

## Trick Me 2221

### Chapter 2221: The thought of her getting married in the future

In the silence, there was a sudden sound behind her. Wu Shu quietly hid in the darkness.

Yan Yusheng walked out of the living room and saw her brother staring into the night in a daze.

“brother? Why are you here alone? You didn’t eat much just now,” Yan Yusheng asked worriedly. She slowly walked over and stood side by side with her brother.

All these years, there were always people who asked them if they had the legendary telepathic connection. After all, they were dragon and Phoenix twins, which made them more mysterious.

However, that feeling was actually very ethereal and difficult to describe.

It was just that she could sense the change in her brother’s emotions faster than her parents.

This could be considered as a type of telepathic connection, right?

Yan Yuhan turned around when he heard the sound. He saw that his sister’s face was slightly tipsy, so he smiled and said, “did mom and Dad Mention Big Brother Quan? “

Just like her, he could quickly see through her guilt.

“just a few words.” Yan Yusheng mumbled softly, and his face turned even redder.

Seeing her like this, Yan Yuhan could not help but reach out his hand and stroke her smooth long hair. “Our Xiao Sheng has grown up. “

This was his sister from the same mother as him. They had grown up together, and she was his most important family member.

“then shouldn’t brother tell me what you’ve been busy with recently?” Yan Yusheng picked up the phone and asked.

Regarding the so-called girlfriend, Yan Yusheng had already learned the INS and outs of the matter from Yuan Bao.

She did not know about this matter, and judging from her parents’looks, she probably did not know either.

What exactly was it that she had to hide from them?

Yan Yuhan’s expression paused slightly, and then he immediately thought of who might have leaked the secret.

Seeing his hesitation, Yan Yusheng continued, “I know you didn’t say anything because you didn’t want mom and dad to worry, but brother, I don’t want anything to happen to you. “

She guessed the seriousness of the matter and unconsciously grabbed his sleeve, tightly gripping it in her palm.

This small action made Yan Yuhan's heart warm.

He pointed at her smooth forehead and smiled, "listening to Yuan Bao's nonsense again? When have I, your brother, ever done anything that I'm not confident in?"

Regarding this, he had perfectly inherited everything from Yan Jun..

Father and son never did anything that they were not confident of.

He was determined to win over the Han family!

Ever since he took over Lego, his uncles had barely given him some face on account of his parents.

Even though he had done well in his performance, it was only a drop in the bucket. If he wanted to completely win over the hearts of the people, he had to show some real ability.

The Han family had been constantly causing trouble recently, and his uncles were already very unhappy. If he had not been suppressing them, the two sides would have very likely started fighting.

For him, winning over the Han family would allow him to become famous in Lego.

At the same time, he would cooperate with Huo Ting. After the matter was done, this would be his stepping stone into the city.

He could have both fish and bear paws.

The opportunity was right in front of him.

"Then promise me, no matter what the situation is, don't risk your life, okay?" Yan Yusheng shook his arm slightly. There was stubbornness and certainty between her delicate brows.

If it was possible, she really wanted her brother not to carry so much on his shoulders alone.

"okay, I promise you." Yan Yuhan nodded with a smile. He knew that if he didn't say that, this little girl wouldn't be able to sleep for a night.

Although she was usually carefree, she was actually the most meticulous and emotional person.

When he thought of her getting married in the future, Yan Yuhan began to feel reluctant to part with her... ..

He suddenly understood why his father had come back in such a hurry.

### **Chapter 2222: Not Sleeping in the middle of the night**

Sighing to himself, Yan Yuhan reminded her again, "come back early after school these few days. I will arrange for people to protect you."

"Okay." Yan Yusheng nodded obediently. She also knew that as long as she didn't run around, she would be helping her brother.

It was even later in the night when Fang Shaoan and his wife brought Yuan Bao home. n()OveℓIn

When the Yan family quieted down, Yan Yuhan took advantage of the night to leave.

Half an hour ago, Han Jingjing brought a group of people to smash two of Lego's trading posts, an entertainment club. The matter was quite big, and the uncles were dissatisfied. They gathered together and asked Yan Yuhan to come forward and give an explanation.

It just so happened that they hadn't gone to Lego for a while. This time, they would go and check the accounts.

After so many years, Lego's headquarters had been relocated a few times.

The current location was in the northern suburbs. There were detection stations within a few kilometers to prevent outsiders from invading and secretly taking photos with aerial cameras.

Starry night.

A row of three black mercedes-benz stopped in front of a castle.

Someone stepped forward, Bent Down, and opened the car door. He said respectfully, "Master Han. "

With that one word, the bodyguards who were prepared to welcome him at the door immediately lowered their heads and shouted in unison, "Master Han! ! "

No one dared to show the slightest disrespect!

Yan Yuhan narrowed his phoenix-like eyes and glanced indifferently at the outside of the car before slowly getting out of the car.

Although the uncles had been complaining about it recently, there were still quite a number of people who came to receive him.

Wu Shu followed behind him as usual. The only difference was that this time, there was also Li Jie.

Although so many years had passed and Li Jie had become much older, his skills did not decrease in the past, especially the experience accumulated from many years of actual combat. An ordinary person might not be able to match up to him in his lifetime.

"Master, the uncles are all waiting inside. " After changing to another place, Wu Shu's address of Yan Yuhan also automatically changed seamlessly.

Yan Yuhan's footsteps did not stop. "All of you are here? "

"All of you are here, " Wu Shu replied.

After that, Yan Yuhan did not ask any more questions. He only furrowed his brows slightly and walked straight ahead.

Wherever he passed, everyone lowered their heads respectfully and solemnly!

In the villa's main hall.

There were twelve people surrounding the huge square table.

There were six people on the left and right sides, leaving only the upper position in the middle.

Seventh Master Chang sat in the first position on the right. His hair had turned a lot whiter, and he had grown a full beard. He looked even more ferocious.

“Each and every one of you can’t hold your own ground. You’re not sleeping in the middle of the night, yet you’re not letting others sleep?” Seventh Master Chang yawned as he impatiently swept his gaze across the table.

No one dared to touch his own plate. The Han family also knew how to pick the soft persimmon. They would not be so stupid as to provoke someone like seventh master Chang who wanted to eat people.

Therefore, seventh master Chang’s attitude of not caring about anything caused the others to be dissatisfied.

“Seventh Master Chang, you are wrong! We are a team. We will rise together and fall together! If your plate is fine, you should have come to protect us. How can you just watch us get bullied?” The one who spoke was a short-haired woman. She was wearing very dark lipstick and glasses. The wrinkles at the corners of her eyes were very severe. She looked like she was at least fifty years old.

“Hehe, Granny Lei, I told you to let me know if you wanted to help. If your money is in place, my seventh master Chang will also be in place!” Seventh Master Chang patted his belly and smiled like a scoundrel.

He had changed quite a bit over the years.

Before the Han family came out, Rao Cheng had been very peaceful!

He had not touched his weapon for a few years. Now, he had gained a whole body of fat. He also HAD AN EIGHT-MONTH-OLD BELLY!

### **Chapter 2223: had never been bullied like this before!**

He had gotten used to a comfortable and comfortable life, so he no longer missed the days of fighting and killing.

Therefore, of Yan Yuhan’s policy of keeping the troops at bay, he was the one who responded the most positively.

In any case, his people were not injured... ..

“HMPH.” Granny Lei turned her head in disdain. Only then could she bear to fork out her own money.

It was not only her, but everyone present was also unwilling to fork out their own money. Otherwise, why would they join forces to look for Yan Yuhan?

They could not control what Chang Qiye did, but they could pressure Yan Yuhan and make him step forward to intervene.

On one hand, as the leader of Lego, Yan Yuhan could lead the people and make the highest decisions. On the other hand, no one dared to disobey his orders.

But on the other hand, he was also under their control.

If he wanted to sit in this position, he had to convince the masses and win the hearts of the people. It could be considered a kind of mutual control, in case either side lost their power and lost their nature. The hall suddenly became quiet. Everyone had their own ulterior motives and didn't say a word.

When the door was opened, a transmission came, "the chairman is here! "

Everyone looked towards the door at the same time. When they saw that it was Yan Yuhan who had arrived, they all stood up. No matter how old they were or what kind of affairs they were in charge of, they all respectfully greeted him, "chairman. "

The cold-looking youth who had come against the light merely nodded his head indifferently. His cold gaze swept over everyone present.

After he sat down, he said, "sit. "

When everyone heard this, they sat down.

At the beginning, no one spoke. It was as if they were waiting for the other party to speak first.

Yan Yuhan leaned back against the back of his chair. His pitch-black eyes were filled with displeasure.

Three minutes later, he lifted his thin lips slightly and said in a moderate tone, "tonight, the Han family has swept our territory. Everyone... What do you have to say? "

As soon as he said this, Granny Lei could not wait to speak, "chairman, the Han family has done this many times. Although our territory is not big, we have worked hard to build it up. Are we going to let them do as they wish? "

"That's right. If we continue to be patient, it will only make them want more and more! "

"Han Zhang and his daughter are like mad dogs, crazily swallowing up the small forces around them. Chairman, if we continue to sit idly by, one day, the Han family will become our biggest threat! "

"Lego has never been bullied like this before! " As he spoke, someone actually clenched his fist and slammed it heavily on the table.

Yan Yuhan raised his eyes coldly and glanced at that person. His killing intent was obvious!

Someone beside him immediately pushed that person. "Boss Ding, I think you're muddled with anger! "

Boss Ding, who was wearing a white suit, realized that it was disrespectful to knock on the table in front of the chairman. He quickly looked at Yan Yuhan "Chairman, it's not that I'm dissatisfied with you. It's just that... my plate has been damaged the most. Now... there aren't many brothers left! Sigh! "

They were all brothers who had followed him through life and death. Only boss Ding himself could feel the pain.

The others also chimed in. "Boss Ding, I'm not much better than you. Although my men are still around, all the business has been stolen by Han Zhang. There's not a single customer in the shop now! "

“If I knew this would happen, I would have gone to Macau! At least Lego is the only one there. who would dare to bully us? “

Yan Yuhan did not take the previous chatter to heart.

But this last sentence... .. seemed to speak the truth ...

“All of you want to go to Macau? ” He asked back, his expression extremely sinister.

#### **Chapter 2224: their business, you guys split it up**

It was a heavy sentence, but it was powerful without anger!

Everyone shut up, no one dared to say another word.

Boss Ding was the angriest. His brothers were gone anyway. Even if he left Rao city to develop in Macau, it was nothing. He just had to start over.

As for the remaining people, they had been eyeing the casinos in Macau for many years.

What they did in Rao city was nothing much. Although it was better to have lego backing them, the money they earned was nothing compared to the casinos.

After a long time, everyone was envious.

Now that this was happening again, who would not want to take advantage of this opportunity to develop in a good direction?

Of course, there were also people like granny Lei and Chang Qiye who were unwilling to go anywhere other than Rao city.

Their roots were all in Rao city. They were unfamiliar with Macao. In addition, they were old and wanted to live a peaceful life. n-(OvεIbIn

Therefore, when Yan Yuhan asked this question, only Chang Qiye and granny lei expressed their unwillingness to go. The rest of the people did not speak.

The meaning behind this was self-evident.

Yan Yuhan continued to remain silent.

His well-defined fingers slowly tapped on the table, one after another, as if it was a timer, but also as if it was a subconscious action.

Since he did not speak, no one in the room dared to speak, and no one dared to leave either.

It was not until everyone sat until their bodies stiffened that someone flashed in from outside the door.

Wu Wei swept his gaze across the hall and whispered something into Wu Shu’s ear. Only then did Wu Shu come forward and whispered to Yan Yuhan, “master, they’re here. “

Master Chang Qiye and the rest of the people looked at Yan Yuhan curiously, not knowing what he was trying to do.

Back when Xia Tian was still in power, even though they were both high and mighty presidents, master Chang Qiye still had some friendship with her, so he felt more at ease.

But this Yan Yuhan... ..

He had an even more domineering and cold air about him. He was decisive and merciless.

To be honest, even master Chang Qiye was a little afraid of this kid.

After Wu Shu left, Yan Yuhan looked up at the people around him and said indifferently, "since that's the case, other than Master Chang Qiye and Granny Lei, the rest of you will go to Macau tonight. "

As soon as he said that, someone was displeased again. "tonight? ! Chairman, isn't this a little too rushed? "

"We haven't handed over our business yet, and we're leaving just like that? "

"Chairman, why don't you give us a few more days? We can leave after we've dealt with the matters here? "

Yan Yuhan curled his thin lips and said slowly, "let's do it tonight. The plane is ready. Everyone, please leave. "

Then, regardless of whether these people were willing or not, Wu Shu had already brought people forward and invited them out one by one.

On the way out, all of their faces were very tense.

Any one of them was older than Yan Yuhan, and they had all followed him through the summer. They had originally wanted to take advantage of their seniority, but who knew that Yan yuhan would actually pull such a trick and directly let them go to Macau?

This... If they went just like that, what would happen to their business ? ?

Of course, no one dared to ask this question, so all of them could only go out in silence.

After they left, Chang Qiye snorted "This Group of fools, do they think that Macau is so easy to treat? My brother said that those casino managers in Macau are very shrewd. No one would want their cake to be split. These people are just waiting to sit on the bench! "

Yan Yuhan did not care much about it and only said, "you guys split their business. "

### **Chapter 2225: using other people's money to buy your own people's hearts**

Seventh Master Chang and Granny Lei looked at each other and became excited at the same time.

"Thank you, Chairman! "

The two of them said in unison, their voices filled with unconcealable excitement.

One had to know that the entire business of Lego in Rao city was handled by the few people present just now. Now that they had left, the business they left behind was a big piece of fat meat!

Seeing the two of them beaming with joy, Yan Yuhan slowly added, "however... The matter of the Han family still needs the help of the two of you. "

After taking a bite of the Jujube, who could refuse at this time?

Seventh Master Chang and Granny Lei immediately said, "chairman, please instruct us! WE WILL DO OUR BEST! "

Hearing this, Yan Yuhan finally mentioned his plan "I will disappear for a few days. You guys think of a way to sell off all the businesses of those people and do things in a high-profile manner. The Han family will definitely think that Lego is in imminent danger. When they make their move, it will be the day of our revenge. "

Everyone was smart. Hearing Yan Yuhan's words, seventh master Chang immediately understood.

However, there was one thing he did not understand. He asked again, "chairman, where are you going? "

What did he mean by... .. Disappearing for a few days ? ?

"That's right. If you weren't here, Han Zhang would be even more unbridled," Granny Lei added. n-

"Only then would they come out in full force. " Yan Yuhan smiled faintly. His deep black eyes were as still as a cold pond.

Seventh Master Chang was stunned for a moment. He suddenly thought of something and said with a sudden realization, "Oh, I see! Han Zhang that old fellow knew Lego was short of a chairman. He thought that without a leader, they would definitely come out in full force! "

At that time, they would capture the Han family in one fell swoop!

Granny Lei also understood.

Yan Yuhan did not need to explain further. He only said, "the time that follows might be very chaotic. The current situation depends on the two of you. "

"chairman, don't worry! We will definitely fight to the death to protect Lego! " Granny Lei's reply was sonorous and forceful!

Her roots were in Rao city, and she would be able to get more benefits immediately. Of course, she would not like anything to happen to Lego at this time.

Chang Qiye also promised, "chairman, I don't dare to say anything else, but in terms of moving people, Rao city has never lost to anyone before! "

Yan Yuhan nodded and did not say anything else. He stood up and left.

When they walked out of the door, Li Jie was the first to catch up. Wu Wei held onto Wu Shu and said in a low but excited voice, “brother, our young master is too amazing, isn’t he? ! “

“What did you see? ”WuuShuu looked at his younger brother and asked.

“Look, those old fellows who want to go to Macau are either bullied to the point of being useless, or they can’t share weal and woe together. It’s useless to stay in Rao city. Young Master’s move to let them go to Macau is really brilliant They don’t have to be an eyesore anymore, but they can also let the Macau government officials give them a good lesson Moreover, after they left, the rest of the business was taken as a favor and given to Chang Qiye and Granny Lei... ... using other people’s money to buy their own people’s hearts ! Too Ruthless ! ! ”

Wu Wei said as he looked at Yan Yuhan’s departing back with admiration. He really felt that it was an honor to be able to work under such a person!

Even if he had to die to protect him, it was still worth it!

Wu Shu smiled faintly and patted his shoulder. “learn more from young master. “

“Yes! ” Wu Wei nodded heavily. His conviction to follow Yan Yuhan for his entire life had been strengthened.

Li Jie, who was walking in the middle, listened to the conversation between the two brothers behind him without missing a single word. He slowly raised his eyes and glanced at the youth walking in front of him.

### **Chapter 2226: if you were a real man**

He had worked by Yan Jun and Xia Jinqi’s side for many years and was well aware of their intelligence and courage. He had also watched their son grow up.

Now, it seemed that the Yan family had a successor... ...

Yan Yuhan had perfectly inherited everything from Yan Jun and Xia Jinqi. He was only seventeen years old, yet he already had such wisdom and decisiveness.

The group of people returned to the car and returned to the Yan family on the same route.

However, they had only walked halfway when the car suddenly stopped.

Yan Yuhan happened to be taking a nap. Li Jie, who was sitting in the passenger seat, looked as if he was facing a great enemy. He narrowed his eyes and glanced at the few cars blocking the road ahead.

A woman wearing a black jacket and tight jeans got out of the leading car. All her hair was tied up in a neat ponytail. She carried a mace on her shoulder and stared in Yan Yuhan’s direction with a determined gaze.

“Young Master, it’s Han Jingjing, ” Li Jie said. At the same time, he reached out his hand to take out a pair of night vision goggles from under the seat and put them on.

The cars in front had distant lights, which was very dazzling.

If they were to fight later, it would not be good if they suffered a loss.

Hearing Li Jie's voice, Yan Yuhan slowly opened his eyes.

He did not seem to be surprised that he would be blocked by Han Jingjing. His black eyes were steady and unchanging.

He seemed to have expected all of this.

When there was no movement, Han Jingjing could not wait to start shouting, "Hey, Yan Yuhan, what kind of hero is being protected in the car? If you have the guts, come and fight me one-on-one!"

As she spoke, Han Jingjing put down the Mace on her shoulder and heavily knocked on the hood of the first mercedes-benz, making a clanging sound.

That arrogant look was arrogant and barbaric.

"Don't tell me you're afraid of me? Even the mighty master Han has to cower like a turtle!"

As soon as she finished speaking, the underling behind her burst into laughter.

Cao Yu was among them. He had been following Han Jingjing the whole time. When he heard these words, he only chuckled a few times and did not act impudently.

After everyone laughed, the scene returned to silence.

Han Jingjing stared at the three black mercedes-benz in front of her. The windows seemed to have been specially treated, so it was impossible to see inside clearly from the outside.

In other words, she had no idea which car Yan Yuhan was in.

Frowning, Han Jingjing slowly turned her head and asked Cao Yu, "hey, which car do you think that kid is in?"

"This..." Cao Yu carefully looked at the three cars, but he couldn't find any clues. In the end, he said directly, "No matter which car he is in, we have enough explosives. We just need to blow up all three cars!"

"No." Han Jingjing shook her head. "I have to see Yan Yuhan with my own eyes! I'm still worried if he isn't dead!"

"But these cars seem to be bulletproof..." Cao Yu was in a dilemma.

Han Jingjing, "..."

This won't do, that won't do either. Then what about her operation tonight? !!

She was still hoping to take down Yan Yuhan's little name and spread it around the world!

"I don't care. In any case, I can't just blow him up so easily!" Han Jingjing tightened her grip on the mace. After thinking for a long time, she finally came up with an idea. She picked up the Mace and walked around the three cars "Yan Yuhan, I know you're in the car To tell you the truth, the explosives I

brought tonight can blow up a ten-mile radius If you're a real man, get out of the car yourself. I can spare your brothers' lives Otherwise... .. Hmph, I'll blow you all up!"

### **Chapter 2227: Daring to stop master Han's car**

She had long found out that Yan Yuhan was very loyal. Those who protected him were his brothers who had followed him through life and death. She couldn't just watch them all die, right?

However, Han Jingjing's petty tricks really didn't scare Yan Yuhan.

He looked down indifferently and calmly tidied up his sleeves. At the same time, he asked Li Jie, "how confident are you? "

Li Jie knew that he was asking how confident he was in his chances of winning.

"As long as the explosives don't explode, 90% , " Li jie replied.

Hearing this, Yan Yuhan's eyes paused.

If it was in the past, Li Jie's answer would definitely be 100% .

But at this moment... ..

Li Jie narrowed his eyes and stared at the youth who had been following beside Han Jingjing. His eyes revealed a fierce light. "He's not simple. "

Yan Jun also looked at Cao Yu. That youth looked ordinary on the outside, but his eyes were filled with killing intent.

Those who were able to protect Han Jingjing closely should not be simple.

In the silence, the car in front of Yan Yuhan suddenly opened its door.

It was Wu Shu who got out of the car.

Yan Yuhan narrowed his Phoenix eyes dangerously. According to the previous plan, no one was allowed to get out of the car without his orders.

But now, Wu Shu got out of the car first... ..

Han Jingjing, who had been waiting until she was annoyed, finally saw someone get out of the car voluntarily. Although this person was not Yan Yuhan, at least her words just now had an effect, right?

With a smile on her lips, Han Jingjing slowly walked over and carefully looked at Wu Shu. "Hey, did you make a mistake? I asked your master to get out of the car. I didn't say to let the dog get out too! "

Since she had investigated Yan Yuhan, she naturally also checked all the people around him.

She also recognized Wu Shu. He was an obedient dog by Yan Yuhan's side!

In the face of Han Jingjing's malicious provocation, Wu Shu was not moved.

He did not even look at Han Jingjing. He still stood straight. “since you dare to block master Han’s car, does that mean you are mentally prepared to go against Lego?”

“Ha! WHAT BIG WORDS! Who Do you think Lego is? Don’t you just rely on the casino to earn some money to win over the higher-ups?” Han Jingjing glanced at the car behind Wu Shu and began to argue in her heart. Was Yan Yuhan also in that car?

Just now, Wu Shu got out of the car very quickly, so fast that she didn’t even see clearly who was inside!

However, considering the order, Wu Shu got out of the second car. Generally speaking, Yan Yuhan should also be in the second car!

Han Jingjing looked back at Cao Yu. Cao Yu immediately nodded and leaned toward the second car.

Just as Cao Yu walked over, another voice sounded.

“Then, what is the Han family?” The cold and arrogant words with a hint of disdain reached Han Jingjing’s ears.

Her eyes focused, and she turned to look at the direction of the voice.

She saw that in the car that Wu Shu got out of, a youth wearing a black coat also got out.

That height was almost the same as Yan Yuhan!

As for the shape of his face... .. that youth’s face was covered by the collar of the coat. Han Jingjing couldn’t see it clearly, and this voice sounded a bit fake ...

Just when Han Jingjing wasn’t sure, Wu Shu, who was next to her, suddenly opened his mouth and respectfully called out, “young master. “

As soon as he said this, the last bit of doubt in Han Jingjing’s heart was instantly dispelled.

“Yan Yuhan, you’re finally willing to appear! “

She excitedly opened her mouth and unconsciously tightened her grip on the Mace.

Tonight, just tonight, she wanted to capture this kid alive!

### **Chapter 2228: operation!**

However, what Han Jingjing didn’t know was that the real Yan Yuhan didn’t get out of the car at all.

In the third car, Yan Yuhan’s dark eyes looked coldly at Wu Shu who was outside the car and Wu Wei who was pretending to be him.

He had warned them not to do such a thing!

However, it seemed that Wu Shu and his brother didn’t want to listen to his advice. They had made arrangements long ago.

Wu Wei’s figure was similar to his. In addition, the night was dark, so it was easy to confuse him.

Han Jingjing had a lot of courage, but she lacked a bit of wisdom. Coupled with her eagerness to succeed, she was afraid that she had really mistaken him for someone else.

“Wu Wei, come back immediately,” Yan Yuhan lowered his voice and ordered.

Wu Shu and Wu Wei were both wearing invisible earphones. Both of them heard Yan Yuhan’s voice at the same time, but... ..

No one moved.

They were born in a fishing village, but they grew up in the Yan family.

The arrival of this day had been rehearsed countless times in their hearts, so... .. They were not afraid ! !

They were only afraid that they had failed to protect the young master and let down the Yan family’s grace for so many years.

Li Jie looked at the brother’s unmoved expression and knew that they had made up their minds.

Moreover, he really understood this kind of feeling too well.

Because tonight, he would risk his life to protect Yan Yuhan’s safety!

Not for money, fame and fortune, but only to repay a debt of gratitude.

The three Li brothers were able to be reborn. Not only did they live a normal life, but they also obtained an honorable and blissful life that they had never imagined.

It was Yan Jun and Xia Jinqi who gave them the chance to be reborn. It would not be an exaggeration to say that they were their rebirthed parents.

He had watched Yan Yuhan grow up since he was young... ..

“Young Master, let them do it,” Li Jie suddenly opened his mouth and advised Yan Yuhan.

There were some things that even if they knew that they might pay the price with their lives, they would still go regardless of their own safety!

Hearing this, Yan Yuhan raised his eyes and looked at Li Jie, who was sitting in the front row.

Tonight’s operation was arranged by him.

On the way to the company with Yuan Bao, he had guessed that Han Jingjing might make a move on him on the way to the company. That was why he had specially come to Lego tonight.

Firstly, no matter how sparsely populated the city center was, once something happened, it would quickly make the headlines.

With the current status of the Yan family, it was better to have less trouble.

Secondly, Yan Yuhan knew that as soon as the news of his departure was released, Han Jingjing would definitely not give up such a hard-earned opportunity. In this wilderness, Han Jingjing did not have the time to set up explosives and rescue.

And he... .. Had already connected with Huo Ting ...

The speed and efficiency of the army's support was not something that a simple club could compare to.

Therefore, tonight, he was confident of victory!

However, even with this one in ten thousand preparation, the Wu brothers were still unwilling to let him take this risk!

"Uncle Li, I am the same as my father. I will not let anyone make unnecessary sacrifices." Yan Yuhan slowly opened his mouth and his voice was steady and heavy!

Li Jie was stunned for a moment. He did not know what Yan Yuhan meant. He subconsciously turned his head and saw that Yan Yuhan had already put on a black mask and a cap.

The moment he lowered his head slightly, it covered his sharp and Sharp Phoenix Eyes!

"Young Master, what are you..." Li Jie suddenly had a bad premonition.

Before he could finish speaking, Yan Yuhan had already issued the final order, "move out! "

### **Chapter 2229: Identity Swapping**

As soon as the words left his mouth, the doors of the three cars opened in unison, and eight bodyguards in black suits jumped out in an instant!

Han Jingjing had just turned her head when the two sides were already engaged in a fight!

"Capture Yan Yuhan alive!" Han Jingjing shouted, and Cao Yu, who was behind her, immediately pounced on Wu Wei.

Wu Shu was the first to block in front. He had practiced martial arts since he was young, and his master was Li Jie. Ordinary people were no match for him.

However, Cao Yu was not an ordinary person.

"Ah!" He shouted loudly, and a hand knife went down. Wu Shu actually could not withstand it, and he took three steps back before he managed to stabilize his body!

Such great strength... Simply did not seem to be something that an ordinary person could possess ! !

Wu Shu immediately frowned, and his eyes became a little more serious. However, his words were directed at his younger brother behind him. "find an opportunity to leave! "

Wu Wei did not say anything. He had also seen Cao Yu's innate godly strength, and he immediately knew that things were not good!

He did not expect that Han Jingjing still had such a talent hidden by her side. He did not know if they would be able to successfully escape tonight!

Cao Yu did not give them a chance to catch their breath. He threw another uppercut at Wu Shu. The strong wind caused Wu Shu's face to feel pain!

He thought that he probably would not be able to dodge this punch. He was already prepared to take it. However, two figures suddenly appeared out of nowhere. One of them grabbed one of Cao Yu's shoulders and dragged him back a step!

The strength of the fist was weakened just like that. Wu Shu took advantage of the momentum and flew up. He kicked Cao Yu's stomach and sent him flying!

Right at this moment, Wu Shu raised his eyes to look at the two figures that had saved him earlier.

One of them was his master, Li Jie.

The other one... .. n./σ/-∇--ε/(ℒ-)b/(l//n

With just a glance, Wu Shu was shocked in his heart.

Even though he had covered his face completely, and only a pair of eyes remained, Wu Shu still recognized him with a single glance!

It was actually the young master? ! !

Yan Yuhan didn't have the time to explain further, and he said with a deep voice, "escort the young master away! "

Since Wu Wei was pretending to be his identity, then he didn't mind being Wu Wei for once!

Meanwhile, Wu Wei was dumbstruck when he heard Yan Yuhan's voice... ..

According to the original plan, it wouldn't be him acting as bait, and it wouldn't be a problem even if he was captured by Han Jingjing. The most important thing was to buy time for Yan Yuhan to leave.

Why... .. Now it seemed like their identities had switched ? ?

The young master had actually turned around to protect them? ! !

In the midst of shock, Han Jingjing in the front cursed loudly once more, "no one can think of leaving today! Cao Yu, attack! "

After being shouted out by her, Cao Yu, who had fallen to the ground, immediately bounced up, and his gaze became even fiercer when he looked at the few people before him!

He could stay by Han Jingjing's side, but he had passed through many stages of the selection, and no one could defeat him!

And these few people actually dared to challenge his strength? ! !

"Ah! ! " He screamed again and charged at the few people ferociously like a wild beast!

Li Jie was the first to bear the brunt. He was the most skilled and experienced among these people. Relying on his skills, he could more or less neutralize Cao Yu's brute force.

However, the more Cao Yu fought, the braver he became. It was as if the strength in his body was endless and could never be used up!

Wu Shu saw that the situation was not right, so he joined the battle.

With the combined efforts of the master and disciple, they were barely able to block Cao Yu's attack. On the other hand, Han Jingjing had already raised her Mace High and was waving it at Wu Wei! Wu Wei's eyes narrowed. Just as he was about to meet her, someone suddenly blocked his way.

### **Chapter 2230: fame in a single battle!**

He took a closer look and realized that it was actually Yan Yuhan... ..

The person whom he was supposed to protect was now standing in front of him, protecting him!

It was not an exaggeration to describe his current mood as stormy waves!

However, things had already come to this. He couldn't possibly change his identity back in front of Han Jingjing, right!

He could only forcefully hold on like this... ..

Yan Yuhan's skills were not bad. Every round of attacks from Han Jingjing were blocked by him. Wu Wei observed for a moment before joining in as well.

The two of them attacked at the same time. Han Jingjing's fists were no match for four hands. She was quickly defeated and was forced to retreat!

When Cao Yu saw this, he immediately became nervous. With a loud roar, he pushed Li Jie and his disciple away and turned to help Han Jingjing.

"Boss! Are you okay? !" Cao Yu helped Han Jingjing to stand steadily. His eyes were red and the blood vessels on his neck were all bursting out!

He could beat him up, but he could not bully his boss like this! ! !

"I'm fine. Catch Yan Yuhan first!" Han Jingjing was not really hurt. She did not care about this at all. Instead, her eyes were staring at Wu Wei. They were almost glowing!

She hadn't found anything fishy until now. She only thought that the person these people were protecting must be Yan Yuhan.

After all, who would swap identities with their bodyguards?

Before Cao Yu could answer, the sound of police sirens came from afar!

"Oh no! It's the police!" Han Jingjing's underlings shouted and all moved closer to Han Jingjing. "boss, what should we do? ! "

"What are you panicking for? !" Han Jingjing shouted and looked at the police cars coming from afar. Her face turned cold. "SET THE EXPLOSIVES! Whoever dares to come, just blow them up! "

Wu Shu and Wu Wei heard this and cursed silently. After exchanging glances with each other, they looked at Yan Yuhan who didn't say a word in front of them.

If they continued to stay here, once Han Jingjing really detonated the explosives, no one would be able to escape!

At this time, Wu Wei took the initiative to step forward. "Madman, aren't I the one you want to catch? I'll go with you and let these people go! "

"Humph! It's too late for you to say this now!" Han Jingjing's eyes were bloodshot. How could she still have the mood to listen to their negotiations? ! !

Since the police were here, she would make the matter even bigger and more sensational!

If the matter were to spread in the future, it would be good for everyone in the Jianghu to see clearly just how capable she, Han Jingjing, was!

This wave of free advertising had made her famous in one battle. How could she give up?

She took out a remote control from the pocket of her leather jacket. Just as Han Jingjing was about to detonate the explosives buried at the outermost side, Li Jie quickly rushed forward. He stretched out his hand to snatch it, but he was pushed away by Cao Yu who suddenly rushed out!

Cao Yu's martial arts were inferior to Li Jie's, but with his brute force, he was actually able to block Li Jie for a moment.

Yan Yuhan seized this opportunity and flew out, kicking Han Jingjing's right hand!

"Bang!" Han Jingjing lost strength in her hand, and the detonator flew into the air!

Han Jingjing panicked and hurriedly tried to grab the detonator. The next second, Yan Yuhan had already attacked, so she had to withdraw her hand and take two steps back to avoid the attack!

But this time, Han Jingjing saw Yan Yuhan's eyes!

She frowned and could not believe it, but she began to doubt, "you... who are you? ! "

It was too dark last night, so she did not see Wu Wei's appearance clearly. She only heard a few words from Wu Shu, and everyone was protecting him, so she automatically thought that it was Yan Yuhan.

But the person in front of her... ..
