and said with a smile, "very good. "

In fact, if it were not for his many years of kindness, Qu Yang would have really wanted to say that he had never been so good.

Yan Jun was a rare wise master in the world. He was smart and wise, and he planned strategies. More importantly, he also had a kind and compassionate heart.

Qu Yang was never forced to do anything he did not like. Most of the time, Yan Jun knew how to make good use of people and arranged jobs for his subordinates that they were good at.

Just these few points alone were enough for Qu Yang to swear his loyalty to Yan Jun for the rest of his life.

He did not think of it before, but only now did he understand why thousand-li horse had to look for bo LE.

To be able to meet a Bo Le who understood him and cherished him, whether it was work or life, it was really a wonderful thing.

The cigarette in Lu Yiming's hand was already half-lit. White smoke rose up and curled up, enveloping his entire body within it.

He did not miss the joy and joy that came from the bottom of Qu Yang's heart when he said those two words.

For a subordinate who had followed him for more than ten years, now that he saw that Qu Yang had betrayed him and acknowledged him as his new master, he was still living such a carefree life, like a fish in water. No matter how noble his character was, no matter how enlightened his thoughts were, he would still be mad with jealousy, right?

Lu Yiming had once wanted to kill this traitor with one shot.

But... In the end, he could not make a move ...

Until now, he actually listened to Qu Yang's words calmly, and his heart did not rise or fall at all, not to mention the so-called hatred.

He was used to smoking cigarettes, but now after taking a deep breath, there was a faint bitterness in his throat.

He could not tell what it tasted like, but it made him feel a great emptiness in his heart.

Lu Yiming sighed quietly. He had never thought that he would have such a day... ...

It turned out that the hatred in his heart could not be suppressed. It turned out that the violent emotions did not necessarily have to be resolved by force. It turned out that he could also face all of this calmly... ...

When he thought of his wild beast-like self, he felt that time had changed. Some things were really too wrong.

If only he could have understood this earlier... ...

Not to the extent... ...

“Sir, in my opinion, Zhao Chongbin won’t completely trust us. We haven’t even met his people until now. “

Qu Yang’s voice came again, interrupting Lu Yiming’s thoughts.

He subconsciously looked up and after glancing at Qu Yang, he lowered his head and took a puff of his cigarette. “He’s afraid of Yan Jun, so he still needs my help. As for whether he trusts me or not, what does it matter? “

After that, without waiting for Qu Yang to answer, he continued to ask, “have you told Yan Jun all my arrangements? Ask Him to send more people, and it’s best to bring a medical team with him. Zhao Chongbin is a very sinister person. I’m not afraid that he’ll make a move openly, but I’m afraid that he’ll do something bad in the dark. “

After being used for so many years, at least Lu Yiming had a better understanding of Zhao Chongbin.

They used to get along day and night, and now they knew each other well. It was unknown whether it was a loss or a gain.

“...”Qu Yang was frozen.

Lu Yiming should have guessed that he had secretly sent a message to Yan Juntong, but he didn’t expect Lu Yiming to say it so directly.

For a moment, he didn’t know what to say.

Seeing that Qu Yang didn’t say anything for a long time, Lu Yiming laughed. “Don’t be nervous. Didn’t he ask you to come here to spy on me? Do your best. After this job is over, you can truly stay in Rao city and stand firmly by Yan Jun’s side. “

“...”

### **Chapter 1977: what do you want to talk to me about?**

If it was said that Qu Yang felt a little awkward just now, then he was completely embarrassed now... ..

“Sir, I...” He hesitated and didn’t know what to say.

After all, he had been indebted to Lu Yiming for more than ten years. If he said that he would betray him, then he would betray him. Regardless of all the good things that he did, he was still a treacherous person.

Before he came, he had already thought it through. No matter what Lu Yiming wanted, he would not resist.

However, Lu Yiming said such words to him.

“Alright, let’s not talk about this anymore.” Lu Yiming smiled and patted Qu Yang’s shoulder. “Let’s go and eat. “

There was still a tough battle to fight at night. If he did not fill his stomach, how would he have the strength?

When Qu Yang was dragged away by him, he was still in deep disbelief... ..

He would never have thought that Lu Yiming would really change, and... .. Change so much ...

During this period of time, what exactly had Lu Yiming experienced?

..

Before night fell, Yan Jun went out.

Xia Jinqi was alone in the presidential suite, studying the smartphone she received when she checked into the hotel. According to the hotel attendant, it was a small CPU that could customize all room service and summon the attendant.

“since the attendant can be summoned, it should have a GPS system, right?” Xia Jinqi muttered and had a sudden thought. “So, the hotel’s security service center can see the exact location of everyone who checked into the hotel?”

Just as she finished mumbling, the doorbell rang.

“Ding Dong. “

Xia Jinqi raised her eyebrows instinctively.

Yan Jun had a room card, so he didn’t need to ring the doorbell to enter, so it wasn’t him.

But other than him... .. There were bodyguards guarding the door, so ordinary people shouldn’t be able to get close ...

Then, who could ring the doorbell?

Xia Jinqi put down the smartphone, frowned, and walked toward the door.

She glanced through the Peephole, hesitated for a moment, and then opened the door.

Lu Yiming stood outside the door.

When their eyes met, the air seemed to have frozen.

Xia Jinqi looked behind Lu Yiming and realized that the bodyguards who were guarding the door had disappeared.

She quietly moved her hand behind her back and gripped the pistol tightly. Xia Jinqi bit her lips lightly.

However, before she could make her next move, the man in front of her opened his mouth first. “I want to talk to you alone. “

In other words, he was the one who had taken the bodyguards away. His purpose was to not let Yan Jun know that he had come to find Xia Jinqi.

Xia Jinqi did not release the gun in her hand. She only looked at him indifferently. Her eyes were cold.  
“Come in. ”

With that, she turned around and walked into the room.

In fact, she didn't have any room to refuse.

Lu Yiming had already come to find her, and the bodyguards weren't here. She still had to rely on herself.

At this moment, she realized that she had a weapon that could protect her. She felt more at ease than anything else.

Lu Yiming followed behind Xia Jinqi. When he entered the room, he glanced at the entire suite. There was indeed no one else besides Xia Jinqi.

In other words, if he had any evil intentions, he could just take Xia Jinqi and leave.

He knew that Xia Jinqi had some tricks up her sleeves, but if a man wanted to subdue a woman, he had plenty of ways.

“What do you want to talk to me about? ” Xia Jinqi had already returned to her previous seat, seemingly unconcerned as she fiddled with the smartphone distributed by the hotel.

Lu Yiming sat across from her. The murderous aura in his eyes had disappeared, and there was a little more discomfort instead. However, the way he looked at Xia Jinqi was still as hazy and ethereal as before.

It was as if he could see Bi Yue's shadow through her.

**Chapter 1978: she said that she loved you very much.**

The reason why he was interested in Xia Jinqi was because of Bi Yue's connection, so the only topic between them was Bi Yue.

“What did Bi Yue say to you before she left? ”

He had expected him to ask this.

Xia Jinqi's hand that was playing with the smartphone still paused. According to their agreement, as long as Lu Yiming could find Zhao Chongbin, she would tell him.

Now that Zhao Chongbin had been found, with Yan Jun's arrangement, Xia Jinqi knew that Zhao Chongbin would not be able to escape this time even if he had wings.

Lu Yiming coming to find her at this time was also something she had promised before.

Therefore, even if the matter was not completely over, Xia Jinqi still decided to tell him the answer.

“She said that she could finally be free. ” Xia Jinqi slowly opened her mouth, and a warm and pleasant female voice instantly filled the entire living room.

However, Lu Yiming's heart tightened when he heard it, as if it was tightly gripped by an invisible hand.

Xia Jinqi waited for a while, but he did not speak. She could only continue, "she said that she hopes that you can put down the hatred in your heart and don't continue to be wrong. "

"..."

"She also said that she loves you very much," Xia Jinqi said the last sentence. When she looked up again, her watery eyes suddenly froze.

She almost thought that she had seen wrongly, but when Xia Jinqi came back to her senses and fixed her eyes on him, she realized that she had not seen wrongly... ..

At this moment, the man sitting in front of her was really crying... ..

They could be considered old friends.

Xia Jinqi had seen Lu Yiming's treachery, viciousness, cruelty, and inhumanity, but she never thought that one day he would be like this. Her eyes were filled with tears of regret and self-reproach.

Xia Jinqi paused for a moment.

She didn't know what Lu Yiming had experienced during this period of time, nor did she know if he was thinking about something else. But at this moment, at this moment, she felt this man's weakness and loneliness.

She remembered the words that Bi Yue said to her when she left.

No matter what Lu Yiming did, even if everyone in the world despised and hated him, Bi Yue still loved him.

Xia Jinqi tried hard to understand Bi Yue, but she couldn't be as free and fair as an outsider.

Yan Youcheng and Yan Qing's lives were lost in Lu Yiming's hands.

If the law allowed it, she really wanted to shoot him... ..

At this moment, Lu Yiming, who was silently weeping, suddenly opened his mouth. "I'm the one who let her down... "

His voice was hoarse and sorrowful, incomparably heavy.

Xia Jinqi sneered and questioned, "is she the only one you let down? So many innocent lives were destroyed in your hands, shouldn't you feel sorry? "

"..."Lu Yiming's eyes froze, and he couldn't say another word.

When he mentioned these things in the past, his heart was numb, and he didn't feel anything unnecessary.

But now... An inexplicable sadness and fear instantly swept through his heart. He subconsciously wanted to avoid it, and he didn't even have the courage to face it ...

“Do you know why Yan Jun and I haven’t touched you up until now?” Xia Jinqi’s voice suddenly sounded.

Lu Yiming looked up at her in confusion.

“Turn yourself in. Confess to all the souls you’ve hurt and apologize,” Xia Jinqi released her tightly clenched hands and said slowly.

Lu Yiming was shocked again.

Bi Yue had said the same thing to him as Xia Jinqi.

### **Chapter 1979: I will do as you wish**

So, this will be the best outcome for him, right?

Yue’er, if this is what you wish, then... .. I will do as you wish ...

With you waiting on the bridge of helplessness, I am not afraid of anything.

“I will face the things I have done and the mistakes I have made. I will bear the responsibility.” Lu Yiming suddenly smiled. For the first time in many years, he felt that he had a goal in life. He was no longer living in the endless darkness.

He stood up, reached out to button his suit, and stood in front of Xia Jinqi. Then, he bowed deeply to her.

“I’m sorry. “

The three words that came late were as heavy as a rock, pressing down on Xia Jinqi’s heart.

She gritted her teeth, but in the end, she didn’t say a word.

Lu Yiming didn’t wait any longer, turned around and walked out of the room.

When the sound of the door closing came, Xia Jinqi slowly closed her eyes.

A line of clear tears rolled down her fair cheeks.

The life that she had been deprived of, the time she had spent apart from her two children, the shock and worry that she had caused Yan Jun, could all of it be salvaged with just a simple apology?

And because of her and lost his life Yan Qing, a sorry, in exchange for his rebirth?

Would Yan Youcheng wake up to say goodbye to his children and grandchildren and make up for not seeing long Qingxin for the last time because of this apology?

Apparently not.

So, what’s the point of being sorry?

But besides this, what else can Xia Jinqi do?

Perhaps, life is so helpless.

The devil sprinkles his evil thoughts on others, but the angel leaves all the condemnation to himself.

Right and wrong, good and evil, one thought of Heaven, one thought of Hell.

“...”

Lu Yiming had just walked out of the door when his whole body froze on the spot.

Five steps away, Yan Jun in a black suit was leaning against the wall. His eyelids were slightly lowered, just enough to cover his soul-stirring black eyes, making it impossible to guess what he was thinking at this moment.

The air seemed to be frozen, and the atmosphere was extremely awkward.

Lu Yiming did not expect to meet Yan Jun here. He came here because he had heard about Yan Jun's itinerary in advance... ..

It was not that he was afraid of him, but... .. He did not know how to face it ...

For a person who had 10,000 reasons and opportunities to kill him but did not choose to make a move until now, Lu Yiming thought about it for a long time. In the end, the only words that came out of his mouth were those familiar words.

“I'm sorry. “

Yan Jun,“...”

“I've already arranged everything here. Consider it as a little compensation for you guys... .. Don't worry. If I can still return to Rao city alive, I will personally go to your grandfather's grave and Kowtow to apologize. As for Yan Qing, I will sincerely repent ... After that, I will turn myself in. I will bear all the things that I have done.”saying this.. Lu Yiming was silent for a moment before adding, “Qu Yang is really a very capable person. He likes your style of doing things and will definitely be loyal to you in the future. I hope that you won't hold a grudge against him because of my relationship. “

Listening silently, but also as if he didn't hear a single word, Yan Jun remained silent the entire time.

Lu Yiming thought carefully for a long time. After making sure that there was nothing that he had forgotten about after his death, he finally relaxed his nervous mood.

“Yan Jun, I, Lu Yiming, have never admired anyone in my life. You are the first one. “

With a self-mocking tone, Lu Yiming did not expect that he would say it so clearly, and in front of Yan Jun..

### **Chapter 1980: what kind of activity do you want?**

It was very strange. After all he had experienced, the only person who could make him say this was Yan Jun..

Even the former Zhao Chongbin could not be considered as such.

To be honest, before he knew the truth of the matter, the reason why Lu Yiming and Zhao Chongbin were hanging out together was only because the technology in his hands could make Bi Yue wake up again.

Other than that, he did not particularly admire Zhao Chongbin.

But Yan Jun was different.

Not only because he had become the final winner, but also because of his tolerance and compassion. All of this made Lu Yiming feel inferior and look up to him.

Yan Jun was still silent. He quietly leaned against the wall, as if he did not hear a word. There was not even the slightest emotion on his handsome face.

" ... " Lu Yiming knew that he probably did not want to talk to him, and even more so, he did not want to see him. So, he could only stop thinking and slowly said, "I'll go and prepare. "

After saying that, he walked past Yan Jun..

The moment he brushed past Yan Jun, Yan Jun's bone-chilling voice was heard.

"I'll personally capture you and bring you back to Rao city. "

Lu Yiming's footsteps suddenly froze.

A moment later, he laughed again and walked towards the elevator.

His right hand gently stroked the Sapphire wedding ring on the ring finger of his left hand. At this moment, Lu Yiming's heart was extremely calm.

He wasn't afraid of what would happen next.

Because Bi Yue was accompanying him.

?

When Yan Jun pushed the door open and entered, Xia Jinqi had already sorted out her emotions and changed into a white strapless long dress.

The Hem of the dress was very loose, just enough to cover the pistol on her thigh.

Xia Jinqi wanted to laugh. Why did she act like a secret agent?

When she heard the door open, she turned around and saw that it was Yan Jun who had returned. A smile immediately appeared on the corners of her eyes and brows. "You're back? "

"En. " A flash of surprise flashed across Yan Jun's black eyes. He immediately closed the door behind him and walked towards her.

Xia Jinqi was still fiddling with her seaweed-like hair. She sighed. "I wasn't paying attention and grew so much... "

Thinking back to the days when she cut off her hair, dressed as a man, and walked around the casinos, it felt like a lifetime ago.

Yan Jun leaned over and wrapped his arms around her from behind. With his head next to hers, he looked into the mirror with her. "How did you lose weight? "

"Did I? " Xia Jinqi subconsciously touched her face. Only then did she realize that she seemed to have lost some weight.

Yan Jun frowned and looked at her. "The food here doesn't suit your appetite? "

She remembered that she hadn't eaten much in the past few days.

"HMM... a little. I want to eat west Lake's vinegar fish. " Xia Jinqi laughed dryly. It was naturally a good mood to come out and play. There were also a lot of delicious food, but.. .. She missed the food from her hometown a little.

When Yan Jun heard this, he didn't hesitate for half a second. Almost subconsciously, he opened his mouth. "In that case, we'll go back tomorrow. "

"Tomorrow? So soon? " Xia Jinqi stopped laughing and looked at him suspiciously with a frown.

"after tonight, everything will be over, " Yan Jun narrowed his eyes and said thoughtfully.

Xia Jinqi was slightly stunned. Since Yan Jun had said so, the matter must have been settled.

Just as she was deep in thought, the man behind her suddenly leaned over and placed his large palm on her lower abdomen. He muttered, "Why is there no movement? "

Xia Jinqi, "..."

She rolled her eyes in annoyance and asked in return, "what kind of movement do you want? "

"What do you think? " Yan Jun smiled wickedly and kissed her round earlobe.
