

## Tick Me 221

### Chapter 221: she was a guest of our President Yan

She had dressed up meticulously just to come and see Yan Jun. How could he not even see her?

“Miss, I’m sorry. President Yan really doesn’t have the time. Why don’t you come another day?” The words used at the front desk were very official. The smile on her face was also very formal, making people unable to pick out the thorns.

Fan Yufei turned her head dejectedly and happened to see a woman with messy hair coming out of the CEO’s private elevator.

The woman’s clothes were also tattered. The side of her face was mostly covered by her hands and hair. For a moment, it was impossible to tell who it was.

However, since she came out from the CEO’s private elevator, she must have just met Yan Jun!

Fan Yufei immediately pointed at the woman and asked the front desk, “who is she? Why is she able to meet President Yan?”

“This...” the front desk was at a loss for words and only said, “she is our President Yan’s guest.”

“guest?” Fan Yufei repeated suspiciously and quickly followed, “I want to see who the guest is!”

She wanted to see who the woman was, but the woman had always covered her face with her hands, so she could not see anything clearly!

Very soon, that woman hailed a taxi and left... ..

Fan Yufei, who was filled with unwillingness, was left.

She stood at the bottom floor of the building and raised her head to look in the direction of the 20th floor. She bit her lower lip hard.

“You can even meet that kind of woman. Sooner or later, you will definitely be willing to meet me!”

You Xi, who had just completed the resignation procedures from the personnel department, went out and saw Fan Yufei, who had an unpleasant expression, muttering something indignantly.

“Miss Fan?” You Xi took the initiative to come forward to greet her. Her eyes were even a little red.

The first thing Yan Jun did when he returned to the company today was to fire you XI.

The reason was that the company’s financial expenditure was too high and needed to reduce the number of employees.

Very... .. Very powerful reason ...

You Xi was not even able to meet Yan Jun once before she was captured by the personnel manager.

The salary that she was supposed to pay did not decrease at all. There were even some additional subsidies.

Putting aside the matter with Xia Jinqi, you Xi had been working diligently by Yan Jun's side all these years.

Yan Jun had always been generous to his subordinates.

The boss opened the door and even opened it so generously. You Xi did not dare to say a word even if she had some complaints in her heart.

She walked out of the building reluctantly but saw another ray of hope... ..

Fan Yufei turned her head and recognized you Xi the moment she saw her.

The last time she had dinner with her father and Yan Jun, Yan Jun had brought this hot female secretary with him.

At that time, she felt that this female secretary was quite an eyesore, so she took a few more glances and remembered her.

"Secretary you?" Fan Yufei raised her eyebrows and her tone was a little condescending.

She was the daughter of a prestigious family. In front of a small secretary, she naturally had a lot of superiority.

You Xi could hear the contempt in Fan Yufei's tone and her heart skipped a beat. However, she put on a familiar smile and said, "yes. Miss Fan, are you here to look for President Yan?"

You Xi knew what Fan Yufei was thinking. She asked this question now but it was just a test.

Who knew that she would really guess it right.

Fan Yufei did not hide anything and said directly, "yes, but he seems to be very busy. I didn't see him."

"Oh, I see... President Yan has just returned from his honeymoon, so he has a lot of official business to attend to." She deliberately emphasized the word 'honeymoon'. You Xi observed the changes in Fan Yufei's expression without batting an eyelid ...

If she were to make good use of this brainless rich girl, she might be able to be a powerful card to defeat Xia Jinqi.

## **Chapter 222: Chapter 219: more alone time**

As expected, Fan Yufei furrowed her brows as her eyes burned with hatred. She clenched her fists tightly and said, "is that so? Then I will come again another day!"

After saying that, Fan Yufei turned around and was about to leave.

You Xi took two quick steps forward and blocked her way. "Miss Fan, don't be anxious! Although President Yan is not free now, there is a place that he will definitely go tomorrow night!"

Fan Yufei stopped in her tracks and turned to look at you Xi. "where is it?"

"Have you forgotten, Miss Fan? Tomorrow is the 50th anniversary of the asia-pacific Chamber of Commerce. All the upper echelons will be there." You Xi smiled. She had worked by Yan Jun's side for so many years and had long memorized these things.

Hearing this, Fan Yufei finally understood.

Yan Youcheng was the president of that Chamber of Commerce. The Yan family had single-handedly founded the asia-pacific, so Yan Jun would definitely be there.

At that time, she would be able to meet Yan Jun at the anniversary celebration!

"But there are too many people present tomorrow..." Fan Yufei was still not satisfied.

You Xi seemed to have seen through her thoughts and continued to come up with ideas. "As long as the people are there, is it still difficult to create a chance to meet alone?"

Fan Yufei felt the same way when she heard that.

Man makes the best of things.

Then, she would wait for tomorrow... ..

..

Xia Family.

Xia Jinqi had just parked the car. The moment she opened the car door, she saw Yan Qing walking out.

Their eyes met and the air was filled with gloom.

Xia Jinqi had yet to speak when she saw Yan Qing walking towards her with a smile on his face.

"Xiao Qi, I didn't expect to run into you."

His tone was light, but his steps were a little strange.

After a closer look, she realized that his right leg was limping.

Xia Jinqi instinctively frowned and asked him, "what happened to your leg?"

"I accidentally fell yesterday," Yan Qing said simply, the smile on his face did not diminish.

Seeing that she was so worried about him, he knew that she still cared about him... ..

"It's because yesterday..." Xia Jinqi did not continue, she had more or less guessed it.

Yesterday, he jumped from the balcony on the third floor to the second floor. It was also very difficult, so he must have hurt his leg at that time.

He did it for her, so he couldn't help but feel a little guilty.

"Is it serious? Do you want to go to the hospital to have a look?" Xia Jinqi softened her voice, full of apology.

“It’s nothing, it’s just...” Yan Qing shook his head. He wanted to tell her that it was just a sprain and that she would recover after resting, but when the words were about to come out of his mouth, he didn’t say it out loud. Instead, he took a turn “It wasn’t serious yesterday, but it’s a little painful today. I didn’t drive when I came here. Xiao Qi, if you’re free, can you take me to the hospital?”

Since they had met, it was a heaven-sent opportunity.

He wanted to spend more time alone with her... ..

Xia Jinqi looked at him with some difficulty, then turned around to look at the Xia family. In the end, she agreed.

“Alright, I’ll send you to the hospital. Get in the car.”

She could come to the Xia family another day.

Yan Qing’s leg was injured, but he couldn’t be delayed.

Yan Qing smiled and got in the car. He sat in the passenger seat consciously.

It was very convenient to sit here. As long as he tilted his head slightly, he could see her by his side.

Only when he was with her could he feel happy.

“I heard that you went back to school?” He raised his lips, trying to find a topic to talk about.

“En, I just went to report in the morning. Only then did I know that you were no longer teaching at school.” Xia Jinqi didn’t know about the Yan family’s matters.

Even Yan Jun, she had never known what he was doing... ..

### **Chapter 223: you can’t fall in love with him!**

“I’ve returned to my original position.” Yan Qing briefly described the hardships of coming to this so-called ‘original position’.

Since ancient times, those who achieved great things had to make sacrifices.

Xia Jinqi nodded her head as if she understood something, but she did not continue to stay on this topic. Instead, she recalled the question she wanted to ask yesterday.

“How did you and Xia Tianjiao meet?” When she spoke, she tried to make her tone sound more peaceful.

She had always thought that Yan Qing was her friend. Yan Qing knew how Xia Tianjiao treated her.

Yan Qing’s actions made her feel a sense of betrayal.

Her friend and her enemy had become friends. This was really... .. unexpected ...

“coincidence.” Yan Qing didn’t seem to want to talk about his relationship with Xia Tianjiao. He only replied with this one sentence.

Obviously, even if Xia Jinqi continued to ask, he wouldn't say anything more.

Xia Jinqi tactfully stopped asking. She only drove her own car. Suddenly, she felt that the distance between her and her friend was getting farther and farther... ..

The two went to the hospital. After a series of examinations, Yan Qing was fine. It was just a sprain. After applying some medicine and resting for a few days, he would be fine.

"Why don't you go home and rest? You'll recover faster if you stay in bed," Xia Jinqi suggested as she stared at Yan Qing's limping movements.

His leg injury had not recovered yet, and he still went out to run around. Wasn't he making things difficult for himself?

"It just so happens that I'm hungry too. Why don't we eat first before going back?" Yan Qing suggested.

If it was two months ago, Xia Jinqi would have agreed without hesitation.

But now, someone else was in her heart.

She had already arranged to meet Yan Jun tonight... ..

"Why don't we go home and eat? Your legs aren't feeling well anyway." Xia Jinqi calmly rejected Yan Qing's suggestion and averted her gaze.

Yan Qing keenly noticed Xia Jinqi's unfamiliarity and his heart immediately stopped. He stood rooted to the ground and frowned at her. "Have you already made that place your home?"

Xia Jinqi was still immersed in her own world. After being reminded by Yan Qing, she came to a realization. "Yes, I've already made that place my home... "

At least, it was much better than the Xia family, wasn't it?

"because of Yan Jun?" When he asked this question, Yan Qing's voice had already dropped to the freezing point.

During this period of time, it wasn't that he didn't know about the interaction between Xia Jinqi and Yan Jun... ..

But what could he do even if he knew?

At that time, he was the one who had voluntarily given up on her, so he could only watch from afar. He could only swallow all the regret and pain.

Xia Jinqi's heart choked. She didn't admit or deny it.

It seemed that it was really because of Yan Jun..

Her acquiescence instantly turned into a sharp knife, piercing through the softest corner of Yan Qing's heart.

He was stunned to find that some of the things he had always treasured were already leaving him step by step... ..

The fear of being abandoned by the world once again instantly swept over his heart!

He grabbed Xia Jinqi's wrist and gritted his teeth. "Xiao Qi, you can't fall in love with him!"

Xia Jinqi was slightly stunned. "Why?"

"He... He's not worthy of your love!" Yan Qing's jaw tightened, his eyes were red, and his voice suddenly increased by n times ! !

The people around could not help but cast strange looks at the man and woman... ..

Xia Jinqi's eyes were filled with astonishment. "What are you talking about? Yan Jun is my husband, I..."

Before she could finish, she was interrupted by Yan Qing.

"Xiao Qi, didn't I tell you to wait for me? Have you forgotten about the beautiful life we dreamed of together?"

### **Chapter 224: I'm living a very happy life now**

Xia Jinqi certainly didn't forget.

That was the beautiful life she had fantasized about for twenty years.

There was a family that loved each other, a partner that understood and supported her, and a lover that would stick together through life and death... ..

To be able to live like that, it must be a very happy life, right?

Yes, before meeting Yan Jun, this was the life of her dream.

But after meeting Yan Jun, she suddenly realized that the life of her dream didn't seem so good anymore.

She was now living a blissful life by Yan Jun's side, wasn't she?

If the heavens could give her the right to choose, she would rather have Yan Jun's world than that dream world where everything was good.

Thinking of this, Xia Jinqi smiled slightly and met Yan Qing's gaze. She said word by word, "there's no need to look forward to it. I'm living a blissful life now."

Xia Jinqi would never know how brilliant the light in her eyes was when she said these words.

The treasure in a certain part of Yan Qing's heart finally shattered with a bang.

He walked in front of Xia Jinqi and put his hands on her shoulders, looking anxious. "happiness? Xiao Qi, wake up! They have deprived us of the right to choose freely. Where does happiness come from? True happiness is freedom, the wandering of the soul!"

"But I think the feeling now is also happiness." Xia Jinqi shook her head calmly, denying the thought that Yan Qing had instilled in her.

She had never experienced it before, but now that she had it, she knew what she wanted.

Although she might not understand it yet, she was sure that the so-called happiness was definitely not just pure freedom.

Sometimes, being imprisoned could also be happiness.

“...”Yan Qing’s chest felt stuffy.

His cold gaze fell on Xia Jinqi’s face. His gaze was like a hook, and his voice was like that of a soldier.  
“You’re in love with him?”

His voice was low to the bottom, and his eyes were empty.

Xia Jinqi pursed her lips and did not speak, but she was thinking in her heart.

Love?

She did not know if it was love.

She only knew that when she was with him, she felt very happy.

When he was not by her side, she would miss him very much.

She felt that he was very handsome, very perfect, very good... ..

There were so many good things about him that she could not count them all at once.

At the very least, she liked him. This could be confirmed.

“He is my husband. I should love him.” After a long time, Xia Jinqi gave an affirmative answer that stripped away her feelings.

The corner of Yan Qing’s lips twitched slightly, and he said with pity, “What about me?”

He had always thought that even if Xiao Qi married Yan Jun, the two of them would not have anything to do with each other.

With Xiao Qi’s personality, ordinary people simply could not get close to her.

With Yan Jun’s personality, he was aloof and Aloof, and he had always been indifferent to women.

These two were originally the two people who should not have had a spark... ..

When she heard Yan Qing’s words, Xia Jinqi’s heart was slightly stunned.

She thought that they had reached a consensus and would not mention the past anymore... ..

She had almost forgotten what their relationship should have been like in the past?

They talked about everything. They were close friends and confidants. They almost became true lovers and almost stepped into the palace of marriage... ..

But since when did it become taboo for them to even meet in private.

He had his secrets and was unwilling to tell.

She also had her secrets and could not tell.

“Yan Qing, you told me before to be fair. Then have you ever been fair to me The night the Yan family came to propose marriage, I went to look for you. I looked all over the school and the apartment you lived in, but you were not there. I called you, you didn’t answer, you just disappeared, disappeared... ...”

### **Chapter 225: don’t force me to destroy him!**

To Xia Jinqi, this was an extremely important matter.

At that time, he had been timid and had disappeared without a trace, causing her to completely give up hope.

Perhaps now she should thank him for not marrying her back then.

However, such a seemingly important matter was so insignificant in front of Yan Qing that it could be ignored.

“I... I went back to the Yan family at that time. ” Yan Qing clenched his teeth slightly, the expression on his face was a little unnatural ...

However, very soon, he looked up again and fixed his gaze into Xia Jinqi’s eyes. “You shouldn’t have fallen in love with Yan Jun. You won’t be happy with him... Xiao Qi, believe me, I will be able to take you away very soon! ”

Yan Qing suppressed the jealousy in his heart. He knew that it was because he had let go of Xia Jinqi back then that she married Yan Jun..

So even if she was with Yan Jun now, he would not blame her... ...

What he wanted was their future.

Xia Jinqi narrowed her eyes and looked at Yan Qing, who was becoming stranger and stranger in front of her. She sighed weakly. “I already don’t plan to leave him. Yan Qing, in the future, I will still call you uncle to prevent other people from misunderstanding. ”

When they were at the school gate last time, didn’t they make it clear that they would only be friends from now on?

Why did they find that the obsession in Yan Qing’s eyes was even deeper when they saw him this time?

Xia Jinqi’s rejection and rejection once again completely infuriated Yan Qing!

He grabbed her arm and threatened her sternly, “do you really love him that much? Xiao Qi, don’t force me... don’t force me to destroy him! ”

Everything in the Yan family had been given to Yan Jun since he was young. Now that he had grown up, the woman he loved was still given to Yan Jun!

Now, even her heart was going to be given to Yan Jun?

If that was the case, wouldn't he be too sad?

Xia Jinqi was in pain from being pinched by him, but the first thing she did was not struggle. Instead, she frowned and asked in return, "destroy him? What are you going to do?"

"You'll soon know what I'm going to do!" Yan Qing spat through gritted teeth. He leaned over and was about to kiss her!

Xia Jinqi immediately came back to her senses. She raised her hand and gave him a slap on the cheek!

"YOU'RE CRAZY! Yan Qing!"

Yan Qing did not stop because of her resistance. Instead, he felt that her strength was so weak that it was just scratching an itch. He turned his body sideways and pressed her against the wall!

A stiff and cold pain came from her back. Xia Jinqi grunted and the back of her head was knocked. Her head immediately felt dizzy... ..

In just a short while, Yan Qing had already leaned over and forcefully pulled open her collar... ..

For a moment, Xia Jinqi's mind went blank.

The Yan Qing in front of her was someone she had never seen before... ..

Crazy, terrifying, and with a violent aura.

What on Earth had changed the man who used to smile at the sun like a gentle jade?

Xia Jinqi finally came back to her senses. As she resisted with all her might, a figure suddenly flashed before her eyes... ..

Then, Yan Qing was forcefully pulled away, and an iron fist smashed into his face!

Yan Qing was beaten so hard that his body swayed, and he fell onto the public seat in the corridor.

"Girl, are you okay?" A familiar voice, a familiar concern.

Xia Jinqi did not need to look to know that the person who came was er hu.

She immediately panicked, clenched her collar, gritted her teeth, and shook her head... ..

Seeing this, Huo Ting quickly took off his camouflage coat and draped it over Xia Jinqi's shoulder, protecting her tightly behind him.

"Good for you! Bullying a female comrade in broad daylight?"

## **Chapter 226: you should consider getting a divorce**

Huo Ting raised his voice and questioned Yan Qing.

It was clearly a very serious matter, but when it came out of his mouth, it somehow sounded like a Ruffian.

Yan Qing also came back to his senses at this time. He wiped the blood from the corner of his mouth and looked in the direction of Xia Jinqi. His expression was very ugly. "I'm sorry."

He anxiously threw out these three words. He bypassed Huo Ting and quickly left.

The way he ran away was not known by others. They thought that he was the one being bullied.

In fact, only he himself knew that at that moment, he did not know what had happened to him... ..

He was really afraid of losing her. He was really afraid that she would stand on Yan Jun's side, so... .. Suddenly, he could not control himself ...

After he woke up, he was even more unable to face Xia Jinqi. He could only choose to be a coward who ran away.

After Yan Qing left, Xia Jinqi's eyes turned red. She gritted her teeth and tightened her grip on her collar!

Huo Ting turned around. He did not know what was going on with this kid. When he looked down, he saw Xia Jinqi's long eyelashes flutter slightly, and a shadow sank in the bottom of her eyes.

That's right. Any girl would be scared by the situation just now.

He patted Xia Jinqi's shoulder lightly and resisted the urge to hold her in his arms. He comforted her gently, "do you want to find a place to take a shower and change your clothes?"

Xia Jinqi gritted her teeth and nodded. She had been looking down and did not dare to look into Huo Ting's eyes because she was afraid that he would notice the tears that kept rolling in her eyes.

"..."

After taking a shower in the hotel and changing into a new set of clothes, Xia Jinqi felt a little better.

Seeing that she was still unhappy, Huo Ting decided to bring her to eat hotpot. It was the kind of perverted spicy hotpot, and he didn't want a Mandarin Duck hotpot!

The temperature today was not low. Hiding in an air-conditioned room to eat hotpot was simply too satisfying!

Xia Jinqi buried her head and stuffed a few mouthfuls of food into her mouth. It was so spicy that she instantly doubted her life... "...".

Huo Ting didn't try to persuade her. He just watched her eat with an infatuated look on his face. Seeing that she was sweating profusely from the spicy hotpot, he handed her a cold drink.

"Did you have a good time?"

Xia Jinqi took a big gulp of the iced fruit juice, and a smile returned to her face. "Yes!"

"Now can you tell me what is your relationship with Yan Qing?" Huo Ting calmly took a piece of pork belly and put it in the pot. His tone was quite calm.

Recently, Yan Youcheng had been bringing his son to show off everywhere, and everyone knew about it.

If Huo Ting did not recognize Yan Qing, who would dare to bully his girl? He would definitely beat that B \* Stard into a pig's head. How could he let it go so easily!

Moreover, if it was someone else, Huo Ting could have held back and not asked, but that person happened to be Yan Jun's uncle.

Hearing this, Xia Jinqi's mood quickly sank again.

She looked at the blisters bubbling out of the pot and told Huo Ting everything about herself and Yan Qing.

Huo Ting was not only her childhood friend, but also her biological brother. She could tell him many things that she could not tell others.

Who knew that after Huo Ting heard this, he was so angry that he slammed the table. "I'm so angry! It's fine if you say that I didn't make it in time for you to get married! But why didn't I make it when you first fell in love? Can't you leave something for me?"

Xia Jinqi, "..."

Can I be more serious?

Huo Ting quickly noticed that Xia Jinqi's gaze was not right. He coughed lightly and straightened his expression. "Why don't you consider getting a divorce?"

### **Chapter 227: second marriage, I HAVE TO SETTLE IT!**

Xia Jinqi thought he was joking, and she glared at him again!

"Why are you asking for a divorce! Are you trying to stir up trouble?!"

"No, what I mean is, you can consider marrying me after you get a divorce!" Huo Ting said seriously, "anyway, your first marriage is already someone else's, I have to settle the second marriage!"

The more he said, the more he lost his composure!

Xia Jinqi reached out and rubbed her temples, feeling helpless.

Seeing her like this, Huo Ting smiled and seriously analyzed with her.

"Alright, stop fooling around. I'm serious. You don't need to care about Yan Qing anymore. No Man can allow his wife to be entangled with his ex-boyfriend."

"It's not an ex-boyfriend! We haven't developed to that stage yet!" Xia Jinqi felt very frustrated... ..

They hadn't even held hands yet, what kind of ex-boyfriend could they be!

Hearing Xia Jinqi say this, Huo Ting was still a little happy... ..

But even faster, he personally cut off his little happiness.

“Yan Qing doesn’t think so. You heard what he said just now. I’m afraid that he hates Yan Jun deeply in his heart. What do you think?”

“What do you mean, what do I think?” Xia Jinqi averted Huo Ting’s gaze, deliberately avoiding some of the things that she had already guessed were about to happen.

Huo Ting glanced at her and went straight to the point. “This is the internal conflict of the Yan family. It’s best that you don’t interfere and don’t care about anything. Just focus on your research and take care of everything under you, understand?”

Xia Jinqi frowned when she heard that. Before she could think deeply, her phone rang.

She picked it up and saw that it was Yan Jun calling.

She quickly picked up the call and her tone couldn’t help but become cheerful. “Hello?”

“Where are you?” Yan Jun’s clear voice echoed in her ears.

“I’m outside. I’m having dinner with Huo Ting. Have you eaten?” Xia Jinqi said as she stood up and waved at Huo Ting before she went outside to make a call.

Huo Ting watched Xia Jinqi leave with a smile. He lowered his head and a bitter smile appeared on his lips.

It seems that Yan Qing is right, she really fell in love with Yan Jun..

Just now was still depressed face, a phone call from Yan Jun, immediately in high spirits up.

He should be happy to see her well... ..

But I can’t help thinking how nice it would be if she married me... .. If only she were in love with herself ...

—

Yan Jun did not eat tonight, originally waiting to go home and eat with her, who knew to go home left wait did not see people, right wait still did not see people.

He was afraid that she would start a fight at the Xia family home again, so he called to ask.

However, not only did she not go to the Xia family home, she even went to eat hotpot with Huo Ting.

She was a little unhappy, and even her sentences became shorter.

“Come back soon.”

“Yes, I’m almost done eating!” Xia Jinqi immediately promised. She felt that Yan Jun might hang up the phone, so she quickly stopped him. “Well... Yan Jun, I, I want to talk to you.”

She wanted to ask him about Yan Qing.

However, these two words were a very sensitive topic for Yan Jun, and she didn’t know how to say it.

Yan Jun quickly noticed Xia Jinqi’s mood swings and asked, “what happened?”

“nothing... nothing happened! I just suddenly want to talk to you!” Xia Jinqi was shocked. If he knew what happened in the hospital just now, he would have already brought a 40-meter long knife to look for Yan Qing ...

### **Chapter 228: a mountain can not accommodate two tigers, unless there is a male and a female**

“where are you?” Yan Jun did not answer but asked instead, his voice was deep and smooth.

Xia Jinqi did not think too much and directly reported the name of the place. Then, she heard Yan Jun say, “Don’t move there, I’ll go pick you up. ”

With that, he hung up the phone.

His tone was a little anxious, as if he had put down his phone in a hurry and came to look for her.

Xia Jinqi frowned. She looked at the phone screen and saw that the call had ended, but she still had not come back to her senses.

She only said that she wanted to talk to him, but he didn’t ask what it was about and just came over?

She walked back to the private room resentfully and found that Huo Ting had already eaten his fill. He was leaning on the chair and STROKING HIS STOMACH!

“You’re still the same as when you were young. Every time I leave, you’re alone!” Xia Jinqi pursed her lips as if she was disgusted. She sat down and quickly scooped a few chopsticks from the pot before continuing to tease Huo Ting “quit the army and don’t grow a beer belly!”

Huo Ting was unmoved. He shook his head like a Ruffian. “It’s not like you don’t know about my old man. How can he let me be idle? These few days, I’ve trained more at home than I did in the army! And a beer belly... look, I’ve lost a few pounds. My Chin has become pointy!”

Huo Ting was so naughty that even Xia Jinqi couldn’t stop him She could only laugh at him helplessly. “He seems to be a lot prettier!”

After the two of them laughed, Huo Ting raised his eyebrows and asked, “did Yan Jun Call?”

“Yes, he said he would come and pick me up later.” Xia Jinqi put down her chopsticks after eating two mouthfuls. While wiping her mouth, she remembered the conversation between Huo Ting and her. She couldn’t help but ask, “Er Huo, do you really think that Yan Qing will make things difficult for Yan Jun?”

Speaking of this, Huo Ting also put away the smile on his face and sneered, “one mountain can not accommodate two tigers, what do you think?”

“...”Xia Jinqi was silent. She really wanted to continue, unless there was a father and a mother.

However, due to the tense atmosphere at the moment, saying it would easily provoke a roll of eyes, she had to endure it.

“This is their fate. No one can escape it. But girl, you’d better not get involved in their struggle,” Huo Ting emphasized repeatedly, not wanting to put Xia Jinqi in a dilemma.

Especially after he found out about the relationship between Xia Jinqi and Yan Qing... ..

Xia Jinqi smiled. "You're just worrying blindly. How could I interfere in the Yan family's matters? Don't worry, I don't CARE ABOUT THEM!"

When she said this, Xia Jinqi would not know that the fight between the uncle and nephew of the Yan family would soon begin with her as the center.

Huo Ting saw that Xia Jinqi was so sure, so he was relieved. "Just let me worry blindly!"

After chatting for a while, Huo Ting looked at the time. It was getting late, so he said, "Yan Jun should be here by now. Let's go out and wait for him!"

Xia Jinqi followed him out. As they walked, she sighed at the passing of time.

"I remember that you were about the same height as me in the past. Why are there so many of you now? You're a head taller than me!"

Hearing this, Huo Ting took the opportunity to raise his hand. He placed his arm on Xia Jinqi's head and pressed her down "A man must be tall and strong. What do you think? Do you regret not waiting for me to come back? I have so much potential in high-quality stocks. Wouldn't it be a pity to miss it?"

Xia Jinqi was forced to walk unsteadily. She could only give him a perfunctory reply. "Yes, yes, yes. I regret it very much. It's a pity!"

The two of them chatted as if they had returned to their childhood. They talked about everything, played around, and were friendly and comfortable.

When Yan Jun drove over, he just happened to see Xia Jinqi walking mischievously on the edge of the flower bed on the sidewalk. Her hands were raised, as if to maintain balance.

**Chapter 229: was "give up, give up" .**

Huo Ting walked beside her with his hands in his pockets. From time to time, he would threaten Xia Jinqi, causing her to lose her balance and fall from the edge of the flower bed. Then, he would reach out to help her up... ..

Then, Xia Jinqi chased after him and punched him several times to vent her anger.

Yan Jun did not call for them or stop the car. He just drove slowly and followed behind them.

The night was very dark, so dark that his eyes were also dark.

Huo Ting was Xia Jinqi's childhood friend. He knew this.

But at the same time, he also knew Huo Ting's feelings for Xia Jinqi... ..

Of all the gifts God gave mankind, the most beautiful was that pair of eyes.

The words that came out of one's mouth could lie.

The actions of one's hands could also lie.

But the eyes could not.

No matter how deep one's heart was buried, it would still flow out from a pair of eyes.

Especially love and hate.

Yan Jun understood the way Huo Ting looked at Xia Jinqi. His eyes were filled with love.

Only that little girl, Xia Jinqi, was sometimes really slow in love. Perhaps she had not realized that there was a man who had loved her since she was young, and had loved her for more than ten years... ..

Seeing Xia Jinqi and Yan Qing together, Yan Jun would be furious, but seeing Xia Jinqi and Huo Ting together, his heart was filled with envy and gratitude.

He envied Huo Ting for being by Xia Jinqi's side when she was so young.

He thanked Huo Ting for being by Xia Jinqi's side when she was depressed, sad, confused, and happy.

After watching him quietly for more than two hours, Yan Jun finally stepped on the accelerator, drove beside Xia Jinqi and the others, and then honked the horn.

Xia Jinqi was laughing with Huo Ting. When she heard the sound, she looked back with a thick smile on her face.

The moment she saw the person in the car, Xia Jinqi immediately took a step and ran towards him.

Yan Jun stopped the car. Just as he walked around the front of the car, he saw the girl in front of him.

"YOU'RE HERE!" Xia Jinqi smiled and took the initiative to hold onto Yan Jun's arm. Her big black and white eyes were curved, making people's hearts skip a beat.

Yan Jun was infected by her joy. The corners of his cold and thin lips curled up. "En. "

Just then, a gust of night wind blew past and messed up the hair beside Xia Jinqi's ears. Yan Jun smoothed her hair for her, and his actions were extremely natural.

Then, the two of them looked at each other and smiled. Even the air carried a sweet smell as it blew in front of Huo Ting... ..

His heart ached, and he hurriedly averted his gaze. In order to ease the awkwardness, he deliberately rubbed his arms and complained, "if the two of you continue to give out candy like this, I'm going to get diabetes!"

Xia Jinqi was amused and burst into laughter. "I've never seen someone get diabetes like this! I'll take you to get an insulin shot tomorrow!"

"Go!" Huo Ting waved his hand in disgust. He then looked up at Yan Jun. "I'm relieved to hand her over to you. I still have some matters to attend to, so I'll take my leave first. "

"okay." Yan Jun nodded slightly. The gaze he used to look at Huo Ting was no longer cold and unfamiliar.

Perhaps it was because of his love for Xia Jinqi that he appreciated her even more.

Then, Huo Ting turned around and did not look at Xia Jinqi again.

If you want to give up, you should give up.

He understood this principle.

Xia Jinqi didn't notice the disappointed look on Huo Ting's face the moment he turned around.

She only saw him elegantly throw his jacket onto his shoulder, step on the glow of the street lamps, and slowly walk into the darkness.

"thank you for today, Er Huo!" Xia Jinqi shouted at his back.

In return, Huo Ting waved his small hand without looking back, leaving not a single cloud behind.

### **Chapter 230: a fickle man**

After he left, Xia Jinqi turned around and shook Yan Jun's arm. "Aren't you busy tonight? You even specially came to pick me up! I drove here myself..."

"someone drove the car back for you. Didn't you have something to talk to me about?" Yan Jun withdrew his gaze and turned to look at her delicate face.

Xia Jinqi looked around and coughed dryly. "Here?"

The cold wind blew on the dark street. It didn't seem suitable to talk about business, right?

"Go back?" Yan Jun suggested.

Xia Jinqi instinctively rejected. "No... I don't want to go back tonight."

If she went back at this time, she might run into Yan Qing.

For the time being, she didn't want to see him.

Yan Jun furrowed his brows slightly. Seeing that her gaze was erratic, he thought that something must have happened today.

Since she wasn't willing to go back, then she wouldn't go back.

"That's good too. All your things have been moved over. We'll stay at Qingxin Garden tonight," Yan Jun said faintly. His gentle gaze never left her watery eyes.

"Then I'll go back tomorrow and tell mom and dad?" Xia Jinqi knew the rules. If she moved away with Yan Jun, she had to at least tell Yan Sheng and Ji Xinyu.

Thinking about it carefully, as her daughter-in-law, she seemed to be a little incompetent.

Unexpectedly, Yan Jun said directly, "I will tell them. Get in the car first."

After saying that, he opened the door of the passenger seat for her.

Xia Jinqi was a little overwhelmed by the favor and got in the car.

Seeing him close the car door for her, go around the front of the car, and get into the car from the other side, Tian Tian felt sweet and happy in her heart.

“will my parents be angry? I just got married, and you moved out... ”

“No. ” Yan Jun answered very decisively, which comforted Xia Jinqi’s heart.

She no longer let her imagination run wild and turned to focus on the way he drove.

“I heard that you fired you XI? ” Xia Jinqi suddenly asked when she just remembered.

This was the information that Fang Shaoan secretly passed to her... ..

After returning from Las Vegas, Fang Shaoan treated her much better. Occasionally, he would do the same and tell her some recent news about Yan Jun..

When he heard this, Yan Jun glanced sideways at Xia Jinqi, then looked straight ahead. “The news is quite well-informed. ”

“You... didn’t you say earlier that you wouldn’t fire her? ” Xia Jinqi didn’t understand. Didn’t he say earlier that he wouldn’t fire you XI himself ? ?

It had only been a few days, could it be that he had forgotten everything he had said?

A fickle man.

“That was before. ” Yan Jun didn’t intend to explain further.

Previously, he had wanted to use this to force Xia Jinqi to take up a position in the Yan Corporation. However, after learning that she was the leader of Lego, there was no reason for her to be a lowly employee by his side.

In addition, the incident where you Xi scalded him with boiling water made him realize that this woman might very well hurt her in the future, so he couldn’t keep her anymore.

Xia Jinqi, ”... ”

Sure enough, she was fickle.

After a short period of silence, Yan Jun seemed to recall the scene when Xia Jinqi angrily went to the company to look for her in the afternoon. He turned around to look at the clothes on her body. She had already changed.

He was a little disappointed.

He still remembered her miserable appearance clearly!

“Aren’t you going to tell me about the fight? ” He started to talk. He was quite curious as to why Xia Jinqi, who was used to being patient, would start to fight?

It was really unexpected.

She always brought him novelty like this... ..

When it came to fighting, Xia Jinqi couldn't help but hold her forehead. She felt like her reputation had been ruined just like that!

Not to mention, when she turned her eyes to the side, she happened to see a faint smile on Yan Jun's lips!

No matter how she looked at it, it looked like a mockery!
