

Trick Me 2121

Chapter 2121: Call Me Brother-in-law

After dinner, Ye Qinghuan packed her things and went downstairs while Ji Yunjing and Qingzhou talked about Qi Maolin.

“Big Brother, will that master accept me as a disciple?” Qingzhou blinked his big eyes and asked with some longing and worry.

When he was young, his family was always full of noise. His stepfather would beat people when he was drunk, and his mother would cry and vent her anger on him and his sister.

Once, he was beaten by his stepfather and cried non-stop. His sister gave him her only set of crayons and even taught him how to draw a lollipop. Since then, every time he was unhappy, he would hide and draw alone.

Immersed in the world of drawing, he felt that his heart had never been so calm.

Over time, he actually fell in love with it.

And now, he wanted to learn more because every time he saw his drawings, his sister would smile and exclaim in surprise. How could he bear to disappoint his sister?

Moreover, now he had a big brother who praised him!

Ji Yunjing looked at the hope in the boy's eyes and said with some hesitation, “he lives in seclusion and has never taken in any disciples in all these years. “

What he meant was that it was still a little difficult for Qi Maolin to take in any disciples.

When Qing Zhou heard this, his little face instantly fell and he looked very disappointed.

Ji Yunjing's eyes deepened when he saw this and he added unhurriedly, “but it's not completely impossible. “

As soon as he said this, Qing Zhou immediately pulled himself together and hurriedly asked, “what is it? Big Brother, tell me quickly! “

“I have some friendship with Mr. Qi. If you call me brother-in-law... this matter will be easy to handle, “ Ji Yunjing said with a smile that was not a smile ...

Qing Zhou paused. His eyes, which were full of spiritual energy, blinked again and again. Then, as if he had understood something, he called out excitedly, “brother-in-law! ! “

He was not young anymore, so he naturally understood the meaning of calling him brother-in-law.

Other than knowing that he could become his disciple, he felt happy for his sister!

Ji Yunjing was very satisfied with this child's intelligence and cleverness. The smile on his lips deepened. He slowly nodded. “Yes. “

Calling him brother-in-law directly hit the bottom of his heart.

Qing Zhou also laughed happily. He moved closer to Ji Yunjing's ear and whispered, "brother-in-law, I'll tell you a secret! Actually, my sister also likes you very much! "

Ji Yunjing's pitch-black eyes deepened bit by bit. Ji Yunjing slowly curved his lips. "I know. "

Even if ye Qinghuan did not say it out loud, her eyes could not fool anyone.

Ji Yunjing was not really a blockhead. He would not be unable to even pick up such a small signal.

However, some things did require a man to take the initiative.

And his methods were always direct.

Qing Zhou did not expect Ji Yunjing to be so calm. It was as if he had known all along. After waiting for a long time, he still asked on behalf of his sister, "then... then does brother-in-law like my sister? "

"What do you think? " Ji Yunjing raised his eyebrows. He looked at this child who had reacted quickly just a moment ago. Why did he suddenly become slow?

Before Qing Zhou could think of a reason, Ye Qinghuan came back. Seeing that it was getting late, she said, "Qing Zhou, it's time to sleep. Big Brother also needs to rest. "

"Okay. " Qing Zhou nodded obediently. Before he left, he even turned back to look at Ji Yunjing. "brother-in-law, you have to rest early! "

"..."when she heard those two words, Ye Qinghuan thought that she had heard wrong and stood rooted to the ground.

Before she could ask, Qingzhou said, "good night, sister! "

Chapter 2122 laughed with her

This sound was even clearer and louder than before!

Ye Qinghuan was so shocked that she took a step back and almost knocked over the Glass Cup on the stage.

Ji Yunjing frowned at her reaction and said lightly, "I asked him to call me that. "

Only then did ye Qinghuan come back to her senses and subconsciously looked at him. She saw that his expression was calm and his eyes were burning.

A certain part of her heart was moved.

She took a deep breath and walked towards him. "You... have you really thought it through? I... "

"I've said it before. As long as you stay by my side, you don't have to think about anything else. " Ji Yunjing interrupted her. Some things had been delayed for a year, and he didn't want to wait any longer.

Ye Qinghuan wanted to say something else, but Ji Yunjing continued, "tell me about your past. I want to know. "

He wanted to know everything about her.

Ye Qinghuan was silent for a moment and recalled her past. She felt a strange bitterness in her heart, but she still picked a point and began to speak slowly.

"I can't remember what my biological father looks like anymore. I only know that he's probably a teacher who teaches art. There are a few picture albums at home. "On my birthday, he gave me a set of crayons, and then he disappeared completely. "later, my mother gave birth to a younger brother and found us a stepfather. "At first, my stepfather was very nice to my mother, but unfortunately, he became addicted to gambling and owed a lot of money. Everything that could be sold at home was sold out. When he got drunk, he beat and scolded my mother and US. "

At this point, Ye Qinghuan paused for a moment.

Ji Yunjing looked at her fixedly, his dark eyes revealing a strong sense of love.

He reached out his hand and held hers.

A warm feeling spread from the back of his hand to the bottom of his heart. Ye Qinghuan looked up and smiled at Ji Yunjing, then said, "later on, my mother also left. I heard that she went to the north with a boss who made construction materials. From then on, there was no news of her. "after my mother left, my stepfather became even more addicted to gambling. When he lost money, he wanted to sell me and my brother. "At that time, I really had no choice. I didn't know anything, so I could only follow sister Lili to the 'Elysium' . "

Her voice was pleasant, and her words were neither fast nor slow. Ji Yunjing listened with half-closed eyes, and the hand that held her changed to a light pat, one after another, and he was never tired of it.

Ji Yunjing also knew what happened after that.

Moreover, this was also a pain in Ye Qinghuan's heart. Ji Yunjing did not intend to dig deeper, so he quietly changed the topic. "Qingzhou is a good talent for painting. "

Ye Qinghuan, who was originally a little sad, immediately looked happy when he mentioned his brother. "You think so too? "

"Yes. " Ji Yunjing nodded slowly. Seeing her beaming with joy at the mention of Qingzhou, he knew that she loved him dearly.

Ye Qinghuan's chatterbox was also opened "He was very quiet when he was young. He was able to calm down and learn things very quickly "there was once in kindergarten when a little girl spilled light-colored paint on the princess dress she had just bought. She cried so much that the teacher could not stop her. Qingzhou quietly went up and drew a rainbow on the little girl's dress. Only then did the little girl stop crying "For this matter, the teacher even specially praised him! "

Ji Yunjing quietly leaned against the headboard and listened to her talk about her and her younger brother.

Sometimes, when it came to fun, he would actually laugh with her.

The bedroom, which had always been cold, seemed to be much warmer tonight.

Chapter 2123, the second day of the next month, my wedding

After two days of recuperation, Ji Yunjing's body had basically recovered.

Originally, it wasn't a serious injury. Coupled with Ye Qinghuan's meticulous care, he recovered almost at a godly speed.

That afternoon, it was a sunny day.

Ye Qinghuan went to school as usual, while Ji Yunjing quietly took ye Qingzhou to skip class to acknowledge him as a teacher.

At the Qi family's villa.

Just like the countless times he came here, Ji Yunjing carried large and small bags of gifts in his hands.

There were excellent products that could nourish the body, as well as high-quality Paints and paper that he had collected from all over the world. In short, just like Xia Jinqi, he would come to visit Qi Maolin whenever he had anything to do during the holidays.

Although Qi Maolin did not have any children, with the care of these two children, it was as if he had a son and a daughter.

Therefore, every time he saw them come, Qi Maolin would always smile very happily.

"Why did you bring so many things? I haven't even finished the supplements that you brought last time. Wouldn't it be a waste to send them over again?" Qi Maolin looked at the things in Ji Yunjing's hands and felt both happy and troubled.

He was happy that the children were still thinking about him, but he was troubled that the family's inventory had increased again!

"Of course." Ji Yunjing just smiled. After putting down the things, he looked at the drawing board behind Qi Maolin.

It was a painting that was about to be completed. The main character was Ji Xiaofu.

"Uncle, are you thinking about aunt again?"

Ji Xiaofu was married to Qi Maolin after all. The past was in the past. According to seniority, Ji Yunjing should call him uncle.

Qi Maolin heard him and followed his line of sight to look back. His eyes were as gentle as water. "Yes."

Ye Qingzhou, who had been following Ji Yunjing obediently, was also attracted by the painting. He could not help but laugh in admiration. "brother-in-law, the Auntie in the painting is really beautiful!"

Hearing that, Qi Maolin turned around and looked at Ye Qingzhou, then at Ji Yunjing. "brother-in-law?"

Ji Yunjing smiled. He was not in a hurry to answer. Instead, he took out a red invitation card from his pocket and handed it to Qi Maolin. "It's the second day of next month. Uncle must come to my wedding."
"

Since he had decided to get married, Ji Yunjing began to prepare these things.

He hadn't been idle for the past two days. He had to personally deliver the invitations one by one.

Qi Maolin was stunned at first. Then, he raised his hand and looked down.

The words on the red background looked so festive. He immediately felt his eyes heat up. He was so excited that it was as if his own son was getting married. "Okay! I'll definitely go! I'll definitely go!"

Ji Yunjing had probably guessed that Qi Maolin would have such a reaction. He smiled faintly and led Ye Qingzhou to Qi Maolin "Uncle, this child also likes to draw. I think he's a good seedling. I want to send him here to learn from you. What do you think?"

The excitement in Qi Maolin's heart had not faded. There was even a smile on his lips. When he heard that, he looked at Ye Qingzhou again and sized him up carefully.

It was a fair and clean child with decent facial features. His behavior was also very well-behaved, making people feel comfortable looking at him. *nDvE-lB*.In

"Send Him to me?" Qi Maolin hesitated for a moment and then asked Ye Qingzhou, "are you willing?"

"I'm willing!" Ye Qingzhou nodded his head vigorously, as if he was afraid that Qi Maolin would not want him.

Qi Maolin was a little silent. He did not agree immediately, nor did he reject him face to face.

Ji Yunjing saw him like this and said to Ye Qingzhou, "go, draw an improvisation painting for uncle to see."
"

Chapter 2124 simply wanted to find me a partner

"Okay!" Ye Qingzhou immediately agreed. He ran to the drawing table at the side and sat down. Then, he quietly began to draw.

"..." Qi Maolin suddenly felt pity for the child when he saw how seriously he picked up the brush.

At this moment, Ji Yunjing suddenly opened his mouth, "uncle, don't you want to pass on your superb skills?"

Hearing this, Qi Maolin shook his head as if he was sighing. He looked deeply at Ji Yunjing, "in this world, there are many teachers who are better than me. You brought this child to find me because you want to find me a partner, right?"

A good painter might not be a good teacher.

Moreover, this child even called Ji Yunjing brother-in-law... ..

Seeing through his thoughts, Ji Yunjing only smiled and said, "such a big house, it's really empty for uncle to live alone. With a child by my side talking and teasing me, my life is also better. "

For so many years, Qi Maolin had always been alone. It was such a coincidence that this child from Qingzhou also had this hobby. The two of them took what they needed, so wouldn't it be good for them to be a partner?

Or perhaps, this was already predestined?

After Ji Xiaofu was gone, Qi Maolin could do many things and have many hobbies, but he just happened to like painting.

Ji Yunjing and Ye Qinghuan were originally two people who couldn't get along, but they met.

It just so happened that she had a younger brother who also liked painting.

Qi Maolin listened to Ji Yunjing's words and turned back to look at Ye Qingzhou who had been engrossed in painting, his eyes filled with admiration.

A boy at this age was lively and restless, but this child was able to calm down and not be moved by the surrounding environment at all.

"I'm used to being alone and have never raised a child. Are you and his sister really willing to part with him?" Qi Maolin suddenly asked.

Hearing this, Ji Yunjing immediately knew that Qi Maolin had such thoughts.

He immediately smiled and said, "since I'm here to learn skills, of course I'm willing to part with him. "

Qi Maolin nodded thoughtfully. Seeing that he was silent, Ye Qingzhou had already walked over with the painting and handed it to him in an orderly manner. "I've finished painting. "

Qi Maolin looked up and saw a lifelike little swallow leaping onto the paper.

At such a young age, it was indeed impressive to have such a foundation.

"Not bad. " Qi Maolin praised him before looking at the boy standing in front of him. "What's your name? "

"Ye Qingzhou. "

"Your name is not bad either. " Qi Maolin continued to nod. "You'll have to suffer a lot here. Are you willing? "

"I'm willing! "

Qi Maolin finally smiled. "then you can stay here with me. "

It was a lonely and lonely life for a person. Raising a child by his side might be able to relieve his boredom.

Moreover, Ji Yunjing had high hopes for this child. He would definitely teach him well.

Ye Qingzhou immediately became excited. He anxiously looked at Ji Yunjing. "brother-in-law... "

“Why aren’t you calling me master?” Ji Yunjing said with a smile. What a good boy!

Ye Qingzhou was overjoyed. He quickly looked at Qi Maolin and called out crisply, “Master!”

Qi Maolin smiled and nodded. He reached out his hand and touched Qing Zhou’s head. His eyes were filled with love.

In the evening, Ji Yunjing went to pick up ye Qinghuan to celebrate.

Qi’s villa, which had been empty for a long time, suddenly became lively.

—

The Yan family.

Ji Heng was looking at the table full of invitations, thinking about who else had not been invited.

Thinking about it also did not think of missing someone, and turned to look at the Front of the Sofa peeling the Apple Xia Jinqi, “Xiao Qi, tomorrow you accompany me to see the cloud vision.”

Chapter 2125 she misses you

“Hmm? Why do you suddenly Miss Cousin?” Xia Jinqi looked up at her grandfather and asked with a smile.

Ji Heng was silent for a moment before he said, “I heard that Yun Xiang took that girl and her younger brother over.”

Ji Yunjing’s family’s activities were naturally reported to Ji Heng.

Xia Jinqi was not too surprised when she heard Ji Heng say this.

Her grandfather knew her every move in the past, and her cousin was no exception... ..

But now that grandfather specifically mentioned Ye Qinghuan, could it be... ..

Xia Jinqi frowned slightly and said nonchalantly, “actually, I think that Qinghuan is quite suitable for cousin. After so many years, cousin also lacks a confidant by his side. With Qinghuan taking care of him, it would be the best.”

Thinking back to that time in Macau, Ye Qinghuan lived at cousin’s place.

At that time, even she loved to go to cousin’s house to scrounge for food. Firstly, she felt that Qinghuan’s cooking skills were not bad, and secondly, she also liked that kind of warm family atmosphere.

Ji Heng looked at Xia Jinqi and sighed slightly. “It’s better to go and take a look. Otherwise, I won’t be at ease.”

“Then, how about tomorrow afternoon? You can come back after having dinner,” Xia Jinqi suggested. She conveniently cut the peeled apples into small pieces and handed them to Ji Heng.

Ji Heng nodded in satisfaction. "Then, tomorrow afternoon." With that, he sent an apple to his mouth. MMM, so sweet.

?

After Ji Heng fell asleep, Xia Jinqi returned to her and Yan Jun's residence.

When she went upstairs, she was surprised to find that the light in the study room was on.

Could it be that Yan Jun had returned?

She looked at the time. It was not even ten o'clock. Why did he come back so early today?

Every year, with the close of the pass, Yan Jun would be especially busy.

In addition, there was the presidential election next spring. There were still a lot of things waiting for him to do!

Slowly walking to the door of the study, Xia Jinqi stuck her head in to take a look. Sure enough, she saw that it was Yan Jun who had returned.

However, it was different from the past. He did not bury himself in front of the desk and read the documents. Instead, he sat alone on the SOFA, staring at a cup of tea that was no longer steaming.

She rarely saw him like this... .. n(OVe1B1n

After a slight hesitation, Xia Jinqi raised her hand and knocked on the door of the study.

"knock, knock, knock. "

Yan Jun heard the sound and turned to look at her. She had already walked in.

"Why are you back so early today? Why didn't you tell me in advance? " With a slight hint of complaint, Xia Jinqi went over and leaned against his side. "It's been a long time since we had a good chat. "

Hearing her slightly displeased words, Yan Jun's originally furrowed brows suddenly relaxed. A thick smile surfaced in his pitch-black eyes. He stretched out his long arm and pulled her into his embrace. "I have nothing to do today. I wanted to come back early to see you and the child. "

"HMPH. " Xia Jinqi stretched out her finger and poked his arm. "Xiao puff even asked me in the afternoon when I could go out with you to play. She misses you. "

Recently, Yan Jun had been really busy and didn't stay at home for long.

Yu Han learned a lot of things. Yan Jun had to go through many of his homework every day. Sometimes, he might as well stay outside with Yan Jun, so father and son spent more time together.

Xiao puff wasn't interested in those things. She preferred to learn the zither by great-grandfather's side.

Yan Jun fell silent. There was a hint of apology on his slightly tired handsome face. "I'll take you out for a walk tomorrow morning. I still have some things to deal with in the next few days, so I really can't leave. "

Xia Jinqi was originally quite happy when she heard that the family was going out to play tomorrow morning, but when she heard the rest of his words, her heart tensed up again.

“Is it... cousin’s matter? “

Chapter 2126, as long as you’re doing well

” ... “ Yan Jun patted her shoulder to comfort her. “Don’t worry, I’ll handle it. “

Xia Jinqi looked up at him and asked uneasily, “you suddenly ordered to cut off all trade with Southeast Asian countries because of cousin, right? “

Xia Jinqi never asked about these things. Yan Jun knew what to do and what to do.

But this time, it was related to cousin, so she couldn’t sit idly by.

Yan Jun lowered his eyes slightly and rubbed the hair on her temples with his right thumb. He didn’t answer.

Xia Jinqi knew that her guess was correct when he did not speak.

She sighed softly and lowered her head as she muttered, “you’ve done so much for Rao city in the past two years, and they all praise you as the most accomplished president in history. You’re going to retire in two months, so why make such a big fuss? What if, what if... “

“There’s No ‘what if’ , ” he interrupted her worry and said in a deep voice, “the one who led the trouble at the casino that day was the illegitimate son of the president of a Southeast Asian country. Since he allowed his son to cause trouble in Rao city, he should know the consequences. “

“...”Xia Jinqi frowned. She didn’t expect there to be such a relationship.

In the silence, Yan Jun said again, “besides, Ji Yunjing is your cousin. We are family. “

He knew what Xia Jinqi was worried about.

He had managed a good reputation in the past two years. Even if he retired, it would still be an honor.

He could have spent the last two months peacefully, but now that he had made such a decision, if things didn’t go according to plan, it was very likely that he would be tarnished for ten thousand years.

This was just as pathetic as the godly doctor who had performed a failed surgery in the last month of his retirement and was now wearing the hat of a quack doctor.

Xia Jinqi’s heart skipped a beat. When she looked up at Yan Jun again, her eyes were already sparkling.

“What can I help you with? ” She asked, choking up.

Seeing the tears in her eyes, Yan Jun leaned over and kissed the corner of her eyes. “You have done enough for me. On the contrary, I have done too little for you these two years. “

Xia Jinqi shook her head and leaned back into his arms. “As long as you’re well, nothing else is important. “

Yan Jun's gaze deepened, and he patted her back repeatedly.

Just as he was about to say something, the person in his arms suddenly straightened up and stared at him with a pair of big eyes.

"By the way, haven't you been seeing Huo Ting a lot lately? Do you know why he doesn't want to have children?" She asked curiously.

"..." Yan Jun was really stunned. He didn't expect her to ask this. "Why do you ask?"

"about that... HMM..." Xia Jinqi hesitated, but she still told him everything. "You know, Grandfather Huo misses his great-grandson so much that he's going crazy. Xiangxiang is also under a lot of pressure, but Huo Ting... anyway, you're close to him. Why don't you find an opportunity to ask him?"

This matter had troubled Su Xiangxiang for a long time. Xia Jinqi saw that she had been depressed during this period of time, so she wanted to help her.

It was not convenient for her to ask, but she didn't know if Yan Jun could ask about it... ..

Yan Jun raised his eyebrows as expected.

After all, his children were already five years old. Huo Ting had been married for a year, but there was still no news. No wonder grandfather hu was so anxious.

"This is a matter between husband and wife." Yan Jun opened his mouth, his voice was neither warm nor angry.

Xia Jinqi heard that he was going to refuse, so she quickly shook his arm. "We can't do anything about it... you're both men, so it's easy to talk to each other."

Chapter 2127 his heart ached

He had always been helpless when she acted coquettishly.

No matter what, he could not reject her, so he could only nod and agree. "Alright. I'll find an opportunity to ask him."

Hearing this, Xia Jinqi moved closer to his embrace, her eyes curved. "thank you."

Yan Jun lowered his head to look at her, a flame jumping out of his deep eyes. "words have no basis."

"..."

The next afternoon.

Huo Ting reported his work to Yan Jun as usual.

Halfway through the conversation, Yan Jun suddenly remembered Xia Jinqi's words from last night. His brows moved slightly, and he quietly changed the topic.

"It's been hard on you recently. I'll give you a break later. Go home and rest more."

Huo Ting was flipping through a document and was not very concerned about Yan Jun's words. "compared to the past training in the army, now it's like a full-year vacation. "

"..."Yan Jun raised his eyebrows. Thinking about what Huo Ting said, he thought it was true.

Although he had been busy recently, he rarely stayed up all night with Huo Ting. Most of the time, he would go home.

Moreover, this kid had always been in the prime of his life. Presumably, there should be no conflict between him and Su Xiangxiang. As for not planning to have children, this... ..

Huo Ting flipped through the document and handed it to Yan Jun. "no problem. Take a look. "

Hearing this, Yan Jun took the document and quickly scanned through it. Then, he put down his pen and signed it. At the same time, he casually asked, "you still don't want to have children? "

Huo Ting did not expect him to suddenly ask this. His eyes slightly paused, and then he answered, "why do you ask? "

"You're not young anymore. " Yan Jun looked up at him and said indifferently, "don't let old huο worry about you. "

Huo Ting frowned. Naturally, he knew what his old naughty boy was thinking, but... ..

Calmly watching Yan Jun sign the autograph, Huo Ting sighed and asked, "you don't plan to have another child with Xiao Qi? "

He didn't expect the topic to suddenly change to him. Yan Jun paused for a moment.

Without waiting for him to speak, Huo Ting continued, "if I'm not wrong, you probably don't want Xiao Qi to suffer anymore. "

Even Huo Ting could tell how much Yan Jun loved Yu Han and Xiao puff.

Even though Yan Jun didn't spend much time with his children in the past two years, no matter how busy he was at work, he would always find time to spend with his children.

The most vivid memory was when Yan Jun received a call from Xiao puff overseas saying that he missed his daddy. He ended his work that day and took a plane back to Rao city in the middle of the night, just so that he could see himself the first time his daughter woke up.

The only possibility for such a man not to let his wife continue giving birth was that his heart ached and he could not bear to see his wife suffer.

Yan Jun fell silent and did not open his mouth to say anything. n(0Ve!B1n

He had never said these heartfelt words to anyone, but he did not think about it and Huo Ting saw it clearly.

He was indeed in the mood to have another child, but he also knew how hard Xia Jinqi had suffered when she gave birth to Yu Han's Xiao puff. He could not bear to part with her.

Moreover, he already had a pair of children. He had no other requests.

Huo Ting paused for a moment and sighed. "Xiao Qi almost lost her life twice for the sake of two children. I saw it all. "

Chapter 2128 was like a fool who had never been in a relationship!

Perhaps it was because the situation at that time was too dangerous, Huo Ting had seen everything clearly.

He was worried that Su Xiangxiang would be like this after she got pregnant, and he could not bear to part with her.

So... .. All along, although they had done a lot, he always had protective measures ...

When Yan Jun heard this, he completely understood the reason why Huo Ting was not in a hurry to have a child.

He slowly curved his lips. He did not expect that Huo Ting's thoughts were actually the same as his.

Since that was the case, there was nothing to worry about.

"You can't bear to part with her?" Yan Jun raised his eyebrows and asked with a hint of a smile in his voice.

Huo Ting only came back to his senses after being asked this question. His smile was a little silly, but also a little emotional "Yeah... God knows what happened. I don't know how it became like this. Usually, if she has a headache or a fever, I can't sleep well. How would I dare to let her go to the gates of Hell? "

If any of Huo Ting's subordinates saw this at this time, they would probably be so scared that they would faint.

In the army, their chief had never smiled. Moreover, he was decisive in his killing and ordered his men to stop him. How manly was that!

But now, he was smiling like a fool who had never been in a relationship!

When Yan Jun saw him like this, the smile in his eyes deepened. He wanted to ask a few more questions, but Wen tao knocked on the door and came in. "sorry, I'm late. I took a call on the way. "

The topic was cut off just like that. Huo Ting coughed lightly and stopped the smile on his lips. "We've only just started. "

"That's good. " Wen Tao walked over with a few folders of different colors in his hands and placed them in front of Yan Jun and Huo Ting. "The documents that the Ministry of Finance just handed over. "

Yan Jun looked down and his attention naturally focused on the serious matter. The conversation just now seemed to have not existed at all.

"..."

At around six in the afternoon, Ji Heng, who had overslept, went to Ji Yunjing's place with Xia Jinqi.

“Hey, Xiao Qi, why didn’t you wake me up? It’s already so late and you’re only here now...” Ji Heng leaned on his walking stick and said with some annoyance.

Xia Jinqi helped him slowly walk forward with a faint smile on her lips. “Anyway, there’s nothing to do since I came so early. Why don’t I let GRANDPA sleep a little more?”

Ji Heng hadn’t been sleeping well recently. He often woke up at two or three o’clock and then sat by the bed until dawn.

It was good to sleep a little more during the day.

Ji Heng shook his head. He wanted to scold her, but in the end, he couldn’t bear to do so, so he could only laugh it off.

As soon as the grandfather and grandson walked into the courtyard, they heard a pleasant conversation.

“brother-in-law, are you feeling better? Are you cold? I’ll go get you some clothes.” Beside the table and chair on the lawn, Ye Qingzhou blinked his innocent eyes and looked at Ji Yunjing.

Ji Yunjing, who was sitting at the side and checking his homework, shook his head with a faint smile. “not cold.”

Ye Qingzhou did not let go of his frowning little eyebrows. Just as he was thinking about whether he should go into the house to get a blanket or something, Ye Qinghuan had already walked over with a coat in her arms and carefully put it on Ji Yunjing’s shoulder.

With a heavy weight on his shoulder, Ji Yunjing raised his eyes in surprise. However, Ye Qinghuan had already lowered her head with a red face and muttered shyly, “your injury hasn’t recovered yet. You can’t catch a cold.”

The temperature on his body began to gather, and layers of warmth wrapped around him.

Ji Yunjing’s lips curled up, and the gentleness in his eyes rippled.

“Okay.” He nodded and naturally shook Ye Qinghuan’s hand, letting her sit down beside him.

Chapter 2129 was their little happiness

This had almost become a habit of theirs when they were together.

They could not help but hold her hand and tie her firmly to their side.

Ye Qinghuan looked down at him holding her hand. It was big and warm, and her heart was full of steadiness and happiness.

Nothing could be more precious than this moment.

In the distance.

Ji Heng suddenly stopped in his tracks.

He narrowed his red eyes and looked at Ji Yunjing who was smiling so happily in the yard and the warm atmosphere from afar. Suddenly, he could not bear to disturb him.

“Xiao Qi, let’s go back, ” he suddenly sighed and muttered.

“What’s wrong, GRANDPA? You’re already here... ” Xia Jinqi asked with a frown.

Ji Heng had already turned around. “Let’s go back. “

Seeing this, Xia Jinqi didn’t try to persuade him. She just looked back at the three people who were smiling happily not far away and roughly understood.

GRANDPA didn’t want to disturb their little happiness at this moment... ..

His cousin, who had been lonely for half his life, finally found his home.

In fact, he had always liked the feeling of home, and the Ye siblings just happened to give him this kind of warmth.

Sometimes, falling in love did not necessarily require so many conditions and romance. Perhaps this most ordinary kind of warmth was the most touching.

“...”

The second of October, an auspicious day.

Ji Yunjing and Ye Qinghuan held a grand wedding.

Ji Heng did it all by himself. It was a little tiring, but it was better to be happy. The knot in his heart that had been knot for many years was also resolved.

Qi Maolin became the witness of the wedding. Throughout the whole process, his eyes were red and he was on the verge of tears.

Perhaps it was because the older he got, the easier it was for him to be sad? n./o./v/-e(/ℓ))&.1/n

Fortunately, Ye Qingzhou had always been by his side. The former master and the latter master had been greatly relieved.

Xia Jinqi watched and also understood Ji Yunjing’s intention of sending Ye Qingzhou to Qi Maolin’s side.

The appearance of these two siblings from the Ye family had really saved a lot of people... ..

At night, the group of people blocked the entrance of the bridal chamber to make a scene. Fang Shaoan, who was drunk, was the one who made the most noise. In the end, he was directly chased out by Ji Yunjing.

Since the wedding did not happen, everyone had to go home after eating and drinking.

Ye Qinghuan, who was dressed in red makeup, sat beside the bed nervously. When she heard the sound of the door closing, she peeked out and saw Ji Yunjing walking in slowly.

Coincidentally, he also looked at her. For a moment, their eyes met, and the atmosphere became ambiguous.

“have they all left?” Ye Qinghuan asked uncomfortably, her small hands fidgeting with the gown she was wearing.

She had already changed out of her wedding dress for the day. She was now wearing a red gown. The gorgeous and festive color complemented her snow-white skin, making it easy to break.

Ji Yunjing stared at her blankly for a long time before nodding. “They’re all gone. “

After saying that, he thought of something and added, “Qingzhou is also asleep. “

Ye Qinghuan nodded silently. When she felt him walking to her side, she tightened her grip on her dress.

“It’s time for us to sleep too.” Ji Yunjing sat beside her and whispered into her ear.

The warm breath sprayed on her ear, bringing a strange numbness that spread to the bottom of her heart like an electric current.

Ye Qinghuan shrank his body, but his large palm held her waist. “Qinghuan, it’s not too late for you to regret now. “

His deep voice had a hint of hesitation and inexplicable determination.

From the beginning to the end, he had single-handedly caused all of this.

He had originally thought that no matter what she thought, he would definitely keep her by his side for life.

But at this moment, he suddenly wanted to know her true feelings.

Chapter 2130 it would be great if this was their child

Ye Qinghuan’s body stiffened, and their breaths interweaved as their eyes met.

The aggressive male aura suddenly approached, making her feel extremely unfamiliar. But miraculously, she did not feel disgusted. Instead, she seriously looked into his eyes that were as bright as the stars.

Today, today, this man in front of her had become her husband.

Did she regret it?

No... ..

She thought that she would never be so lucky in her life.

In this vast sea of people, meeting him, falling in love with him, and marrying him... ..

Her slender hands gently caressed his well-defined cheeks. Ye Qinghuan smiled cheerfully. “meeting you is the greatest luck of my life. How could I regret it? “

Hearing that, Ji Yunjing’s eyes deepened. He could no longer control his surging emotions and leaned over to Wen to kiss her Red Lips.

To him, wasn’t she also his luck?

..

In the car.

Huo Ting held the steering wheel with one hand. He glanced at the red light in front of him and then turned back to look at Su Xiangxiang, who was sitting beside him, hugging Yuan Bao and teasing him.

“Do you like children very much?” He asked subconsciously.

“Yes...” Su Xiangxiang replied simply. All her attention was now on the cute little guy in her arms!

Fang Shaoan started to talk nonsense when he was drunk. It was so noisy that Zuo Xiaoran was too busy taking care of him to care about Yuan Bao.

Coincidentally, Yuan Bao wanted Su Xiangxiang to carry him, so he simply carried him into the car.

Since it was on the way, he could return Yuan Bao to the Fang family later.

Yuan Bao was holding a big toy flower ball in his hand. The bright colors attracted his curiosity. He held the flower ball and babbled.

“Flower Ball... Flower Ball...”

The cute voice made Su Xiangxiang’s heart soften. She touched his little hand and pinched his face.

“Does Yuan Bao like flowers?”

“Yes!” Yuan Bao giggled. He looked up at Su Xiangxiang and narrowed his eyes. “Yuan Bao likes Auntie too!”

Su Xiangxiang couldn’t help but laugh. She kissed his forehead again.

Huo Ting, who was left out by the side, raised his eyebrows and sighed. He was exactly like his father. He was so good at making women happy!

When he came back to his senses, the red light had turned green.

The car started driving again.

Yuan Bao played with the ball for a while and felt bored. He turned to lie in Su Xiangxiang’s arms and looked up at the tall buildings on both sides of the road.

“stars...” He mumbled while pointing at the lights in the tall buildings.

Su Xiangxiang followed his line of sight and smiled helplessly. “Yes, there are so many stars!”

“Has Auntie eaten stars before?” Yuan Bao asked again.

“... no...” Su Xiangxiang was a little embarrassed. Just as she was about to tell him that stars were not edible, she heard the soft and Cute Voice of the little guy in her arms. “The stars must be strawberry-flavored! Yuan Bao likes strawberry-flavored lollipops!”

Su Xiangxiang choked on her words. She thought about it and did not have the heart to interrupt Yuan Bao’s fantasy. Fortunately, she followed his words. “How is Yuan Bao so smart? The Stars are strawberry-flavored! Auntie did not know that before!”

Talking to the child, she inexplicably became soft and cute.

Hearing this, Huo Ting could not help but look to his side.

The woman he loved was looking out of the window with a face full of longing and happiness. The child in her arms was white, tender, and cute... ..

For some reason, he suddenly began to think that it would be great if this was their child.
