

Trick Me 2181

Chapter 2181. I wonder if I have the honor of dancing with you

There was a moment of silence in the air.

Yan Yusheng's heartbeat was a few beats slower.

Tonight, it was the first time he had called her that... ..

It was as if an electric current had passed through her heart, numbing and numbing.

She lowered her head shyly. There was a faint blush on her cheeks as she let out a small "mm" .

How could she not think about it?

Every morning, she would pick out clothes and every night, she would fall asleep and look at the house full of presents. He would always occupy her mind at all times.

Hearing this, a hint of a smile quickly appeared in Quan Che's eyes. "I came back early. Are you happy? "

"Yes. " Yan Yusheng continued to nod her head. She lowered her head even more, and her ears turned red from embarrassment.

However, since she said this, she suddenly thought of something and looked up at him. "Didn't you say that you would only come back when I'm twenty years old? "

Quan Che didn't answer quickly. Instead, he was silent for a moment. He wiped the corner of his mouth with a tissue, as if he had made up his mind. His deep gaze stared straight at her. "I can't wait any longer. "

As he watched her grow up and have more and more friends by her side, he felt a sense of crisis.

If she did not return soon, she might fall in love with him one day. At that time, it would be too late for him to regret.

Yan Yusheng naturally did not know about this. However, when she heard him say this, she still looked at him with a confused expression. "Can't wait for what? "

Quan Che smiled. Just as he was about to say something, Yan Yusheng's cell phone rang.

She lowered her head to look at the message and found that it was from Shenjia Linxi.

[Hey! Why did you leave? Who is the handsome guy who picked you up? Are you two really engaged? ! Is it true?]

Yan Yusheng blinked and her fingers quickly jumped on the screen. [your message is too late, isn't it? Stick out your tongue]

[this... Aiya, senior Qi Shuai invited me to dance just now! What about you? Are you at home now? Is it convenient to pick up the phone? Tell me quickly!]

[I'll go back to look for you proudly] Yan Yusheng replied to the message in a few seconds. When she put down her cell phone, she heard Quan Che ask, "Are you full? "

"Yes! I'm full. " Yan Yusheng nodded with a smile.

Seeing this, Quan Che looked back at the housekeeper behind him. Immediately, a servant came over to clean up the table.

While they were tidying up, Quan Che took Yan Yusheng to sit down on a chair by the pool.

The two of them chatted about the recent situation of the past few years. Time passed by minute by minute until a soothing dance song slowly came over... ..

Yan Yusheng was just about to turn her head to see where the sound came from when the man beside her stood up. With one hand behind his back, he extended his other hand towards her and invited her in a very gentlemanly manner "This beautiful lady, I wonder if I have the honor to dance with you? "

"..."Yan Yusheng was momentarily absent-minded when she suddenly became so formal.

However, it was only for a moment before she stood up and handed her hand over gracefully. "Of course. "

After saying that, the two of them looked at each other and smiled.

Quan Che took a step forward and placed his large hand on her slender waist.

An electric current instantly pierced through the hearts of the two of them.

Following the gradually rising melody, they began to dance together... ..

What was not completed at the ball was now replaced.

Yan Yusheng had never noticed that there was actually a band across the pool.

Quan Che had long prepared for all of this... ..

And she was already completely lost in his vast and boundless eyes as she spun one after another.

Chapter 2182: you also like Xiao Sheng, right?

Late at night.

Yan Yusheng was lying on the bed, hugging the blanket and unable to fall asleep in excitement.

The images of her and Quan Che dancing together kept flashing in her mind.

Every look, every movement, every bit of gentleness was deeply engraved in her mind... ..

Yan Yuhan returned not too late. He had wanted to visit his sister, but the lights in her room had already been turned off.

Aunt Liu said that when his sister returned, the corners of her eyes and brows were filled with a bright and radiant smile.

“Young Master, the person who bought the house next door is Quan Che.” Wu Shu flipped through the receipts that he had just gotten from the tax bureau. “The transfer of ownership was completed three days ago.”

“No wonder.” Yan Yuhan smiled. He held the railing of the balcony with one hand and looked at the two mansions not far ahead.

That place had been empty for a long time. Back then, his mother had thought of buying it together to expand the Yan family, but after much consideration, she still did not want to be exposed.

Sometimes, the more power one had, the more one had to know how to control it. Otherwise, they would become the target of public criticism.

Moreover, the Yan family’s territory was already big enough. In addition to Qingxin Garden and Lego’s territory, there was really no need to buy it anymore.

However, what he did not expect was that Quan Che had just returned to the country and had actually bought the courtyard first-hand.

Moreover, he had bought it so close. Wasn’t this Sima Zhao’s intention known by everyone?
n))OVLb1n

However, thinking about it carefully, it was not a bad thing to have someone who cared so much about his sister. Moreover, this person was not bad.

Wu Shu kept the receipts and also raised his eyes to look at the Ferris Wheel Spinning in the dark night.

In the silence, Yan Yuhan suddenly said, “Shu, you like Xiao Sheng too, right?”

He had grown up with Wu Shu since he was young. Wu Shu could not hide anything from him.

Wu Shu was stunned for a moment. The next second, he looked back at Yan Yuhan and realized that he was not looking at him.

The light of the Ferris wheel was still as bright as ever. It was just like when they were young, when they did not have enough food and clothing. It was not until they met Yan Yuhan and the Yan family that they were able to live a stable life.

Although their parents were both servants of the Yan family, the Yan couple treated them very well.

His father was now working as a housekeeper in Qingxin Garden, and the house in his hometown was rebuilt into a three-story house. His younger siblings received a very good education and went to a very good school.

After all these years, they had also become a family with a good family background.

All of this was given to them by the members of the Yan family.

“Young Master, I will treat the eldest miss as my own biological sister and protect her for the rest of my life.” Wu Shu was silent for a long time before he suddenly answered.

He did not deny Yan Yuhan's words, nor did he dissect his own feelings. He gave Yan Yuhan the most direct answer.

Hearing this, Yan Yuhan nodded and did not bring up this topic again.

"You are tired too. Go and rest. "

"Yes. " Wu Shu nodded and turned to leave.

After he left, Yan Yuhan looked back at the place where he left just now. He was absent-minded for a long time.

Ever since he was young, other than following by his side, Wu Shu mostly watched his little sister quietly.

But... ..

Forget it.

In matters of love, he was just an outsider.

After Wu Shu left Yan Yuhan's room, he did not return to his own room. Instead, he went to Yan Yusheng's residence on the fourth floor.

He stopped in front of her door for a long time, holding a purple wind chime grass in his right hand.

The legendary wind chime grass was loved by the Sun God Apollo.

The Jealous West Wind threw the disc at the wind chime grass'head. At this time, the fresh blood that flowed out splashed on the ground, and the wind chime grass'flowers bloomed.

Chapter 2183: mutual affection

Therefore, it represented jealousy.

But it also had another meaning — gratitude.

Thank you for making me like you.

If it weren't for you, I might never have known that liking someone could be such a blissful thing.

Seeing Yan Yusheng and Quan Che Smiling Happily together, Wu Shu couldn't say that he hadn't been jealous before.

But the love and protection in his heart for her surpassed everything else.

He wouldn't even tell her his own feelings. This silent love would forever be buried deep in the bottom of his heart, only then could it become eternal.

Thinking of this, Wu Shu smiled in relief. He bent down and placed the Bluebell grass in front of Yan Yusheng's door.

Xiao Puff, you must be happy every day from now on.

Promise me.

“...”

After the dance, Bai Yuchen originally wanted to send Qiannian directly back to the hotel.

But she insisted on looking for brother Che, so she could only bring her to Quan Che's new villa.

As soon as the car stopped, Qiannian stared at the Ferris wheel in the night sky in a daze. After a long while, she asked, “this... couldn't be Yan Yusheng's home, right?”

Before she came, she had learned about the Yan family on the Internet, so she naturally knew about the unique ferris wheel.

“It's next door,” Bai Yuchen answered casually. He pulled out the car keys and walked into the villa.

The security guard recognized him, so he did not stop him.

Qi Nian's expression turned ugly, but she still followed him. “Brother Che even bought a house next door to hers. Why?”

“What do you think?” Bai Yuchen really wanted to roll his eyes. Such an obvious thought, probably only Qi NIAN would not be able to see it.

Or perhaps, it was not that she could not see through it, but she just did not want to understand it.

But thinking about it, it made sense. Qiannian was still young, and a child at this age was at the right time to be stubborn!

After all, she had some compassion in her heart, Bai Yuchen said again “Little Nian 'er, you should have seen it at the dance just now. Your brother Che's attention was all on her alone. No matter how beautiful you dress, no matter how proactive you are, your brother Che is unmoved.”

Speaking up to this point, Qiannian suddenly stopped walking, and her expression became uglier and uglier each time.

“there are many good men in this world. Why do you have to find someone who doesn't like you at all Moreover, you're still so young. What's the rush “wait a few years. When you grow up, you'll go to all the places in the world that you want to go. When you've seen the whole world, you'll truly know what you want.” Bai Yuchen continued to persuade her Try to treat her as an adult. Otherwise, if she was not careful, she would be disgusted.

When that time came, there would really be nothing left to talk about.

Qi Nian gritted his teeth and looked up at Bai Yuchen in confusion. “But when I come back, brother Che might have already married her.”

“That's why it's fate to meet the right person at the right time. You've been by Little Che Er's side for so many years, but he has never fallen in love with you. Do you think he'll change his mind in a few years?”

“then... but I really like brother Che!” Qi Nian stomped her feet anxiously. Her eyes were red as she glared at Bai Yuchen and cried out aggrievedly, “why aren’t you helping me? You clearly saw brother Che take her away, but you’re still dragging ME TO DANCE!”

Bai Yuchen rubbed his temples helplessly. Suddenly, he looked at Qi Nian seriously and said, “it’s your business if you like him, but it’s his business if he doesn’t like you. Xiao Nian ‘er, do you know what the most wonderful thing about being in love is?”

“What?”

“mutual affection.”

Chapter 2184: are you coming back with me?

“...”

Qi Nian fell silent.

However, Bai Yuchen was still unwilling to let her go. He added, “that was just unrequited love.”

“You don’t know anything!” Qi Nian suddenly pursed his lips. After letting out a loud roar, he pushed Bai Yuchen away and ran into the villa.

The remaining Bai Yuchen, who stood rooted to the ground, waited for a long time. His Thin Lips, which had been pursed into a straight line, curled up into an arc. He smiled and followed behind with his hands behind his back. “What’s so good about knowing so much? It’s hard to get confused in life!”

When Qi Nian rushed to the study room upstairs, Quan Che happened to be on the phone with his parents.

He was about to go to sleep, but when he saw her come in in a huff, he sat down patiently and asked the maid to bring some tea and pastries upstairs.

“Your parents said they sent someone to pick you up,” Quan Che passed on a message.

When they were on the phone just now, Qi Hanlin and Weiran were also at the Quan family’s house, so they only exchanged a few words.

It seemed that Qi Nian was the same as him. She didn’t inform her family about her return to the country.

When the maid placed the pastries in front of Qi Nian, she looked up at Quan Che. “Brother Che, will you come back with me?”

Quan Che shook his head slightly. He held a cup of tea in his hand and took a SIP.

Coincidentally, Bai Yuchen had also come upstairs at this time. Seeing that Qi Nian was about to cry, he continued stabbing her heart without hesitation “He bought this place. How could he leave after only staying here for a few days? I’m afraid this kid is going to stay here for a few years!”

“...”Qi Nian gritted his teeth and tightened his grip on his skirt. He glared fiercely at Bai Yuchen. The latter immediately averted his gaze and pretended to drink his tea as if nothing had happened.

He didn't eat much in the middle of the night. His stomach felt empty as he drank his tea. He casually grabbed a handful of pastries from his plate and threw them into his mouth. “Mm, this PUFF TASTES PRETTY GOOD! “

The speaker didn't mean what he said, but the listener meant what he said.

The expressionless Quan Che suddenly curled his lips at this moment. A hint of gentleness appeared in his ice-cold eyes.

Even Qi Nian noticed his change at the first moment. He frowned and asked, “Brother Che, why are you smiling? “

“Nothing. ” Quan Che shook his head. His reply was very faint, but it couldn't hide the softness in his eyes.

Bai Yuchen saw this and helplessly hugged his head. He wailed, “No way, big brother! I'm saying that this puff is delicious! It's not that Xiao puff of yours, alright? “

Qi Nian finally understood. Yan Yusheng's nickname was Xiao puff. She had investigated Yan Yusheng's information, so she knew about it.

It was as if there was a hole in the bottom of his heart. It was very empty and very cold.

Qi Nian gritted his teeth. When he looked at Quan Che again, his eyes were already red.

It had been more than ten years. She had rarely seen brother che smile.

Most of the time, he was indifferent and cold, making it difficult to approach him.

However, Bai Yuchen had just casually mentioned a puff and he had smiled.

This was the first time Qi Nian knew that he, who had always been cold and stern, also had such a gentle and silly smile.

And all of this was because of Yan Yusheng... ..

Bai Yuchen's words suddenly appeared in his mind.

Love was only when two people were in love.

She... .. was just wishful thinking and unrequited love ...

Brother Che had never smiled at her like that... ..

Quan Che did not put his attention on Qi Nian, so he did not know what she was thinking. Seeing that it was getting late, he said, “I'll send someone to send you back. “

He did not plan to let the two of them stay at home for the night.

It was a little disagreeable, so he still had to avoid them.

Chapter 2185: There were some people in who were different

Bai Yuchen put down the teacup in his hand, clapped his hands, and stood up. "Alright then. It's getting late. You should rest early! "

After saying that, he turned to look at the depressed Qi Nian. "Let's go. I'll send you off on the way. "

Qi Nian shook her head. "You should go back first. I have something to tell brother Che. "

Her tone was very firm, so firm that it made one's heart ache.

Bai Yuchen hesitated for a moment. He did not say what he wanted to say in the end. He only took his clothes and walked out of the door.

After he left, the room suddenly fell silent.

Quan Che didn't speak first. Just like in the past ten years, he rarely talked to her. At most, it was about matters between their families, or he was overseas and needed to pay more attention to his safety.

Qi Nian waited for a long time but didn't hear Quan Che's Voice. Sighing, she could only speak first, "brother Che, did you stay in Rao city because of her? "

Even if she didn't say it out loud, the two of them knew who she was referring to.

Quan Che nodded slightly, not hesitating at all.

In fact, she had already expected his answer.

The Quan family's power base was in Sanjiang. Quan Che would inherit the Quan family in the future. The first thing Quan Che would do when he returned to the country would be to return to Sanjiang city.

However, he ran over to Rao city eagerly. Not only did he buy a house here, but he also slowly shifted the focus of his business here.

All of this was because Yan Yusheng was in Rao city.

When he thought of this, Qi Nian pursed his lips and tears fell uncontrollably.

Brother Che had actually gone to such lengths for that woman... ..

"Brother Che, can I ask you one last question? " Qi Nian sniffled and asked again.

"Go ahead. " Quan Che put down his teacup and looked at her seriously.

He tried his best to steady his sniffles before Qi Nian looked up at Quan Che and asked solemnly, "why don't you like me? "

Many people might think that this question was asking for humiliation.

But Qi Nian felt that she had to know the answer.

Only then would she be able to convince herself to give up... .. *nove.1b*-In

“I treat you as my younger sister,” Quan Che answered. “Just like Tang Tang.”

The Quan family had four children, four surnames, and the youngest sister was called Tang Tang.

The last glimmer of hope in Qi Nian’s heart was completely extinguished with Quan Che’s answer.

If Brother Che said that she did something wrong, whether it was her bad personality or her bad looks, she could always think of ways to correct it.

But relationships were misplaced. Who else could do anything about it?

Perhaps it was because they grew up together... ..

Qi Nian narrowed his eyes and still refused to give up, “what about Yan Yusheng? She has known you since she was young. Why don’t you treat her as your younger sister?”

“She’s different.” Quan Che lowered his eyes and looked at the few pieces of puff pastry on the plate as he said slowly.

Some people were different. They were destined from the start.

And his words completely shattered Qi Nian’s dreams.

A simple statement that said that she was different really made people go crazy with jealousy.

Qi Nian took a deep breath and stared at the puff on the plate. Her eyes were red. “I’d like to see what’s so different about her!”

After saying that, she stood up with a whoosh and walked out of the door with her bag in hand.

However, she had only taken two steps when brother Che’s cold warning came from behind. “Xiao Nian, don’t touch her. Otherwise, we won’t even be friends.”

“...”her footsteps suddenly stopped.

Qi Nian didn’t turn back. She gritted her teeth and didn’t allow herself to cry.

Chapter 2186: was a breakup, right?

More than ten years of companionship, and all she got in return was this one sentence.

She suddenly knew why Bai Yuchen had said that she had overestimated herself... ..

In the end, she didn’t say another word. Qi Nian ran off quickly.

Quan Che didn’t chase after her. Those kind words would only give her more hope.

He let out a long sigh, picked up his phone, and dialed Bai Yuchen’s number.

“Xiao Nian is out. Help me persuade her.”

When he received the call, Bai Yuchen was leaning against a big tree in the courtyard with a half-eaten apple in his hand. He saw Qi Nian running out of the villa crying. She looked as if she had been wronged.

“What did you do to her?” Bai Yuchen asked worriedly, his brows furrowed tightly.

In his memory, although Qi nian would occasionally be a little willful, she was still pure-hearted. She was usually cheerful and rarely cried.

There was a moment of silence on the other end of the phone before he sighed. “Let her give up. “

“...” Bai Yuchen wasn’t surprised by this answer.

Actually, he quite admired Quan Che.

When it was time to be gentle, it was as warm as the warm sun in winter. When it was time to be heartless, it was even colder than the temperature of the ten thousand year cold pond.

This was still better than being ambiguous and cheating on her, right?

“Alright, I’ll help you persuade her. ” At times like this, it was time for his eldest cousin to make a move!

However... .. “but I have a condition. “

“speak. ” The person on the other end of the line was rather straightforward.

Bai Yuchen immediately arched his eyebrows and looked as if he had succeeded. “I want to... “

“...”

Qi Nian rushed out of the villa in one breath. The car that Quan Che had arranged for him had been waiting for a long time.

Although he was angry, he still had to take the car.

As soon as he got into the car, Qi Nian said angrily, “go to the Yan family! “

The driver was stunned for a moment. The Yan family was right next door... .. And young master’s instructions were for him to send Miss Qi back to the hotel ...

“This... “

At the critical moment, another person got into the car.

“Don’t listen to her. Go Straight back to the hotel. ” As Bai Yuchen spoke, he slammed the car door shut.

“Yes, Young Master Bai. ” The chauffeur immediately nodded and started the car.

Qi Nian ignored the fact that the car was already driving away from the Yan family. He turned around and glared angrily at the man sitting beside him. “What are you doing? This is my car! “

“wrong. This is little Che’er’s car. ” Bai Yuchen shook his index finger at her, his face showing that he didn’t care.

“HMPH! ” Qi Nian turned his head away and didn’t look at him again. However, just from his tone, it was obvious that she was very angry at this moment. There were still wet tears on her little face.

Seeing her like this, Bai Yuchen did not continue to say anything to provoke her. Instead, he smiled faintly. n((Ove**l**1n

As expected, a really kind person was the easiest to bully.

Even though he had gotten into the car rashly, she did not clamor to chase him out of the car, even though she was in a really bad mood at the moment.

Could it be considered a breakup?

Bai Yuchen used to be the person who did not think highly of his first love when he was young. He always felt that it was an impulse when he was young, and it was not true love.

But now that he saw Qi Nian, he suddenly had the urge to change his mind.

Perhaps love really had nothing to do with age.

It only had to do with that particular person.

The car drove all the way from the secluded upscale residential area into the bustling city center. After passing by two crowded food streets, waves of Barbecue incense drifted into the car.

Qi Nian had not eaten tonight... .. smelling this smell, his stomach immediately began to grumble ...

He covered his stomach in embarrassment, but Bai Yuchen, who was beside him, did not give him face at all and laughed loudly. "hungry? Let's go! Big Brother will bring you to eat supper! "

Chapter 2187: a different life

Qi NIAN's face turned red instantly. He still refused to admit it, "who said I'm hungry? ! "

Bai Yuchen laughed even louder. He looked at the driver in the front row and said, "stop the car! "

The driver knew about Bai Yuchen and Quan Che's relationship, so he stopped the car without hesitation.

When Qi Nian was pulled out of the car, he was still thinking about how to take revenge on this hateful Bai Yuchen. However, as soon as he stood on the food street, he was immediately attracted by the stalls on both sides of the street.

In recent years, not only Rao city, but many other cities had undergone renovation.

The street vendors that used to be on the street had slowly disappeared. In their place was this kind of food street that appeared in every area of the city. At night, all kinds of delicacies gathered together. It was very lively.

"MUTTON SKEWERS! SELLING MUTTON SKEWERS! "

"grilled squid, GUARANTEED SPICY AND FRESH! "

"Stinky Tofu, no stinky, no charge! "

Many lively bosses were hawking along the street. There were even some that were generously given to passersby to taste. People came and went. It was very lively.

Almost as soon as they stood there, they were immediately attracted by the atmosphere.

For a moment, Qi Nian couldn't care less about being sad. She looked at the food in a daze, and her brain was already under her control... ..

Bai Yuchen was happy to see this scene. He randomly picked a barbeque shop and dragged Qi Nian in. "What's the point of just looking at it! Of course, you have to eat it before you know the taste! "

"Hey! I... I don't eat in places like this... " Qi Nian refused softly, but she followed him in honestly ...

"TRUST ME! IT'LL DEFINITELY BE DELICIOUS! You'll know when you smell it! It's first-rate! "

The smell was indeed tempting... .. But Qiannian, who had been pampered since she was young, was still a little worried. "But... will it be dirty? "

The auntie who was in charge of taking care of her never let her eat roadside stalls.

"What's so dirty about it? Miss, try living a normal life once in a while! " Bai Yuchen didn't care about that. He waved his hand and found the menu, then began to order.

After choosing a few dishes that looked good, he asked Qi Nian, "what do you want to eat? "

"anything... "

"Do you have any taboos? "

"well... I don't really like spicy food... " although Qi Nian answered hesitantly, at least he didn't seem to dislike roadside stalls so much ...

Hearing that, Bai Yuchen really ordered a few vegetarian dishes and even specifically told the boss not to be too spicy.

After that, the two of them sat on the small table next to the barbecue stall and waited.

There were many people coming and going around. Many girls were holding ice cream cones in their hands, which were colorful. They became the most beautiful decoration on this hot and stuffy night.

Qi Nian couldn't help but feel envious. She had never tried to eat this on the street... ..

Moreover, the Auntie always said that being cold was not good for the body, so she never gave her ice cream.

Bai Yuchen could see the desire in her eyes. He coughed lightly and stood up. "I'm going to buy some drinks. Wait for me here. "

After saying that, he disappeared into the crowd.

"Wait... " Qi Nian wanted to stop him. After all, this place was too unfamiliar to her, so she felt a little uneasy.

However, since she had already left, she could only stay alone. n(-o-/v(.e-)l).b--1-.n

Qi Nian hugged her bag tightly and watched all kinds of people pass by her. For the first time, she realized that people could still live like this... ..

She might not stay at home at night to practice yoga, practice the piano, and read and write. It turned out that... .. She could also hang out with her friends ...

Chapter 2188: would melt if he didn't eat it

Bai Yuchen returned in about five minutes.

When she returned, she was holding two ice cream cones in her hands. One was light green while the other was light yellow.

“What flavor do you want to eat? Matcha and mango.” Bai Yuchen sat down opposite her and handed the two ice cream cones to her.

” ... ” praying spirit was stunned for a few seconds before she said embarrassedly, “Auntie doesn't allow me to eat this, say... ”

“HURRY UP!” Bai Yuchen shook her arm to indicate that her hand was sore.

This time, Qiannian could not hesitate. She stared at the two ice cream cones and took away the light green ones. It was Matcha's taste.

Seeing this, Bai Yuchen retracted her hands and took a bite of her own. She curled her lips and said, “so sweet! Do girls like sweet things? ”

Qiannian did not answer. She held the light green toy carefully with both hands. The corners of her lips curled up slightly. She was actually reluctant to eat it.

“If you don't eat it, it will melt,” Bai Yuchen reminded her, but there was a faint sadness in her heart.

A child like Qi Nian, who was born into a wealthy family and had never had to worry about food and clothing, didn't actually have everything.

Qi Nian lowered her head and saw that the ice cream cone was really starting to melt, so she hurriedly took a small bite.

The ice in her mouth was very magical. It was sweet and fragrant, and the texture was very dense and soft. It was different from the ones she had eaten before.

“It's so delicious!” She smiled from the bottom of her heart and took another big bite. She was as satisfied as a child.

In such a short time, the barbecue was being served one after another.

A few plates were placed open. There were all kinds of meat and vegetables, and the entire table was filled with fragrance.

Bai Yuchen picked a plate that was not very spicy and pushed it in front of Qi Nian. “Here, these are not spicy. EAT IT. ”

“This... how do I eat it?” Qi Nian looked at the food on the plate, which was all skewered with wooden sticks. There were no chopsticks, knives, and forks, so he really did not know where to start ...

Bai Yuchen rubbed his forehead helplessly. Then, he picked up a skewer of mutton from the plate with his bare hands and directly bit into one of the pieces of meat. He pulled the skewer and bit off the meat.

After doing this series of demonstration actions, Bai Yuchen said, “did you see it clearly? Just eat it like this.”

Qi Nian nodded and imitated his earlier actions. He also picked up a skewer of mutton and started to bite it in small bites.

She had succeeded on the first try. She smiled very happily. In addition, the taste of the meat was indeed not bad. It had a special smell of roasted charcoal, which made her even more satisfied!

Not long after, those that were not very spicy were swept away.

Qi Nian did not have enough to eat. She stretched out her hand to take the slightly spicy ones in front of Bai Yuchen. After eating a few mouthfuls, she could not say anything about the spicy ones.

Bai Yuchen asked the boss to bring her some juice and poured it for her. Taking advantage of the time when she was pouring the juice, he asked her again, “how is it? The spicy ones are better, right?”

“Yes! !” Qi Nian nodded heavily. She was so excited that she looked like a child who hadn’t seen the world.

She continued to bury her head in her food. She felt like she had opened the door to a new world!

Bai Yuchen didn’t eat much throughout the whole process, and almost all of the food was given to her.

After she had cleaned up most of the food on the table, he opened his mouth and asked, “little Nian ‘er, you haven’t eaten these things before, have you?”

“No...” Qi Nian shook his head in confusion. After finishing the last roasted shrimp, he wiped his hands with a tissue.

“Then what did you like to eat the most in the past?”

“steak.”

“What about now?”

“...” This question made Qi Nian fall silent for a few seconds. Then, he pointed at the pile of leftover bamboo skewers on the table with a smile. “ROASTED LAMB SKEWERS!”

Chapter 2189: In someone had to quit first

After Qi Nian gave this answer, Bai Yuchen suddenly stopped smiling and leaned closer to look at Qi Nian seriously “before you liked mutton skewers, steak was your favorite. Why did you change your mind after seeing mutton skewers?”

Qi Nian was stunned.

This question... .. She didn’t have an answer ...

She lowered her head to look at the messy dining table and suddenly thought of a word, 'liking the new and disliking the old' .

However, Bai Yuchen gave a completely different conclusion. "Some things are special because the moment they appear, they can subvert all your previous knowledge. "

"..."This time, Qi Nian fell completely silent.

The expression on her face was no longer as lively as before. Instead, it was as dead as ash.

She roughly knew what Bai Yuchen was trying to say. After all, wasn't he just trying to make her give up on brother Che?

The unknown fire in her heart had just flared up. Just as she was about to explode, Bai Yuchen said again, "what guarantee do you have that you won't encounter mutton Kebabs in the future and will like steak for the rest of your life? "

"Brother Che is not steak!" Qi Nian raised her eyebrows and rudely interrupted Bai Yuchen.

Bai Yuchen was not annoyed. The main point was that it was enough for her to understand.

"Wasn't your past life restricted everywhere "You only have Che er by your side, right "You've been following him since you were young, just like the steak in your life. "Xiao Nian, there are many beautiful things in this world. Don't you want to find them? "

Qi Nian had heard a lot of these words.

In the past, she did not take them to heart because she knew that no matter what others said, it was only to stop her from being with brother Che.

And she liked brother Che, so she did not need to pay attention to those who wanted to break them up.

However, Bai Yuchen's words today made her heart experience something different.

She no longer had that conflicted feeling in her heart. On the contrary, she began to think seriously.

The empty bamboo sticks scattered on the table seemed to remind her that there were many, many things in this world that she had never seen before.

Compared to brother Che, she now wanted to understand and see those things that she had never seen before.

"Brother Che said that he only treats me as his sister, just like how he treats Tang Tang. He said that the person he likes is Yan Yusheng, and he said that she's different. " After a long time, Qi Nian finally opened her heart.

Bai Yuchen saw that she was jabbing at the plate with a bamboo stick as she spoke. He knew that she was definitely unwilling.

Who would be willing if they couldn't get the person they loved?

But someone had to quit first... ...

Quan Che and Yan Yusheng were in love. The person who quit could only be Qi Nian.

“silly girl, it’s his loss that he doesn’t like you. Why don’t you just go find someone you like?” Bai Yuchen smiled and said it very casually, as if this matter was actually very simple and not complicated at all.

Qiqi Nian’s originally heavy heart was suddenly enlightened after hearing Bai Yuchen’s words. “really?”

“Of course it’s true! Think about your mood when you were eating the mutton skewers just now. Did you forget about the steak in a minute?”

Bai Yuchen changed his mind without batting an eyelid.

Actually, he knew that at Qi Nian’s age, she probably didn’t understand what love was. She only knew that she liked Quan Che and was afraid that he would be snatched away, just like how she didn’t want to let others play with the toys she liked when she was young.

Otherwise, his theory of liking food would definitely not be able to fool Qi Nian into having sex.

“It seems like it...” Qi Nian nodded hesitantly, and her heart gradually relaxed.

She also had her own pride. Brother Che had rejected her so much, and she also knew self-respect and self-respect.

Chapter 2190: other than love

“THAT’S ENOUGH! Let’s go, we’ve eaten and we’ve thought things through. I’ll send you back to the hotel.” Bai Yuchen clapped her hands and stood up. After paying, she walked out of the restaurant with her prayers.

This time, the prayers were not rejected.

She looked back at the entire food street and suddenly realized that this was the real world... ..

Her heart was no longer filled with jealousy. Instead, it was filled with something warmer.

No matter how much of what Bai Yuchen said was true, at this moment, she suddenly found something to comfort herself.

In this world, besides love, there were many, many beautiful things... ..

Without love, she could still find other beautiful things, right?

There was no need to trap herself in that twisted and dark world, was there?

Actually, some things, after she had accepted it, she had also let it go.

She thought that it was time for her to return to Sanjiang City and visit her parents.

However, before she left, she still had some things to do.

Perhaps some people would think that this was very stupid, or even unnecessary, but she still wanted to go and see Yan Yusheng again.

The girl whom brother Che called 'different' .

“...”

Early the next morning, Qi Nian did not inform anyone. She came out of the hotel alone and took a taxi to the Yan residence.

When she was at the door, she only revealed her name to the security guard. Not long after, the door opened, and the Butler personally came out to welcome her. Then, he brought her upstairs and went to Yan Yusheng's room to wait.

At this time, Yan Yusheng had just returned from her morning jog. It was not convenient for her to meet the guests since she was covered in sweat, so she went to shower and change first.

The Servants Prepared Breakfast and let Qi Nian eat while waiting for Yan Yusheng.

“Miss, this is what miss likes to eat on a daily basis. If you need anything, you can let us know at any time. “

But clearly, Qi Nian did not have much of an appetite.

She nodded her head casually. After the servants left, she took a glance at the breakfast on the table.

It looked like the most ordinary plain porridge dishes, but there was a hidden meaning behind it. n--

The Porridge was soft, fragrant, and smooth, sparkling and translucent.

The XIAOLONGBAO was placed on the bottom with fresh lotus leaves, and then it was served in a basket made of handmade bamboo. There were even two pink flowers placed around it, looking beautiful and alluring.

One White, one green, and one pink. Just from a visual point of view, it was a grand feast.

The remaining two side dishes, one hot and one cold, were obviously made with great effort.

Although they were not as gorgeous as those made by top chefs, they made people feel very comfortable.

Judging from the effort of these servants, they also knew how much Miss Yan Yusheng was loved at home.

It was just that... ... Yan Yusheng liked porridge and steamed buns. Brother Che, who was used to bread sandwiches overseas all year round, had a very strange taste. Could they live together ? ?

With a slight frown, Qi Nian got up again and wandered around the room.

It could be seen that this should be considered a small part of the study. It was a place to receive guests. There were simple tables and small chairs, all meticulously arranged.

There were many books on the bookshelf, but most of them were related to piano and music.

Next to it was a huge piano.

The Black and white piano keys were crisscrossed elegantly, touching them felt smooth and delicate.

Qi Nian suddenly recalled Yan Yusheng's stunning performance on the stage last night and could not help but sigh.

Yan Yusheng must have practiced the piano day and night, right Otherwise, she would not have such superb piano skills... ..

A person who was so obsessed with music should have a heart as pure as unpolished jade, right?

In the silence, the sound of footsteps and conversation came from outside the door.

"Miss Qi, Miss Qi is already waiting inside. "

"Yes, I understand. "
