

Trick Me 2151

Chapter 2151 was filled with the sour smell of love

After she left, the youth behind the window screen stood up.

His well-defined fingers lifted the window screen that was still swaying in the breeze and walked towards Bai Yuchen's desk.

When his gaze touched the neatly written examination paper, his black eyes faintly carried a gentle smile.

On the balcony on the fourth floor of the opposite building.

Bai Yuchen was waiting until he was about to fall asleep. Only then did he see Yan Yusheng walking out of her office.

"Awoo..." Bai Yuchen yawned before he walked downstairs with a teacup in his hand.

As soon as he entered the door, he saw someone sitting in his seat. They were even reading the examination paper with great interest, occasionally giggling foolishly. n-/OVe/bIn

There was a sour smell of love... ..

Bai Yuchen only felt goosebumps all over his body. He was a little envious. When he walked over, he snorted sourly, "I really don't understand you. You're already here and you didn't show yourself. You insisted that I help you with these little tricks!"

Hearing this, Quan Che raised his eyes and looked in Bai Yuchen's direction.

"You don't understand." These three words slowly seeped out from the corners of his thin lips. They were neither hot nor cold, neither fast nor slow.

This tone and wording had hit Bai Yuchen's bone. He immediately became irritable. "Who says I don't understand? Believe it or not, I'll immediately tell student Yan that all of this was instigated by you from behind the scenes?"

Quan Che glanced at him indifferently. He took the examination paper and stood up to leave. Before he left, he only said one sentence, "the transfer procedures for Spring River Mingyue Villa are not completed yet."

Bai Yuchen," ..."

Having his own preferences in the hands of others, this feeling... .. was really so sour that it felt like it was going to explode !!

Bai Yuchen immediately squeezed out a face full of smiles and sent Quan Che off, "Little Che Er, you're leaving already? BE CAREFUL ON THE ROAD! Cousin will treat you to a meal some other day!"

Quan Che left the entire way without responding. Only the corners of his mouth curled up slightly.

After sending Quan Che off, Bai Yuchen returned to his seat. After looking around for something, he suddenly frowned and looked in the direction of the door, muttering, "this kid, why did he take student Yan's examination papers? "

"..."

By the time Yan Yusheng returned to the classroom, Shenjia Linxi had already finished reading half of the comic book.

Hearing the sound, she looked up and saw that it was Yan Yusheng who had returned. Shenjia Linxi asked as she put the comic book into her bag, "why did Lao Bai ask you to go? "

"You guessed it, " Yan Yusheng answered helplessly.

"Ah? Did I really do badly? With your strength, you shouldn't have... " Shenjia Linxi looked regretful.

Yan Yusheng shook his head and felt even more helpless, "No, it's because I got full marks. The teacher suspected me of cheating and made me Redo the test paper in front of him. "

"F * CK! " Shenjia Linxi almost jumped up. "If you do badly, you'll be criticized. If you do well, you'll be suspected? ! Nowadays, it's too difficult to be a student, isn't it? "

Hearing that, Yan Yusheng smiled. "Yes, it's really difficult. "

"Sigh, it's so good that you got full marks... I don't know how much I got... I didn't even calculate the last question. " Shenjia Linxi quickly thought of herself and started to worry.

"You got 92 marks, so you got the last question wrong. " Yan Yusheng thought for a while and replied.

Shenjia Linxi paused and asked in surprise, "how did you know? Lao Bai told you? "

"No. He left with the teacup when I just started answering the questions. He didn't come back until I came back. When I was bored, he looked for you. "

"AWESOME! " Shenjia Linxi gave him a thumbs up.

Chapter 2152: Hunting Beauties with me!

"Let's go. " Yan Yusheng packed her bag and left the school with Shenjia Linxi.

Fortunately, it wasn't too late. Shenjia Linxi dragged Yan Yusheng to go shopping and pick out a dress for the dance tomorrow night.

Looking at the dazzling array of gorgeous dresses, Yan Yusheng had no desire to choose at all. She sat quietly at the side and watched Shenjia Linxi excitedly try on one dress after another.

In the end, they were so tired that they could barely walk. The two of them picked a cold drink shop and sat down.

"Yusheng, why don't you choose a dress? Have you prepared the dress for tomorrow night? " Shenjia Linxi asked as she took a sip of the iced lemon juice in front of her.

Yan Yusheng looked at the pile of bags on the chair beside her. They were all filled with the results of Shenjia Linxi's battle just now... ..

"I still have it at home. There's no need to buy it." In the end, she shook her head. Her cloakroom was filled to the brim. There were also many things that she had never worn before.

Thinking of this, Yan Yusheng suddenly felt that she had been spoiled?

Moreover, she seemed to have a faint expectation in the depths of her heart.

Would brother Che er still give her a gift?

Or had he forgotten about her long ago?

Shenjia Linxi saw that she was a little absent-minded and shook her head helplessly "You, you don't have the problem of being a good-for-nothing missy at all. You're simply too obedient, okay If you go out like this, who would believe that you're the daughter of the richest person in Rao city On the contrary, it's that Qin Shuangshuang who keeps showing off her wealth. She says that on her birthday, her father gave her a yacht and brought a few classmates out to play!"

"with her personality, shouldn't she bring the whole school to see her birthday present?" Yan Yusheng also found it funny.

Qin Shuangshuang's usual behavior was indeed a little too pretentious. *nOve(Lb-In*

"Hey! She still has to be able to bring it! It seems that the yacht can only carry about ten people, right? There still needs to be someone to drive it?" Shenjia Linxi waved her hand, her tone was full of undisguised mockery.

Hearing this, Yan Yusheng frowned slightly... ..

The Yacht, is it that small It could only bring about ten people?

But the one in her house... .. seemed to be very big. Not to mention about ten people, it could even fit a few thousand people ? ?

Oh, maybe it was not the same thing.

As she was thinking, she heard Shenjia Linxi's excited voice again, "the only thing worth being happy about is the dance tomorrow night! There will definitely be a lot of handsome little brothers and cute little sisters! "

"I heard that it's jointly organized by several major campuses, and there are also university students. There should be a lot of people. "

"really? That's great! University senior brothers... I'm here! ! " Shenjia Linxi cupped her face and smiled like a NYMPHO. She pulled on Yan Yusheng again, "Yusheng, since you don't have a boyfriend anyway, why don't you hunt with me tomorrow night! You... "

Before she could finish her words, Yan Yusheng's phone rang.

"Auntie Liu? ? "

“Miss, Young Master Quan sent something again!” Auntie Liu’s voice was filled with unconcealable excitement.

She had watched Yan Yusheng grow up. She could more or less guess what the miss was thinking.

At this moment, her son was also very happy for the miss from the bottom of his heart, so he hurriedly called her.

As expected, when Yan Yusheng heard the news, she was stunned for a moment. Then, she stood up immediately and raised her voice unconsciously, “really? !”

Shenjia Linxi, who was still immersed in the wonderful fantasy of meeting a handsome guy, choked on her lemonade after being frightened by her.

“Cough, cough, cough!”

Chapter 2153, he said, “see you tomorrow.”

Before she could ask why she was so agitated, Yan Yusheng had already packed up his things and ran away. “Linxi, I have something to take care of. I’ll see you tomorrow!”

“Hey! You...” Shenjia Linxi was completely dumbfounded. Before she could finish her words, Yan Yusheng had already disappeared from her sight. “You’re really fast.”

Yan Yusheng returned to the Yan residence as fast as he could.

As soon as he entered, he did not have time to care about Yan Yuhan who was watching the news on the SOFA. He went straight to aunt Liu and asked anxiously, “Aunt Liu, where’s the package?”

“I left it in the room for Miss,” aunt Liu replied with a smile. She knew that miss must treasure the things that young master Quan had sent her.

“Okay.” Yan Yusheng turned around and was about to go upstairs, but aunt Liu stopped her. “Miss, young master came back early and said that he wanted to have dinner with you!”

Upon hearing this, Yan Yusheng stopped in her tracks and turned around to ask, “my brother is back?”

“Yes, young master is in the living room...” as aunt Liu said this, she glanced behind Yan Yusheng.

Only then did Yan Yusheng realize that there was actually someone sitting in the living room... ..

COUGH COUGH!

She coughed dryly and quickly walked over. She greeted him with a smile, “brother, why are you back so early tonight?”

Yan Yuhan gave her a knock and pretended to be angry with a straight face. He said sourly, “you see me now?”

“Aiya brother, don’t be like this...” Yan Yusheng leaned over coquettishly and hugged her brother’s arm, “you’re not busy anymore?”

“I don’t have much to do today. I’ll come back and have dinner with you.” Yan Yuhan smiled and tapped her forehead with the tip of his index finger, “there’s a video conference in a while. Go upstairs and wait for me. Dinner will be ready in twenty minutes. “

“Okay!” Yan Yusheng nodded and stood up with her schoolbag on her back. “Then I’ll go upstairs first, brother! “

After she hopped upstairs, Wu Shu, who was standing in the dark, walked out and asked curiously, “young master, do you have a video conference in a while? “

It seemed that this item was not included in the schedule.

Yan Yuhan curled his lips into a faint smile and his dark gaze was retracted from the corner of the stairs. “leaving her here is also because she’s absent-minded. Why don’t we let her go look at the presents in peace? “

He and Yu Sheng had grown up together and were twins. There was still a little bit of telepathy between them.

Wu Shu did not say anything after hearing that. He only gave a meaningful glance upstairs and quietly retreated into the darkness.

Upstairs.

Yan Yusheng hurried back to her room. She almost saw a large light gray box on the bed. There was a huge bow tied with a ribbon on top of it. There was a black card under the bow.

There had never been a card among the things that were sent in the past.

Why did it feel different this time?

Yan Yusheng opened the small card full of anticipation.

[see you tomorrow]

There were only three simple words, and the signature was the neat and powerful ‘Quan Che’ .

Yan Yusheng held her breath immediately. She stared at the small card repeatedly several times before she was sure that she wasn’t seeing things. It was really written by Quan Che himself!

He said... .. See you tomorrow ? !

Did he come to Rao city?

Moreover, what time was tomorrow Morning or afternoon Day Or night?

Would he come to the house, or somewhere else?

These questions kept popping up in her head. Yan Yusheng only felt that her cheeks were a little hot, and her heart was beating very hard.

Strange... .. was she sick ? ?

Chapter 2154: life was dull and bland, but it was also a kind of happiness

Touching her forehead, she felt that it was not very hot. Yan Yusheng shook her head and tried to wake herself up a little before opening the box.

"It's actually..." she froze on the spot and stared blankly at the things in the box.

Just as she was about to reach out to take it, there was a knock on the door.

"Knock, knock, knock! Miss? COME DOWN FOR DINNER? Young Master is waiting for you!" It was aunt Liu.

"COMING!" Yan Yusheng hurriedly closed the lid again, turned around and trotted downstairs.

When she went down, she looked at her watch. Why did twenty minutes pass so quickly?

Why did she feel like she only went up for a short while?

In the restaurant.

Yan Yuhan was sitting in front of a table full of delicacies. When he saw Yan Yusheng jog over, he couldn't help but frown. "Why are you running?"

"I was afraid that you would be in a hurry!" Yan Yusheng chuckled and obediently walked over to sit next to his brother.

As soon as he sat down, he began to sigh. "brother, do you know? You're really becoming more and more like daddy now! Just from the tone and manner you spoke just now, I almost thought that daddy was back!"

"..." Yan Yuhan raised his eyebrows slightly. Before he could say anything, Yan Yusheng said again, "yes, yes, yes, just like now!"

Yan Yuhan, "..."

When aunt Liu brought the last dish to the table, she heard that the brother and sister had such a good relationship. There was a smile on her lips as well. "Young Master, Miss, this hibiscus snow soup was sent from Qingxin Garden. There are also two carp that were braised in brown sauce."

After Long Qingxin died, she left Qingxin Garden to Xia Jinqi. Over the years, Xia Jinqi had taken good care of Qingxin Garden. From time to time, she would take time to bring her two children over to stay for a few days.

The Lotus flowers there bloomed most beautifully in summer every year. In the early years, there were even ornamental Koi carps. However, Xia Jinqi felt that it was too wasteful to just look at them. Fortunately, they were all replaced with edible fish, so she found someone to look after them.

In this way, fresh freshwater fish could be eaten all year round. In summer, they could enjoy the lotus flowers, and in autumn and winter, they could also eat lotus roots.

Hearing that there was food, Yan Yusheng stopped making a fuss and turned her gaze to the table of dishes.

She couldn't wait to start eating. Yan Yusheng tasted a piece of fish, and just as she was about to praise it, a bowl of hibiscus soup appeared in front of her.

Yan Yuhan first scooped a bowl for her and said, "Aunt Liu, you two should go eat too. "

"Okay, okay. We'll go now. " After saying that, he smiled and left.

Wu Shu, who had been hiding in the dark, also went to the kitchen when he heard that.

When Yan Yuhan and his sister were still very young, Xia Jinqi had asked Wu Shu to eat with them. However, Liu Juan refused no matter what. She insisted on bringing Wu Shu to eat with her. Moreover, she had taught him since he was young that it was already a great favor to be able to live in the Yan family. They absolutely could not do anything that had lost their sense of duty.

Others said that Liu Juan was so silly that she was pitiful. She did not know how to curry favor with such a good thing and could give her son a better life.

However, in fact, only she understood in her heart that no matter how good the Yan family was, it was still the Yan family. If Wu Shu was allowed to enjoy everything in the Yan family with peace of mind since he was young, what would happen if he had evil intentions when he grew up?

Since ancient times, people who did bad things did not have a good ending. Even if they were complacent for a moment, there would always be a day when they would return it.

She did not expect her son to be rich and noble. As long as he did things conscientiously and did his duty as a person, even if his days were plain and dull, it was still a kind of happiness.

Moreover, the people of the Yan family were really good to their family.

To be able to meet such a good family, it was even more appropriate to double the rewards.

Chapter 2155: He cares about you very much

After aunt Liu left, Yan Yusheng asked, "brother, do you know that brother Che Er has come to Rao city?"

"

Yan Yuhan's hand that was holding the chopsticks stiffened slightly, and his expression changed slightly. "He's here? When did this happen?"

"Uh, I don't know either... There's a card on the thing he sent over. Tell me, see you tomorrow?" Yan Yusheng took a bite of the crispy pickled radish and was a little puzzled. "He should be here..."

She didn't have any plans to go to Sanjiang City, and she said that she would see him tomorrow. It was probably at Rao city.

Yan Yuhan thought for a moment, and a smile appeared in his dark eyes. "Sanjiang City didn't receive any news of his return. It seems that he came straight to us after he returned."

As he said that, he looked at Yan Yusheng with a meaningful look. "little sister, he really cares about you."

"

“... maybe he came because of something... It’s not because of me...”Yan Yusheng lowered her eyes with a slight blush and continued to dig the rice in her bowl.

If it was really for her, how could they not have contacted each other for such a long time?

She thought that brother Che Er had long forgotten about her.

Yan Yuhan curled his lips. He saw through it and did not say it out loud. Instead, he said, “news from the Middle East has arrived. Mom and dad will be back in a week. “

“Oh, ” Yan Yusheng answered sullenly. His tone was filled with an unconcealable disappointment.

Although she was not a crying three-year-old child who chased after her parents and hugged them all day long, it had been a while since she had seen her daddy and mommy. She missed them very much.

Yan Yuhan reached out to pat her head and said dotingly, “so I might be a little busy during this period of time. Don’t be too busy eating by yourself. “

“GOT IT, brother! “

“...”

After eating, the siblings sat for a while before returning to their rooms.

In the study room.

Yan Yuhan browsed through the recent rise in the Yan Corporation’s share price and a few newly acquired plots of land in the east of the city. Wu Shu knocked on the door and entered.

“Young Master. “

Yan Yuhan looked up when he heard the voice. Seeing that it was him who had entered, he lowered his head and signed a document. At the same time, he asked, “have you found anything? “

“I found it. ” Wu Shu nodded. “three days ago, Young Master Quan entered the country. He has been staying in a private villa for the past few days, so there is no information on the hotel. In addition, he seems to have bought a villa in Spring River Mingyue. “

“Oh? ” Yan Yuhan raised his eyebrows and moved his signature slightly. “In whose name? “

Spring River Mingyue was developed by a developer under the Yan family. Yan Jun had even let Yan Yuhan see the case personally back then.

“It was bought in the name of a person called Bai Yuchen. “

“Bai Yuchen? “

“He is Bai Ye’s adopted son, and... ” Wu Shu paused for a moment and frowned. “He is also miss’s math teacher. “

“...”Yan Yuhan narrowed his phoenix-like eyes. No wonder the name sounded familiar.

But... Why Would Bai ye’s adopted son come to Rao city to be a teacher ? ?

Seeing that young master did not say anything, Wu Shu continued "This afternoon, Young Master Quan went to Miss's school. He should have met Bai Yuchen. According to Miss's classmates, after school, Bai Yuchen asked Miss to go to his office alone. "

Previously, it was because they had always thought that Quan Che should still be abroad. After all, even Sanjiang City did not have any news about Quan Che, so they could not find anything.

Now that they knew he was in Rao city, wouldn't it be a piece of cake to investigate his whereabouts?

"What a coincidence. " Yan Yuhan's eyes darkened and he smiled coldly.

Chapter 2156: Do what you want to do

When he had not gone abroad to study in the early years, he had also attended the same school as his sister. One could imagine the level of this school.

And it was at this level of school that someone like Quan Che's cousin actually appeared.

Putting aside whether Bai Yuchen's teaching experience and ability were competent, even someone with such a background would not be able to simply sneak into the school like this.

In Rao city, regardless of whether it was in the political or business circles, almost all the children and juniors of the higher-ups were educated at this school. The people responsible for educating this group of descendants had to go through thousands of selections and strict background checks in order to be competent.

The reason why Bai Yuchen was able to get in and hide it from so many people was probably Quan Che's masterpiece.

As for why he had gone to such great lengths to arrange all this, everyone knew that it was because of Sima Zhao's intentions.

Wu Shu sensed the cold air around him and knew that the young master was unhappy at this moment. He said, "there is nothing wrong with that Bai Yuchen. He has never expressed or crossed the line with eldest miss. "

When he said this, Yan Yuhan's tightly furrowed brows eased up a little.

No matter what Quan Che's intentions were, he did not want his sister to be unnecessarily troubled.

"cancel all of tomorrow's schedules. " After a long silence, Yan Yuhan suddenly lowered his eyes and continued to flip through the documents in front of him.

He had to work overtime tonight and do all of tomorrow's work together.

His parents had gone to the Middle East. He was the only one who took care of everything at home.

Fortunately, he was already used to these things and it was not difficult at all.

" ... " Wu Shu paused. He was a little puzzled by his young master's intentions, but he did not ask out the doubts in his heart. He only nodded and said, "yes. "

Just as Wu Shu turned around to get ready to go down to do his work, Yan Yuhuan's voice sounded again. "Get ready. Tomorrow night, Yu Sheng's school dance. You'll go with me. "

Wu Shu, "..."

Now he knew why the young master wanted to cancel tomorrow's schedule.

"..."

The next day, when Yan Yusheng rubbed her eyes and went downstairs to eat breakfast, she was surprised to find that her brother was sitting upright and drinking milk early in the morning.

"brother, aren't you busy today?" Yan Yusheng walked over and consciously sat down beside him. Seeing that he was still wearing casual clothes at this time, it seemed that he had no intention of going out this morning.

But on second thought, ever since she entered junior high school, her brother had not gone to the same school as her. The things they learned were also different. It seemed that he was very busy every day.

"Rest today." Yan Yuhuan's reply was concise and comprehensive. He did not mention anything about himself because he was worried about her, so he deliberately turned down all the work for today.

"Oh..." Yan Yusheng nodded and began to eat breakfast.

However, she was a little distracted as she ate. Anyway, it was a school holiday today. Her heart was filled with anticipation for the words written on the note that Che Er's brother had sent over last night.

Today, was today.

She wondered where brother Che Er would meet her?

As she thought about it, she actually couldn't help but laugh out loud... ..

Yan Yuhuan looked up at her. "What's wrong? "

"Ah?" Yan Yusheng came back to her senses and quickly shook her head. "nothing, nothing... brother, what are you doing today? "

"accompanying you. "

"No need. You're so busy. Mom and dad are gone. There are so many things waiting for you to handle, but I can't help at all." As she said this, Yan Yusheng's tone began to become a little disappointed.

She actually wanted to help her brother share the burden, but she seemed to be unable to get involved in many things.

Hearing her say this, Yan Yuhuan curled his lips into a smile. "leave the family to me. You just have to do what you want to do. "

Chapter 2157: do you know how to dance?

It was said that parents were the children's first teachers.

Yan Yuhan had seen how Yan Jun treated Xia Jinqi and how he treated Xiao puff since they were young. Moreover, he had learned them from the shadows.

His sister was used to be pampered and protected.

Therefore, he had chosen to be the backbone of the Yan family. He had learned the most and carved the deepest bones, so that his sister could freely do what she liked.

“thank you, brother!” Yan Yusheng leaned over and hugged his hand, shaking it slightly. “BROTHER IS THE BEST!”

“hurry up and eat.” Yan Yuhan pointed at her forehead, his eyes soft.

In the dark, Wu Shu withdrew his gaze, turned around, and retreated to the door. nove(Lb/1n

Coincidentally, Wu Wei ran over, panting. He was holding a brand new black suit in his hand, and he said breathlessly, “brother, your... Your suit!”

“Yes.” Wu Shu responded, without even looking at him.

Wu Wei rolled his eyes in anger. “I don’t know who was so anxious to get me out of bed to buy clothes for you, but now they don’t even want to look at me? Didn’t you say that you’re going to the dance tonight?”

“You bought it. I don’t worry.” Wu Shu continued to walk forward. His voice was calm, and there was no fluctuation at all.

“Hey, can you at least take a look and give it a try? By the way, do you know how to dance? Are you going to the dance? ! You...”

Before Wu Wei could finish his words, Wu Shu had already waved his hand and answered a phone call.

“Yes, it’s me. Young master is not free today. The group meeting will be postponed until tomorrow afternoon. Inform the higher-ups not to remember the wrong time.”

“...” Wu Wei rolled his eyes again. “The emperor is really not anxious to death!”

In the end, he could only accept his fate and hug his clothes as he followed.

He had no choice. After all, that was his most beloved big brother!

The time spent in waiting was always very long.

Because of Quan Che’s words last night, Yan Yusheng waited at home full of anticipation for an entire day.

However, after such a long time, there was still no sign of Quan Che. Yan Yusheng even began to wonder if she had been deceived... ..

In the evening.

Shenjia Linxi came to the Yan residence in high spirits.

Initially, she thought that the two of them would be excited together. Who knew that the moment she entered the door, she would see a listless Yan Yusheng who looked like he had lost his soul.

“What’s wrong with you? Could it be that your period is here? You look worried...” Shenjia Linxi walked over and walked beside her with a worried expression.

“No.” Yan Yusheng shook his head and turned his eyes to look out of the window.

The Sky darkened. It looked like brother Che er was really teasing her.

She had waited for so long for nothing... ..

Seeing her like this, Shenjia Linxi became even more curious, “since you’re not on your period, then what’s wrong with you? Aren’t you looking forward to tonight’s dance? Think about how many little brothers and sisters there are!”

“You’re obviously looking forward to it, okay...” Yan Yusheng helplessly poked Shenjia Linxi’s arm and snorted. “You still want to hit on little sister!”

“I can’t hit on her. It’s good to feast my eyes!”

Shenjia Linxi was inexplicably excited. As she spoke, her sharp eyes noticed the light gray gift box at the side. The bow had been untied, and the box was half-open.

“What’s this?” As she muttered, she reached out to remove the LID.

Yan Yusheng also looked back, but before she could answer, she heard Shenjia Linxi Gasp “Wow! This looks too good! ! Yusheng, are you wearing this tonight? I was wondering why you didn’t buy the dress with me yesterday, so it turns out that you were prepared!”

Chapter 2158: what is she trying to do?

The Shen family was also a prominent family in Rao city, especially Shenjia Linxi’s father, who was once Xia Jitian’s favorite student.

Back when Yan Jun recommended Xia Chuanxu for the position, Shenjia Linxi’s father had also contributed a lot. Later, he was placed in an important position by Xia Chuanxu and rose all the way to the top, allowing the Shen family to have its current status.

Shenjia Linxi had been doted on since she was young. She had everything she wanted and had seen many good things, but she was still amazed by the evening gown in the box.

“Is it your own brand? I saw this totem on your clothes...” Shenjia Linxi looked at the strange totem embroidered on the left breast of the evening gown and asked in confusion.

The Shen family did not have a clothing brand. Most of Shenjia Linxi’s clothes were bought from the Yan family’s brand. There were also many international brands. Not to mention that she had seen all the big brands, but she knew all the mainstream brands today.

However, the one in front of her was something that she had never seen on the fashion rankings.

Yan Yusheng also looked at the totem and shook her head. "It's not our family's. I don't know what brand it is exactly..."

She thought, it's probably under the Quan family?

She heard from her father that the Quan family's business was very extensive. From space equipment to food, clothing, food, and transportation, it covered all kinds of service industries. Their family assets were no less than the Yan family's.

"Don't tell me, the clothes of this brand are all very beautiful. Next time, you can take me there too!" As she spoke, Shenjia Linxi had already taken out the evening gown from the box and started to admire it carefully.

"This..." Yan Yusheng was about to say that she didn't know where this brand was sold when she heard Shenjia Linxi shout excitedly, "it looks so good! Yusheng, hurry up and put it on for me to see!"

Yan Yusheng, "..."

Before she could figure out what was going on, she was chased into the changing room by Shenjia Linxi along with her dress.

At the same time, in a private courtyard less than a hundred meters away from the Yan family home.

The Sky outside the house gradually darkened.

The study room on the third floor was exceptionally bright.

Bai Yuchen had already changed into a coffee-colored Tuxedo. Looking at the black suit that the maid had brought over earlier on the table, he asked with interest, "I heard that you had someone send a suit to the Yan family last night. Could it be that it's a couple's suit with yours?"

Quan Che, who was flipping through a few documents behind the table, did not raise his eyes. He only asked indifferently, "what do you think?"

"Tsk Tsk, YOU'RE SO SCHEMING!" Bai Yuchen sighed. He felt that this kid's calm and collected appearance made him uncomfortable. He rolled his eyes and started to find fault "To be honest, you've been flirting with foreign girls for so many years. Why haven't you fallen for a foreign girl? And that little Nian who's been running with you since young. I even saw her last night. She's like a lotus out of water. Don't you have any interest in her?"

As expected, the moment Bai Yuchen said these words, Quan Che's hands stopped moving. His pitch-black eyes looked at him.

"She's in Rao city?"

"Yes! Didn't you know?" This time, it was Bai Yuchen who was stunned. "I thought you guys came together..."

Little Nian's original name was Qi Nian. She was the daughter of Quan Che's parents and friends. She had grown up with Quan Che since she was young. Later on, they went abroad to study together. They could be considered serious childhood sweethearts.

Quan Che did not answer. He lowered his eyes and rearranged the documents on the table that he had just read. It was as if he had not heard Bai Yuchen's words at all.

Bai Yuchen did not give up when he saw him like this. He pressed on, "she kept asking me about Yan Yusheng. Tell me, what is she trying to do?"

Chapter 2159: Yan Yusheng is mine

"What did you say?" QuannChee furrowed his brows, and a hint of displeasure appeared in his dark eyes.

Bai Yuchen's heart almost jumped out of his chest when he was glared at like that. He stuttered, "just... just said something about learning character..."

Hearing that, Quan Che finally put away his overbearing hostility. He threw down the document and stood up. "In the future, if she comes to you again, just say that Yan Yusheng is mine. If you want to know anything, come and ask me."

With that, he took the suit on the table and turned around to go into the inner room.

Bai Yuchen, who was still rooted to the spot, took a deep breath before he patted his chest and sighed. "His aura is so domineering that it scares people to death! He's even scarier than uncle..."

Before he could finish speaking, the phone rang.

Bai Yuchen took out his phone and looked at it. His forehead started to sweat. "speak of the devil!"

As he mumbled, he quickly picked up the phone and put on a smile. "Uncle, hello!"

On the other end of the phone, Quan Rui's tone didn't sound very good. "Quan Che is at your place?"

"Uh... yes," Bai Yuchen braced himself and answered. He turned to look in the direction of the inner room and suddenly had an ominous premonition ...

In the next second, Quan Rui's angry voice was heard. "tell him to call me back."

"okay..."

"Also, your father is in Sanjiang City. Come back and visit him when you have time."

"okay..." Bai Yuchen said two "okay" in a row, and then the call was hung up.

On the other end of the phone.

Quan Rui had just ended the call when Bai ran hurriedly asked, "so? Is Che Er in Rao City?"

"Yes."

"..." Bai ran was silent for a moment before she said helplessly, "she really went there..."

Quan Che had returned to the country without even informing his parents, let alone coming back to take a look. He had gone straight to Rao city. Seriously!

In comparison, Quan Rui was not too surprised. He only asked, "this year, Xiao puff should be seventeen, right? "

"Yes, she's two years younger than our son. " Bai Ran nodded as if she understood something. Then, she smiled and said, "so she went to see Xiao puff. No wonder she didn't tell us. "

"What do you mean?" QuannRuii frowned slightly and looked back at his wife.

"We know. Xiao Nian must also know. It would be strange if she didn't chase after him. " Bai Ran smiled and shook her head.

These children had grown up with age in their minds. In addition to the twists and turns, they suddenly liked someone they didn't like in the past.

Originally, Qi Nian had a classmate who liked Quan Che. Qi Nian had helped that classmate chase after Quan Che, but unexpectedly, that classmate gave up and Qi Nian fell in love with Quan Che instead... ..

Not only did he skip grades to study in the same class, but he also went abroad to study. Who Knew if he followed Quan Che to Rao city now.

When Quan Rui heard this, he raised his eyebrows slightly. "Does Hanlin know? "

"Weiran probably knows... " Bai ran thought for a moment before saying.

Even if the parents knew about the children's matters, it wouldn't be convenient for them to interfere.

" ... "

Quan Che changed his clothes and came out. He saw Bai Yuchen grimacing on his phone and asked casually, "who was it? "

"Ah? " Bai Yuchen came back to his senses and giggled. "You heard everything? "

Quan Che didn't answer. He narrowed his phoenix-like eyes and looked at him.

Seeing this, Bai Yuchen smacked his forehead. If he had heard everything, he wouldn't have asked this question. He probably heard his ringtone when he entered the house just now, right?

"It's your father. He asked me if you were at my place and asked you to call him. " Bai Yuchen spread his hands and confessed honestly, "they don't know that you've returned to the country? "

Chapter 2160: What exactly did represent

"I know now. " As he spoke, Quan Che glanced at the watch stand in front of him and picked out a white watch. There was an exquisite totem in the middle of the diamond-encrusted dial.

Bai Yuchen could tell that Quan Che's tone was not very pleasant at this moment. He coughed lightly and looked at Quan Che's watch and clothes, changing the topic, "this watch and the logo on the suit look very familiar. Where have I seen it before? "

" ... " Quan Che didn't answer directly. He turned around and walked out of the door, "let's go. "

“wait a minute. I’ve really seen it somewhere before... why can’t I remember?” Bai Yuchen followed him out, patting his forehead as he kept recalling memories related to that totem ...

However, people were sometimes so strange. He couldn’t remember anything he wanted to know.

When the car stopped at the school, Bai Yuchen still couldn’t remember where he had seen that totem.

Instead, he waited for a long time but didn’t see Quan Che get out of the car. He asked curiously, “why are you parked outside? “

As he spoke, he followed Quan Che’s line of sight and happened to see the Yan family’s car not far away.

It looked like they had just arrived.

After the car stopped, an attendant came forward and opened the car door.

The first one to get out was a handsome youth in a black suit. Although he didn’t look old, and even looked a little childish, there was a stern aura between his brows. No one dared to pry.

Bai Yuchen swallowed quietly. This child was just like his father... ..

It was said that when Yan Jun took over the family affairs in the early years, he was only a child in his teens.

Now, at such a young age, not only did Yan Yuhan manage the Yan Corporation in an orderly manner, even the current president had to give him some face. It was said that he was also famous in the martial arts world, and everyone called him master Han.

Bai Yuchen could not help but recall that when Xia Jinqi was making a name for herself in Lego, her public identity was the seventeen-year-old Genius Xia Tian.

He did not know if it was a coincidence or not, but now her son was in his prime, a great man who was seven out of ten years old!

As he lamented, Yan Yuhan bent down slightly and stretched out his slender hand, as if he was holding someone in the car.

“That is...” Bai Yuchen paused. Before he could finish his sentence, Quan Che, who was beside him, narrowed his phoenix-like eyes and looked straight ahead.

Under the bright lights at the entrance, a slender hand wearing a plain white gauze glove fell into Yan Yuhan’s palm.

Immediately after, a similarly young girl slowly got down from the car. Her light footsteps and calm expression made her look like a fairy who had taken advantage of the hazy night to visit the human world. She was pure and flawless, bright and charming.

Watching from afar, Quan Che curled his thin lips and smiled faintly.

She was wearing the gown that he had sent over.

It was a pair with the one he was wearing.

Just as he was engrossed in watching, Bai Yuchen suddenly cried out from beside him, “Ah! I know! I was wondering why the totem on your watch looked so familiar. It turns out that I’ve seen it on student Yan before... There’s one on tonight’s gown too? “

As he said that, he turned back to look at Quan Che’s clothes and indeed found the exact same totem!

“Clan emblem? That’s not right. Your Quan clan’s clan emblem isn’t shaped like this... ” Bai Yuchen scratched his head, his brows tightly knitted together. He had no idea what this totem that kept appearing on their bodies represented.

Without waiting for Quan Che’s reply, a series of knocks on the window rang out, giving Bai Yuchen a fright!
