

## Trick Me 2131

### Chapter 2131: Give me a hug

If only there was such a child with his and her blood flowing in his body.

As he thought of this, the corners of Huo Ting's lips unconsciously curled up.

However, that was only for a moment. Then, he frowned and dismissed this idea.

He recalled that Xia Jinqi almost lost her life when she gave birth to the child. How could he bear to let Su Xiangxiang experience that pain and suffering?

Moreover, she was still young. How could she withstand all these?

Having made up his mind, Huo Ting's face turned cold and focused on driving, not looking at Yuan Bao again.

When Su Xiangxiang and Yuan Bao were almost done playing, when he turned around to look at Huo Ting, he found that his brows were tightly knitted, and the lines of his jaw were also very tight. He did not speak much along the way, as if he was in a bad mood... ..

She could not help but sigh secretly. Sure enough, he still did not like children.

In the silence, the car of Zuo Xiaoran and the others suddenly stopped at the side.

Huo Ting frowned and was about to get out of the car to take a look when Su Xiangxiang, who was beside him, took a call and stuffed Yuan Bao into his arms. "Give me a hug. Xiaoran wants me to go over and take a look. "

After saying that, she did not care about Huo Ting's reaction and directly opened the car door and ran forward.

"Xiangxiang..." Huo Ting wanted to call her back, but it was already too late.

The only thing that answered him was Yuan Bao's soft and cute voice. "AWOO! "

Huo Ting lowered his head and saw the little guy open his mouth and bite his sleeve.

"..."

Yuan Bao opened his big, cute eyes and looked at Huo Ting fearlessly.

For a moment, they stared at each other, and the air was filled with a different kind of awkwardness.

After a long while, Huo Ting sighed softly and reached out to touch his cheek. He coaxed him gently, "Yuan Bao, be good. Let go. "

"Wu..." Yuan Bao did not let go. He even reached out to grab his chin.

Huo Ting dodged but did not dodge. Fortunately, he pinched his cheek with his big hand. "You can't bite my shirt. "

Yuan Bao felt the pressure and reluctantly let go. Just as Huo Ting let out a sigh of relief, Yuan Bao suddenly straightened his small body and jumped into his arms.

He hugged Yuan Bao's neck with his small hands and rested his head on his shoulder. He yawned and was so sleepy that he wanted to sleep.

It was all thanks to Fang Shaoan and Zuo Xiaoran's outgoing and cheerful personalities that Yuan Bao was able to hug anyone since he was young. Furthermore, he knew Huo Ting. At this moment, he was even more unguarded.

Yuan Bao slept soundly, but Huo Ting's body was completely frozen because of his actions... ..

He would never have thought that the person he deliberately did not want to get close to would be so proactive.

It was not that he did not like children. He had doted on Yu Han and Xiao Puff since they were young, but... Yuan Bao was so cute that he wanted to have children ...

After being stunned for a while, Huo Ting sighed softly and slowly hugged the soft little body in his arms, trying to make him sleep more comfortably.

Forget it, it was just a child.

In the car in front.

Fang Shaoan, who was drunk, had already fallen asleep. He was still covered by Zuo Xiaoran's coat. Did he say something in his sleep.

Zuo Xiaoran pulled Su Xiangxiang and sat together. The two of them looked at the car behind them.

"Look, he looks very familiar with Yuan Bao!" Zuo Xiaoran commented in surprise.

Su Xiangxiang nodded. Her eyes were filled with yearning. "Yes, he used to hug Yu Han and Xiao Puff."

After hearing this, Zuo Xiaoran's eyes changed slightly. She looked back at Su Xiangxiang as if she had made up her mind. She said seriously, "Xiangxiang, there's only one way now."

### **Chapter 2132. Better to find the right day Tonight!**

"What is it?" Su Xiangxiang asked.

Zuo Xiaoran whispered into Su Xiangxiang's ear and spoke slowly in a volume that only the two of them could hear.

Su Xiangxiang was quite curious at first, but the more she listened, the more strange her expression became. In the end, it turned red and she was extremely embarrassed. "This... can this work?"

"Why not? If you want to wait for a man to be enlightened, then you'll have to wait for a long time!" Zuo Xiaoran looked like she understood it very well. She pulled Su Xiangxiang and started to come up with ideas. "Just listen to me and try! It's best if you succeed, but if you fail, it doesn't matter!"

It sounded like there was some truth to it Su Xiangxiang was a little tempted.

“then... okay. I’ll try it another day. “

“Why do you want to change the day? Let’s do it today! Tonight it is! ” Zuo Xiaoran continued to cheer her up. “Besides... “

Just as she was about to finish her sentence, Fang Shaoan, who was wrapped in his clothes and sleeping, suddenly sat up and shouted, “One more cup! I’M NOT DRUNK! “

Su Xiangxiang was shocked. Before she could recover, she saw Zuo Xiaoran Slap Fang Shaoan. “BEHAVE YOURSELF! “

Fang Shaoan mumbled a few words and fell back to sleep.

Zuo Xiaoran did not say much as the topic was interrupted. She only urged Su Xiangxiang, “alright, don’t hesitate anymore. Tonight! If you don’t succeed, YOU’LL DIE! “

“... alright.”Su Xiangxiang nodded, pushed the door open and got out of the car ...

When they walked towards Huo Ting’s car, they saw huo ting open the car door and get out of the driver’s seat.

“Why did you get out?” Su Xiangxiang was stunned. She saw Huo Ting walking towards the passenger seat. As he walked, he said, “I’ll carry him. You drive. “

Su Xiangxiang, “...”

He was clearly deliberately not looking at Yuan Bao just now.

How did he change in just a few minutes?

People said that women were fickle, but she saw that men were more fickle! ! !

As she drove obediently, she heard the man beside her ask, “How’s Shao’an? “

“He’s drunk and asleep, ” Su Xiangxiang answered. She recalled the time she was dawdling with Xiao ran and said, “Xiao ran is taking care of him. “

“Okay. ” Huo Ting nodded and took a blanket from the car to cover Yuan Bao.

Su Xiangxiang could not help but smile when she saw Huo Ting’s subtle and heartwarming actions.

Fortunately, neither of them drank just now.

Although it was Ji Yunjing’s wedding, both of them understood each other. n--012el&1n

With Huo Ting’s current identity, he could not cause any trouble.

It did not take long for them to arrive at the Fang family home.

Huo Ting placed the sleeping yuan Bao in Zuo Xiaoran’s arms and brought Su Xiangxiang back to the Huo family home.

It was not too late. Huo Ting was in the study as usual, dealing with some official business. Su Xiangxiang opened her wardrobe.

She looked through all the dresses and sadly found that she did not have a dress that favored Xinggan! !

Whether it was an evening dress or a nightgown, they were both very obedient and conservative.

In that case, Zuo Xiaoran's method could not be used... ..

Su Xiangxiang looked at the dresses with a bitter face. In the end, she could only choose a pure white nightgown with a sling.

But... It was almost winter, so she wore a summer nightdress .. Forget it, I'll turn on the heater.

After preparing all this, she went downstairs to find a bottle of red wine. She brought the wine glass upstairs and changed her clothes. Huo Ting had just finished taking a shower.

Su Xiangxiang took a deep breath and sat on the cushion in front of the SOFA. She stared at the two wine glasses in front of her and was afraid.

At night, Zuo Xiaoran's idea was to get huo ting drunk and ask him the truth, and then... ..

But to be honest, after being married for so long, she had never seen Huo Ting get drunk.

She didn't know what Huo Ting was like before, but he rarely drank after marriage, and most of his time was spent in the army or the military.

Those places had strict military rules, and he was the head chief, so it wasn't good for him to set a bad example.

So until now, she still didn't know huo ting's true alcohol tolerance... .. Tonight, he really had to go all out ! !

Su Xiangxiang lowered her head and looked at the clothes on her body, her face full of fatigue.

This was the first time in her life that she had tried a honey trap!

Just thinking about it made her feel shy... .. It was better to drink a little wine to calm her down ! !

With that thought in mind, Su Xiangxiang picked up her glass and took a sip.

As the saying goes, wine makes the bear bold. One glass is not enough, and then a second glass... ..

Unknowingly, she drank more than half of the bottle. She began to feel dizzy and her vision was a little blurry.

After Huo Ting returned from his shower, he saw the following scene —

Beside the Small Sofa in the bedroom, there was an empty wine bottle and two empty wine glasses on the coffee table.

Su Xiangxiang seemed to have been drunk. She lay on the side of the coffee table, her small face red. Her pajamas were thin, hanging, and slippery. She fell down, her shoulder half exposed.

Huo Ting frowned instinctively. He walked over and gently touched her. "Xiangxiang?"

"Huh?" Su Xiangxiang opened her eyes with difficulty. It took her a lot of effort to see who the person in front of her was. "You... you're here..."

Huo Ting saw that her eyes were hazy, and she spoke with a naivety that he did not usually have. He knew that she was drunk.

He looked at the empty wine bottle on the table again and asked, "why did you drink so much? And you're wearing so little. Aren't you cold?"

As he spoke, he pretended to put a blanket over her.

Su Xiangxiang noticed his actions and pouted unhappily, shaking her head. "I'M NOT WEARING IT! I... I want yours!"

Huo Ting, "..."

Before he could recover from his shock, Su Xiangxiang laughed again. "I've never done it before! I was afraid... so I drank."

If Zuo Xiaoran saw this situation, she would definitely vomit blood.

She had seen people get drunk, but she had never seen someone get themselves drunk first. She had even taken the initiative to tell the truth after getting drunk... She had revealed her plan so easily!!

"hehe." Su Xiangxiang laughed after she finished speaking. She wanted to sit up, but she did not control her strength well. Her entire body was swaying back and forth.

Huo Ting hurriedly grabbed her waist. "BE CAREFUL!"

Su Xiangxiang herself seemed to have been shocked. She shook her head with some lingering fear and realized that she was still not very clear-headed.

Seeing her frown, Huo Ting curled his lips and asked her in amusement, "didn't you say you wanted me?"

Su Xiangxiang only remembered her ultimate mission tonight after being reminded of that. She took the initiative to approach him, put her arm around his neck, and pressed her pink lips on his. She quickly backed away and looked at him with a smile, "is that so?"

She thought it was funny, but Huo Ting was serious.

### **Chapter 2133: Getting drunk first**

Su Xiangxiang took a deep breath and sat on the cushion in front of the SOFA, staring at the two red wine glasses in front of her.

At night, the idea that Zuo Xiaoran gave her was to get Huo Ting drunk and ask him the truth, and then...

Huo Ting hurriedly grabbed her waist. “BE CAREFUL!”

Su Xiangxiang herself seemed to have been shocked. She shook her head in fear and realized that she was still not fully conscious.

Seeing her frown, Huo Ting curled his lips and asked her in amusement, “didn’t you say you wanted me?”

After being reminded of this, Su Xiangxiang remembered her ultimate mission for the night. She took the initiative to approach him and put her arms around his neck. Her Pink Lips pressed onto his, but she quickly backed away and looked at him with a smile. “Is that so?”

She thought it was funny, but Huo Ting was serious.

He looked down at her red cheeks and those blurred and attached eyes. A part of his body suddenly tensed up.

It was like a ball of fire burning in his body.

#### **Chapter 2134 do you regret marrying me?**

He bent down and carried her in his arms, walking towards the big bed.

When the love was strong, he still retained his last bit of rationality. He reached out to open the cabinet by the bedside and fumbled inside for a while.

The condom that was usually placed here suddenly disappeared for some reason.

Just as he was feeling vexed, the woman beneath him suddenly woke up and looked at him tipsy. “Huo Ting, do you... do you regret marrying me? You, you don’t even want our child... if that’s the case, then I...”

When she was sober, Su Xiangxiang could never say these words.

However, Huo Ting’s heart shook when he heard it.

He was thinking that she was still young and did not want her to suffer so early. He did not know that she would think so far ahead.

“What are you talking about? Why would I regret it?” He smoothed out the sweat on her forehead and said gently.

“But you... you never wanted to have a child.” Su Xiangxiang’s voice was a little low and her eyes were red ...

At the end of her sentence, she averted her eyes and did not dare to look at him, afraid to hear an answer that she did not want to hear.

Huo Ting stared at her for a moment and suddenly laughed softly. "Who said that I don't want it anymore?"

Su Xiangxiang was stunned and subconsciously looked back at him.

There was a hint of a smile in his eyes. It was so bright that it almost sucked her soul into it.

She really could not understand him.

"silly girl, I'm worried that you'll suffer." He sighed softly and rubbed his thumb on her temples.

Su Xiangxiang looked at him blankly. Her heart was blank at the beginning, but it slowly became soft and finally as sweet as honey.

So... .. He did it for this ...

"I'm not afraid." She shook her head, and a smile appeared on her lips. "As long as it's for you, I'm not afraid of anything."

As soon as she finished speaking, the person on her body had already suppressed it.

Perhaps it was because she understood the other party's intentions, or perhaps it was because she had suppressed it for a long time, but this time, both of them were a little crazy.

It was another night of love.

..

December.

The weather was getting colder.

Early this morning, the Yan family had signed for a few more packages.

They were all from Sanjiang City, and the recipient would always be Yan Yusheng.

Yan Jun was eating breakfast at the moment. When he saw the servant take the package upstairs, he shook his head and smiled. "Our daughter has received more gifts than us all these years."

"Her small building is almost full. I asked her to send some out, but she refused," Xia Jinqi said as she picked up a small steamed bun and placed it in Yan Jun's bowl.

Although Yan Jun was busy, as long as it was not an emergency, he would eat breakfast with Xia Jinqi at home before going out.

"Did she return the gift to Che Er?" Yan Jun took a bite of the small steamed Bun and asked as if he had thought of something.

"She should have returned," Xia Jinqi mumbled. "I'll ask her later."

Yan Jun nodded when he heard that. The couple chatted and laughed, and time passed quickly.

After eating, Xia Jinqi waited for Yan Jun to leave before going upstairs.

Xiao puff was originally going to sleep in, but because of the bags on the ground, she got up early.

When Xia Jinqi went, she was opening the last bag. It was a big pink gift box with a bow on it. It was tied elegantly.

“Che er, what good stuff did brother give you this time?” Xia Jinqi leaned over and sat next to her daughter. She looked curiously at the dolls and dresses on the floor.

“Two big Tanuki, one... ONE LITTLE BEAR! And, three dresses!” Xiao puff counted and answered crisply ...

### **Chapter 2135: Xiao Puff v S Quan Che**

For as long as she could remember, she would receive many gifts every once in a while.

And there would always be only one person who would give these gifts.

Quan Che.

It was said that that person would be her husband in the future.

Although she didn't understand what husband meant, she guessed that it should be something edible?

She just didn't know what it would taste like... ..

Would it be sour and sweet like her favorite raspberry ice cream?

Xia Jinqi smiled as she unfolded one of the Pale yellow princess dresses and compared it to Xiao puff. She wasn't surprised to find that the size was extremely suitable.

That child, Che Er, had put in a lot of effort. In the past few years, the dresses that she had given back to Xiao puff had all fit very well. She must have put in a lot of effort.

“Then, did you give anything to Che Er?” Xia Jinqi asked after folding the dress.

Xiao puff nodded. She stretched out her fair and tender fingers and began to count. “I gave him a remote-controlled racing car last year, a robot at the beginning of the year, and a jigsaw puzzle last month... “

Xia Jinqi listened carefully and felt a little surprised. “How did you know that Che Er likes these things?”

She thought that her daughter would give gifts according to her preferences, like plush toys.

It was rare that Xiao puff picked things that boys would like.

“It was brother who told me,” Xiao Puff said as she frowned. “But what should I give Che er brother this time?”

Xia Jinqi smiled and pulled her into her arms. She suggested, “didn't you learn a new song? Why don't you wear the dress that Che er brother gave you and record a song for him to see?”

“Che Er elder brother will like?” Xiao puff tilted her head to ask.

“OF COURSE!” Xia Jinqi scraped the tip of her cute little nose.

“That’s fine! Then I’ll go and find great-grandfather to practice the piano!” Xiao puff jumped out of Xia Jinqi’s arms excitedly, and she was about to go downstairs to find Ji Heng.

Xia Jinqi didn’t know whether to laugh or cry. “Your great-grandfather is still asleep! Go later!”

How can Xiao puff still attend to, Deng Deng Deng Deng ran downstairs.

—

Deep Winter.

Sanjiang City.

Kwon.

The seven-year-old Quan Che had just returned from the academy when he heard a report from the Butler. “Young Master, Miss Yan from Rao city has sent you a gift.”

“Oh?” His brows raised slightly, and a smile naturally appeared on his lips. “What is it?”

The Butler hesitated for a moment before saying, “it looks like... a USB drive.”

“A USB drive?” Quan Che repeated these two words, his eyes filled with interest. “Let’s go take a look.”

After returning upstairs, he took the USB drive and opened it on the computer. He discovered that there was only a video inside.

He clicked on it, and the melodious sound of a piano slowly spread out... ..

In the video, a five-year-old girl wearing a princess bubble dress that he had personally picked out sat upright in front of a piano. Her little fingers pressed the keys one by one as if they were moving clouds and flowing water. The beautiful notes were then strung into music and transmitted to his ears.

There was a smile on the corners of his eyes and brows. Quan Che stared at the girl’s delicate facial features in the video for a long time, lost in thought.

Soon, the song ended. Xiao puff turned her head to look at the camera and said with a smile, “Brother Che Er, do you like this song I just learned it, and I’m not very familiar with it... .. I like the gift you gave me, and I don’t know what to give you for the time being. Mommy said that you might like to listen to the song. If you like it, I’ll play you every song I learn in the future, okay?”

**Chapter 2136 is even younger than you**

Speaking of which, the video ended.

The screen stopped at Xiao puff’s smiling face.

The housekeeper saw that the young master was only looking at the screen and didn't say anything. He then looked around the young master's study. When he saw the most eye-catching robot and remote-controlled racing car on the desk, he couldn't help but laugh "I remember that the young master stopped playing with these toys when he was four years old. "

Hearing this, Quan Che shifted his gaze away from the screen. He grabbed a silver racing car and played with it. "She gave it to me. "

He was indeed not interested in these things.

When he was four years old, he already had his own study room.

From the simple picture book where he read pictures to the dazzling array of books in the room now, it took up almost all of his spare time.

However, since it was a gift from her, it was naturally different.

Even if he didn't play, he still had to place it where he could see it at a glance.

The smile in the Butler's eyes deepened. "looks like young master likes Miss Yan very much. "

"She's very good. " Quan Che turned his gaze to the screen, moved the mouse, and pressed the play button again.

The entire video started playing again from the beginning.

Seeing this, the housekeeper turned around and left with a smile.

For a moment, the study was so quiet that only the gentle and pleasant sound of the piano could be heard, as well as the gentleness between the young man's brows.

"..."

Not long after Xiao puff's gift was sent out, the Quan family came to Rao city.

It was the end of the year, so the family and friends moved around more frequently.

In addition, the Ji family held a large-scale birthday celebration for Ji Heng and sent out invitations widely. The Quan and Bai families were both invited, so Quan Rui and Bai ran brought their son Quan Che along.

As the adults discussed matters, the children gathered together. There were also servants watching from the side, so there was no need to worry at all.

Today, Xiao Puff was wearing a pink bubble dress with a large bow tied at the back of her waist. Even the hair tie was of the same color. Coupled with her snow-white skin, it made her look like a princess from a fairy tale.

At this moment, she was holding a large red apple in her hand and handing it to Quan Che. "Brother Che ER, EAT THE APPLE! "

"Okay. " Quan Che nodded. He took the apple, took the knife, and began peeling.

The maids wanted to help, but he waved them off indifferently.

Xiao puff sat beside him. She watched him peeling the apple while shaking her short legs, which were still not touching the ground. She tilted her head and asked, "Che Er, I heard from mommy that you have two twin brothers! Why didn't you bring them with you? "

"They're still young. They can't come out for the time being," Quan Che answered. He paused for a moment, then looked up at her. "If you want to see them, you can come to Sanjiang city anytime. "

"How young are they? Are they as young as me? Mommy always said that I'm too young to go out and play..." Xiao puff pouted, her eyes filled with longing.

As they spoke, Quan Che had already peeled the Apple. He was worried that she wouldn't be easy to chew, so he carefully cut it into small pieces and fed it to her. "They're even younger than you. "

"Oh," Xiao puff answered dully. She opened her mouth and bit down on the Apple.

After she finished eating, Quan Che continued feeding her, never getting tired of it.

Yuan Bao, who had been squatting on the lawn for a while, looked up and saw Xiao puff eating. He immediately threw away the small shovel in his hand and eagerly went over to eat.

However, he had only run two steps when he was stopped by Yan Yuhan who came from the side. "Yuan Bao, where are you going? "

"Yuan Bao wants to eat apples too! "

### **Chapter 2137 is all yours**

"Come back. "

Two faint words floated out from Yan Yuhan's lips.

Hearing the voice of his most admired brother Han, Yuan Bao immediately braked, but his chubby little body rushed forward due to inertia.

He hurriedly turned his head back. He did not ask for a reason, and did not even hesitate to run in the direction of Yan Yuhan.

At the same time, Yan Yuhan raised his hand slightly, and the servants behind him knowingly brought a large plate of fruits and snacks, all of which were Yuan Bao's favorite food.

However, for the sake of this little fellow's teeth, Yan Yuhan specially instructed to omit the sweets in the snack plate.

Besides Yuan Bao, this little fellow, who was indeed loved, Yan Jun had once told Yan Yuhan that from now on, no matter when, no matter where, he had to take care of Yuan Bao as if he were his own younger brother.

When Yuan Bao saw the food, he immediately revealed a big and small face in joy and happily said, "brother Han, there's so much food! "

“En, it’s all yours.” Yan Yuhan nodded, reached out to hold his hand, and walked towards the stone table and bench at the side.

He took out an apple from the fruit basket. Yuan Bao took a big bite. After tasting the sweet taste, the restlessness in his heart was appeased.

He looked at Quan Che and Xiao Puff who were sitting together in the distance, then looked at the pile of fruits and snacks beside him. He turned his head and asked Yan Yuhan in puzzlement, “Brother Han, why don’t we play with them? “

Yan Yuhan was holding a book in his hand. It was very thin and had no cover. Inside it were all the homework that Yan Jun had left for him when he was free.

The simple words were still alright, but the more difficult ones were more difficult. Yan Jun had labeled them with Pinyin. If it was more difficult, Yan Yuhan would learn to recognize them himself.

Whether it was flipping through a dictionary or finding a teacher, Yan Yuhan would always find a way to understand them.

When he heard Yuan Bao’s question, he put down the book and looked up into the distance.

He only saw his sister, who was the same age as him, eating an apple that had been cut into small pieces without any worries. Quan Che, who was sitting beside her, was feeding her while carefully wiping the corner of her mouth with a handkerchief.

Yan Yuhan couldn’t explain why, but he felt that when Quan Che looked at Xiao puff like he was looking at his mommy, they shouldn’t disturb her.

“They have something to say. Let’s eat ours.” He slowly retracted his gaze and looked at Yuan Bao. Yan Yuhan then lowered his gaze and looked at the fruit in the basket. “bring some to brother Quan later. “

“Why?” Yuan Bao, who was still fine a moment ago, suddenly changed his expression when he heard this. He held the fruit basket in his arms and said, “I don’t want it! “

“...”Yan Yuhan looked at him in silence. The sharpness and sharpness in his eyes were almost the same as Yan Jun’s.

Yuan Bao felt a little scared when he was looked at. He was usually not even afraid of his parents, but he just had to come to brother Han’s place... ..

Cough! Cough!

“I... I want to leave all of it for brother Han...” Yuan Bao lowered his head and muttered a few words in a low voice. His tone was listless, but he seemed to have been wronged ...

Yan Yuhan was also stunned when he heard this.

When he looked at the fruit basket again, as expected, he saw that most of the things inside had not been touched. Yuan Bao was only holding an apple that was half chewed off.

His heart suddenly felt warm. Yan Yuhan curled the corners of his lips slightly and reached out to touch Yuan Bao’s head.

Even though Yan Yuhan did not say anything, Yuan Bao felt that he was in a good mood, so he chuckled back and continued to chew on his Apple.

### **Chapter 2138: in-laws**

Far Away.

Xiao puff ate a few apples and refused to eat any more. Instead, she raised her head and asked Quan Che, "Brother Che er, why aren't you eating any? "

"I..." Quan Che had just opened his mouth when, in the next second, Xiao puff picked up an apple and stuffed it into his mouth as if she had gotten her way.

Quan Che's expression froze for a moment as he didn't expect such a thing to happen.

However, very soon, when that trace of sweetness spread from his taste buds to his heart, a warm smile appeared in his eyes.

He chewed slowly until he swallowed the quick apple.

Seeing that he had finished eating, Xiao puff took another apple and fed him until he had finished the last piece.

On the windowsill on the second floor, Quan Rui looked at his son who had been reluctant to eat the apple and obediently ate half of the Apple. The corners of his thin lips curved into a faint smile.

"Why aren't you re-elected? I heard that the people below are shouting at you very loudly," Quan Rui said, but he was speaking to Yan Jun, who was sitting opposite him.

Hot Tea was brewed on the round table. The rising smoke obscured Yan Jun's slightly restrained expression.

He also looked at the children downstairs and replied indifferently, "the situation in Rao city is good now. I also want to live a few days in peace. "

When he first took over the position, he was given a responsibility in times of crisis. He had never coveted this position.

Being a simple businessman, he was free and unrestrained. He could also find more time to spend with his family.

Yan Youcheng and Long Qingxin passed away one after another, which made Yan Jun understand that no matter how rich and powerful people were in this world, they would die in the end. The only precious and real people were those around him.

Moreover, he had promised Xia Jinqi that he would only be president for two years.

Quan Rui looked back at Yan Jun with a deep gaze. "Have you chosen a successor? "

"Yes." Yan Jun nodded and did not avoid it. "He will take office after the New Year. "

“after the New Year?” Quan Rui raised his eyebrows. “There’s no election?”

In the past, the presidential competition in Rao city always involved a general election. Why didn’t they hear anything about it this time?

“My term of office is not over yet. When the time comes, let him take over my work. The general election will be held after the new year.” Yan Jun picked up the teacup, looked down at the tea leaves floating on the surface of the water, and slowly sank into the bottom of the teacup.

Once the president was chosen, the normal term of office was usually five years.

Yan Jun intended to retire. Other than a few trusted aides by his side, he did not know anything else.

Therefore, according to the procedure, he could choose a person to temporarily take charge of the affairs. During this period of time, although he had retired, in reality, he still had to hold power until after the new presidential election.

Quan Rui was silent for a moment before he suddenly asked, “Xia Chuanxu?”

Yan Jun smiled faintly. When he lowered his eyes, he just happened to see Xia Jinqi walking to Xiao puff’s side and helping her to trim her long hair. A gentle look instantly appeared in his eyes. “The Xia family has this network and ability.”

Originally, Xia Jitian could have become the president in a legitimate manner. Although Lu Yiming was so noisy back then, his strength was ultimately inferior to Xia Jitian.

However, he did not expect that Xia Jitian’s past would be exposed by his son. Xia Jitian wanted to give way to his son, but Lu Yiming took advantage of the loophole.

If not for this, Yan Jun would not have to go through such a big setback.

Now, letting Xia Chuanxu take care of business temporarily was not considered to be asking someone else.

Quan Rui heard his answer and also lowered his eyes to look downstairs. He saw Bai ran and Xia Jinqi talking about something.

When his gaze swept past Xia Jinqi, he suddenly understood something and said with a smile, “indeed. In terms of connections, among the large families in Rao city, who can compare to the Xia family?”

Just based on the fact that the Xia family and the Yan family were in-laws, no one could compare to them.

### **Chapter 2139 was as long as they liked each other**

Yan Jun only smiled and did not continue the topic. He changed the topic and said, “Che Er has given Xiao puff a lot of things over the years. Xiao puff, on the other hand, is not sensible and did not return any decent gifts.”

Quan Rui knew that Yan Jun was just being polite. He also knew a little about the things that Xiao puff returned. Although there were not many of them, they were all carefully selected.

Sometimes, Xiao puff would prepare two gifts, one for Yan Yuhan and one for Quan Che.

From a certain perspective, Xiao Puff Treated Quan Che and Yu Han equally.

“They’re both children. It’s good that they like each other.” Quan Rui also took a sip of tea and smiled.

Yan Jun also smiled. “I heard that your family has two more sons? Congratulations. “

“Sigh, I envy you. You have such an adorable daughter.” Quan Rui shook his head. His gaze fell on Xiao puff’s adorable figure once again. His deep eyes were filled with envy.

He also wanted a daughter!

He had been hoping for a second child, but in the end, two BRATS popped out! ! !

Yan Jun also lowered his gaze to look downstairs.

It was inevitable that his daughter would be obedient. It was rare for that kid from the Quan family to treat his own daughter well?

Deep in thought, Quan Rui opened his mouth again. “I have also terminated all cooperation with Southeast Asia. I believe that in less than a week, they will be so anxious that they will stomp their feet. “

Yan Jun raised his eyebrows slightly. “I heard that the Quan family’s business in Southeast Asia is quite big? “

“No matter how big it is, it can’t be bigger than my future daughter-in-law.” Quan Rui didn’t seem to care. His tone was indifferent, and his gaze never left Xiao puff.

Speaking of which, most of Yan Jun’s power was in the Middle East. He rarely dabbled in Southeast Asia, so after the incident with Ji Yunjing, the first thing he did was to cut off the trade between Rao City and Southeast Asia.

This was a heavy hammer to the southeast Asian countries. Now, with Quan Rui’s help, it was not difficult to bring down the leading enterprises in Southeast Asia.

The economy could not operate, and what followed was a lack of livelihood for the people. The people were not living well. If they wanted to revolt and overturn certain systems, the political system would be completely destroyed.

When they could not take it anymore, someone would come to Yan Jun and beg him.

When that time came, everything would be easy to talk to.

Yan Jun naturally understood the deep meaning behind this, but hearing Quan Rui’s words, did he think that Xiao puff was his daughter-in-law?

In a trance, he suddenly understood the marriage alliance between the aristocratic families, and also understood his grandfather’s original arrangements for him.

When he was young, he only felt that his parents and grandparents were too complacent and did not care about the children's feelings at all. They randomly added couples for the benefit of both parties.

Now that he thought about it carefully, he seemed to have found another deeper meaning. It was not like when he was young, he only knew to complain and complain.

"when they grow up, they can make their own decisions." Yan Jun was silent for a long time. Suddenly, he looked at the two children downstairs and said slowly.

No matter how good the matter was, it had to be satisfied by the parties involved.

Quan Rui also nodded when he heard it. He raised his teacup and praised, "this tea is not bad."

"It's Bi Luochun from Dongting's West Mountain. I'll fill it up for you later." Yan Jun also raised his cup. The two of them looked at each other and smiled.

Before the tea was finished, Zuo Xiaoran's scream came from downstairs. "Yuan Bao! BE CAREFUL!"

Yan Jun and Quan Rui lowered their heads and saw little Yuan Bao fall into a sand pit that they had dug. His two short legs were still flailing outside.

The people below were anxious and laughing. Everyone was in a mess.

#### **Chapter 2140: Be careful at all times**

Fortunately, the banquet began in a short while. All the guests had arrived, and the Yan family was once again bustling with activity.

Speaking of which, Ji Heng had never held such a big birthday in his life, nor had there been so many people bustling together.

According to Yan Sheng's wishes, the banquet should be set up on a table, followed by a flowing feast for three days and three nights.

But later, considering Yan Jun's current status, many things should not be made too extravagant, otherwise it would easily attract the jealousy and hatred of others.

Even so, Ji Heng was already very happy.

Ji Yunjing had just held a wedding for Ji Yunjing, and it was his birthday in a row. The happiness and happiness continued just like that.

The adults ate, chatted, and drank, but the children left the dining table early.

Yuan Bao had already changed into a clean set of clothes. As usual, he followed behind Yan Yuhan and called out to brother Han.

Xiao puff was carried away by Su Xiangxiang, who had just revealed her pregnancy.

"Aunt, do you have a little brother in your belly?" Her pure voice revealed innocence, and it was soft and soft.

Su Xiangxiang was amused by her and touched her pink little face. "How do you know it's a little brother? Maybe it's a little sister?"

"Well, if it's a little brother, I'll give him a remote-controlled car. If it's a little sister, I'll give her a doll, okay?" Xiao puff tilted her head and thought for a moment before answering.

In fact, whether it was a little brother or a little sister, she liked them all.

The point was that this way, she could be an older sister again!

Every time she teased little Yuan Bao, she felt that it was fun!

Su Xiangxiang looked down at Xiao puff and felt that her heart was almost warmed up. "Why are you so cute?"

Just as she was about to hug her again, she was stopped by Huo Ting who rushed over. "Xiangxiang! BE CAREFUL!"

Su Xiangxiang was stunned for a moment. Before she could say anything, she saw Huo Ting pick up Xiao puff and hold her hand with the other hand. His eyebrows were knitted tightly together, and the worry and anxiety in his eyes could not be hidden. noVE)ll(In

A certain part of her heart was suddenly filled up. That warm and indescribable happiness seemed to be able to lift a person up. Her feet were soft as if she was stepping on clouds.

"I'm fine. There's no need to be so careful." Although she said that, the corners of her lips were already showing the joy in her heart.

"The doctor said that you have to be careful everywhere. Don't scare me," Huo Ting said with some lingering fear. When he looked at Xiao puff again, he patiently explained "Xiao Puff, be good. Aunt likes you very much, but because she has a baby in her belly, she can't carry you for the time being. Uncle will carry you!"

Huo Ting had only just heard about it. Children were very sensitive. Perhaps because of this, they would think that they were not liked anymore.

He also doted on Xiao puff very much, which was why he said such a thing.

Xiao puff giggled. "Uncle, Mommy told me everything. I know."

"Well, that's good." Huo Ting nodded. Just as he was about to say something, Xia Jinqi came over. "Xiao Puff, brother Che ER is leaving. Go and send him off!"

"Okay!" Xiao puff agreed very readily, urging huo ting to put her down quickly.

Huo Ting also knew about the boy from the Quan family. Seeing this, he could only shake his head in jealousy. "Sigh, a grown woman really can't keep her!"

Hearing this, Su Xiangxiang and Xia Jinqi laughed.

"I'll bring her over first!" After laughing, Xia Jinqi held Xiao puff's hand and left.

Outside the courtyard, the Quan family's car had been waiting for a long time.

Quan Che stood beside the car, holding a doll in his hand. He looked calm and relaxed.
