

Tick Me 201

Chapter 201: He bullied me... ..

Xia Jinqi and Yan Jun came back from their walk and saw Fang Shaoan looking like he had nothing to live for... ..

The two of them looked at each other. Xia Jinqi could not help but sigh and asked Yan Jun, “could it be that he’s still thinking about Julie?”

” ... ” Yan Jun was silent for a moment. He looked at Fang Shaoan with a slightly deep gaze. “Don’t look at him as a carefree person, he’s actually a person who values relationships. ”

After being brothers for so many years, he knew Fang Shaoan very well.

Xia Jinqi listened and nodded. “I can tell. ”

Yan Jun always bullied Fang Shaoan, but Fang Shaoan still treated him as his best brother!

If he wasn’t a person who valued relationships, he wouldn’t have been unable to forget a woman for three years.

Such a good person, Xia Jinqi couldn’t bear to see him in such a listless state.

So she let go of Yan Jun’s hand and jogged all the way to sit on the bench Fang Shaoan was leaning on. She greeted him in a very cheerful tone, “Hey! What are you looking at?”

Fang Shaoan almost cried. He put his phone aside and pointed at the white man who was arguing with his girlfriend. “He bullied me...”

“Ah?” Xia Jinqi was still in a daze. She looked up and saw a tall and burly guy hugging his girlfriend and kissing her!

This... ..

Xia Jinqi thought that he was in love and quickly comforted him. “Alright, don’t be sad! There are many good girls in this world! Why do you have to hang yourself on a tree?”

It wasn’t that she didn’t like Julie. Even if Julie smoked and drank, it was nothing. She never thought that this was a bad habit. On the contrary, some girls who smoked were also very cool!

However, since they were destined not to be together, it was better to let them go as soon as possible.

Only by cutting the Gordian Knot could one obtain the most beautiful rebirth!

However, Fang Shaoan shook his head with teary eyes. “sister-in-law, you don’t understand...”

The two of them were clearly still quarreling just now, causing him to be misunderstood by his teammates. Why did the two of them fall in love again in the blink of an eye? !

Making out in front of him, wasn’t this bullying? ! ! !

Xia Jinqi thought that his heart must be extremely sad, so she said, “how about this, when we return to Rao city, I’ll introduce you to a girl, okay? Her legs are long, her waist is thin, and her skin is fair and beautiful!”

“Your two best friends?” Fang Shaoan finally withdrew his gaze and looked at Xia Jinqi pitifully.

“How do you know?” Xia Jinqi paused. She didn’t seem to have introduced Wen Jing and Zuo Xiaoran to Fang Shaoan before?

“I saw them on your wedding day.” Fang Shaoan coughed lightly and remembered the two beautiful girls he saw that day. He interjected, “is she the tall one?”

“You mean Wen Jing? Yes! How is she? Do you like her?!” Xia Jinqi asked with a smile. She suddenly felt that she had the potential to be a matchmaker!

Fang Shaoan actually thought about it seriously for a moment. In the end, he could only give up. “Forget it. She’s your friend, sister-in-law! I don’t dare to!”

She knew very well what kind of person he was. If he were to abandon his sister-in-law’s best friend, would he still want to double his investment in the second half of the year?

“Uh...” Xia Jinqi didn’t expect this kid to be so self-aware?

However, she also knew that although Fang Shaoan was a playboy on the surface, he was not a bad person on the inside. Just look at how he treated Julie.

He used to be a playboy, but he didn’t really fall in love with her, right?

Coincidentally, Yan Jun also walked over. He glanced at Fang Shaoan, whose hair was messy like a chicken coop, and said mercilessly, “don’t let the good cabbage be eaten by pigs.”

This was a taunt from a good brother.

Chapter 202: returned to the Xia family

Xia Jinqi’s eyebrows twitched when she heard this. She hurriedly pulled Yan Jun’s hand... ..

It was fine if he was usually so vicious with her!

Fang Shaoan was currently at the low point of a broken relationship, yet he was still so direct. COUGH COUGH!

Sure enough, when Fang Shaoan, who originally looked like he was on the verge of death, heard Yan Jun’s ridicule, he immediately jumped up on the spot as if he had been injected with stimulants. He moved closer to Yan Jun and said, “who are you calling a pig? Is there a pig as handsome and thin as me?”

“There is,” Yan Jun replied without changing his expression.

“where is it? I want to see!”

“This is the one in front of you.” After saying this, Yan Jun walked out of the school.

“...”Fang Shaoan gritted his teeth in anger. He waved his fist and chased after him, chattering as he tried to regain his dignity!

Xia Jinqi shook her head helplessly and smiled as she followed.

It seemed that the person who understood Fang Shaoan the most was still Yan Jun..

He knew what method could be used to quickly recover his energy in the shortest amount of time.

?

Although the trip to Las Vegas was very short, it allowed Yan Jun and Xia Jinqi to understand each other more and become closer to each other.

It was already the second day after they returned to Rao city.

It was the time when the sun rose in the east. Xia Jinqi leaned against the window of the plane and looked at the clouds beside her. The smile in her eyes never faded.

It was truly an unforgettable trip... ..

Although it wasn't that romantic, she was very satisfied.

Especially when she lowered her head to look at her right hand, the smile on her lips unconsciously spread.

It was really strange. They clearly had such an intimate relationship, but she would still blush and her heart would beat because of his hand holding.

—

The plane landed directly at Xia's house.

Although the Xia family is not as big as the Yan family so imposing apron, but the open space behind the Xia family, just can also reluctantly stop for a while.

I don't know whether Yan Jun did it on purpose or not, but he just stopped the plane here.

With reference to Yan Jun's wealth and strength, it is very likely that he would do such a thing.

However, Xia Jinqi is a little puzzled, asked the side of Yan Jun, “why here?”

On the way, Yan Jun never said that they would go straight back to the XIA family.

She still instinctively resisted this place.

“Your father's invitation.” Yan Jun didn't say much, but his words were concise and comprehensive.

Xia Jinqi frowned when she heard that. Her father's invitation?

But why didn't her father inform her, but instead, Yan Jun?

Who was the biological child?

She didn't know why, but she always had an ominous premonition in her heart.

The two of them walked all the way to the Xia family home.

Fang Shaoan wasn't interested in this kind of family gathering. After getting off the plane, they went back to their respective homes and went to look for their respective mothers.

Only when she returned to the Xia family did Xia Jinqi realize where her ominous premonition had come from... ..

Just as she walked into the living room, she heard second sister's coquettish voice that made her scalp tingle.

"Dad Look at what you're saying Actually, I'm not much better than fourth sister... .. It's just that fourth sister has never liked studying since she was young. She's also withdrawn and always stays in her room alone. At first, mom thought that she was an idiot ! Later, she even took her to the hospital to have her iq tested for this matter!"

Xia Jinqi, " ... "

Can I scold people now?

Ever since she got married, not a single person in her family had asked a single question. Now that she was back, the moment she entered the house, she heard the whole family speak ill of her?

Yan Jun obviously heard it too. His brows furrowed and he glanced sideways at her.

Chapter 203: Have you forgotten what I said in

That gaze was full of sizing up.

Xia Jinqi glared back fiercely. "I have an IQ OF 130! "

It could be considered very outstanding!

However, Yan Jun smiled. He naturally knew that she wasn't stupid.

Otherwise, how could she manage such a huge enterprise like Lego?

In the living room, Xia Jitian's voice sounded out with an unusual dignity. "It seems like there's such a thing. Little Qi is indeed more reclusive. " As he said this.. Xia Jitian suddenly changed the topic. "Isn't it because you siblings have been playing by yourselves since young and don't know how to take care of your younger sister? ! "

The last sentence was laced with a stern reprimand.

The moment she heard this, Xia Jinqi's footsteps froze.

She looked up at her father in disbelief... ..

At that moment, her eyes turned red from disappointment.

How long had it been since her father called her little Qi?

Moreover, she finally knew that her father didn't dislike her all the time. He also knew that she had always played by herself when she was young... ..

Xia Tianjiao was reprimanded, and her expression was a little bad. She turned to the man beside her and complained, "Yan Qing, look at my father!"

The moment she heard this name, Xia Jinqi's body trembled. She quickly looked to Xia Tianjiao's side... ..

The man who happened to be sitting with his back facing the door of the living room was a gentle and elegant gentleman. Wasn't he Yan Qing?

Yan Qing... .. Why was he here ? ?

Xia Jinqi didn't know if the surprise in her heart was written all over her face, but in the next second, she felt a slight pain in her hand. She hurriedly turned her head and happened to hear Yan Jun's low and cold warning, "have you forgotten what I said?"

Xia Jinqi felt her heart suffocate. She shook her head. She knew that Yan Jun didn't like her caring too much about Yan Qing... ..

However, was the current situation because he was concerned He was obviously frightened! ..!

The two people's movements quickly attracted the attention of the three people in the living room.

When Xia Tianjiao saw that Xia Jinqi had returned, she immediately raised her chin and said provocatively, "speak of the devil and you'll be here?"

However, Xia Jinqi didn't look at her more. She walked directly to Xia Jitian and called out respectfully, "father."

"MM." Xia Jitian nodded. He still felt a little guilty towards his little daughter. "You're back? How was it?"

Yan Jun glanced at Yan Qing in the living room before looking at Xia Jitian. "It was pretty good, father."

When Yan Qing looked up, he happened to see Xia Jinqi standing side by side with Yan Jun. his eyes darkened and he gritted his teeth.

Of course, he knew that she was going on her honeymoon.

In the past, he could still convince himself, but now, he couldn't take his eyes off her!

The more he could not get, the deeper his obsession became!

At this moment, Xia Tianjiao walked in front of Xia Jinqi and proudly introduced her, "fourth sister, you look familiar, right? This is your uncle and my friend!"

As she spoke, she held onto Yan Qing's arm.

Xia Tianjiao did not know the relationship between Yan Qing and Xia Jinqi. She only knew that Yan Qing was Yan Jun's uncle. If she could marry Yan Qing, would Xia Jinqi have to call her 'little Auntie' even if she did not see her in the future?

The scene and the feeling, just thinking about it made people happy!

Ever since she was young, she had bullied this useless idiot and took pleasure in it.

Even when she grew up, she couldn't change this habit.

Xia Jinqi frowned and looked at Yan Qing, but found that his gaze seemed to be intentionally avoiding her, so she asked, "uncle, is what she said true?"

Chapter 204: DARING TO SAY ANYTHING!

Yan Qing gritted his teeth. He did not reject Xia Tianjiao's approach. Instead, he raised his eyes and fixed them on Xia Jinqi's puzzled gaze. "It's true."

The moment he finished speaking, he saw the last glimmer in her eyes suddenly extinguish... ..

It was like the fireworks that flew high in the sky during a festival. After they were bright and passionate, they quickly fell into the sea, extinguishing the last glimmer of light.

His heart felt like it had been cut open by a sharp blade. It was a raw pain.

Xiao Qi.

Forgive me.

This is a choice that I have no choice but to make.

"..."

Xia Jinqi thought that she had heard wrongly and instinctively wanted to ask another question, but Yan Jun beside her grabbed her hand and cut off the topic. "Didn't you say that you were a little tired just now? Go upstairs and rest first."

After she finished speaking, she pulled Xia Jinqi's hand without any explanation and walked upstairs.

During this time, she still only gave Yan Qing an indifferent glance. She never called him the uncle that she should have.

Seeing Xia Jinqi being pulled away, Yan Qing frowned. He stood up in a flash and instinctively wanted to chase after her.

But behind him, Xia Tianjiao was still tugging at his arm. She spat softly, "she's so weak, just like Lin daiyu!"

Hearing this, Yan Qing's brows suddenly furrowed. He looked back at Xia Tianjiao and said coldly, "you seem to be very hostile towards her?"

"It's not just me, the whole family doesn't like her!" Xia Tianjiao snorted and continued to insult Xia Jinqi without any restraint.

It was as if as long as she stepped on Xia Jinqi, she would be able to reach a high position... ..

However, it was fine to say these words on a daily basis. She had almost forgotten that her father was still in the living room.

“Tianjiao, how can you speak like that? Don’t let Mr. Yan hear a joke!” Xia Jitian opened his mouth, his tone sharp and full of reproach.

Today, he felt that this child was more and more displeasing to the eye!

Why did he dare to say anything?

Yan Qing was a member of the Yan family after all. If these words were to be spread back to the Yan family, what would people think?

He had used the banner of loving Xia Jinqi to get so much dowry!

This was the second time in a day that Xia Tianjiao had been scolded loudly by her father And it was in front of Yan Qing!

“I didn’t say anything...” she mumbled.

She immediately felt humiliated. Xia Tianjiao’s face was pale. She glared at the upstairs and sat back down on the SOFA. The hatred in her heart towards Xia Jinqi grew even stronger!

Jinx The moment I came back, I was scolded by my father!

Yan Qing looked at her indifferently and didn’t say anything more.

Instead, Xia Mingzhu, who happened to walk in from outside the door, quietly took in everyone’s expressions. Then, she came out to smooth things over with a smile. “I heard that fourth sister and fourth brother-in-law are back? Where are they?”

Xia Tianjiao crossed her arms and said sourly, “upstairs!”

Xia Mingzhu looked upstairs, and a trace of viciousness flashed in her eyes. Then, she continued the topic. “third brother is too much. Fourth sister came back with great difficulty, but he still hides in the study room and doesn’t come out. Second Sister, go and call third brother over!”

As she said this, she winked at Xia Tianjiao.

Although Xia Tianjiao was unwilling, she still got up and walked towards Xia Chuanxu’s villa.

After she left, Xia Mingzhu looked at Yan Qing and said with a hidden knife in her smile, “Mr. Yan, please don’t take offense. These two sisters have been spoiled by my father since they were young. They don’t know their limits when they speak.”

Yan Qing also smiled. “No, your sister is very outstanding.”

This sister referred to Xia Jinqi alone.

A person like Xia Tianjiao, who was arrogant and domineering, would never be able to catch his eye.

Chapter 205: finally felt heartache

Xia Jitian listened, and the expression on his face eased up a little.

Seeing this, Xia Mingzhu turned to look at Yan Qing again. "Oh right, I haven't had the chance to show you the contract that we agreed on last time. Now that I've brought it back, why don't we go upstairs and take a look? We can quickly finalize this collaboration."

Now that Yan Qing had entered the Yan family's company, he was also responsible for some of the collaborations with the Xia family.

Recently, he happened to have discussed a case with Xia Mingzhu and had yet to make a decision.

As he thought about it, Yan Qing agreed, "alright."

Hence, Xia Mingzhu led Yan Qing upstairs.

Just as they entered the study, Xia Mingzhu handed a contract to Yan Qing. Then, she went down to pour a glass of water, turned around and left.

Yan Qing was focused on the contents of the contract and did not pay attention to Xia Mingzhu's motive.

Moreover, could there be any ambush here?

?

Xia Jinqi was brought upstairs by Yan Jun..

This was not the first time Yan Jun had come to the Xia family, nor was it the first time he had come to the boudoir where Xia Jinqi had lived since she was young.

He was familiar with the roads and his steps were brisk.

Xia Jinqi followed behind him, but she was a little absent-minded.

She still did not understand why Yan Qing had a relationship with Xia Tianjiao?

And why would he appear at the Xia family home?

Was He here for Xia Tianjiao?

Then what was their relationship... .. Exactly ? To the extent of being a guest at home ? ?

"You still haven't figured it out?" Yan Jun's indifferent voice suddenly sounded.

Xia Jinqi was slightly stunned. She raised her eyes to look at him and was shocked to realize that they had already entered the room.

When he met the misty eyes of the girl in front of him, Yan Jun knew that she would definitely not believe that there was any relationship between Yan Qing and Xia Tianjiao.

But what should he do This was the truth.

"recently, Yan Qing and your second sister have been very close," Yan Jun opened his mouth and added another sentence.

Now that he had said this, Xia Jinqi could no longer pretend to be stupid.

It was fine for a man and a woman to have normal interactions, but they had come to meet their parents... .. This meant that the relationship between the two was not that simple ...

Xia Jinqi frowned, but she asked Yan Jun in return, “how did you know? Did you follow him?”

Yan Jun did not answer. He just casually took a crystal ball from Xia Jinqi’s bookshelf and played with it.

Follow Too low-end.

He called this — always pay attention to the movements of the opponent.

Yan Qing was the person who wanted to fight with him for the right to inherit the company. He could give half of the company to him because they shared the same blood.

But this did not mean that he would just stand by and do nothing.

Only by knowing yourself and the enemy could you win every battle.

Yan Jun’s silence was no different from acquiescence in Xia Jinqi’s eyes.

“No wonder you weren’t surprised at all when you saw him just now... so you knew about it long ago and deliberately didn’t tell me, just so that I could see it with my own eyes?”

She gritted her teeth and suddenly felt very hurt.

They had already come this far, but he still didn’t believe her?

She had guessed Yan Jun’s thoughts.

He had deliberately shown her this scene, which was why he had directly come to the Xia family when he got off the plane.

So he knew early on that Yan Qing would come to the Xia family today, right?

“What do you want me to see? See that Yan Qing already has another woman? Do you want me to stop daydreaming?”

Her heart felt a dull pain, pressing down on her until she could not breathe.

Xia Jinqi’s thoughts were once part of Yan Jun’s plan.

However, he did not expect her to look so sad.

His eyes flashed. He reached out and pulled her into his embrace. His large palm supported the back of her head. “Don’t say anymore.”

His heart finally ached.

Chapter 206: what did she want to do?

Xia Jinqi's heart was filled with grievance. Being hugged by him like this, all of it surged into her heart. Her eyes were hot. Her small hands grabbed his collar. Just as she was about to explain something, an awkward cough came from the door.

"COUGH COUGH COUGH!"

Xia Jinqi was shocked. She hurriedly jumped out of Yan Jun's arms and looked at the door with red eyes.

It turned out that they had not closed the door when they went upstairs. At this moment, her eldest sister, Xia Mingzhu, was standing at the door in a professional suit.

"sorry to disturb you. Xiao Qi, I have something to tell you. Can you come to my room?" Xia Mingzhu's tone was not bad. After all, there was still Yan Jun present. Even if she did not look at him as a monk, she still had to look at him as a Buddha.

However, she didn't expect that her little sister would be doted on by Yan Jun..

However, this was also good.

The Better Yan Jun treated her little sister, the more effective her plan would be!

Xia Jinqi calmed herself down and nodded. "okay, I'll go now. "

Hearing this, Xia Mingzhu nodded slightly in Yan Jun's direction and turned to go downstairs.

Xia Jinqi sniffed and looked up at Yan Jun. "I'll go first..."

She spoke with a thick nasal voice.

She was not a girl who liked to cry, but in front of him, it was always so easy for her to reveal her true feelings.

"En." Yan Jun gently stroked her hair that hung by her ear. Between her brows and eyes, there was an unusual tenderness.

Xia Jinqi smiled slightly before she left with ease.

Staring at Xia Jinqi's departing figure, Yan Jun helplessly shook his head and smiled faintly... ..

"There are very few people like you who can see through my heart with a glance. "

Before he said anything, she already knew what he was thinking.

He really wanted her to see that Yan Qing had another woman by his side... ..

What could she do?

He couldn't help but care about the wonderful time she had spent with Yan Qing.

But before he could speak, her grievance and sadness made him surrender.

"..."

Xia Jinqi walked down the stairs and went straight to her elder sister's room.

Ever since she was young, she had almost never entered her elder sister's room.

She didn't know why she was looking for her... ..

Walking all the way into the room, Xia Jinqi walked around two rows of huge bookcases before she noticed a figure leaning against the edge of the balcony.

She walked over quickly. "SIS..."

She had only said one word when she froze.

That was because the person leaning against the balcony was not her eldest sister, Xia Mingzhu, but... .. Yan Qing ? ?

Yan Qing also turned around to look at her, his dark eyes filled with astonishment.

"Xiao Qi?" He called out to her and put down the contract in his hand. He walked over to her in two steps. "Are you here to look for me?"

Xia Jinqi frowned slightly. Her eldest sister had asked her to come to the room. Why was Yan Qing here?

Could it be... ..

Instinctively, she turned around. She was anxious to look at the door, but she only had time to hear a click.

The door was locked from the outside.

"sister? What are you doing?" She called out, but there was no response from outside.

The only thing that answered her was the sound of her high heels stepping on the tiles.

Obviously, this was a trap set up by her eldest sister.

She had deliberately asked her to come here and had deliberately locked her and Yan Qing together.

Now that she had left, she was probably going to call someone over, right?

Yan Qing also sensed that something was wrong, so he followed the sound and came over. "What happened?"

"Why are you here?" Xia Jinqi asked.

"Your sister asked me to look at the contract." Yan Qing frowned and checked the door lock. After making sure that it couldn't be opened, he raised his eyebrows. "What does she want?"

Chapter 207: was her innocence more important than his life?

Even though he was asking Xia Jinqi in return, Yan Qing had already guessed Xia Mingzhu's intentions.

A man and a woman living together in the same room, there were too many ambiguous thoughts.

Moreover, his relationship with Xia Jinqi was so complicated... ..

He was once a confidant, but now he was her uncle and niece-in-law.

Morality and ethics were common. In the taboos, there was an inexplicable stimulation.

Xia Jinqi bit her teeth lightly. In her big black and white eyes, there was a huge disappointment and disappointment.

The person who framed her was not an outsider, but her own elder sister.

Her mother was like this, and her father was like this. In order to make a deal, he could marry her to a complete stranger.

Her second sister could splash ice water on her at her wedding, and her elder sister could trap her in a room and wait for her to be caught cheating.

Her family, which she had endured and suffered so much to protect, was actually repaying her in this way... ..

She really did not understand. Could it be that these people had never cared about her?

If that was the case, why did she still cherish them?

“She wants to embarrass me and make Yan Jun embarrassed.” Xia Jinqi took a deep breath and held back her slightly red eyes.

The most important thing at the moment was not to be sad, but to find a way to solve the crisis in front of her!

Yan Qing fell into a short silence when he heard this.

Thinking about it, Xia Mingzhu knew what he was thinking about Little Qi, which was why she made such an arrangement.

If the two of them were found out in the same room, who would lose the most face?

Undoubtedly, it would be Yan Jun..

It did not feel good to be cuckolded. Yan Jun would definitely vent his anger on Xia Jinqi.

When the time came... ..

Yan Qing couldn't continue thinking because in the next second, messy and hurried footsteps suddenly came from the empty and quiet corridor.

“They're here,” Yan Qing said coldly. His brows suddenly darkened and his voice tensed up.

Xia Jinqi also heard this voice. She unconsciously clenched her hands that were hanging by her side. “We didn't do anything. We're NOT AFRAID OF THE SHADOWS! I don't believe that she can turn black into white!”

It seemed that she had a tough battle to fight... ..

Yan Qing looked at her with heartache “Xiao Qi, you don’t understand their viciousness. Even if you and I stand here in neat clothes, they will still slander you with vicious words. Innocence is too important to a woman. I can’t let you bear such pain for me.”

His voice was very painful, as if he hated this world to the core, but he was powerless to protect her... ..

“But we can’t get out now.” Xia Jinqi shook her head. Of course she knew about this.

“We can get out.” Yan Qing only replied with three words. Then, he turned around. Under Xia Jinqi’s stunned gaze, he held the edge of the balcony with one hand and jumped straight down!

“Yan Qing!” Xia Jinqi cried out in surprise and hurriedly chased after him!

This place... Was the third floor !!

If she jumped down, she would break her leg even if she didn’t die!

Her heart beat violently!

The blood pressure in her entire body rushed to the top of her head!

How could he... .. Be so careless when his life was at stake ? !

Could it be that her innocence was more important than his life?

Fortunately, when Xia Jinqi rushed to the balcony and looked down, she happened to see Yan Qing jump onto the bay window sill on the second floor... ..

Yan Qing raised his head and glanced at Xia Jinqi, then swiftly pulled open the window on the second floor and went in.

At the same time, the sound of a key being inserted into the lock came from the door behind him.

“CLICK! “.

The door was opened.

Chapter 208: my woman, is she also someone you can hit whenever you want? ‘?

Xia Jinqi turned around.

She saw Xia Mingzhu bringing a bunch of people.

Xia Jitian, Hong Xianglin, Xia Tianjiao.

Of course, the most important thing was that she also called Yan Jun over.

Everyone couldn’t wait to look into the room.

Xia Jinqi had no time to care about anything else. The only thing she cared about was Yan Jun’s expression.

He looked at her with a deep and meaningful gaze... ..

Her chest was heaving up and down because of YAN QING'S LIFE-AND-DEATH JUMP!

Yan Jun saw her like this and his straight brows suddenly furrowed.

Xia Mingzhu, who was at the side, also furrowed her brows. However, she wasn't worried about Xia Jinqi, but the situation in front of her was different from what she had planned!

Where was Yan Qing?

She had clearly locked the door after she saw Xia Jinqi and Yan Qing standing together!

Why was there only Xia Jinqi here now?

She carefully looked around the entire room, but she still couldn't find Yan Qing's figure. Xia Mingzhu immediately became angry. "Why are you the only one here?"

"Why can't I be the only one here? But big sister, didn't you say that you have something to discuss with me alone? Why did you bring so many people here?" Xia Jinqi secretly suppressed the excitement in her heart. She narrowed her beautiful big eyes, and her cold gaze met Xia Mingzhu's.

"I do have something to discuss with you, but as soon as you saw Yan Qing was here, didn't you immediately close the door and not let me in? Who knows what you and Yan Qing are doing here?!" Xia Mingzhu gritted her teeth in anger. She had clearly planned this meticulously, how could there be a mistake?

As she cursed angrily, Xia Mingzhu rushed to the balcony again and glanced downstairs!

It was so high up, she would definitely fall and be heavily injured!

Moreover, there were no traces at all down there... ..

Could it be that a living person could disappear for no reason?

As soon as Xia Mingzhu said this, Xia Tianjiao pounced on Xia Jinqi like a crazy person, pointed at Xia Jinqi's nose and cursed "You're alone, why are you locked in the same room? Xia Jinqi! Don't forget that you're a married man! Why did you steal my man?!"

Every word put Xia Jinqi in the most despicable position.

Xia Jitian and Hong Xianglin looked at each other, not knowing what was going on.

As for Xia Jinqi... ..

Looking at the two sisters' two-way attack on her, she only smiled coldly.

"Big sister, you can't speak empty words. I'm the only one here, and the door is locked. How can it be fake?" She admired her big sister's ability to make up stories.

Then, she looked at Xia Tianjiao. "As far as I know, uncle is still unmarried. Why are you talking about your man?"

Why didn't she notice before that the family members she loved were all such people?

There was no love in their eyes, only sarcasm and framing.

“Humph! BIG SISTER CAN’T LIE! You, on the other hand, have been misbehaving since you were young! You even learned to steal men when you grew up? !” Xia Tianjiao scolded fiercely. She waved her hand at Xia Jinqi and was about to slap her!

Xia Jinqi’s eyes flashed. Before she could do anything, Yan Jun, who had already walked to her side, had already raised his hand and grabbed Xia Tianjiao’s wrist.

“My woman is also someone you can hit whenever you want?”

His icy black eyes stared coldly at Xia Tianjiao!

His ruthless words were filled with killing intent!

Chapter 209: dirtied her hands

Xia Tianjiao’s legs trembled slightly, and her hands lost their strength!

This slap could not be delivered no matter what!

How could she forget that Yan Jun was still here... ..

Moreover, at this point, how could he still protect Xia Jinqi like this?

Xia Tianjiao was not the only one who was shocked. Xia Mingzhu was also completely stunned!

She had already said it like this. Anyone with discerning eyes could tell that Xia Jinqi and Yan Qing had an unspeakable relationship, right?

As a man, how could Yan Jun tolerate the ambiguous relationship between his wife and uncle?

However, seeing Yan Jun protecting his wife like this, he didn’t seem to be affected at all?

How could this be?

And the most unbelievable person among them was Xia Jinqi.

Other people didn’t know Yan Jun, but she thought that she knew Yan Jun..

At least in this matter with Yan Qing, he always kept his word and was decisive in killing... ..

She still clearly remembered that every time Yan Jun saw her and Yan Qing together, he would definitely be angry!

This time was no exception. She never cared how others would describe her. They would say that she was shameless and seduced her uncle, or something even more filthy, but she didn’t care!

The only thing she cared about was him.

However, to her surprise, not only did he not question her at the first moment, he even helped her stop Xia Tianjiao... ..

On the other side, Hong Xianglin seemed to have sensed the seriousness of the situation. She hurriedly came over and begged for her daughter’s forgiveness. “Xiao Qi! QUICKLY HELP YOUR SECOND SISTER SPEAK UP! She didn’t mean it like that!”

In the end, she didn't dare to let Yan Jun let go of her. Hong Xianglin could only start from Xia Jinqi.

Xia Jinqi stared at the mother and daughter standing in front of her. She suddenly felt that they were extremely unfamiliar... ..

She smiled coldly and said sarcastically, "don't worry, Yan Jun is a Germaphobe. He won't dirty his hands."

As soon as she finished speaking, Yan Jun, who was beside her, flung Xia Tianjiao away with one hand as expected. He took out a silk handkerchief pinned on the chest of his suit. He frowned slightly and carefully wiped his hands.

Xia Jinqi found it funny. He really cooperated with her... ..

Xia Tianjiao's face was already livid with anger. She wanted to scold Xia Jinqi again, but she accidentally met Yan Jun's dark and terrifying eyes. Instantly, fear surged in her heart and she didn't dare to say anything more!

What a terrifying man... ..

Just a single glance made her tremble with fear!

However, Xia Mingzhu was still unwilling to give up. She pointed at the Ashtray on the coffee table and complained unwillingly to Xia Jinqi, "then what is this? You can't be telling me that this is the cigarette you smoked, right?"

Clearly, Xia Jinqi didn't smoke, but the ashtray still had the cigarette butts that had just been burnt.

This room must have been occupied by another man!

Xia Jinqi looked in the direction that Xia Mingzhu was pointing at, the corners of her mouth slightly pursed.

Before she could figure out how to explain herself, Yan Jun, who was beside her, had already raised his hand to hug her shoulders. His cold voice seeped out from the corners of his thin lips "I drew this. Just now, Jinqi and I were here. I only went out to answer a phone call, and when I came back, it became like this."

With just a few words, he had saved Xia Jinqi from a desperate situation.

Then, his bloodthirsty gaze carried a heavy pressure as if he was a king as he surrendered to Xia Jitian. "I didn't expect that the scholarly family that everyone admires is only so-so."

Yan Jun had only called Xia Jitian 'father' for Xia Jinqi's sake. It was considered giving him some face!

Without this layer of relationship and this face, he, Xia Jitian, would still have to behave himself in front of Yan Jun!

Chapter 210: pinched her so hard that it hurt

Xia Jinqi didn't expect Yan Jun to protect her and even help her out.

She only felt that the big palm on her shoulder was very hard.

It pinched her so hard that it hurt.

Sure enough, Xia Jitian shrank his eyes and stared at Xia Tianjiao and Xia Mingzhu with a tense face. "What are you two doing? How embarrassing! HURRY UP AND APOLOGIZE TO XIAO QI!"

Xia Mingzhu clenched her fists. She was unwilling, but because of Yan Jun's appearance, she couldn't turn the situation around anymore!

She hesitated for a moment, and a cold glint flashed across her narrowed eyes. Then, she looked at Xia Jinqi with a smile "So it was a misunderstanding! Xiao Qi, you're really something. Why didn't you say earlier that brother-in-law was with you? It caused US ALL TO MISUNDERSTAND!"

Xia Jinqi came back to her senses. This wasn't an apology, it was more like she was here to blame her.

As expected of a politician who had been traveling by her father's side since she was young. He spoke one set of words, so black that it could turn into white.

Xia Jinqi released her tightly furrowed brows and suddenly raised her big smile. "father said to let you apologize to me, but he didn't say to let you blame me."

Xia Mingzhu choked on her words and her face was as white as a sheet. "I was wrong."

Xia Tianjiao, who was standing at the side, heard that her eldest sister had apologized. She curled up at the side and her lips trembled. "I'm sorry..."

Hong Xianglin, who had been silent all this while, finally couldn't stand it anymore. She hurriedly stood up and pulled her eldest daughter and second daughter out of the door. "Okay, okay, it was just a misunderstanding! Let's go downstairs and eat first. The food is almost cold!"

Xia Jitian didn't stop her. Although his expression was still ugly, he didn't want to expose his family's dirty laundry. He had apologized and it would be best if it was a small matter.

He also echoed Hong Xianglin, "we still have things to discuss later. Let's eat first!"

The four of them were prepared to go downstairs. They thought that this matter would be resolved just like that. Who knew that Yan Jun's words would be transmitted lightly.

"There's nothing more to discuss. All cooperation between the Yan family and the Xia family will be suspended."

A simple and concise sentence fell into the hearts of the Xia family members, but it was as heavy as a feather.

The four of them turned around and looked at Yan Jun in unison.

Their gazes were all filled with different astonishment.

However, Yan Jun acted as if he did not see them. He directly hugged Xia Jinqi and walked out of the door.

The two of them walked all the way downstairs and met Yan Qing who walked out of the room on the second floor.

The moment the three of them faced each other, Xia Jinqi's heart was hanging high up in the air again!

Although Yan Jun had opened his mouth to help her out of the situation, she knew that he should have known that she and Yan Qing were locked in the room at that time... ..

He must have been unable to contain his anger... ..

Now that they had met Yan Qing again, Xia Jinqi was worried that he would rush over and punch Yan Qing like last time.

However, Xia Jinqi soon realized that her worries were unnecessary because Yan Jun only glanced at Yan Qing indifferently. Then, he pulled her and turned around to go downstairs.

Yan Qing gritted his teeth. The hands hanging by his side had long been clenched tightly.

“...”

Xia Jinqi did not even dare to breathe loudly when she got into the car.

Yan Jun did not take the initiative to speak to her. He just drove quietly.

She secretly went to look at him, but found that his jaw was very tense.

She thought that he would drive straight home like this, but unexpectedly, he only drove halfway and parked the car on a quiet road.

Next to him was a hostel. Occasionally, he would see one or two people coming home late.

Inside the car, it was very quiet and very depressing.

Xia Jinqi could not help but tense up all her nerves.
