

Trick Me 2141

Chapter 2141: Brother Che Er is different

“Brother Che Er!” Xiao puff let go of Xia Jinqi’s hand and ran quickly to Quan Che on her short legs.

Quan Che heard her and just as he came back to his senses, his eyes were already filled with an innocent smile.

A faint smile appeared on his lips. He replied with an urgent “mm” and handed the doll in his hand over. “I’m leaving.”

Xiao puff happily hugged the pink rabbit doll in her arms and asked, “when will you come again?”

“...” Quan Che was silent for a moment before saying, “on your 20th birthday.”

This time, when he went back, he was going to prepare to study abroad. The date of his return was uncertain.

However, when she turned 20, he would definitely come back and marry her!

“20...” Xiao puff murmured and began to calculate in her mind. After the result came out, her little mouth immediately pouted. “There’s still a long, long time!”

Hearing her complaints, Quan Che only smiled.

He also felt that there was still a long, long time... .. He really wanted to grow up faster ...

It was only a momentary loss. Xiao puff quickly thought of something and her exquisite facial features became lively again “It’s alright! Mommy said that if you eat well and sleep well, you’ll grow up very quickly! Brother Che er, I’ll definitely eat well in the future! Wait until I’m twenty years old before you come and visit me!”

“Okay.” Her voice was full of affection.

“You’RE NOT ALLOWED TO LIE TO ME! Otherwise, I won’t like you anymore...”

“I’m not lying to you.”

Xia Jinqi listened to the conversation between the two children and really didn’t have the heart to disturb them. However, it was getting late, so she could only say, “Xiao Puff, brother Che er is really leaving. Go Hug him and say goodbye to him.”

Xiao puff pouted. She refused to say goodbye or move.

In her heart, her brother, who often gave her gifts, was really very good. Naturally, she couldn’t bear to see him leave.

It would be great if he could always accompany her.

Although she already had brother Han, but... .. She always felt that brother Che er was different ...

In the end, Quan Che came over and hugged her. Only then did he turn around and follow his parents into the car.

The moment the black motorcade left, Xiao puff burst into tears. "Sob, SOB, SOB! Brother Che Er..."

Quan Che turned his head reluctantly to see Xiao Puff, who was crying her heart out, getting further and further away. His little brows furrowed tightly.

After a long while, when he finally couldn't see Xiao puff anymore, he turned his head and asked his father, "Dad, do I have to study abroad for so long?"

Quan Rui raised his eyebrows slightly. "Let's see when you finish your studies."

As if he had guessed his son's thoughts, Quan Rui added casually, "If you learn fast, you can come back early."

This was exactly what Quan Che wanted.

He immediately said, "I'll be back early."

His tone was very certain, without the slightest doubt or hesitation.

He would definitely come back early.

Because there were people waiting for him here.

Quan Rui looked at the seriousness in his son's eyes, and the curve of his lips became wider and wider.

It seemed that this marriage was most likely going to happen.

?

After the beginning of Spring, Quan Che went abroad.

However, he prepared a lot of gifts for Xiao puff.

Every now and then, there would be a pile of parcels, food, clothes, toys, and all sorts of things. Moreover, he spent a lot of effort to choose all of them.

This gift was given for twelve years.

Xiao puff had also grown up from a cute little girl back then into a beautiful young lady.

Chapter 2142: unspeakable disappointment

Her nickname was gradually forgotten by everyone, and she used her big name.

However, Liu Juan never changed her name.

"Miss, young master won't be coming back for dinner tonight. He said he has something to do, but he asked Wu Shu to bring you some food. He said it's all your favorite!" Liu Juan smiled and pointed at the dazzling array of dishes on the table "Look, sweet Taro balls, crispy fish steak, and raspberry ice cream.

I'll bring them out for you after you eat, Miss! But you can't eat too much. It's cold at night. I'm afraid you'll hurt your stomach! "

Ever since Long Qingxin passed away, Liu Juan's family had been serving the Yan family.

She had also taken care of Yan Yusheng and Yan Yuhan when they were growing up.

The Yan family treated their family well. They even arranged a school for Wu Shu and Wu Wei to receive the best education. She was a person who knew how to repay kindness, and she was meticulous towards the two children of the Yan family.

After listening to Liu Juan's words, Yan Yusheng sat at the table. Looking at the large table of dishes, she smiled and said, "there's so much delicious food! Aunt Liu, you should sit down and eat with us! Anyway, mom, Dad, and brother aren't here! "

"Miss, you know that I'm not used to it. I'll go to the kitchen to eat in a while." Liu Juan hurriedly declined. She was afraid that Yan Yusheng would try to persuade her again, so she left in a hurry.

At that moment, only Yan Yusheng and the two maids were left in the restaurant.

The dishes on the table were all fragrant and delicious, but the air was a little quiet.

Usually, the family was lively and lively, and the whole family was talking and laughing. However, GRANDPA and grandma had returned to Qingxin Garden, and mom and dad had gone to the Middle East. Originally, there was a brother who came home to eat, but who knew that he couldn't come back at the last minute... ..

She ate a few mouthfuls of rice alone, then sat on the swing in the courtyard with ice cream in her arms, staring at the sky in a daze.

Since last month, she hadn't received any gifts from Quan Che. n..d/))}.e/-l-(l-.l-(n

A habit that she had maintained for twelve years suddenly ended without a sound. She kept feeling empty in her heart, and an indescribable sense of loss.

"Why aren't you eating properly?" A familiar voice suddenly came from behind her, like a gurgling stream, incomparably clear.

Yan Yusheng subconsciously turned her head and saw her brother, who was the same age as her, walking over against the light. His tall figure was perfectly outlined.

"Brother! You're back!" She stood up in joy, the corners of her eyes and brows smiling.

"MM." Yan Yuhan nodded slightly. He looked down at the ice cream bowl in her hands and suddenly frowned. "I hugged the ice cream and ate it. "

Yan Yusheng was stunned for a moment and looked up with a silly smile. "Aunt Liu told you? I ate a piece of cake in the afternoon. I'm not hungry. "

After saying that, afraid of being scolded, Yan Yusheng held Yan Yuhan's arm with one hand and pulled him to sit down on the swing chair. She changed the topic. "Brother, have you eaten dinner? "

Yan Yuhan did not say anything. He turned around and looked at Wu Shu who was standing not far away. He frowned slightly.

With just one glance, Yan Yusheng saw the clues. She smiled and said, “brother Dashu and aunt Liu are really alike. With him around, I don’t have to worry about you forgetting to eat! “

Yan Yuhan shook his head helplessly. After a moment of silence, he suddenly asked, “have you been in a bad mood recently? “

“... No.” although he said that, his instantly depressed expression could not be hidden ...

“Mom and dad went to the Middle East. They should be back in the next two days. “

“I know. ” Yan Yusheng curled her lips. “Brother, I’m not a three-year-old kid anymore. I won’t cry and look for Mom and dad all day long. “

“Quan Che hasn’t sent any more gifts? ” Yan Yuhan asked again.

When she said this, Yan Yusheng was completely silent.” ...”

She wanted to deny it, but when she opened her mouth, she couldn’t say anything.

She was indeed... ... Troubled by this matter ...

Chapter 2143: Quan Che has returned to China

With a slight sigh, Yan Yusheng leaned over and rested her head on Yan Yuhan’s shoulder. “brother, I don’t have to accept gifts. I just feel that after such a long time, we have suddenly lost contact. Could it be that something happened to brother Che Er Abroad? “

“Are you worried about him? ” Yan Yuhan’s gaze deepened as he asked with a deeper meaning.

Yan Yusheng did not think too much about it and immediately answered, “of course I’m worried. We’ve been good friends for so many years, and we’ve cut off contact just like that... “

“Good friend? ” He slowly repeated these two words. Yan Yuhan lowered his eyes and looked at his sister, only to see that her eyes were clear and without any distracting thoughts.

He did not understand it when he was young, but he understood it when he grew up.

Quan Che and his little sister should be considered to have been engaged as children. In the future, they would be... ...

His thoughts were interrupted here.

“Brother! ” Yan Yusheng’s face was red as she snorted, “I was just saying that! “

Yan Yuhan finally smiled, “Xiao Sheng, you’re still young. There are some things that you’ll understand when you grow up. “

For example, the difference between liking and love.

“You’re saying that I’m still young! Brother, have you forgotten that you’re only a few minutes older than me?” Yan Yusheng scooped up a scoop of ice cream and stuffed it into her mouth gloomily. She did not understand why her brother, who was the same age as her, always treated her like a child!

She was clearly 17 years old!

How could she still be a child... ..

“Even if she’s only a second older, she’s still older.” Yan Yuhuan said in all seriousness.

Yan Yusheng slapped his forehead. He could not be bothered to argue with him about this issue. He continued to dig at the ice cream with his head lowered.

In the distance, a tall figure stood in the darkness with his hands behind his back. Occasionally, he would look in the direction of Yan Yuhuan and his sister. His expression was calm, and his gaze was gentle.

His name was Wu Shu. He had grown up with Yan Yuhuan since he was young.

In the early years, he had studied together with Yan Yuhuan. However, after that, he voluntarily went to stay by Li Jie’s side for a few years and returned after learning a whole set of martial arts.

Although he was not as ruthless as Li Jie, it was not a problem for ten people to not be able to get close to him.

With such skills, it was logical for him to stay by Yan Yuhuan’s side.

Other people thought that he was not interested in studying, so he went to learn martial arts. However, only he himself knew that he only wanted to protect Yan Yuhuan.

A smart person only needed one, and he was responsible for protecting this smart person.

After standing for a while, a steady and familiar sound of footsteps came from behind.

Wu Shu did not even need to turn his head to know that his third brother had come. “Why are you back so late?”

“Big Brother, do you think that the Quan family is a simple family? It will naturally take some time to investigate the news!” Wu Wei said innocently as he pressed his temples. He took two steps behind his big brother and whispered, “the eldest young master of the Quan family has returned to the country.”

“When did this happen?” Wu Shu frowned and looked back at him.

Wu Wei waved his hand. “It happened in these two days, right? But he didn’t go back to Sanjiang City. No one knows where he went.”

“...”Wu Shu didn’t ask any more questions. He turned to look at Yan Yusheng, who was chatting with Yan Yuhuan in the distance, with a deep look in his eyes.

Wu Wei also looked over and saw the bright and beautiful smile on the young miss’s face. He clicked his tongue in surprise. “Do you think our young miss will become the victim of a political marriage?”

“I’ve met the eldest young master of the Quan family. He’s a rare gentleman,” Wu Shu retracted his gaze and said slowly.

“How long ago was that? Besides, he’s been abroad for more than ten years. As a child, his appearance has changed, right? Can you guarantee that his personality will not change? What if he becomes a playboy with a shiny face and bald head? Then what about our lady? “

Chapter 2144-don’t think about things you shouldn’t

“...”

Wu Shu closed his eyes and sighed.

He really didn’t want to discourage his third brother from having such wild thoughts without any basis.

Quan Che was only two years older than the eldest miss, and nineteen was when he was young. Not to mention his current figure, but when he thought about how heroic his parents were.. Surely they wouldn’t give birth to a bald son who was only nineteen... ..

When Wu Wei heard his brother’s sigh, he stopped joking. He took a step forward and leaned against Wu Shu’s side, muttering softly, “to be honest, big brother, do you also want Quan Che to be a bald, greasy-faced Prodigal? “

As soon as he said this, Wu Shu’s aura plummeted. His Brown pupils constricted, and a murderous aura burst forth. “Shut up! “

“...”Wu Wei was shocked. He was dumbfounded and didn’t dare to say another word.

Although his brother was very good to him, he was also very strict.

He remembered that when he was in school, he loved to play. He often took advantage of his pe teacher’s nap to secretly go to an Internet cafe and play games. He was directly dragged home by his brother’s collar and beaten up.

That time, no one came to persuade him. His brother was also ruthless and beat him up so badly that he didn’t get out of bed for three days.

But after that, he became obedient and did not dare to skip class anymore.

In the past, he had resentment in his heart. He felt that his elder brother was too cruel and did not care about the blood relationship at all. Later, when he grew up, he found out that it was because he was too much of a hoodlum at that time and did not obey discipline. His elder brother was also angry and anxious, which was why he made such a decision.

This time, he was also thinking of joking, but who knew that his elder brother actually took it seriously.

Wu Shu frowned as he looked at his third brother, who was silent as a CICADA in winter, and sighed helplessly.

He knew that he was usually harsh towards his younger brother and sister. At this moment, he was also a little apologetic and explained patiently for the first time.. “The Yan family has done us a favor and it is our duty to protect young master and young miss. They are our masters. We can respect them and respect them, but we can not have any improper thoughts, understand? “

Wu Wei listened and carefully peeked at his big brother. "But big brother, feelings can not be hidden. Since young, you have been especially good to young miss, better than Yu'er. "

Wu Yu was their biological sister and grew up in the Yan family.

Speaking of which, although it was Liu Juan who took care of Yan Yuhan for a period of time, the Yan family's help to them over the past ten years had long surpassed everything else.

"I've said it before, don't think about things you shouldn't. " Wu Shu interrupted Wu Wei's words with slight anger. "Yu'er should be back by now. Go and check her homework. "

"Oh... " Wu Wei answered sullenly. He was a little unwilling to be interrupted, but he did not bring it up again. He only said, "I've already asked someone to send the flowers over. "

Big Brother always had his own way of doing things.

After Wu Wei turned around and left, Wu Shu finally calmed down. He raised his eyes again and looked at Yan Yusheng in the distance.

It was rare for a girl like the eldest miss to not be tempted, right?

But he was different.

He sincerely hoped that Quan Che would still be like when he was young, gentle and upright.

Only a man like this could protect the eldest miss for the rest of her life.

?`?`?

After chatting with her brother for a while, Yan Yusheng returned to her room and realized that there was an unknown bouquet of small flowers by the bedside. They were light pink and looked very fresh.

She happily went closer to take a look. Yan Yusheng arched her eyebrows and said, "Aunt Liu is so nice. She sends fresh flowers every once in a while! "

What she didn't know was that the flowers were picked from the foot of Nanshan Hill.

Yan Yuhan had gone to Nanshan Hill today, and Wu Shu had gone as well.

Chapter 2145: Plastic Friendship bought with money

As for who sent these flowers, it didn't seem to be that important anymore.

It was just like how there were so many unrequited love affairs in this world every day.

A good night's sleep.

The next day.

Yan Yusheng woke up very early.

After washing up, she went to the cloakroom as usual to pick out the clothes to wear today.

A total of 200 square meters of space was filled with all kinds of closets, shoes, and bags.

There were all kinds of dresses, shoes, and bags on them.

Without exception, they were all Quan Che's masterpieces over the past ten years.

Come to think of it, Yan Yusheng had never bought a single piece of clothing or bag for herself in her entire life... ..

Every year, Quan Che would give her a lot of them, and they were all surprisingly suitable. She also liked them very much, so it was quite a pity not to wear them.

Thus, she went back and forth like this, so much so that she had never gone to the mall before. She wanted to experience the pleasure of shopping.

Her slender fingers brushed across a row of summer dresses, and Yan Yusheng suddenly felt a little sad.

It had been a month.

She did not know what had happened to brother Che er recently. What was he doing? Did something happen to him... ..

Otherwise, how could he have suddenly lost contact with her?

"I really want to celebrate my 20th birthday soon... "

With a Sigh, Yan Yusheng finally chose a dress that was arranged in a row according to the color from light to deep.

As usual, she took a bus to school and then walked to the classroom. She found her seat and before she could sit down, Shenjia Linxi, who was sitting at the back table, came over and gossiped, "Yusheng, this dress of yours looks good. Where did you buy it? "

"Does it look good? " Yan Yusheng lowered her head and looked at the dress on her body.

The top of her body was a faint moon-white color, while the bottom of her high waist was a black pleated pattern.

At first glance, it might look a little ordinary, but if one looked carefully, they would find an exquisite pattern embroidered on the hem of the dress.

They couldn't tell what it was embroidered, but they still felt like it was some kind of totem.

"It looks good! Your figure is good to begin with, and this dress makes your temperament even more outstanding! Aiya, quick, tell me where you bought it! " Shenjia Linxi said as she stared at Yan Yusheng, her eyes almost shining!

Yan Yusheng paused for a moment after being praised.

Yes, the clothes that Che Er's brother had given her over the years always fit her well.

Shenjia Linxi rubbed her little hands and couldn't wait to ask, "quick, tell me where you bought it? I'll get a set too, our best friend outfit! "

Yan Yusheng came back to his senses and answered a little awkwardly, "I don't know either..."

"No way..." Shenjia Linxi's eyes twitched. Just as she was about to scold her for not being loyal enough, someone passed by and said sourly, "I thought we had a good relationship, and you didn't even tell me where you bought the clothes! Xiaoqi, tell me which clothes you like, I'll buy them for you directly!"

Shenjia Linxi looked back and saw Qin Shuangshuang walking over with her little follower, Zhou Qi.

The two of them had the same look of disdain.

Zhou Qi went along with Qin Shuangshuang, "that's right. Our SHUANGSHUANG is still generous! UNLIKE SOME PEOPLE!"

Yan Yusheng frowned when he heard that. Before he could say anything, Shenjia Linxi could not stand it anymore. She rolled up her sleeves and said loudly, "who are you talking about! Do you think that Yu and I are like the plastic friendship that you bought with money?"

"..." Qin Shuangshuang was stunned for a moment and turned to look at Zhou Qi.

Zhou Qi felt guilty from being stared at. She quickly scolded Shenjia Linxi, "what nonsense are you talking about!"

"What nonsense am I talking about? Look at these famous brands on you. Qin Shuangshuang bought them for you, right? If she didn't give you these things, would you still be following her around all day?"

Chapter 2146: you... .. Were you serious just now ? ?

Zhou Qi's expression became very strange.

Her family was not particularly well-off. The reason why she was able to enter this aristocratic school was because her mother knew a powerful uncle... ..

She did not have the money to buy those things, and Qin Shuangshuang just happened to deliver herself to her door. It was just that they each took what they needed.

A few more compliments could be exchanged for a whole set of famous brands. It was many times better than those shabby things!

"You're still talking about me? What about you? What benefits did Yan Yusheng, whose mouth is as good as heaven, give you?" Zhou Qi retorted with a livid face.

Shenjia Linxi pouted and snorted, "do you think everyone is as vulgar as you? Our Yu Sheng is different from you!"

Upon mentioning Yan Yusheng, Qin Shuangshuang immediately sneered, "she's noble? Who knows how much profit her father made when he was the president? Do you think such a large corporation can be established in a day or two?"

"THAT'S RIGHT!" Zhou Qi agreed and looked at Yan Yusheng as if she was watching a good show.

In this school, family background was not a secret.

The teachers and students in the school all judged people based on their looks.

Everyone knew Yan Yusheng. She was good-looking, had a good personality, and had a good family background. The teachers liked her and even tried to curry favor with her. Naturally, people would be jealous and hate her.

The Qin family used to work for Lu Yiming. Later, when Yan Jun came to power, the Qin family naturally declined. In the end, they could only turn to business.

Although the business of the Qin family was quite good now, it was still far from the glory of Rao City.

The dissatisfaction of her father's generation was also transmitted to Qin Shuangshuang.

Anyway, whenever she saw Yan Yusheng, she would be annoyed!

Yan Yusheng, who had not said much from the beginning to the end, did not want to get involved.

She also knew that her father had once been the president. Reputation was very important, so he had been very low-key ever since he was young. He just did not want to stir up trouble.

However, this Qin Shuangshuang was overbearing. The more she spoke, the more ridiculous she became. She actually dared to openly say that her father, whom she admired the most, was profiting when he was the president? ! !

Her beautiful eyes darkened slightly. Yan Yusheng narrowed his eyes and looked at Qin Shuangshuang coldly. "Didn't teacher teach you to speak and act with evidence? Back then, everyone in Rao city knew about my father's benevolent deeds. "

"HMPH! Who would say that they did bad things everywhere? Aren't they only good at self-embellishing!" Qin Shuangshuang snorted proudly. In any case, she was now full of Sh * T.

The key was not how Yan Jun had become the president back then. The key was that as long as he could hurt Yan Yusheng, it was enough! n.O7elb1n

The more Shenjia Linxi heard, the more she felt that something was wrong. Just as she was about to teach Qin Shuangshuang a lesson, she heard Yan Yusheng, who had always been gentle and pleasant, speak up.

"the Qin family deserved it for not being able to become an official. Now... they don't even want to do business anymore? "

His voice was unusually cold.

In an instant, Shenjia Linxi shivered. She rubbed her arms and wondered if she had just had a fake summer?

How could it be so cold... ..

"You!" Qin Shuangshuang was fuming, but she could not find anything to say. She could only grit her teeth and glare at Yan Yusheng, looking as if she wanted to eat him.

Zhou Qi heard that the topic was not right, so she quickly pulled Qin Shuangshuang over and whispered to her, "Shuangshuang, forget it. Don't be calculative with this kind of person! Let's go, it's almost time for class. "

After saying that, she pulled Qin Shuangshuang and left.

After she left, Shenjia Linxi looked back at Yan Yusheng, only to find that the coldness in her eyes had disappeared, and her small face had returned to its usual warm and amiable look.

Suddenly feeling a little strange, Shenjia Linxi asked hesitantly, "Yusheng, you... were you serious just now? "

Chapter 2147: how are you going to compensate me? !

"Guess? " Yan Yusheng smiled, pulled out a stool and sat down.

She was a 17-year-old middle school student, but she was still the daughter of Yan Jun and Xia Jinqi.

Her father had taught her many things since she was young, and she had remembered them all. In Times of emergency, they were still very useful.

Usually, she didn't provoke others and tried to live a low-key life. However, she would never let herself be bullied, and she would never watch others denigrate her parents!

"But... " Shenjia Linxi wanted to say something, but the bell rang. The students had all entered the classroom, so she could only give up.

Outside the classroom window.

A pair of Sharp, gentle and appreciative black eyes were as deep as water as they fell on Yan Yusheng, who was listening attentively.

It had been twelve years since they had parted ways at the Yan family.

"Hey, what are you looking at? Didn't you say you were visiting me? " Bai Yuchen looked at Quan Che, who was beside him, lost in thought. As he spoke, he followed Quan Che's line of sight.

He saw a slim and graceful young girl with delicate features. It wouldn't be an exaggeration to say that her looks were devastatingly beautiful.

He immediately understood a little. Bai Yuchen raised his eyebrows at Quan Che and sighed rather ambiguously, "our little Che has grown up too... "

Hearing this, Quan Che turned around and looked at Bai Yuchen indifferently, "she's my fianc??e. "

"Ah? " Bai Yuchen was dumbfounded. He quickly turned around to look at the young lady in White and asked in disbelief, "are you sure? Why didn't I know that you were engaged to the Yan family's daughter? "

Quan Che did not answer. Instead, he turned around and left.

“No, don’t go... Are you serious? Yan Yusheng is your fiancé?” Bai Yuchen ran up to him in quick steps. His shocked expression was no less than seeing a ghost ...

In fact, other than Quan Che himself, no one took the joke between Xia Jinqi and Bai ran seriously.

In addition, so many years had passed. Only the person involved knew about it.

Bai Yuchen didn’t even ask a few questions. Actually, judging from Quan Che’s attitude, he knew he wouldn’t lie.

However... ..

Bai Yuchen suddenly thought of a very serious question.

He took three quick steps and stood in front of Quan Che. He raised his eyebrows and asked angrily, “YOU BRAT! Tell me! When I was going to teach, you insisted that I not go. You said that Rao city had many outstanding people, delicious food, and beautiful women. You even insisted that I come to an aristocratic school. Is it because of her? ! “

Bai Yuchen was a branch of the Bai family. Although his bloodline was not as pure as Bai ran’s, he was still a member of the Bai family.

Bai Ran’s eldest brother, Bai Ye, had no children, so Bai Yuchen was passed on to Bai Ye.

Now that he thought about it, Bai Yuchen was older than Quan Che, so Quan Che should call him cousin.

Quan Che, who was stopped and questioned, did not explain himself. He directly asked with a smile, “otherwise, why would I want your annual student report card? “

“! ! !” Bai Yuchen clenched his fists. He felt that a vein on his forehead was swelling and expanding ! !

He was actually fooled by a guy who was ten years younger than him? ! !

Moreover, he fooled around for five years! ! ! !

“You! You! ” Even his voice was trembling. Bai Yuchen wanted to cry, but no tears came out. “You accompanied me for five years of my youth! ! “

However, Quan Che only curled his thin lips and asked, “how are the arrangements for the grade dance coming along? “

“Uh, it’s all arranged. Tomorrow night at seven o’clock,” Bai Yuchen answered subconsciously. Then, he remembered what he had to do. He slapped his forehead and scolded fiercely, “don’t interrupt! How are you going to compensate me for five years of my youth? ! “

Chapter 2148: “we are the true love! “!

Since the Bai family’s successor had already been given to Bai ran, and Bai ran’s son, Bai Heng, had taken over the Bai family, Bai Yuchen had no burden on his shoulders, so he could naturally do what he wanted to do.

And his dream since young had been to become a good teacher, teaching and educating people.

However, he had originally wanted to stay in Sanjiang city, but he had been tricked by this kid into coming to Rao city, and he had stayed for five years!

No wonder... .. He had said that he wanted to transfer back to Sanjiang city every year, but the principal had personally come to talk to him. He had also raised his salary and evaluated the professors, so he had used various methods to get his transfer order back ...

He had thought that it was because of his outstanding abilities!

Now that he knew the truth, Bai Yuchen's tears really fell! ! !

Quan Che narrowed his phoenix-like eyes and slowly said, "when I returned to the country, I had already bought the three-story villa of Chunjiang Mingyue in Rao city. I had originally wanted to give it to cousin as a reunion gift after a long separation. However, seeing how cousin hates me to the bone now, I'm afraid that he doesn't want it anymore... "

"..."Bai Yuchen's expression instantly froze on his face.

He had coveted Chunjiang Mingyue's single-family villa for a long time. His favorite place was the spacious balcony with its windows open at 240 degrees. When he opened his eyes the next morning, he would be able to see the sparkling sea. That feeling was simply too great! ! !

However, that place had been opened a few years ago. Even now, if he wanted to buy it, he could only buy it second-hand. Moreover, the most important thing was that no one was willing to sell it.

Where did Quan Che get it from?

Of course, Bai Yuchen didn't care about this question at all. What he cared about was Quan Che saying that he wanted to give it to him just now!

This was simply more exciting and exciting than a pie falling from the sky!

"No, Little Che er, how could I hate you to the bone? You said that if you don't look at anything else, just because I've helped you take care of your fiancée for so many years, you can't disappoint me like this, right..." Bai Yuchen had completely fallen for it He had completely forgotten that just a second ago, he was still holding in his anger. Now, in the blink of an eye, he was starting to make Quan Che happy "Besides, Spring River Mingyue's place is almost outside the city. It's very remote and far from the Yan family. It's not easy for you to even meet your sister-in-law! "

Hearing Bai Yuchen's words, the smile in Quan Che's eyes deepened.

Seeing that Quan Che didn't say anything, Bai Yuchen became anxious and said, "Little Che Er? Don't ignore me... tomorrow night's ball, you're going for the Yan family's little girl, right? Cousin will help you!"

These words struck a chord in Quan Che's heart.

He immediately took out the key and handed it to Bai Yuchen. "Area A, 3-1. "

Bai Yuchen looked at the key in his hand that seemed to be emitting a dazzling gem-like light. He was so excited that he almost jumped up. "Little Che'er! I knew you were the best to me! We're the true love! "

"..."Quan Che frowned and looked at him in disdain. He walked forward with his hands behind his back.

"Villa, villa, this is great!" Bai Yuchen smacked the key in his hand and stuffed it into his arms like it was a treasure. Only then did he catch up to Quan Che "Oh right, where's Ah Nian? Didn't she study abroad with you? Did she also return to China? "

"..."

After school in the afternoon, Yan Yusheng packed her bag. Just as she was about to leave with Shenjia Linxi, a classmate came in from the classroom door. "Yan Yusheng, teacher Bai is calling for you. "

"calling for me? What's the matter?" Yan Yusheng was holding a math problem book in her hand and hadn't put it into her bag yet.

"I don't know either..." the classmate who passed the message shrugged and said, "didn't the results of last week's test come out? Maybe it's because of that. "

When Shenjia Linxi heard this, her ears immediately turned sharp. "Yusheng, could it be that you failed the test? Bai Yuchen wants to lecture you alone? ! "

Chapter 2149 is teacher suspecting me of cheating?

"Did you do badly on the exam?" Yan Yusheng repeated these words, and the questions from the test flashed through her mind.

They weren't difficult, but she knew them all... ..

Could it be that she wrote something wrong because of carelessness?

Was Teacher Bai looking for her because of this?

Yan Yusheng frowned slightly and put down her bag. "Linxi, wait for me. "

After saying that, she walked out of the classroom.

If she thought of a hundred possibilities here, she might as well go directly to the office to see Teacher Bai.

"Oh..." Shenjia Linxi nodded and sat back in her seat. She took out a comic book and started flipping through it.

Five minutes later, Yan Yusheng arrived at Bai Yuchen's office.

The other departments' teachers' offices were all on the fifth floor. Only Bai Yuchen's office was on the third floor, which was the closest to Yan Yusheng's classroom.

The office door was open. Yan Yusheng peeked inside and saw Bai Yuchen sitting in front of the desk, correcting his homework.

She bent her fingertips and knocked on the door politely. “knock, knock, knock. “

Bai Yuchen raised his eyes and looked at her. “Come in. “

Hearing that, Yan Yusheng took a step and walked into the door.

Just as she took her first step into the room, she felt a strange aura.

She subconsciously looked at the window on the right and saw that the white window screen had been lowered and dragged on the ground, covering a thin figure on the balcony.

That... Was A man ...

He leaned against the wooden four-corner stool. His slender legs were casually crossed. His snow-white shirt was slightly rolled up, and in his right hand was a book that had been opened by a third.

The golden sunlight shone on his body, and it was indescribably elegant and otherworldly... ..

Yan Yusheng was a little stunned when she saw it. Could it be that there was a new teacher in the school?

In her astonishment, Bai Yuchen’s voice sounded.

“Student Yan, come and take a look at your test paper. “

Yan Yusheng came back to her senses and could not help but sigh in her heart. Shenjia Linxi had really guessed it right. It was really about the test... ..

She walked over to pick up the test paper and took a look. It was a full score, and there was not a single mistake.

She looked at Bai Yuchen in confusion, and Yan Yusheng frowned. “teacher, is there a problem? “

Bai Yuchen coughed lightly and picked up a cup of tea to moisten his throat. He then looked at the balcony across from him and said to Yan Yusheng, “AHM! Student Yan, the answers on your test paper are very perfect! But there are some methods of solving problems that I have never taught you. How did you answer them? And you even used advanced mathematics? “

Yan Yusheng was silent for a moment before she asked, “teacher, are you suspecting me of cheating? “

The test paper with full marks should have been praised, but it was suspected. Yan Yusheng’s mood at this moment could not be said to be good, nor could it be said to be bad.

Bai Yuchen was choked by Yan Yusheng’s straightforward question. She coughed a few times and said awkwardly, “This is also something that a teacher should be concerned about. I hope you don’t mind. How about this, I have another set of test papers here. I came up with the questions, so you can answer them here. “

Speaking of this, it was obvious that she was suspected.

Yan Yusheng stood where she was and didn’t say anything.

Being suspected for no reason, of course, made her feel bad.

It was also because of this that she didn't have the spare time to notice the man on the balcony. She didn't know when he had put down the book, but he turned his eyes to look at her... ..

Seeing that she did not speak, Bai Yuchen's tone softened a little. "Or, can you tell the teacher who taught you these advanced mathematics?"

"I'll answer the questions." Yan Yusheng did not want to explain further. She took the blank paper, found a seat, and quietly began to answer the questions.

Chapter 2150: alone time

No matter what other people thought, she had answered the previous test paper by herself.

If she had done one more, the result would have been the same.

There had been many teachers in her family since she was young. Although she did not learn as much as her brother, it was just a scratch. It was very easy for her to deal with high school subjects.

And the test paper in front of her at this moment, although it was more difficult than the test paper, it was just a piece of cake for her.

While Yan Yusheng was quietly answering the questions, Bai Yuchen stood up with an empty teacup and went to pour tea.

Before he left, he deliberately took a glance at the youth who was still sitting peacefully behind the window screen.

HMM... .. He had gotten his hands on the villa that he had always dreamed of. He might as well help out this infatuated little cousin of his ! !

In any case, it was just a piece of cake. At the same time, he would give them some space to be alone!

However, what Bai Yuchen did not expect was that Yan Yusheng did not know that the person was Quan Che at all. At this moment, she was only focused on solving the questions and did not notice at all.. The gaze behind the window screen was as clear and gentle as water. From the beginning to the end, it never stopped staring at him.

It had been twelve years since they last met.

Quan Che still recognized her at a glance in the classroom with many students.

This was because he would receive emails from Rao city every other week. All of them were related to Yan Yusheng. n0V e/lb.1n

The content was not excessive. It was just that she had been in a good mood recently, how was her studies, whether she was happy or sad, how many friends she had made, what kind of dishes she had fallen in love with, what color... ..

That way, every time he gave her clothes, they would fit her so well, and the toys that he gave her would make her like them so much.

Just like at this moment.

She leaned against the table and carefully calculated the math problems. He sat leisurely by the window on the balcony, his eyes smiling as he looked at her sometimes frowning brows, and sometimes the corners of her mouth... ..

The only difference was that the monitor between the two of them had become a thin layer of white gauze.

He did not even need to get up. All he needed to do was to gently call her name, and she would turn her eyes to look at him.

The distance between the two of them was so close and so far... ..

A gentle breeze blew, blowing the pure white gauze, blowing the corners of his elegant clothes, and also blowing the ripples in his heart... ..

In less than half an hour, Yan Yusheng had finished answering the questions.

After double-checking, she raised her eyes to look at the place where Bai Yuchen had been sitting just now.

The teacher was not back yet... .. How much time would it take to add tea ? Could he have gone somewhere to stroll around ? ?

Yan Yusheng frowned and looked around the entire office. She only saw the white-clothed youth who was still reading behind the balcony.

After hesitating for a moment, she took a step forward and walked towards that person.

She stopped two steps in front of the curtains and asked tentatively, "hello? "

The youth did not look back. He only turned his head slightly to show that he had heard her.

The sunlight outside the window was dazzling. Yan Yusheng could not see his face clearly. She could only vaguely see a figure.

"Teacher Bai will be back in a while. I would like to trouble you to help me tell him that I have finished the test paper. I'll be going home first. Is that alright? "

The girl's voice was clear and very pleasing to the ear.

The youth nodded slightly but did not say a word.

Yan Yusheng was a little puzzled but did not ask further. She only said, "thank you. "

Then, she turned around and placed the test paper on Bai Yuchen's desk.

Before she left, she thought of something and turned to look at the youth behind the window screen. "reading under the sun hurts my eyes. "

The youth did not expect her to say that and his body stiffened slightly.

When Yan Yusheng saw this, she thought that she had said too much. She turned around and left the office.

What a strange person.
