

Trick Me 1981

Chapter 1981, do you want it?

Xia Jinqi's entire body trembled as she hurriedly pushed him away. "Didn't you say earlier that you're not going to give birth... "

Her long eyelashes fluttered uneasily, and her fair and delicate cheeks flushed slightly red.

She still remembered when she had given birth to Yu Han and Xiao puff. He had said that he wouldn't give birth in the future... ..

Moreover, he already had both his children, yet he was still thinking about this matter?

Hearing that she still remembered these words, Yan Jun couldn't help but burst into laughter. He leaned forward and firmly wrapped her in his embrace. In a hoarse voice, he said in a low voice, "are you afraid? "

"A little. " Xia Jinqi nodded obediently.

She really didn't know it before she experienced it, but when she gave birth to a child and saved her life in the jaws of death, she knew that she was afraid.

"Then I won't give birth. " Yan Jun didn't say anything about big reasons to coax her. He just tightened his arms around her and answered gently.

"En? " Xia Jinqi continued to be surprised. She couldn't help but raise her eyes to look at him. "Do you want it? "

He wouldn't say these things for no reason. Xia Jinqi suddenly wanted to know what he was thinking.

"I don't want to, " a certain someone replied very quickly, almost without thinking.

"Liar. " Xia Jinqi smiled and poked his chest. If she really didn't want to, he wouldn't have mentioned this just now.

He probably heard her say that she was afraid and changed his mind, right?

Yan Jun narrowed his eyes and wrapped his deep and gentle gaze around her. The corners of his lips curled up into a faint smile.

"Let's go. It's getting late. The musical is about to begin. " His voice was warm and full of undisguised affection. When he heard Xia Jinqi's heart, it felt sweet.

She raised her head and smiled at him. "musical? "

Before she came, she didn't mention that there would be such a scene.

She thought to herself, there should be a big show tonight... ..

Shouldn't the atmosphere be very tense Why was she still in the mood to watch the musical?

“mm, it just so happens that there’s a show tonight,” Yan Jun said slowly. His hand was already holding hers with ease as they walked out of the door.

Xia Jinqi obediently followed by his side and didn’t ask any more questions.

Since it was arranged by him, she just went to watch it.

As long as he was around, she would always feel at ease.

The two of them walked out of the door, and four bodyguards in black suits were already in place, silently following behind them.

The elevator went down to the lobby on the third floor, and when they walked out, they added six more bodyguards to protect them.

Xia Jinqi couldn’t help but hold Yan Jun’s hand tightly... ..

Sensing the woman’s small movements beside him, Yan Jun looked at her from the side and smiled gently.

Only then did Xia Jinqi relax a little and continue to follow him forward.

The third floor had the largest luxurious auditorium in the entire Middle East region. It had an area of 7,000 square meters and could accommodate 2,800 people at the same time.

Xia Jinqi thought that the auditorium would be packed with people. After all, there was a musical theater. It should be very powerful, right?

However, when the door opened and she followed Yan Jun into the auditorium, she found that there was no one inside... ..

In the huge auditorium, it was resplendent with dazzling lights. It was divided into two parts: the Front and the back.

Naturally, the front was the stage for the performance, followed by the luxurious seats, and finally, there was a two-story private room with a protruding viewing platform. It was exclusive to the rich.

“Just us?” Xia Jinqi raised her eyebrows and carefully looked around the auditorium, but she didn’t find anyone else there.

At that time, Yan Jun had already led her to the first row of the luxurious seats. The seats were excellent.

“reserved,” he indifferently replied with two words. He had already sat down.

Xia Jinqi nodded and sat down with him.

She quietly turned her head to look at the man beside her. Xia Jinqi silently cursed. She should have thought of it long ago. Yan Jun had always been generous, so it was not strange for him to reserve the seats.

But... .. There were ten bodyguards standing behind him. The atmosphere felt a little... .. Unusual?

Chapter 1982: live broadcast

Fortunately, the musical began very soon.

After the huge curtain rose, the orchestra of more than a hundred people was ready. As the conductor waved the baton in his hand, melodious and beautiful music began to spread throughout the entire auditorium in an instant... ..

At this moment, Zhao Chongbin had already led his people to the entrance of the auditorium.

Lu Yiming followed closely behind with a gun in his hand. His eyes were pitch black, showing a rare calmness and calmness.

“Are you sure that Yan Jun is inside?” Zhao Chongbin turned his head and asked Monkey. *noVE.Ib(1n*

Monkey was also holding a gun in his hand, right next to his face. “I’m sure! He booked the auditorium and brought his wife to watch the musical. He only brought ten bodyguards. “

It took a bit of effort to track down Yan Jun’s whereabouts, but fortunately, it was not without any results.

Zhao Chongbin immediately nodded and took a deep breath. After gritting his teeth hard, he raised his foot and kicked at the door!

“Bang! “

There was a loud sound!

In the auditorium.

Xia Jinqi had only listened to the musical for fifteen minutes, and she was so dazed that she almost fell asleep... ..

COUGH COUGH She probably didn’t have any artistic talent in this area, so she felt sleepy just listening to it.

Yan Jun saw that she was so sleepy that she couldn’t even open her eyes, so he couldn’t help but laugh. “You feel bored? “

“... mm, it’s too high-level. I feel sleepy just listening to it.” Xia Jinqi stuck out her tongue and said the truth ...

Yan Jun didn’t laugh at her. Instead, he said, “then let’s change to an interesting one. “

“Hm?” Xia Jinqi was about to ask him what was interesting when she heard him snap his fingers at the people behind him. Someone immediately went forward to make arrangements.

The curtain fell again, and in less than a minute, it rose again.

The band behind them had disappeared, replaced by a huge screen.

What was playing on the screen... Was An auditorium that was exactly the same as the space they were in at the moment ...

“This...” Xia Jinqi muttered. Before she could finish her sentence, there was a bang, and the door of the auditorium on the screen had been violently kicked open.

The perpetrator was undoubtedly Zhao Chongbin.

Xia Jinqi immediately held her breath.

It was obvious that they were watching a live broadcast... ..

Yan Jun was leisurely leaning against the seat. His slender legs were crossed as he held Xia Jinqi’s hand. His thumb was moving in circles in her palm.

He narrowed his long phoenix-like eyes as he calmly sized up the screen. His entire body was exuding a kingly aura.

On the screen.

Zhao Chongbin charged into the auditorium in one go, only to find that there was no one inside!

His pupils suddenly constricted. He immediately turned to look at monkey and shouted, “where is he? !
“

“This...” monkey was also flustered. He scratched his head and looked left and right. After confirming that there was no one, he said in bewilderment, “that shouldn’t be... The news I received was that he booked the entire auditorium... “

Zhao Chongbin, “...”

What was the use of the news he received? The key was that at this moment, not to mention Yan Jun, there was not even a shadow!

After pondering for a moment, Zhao Chongbin gripped the gun in his hand tightly and coldly opened his mouth. He scolded, “what are you still standing there for? Go! “

He turned around and heard the sound of the door closing behind him!

A string in his mind suddenly tightened. Zhao Chongbin subconsciously asked, “what is this? “

“You still haven’t seen through it?” Lu Yiming, who had been following behind Zhao Chongbin silently, stood up at this moment. His cold and piercing gaze scanned Zhao Chongbin’s face for half a circle. Then, he tilted his head and answered his own question evilly “This is catching a turtle in a jar! “

Chapter 1983: do you think it’s interesting?

The moment he finished speaking, the entire auditorium fell into a deathly silence.

The surroundings were so quiet that it was as if a needle dropped on the ground could be heard... ..

The color on Zhao Chongbin’s face quickly faded away... .. He was not so stupid that he would not be able to tell that the turtle that Lu Yiming was referring to was him ...

Three seconds later, surging killing intent poured out from his body. He gritted his teeth and said, “Lu Yiming, what do you... what do you mean?”

“What do you mean? HMPH!” Lu Yiming sneered. His eyes that were filled with the aura of death stared at the culprit who had caused him to fall into such a state. “You killed my son, killed my wife, and ruined me like this. Why do you still ask me what I mean?!”

Hearing this, Zhao Chongbin was completely speechless.

“It’s all these words. Do you think it’s interesting? Ah Ming, I’ve already told you. As long as we get the USB from Yan Jun, BI YUE can be resurrected. It’s not like you’ve never seen Bi Yue come back to life, don’t you believe me?” Zhao Chongbin held his head with both hands. He was obviously on the verge of breaking down.

This work that he used to be proud of was becoming more and more displeasing to the eye!

Why was it that he couldn’t explain it clearly?

“You killed her and used it to pin me down. Do you think it’s interesting?” Lu Yiming asked calmly. His eyes had never been so determined, and his heart was no longer flustered!

Because he knew what he should do, and he had a new belief!

He was no longer the same idiot who was at a loss and only knew how to be played by Zhao Chongbin...

...

Bi Yue, can you see me from the sky?

If you can, then please take a good look and see what I will do... ..

“...” Zhao Chongbin did not expect Lu Yiming to say such words. His heart panicked for a second because he realized that he might not be able to control Lu Yiming anymore.

But it was only for a second. He quickly calmed himself down and continued to brainwash Lu Yiming. “I didn’t kill her, I gave her immortality. Think about it, she can use the saved brainwaves to live forever. “Who can do that “after all, people can’t escape from birth, old age, illness, and death. Even without me, she might have lost her life due to illness and childbirth. “On the contrary, what I did was actually saving her. “If you want, I can give you immortality!”

Immortality, what a mouth-watering topic... ..

Zhao Chongbin really knew how to make things up.

Lu Yiming quietly watched Zhao Chongbin put on an act. He curled his lips and sneered sorrowfully, “enough. Your so-called eternal life is borrowing a body to be temporarily resurrected for two or three days? Zhao Chongbin, do you think I’m a three-year-old child?”

“That’s just the first experiment. My research is still ongoing. As long as it succeeds, we can extend the resurrection time indefinitely!” In fact, Zhao Chongbin had already known about the so-called side effect before doing the experiment.

When he secretly saw this experiment in a Foreign Laboratory, he did not believe it. He thought that the test subject he found was not of good condition, so when he returned to China, he was very strict in finding the test subject.

Otherwise, he would not have found Xia Jinqi among tens of millions of people.

But later, the experiment still failed... ..

However, he still did not think that this was the flaw of the experiment itself. He believed that there must be something that was not right, and he had to find another test subject.

“As long as you succeed, you can be together with Bi Yue forever! “

“Shut up!” Lu Yiming suddenly shouted, his emotions fluctuating!

Chapter 1984: B * Stard You ruined my life!

The woman he loved deeply, the woman he cherished so much, was actually played by this b * Stard in front of him!

Now he finally understood why Bi Yue was so desperate after she woke up! ! ! *no re. Ib-In*

Perhaps to Bi Yue, dying was really better than living.

When he was no longer obsessed with life and death, everything became less important!

Jumping out of the problem itself would be a completely different world.

“I won’t be fooled by your flowery words anymore.” Lu Yiming took a deep breath, as if he was calming himself down.

Then, he raised his right hand and pointed the black muzzle at Zhao Chongbin’s head.

At the same time, monkey and Zhao Chongbin’s subordinates immediately pointed their guns at Lu Yiming.

Lu Yiming was not afraid at all. His gaze was still fixed on Zhao Chongbin. “today next year will be the day of your death. “

“...”Zhao Chongbin’s heart skipped a beat.

Only at this moment did he realize that Lu Yiming was no longer a chess piece under his control.

In the past, Lu Yiming was easy to control because of his obsession with Bi Yue.

Now it seemed that he had already let go of that obsession in his heart. All that was left was hatred... ..

But what should he do He did not want to die here He had not spent all the money he had robbed, and his experiment was not complete!

“No... Ah Ming, listen to me...” Zhao Chongbin’s mind was in a mess for a moment His strong desire to survive made his brain spin extremely quickly. He thought of every possible way to keep himself alive..

“You, if you kill me, what can you use to fight against Yan Jun? You killed Yan Youcheng and Yan Qing, do you think he will let you go? Ah Ming, you can’t defeat him, only the two of us can have a chance to survive! “

Lu Yiming’s eyes were really dull for a moment.

Yes, there was also this matter, he almost forgot... ..

Although it was useless to mention it now, but... He felt that he should give an explanation to Yan Jun. ...

Zhao Chongbin saw the hesitation in his eyes and thought that he had hit the nail on the head. He immediately added excitedly, “as long as you are willing to cooperate with me, in the future... “

Before he could finish his sentence, he was interrupted by Lu Yiming’s cold voice.

“Yes, it was all my doing, but it was all instigated by you!

You asked me to kidnap Yan Youcheng, you asked me to pin down Yan Jun If it weren’t for you creating a riot in the city and encouraging me to kidnap Xia Jinqi, would I have attacked Yan Qing? ! If it weren’t for what you did to my wife back then, would I have been unable to recover ? If it weren’t for you instilling hatred into my mind and making me recruit soldiers, would I have harmed so many innocent children ? ? Bastard You ruined my life!”

Lu Yiming questioned loudly. He simply told them everything that had happened over the years, because he knew that Yan Jun was at a certain place at the moment, looking at them.

Xia Jinqi withdrew her gaze from the screen and turned her head to look at Yan Jun with worry.

Yan Youcheng’s matter was Yan Jun’s lifelong regret, and Yan Qing was also the Yan family’s lifelong pain.

Now that the past was brought up again, Xia Jinqi knew that Yan Jun must be feeling bad. Even though he was only looking at the screen indifferently, his expression remained unchanged, and even his gaze did not flicker for a moment.

Those who achieved great things never showed their emotions.

He was always like this, hiding his emotions very well.

Xia Jinqi sighed in her heart and gently held his slightly cold hand.

Chapter 1985: Let’s hurt each other!

Sensing her actions, Yan Jun’s furrowed brows relaxed. He looked back at her and a faint smile spread from the corner of his thin lips. “It’s okay. “

Xia Jinqi didn’t say anything else. She just held his hand tightly again.

On the screen.

Zhao Chongbin was both shocked and afraid, but he had completely lost his patience.

He gritted his teeth. The moment he was called a bastard, he also took out a pistol and pointed it directly at Lu Yiming's head.

His eyes were red as he scolded even more fiercely, "have you said enough? ! The words you said two days ago were exactly the same as today. Are you sick? "

Zhao Chongbin could not understand Lu Yiming at all. In his eyes, it was just a small matter. It was just a woman. If it was gone, it was gone. was there a need to be so wishy-washy and repeat it over and over again?

And he would never know how much Lu Yiming hated him in the bottom of his heart... ..

"Ha, I am sick, but how good are you? You destroyed your entire Zhao family! You have done more evil than me! " Lu Yiming sneered and began to shake off the old stories about Zhao Chongbin.

Since he could not let his enemies feel the same way, then he would poke his bones!

Who would not hurt each other? ! !

Sure enough, the next second, Zhao Chongbin was completely frozen.

Lu Yiming continued, "didn't you say that you were abused in the Zhao family? Oh, and that you were abused by your cousin Fan when you were young? TSK TSK Tsk, it's really an unspeakable past! "

"You! You shut up! " Zhao Chongbin shouted, the veins on his forehead almost exploded!

He did not expect Lu Yiming to know about this?

He only talked about the abuse he was subjected to as a child, details that he never mentioned... ..

"Humph Didn't see that coming I know everything about you Just spent a little effort to go to Zhao family to investigate, you are not the best use of money to buy people's hearts You know better than I do what your uncles are like Give them some money, what words can not be asked out?" Lu Yiming sneered, Zhao Chongbin began to continue to add salt to the wound, "in the winter was stripped of clothes thrown into the ice lake taste bad, right? The feeling of living under the fence, is it endless aftertaste AH? "

"..." Zhao Chongbin silently clenched his fists.

That memory was the most humiliating and helpless experience of his life!

He wanted to forget it for a while, but no matter how long it took, so long that he thought he could really forget it, but at a certain moment, at a certain moment, he would still think of these things for no reason!

Moreover, Lu Yiming had brought it out and said it in public He almost could not hold it in any longer!

"Shut up! Say One more word, and I'll kill you! "

Monkey was dumbfounded by what he heard... .. He only started dating Zhao Chongbin a few years later than Lu Yiming. He absolutely worshipped Zhao Chongbin as if he believed in God and Buddha ...

But now that he heard what Lu Yiming said, he suddenly felt that Zhao Chongbin had fallen into a deep pool... ..

So the person he had always looked up to, was his childhood like this?

But Lu Yiming couldn't stop.

He had said so much before, but Zhao Chongbin had never been able to bear the pain of others. Now he was finally talking about his pain, right?

If he had known that these words would work, he would not have said so much hysterically! "I've only said so much, and you can't take it anymore? What's even more explosive, I haven't even said it yet, you..." "

"Bang! "

Chapter 1986: sure knows how to play!

The bullet entered the flesh and blood, and the enchanting red blood spurted out!

"Ah!" Zhao Chongbin screamed. His right forearm was pierced, and the gun fell to the ground.

He quickly raised his left hand and pressed down on the wound on his right hand, preventing more blood from flowing out.

He subconsciously looked back in the direction of the bullet and saw a row of snipers lying on the protruding platforms at the back of the auditorium!

At the same time, Lu Yiming clapped his hands as if he was watching a good show. He sneered and said, "at this point, haven't you understood the situation? All of my people are lying in ambush here. Even if you are going to die, it will be you who will die!" "

Monkey tore off his own clothes and simply bandaged Zhao Chongbin.

Zhao Chongbin gritted his teeth with all his might. That piercing pain almost instantly spread to his heart and lungs!

His face was pale. He was silent for a long time before a few words popped out from his teeth, "you found an assassin? You are with Yan Jun? ! "

In this place, to be able to get so many people under his nose, unless it was related to Yan Jun, otherwise... .. It was absolutely impossible ! !

"You're finally smart." Lu Yiming looked at him from the corner of his eyes, full of mockery. "otherwise, do you think you can know Yan Jun's whereabouts so easily? "

"It's absolutely stupid!" Zhao Chongbin interrupted Lu Yiming excitedly and scolded fiercely, "he can't wait to skin you alive to avenge Yan Youcheng, and you still help him like this? After I die, it will be you! Do you think he will really let you go? ! "

"When you die, I won't resist no matter what he wants." Lu Yiming smiled. "I owe him this. "

Before doing these things, he had already made up his mind.

After all this was over, he would turn himself in.

“...”Zhao Chongbin was almost driven mad with anger. Thinking of his illustrious reputation, running all the way to the Middle East with so much money, and seeing that he was about to start a new life, he was actually ruined in the hands of this Idiot Lu Yiming? !

Taking a deep breath, Zhao chongbin gritted his teeth and asked, “if you work so hard for him, where is he? Where is Yan Jun? Where is he? Is he hiding like a turtle? ! “

Under such circumstances, he could only show off his eloquence!

Lu Yiming was silent.

As for the Real Yan Jun... ..

He looked indifferently at Zhao Chongbin on the screen. The corners of his thin lips curled up. He raised his hand slightly at the person behind him, and someone immediately took the microphone and stepped forward.

Xia Jinqi, who was watching from the side, was stunned... .. This preparation was very sincere ...

Then, Yan Jun began to speak.

“You’re looking for me? “

A low and provocative voice spread throughout the large auditorium.

Lu Yiming raised his eyebrows. When he heard the voice that was clearly coming from the speakers, a faint smile appeared in his heart.

This Yan Jun... .. He really knew how to play ! !

When he looked up at Zhao Chongbin in front of him again, his face had already turned the color of a pig’s liver from anger!

But even faster, he began to sneer. “Cowardly Turtle! If you have the ability, come out and talk to me face-to-face! “

This despicable and unskilled provocation made even Lu Yiming Scoff. “You don’t have the qualifications to negotiate with him. “

Zhao Chongbin,” ...”

Looking coldly at the screen, Yan Jun suddenly said, “I heard that your father sold all his properties and came to the Middle East? “

Zhao Chongbin’s expression changed again when he heard the question instead of answering.

Chapter 1987: this man, could he have known everything?

However, he did not hesitate. Almost subconsciously, he said, “even I was chased to this place by you. Do you think I would still be at ease with my father staying in Rao city? “

An anxious explanation could be understood as a cover-up to a certain extent.

Yan Jun slowly curved his lips, and a hint of a smile appeared in his deep black eyes. “The entire Zhao family is nothing in your eyes. This father... shouldn’t he be dispensable? “

Yan Jun had long seen Zhao Chongbin’s attitude towards Zhao Xiong.

There was no respect at all, only disgust and strangeness.

With Zhao Chongbin’s mental state, Yan Jun had every reason to believe that if Zhao Chongbin did not want a witness that night, perhaps even Zhao Xiong... .. would not be able to escape his bad luck ...

But after hearing Yan Jun’s words, Zhao Chongbin smiled, and his smile was extremely cold. “You’re wrong. No matter what, he is still my father. He raised me so big, I have to support him in his old age... “

If these words were said by someone else, the people around them would probably be moved.

However, it was Zhao Chongbin... ..

Not to mention Yan Jun, even Lu Yiming could not help but laugh out loud. “Just you? Don’t put on an act. Who are you putting on an act for? ! “

Xia Jinqi watched and laughed out loud as well.

A person who did things to this extent was also amazing.

There was also her husband. He usually looked very serious, but she did not expect him to be so handy when it came to insulting others.

Yan Jun’s eyes contained a smile as he looked at Xia Jinqi. Then, he looked at the screen and said to Lu Yiming, “of course, he’s putting on an act for us. “

“You guys! ! “ Zhao Chongbin was extremely angry. The feeling of being watched and played by others instantly reminded him of those bad memories when he was young!

“HUMPH! “ He sneered in anger and trembled all over. “DON’T BE PROUD! If I die here today, you’ll never know the whereabouts of that money! “

At this point, other than that money, Zhao Chongbin had no other chips in his hands.

He also knew that if he continued to waste his time like this, he would definitely die... .. He could only strike first and think of a way to escape as soon as possible ...

Speaking up to this point, Lu Yiming finally became more serious. He frowned slightly, obviously hesitating.

That sum of money... ..

But before he could hesitate for three seconds, Yan Jun’s voice came from the Stereo again.

“This is the reason why you still kept Zhao Xiong alive. “

Zhao Chongbin, "..."

Hearing this, Xia Jinqi's gaze moved away from the screen and landed on Yan Jun..

She seemed to suddenly understand what he had gone out to do in the afternoon... ..

This man couldn't have known everything, right?

Just how big of a trap did he set up?

Sure enough, the next second, Yan Jun spoke again "Zhao's pharmaceutical industry has been doing well by your father over the years. Not only is it dedicated to the domestic market, but it is also exported overseas... .. I heard that the recently developed cancer targeting drug is even more difficult to find. The mother of the Director of customs unfortunately contracted this disease and just needed this drug. Your father not only provided it for free, but also set up a team to follow up on the director's mother's condition " ... It should be very easy to transport something from the customs."

Zhao Chongbin's face instantly turned ashen.

Yan Jun actually knew everything... ..

People in this world spent their entire lives pursuing things that they did not have and wanted.

The poor wanted money.

When they had money, they wanted power.

They had both money and power, and they had accumulated enough fame and fortune. They just wanted to live longer.

The Zhao family had money and medicine, and Zhao Xiong was famous for his good temper and kindness. Naturally, he had many friends and brothers.

Chapter 1988: Who was more ruthless

Although the Zhao pharmaceutical industry had been regulated, some transactions that were hidden in the dark would continue.

If Zhao Chongbin wanted to get rid of the money, he would not be able to do it by relying on his own ability.

But if he used this channel, everything would become easier.

Yan Jun did not investigate him from the start. He directly asked Li Jie to follow Zhao Xiong. Naturally, he followed the clues and found the location of the money.

In other words, at this point, Zhao Chongbin no longer had any value to his existence.

Zhao Chongbin obviously realized this as well. He clenched his jaw tightly and was silent for a long time before he asked, "you knew about this a long time ago? "

What answered him was the dead silence in the room.

Actually, he himself also knew how unnecessary this question was... ..

Since Yan Jun could say these words, it meant that he had found out about it a long time ago.

“Heh, so you did all this just to trick me into showing myself?” Zhao Chongbin finally understood. Perhaps from the very beginning, he had already been schemed against by Yan Jun..

Falling into the hunter’s trap and still being self-satisfied without knowing it, he was really dumber than a wild boar!

“...”Yan Jun remained silent.

But Zhao Chongbin already understood.

His entire body trembled and he suddenly felt that his knees were weak. He staggered and fell into a row of VIP seats behind him. His eyes were empty, and he was so dispirited.

Lu Yiming, who stood at the side and watched the whole process coldly, also did not feel very good.

To be honest, seeing Zhao Chongbin in such a state of shock, he really should be dancing with excitement.

But... .. He seemed to see the old him in Zhao Chongbin ...

The old him was also so conceited and arrogant, thinking that everyone in the world was a fool except for him.

It was also like this that he was defeated by Yan Jun time and time again... ..

He admitted that no matter from which aspect, Yan Jun was stronger than the two of them.

In the past, when they were together, they could not even defeat Yan Jun. now that they had gone their separate ways, who could be Yan Jun’s opponent?

It was a pity that he was so naive and stupid at that time?

At this moment, Zhao Chongbin, who was about to die from depression, suddenly laughed.

That strange laughter instantly filled with the terrifying aura of death, enveloping Lu Yiming.

“HAHAHAHAHA! Thinking of my life, I have calculated all the traps, but in the end, I actually fell into your hands? You want me to die, right? Fine, even if I die, I will drag you down with me! “

After laughing, Zhao Chongbin stood up abruptly and pulled open his black windbreaker, revealing the circle of explosives tied to his body

Everyone around was stunned, including monkey.

“Boss, you...” monkey subconsciously took a step back.

Zhao Chongbin did not even look at him. His strange and provocative gaze landed on Lu Yiming. “What? You’re afraid now? If you have the ability, kill me! Let’s see if your gun is faster or my hands are faster! “

Lu Yiming frowned and looked at his hands. Only then did he realize that he had already grasped the remote control to activate the explosive packet.

Seeing Lu Yiming's obvious silence, Zhao Chongbin laughed even more arrogantly. "HAHAHA! You make it sound so dignified, but it's actually the end. Are you still afraid of death? It's fine if you don't want to die. Let me go! "

"..."Lu Yiming stared at him and suddenly fell silent.

Xia Jinqi watched nervously. Her palms were almost sweating.

Two desperadoes gathered together. Were they planning to compete in who was more ruthless?

Chapter 1989: I have avenged you.

Yan Jun's deep eyes and brows were shut as he silently watched the development of the situation.

Compared to Xia Jinqi's curiosity, he appeared much more indifferent.

It was as if he had long expected the outcome, and also as if... He did not care about the outcome at all ...

As for Lu Yiming, who was the person involved, after a short period of silence, he suddenly laughed.

"It's really unfortunate. Right now, I really want to die. "

"..."Zhao Chongbin was stunned. Just as he was thinking about how to continue, he saw Lu Yiming raise his hand in front of him.

The black muzzle was once again pointed straight at him... ..

Unlike any previous time, this time, Lu Yiming fired directly.

"Bang! "

That familiar sound shook Zhao Chongbin's heart until it stopped at that moment.

He widened his eyes and looked at Lu Yiming in disbelief. He could not believe that Lu Yiming had really fired... ..

He could not believe that he was going to die. He could not escape.

The moment the bullet was aimed straight at him, he seemed to see himself as a child again... ..

Stripped naked, surrounded, thrown into an icy lake, bullied by his cousins, ridiculed by his so-called relatives... ..

At that time, he was just a child. How helpless and pitiful he was.

If his parents cared for him a little more, if the people around him were a little more kind, he thought, he wouldn't have gone to this extreme.

In fact, it was good that he died.

If he died, he would be able to get rid of these nightmares that had haunted him his whole life, right?

If he continued, he would no longer have the chance to think about it.

In this hurried life, there were actually many things that he still had not figured out... ..

Unfortunately, he did not have the chance.

The ice-cold bullet pierced through his skull, penetrating his entire head.

The distance was too close. The penetrating force was a pain that he had never felt in his entire life.

Death happened in an instant.

The button in his hand had been pressed at some point in time. At the moment he fell, it slowly loosened.

Immediately after, an even more intense explosion was heard... ..

The drug on Zhao Chongbin's body was detonated.

Lu Yiming was still standing where he was. He did not hide or run. He just stood there quietly. There was a relieved smile in his eyes.

Yue'er, did you see that?

I have avenged you.

I have avenged our child.

..

Following the explosion, the screen turned gray and black.

The signal was cut off.

Yan Jun and Xia Jinqi were still sitting quietly in the same place. No one said anything, but they knew what happened in the other hall.

It was almost impossible to survive such a large explosion.

It's... It's over.

The night will be replaced by the Dawn.

—

Yan Jun did not go back on his word, and took Xia Jinqi back to Rao city the next day.

On the private plane, Xia Jinqi slept for a few hours and got up hungry to look for food. When she walked past the restaurant, she happened to see where Wen Tao was going.

Curiously followed a look, only to find that in her and Yan Jun's room behind, there is actually another room.

It's not big. It's big enough for a bed.

On the bed lay a man covered in white gauze, with tubes, fluids, and medical instruments.

Xia Jinqi walked in with a frown and asked curiously, "who... is this?"

Hearing her voice, Wen Tao turned his head to look at her.

As if he was frightened, Wen Tao calmed himself down before answering, "it's Lu Yiming."

Chapter 1990: would see how many days he could last

"He's not dead?" Xia Jinqi widened her eyes in surprise and looked at the mummy lying on the bed again. She still could not believe it.

Lu Yiming and Zhao Chongbin were standing so close to each other during the explosion last night. How could he still be alive?

Actually, it was not just Xia Jinqi. Even Wen Tao still could not believe this fact. "apart from him, no one else survived. The entire building collapsed."

"..."Xia Jinqi opened her mouth and her eyes were filled with shock.

He didn't even die?

His fate was too great!

But soon, she thought of another possibility.

"there are still some things that haven't been done. Even the HEAVENS WON'T ACCEPT HIM!" She pursed her lips with a faint smile.

Everyone felt that the bad guy deserved to die and wasn't worthy of sympathy.

What If... The bad guy became good ? ?

Wen Tao turned around and smiled at Xia Jinqi. He seemed to agree with her view.

"The area of his burns reached 80% . His left hand was blown away, but he miraculously survived."

Xia Jinqi subconsciously glanced at Lu Yiming's left hand when she heard that. Only then did she realize that it was really empty. There was nothing there... ..

"Did Yan Jun save him?" Xia Jinqi suddenly asked.

If it wasn't for Yan Jun's permission, no one would have been able to board this private plane.

"Yes." Wen Tao nodded. "according to the plan, second young master personally went to see Zhao Chongbin. However, Lu Yiming suggested that he make the arrangements."

"So, it was Lu Yiming who suffered this disaster for Yan Jun?" Xia Jinqi frowned. She didn't know about their private deal.

“You can say that. ” Wen Tao didn’t exaggerate. He was just telling the truth.

If it weren’t for Lu Yiming, Yan Jun might have really met Zhao Chongbin in person.

And if Zhao Chongbin’s explosives were really destroyed, then... ..

Xia Jinqi looked at Lu Yiming again.

His entire head was wrapped in white gauze. His left eye was covered, and only a small gap was left in his right eye.

“How long can he live? ” Xia Jinqi asked again.

“Let’s see how many days he can last. ” Wen Tao shook his head. His expression was not optimistic.

It was already a miracle that he was able to survive such a devastating explosion. How long he could live for was really just God’s will.

Xia Jinqi nodded. Wen Tao had made it very clear that it would only be a few days.

She did not continue asking but changed the topic. “Why don’t you rest for a while? You’re almost at Rao city, right? ”

“there are still four to five hours left. I just finished a report and came over to see him, ” Wen Tao replied.

Xia Jinqi replied with an ‘Oh’ . She thought for a moment and said, “I happened to be hungry and came to eat. Do you want to join me? ”

“Sure. ” Wen Tao didn’t refuse. He was also hungry.

The two of them walked out and went to the dining room. There were already people preparing food.

Although they were on the plane, all the ingredients were freshly prepared. Moreover, they had everything. The chef’s cooking was also first-class.

Xia Jinqi ordered a pasta and ate it with little interest.

Wen Tao cut the steak while looking in the direction of the master bedroom. “Second Young Master is sleeping? ”

“Yes. He hasn’t slept well these days. Let him sleep a little more. ” Xia Jinqi probably knew that before the dust settled, Yan Jun’s nerves must have been tense.

Now that the situation had been settled, he was finally willing to let go of his thoughts and have a good night’s sleep.

“That’s true. When he goes back, he’ll have to take up the post immediately. There will be times when he’s tired in the future.
