

## Trick Me 2111

### Chapter 2111: Ji Yunjing VS Ye Qinghuan 53

“Okay.” Ye Qinghuan nodded obediently. Her nasal voice was soft and sweet.

Ji Yunjing stepped back a little, took her hand, and walked to the Front Hall together.

In just a short while, Yan Jun and Huo Ting came back. The room was full of people talking and laughing. It was very lively.

Seeing Ji Yunjing bring ye Qinghuan in, they introduced each other as usual. Then, everyone sat down and talked about their recent situation.

As they talked, they consciously split into two groups.

Yan Jun, Huo Ting, Fang Shaoan, Ji Yunjing and a few others talked about the matters between their men. Xia Jinqi brought Zuo Xiaoran, Su Xiangxiang, and Ye Qinghuan to the small balcony next to them and started chatting.

“Qinghuan, where are you from?” Zuo Xiaoran was a cheerful person. Seeing that Qinghuan was sitting by the side obediently and did not talk much, she took the initiative to bring up the topic to her.

Ye Qinghuan was a little unfamiliar. After all, they were just acquaintances. However, hearing Zuo Xiaoran’s question, she answered with a smile, “I’m from Macau.”

“Macau? Then have you ever been to a casino?” Zuo Xiaoran’s eyes lit up when she heard that. She loved watching Hong Kong dramas. There were all kinds of gambling gods in them. They played cards and were all very cool when she thought about it!

It was a pity that she had never been to Macau, nor had she seen how bold the casinos there were.

Ye Qinghuan was about to answer when Fang Shaoan, who was chatting with Yan Jun and the others, suddenly frowned and looked over. He asked Zuo Xiaoran, “What Casino?”

“...” Zuo Xiaoran pursed her lips and changed the topic. “We’re talking about the amusement park! You’re talking about the two of you. Why are you looking at us?”

Zuo Xiaoran and Fang Shaoan loved to play before they got married. However, after they got married, Fang Shaoan had completely restrained his temper. He never went to the nightclub, and sometimes he would even discipline Zuo Xiaoran.

Hearing the conversation between the two enemies, Huo Ting also turned to look to the side. His deep gaze happened to meet Su Xiangxiang’s.

Seeing that he was looking at her, Su Xiangxiang blushed and lowered her eyes. She then turned to chat with Ye Qinghuan.

Seeing that Su Xiangxiang moved her gaze away, Huo Ting frowned slightly. He did not even hear Fang Shaoan calling him.

“Hey, chief! Are you out of your mind?” Fang Shaoan raised his voice and called out to him before he averted his gaze.

“where were we?” Huo Ting asked casually. His expression remained the same.

Su Xiangxiang finally heaved a sigh of relief when she noticed that the person who was staring at her like a Falcon had averted his gaze.

Xia Jinqi watched the entire process from the side. It just so happened that Zuo Xiaoran was pulling ye Qinghuan to ask about Macau. She sat beside Su Xiangxiang and asked in a low voice, “you two... how have you been recently?”

Looking at the way the two of them looked just now, it seemed like there was something going on.

Su Xiangxiang was stunned, then she smiled and said, “en, he treats me quite well.”

However, Xia Jinqi could see that there was a reluctance in her smile.

Thinking of Er Huo, who had a poor Eq in front of love, Xia Jinqi could roughly understand why Su Xiangxiang was so lonely at this time.

She shook Su Xiangxiang’s hand and sighed. “Xiangxiang, you’ve been married for so long. If you have anything to say, just say it. Don’t take it to heart.”

“...”Su Xiangxiang was silent for a moment. In fact, Huo Ting had been really good to her after their marriage. The two of them had never quarreled, but... ..

How should she put it?

He was so good to her. He was attentive and gentle in every way.

But he did not mention anything about having children.

#### **Chapter 2112-ji Yunjing VS Ye Qinghuan 54**

After saying that, Yan Sheng and Ji Xinyu brought the children downstairs.

Seeing that, Xia Jinqi got the kitchen to prepare for dinner. She went to fetch GRANDPA JI and the whole family took their seats.

The three children were still young and had set up a dining table. There were people looking after them, so they didn’t have to worry too much.

At the dining table, everyone was chatting and laughing. Seeing that Ji Yunjing had brought his girlfriend back and said that he was going to get married, even Ji Heng happily had a drink.

The rest of the people also stopped. They did not drink much and did not eat much. However, their laughter and laughter did not decrease.

Ye Qinghuan was also reserved at the beginning. After all, the people at the table were all strangers.

But slowly, she was infected by the warm and warm atmosphere.

She did not expect that Ji Yunjing's family were all such kind people and they were very easy to get along with. Even when they heard that she was going to marry Ji Yunjing, no one objected.

Such a family, such a family, it was really very good... ..

She could not help but start to think that if she could really become a family with these people, it would be a great thing, right?

As she was thinking, a piece of chicken suddenly appeared in the bowl.

She was just about to look up when she heard Ji Yunjing's slightly lowered voice. "You're not used to it?"

Seeing that she had barely eaten anything, he frowned. He remembered that she had grown up in Macau since young, so she was definitely not used to Rao city's dishes.

"The dishes are very delicious." Ye Qinghuan smiled and shook her head. She had been in Rao city for half a year and did not have any special requirements for food, or perhaps... She had always thought that this was his hometown, so she subconsciously liked everything here ??

Because a person fell in love with a city. This sentence was really not a lie.

After obediently eating the chicken in her bowl, Ye Qinghuan picked up another piece of asparagus and gave it to Ji Yunjing. She smiled shyly and said, "you eat more too."

Seeing the girl next to him return the favor, Ji Yunjing smiled and did not say anything more. Instead, he slowly ate the ASPARAGUS.

It was just a simple bite of food, but it warmed his heart.

Ji Heng, who was sitting in the seat, watched the interaction between the two of them without batting an eyelid. His eyes were filled with relief.

Now that Yun Xiang had a home, he was relieved.

Moreover, that child, Qing Huan, was sensible and well-behaved. As long as the two of them could be together peacefully, it would be fine.

Xia Jinqi saw that GRANDPA JI's gaze never left her cousin and Ye Qinghuan. She could not help but smile and serve him a bowl of soup. She teased, "GRANDPA, if you continue to watch, Qing Huan will be embarrassed."

Hearing this, Ji Heng came back to his senses and pretended to be angry as he snorted. "You lass, if you knew this earlier, why didn't you tell GRANDPA?!"

"cousin didn't even say anything. How would I dare to say anything?!" Xia Jinqi chuckled. She had long thought that her cousin liked Qinghuan, but since he himself hadn't expressed his stance, she couldn't say anything.

However, since her grandfather had said so, she still coaxed him. "GRANDPA, drink the soup!"

Ji Heng snorted, but he still smiled as he drank the soup that Xia Jinqi handed over.

After giving her grandfather the dishes, Xia Jinqi looked back and realized that there was an extra bowl of soup in front of her.

She subconsciously looked at the person beside her and saw that Yan Jun had just put down the spoon in one hand. He then turned around and said something to Fang Shaoan without changing his expression, as if his mind was not on her at all.

Xia Jinqi used the spoon to scoop up the soup and slowly drank it. The corners of her eyes and brows were filled with joy.

### **Chapter 2113: Ji Yunjing VS Ye Qinghuan 55**

The dinner was over and it was already late at night.

The guests left with their wives and children.

As they walked out, Su Xiangxiang saw how cute Yuan Bao was and could not help but hug him all the way.

Yuan Bao was very clingy with her and kept calling her aunt. n--0v**e**l**b**1n

Zuo Xiaoran took the opportunity to give Fang Shaoan a look. Fang Shaoan immediately understood and turned to tease Huo Ting, "look at how cute my Yuan Bao is! You two should hurry up and have a child too! "

Huo Ting glanced at him and said coldly, "when it's time, it will come. What's the rush? "

Fang Shaoan choked and looked at Zuo Xiaoran with a strange expression, indicating that he could not help her.

Zuo Xiaoran shook her head in disappointment... ..

The only one who was calmer was probably Su Xiangxiang.

She had probably guessed that Huo Ting would say this, and she sighed in her heart with a little more helplessness.

Yuan Bao was a little tired from playing, yawning and starting to look for his mother.

Zuo Xiaoran took him over and wrapped his clothes tightly. She greeted Ji Yunjing and Ye Qinghuan before hurriedly getting into the car.

After the two of them left with their children, Ji Yunjing said, "Shao'an has really changed a lot. "

Who would have thought that the playboy from back then would become so stable after getting married? The Gu family.

Huo Ting nodded lightly and said, "it's getting late. We'll be leaving first. "

"Okay. " Ji Yunjing replied and turned around to get into the car with Ye Qinghuan.

Two cars came out of the Yan residence one after the other and drove in two different directions.

In the car.

Su Xiangxiang was silent the entire way.

She was still thinking about Huo Ting's reaction when Fang Shaoan said those words just now.

After all these years of sitting firmly in the position of chief, Huo Ting's personality had become more and more serious. No one could guess what he was thinking about.

Although Xia Jinqi and him were not estranged, in the end, they both had their own families and it was not good for them to have too much contact. Therefore, even Xia Jinqi did not want to talk to him about these things.

Huo Ting drove. He felt that the people around him were too quiet, so he found some topics to talk about. "What did you talk about with Xiao Qi and the others?"

"We just talked about the children for a while. Oh, Xiao Qi said that she would bring the children to our house to play the day after tomorrow. Xiao ran should be coming too," Su Xiangxiang answered.

They said that if they let huo ting see the children more often, he might want to have them.

Huo Ting grunted, but his eyes were still focused on the front. He said, "I have nothing to do tomorrow. What do you want to do? I'll accompany you."

Thinking about how he had been a little busy recently and how little time the two of them had to see each other, he could not help but feel a little guilty.

"I don't want to do anything..." Su Xiangxiang shook her head. Her life had not changed much after the marriage.

When Huo Ting was around, the two of them would eat together, go shopping, or occasionally just lay on the SOFA and watch TV.

When Huo Ting was not around, she would sometimes be at home, and sometimes go back to her parents'house. It was not much different from before the marriage.

As she said this, she suddenly remembered something and said, "I almost forgot. I have an appointment with my brothers tomorrow. We are going out of the city to play!"

Looking at the time, her eldest brother and second brother had been busy for a long time. It was finally time for the three siblings to get together.

"..."Huo Ting didn't say anything, but his expression was obviously not good.

It was a hard-earned vacation, but it was taken by her brothers.

After a long time, he asked sourly, "when are you coming back? I'll pick you up."

"No need, my brothers will send me back," Su Xiangxiang answered subconsciously, full of anticipation, "second brother seems to have a girlfriend, and will go with us!"

**Chapter 2114: Why don't you want to have children?**

Huo Ting frowned slightly, and the jealousy in his heart grew stronger.

When she talked about her brothers, she always had a smile on her face, and there seemed to be stars twinkling in her eyes.

But every time she chatted with him, she seemed very cautious and reserved.

They had been married for a long time, and she still didn't treat him as family?

After Su Xiangxiang finished speaking, she waited for a long time, but huoting didn't speak. When she looked over, she saw that his brows were tightly knitted, and his handsome face was dark... ..

Did her words just now make him unhappy?

Su Xiangxiang's heart tightened. She also fell silent and did not dare to say anything more.

The two of them remained silent the entire way.

Back to the huofamily home. n--0re/b1n

Grandfather Huo did not live in the same building as them. He had already fallen asleep, so the entire courtyard seemed particularly quiet.

Huo Ting stopped the car, and Su Xiangxiang pushed the car door open. The two of them went upstairs one after the other and returned to their bedroom.

Su Xiangxiang, who was walking in front, was about to sigh when she suddenly felt a force in her hand.

Before she could recover from her shock, Huo Ting had already pulled her towards him and closed the door behind him.

"..."Su Xiangxiang was stunned and did not have time to think about anything else.

Why was this person, who was so cold just a moment ago, suddenly so passionate?

In the end, her own mother thought that there was something wrong with her, so she made an appointment for her to go to the hospital to have a look... ..

But she really wanted to ask him why he did not want to have children?

He said that he did not like children, but he was especially good to Yu Han and Xiao puff. Every time he went, he would hug them for a long time.

He was the only child in the huofamily. GRANDPA HUO was always looking forward to having a grandson. He really wanted her to have a bunch of children right away.

In the middle of the night.

The person in his arms was so tired that she had fallen into a deep sleep. Huo Ting carefully pulled her into his arms and took pity on Wen Wen's forehead. Only then did he close his eyes in satisfaction.

"..."

Ji Family.

When Ye Qinghuan returned, Qingzhou was already asleep.

The housekeeper showed Ji Yunjing the painting of Qingzhou in the afternoon and told him the teacher's praise for Qingzhou.

"It's really good." Ji Yunjing looked at the sketch in his hand and nodded with admiration.

The painting was of Ye Qinghuan, and it was vivid.

This child was talented. If he was properly nurtured, he might be able to become a great master in this field in the future.

Ji Yunjing smiled and said slowly, "It seems like we should find him a good teacher. "

Hearing this, many names of famous artists appeared in the Butler's mind, and he simply mentioned a few.

However, Ji Yunjing was not very satisfied. Instead, he muttered thoughtfully, "that person's painting skills are world-class. I just don't know if he still has the intention to take in a little disciple... "

"I wonder who young master is talking about?" The Butler was a little curious. Someone who could make young master say such praise must be an extraordinary master, right?

Ji Yunjing turned to look at him and smiled. "Qi Maolin. "

The man who had loved his aunt for her entire life.

### **Chapter 2115: Just stay by my side with peace of mind**

The housekeeper was stunned. She didn't think that the person young master was talking about was actually that person.

Right at this moment, Ye Qinghuan walked out of the kitchen with a bowl of steaming hot soup in her hand. Her small face was fair and had a slight blush.

The moment the housekeeper saw her, her heart was shocked.

Her young master had never been a busybody. This time, he actually cared so much about a ten-year-old child. So it was because of this person... ..

As expected, love goes both ways.

It seemed that this person would be the Ji family's mistress in the future.

After coming to this realization, the Butler lowered his eyes and quietly left.

Ye Qinghuan placed the hot soup in front of Ji Yunjing and lowered his head slightly. "I saw that you didn't eat much at night, so I drank some wine. It's cold at night. Drink some hot soup so that you can sleep well. "

As he said this, his line of sight fell on the Qingzhou painting on the coffee table.

Seeing that the painting was of her, Ye Qinghuan's face turned even redder. She said unhappily, "This child keeps drawing me! "

It was normal, but she even showed it to Ji Yunjing... ..

Ji Yunjing drank a mouthful of hot soup and looked at the painting as well. He smiled and said, "the painting is quite good. Qingzhou has talent, so I plan to find him a real artist as his master. What do you think? "

His relaxed tone and attitude made it seem like he was already in the same family as Ye Qinghuan. They were not separated from each other and only cared about her family sincerely.

When Ye Qinghuan looked at Ji Yunjing, his eyes were filled with gratitude. "thank you for putting in so much effort for Qingzhou. "

Ji Yunjing did not say anything. He continued to drink the soup before raising his eyebrows and asking, "is Qingzhou Asleep? "

"Yes! " Ye Qinghuan nodded with a charming smile on his face. "The bed is very comfortable. He slept very soundly. "

Hearing that, Ji Yunjing nodded. He put down the bowl of soup and took her hand to let her sit beside him. "naturally, you have to put in more effort into your matter. "

Ye Qinghuan lowered his eyes and looked at his hand that was interlocked with his fingers. Hearing his words, his eyes unconsciously reddened again.

"What's wrong? " Ji Yunjing asked with a frown.

Ye Qinghuan shook his head and looked up at him. Tears rolled down her face, but she smiled. "I just don't know what I'm capable of... "

She knew that he did all this because of her.

Seeing her like this, Ji Yunjing patted her hand again. "Didn't I tell you to stop thinking about this? Just stay by my side. "

"Okay. " Ye Qinghuan nodded obediently. His gaze returned to his hand that was holding her tightly, and the curve of his lips silently widened. n-/OvelbIn

When she was by his side, she could always easily feel happiness.

Other than these, she could not think of any other opinions about her family background or whether her status was compatible or not. She did not want to think about it anymore... ..

She selfishly thought that although she did not know when such a time would quietly pass, at this moment that she had, she would definitely not leave behind any regrets to feel and love.

Just this once... .. follow her heart and be a foolish woman who did not care about anything and only wanted love ...

When Ji Yunjing looked down, he happened to see the determination and yearning in Ye Qinghuan's eyes.

His thin lips curved slightly, and he tightened his grip on her.

Sensing his movements, Ye Qinghuan looked up. Seeing that he was looking at her, she subconsciously smiled.

Ji Yunjing's heart moved, and he pulled her into his arms.

He really didn't want much.

As long as it was her, one look, one smile, and a bowl of hot soup after the cold wind blew, it would be enough.

### **Chapter 2116: he only came back when it was almost dawn.**

After a long time, Ji Yunjing looked at the clock on the wall and said, "it's getting late. Go and rest. "

Ye Qinghuan nodded and left his arms. When she walked upstairs, she found that Ji Yunjing had followed her.

She stood at the door in surprise and looked at him blankly. Before she could ask, she heard him say, "my room is next door. "

"..."No wonder the housekeeper would let her stay here. Ye Qinghuan blushed inexplicably.

Ji Yunjing seemed to be able to read her mind and said slowly, "it was my idea to let you stay here. "

Ye Qinghuan was stunned for a moment. While he was speechless, Ji Yunjing had already walked past her and went straight to one of the doors in the long corridor.

He pushed the door open skillfully and disappeared into the door.

After a while, Ye Qinghuan heard the sound of a chair being pulled open and the sound of a page flipping that was almost inaudible. Ye Qinghuan smiled slightly and turned around to enter her room.

After taking a shower and lying down on the soft blanket, Ye Qinghuan still felt that her face was a little hot.

As long as she thought about today's experience, her heart was constantly filled with a lot of happiness.

In her ten plus years of life that was neither long nor short, this was the first time she had such uncontrollable excitement and joy.

It was certain that she could not fall asleep.

However, Ye Qinghuan did not feel annoyed at all. Instead, she hugged the blanket and laughed out loud.

So, insomnia could also be such a happy thing.

When it was almost 12 o'clock, a series of movements came from outside the door.

Ye Qinghuan pushed the door open curiously and happened to see Ji Yunjing who was putting on his coat and rushing downstairs. She immediately frowned and asked, "it's so late. Do you still want to go out? "

Unknowingly, she had omitted the word "SIR" .

Ji Yunjing saw that she was wearing loose pajamas and frowned. "Did I wake you up? I have something to take care of. I'll leave first. You can go to sleep. "

After saying that quickly, Ji Yunjing had already disappeared into the corridor

Zhou Xian had called just now and the Southeast Asians had made a new move.

Ye Qinghuan took a step forward. "Be careful..." but she was the only one left in the room.

She stood there for a long time until her legs were numb. Then she turned around and went back to her room.

Her mood at this moment was completely different from the joy and excitement she had before.

She walked to the window and realized that a light rain had started to fall from the sky.

She was already worried about him, and now she was thinking about how he had left in such a hurry. She didn't know if he had an umbrella with him. If he didn't, what if he got caught in the rain?

Ye Qinghuan sighed softly. He was afraid that he wouldn't be able to sleep at all this night.

After a few thunderclaps, the rain gradually became heavier.

Ji Yunjing went out for an entire night.

He only came back when the sky was almost bright.

The tires of the car brushed against the rain-filled ground, making a dull sound.

Ye Qinghuan, who hadn't slept the whole night, paid special attention to the situation downstairs. When she saw Ji Yunjing's car coming back, she rushed downstairs without a second thought.

She ran to the living room in one breath and saw the housekeeper carrying Ji Yunjing, who was covered in blood, into the house... ..

Ye Qinghuan was completely petrified on the spot as if she was struck by lightning.

Her eyes were red as she looked at the man standing in front of her in disbelief.

He was still fine when he went out. It had only been a few hours, how did he become like this... ..

He did not know where his coat had gone. All that was left was a simple dark gray shirt, and that shirt had become dark and terrifying because it was stained with blood.

**Chapter 2117 was so fond of her**

As if sensing the woman's Gaze, Ji Yunjing slowly raised his eyes. *no ve-1b-1n*

After looking at her for a moment, he said in a low voice, "what are you doing down here? Go Up. "

His face was extremely Pale due to excessive blood loss. He did not even have the strength to speak, but the cold air did not diminish at all.

It was obvious that he did not want her to see him at this moment.

Ye Qinghuan's hands that hung by her side clenched slightly. This was the first time she did not listen to him. gritting her teeth, she quickly ran to his side and half-hugged his waist, trying to bear his weight.

Seeing this, the housekeeper stepped back slightly. "Young Master, I'll call the doctor. "

Ji Yunjing nodded and did not say anything.

After the housekeeper left, Ye Qinghuan became a little exhausted.

At this moment, Ji Yunjing was so weak that it was very difficult for him to stand. He could only barely stand up by placing his weight on Ye Qinghuan.

Ye Qinghuan saw that he was still a little energetic just now. It turned out that it was all because of the housekeeper's support.

Thinking of this, Ye Qinghuan's eyes reddened a little.

When Ji Yunjing lowered his eyes, he saw the girl who was trying her best to support her lowering her head in silence. He patted her hand with his slightly cold palm. "It's just a small injury, it's not a big deal. "

"..."when she heard his weak voice again, Ye Qinghuan's heart hurt even more.

She gritted her teeth and said, "I'll help you upstairs. "

Ji Yunjing did not say anything, but he also tacitly agreed.

But when he saw the thin and weak girl in his arms desperately supporting him carefully up the stairs, his heart suddenly became very soft.

He did not know why, but the sea of people seemed to like her so much.

Even though they had not contacted each other for a year, he would still often think of her and think of her.

Now that he thought about it, perhaps it was because she was real and obedient?

And these seemingly small things would always inadvertently move him.

Ye Qinghuan had just helped Ji Yunjing lie down on the big bed when the family doctor was called over.

After checking and cleaning the wound, Ji Yunjing was so tired that he fell asleep.

Ye Qinghuan carefully covered him with the blanket and heard the doctor and the Butler say "The wound on his back isn't deep, and there's no need to suture it. The rest of the area isn't serious either.

Some of the bruises will disperse after a few days. Judging from the young master's appearance, he must be exhausted and has lost a lot of blood. He might have a fever at night. "I'll leave the fever medicine here. It's best if someone takes care of the young master. This way, he'll recover faster. "

Before the Butler could say anything, Ye Qinghuan took the initiative and said, "I'll stay. "

The doctor was stunned for a moment, as if he had just noticed that there was a woman in the young master's room.

Moreover, she did not look like a maid. This... ..

He had been in the Ji family for quite some time, but he had never seen the young master bring any woman home.

The housekeeper saw the confusion in his eyes and said, "this is Miss Ye. She lives next door to the young master. It would be best for her to take care of her. "

The doctor nodded and did not ask. He gave a few more instructions before he turned around and left.

The housekeeper also stood guard for two hours and did not go downstairs until daybreak.

Ye Qinghuan asked him to send Ye Qingzhou to school. He had just moved to a new house and did not know the way.

When everyone else in the house had left, Ye Qinghuan sighed softly and sat at the side, staring at the person on the bed in a daze.

In the end, he was still young and his body was good. After the infusion, his complexion slowly recovered in a few hours.

And until now, there were no signs of fever. It seemed that he had really fainted because he was too tired and could not sustain his strength.

### **Chapter 2118 I'll be back soon**

From the first time she met Ji Yunjing, Ye Qinghuan knew that he was probably a man who walked on the edge of life and death.

She used to think that he was a hooligan because he called another silver-haired youth the chairman, and he was a troublemaker.

But his eyes were too sharp. His every move was full of nobility, and he did not have the air of a marketplace.

She thought that he was a deep and cold man who was not easy to get close to.

But when they met a year later, he seemed to be completely different from her impression.

Sometimes, he would be gentle. His relatives and friends were also very kind. His grandfather seemed to be very kind, but he seemed to be full of apology for what he said to him.

As she thought about it, she leaned over and gently touched his slightly raised eyebrows with her warm fingertips. "What kind of person are you exactly? "

The answer to her was naturally the silence in the room.

Ji Yunjing fell into a deep sleep. Even his breathing was very gentle.

However, with her close proximity and companionship, the frown between his brows magically slowly dispersed.

He did not know how long he had slept for this sleep. He only knew that when he woke up, a faint voice lingered in his ears.

"sister, is big brother very sick? " It was Ye Qingzhou's voice, and it was very low.

"It's not very heavy, but he needs to rest more. You Go and do your homework first, don't disturb him anymore, " Ye Qinghuan said in a voice that was as soft as a mosquito's.

Ye Qingzhou nodded silently and slowed down his footsteps to leave the room.

Seeing her little brother tiptoeing around, Ye Qinghuan could not help but smile.

When she turned around, she happened to meet Ji Yunjing's eyes that had already opened.

She was stunned and her smile was a little stiff. She asked embarrassedly, "did I wake you up? "

Without waiting for him to answer, she continued to ask, "how is it? Are you better? Are you feeling unwell? I'll go get the doctor... "

She asked many questions in one breath, but Ji Yunjing only looked at her with a deep gaze.

Ye Qinghuan thought that he had slept for so long that he was so thirsty that he could not speak. He quickly poured a cup of hot water over and carefully helped Ji Yunjing sit up, feeding him a small mouthful of water.

His throat was indeed very dry. After drinking the water, Ji Yunjing asked, "how long have I slept? "  
no ve-1b-1n

" ... " Ye Qinghuan looked down at his watch. "Eleven hours. Are you hungry? I'll go make you something to eat? "

Ji Yunjing looked out of the window. It was already dusk.

Ye Qinghuan waited for a while but did not get an answer. He still did not look well. She did not know if his wound was hurting, so she comforted him softly. "You must be hungry after sleeping for so long. Is there anything you want to eat? "

She said a lot of things, and although he didn't answer, he heard them all.

He looked up at her.

Her big eyes were full of eagerness and concern, and only her own reflection was reflected in her black pupils.

It was as if he was everything to her.

When he was injured in the past, he was always alone in this big room.

The loneliness and loneliness that he was used to was broken one day.

He was actually a quiet person, but even though she said so much, he still didn't feel noisy.

Ye Qinghuan saw that he had been silent, so she did not continue to ask. She only said, "then you have a good rest. I'll call the doctor and make you something to eat. "

As she said that, she got up.

Just as she was about to leave, her hand was held down by a light force.

Ye Qinghuan looked down. Seeing that it was Ji Yunjing who held her back, she said, "I'll be back soon. "

### **Chapter 2119: Following me, are you afraid?**

With that, she smiled and got up to leave.

Ji Yunjing turned to look at her as she left. There was a hint of reluctance in his eyes.

Once she left, the room became quiet again. It was so quiet that one could almost hear the sound of the wind blowing against the curtains.

Fortunately, the doctor came up after a while. He changed his dressing and took his temperature. He left after making sure that he was alright.

As soon as the doctor left, Ye Qinghuan came back with a tray.

There was a bowl of hot porridge on the tray. There were two dishes, both appetizing and invigorating. The style was very exquisite.

"The porridge was started in the afternoon. I thought that you would be hungry when you woke up, so I prepared it in advance, " Ye Qinghuan said as she took a pillow and placed it behind Ji Yunjing's waist to make him sit more comfortably. Then, she brought the porridge to him.

Perhaps she was used to taking care of her younger brother since she was young. She really knew how to take care of people.

Ji Yunjing looked at her and then at the bowl of porridge that she handed over. It was delicious.

In the end, he did not want to brush her off, so he took it.

The edge of the bowl was even a little hot.

He took a small bite. It was full of the fragrance and sweetness of rice.

Ye Qinghuan saw that he had started to eat, so she picked up some side dishes for him. "Try this. The housekeeper said that the taste you usually eat is bland, so I made it specially refreshing. "

Ji Yunjing paused slightly and did not refuse. He ate it together with the Porridge.

“How does it taste?” Ye Qinghuan could not wait to think about it. She really wanted to know if it suited his appetite. If she did not like it, how would she improve it next time.

Meeting her big clear eyes, Ji Yunjing nodded. “Not bad. “

After receiving his affirmation, Ye Qinghuan’s eyes and brows were filled with a smile and satisfaction.

Seeing her like this, Ji Yunjing, who originally did not have much of an appetite, suddenly finished the bowl of Porridge.

Looking down at the empty bowl, he suddenly understood why Yan Jun and Fang Shaoan were getting better after their marriage.

Having a woman by his side was really different.

Seeing that he had finished eating, Ye Qinghuan put away the bowl and was ready to carry it downstairs.

“You have a good rest, i... “

Before she could finish, Ji Yunjing said, “stay with me for a while. “

His slightly hoarse voice was low and deep, giving a strong impact to his heart.

Ye Qinghuan’s eyes glazed over slightly, and she obediently sat back down by the bed.

“Aren’t you going to ask me what I did last night?” Ji Yunjing stared at her and asked faintly.

He still remembered how she rushed downstairs last night, her eyes red as she tried to help him up.

She should be very worried, but since he woke up, she had not asked a single word.

Ye Qinghuan looked up at him in surprise, but after a moment, he shook his head calmly.

“It’s good that you’re okay.” She lowered her eyes and her voice was gentle. n..Ovel&1n

Although she did not know much, she roughly knew what he did.

She knew from the beginning and did not care.

Ji Yunjing frowned and reached out to hold her hand. He asked again, “are you afraid to follow me? “

Ye Qinghuan first shook his head, then nodded.

Just when Ji Yunjing was puzzled, she raised her eyes again and looked into his black eyes. “has your job always been so dangerous? “

She was not afraid of life and death, but she was afraid that something would happen to him.

Seeing the worry in her eyes, Ji Yunjing was silent for a moment before he suddenly smiled. “worried about me? “

“...”Ye Qinghuan’s face flushed red as she nodded.

Ji Yunjing’s heart skipped a beat when he saw this. He pulled her into his arms with force.

He patted her back gently, his sharp eyes half-closed. "Don't worry, I'll be fine. "

### **Chapter 2120 we'll accompany big brother together**

Over the years, he has also found a lot of new people, and he intends to promote them to the top.

In this era, New People should have more chances.

Moreover, after Yan Jun retires, Lego will still be returned to Xia Jinqi.

In the future, there will still be Yan Yuhan.

It's also time for him to retire successfully.

Ye Qinghuan's stiff body slowly relaxed, but her expression was still worried. Her Small Hands Clung to the hem of his clothes at his waist, and she quietly clenched them.

In fact, both of them were well aware of this. Who could say for sure about this kind of thing?

If you often walked by the river, how could you not wet your shoes?

But... She did not stop him, nor did she advise him, because she knew that this was his ambition ...

When the two of them hugged each other in silence, Ye Qingzhou's cheerful voice suddenly came from outside the door. "Big Brother! Big Brother, are you awake? ! "

Ye Qingzhou, who had just finished his homework and left the house, heard the Butler and the doctor talking. He hurriedly ran upstairs, and his voice was full of joy and happiness.

The two people on the bed were stunned at the same time.

Ji Yunjing did not say anything when he saw the girl in his arms quickly leave. Her face was full of awkwardness and uneasiness.

He frowned slightly, as if he did not like her cautious appearance.

He wanted to pull her into his arms again, but in the next second, Ye Qingzhou had already entered the room.

Seeing Ji Yunjing who had woken up, Ye Qingzhou was so happy that his eyes turned red. He ran over to his bedside with some sobs and sobbed, "big brother, you're finally awake... "

For Qingzhou, he had never enjoyed the love of a father or a mother since he was young. Although he had his sister's love and care, but... In the end, he still felt that something was missing ...

It wasn't until Ji Yunjing's appearance that Qingzhou felt that his tall and big brother was warm and kind, just like a father.

Feeling the little guy's dependence on him, Ji Yunjing curled his lips and gently stroked the top of his head with his big palm. He smiled and said, "I'm fine. Have you finished your homework? "

"Yes! " Ye Qingzhou nodded anxiously.

Ye Qinghuan raised his eyebrows. "So fast? Did you do it seriously?"

"I did. I understand what the teacher said. Those questions are very easy to solve." Ye Qingzhou turned his head and smiled brightly at his sister.

"SO SMART!" Ye Qinghuan praised and subconsciously wanted to touch his little brother's head.

However, when she reached out, she realized that Ji Yunjing's hand was still there... ..

After being embarrassed for a moment, she withdrew her hand and pinched Qingzhou's face, changing the topic. "Are you hungry? What do you want to eat?"

Ye Qingzhou happened to see the empty bowl by the bed. Knowing that his sister had made porridge, he said, "I'll eat porridge with big brother! Sister, you eat here too, okay? Let's accompany big brother together."

"This..." Ye Qinghuan looked up at Ji Yunjing hesitantly. She was afraid that it would disturb his rest, but she could not bear to reject her brother's suggestion.

"Let's eat here." Ji Yunjing met Ye Qinghuan's gaze and said leisurely.

"Yes!" Ye Qingzhou was the first to cheer up.

Since both the older and younger ones said so, Ye Qinghuan had no reason to refuse.

She went downstairs to get another bowl of porridge. The two siblings gathered around Ji Yunjing's bed and chatted as they ate.

Qingzhou was a sensible child. He kept talking about fun things to tease Ji Yunjing. Ji Yunjing, who originally did not have much of an appetite, actually drank another bowl of porridge when he saw the two siblings eating so well. n..Orel&1n

In the past, he did not feel it when he ate alone. Now he realized that eating together with more people was really lively and his mood improved a lot.
