

Trick Me 2201

Chapter 2201 Love Her, so restrain your words and actions

They were of the same mother. As Xiao Sheng's elder brother, he more or less knew what she was thinking.

But before that, he had to make sure that this man was worthy of Xiao Sheng's lifelong commitment.

Slowly walking forward, as the young master of the Yan family, Yan Yuhan was the first to speak, "Big Brother Quan, why don't you go in and have a seat?"

The corners of Quan Che's mouth curled up slightly, "I just sent Yu Sheng back. The elders at home are not around, so I don't dare to rashly disturb you."

Quan Che's attitude towards Yan Yuhan was still very good.

Not only did he love Yan Yuhan, but he also admired Yan Yuhan.

From a young age, he could tell that this son of the Yan family was extraordinary.

This time, he had just set foot in Rao city and already knew of the Yan family's young master's reputation. He also knew that the black and white sects had to give way to master Han.

To be able to do this at the age of seventeen, the Yan family's limelight in the next few decades would definitely be better than before.

"Big Brother Quan, you must be joking. Xiao Sheng and I were also taken care of by you back then," Yan Yuhan said slowly and knocked on Quan Che's back. After hesitating for a moment, he took the initiative to invite him "I have yet to fulfill my hospitality as a host when Big Brother Quan came to Rao city this time. Why don't we find a place to chat?"

It was not a big deal to be in the Yan family to begin with, but since Quan Che was so well-mannered, Yan Yuhan decided to let him be.

And judging from his intentions... He probably wanted to wait for the elders of the Yan family to return before personally paying them a visit.

Although it was already the 21st century and there weren't so many old-fashioned rules, it was naturally best to have such a heart.

Otherwise, if word got out in the future that Quan Che had sent Yan Yusheng home in the middle of the night and stayed behind, then nothing would be clear.

People's words were terrible.

Just from this point alone, Yan Yuhan could see the love and Care Quan Che had for Xiao Sheng.

He loved her, so he did not want her to be hurt. That was why he restrained his words and actions.

Faced with Yan Yuhan's invitation, Quan Che naturally had no reason to refuse.

He smiled and said one word, "please. "

The two of them got into the same car.

It was not far away, but it was a Fengya tea room suitable for discussing official business.

The young lady who was making tea just came in. Yan Yuhan waved her off and made the tea himself.

"Longjing before the rain, have a taste. "

Quan Che looked down at Yan Yuhan's practiced movements and the green leaves unfurling in the teacup. He smiled faintly and said, "I didn't expect you to be quite knowledgeable about tea. "

"I can't say that I'm knowledgeable. It's just that my father likes to drink tea and teaches by example. "

Yan Yuhan also smiled, pure and honest.

He suddenly thought of the reason why his father liked to drink tea. It was just because he didn't want his mother to see him drinking wine and be worried.

As for himself... .. He had drunk wine, but he didn't love it ...

When he thought of this, he stopped.

Yan Yuhan thought of the important matters that he hadn't discussed that night. He looked up at Quan Che. "I heard that Big Brother Quan ordered people to buy a few small companies? Is he planning to make a career in Rao city? "

Nowadays, most of the Yan family's matters were left to Yan Yuhan to manage. Even Lego was already in his hands.

To put it bluntly, Yan Yuhan knew every rustle in Rao city.

Quan Che was holding a teacup. When he heard this, he replied, "If you want to stay, you have to have a reason. "

"You want to stay? " Yan Yuhan raised his eyebrows. Obviously, this news had surprised him.

"Yes. " Quan Che nodded. After taking a sip of the tea, he added, "the tea is not bad. "

At this moment, Yan Yuhan could not care less about the tea. After a moment of silence, he asked, "for Xiao Sheng? "

Chapter 2202: not being by her side is the greatest regret of my life

Actually, judging from Quan Che's previous actions, it wasn't difficult to guess that he might stay.

However, Yan Yuhan still had to confirm the true purpose of this.

Quan Che didn't deny anything. After putting down the teacup, he looked up at Yan Yuhan. His dark eyes flickered with an extremely dazzling starlight.

“Not being by her side for the past 12 years is the greatest regret of my life.” He slowly opened his mouth, his tone revealing a faint loneliness and loneliness.

The 12 years of separation might have made Quan Che cherish this reunion even more.

Some people spent their entire lives trying to understand a problem, but Quan Che only needed three days to figure it out.

If he left this time, he would probably be left empty for another three years.

Therefore, he wanted to stay behind and accompany Yan Yusheng.

Yan Yuhuan heard these words from Quan Che’s own mouth, and only then did he heave a sigh of relief.

From this, it could be seen that he treated his younger sister sincerely. Otherwise, he wouldn’t have such thoughts.

He agreed with Quan Che’s style of doing things very much.

Even the girl he was worried about, Qi Nian, was handled very well by Quan Che. ~~noVe-lB~~(In

He knew everything that happened in Qingxin Garden. Naturally, he did not Miss Qi Nian.

Lowering his eyes and continuing to brew tea, Yan Yuhuan smiled and said, “I am relieved to hear brother Quan’s words. Xiao Sheng has been doted on by US since she was young. I hope brother Quan can be more tolerant. “

These words were actually equivalent to agreeing to the matter between the two of them.

Now that Yan Jun was not in Rao city and his eldest brother was like a father, Yan Yuhuan could also make the decision.

“Don’t worry. I will take good care of her.” The corners of Quan Che’s lips curled up slightly. Whenever he mentioned Yan Yusheng, he would always smile naturally, from the bottom of his heart.

Seeing the smile on Quan Che’s face, Yan Yuhuan could not help but think of the silly smile on his sister’s face. He smiled as well.

The two of them looked at each other, raised their cups at the same time, and toasted each other with tea instead of wine.

They both loved the same woman and were destined to become the best family in the future.

After the long talk of love was almost over, the topic shifted to the career.

“In the past few years, the economy has been developing rapidly, and our two families have been working together more and more closely.” Quan Che started the topic, hitting the nail on the head. “In the hearts of the people of Rao city, the Yan family is the most respected family. May I know if your aspirations are here? “

Hearing this, Yan Yuhuan’s hand that was holding onto the wine glass stiffened slightly.

He raised his eyes to look at Quan Che, a strange emotion rolling in his dark eyes.

This topic... .. He did not expect Quan Che to bring it up on his own accord ...

Moreover, he was only seventeen years old now. Who knew how many people were waiting in line to become the president? How could it be his turn in less than ten years?

If he were to talk about the things that would happen in more than ten years, others would probably find it laughable.

However, Quan Che had brought it up, while Yan Yuhan did not find it laughable.

“You know about Lego’s existence as well. Now that I’m taking care of both the Yan and Ji families, how can I care about anything else?” As Yan Yuhan spoke, his knuckles rubbed against the rim of the cup. His eyelids drooped slightly, covering his pair of ice-cold black eyes.

Even so, Quan Che could still understand his heart. He only said, “the future is bright. Don’t waste it. “

” ... ” Yan Yuhan was silent for a moment before he said, “when Xiao Sheng and I were still infants, we left the Yan family and wandered outside for a period of time. “

The exact details of these things were learned from grandmother when they grew up.

Chapter 2203-today is different from the past

“At that time, my father was revered by tens of thousands of people and became the only candidate for the presidency. He had supreme power and had to bear even more burdens.” Yan Yuhan could imagine how much pain his father had felt when he made that decision back then He was unwilling to let his family experience what happened more than ten years ago.

Quan Che also knew about this matter.

He narrowed his good-looking eyes and sized up Yan Yuhan for a moment. “As far as I know, back then when the Yan family fell apart, all the heavy burdens were placed on Uncle Yan alone. “

Yan Yuhan raised his eyebrows.

Quan Che smiled faintly. “today is different from the past. “

He only said a few simple words, but it gave people endless hope.

Yes, today was different from the past.

The Yan family’s descendants did not kill each other, and the older generation did not leave behind a family that was full of destruction.

The Yan family today was unprecedentedly prosperous.

Yan Yuhan’s heart moved, and he looked at Quan Che with a hint of inquiry. “Big Brother Quan, you mean... “

He understood the literal meaning. Quan Che was encouraging him to develop in this area.

But what was the reason?

Although Quan Che wanted to establish himself in Rao city for the past two years, he still had to return to Sanjiang City. Moreover, even if he wanted to become the president, it was impossible for him to rise to a high position in a short period of time.

“The yan family isn’t just the Yan family. There’s also me,” Quan Che suddenly added. He played with the teacup that was still steaming with one hand. His words were rather profound.

Back then, Yan Jun was fighting alone.

He had to protect the world, protect the Yan family, and protect his wife and children.

Even if he was a saint, he had no time to spare.

However, things were different now. The Yan family was stable. In addition, Quan Che would become a part of the Yan family in the future, so he definitely had to do his best.

Yan Yuhan also understood the hidden meaning in Quan Che’s words.

At a certain moment, his tightly knitted brows relaxed. A faint smile climbed onto his handsome face, and he said cheerfully, “you already love me so much? “

Hearing this, Quan Che also smiled. He took a sip of his tea and asked, “I wonder when your father’s mother will be back? “

“soon,” Yan Yuhan replied. “She should be back soon. “

Then, he added more tea for Quan Che.

It was getting late, but the more they talked, the more they hit it off. Half a night passed just like that.

The next day was fated not to be early.

Yan Yusheng sat alone at the dining table and ate breakfast. When she heard that her brother was sleeping in, she couldn’t help but get curious. “Ah? My brother isn’t up yet? Could he be sick? “

For so many years, Yan Yuhan had always maintained the habit of morning exercise. Unless he was sick, something happened, or an earthquake would be interrupted due to force majeure, Yan Yusheng had never seen him laze around for a day.

According to his mother, his father had the same self-discipline every day for ten years.

In comparison, her life was a little more casual and lazy... .. Cough cough ! !

Aunt Liu helped her with the vegetables and said with a smile, “young master’s health is very good. I think he went out with young Master Quan last night and came back very late. I heard from Dashu that young master’s mood is very good. When he came back, he had a smile on his face. “

“... ah? The two of them met alone last night?”Yan Yusheng continued to be surprised ...

Could it be that after brother Che Er sent her home last night, they bumped into big brother?

And then the two of them talked all night long?

Then... .. What did they talk about ? ?

When big brother came back, he was still smiling?

Yan Yusheng hurriedly came back to her senses and looked at aunt Liu, asking, "did brother Dashu say what they talked about?"

Aunt Liu shook her head, "it seems that they talked alone in the private room."

Yan Yusheng clenched her fist: and he even sent her back!

Chapter 2204, my... .. My heart ? ?

"Miss, you don't have to worry. Young Master knows how you feel." Auntie Liu suddenly added with a smile.

Yan Yusheng was stunned when she heard this. "My... heart?"

"Yes!" Auntie Liu continued, "young master knows that Miss Likes Young Master Quan, so he will definitely treat young Master Quan well!"

These words were quite direct. Yan Yusheng's face suddenly flushed red. She shrunk her neck and buried her head in the porridge. "How could I..."

Hearing her muttering in a low voice, the smile on aunt Liu's face deepened. *no ve/lB*)In

After dinner, Yan Yusheng received a message from Qi Nian. Only then did she know that she had left for Sanjiang City early in the morning and had even invited her to visit when she had the time.

This parting had come too suddenly.

If she had known earlier, she would have sent Xiao Nian off.

Before she could recover from her regret, a servant came to report that her father had returned.

Yan Yusheng was instantly delighted. She jogged all the way to the front hall.

Before she could see him, she shouted from afar, "Dad, mom! You're back!"

After shouting, he ran into the living room and saw that only his father was sitting on the Sofa and talking to uncle Zhuge Wentao. Uncle Li Jie, who was standing beside him, stood silently. He did not like to talk, but his eyes were sharp. Ten years went by as one day.

MOM, you're not back yet... ..

Yan Jun also heard the voice. He looked up and saw that his most beloved daughter had come. His eyes were filled with tenderness in an instant.

"Yusheng, come." He waved and called her to his side.

Yan Yusheng immediately smiled and quickly ran to Yan Jun's side to sit down. She hugged his arm and asked intimately, "Dad, where's mom?"

“She went to visit your aunt Xiang Xiang. She’ll be back later.” Yan Jun rubbed the tip of her nose lovingly. “Have you eaten breakfast?”

“Yes!” Yan Yusheng nodded heavily. Then, she rolled her eyes and looked at Zhuge Wentao and Li Jie. “But I can accompany you to eat. Uncle Zhuge and Uncle Li haven’t eaten either, right?”

When Zhuge Wentao and Li Jie heard that, they looked at each other and were a little stunned.

“Little Girl, how did you know that we haven’t eaten?” Wen Tao asked curiously.

Yan Yusheng smiled as she looked at the newly grown stubble on Zhuge Wentao’s chin, as well as the slightly tired expressions of the three people in the house. They must have rushed for a very long flight and went straight to the Yan family as soon as they arrived in Rao city. How would they have time to eat breakfast?

Moreover, after informing her father that the servant who came back had seen her, they clearly walked towards the kitchen.

From the looks of it, they were obviously going to inform the kitchen to prepare more breakfast!

However, Yan Yusheng did not say these out loud. She only said one sentence, “I guessed it!”

“You’re such an Elf!” Wen Tao shook his head and laughed. He touched her head and handed her a gift. “It’s a little thing from the night market. Let’s see if you like it.”

Yan Yusheng lowered her head and saw a small pink gift box. It was the size of a palm and was elegantly tied with a ribbon. It looked very comfortable.

“Thank you, uncle!” After receiving the gift, Yan Yusheng opened the box. A Rolex Pink Diamond Watch lay quietly inside.

Pink diamonds had long been regarded as a treasure by experts. Only about 10% of the pink diamonds mined in the world could be called rare pink diamonds.

Although the pink diamond on the watch in Yan Yusheng’s hand was not very big, it actually shone with a charming luster under the sun. One could imagine that it was priceless.

This was not some little thing from the night market, it was simply a rare treasure... ..

Chapter 2205. Have you met?

“I like it very much!” Yan Yusheng smiled as she took out the watch and wore it on her wrist.

Actually, it didn’t matter how valuable the watch was. Since young, uncle Zhuge had given her many gifts and treated her very well. The key was still uncle Zhuge.

As long as it was a gift from him, it was good.

Zhuce Wentao could also see that this little girl was happy in her heart. He immediately smiled and said, “next time, let your father bring you along. We’ll go to the Middle East together. You’ll definitely like the delicacies there! There are even camels in the desert that can carry you to take photos!”

“Okay!” Yan Yusheng hurriedly nodded. Then, she turned her head to look at her father. Her big eyes were blinking with starlight.

She had always wanted to go out and see the world!

Unfortunately, her studies were heavy and she had never had the chance... ..

Yan Jun could see what his daughter was looking forward to. His big hand gently stroked the back of her head and smiled faintly. “I will bring you there next time. “

“Yeah! Long Live Daddy!” Yan Yusheng immediately became happy and rushed up to hug Yan Jun.

“daddy is the best!” n-(o((V).e.-l.-b--1--n

That kind of absolute reliance and respect slowly spread in the bottom of Yan Jun’s heart.

He slightly curved his thin lips and supported her figure with one hand while looking at Zhuge Wentao.

“You go back first. Take a break for the next two days and spend time with Rosette. “

Wen Tao heard this and nodded. “That’s good too. “

After saying that, he got up and tidied up his clothes before looking at Yan Yusheng. “when is Xiao puff going to play with your Aunt Rosette? She’s been missing you recently. “

“okay, I’ll go in two days! Aunt Rosette’s PUFFS ARE THE BEST!” Yan Yusheng agreed with a smile.

After saying a few more words, Wen Tao left.

After he left, Yan Jun casually asked his daughter, “I heard that the boy from the Quan family came to Rao city? “

” ... ” Yan Yusheng froze for a moment, then nodded. “Yes. “

“Have you met?” Yan Jun asked again, his tone revealing a hint of jealousy.

During this period of time, although he and Xia Jinqi were far away in the Middle East, Rao city’s movements were completely under their control, not to mention the two children at home... ..

When he knew that the Quan family’s kid ran to Rao city as soon as he returned to the country, he felt that something was amiss. He then asked the housekeeper at home, but how could he still sit still? He quickly ended the Middle East incident and rushed back with Xia Jinqi overnight.

There was nothing else. He was just afraid that his spoiled daughter would be cheated away by the bad boy!

He had met Quan Che when he was young. He was also an intelligent and upright child. However, more than ten years had passed. Who Knew what a child would look like as an adult?

In short, he was very anxious now!

Yan Yusheng mumbled for a moment before answering, “I’ve met... a few times. “

Yan Jun facepalmed. He kept feeling that he had come back too slowly!

“You guys...” just as he was about to continue asking, Yan Yuhan, who rarely woke up late, came downstairs.

At first glance, his father, who was sitting in the living room, thought that he had hallucinated before he woke up!

“Dad? You guys are back?” Yan Yuhan walked over and consciously sat on the other side of Yan Jun. then, he looked around.

Before he could ask, Yan Yusheng directly threw out the answer, “mom went to see aunt Xiang Xiang. She’ll be back later. “

Yan Yuhan nodded and didn’t say anything, but he didn’t look for anything else either.

As expected, they were a pair of dragon and Phoenix, and their hearts were in sync.

However... ..

“What’s wrong with Aunt Xiang Xiang?” Yan Yuhan suddenly asked and looked at his father at the same time.

Coincidentally, Yan Jun was also looking back, and the two pairs of extremely similar phoenix eyes collided across space.

Chapter 2206 had some good news

Yan Jun was very satisfied with this son of his.

When Yan Yuhan was only one year old, when Yan Jun held him in his arms and met the higher-ups of the government Fu at Yan Youcheng’s funeral, he already knew that this child would be the successor of the Yan family in the future. It couldn’t be better.

So for so many years, he carefully nurtured this child and handed over everything he had learned and learned in his life to him.

When Yan Yuhan was fifteen years old, he could handle all the major affairs of the Yan Group alone and make decisions that everyone in the group would be convinced of.

It was also because of this that Yan Jun was able to bring Xia Jinqi to the Middle East with ease for the past two years.

However, he never expected that this time, not long after he and Xia Jinqi left, this kid would let his sister be deceived by someone else... ..

Yan Yuhan inexplicably felt that there was a hint of killing intent in his father’s eyes when he looked at him.

In a split second, he carefully recalled all the things he had done in the past few days and realized that there was nothing out of the ordinary.

Then, the question came. Where did this hint of killing intent from his father come from? n.-o..v/-e-(l- /b.-1./n

Puzzled, Yan Yusheng shook Yan Jun's arm, eager to get an answer. "Is Aunt Xiang Xiang Sick? "

Hearing his daughter's voice, Yan Jun came back to his senses. "She's not sick. There's good news. "

"Oh... " Yan Yusheng nodded. He wanted to ask what the good news was, but Yan Jun said, "Xiao Sheng, go to the kitchen and see if breakfast is ready. Your uncle Li and I haven't eaten yet. "

After being reminded, Yan Yusheng immediately stood up. "I almost forgot. I'll go now! "

After sending Yan Yusheng away, Yan Jun's eyes darkened and he looked coldly at his precious son.

Yan Yuhuan raised his eyebrows. Taking advantage of the moment when his little sister changed the topic, he had already figured out the crux of the matter.

He believed that the things he had been dealing with recently had not been picked at the wrong places. Then the only major event that had happened in the past few days was related to his little sister.

On second thought, his parents had not informed him of their return in advance. It was very likely that they had made a last-minute decision. And the only thing that could make them so anxious was his little sister's marriage.

It seemed that Quan Che's sudden visit had put a lot of pressure on his father... ..

After clearing his throat, Yan Yuhuan opened his mouth and said slowly, "Dad, big brother Quan treats my little sister very well. You don't have to worry. "

Yan Jun looked at him indifferently and suddenly said, "Quan Che helped you with the land in the East district, right? "

"..."Yan Yuhuan was silent for a moment, then nodded.

"He does know how to handle things. " Yan Jun snorted coldly, his tone still sour.

Recently, Yan Yuhuan was working on the development of a new land. The land was located at the edge of the East district. It was originally a pretty good piece of land, and the conditions for demolition were quite generous. However, a few nail households refused to move away, so the construction period stagnated.

Quan Che didn't know where he got the news from, but he found someone to pull some strings. He found out that those families had relatives and friends in Sanjiang City, so he did some hard work, and things were done.

Quan Che did know how to do things.

He had only been here for a few days, and his company was doing well. His brother-in-law's matter was also being handled smoothly.

Yan Yuhan was also happy to get things done. However, seeing that his father seemed a little unhappy, he could only say, "Dad, I naturally didn't do it for the sake of him helping me. My son can see that he's a gentleman of high moral character. "

Chapter 2207: the Golden Big Yuan Bao

Although it sounded like he was taking advantage of others, after spending a few days together, Yan Yuhan indeed felt that Quan Che had a lot to recommend him.

Or rather, he could hardly find any mistakes.

The only thing was that he had a childhood sweetheart, but it was said that that childhood sweetheart had already returned to Sanjiang City. Before she left, she had even become friends with Xiao Sheng.

In Short, Quan Che could be considered to have passed the test with Yan Yuhan.

However, it was obvious that Yan Jun would not approve of him so easily.

Yan Jun's expression was still gloomy and he remained silent.

Not to mention what kind of character Quan Che had, just the fact that he was going to kidnap his precious daughter was not something that could be easily overcome!

"..."

Yan Yusheng, who had gone to the kitchen, did not know what her father and brother were discussing. She ordered the kitchen to speed up the process. Just as she was about to leave, she saw aunt Liu preparing chicken soup. There were many tonics on the table beside her.

She asked curiously, "Aunt Liu, why are there so many tonics? "

Aunt Liu smiled, "Madam instructed me to send it to the chief's house. "

"Ah? Send it to uncle's house? " Yan Yusheng was stunned for a moment, then she thought of something, "it's for Aunt Xiang Xiang, right? Mother hasn't come back yet, so she went to see aunt Xiang Xiang first. "

"Yes, Miss Xiang Xiang's body is weak, and now she's pregnant. I heard that the fetus is not stable, and she doesn't have an appetite, so she has lost a lot of weight! " As she said this, aunt Liu shook her head, her eyes filled with worry.

Everyone was a woman, and they had given birth to a few children before. Needless to say, they knew the bitterness in their hearts.

When she heard this, Yan Yusheng finally understood why her father had said that aunt Xiang Xiang was not sick but had good news... ..

So that was what the good news was about!

"Aunt Xiang Xiang has a baby? That's great! I want to visit Aunt Xiang Xiang Too! " Yan Yusheng suddenly became happy.

“okay, miss will send these things over in a while!” Aunt Liu smiled again and sped up the speed in her hands.

She had to quickly prepare these things.

“thank you for your hard work, aunt Liu!” Yan Yusheng hugged aunt Liu before turning around and leaving the kitchen.

Breakfast was ready in a short while.

Yan Yusheng had already eaten, but she still sat beside Yan Jun and accompanied him and her brother to eat together. They asked about interesting things in the Middle East. For a time, the table was filled with laughter and laughter. It was very lively.

Unlike her, Yan Yuhan was much quieter. Even when he was alone with his father, they rarely found topics outside of work.

Probably... .. It was because the two of them were too similar ??

They knew what each other was thinking and did not need to communicate much.

Fortunately, Xiao Sheng’s personality was more like that of her mother. Every time she was around, the house would not be deserted.

After breakfast, someone from the Xia family came. They said that they knew that Yan Jun was back and had something important to discuss, so they invited him over.

Just as Yan Jun left, a guest came to the house. It was the eldest young master of the Fang family, Fang Nuo.

Fang Shaoan gave him this name because he wanted him to be a man of his word when he grew up, and keep his word.

But... .. It seemed that not many people cared about this name ...

Because when everyone saw the young master of the Fang family, the image of the big Golden Yuan Bao immediately appeared in their minds!

“Yuan Bao! It’s been a long time since I’ve seen you!” Yan Yusheng saw a young man dressed in a nouveau riche gold sportswear from afar with a big golden fur behind him. He happily waved at him.

Chapter 2208: you still don’t understand men!

Before the youth got close, the big golden retriever jumped into Yan Yusheng’s arms and rubbed itself intimately.

“sister puff, Xiao Jin is even more intimate with you than I am!” Yuan Bao said with some jealousy, but a bright smile hung on his face.

Yan Yusheng giggled at the golden retriever’s rubbing. “What did you feed it? It gained a lot more weight!”

“JUST MEAT!” Yuan Bao answered absent-mindedly, but his eyes were looking around the Yan family. “where’s brother Yu Han?”

Upon hearing this, Yan Yusheng shook her head helplessly. She knew that Yuan Bao was definitely here to look for Big Brother!

All these years, Yuan Bao would run to the Yan family whenever he had nothing to do. The person he was looking for had never changed.

“He’s upstairs! He’ll probably go to the company in a while.” Yan Yusheng put down the golden fur and tidied up her dress.

“Oh, then I’ll wait for him here.” Yuan Bao grinned and turned to chat with Yan Yusheng. “sister puff, do you know what your brother has been doing recently?”

“Busy with the company’s matters?” Yan Yusheng’s answer was not very certain. To be honest, she did not know the exact details of what her brother had done.

Every time she asked, her brother always said that she was still young and it was good that she did not know some things... .. But he was clearly only a few minutes older than her, okay??

Who knew that Yuan Bao would smile mysteriously and come closer. He whispered, “someone is chasing your brother!”

“Ah?!” This news really shocked Yan Yusheng. Her small face was stunned for a moment, and soon she asked Gossipily, “really? Who is it?”

“HMPH.” Yuan Bao did not say anything and kept her in suspense.

The reason why he did not go to the Yan residence these few days was because he did not want to disturb Yan Yuhang’s good business. Secondly, he naturally wanted to find out who that woman was!
nove(lB/In

Yan Yusheng was curious and quickly urged him, “hurry up and tell me!”

Initially, he wanted to pretend to be cool, but Yuan Bao could not hold back his desire to gossip. He could not hold it in for three seconds and took the initiative to tell her.

“I heard that she is the only daughter of a famous family. She is nineteen this year! She is older than brother Yu Han, but she has a proud figure! I heard that the two of them have eaten together!”

Yan Yusheng,” ...”

“In the blink of an eye, we have a sister-in-law. We have to let brother Yu Han introduce her to us!” Yuan Bao continued to jeer.

Actually, he didn’t dare to tell Yan Yuhang about this directly. He wanted to encourage Yan Yusheng to tell him.

But... Yan Yusheng didn’t seem to believe it ...

“Did you misunderstand something? Brother didn’t tell me anything?” Yan Yusheng frowned her delicate brows and turned to look at the villa behind her.

Recently, she didn’t feel anything unusual about her brother... ..

If they were really in love, there should be some changes, right?

Yuan Bao said with certainty, “it’s absolutely true! Why would he tell you such a thing? You still don’t understand men! “

” ... You do?” Yan Yusheng looked him up and down, “you’re still a child! Did you forget that you ran away from home last month and was finally dragged home by Godfather’s ear? “

These words really hit the NAIL ON THE HEAD!

Yuan Bao immediately became anxious and explained with a red face, “that... that was a misunderstanding! How could I run away from home? I... I was lost! This young master has a bad sense of direction! Do you know what a bad sense of direction is? “

“Oh, that time it was a bad sense of direction. How about at the beginning of the year? You made a fuss about jumping out of the sky, tied a kite on yourself and jumped down the stairs. In the end, you broke your leg and laid down for two months before you recovered, right?” Yan Yusheng said these ‘heroic deeds’ of Yuan Bao. She supported her forehead as she said, “Godfather and godmother really haven’t had it easy all these years... “

Chapter 2209: I feel dizzy just reading!

They had grown up together since they were young. They knew each other’s past. They were happy, embarrassed, and embarrassed.

No matter what kind of existence Yuan Bao was in the crowd outside, he was destined to be exposed when he returned to his childhood friend’s side... ..

However, this feeling was not bad.

Even though it was a little embarrassing, it still felt warm!

“Hehe, good sister, sister puff, you’re the best! Can we not talk about those things anymore? “

Yuan Bao smiled and quickly went up to shake Yan Yusheng’s arm, acting coquettishly to please her.

Being shaken by him, Yan Yusheng was a little helpless. She reached out and pointed at his forehead, saying in a somewhat doting and somewhat serious manner, “You! When can you stop? “

In Yan Yusheng’s heart, Yuan Bao had grown up with them since young. She had long treated him as her own younger brother.

With her big brother teaching her, she had also learned how to be a good sister!

“Aiya, at most, I promise you that I won’t mess around anymore!” Yuan Bao chuckled and began to change the topic. “Sis, you really don’t know brother Yu Han’s girlfriend? “

Back to the topic, Yan Yusheng shook her head slightly. Just as she was about to say something, the Golden Retriever who had been quiet beside her suddenly barked twice.

The two of them turned their heads at the same time.

So it was Yan Yuhan who had gone downstairs.

The sharp-eyed Yuan Bao immediately let go of Yan Yusheng and ran over. "brother, you finally came down! I've been waiting for you for a long time! "

Yan Yusheng,"..."why did she feel like her brother was about to be snatched away by someone else?

Ever since little Yuan Bao was little, he had always liked her brother very much. There was a period of time when he wanted to move into their house and make a big fuss. In the end, he was beaten up by his Godfather and became obedient.

Later, he heard from Uncle Wen Tao that his godfather was also like this when he was young... .. A small fight every three days, a big fight every five days. If he didn't fight for a day, he would tear the roof off the house ! !

Sigh, something like genes... .. Even if his godfather had become more stable now, the ridiculous things that happened when he was young were still inherited by Yuan Bao's little cutie ...

Even Xiao ran's godmother couldn't control him!

In the end, they really didn't care. Yuan Bao came to the Yan family every now and then. At least with Yan Yuhan around, he wouldn't cause too much trouble.

Just like now.

Yan Yuhan glanced at Yuan Bao indifferently. "Why aren't you in class today? "

His tone wasn't serious, but it made Yuan Bao become serious all of a sudden. He answered weakly, "two chemistry classes in the morning. That old man hates me the moment he sees me. I might as well bring Xiao Jin out. "

What he meant was that he skipped class to come here.

"since you don't want to stay in school, there's no need to go today." Yan Yuhan did not blame him. Instead, he said so. *novel*(**B**/In

Yuan Bao was simply overwhelmed by the favor. He looked at Yan Yuhan as if he was his savior.

"brother, I knew it. Only you understand me! "

Without waiting for him to finish being touched, Yan Yuhan said again, "I will get the tutor to come over. Don't leave a single page of what you should learn. "

"..."Yuan Bao did not have time to retract his smile before it froze on his face.

Yan Yusheng Patted Yuan Bao on the shoulder and comforted him, "be good and listen to your brother!
"

“No... brother, it’s just one day. It’s not easy for me to get out...” Yuan Bao was so anxious that his facial features were almost scrunched up. Unfortunately, Yan Yuhuan didn’t buy it at all ...

This method didn’t work. Yuan Bao rolled his eyes and gave up. “I feel dizzy just reading! I’M NOT CUT OUT FOR THIS! “

Chapter 2210: then will you come back?

His days in school were really suffocating. He really did not like that place.

The teacher’s lecture was also boring. He flipped through the exercise book all day long. He did not know why he had done so many questions!

Yuan Bao had reached the rebellious stage of his youth.

Yan Yuhuan could see the true impatience in his heart. After a moment of silence, he said, “in that case, come with me to the company. “

The more he forced him at this time, the more counterproductive it would be.

It would be better to give him a few days off and let him think carefully about what he really wanted.

Yuan Bao could not think of so many things at this moment. When he heard Yan Yuhuan ask him to go to the company, he immediately danced like a prisoner who had been released from prison. “Oh yeah! Finally, I don’t have to look at those books like I’m reading a heavenly book! “

Even Yan Yusheng could not help but twitch the corner of her eyes... ..

Perhaps, Yuan Bao really was not good at this aspect.

Actually, she felt that Yuan Bao was more like her godfather, better at eating, drinking, and having fun... .. Cough cough ! !

While Yuan Bao was celebrating joyfully, Yan Yusheng walked to her brother’s side and asked in a low voice, “brother, recently... did something happen to you? “

Well, there was nothing she could do. After hearing Yuan Bao’s words, she also began to be curious about her brother’s love life!

Ever since little brother was with her, there had been a lot of women surrounding him. However, her brother didn’t seem to like them very much. And this time, her brother actually had a meal with her?

Then... .. Did that mean there was a chance ? ?

Yan Yuhuan furrowed his brows slightly. They were not on the same channel at all. He thought that her father had noticed something strange in the morning and was asking about Quan Che. He immediately said, “I heard from Big Brother Quan that you two have an appointment in the afternoon? “

As a brother, he actually just wanted to care about his little sister’s life. Who knew that when he said that, Yan Yusheng choked and nodded blankly.

“Come back early tonight. It’s been a long time since our family had dinner together,” Yan Yuhuan said again.

Looking at how jealous his father was this morning, if Xiao Sheng did not come back for dinner tonight, he would probably be even more jealous.

“Okay.” Yan Yusheng continued to nod. In the end, she asked curiously, “brother, will you come back?”

“OF COURSE!”

Just as the brother and sister said this, Yuan Bao came back to his senses and came in. “Is there anything good to eat tonight? I want to come too!”

He did not go to school today. When he went home tonight, he would definitely be scolded to death by his parents!

Instead of going home to be scolded, he might as well fill his stomach at the Yan family home first... ..

“Yeah, there’s a lot of delicious food!” Yan Yusheng shook her head in amusement. She just happened to see aunt Liu carrying a few insulated boxes out, so she said, “brother, I’ll go and see aunt Xiang Xiang first. See you tonight!”

After saying that, she ran to aunt Liu with a cigarette in her hand, took the insulated box in her hand, and walked out of the door together.

After Yan Yusheng left, Yuan Bao followed Yan Yuhuan out of the door.

Before he got into the car, Yuan Bao’s sharp eyes saw a red Ferrari parked at the corner of the back street.

That car... .. looked strangely familiar ...

With a wicked smile, Yuan Bao reached out and poked Yan Yuhuan’s arm. “brother, look behind you. Who is that?”

Yan Yuhuan heard it and turned his head to look behind him.

But the moment he turned his head, the person in the Ferrari seemed to have sensed something. With a whoosh, he bent down and covered his face.

But even so, he still recognized who that person was.
