

## Trick Me 2231

### Chapter 2231: Be careful of ambushes

Those eyes were really too sharp! ! !

Yan Yuhan did not have the time to pay attention to her. He reached out to catch the falling object, but Cao Yu who had suddenly rushed over was the first to grab it!

The moment he grabbed it, he did not hesitate at all!

All of a sudden, the ground shook!

The entire ground was shaking, and the scene was in chaos!

Cao Yu grabbed Han Jingjing. "boss, HURRY UP AND LEAVE! The COPS ARE HERE! "

No matter what, escaping was more important now!

But Han Jingjing was determined not to leave. "No, I WANT TO CAPTURE YAN Yuhan! "

It wasn't easy for her to set up this trap, and it wasn't easy for her to get such an opportunity!

If tonight's operation failed and Yan Yuhan escaped, who knew if there would be such an opportunity in the future!

How could she let go of a fat piece of meat that was right in front of her mouth? ! !

"But boss, if we don't leave now, we'll be finished!" Cao Yu was thinking about Han Jingjing's safety.

They did bring enough, but the premise was that Han Jingjing had to be in a safe area!

In other words, if she didn't leave now, they wouldn't be able to do anything about the last thing they had!

Yan Yuhan's men were already very difficult to deal with. Now that so many cops had come, they were simply no match for them.

If they stayed here, they would only be waiting for death!

"You go first! Give the rest to me!" Han Jingjing pushed Cao Yu. She was now completely obsessed with Yan Yuhan, how could she care about anything else?

Cao Yu frowned. "boss, if you don't leave, I won't leave either! "

At the same time, Li Jie also retreated to Yan Yuhan's side. "Young Master, look for an opportunity to leave first! In their hands, we can't stay here for long! "

"Control Han Jingjing first. With her around, no one would dare." Yan Yuhan was not in a hurry to leave. At this moment, Han Jingjing was still here, which meant that this place was still safe.

Li Jie knew that it was useless to try to persuade her, so he could only nod his head and turn around to attack Han Jingjing!

Cao Yu was just about to come over to stop him when the police outside had already rushed in. "Police! Don't move! ! "

Only then did Cao Yu panic. He pulled Han Jingjing over. He did not care whether she was willing or not, and started to run!

If he did not leave now, he would really lose his life!

Yan Yuhan looked at the police officers who were surrounding him and said, "let's go! "

If his current identity was exposed in the police station, he was afraid that it would attract unnecessary trouble.

Even though he and Huo Ting were the masterminds behind this operation... ..

Wu Shu and Wu Wei heard him and quickly chased after him.

The group of people took advantage of the darkness of the night and quietly left through the small path.

Wu Wei took off his coat as he ran. He didn't like these things and wore them to pretend to be Yan Yuhan.

"Young Master, about what happened just now... thank you." Wu Wei said the last two words with difficulty, but his heart was filled with apology ...

He was originally the young master's bodyguard, but in the end, he was protected by the young master instead... ..

Yan Yuhan didn't turn around. He only said, "remember, your lives are equally precious. "

His tone was deep, carrying the anger that had been suppressed for a long time, but he treasured it!

Wu Wei's heart tightened. After a long time, he said, "yes, young master. "

It wasn't hard to hear that his voice was choked with sobs.

Yan Yuhan did not mention this matter anymore. He only narrowed his eyes and carefully observed the surroundings. "Be careful of an ambush. "

Han Jingjing's face was filled with unwillingness when she left. With her character, she definitely would not leave quietly like this.

### **Chapter 2232 how could a bad guy be so handsome?**

As soon as he finished speaking, a figure suddenly jumped out of the dark forest and pounced on Wu Wei, who was at the end of the line!

"Ah!" Wu Wei cried out in surprise. Wu Shu immediately turned around and kicked at the shadow!

The shadow turned around and nimbly turned around to dodge, then pounced on Li Jie again.

Li Jie was wearing his night vision goggles, so he could see the person at a glance. He shouted, "It's Cao Yu!"

Yan Yuhan was about to turn around when he heard a series of rumbling sounds around him, and flames of explosions were burning everywhere!

"Yan Yuhan, since we can't catch you, let's perish together!!" Han Jingjing's arrogant and crazy laughter rang out.

After that, a white light flashed in front of them, and Wu Shu shouted, "run!!"

The night was too dark. The group of people quickly scattered and ran in different directions.

"Boom!!"

The explosion behind him was accompanied by a huge wave, and it swept towards Yan Yuhan!

He quickly laid on the ground to reduce the impact, but he was still shaken by the wave until his vision went black and he fainted.

"..."

When he woke up again, there seemed to be some chatter in his ears.

"Zijin, where did you find a man? He's still injured. When I changed his clothes just now, he was covered in blood... could he be a bad guy?" A timid male voice said in a low, suppressed voice "...".

"I don't think so? Can a bad guy be so handsome?" The female voice sounded clear and naive with a hint of a smile as if she was teasing him.

"Wow, are you looking at people based on their looks now?!" The male voice was full of surprise.

Halfway through the conversation, Yan Yuhan felt an itch in his throat. He could not help but cough twice. "COUGH COUGH!"

The two people in the room probably heard the sound and looked at him at the same time.

Then, someone poured hot water and fed it to his mouth. He said gently, "drink some water first to moisten your throat."

Yan Yuhan was confused and confused, so he did not see the figure clearly. He only drank some water, and his throat was indeed much more comfortable.

After a moment of silence, his consciousness gradually became clear. He composed himself and looked at the girl who was feeding him water.

Her face was delicate, and her skin was fair. Her pair of big round eyes were twinkling, as if there was some kind of starlight.

Seeing that he was staring at her, the girl did not hesitate and introduced herself with a smile. "Hello, my name is Zijin. I'm a backpacker who came to this mountain to play. I picked you up when I went to the mountain the night before yesterday."

After that, she pointed at the boy next to her. "This is my friend, Tu Ming. You can call him potato. "

"Hey! Why are you exposing my shortcomings!" Tu Ming pouted unhappily and looked at Yan Yuhan.

"Who are you? Why are you lying in the ravine covered in blood? Are you a bad person? "

Tu Ming was still very concerned about this... .. although saving someone was a good thing, what if the person who was saved was a heinous criminal ? ?

"..."Yan Yuhan moved his mouth and realized that his throat was not making any sound.

An Zijin seemed to see his confusion and explained, "you have many wounds on your body. After burning for two days, you probably burned your throat. But it's not a big deal. You should rest for two more days. When the inflammation subsides, you will be able to talk. "

As she spoke, she handed over a cell phone covered in wounds. "Your cell phone is also broken..." "

Yan Yuhan frowned as he looked at the cell phone that he could not turn on. He then pointed outside the door.

"You want to ask where this is?" An Zijin seemed to understand what he meant.

### **Chapter 2233: you changed my clothes for me?**

Yan Yuhan nodded and turned back to look at an Zijin. His eyes were calm and steady.

"This is a guesthouse. The owner's family has been practicing traditional Chinese medicine for five generations. You can rest assured and recuperate. " An Zijin stood up and poured a glass of water back before placing it on Yan Yuhan's bedside.

Tu Ming was a little jealous when he saw how meticulous she was. When he spoke to Yan Yuhan, he was not so polite anymore. "Hey, you haven't answered my question! Who Are you? ! "

Yan Yuhan looked up at him and heard an Zijin scold him. "Didn't you see that he can't speak because his throat is burned? Go, ask Xiao Ji if he can bring the lunch forward. "

"I'M NOT GOING! If I leave, what do you plan to do when you two are alone?" Tu Ming refused firmly, and his tone sounded very aggrieved.

" ... " an Zijin's eyes twitched. "Are you looking for a beating? "

Tu Ming refused to leave anyway. He even moved a small stool to sit at the door and guarded the two people in the room.

If he left, what if the kid in bed was a big bad guy who had designs on Zijin? ! !

HE WANTED TO PROTECT ZIJIN!

Seeing that he was not leaving, an Zijin decided to leave on her own. "then you stay here and keep an eye on him. I'll go look for Xiao Ji, alright? "

"HMPH. " Tu Ming turned his face away and remained silent.

After an Zijin left, he turned his head to look at Yan Yuhan, who was leaning against the head of the bed.

After hesitating for a long time, he got up and found a piece of paper and a pen. He handed it to Yan Yuhan. "If you can't talk, you can at least write, right? Your hand is not injured! "

Anyway, Tu Ming was full of wariness towards this man who had suddenly appeared!

He just didn't know how an Zijin, a girl, didn't know fear? ! !

When going out, he still had to protect himself well!

Yan Yuhan looked down at the pen and paper in his hand. The corners of his lips curled up slightly as he slowly wrote down a line of words.

Tu Ming curiously looked over

[ did you change my clothes for me? ]

"Nonsense! Of course I did! Do you still expect Zijin, a girl, to change your clothes for you? " Tu Ming snorted. The way he looked at Yan Yuhan was even more strange.

Yan Yuhan didn't care about his exaggerated tone, and he wrote another two words, [ thank you ]

" ... " this made Tu Ming feel a little embarrassed, but he still maintained his arrogance, "no need to thank me, I didn't want to do it anyway! "

After saying that, he remembered the serious matter, "Hey, don't talk about him! Quick, tell me Your name, where are you from, and why did you come to this mountain alone? ! Are you plotting something? " n/)O)(v)/e--l-)b)(1.(n

Speaking of this, Yan Yuhan frowned, [ you only found me? ]

"Yes! " Tu Ming nodded, and then his eyes widened. "Don't tell me you have other accomplices? ! "

...

Yan Yuhan frowned slightly.

The explosion that night happened suddenly, but fortunately, there weren't many explosives, so it wasn't enough to kill people.

Moreover, he heard Han Jingjing's voice at that time, which meant that she was nearby.

No matter what, she shouldn't really blow herself up.

He just didn't know how Li Jie and Wu Shu were doing.

Yan Yuhan turned to look at his phone and wrote a few words on a piece of paper, "I'm in a bad mood. I'm here to relax. "

He couldn't tell anyone about him for the time being.

Tu Ming obviously didn't believe him. Just as he was about to ask for more details, he saw Yan Yuhan write, "I'm borrowing your phone to tell my family that I'm safe. "

“It’s been raining heavily these past two days. There’s no signal in the mountains. ” Tu Ming threw his phone over. “No, there’s no signal at all. “

### **Chapter 2234 did not have the mood to do anything else**

Yan Yuhan also saw that there was no signal, but he still wrote, [ lying down is boring, I want to play games. ]

Tu Ming’s eyes twitched. “then you play... “

Anyway, there was no signal or internet, so it was okay to play some single-player Games.

And more importantly... .. A person who was addicted to games should be.. .. Not In the mood to do anything else, right?

For example, killing people and setting fires.

After the doubts in his heart were cleared, Tu Ming did not stay any longer. He turned around and went out to look for an Zijin.

The room suddenly became quiet.

Yan Yuhan raised his eyes and looked out of the window. The white mist covered the endless mountain peak as far as the eye could see.

Last night, he was ambushed on the way. In addition, he did not run too far away, so it was impossible for him to leave Rao city.

Since he was still in Rao city, he had a way to contact his godfather, even if there was no internet or signal.

Lowering his eyes, he operated Tu Ming’s phone. After entering his personal account, the entire phone was directly connected to the satellite. Using the latest R technology, the communication could be restored in an instant.

“Godfather, it’s me. En, I’m fine. “

Yan Yuhan connected to the Terminal Server of the Security Department and found Fang Shaoan.

If Tu Ming had been one step slower and heard that Yan Yuhan had actually made a call, his eyeballs would probably have popped out!

There was no signal on everyone’s phones. How did he do it? ! !

When he went to the first floor, he happened to see an Zijin guarding a pot of chicken soup.

Tu Ming ran over excitedly to chat with her. “Yo, there’s actually chicken soup to drink today? Xiao Ji is enlightened? “

Xiao Ji was a mutual friend of him and an Zijin, and he was also the owner of this hostel.

They had been eating wild vegetables from the mountains for the past few days, and it was very bland...  
...

The people in the city were used to eating big fish and big meat all day long. At first glance, they were very excited to see these wild vegetables, and they also ate very happily.

But as time passed... .. Well, they still felt like eating meat ...

After grinding Xiao Ji for so many days without eating meat, there was actually chicken soup today?

Before an Zijin could say anything, a young man jumped out of the room. He was tall and thin, and he was dressed in a national costume. He said somewhat helplessly, "an Zijin said that that kid is injured, and he needs to eat some good supplements! "

This was his grandmother's chicken, and he usually couldn't bear to eat it! n--o(/v--e).ℓ-(b).l.-n

" ... " Tu Ming was immediately jealous. He looked upstairs and then at an Zijin. He wanted to cry, but no tears came out. "I thought it was for me! "

"Can you be a little more self-aware? " Ji Weizhong patted Tu Ming's chest and looked down at his phone. He had already received a few messages. "strange, there was a signal just now, and now it's gone. "

"There's a signal? " An Zijin also took out her phone and fiddled with it. She found that there was still no signal. "No signal... "

"There's no signal now. " Ji Weizhong put away his phone indifferently and asked again, "do you know who the kid upstairs is? He was covered in blood when he was rescued. Could it be... "

Before Ji Weizhong could finish his words, Tu Ming patted his chest and promised, "there's nothing unusual about that kid. He started playing games the moment he woke up. He must be an Otaku too! "

An Zijin couldn't help but laugh when she heard him say that. "You just said that he was a bad person. You changed your statement so quickly? "

"I only said that after I carefully observed him! " Tu Ming did not mention his so-called 'carefully observed' . In fact, he just saw that Yan Yuhuan's handwriting was pretty good and he even thanked him.

A guy who was quite polite could not be disliked.

### **Chapter 2235: I'm a little gentler**

"Alright, potato, since you're already down here, help me take care of the fire. I'll go change the medicine for the person upstairs. " An Zijin clapped her hands and stood up.

Before she could enter the room to get the medicine, Tu Ming had already started to cause a Ruckus. "Why are you going to apply the medicine for him? If you want to go, I'll go! He's a man, alright! ! "

"Do medical staff still have gender differences in their eyes? " An Zijin rolled her eyes at him and went straight into the pharmacy.

Tu Ming was still shouting from behind. "What kind of medical staff are you? ! You've only been here for a few days... you've only gotten to know a few herbs... "

He and an Zijin came out to play during the school holidays. Both of them came from good families, and they hit it off with Ji Weizhong, so they came here.

A few nights ago, they went into the mountains on a whim and wanted to pick a few herbs. In fact, they had only come into contact with Chinese medicine for a few days.

Seeing this, Ji Weizhong hurriedly stopped Tu Ming. "Just let her go! I saw that she saved that person and took good care of him. She just wanted to experience the feeling of being a doctor saving lives and helping the injured! "

"really?" Tu Ming turned his head to look at Ji Weizhong suspiciously. "but that kid is really handsome! Could he have abducted our Zijin? "

"..."Ji Weizhong.

"..."

An Zijin took the disinfectant and went upstairs. She saw that the youth who was supposed to be lying on the bed on the verge of death had actually gotten out of bed. At this moment, he was leaning against the bamboo railing by the side of the building and overlooking the fog-shrouded mountains.

There were still a few scratches on the side of the youth's face. His face was also a little Pale. The clothes he was wearing were Ji Weizhong's ethnic clothes, which were somewhat loose.

But even so, it still could not hide the extraordinary aura of a king on his body.

An Zijin was a little entranced for a moment... .. Her face inexplicably felt a little hot ...

Thinking that she was a little feverish, an Zijin shook her head and walked over.

"Why are you up? It's windy outside, and it won't be good if the cold gets worse." As she spoke, an Zijin placed the tray of medicine beside the young man.

Yan Yuhan heard the voice and turned around.

It was the girl he saw when he woke up.

She had a fair face, clear eyes, and a gentle and gentle aura around her.

Seeing that he did not speak and only looked at her, an Zijin smiled and pointed at the tray in front of her. "I'm here to change your medicine. Shall we go in? "

Hearing this, Yan Yuhan nodded and got up to walk into the House.

His right leg was injured and it was inconvenient for him to walk.

An Zijin saw this and hesitated for a moment, but she still reached out to help him.

The moment they touched, both of them paused.

Yan Yuhan did not refuse. He followed her strength back into the room and sat by the bed.

An Zijin carefully examined his wounds. They were all simple external injuries. Ji Weizhong's grandfather had already come to take a look and there were no major problems. He just needed to change the dressing on time.

An Zijin also learned the procedure of changing the dressing. Although she was an outsider, it was more than enough to bandage Yan Yuhan.

The two of them in the same room could not help but feel a little awkward. An Zijin began to find a topic to ease the atmosphere.

"If you feel pain, move a little. I'll be gentler. "

Yan Yuhan nodded.

However, throughout the entire process, he did not even frown once. *nove/10/1n*

This made an Zijin even more curious about him... ..

"I think you should be the same age as me, right? How can you endure it so much? Does it really not hurt? "

Although the scars were not deep, they looked equally hideous. Even an Zijin, who changed the dressing, felt pain... ..

### **Chapter 2236: aren't you afraid that I'm a bad person?**

Yan Yuhan took a piece of paper and a pen from the side and wrote, [ it's just a flesh wound ]

"Oh... " an Zijin answered sullenly, but the movements of her hands were becoming gentler and gentler.

She always felt that if she could be a little gentler, the pain would be reduced by a little.

And these small movements were also seen by Yan Yuhan.

Because of the action of applying the medicine, she moved a lot closer.

The faint scent of a young girl's body lingered between her nostrils.

Yan Yuhan was silent for a moment before he wrote, [ aren't you afraid that I'm a bad person? ]

Tu Ming's cautiousness and cautiousness were still vivid in his mind.

Why was it that this girl was so calm and only cared about his injury? Other than asking him who he was and whether his injury was painful, there were no other questions.

An Zijin could not help but laugh when she saw this question. "Are you annoyed by potato's question? He didn't mean anything by it. It's just that it's your first time in the mountain and he saw that you were covered in blood, so he was extra careful. "

"What about you?" Yan Yuhan asked again.

"Me? I don't think you're a bad person, " an Zijin answered with a faint smile.

It was the first time that he was unconditionally trusted by a stranger. Yan Yuhan's dark eyes paused slightly, and an unknown warmth began to grow in his heart.

[ why? ]

"Well..." an Zijin happened to be changed by him, so she stepped back a little. She sized him up carefully and used a sentence from Tudou. "because you're handsome!"

When he heard this, Yan Yuhan's eyes paused slightly. Then, he smiled faintly and wrote, [ you have good taste ]

An Zijin was just casually saying this, but when she saw that he really wrote this, she burst out laughing. "Haha! You're too humble!"

After laughing, an Zijin became serious. "At that time, the sky was too dark, and I didn't see the many injuries on your body clearly. I only saw that someone had fainted. I couldn't just leave him to die, right?"

"But when you woke up and saw your eyes, I knew that you were definitely not a bad person.

"because there was no killing intent in your eyes. Instead, they were very peaceful and calm.

"The injuries on your body... "You must have experienced a lot before you fainted "For a person who has experienced so many things to be able to remain so calm, he must be an amazing person!"

As a girl, her heart was always more meticulous, and her emotions were also richer.

She had observed more things without batting an eyelid than potato had seen.

Moreover, if she and potato had really turned a blind eye to that situation at that time, that life might have quietly passed away.

They still had to save it first before they could find out.

After Yan Yuhan heard her words, he looked down at the gauze bandage on his leg, which was not very standard, and slowly curled his thin lips.

[ you are very smart. I will definitely repay you for saving my life. ]

An Zijin looked over and pursed her lips. "You don't even want to tell me your surname and name, and you still want to repay me..."

Hearing this, Yan Yuhan turned around and wrote his name on the paper.

"Yan Yu Han." An Zijin read it out word by word, then sighed. "What a cool name!"

"But... the surname 'Yan' is very rare... I seem to have heard of it somewhere?" An Zijin frowned and fell into deep thought. n--o(/v--e).ℓ-(b).l.-n

It seemed that very few people in Rao city had this surname, right?

But for some reason, it felt familiar... ..

Yan Yuhan did not give any advice. He only stood up again and wanted to walk out of the door.

It was stifling to stay in the room. He wanted to go to the corridor outside to take a look at the scenery. In the past, he rarely had such an opportunity.

### **Chapter 2237 why are you so good to him?**

An Zijin sensed his intentions and quickly took two steps forward to support him.

“Is it boring to stay in the house?” She tilted her head and asked. Then, she saw Yan Yuhan nodding his head.

The two of them looked at each other and smiled. They stopped by the bamboo railing and looked at the scenery in the distance together.

Yan Yuhan was still unable to speak. An Zijin was afraid that he would be bored, so she told him many interesting stories about when they first came to the mountains.

She spoke very vividly and her voice was pleasant to hear. Yan Yuhan’s eyes were filled with a smile from beginning to end.

This accident was not that bad for him... ..

Downstairs.

Tu Ming was guarding a pot of chicken soup. When he heard the laughter, he looked up and saw an Zijin and Yan Yuhan talking and laughing as they looked at the scenery.

“Wu Wu, my Zijin, was she abducted just like that?” Tu Ming clutched his chest and complained to Ji Weizhong tearfully.

Hearing this, Ji Weizhong also looked up and glanced upstairs. He smiled and shook his head. “enough, you speak as if Zijin is yours! “

“We grew up together. We were childhood sweethearts! Why doesn’t she like me?” Tu Ming asked with tears in his eyes.

“Aren’t you brother and sister?” Ji Weizhong glared at him. “If you really have to have her, why don’t you chase after her earlier? “

“hehe. ” Tu Ming straightened his expression and began to give a long speech with a smile “I already know that she thinks of me as her brother. Besides, her father doesn’t like me either! If it wasn’t for the family forcing the marriage, why would she come to the mountains to hide? I’m just afraid that she’ll fall for someone with an unknown background. “

Ji Weizhong frowned and his gaze deepened. “You just said that that kid isn’t a bad person. “

Tu Ming thought about it and felt that it was true.

Looking at that Kid’s appearance, he shouldn’t be an ordinary person.

“Aiya, forget it. A GROWN WOMAN CAN’T BE KEPT! If she falls for someone, we can’t stop her. I wonder if Zijin’s father will break this kid’s leg if he finds out!” Tu Ming smiled, seemingly taking pleasure in Zijin’s misfortune.

Fortunately, he didn’t have a deep attachment to Zijin and retreated to the second line. He just wanted to be good brothers. *no ve*)!b-In

Otherwise, he really could not deal with that old man an Huatai!

Ji Weizhong’s eyes twitched. “You just hope that Zijin’s love life will be rough! What if old man an likes this kid? You’ll be so angry!”

“GO TO HELL!” Tu Ming snorted and did not speak to him. He continued to stare at his chicken soup.

He was not very interested in that so-called romantic love. Right now, his mind was filled with this chicken soup!

Tsk Tsk, how delicious it must be!

In the evening, a few people sat around a table, and the delicious and tempting chicken soup was already in place.

An Zijin first scooped a bowl of soup for Yan Yuhan, while Tu Ming ate it at the side. “Why are you so good to him?”

“He’s a patient,” an Zijin answered straightforwardly and then handed the spoon to Yan Yuhan.

Ji Weizhong did not think much of it and only said, “it’s still not enough to drink the soup. Eat more meat.”

Tu Ming instantly felt that he had fallen out of favor. He hugged his head and wailed, “can’t you all care about me too? I’m also very weak! I’ve been EATING GRASS FOR SEVERAL DAYS! Zijin, when are we going back to the city?”

“Didn’t we agree to play for a few more days?” An Zijin was not in the mood to go back.

“How would I know that there’s no Internet here! My game hasn’t been published for a few days...” Tu Ming complained.

He was not forced into a marriage. Following an Zijin to the mountains to get to know the herbs was purely to accompany the crown prince in his studies!

**Chapter 2238 fate. They would definitely meet again.**

An Zijin could tell that Tu Ming really wanted to go back. She also knew that she could hide for a while, but she could not hide forever.

Her family wanted to get engaged to her. Fortunately, she was still young. She had to wait until she reached the legal age to get married.

Running like this was not a solution... ..

After thinking for a while, she finally looked at Yan Yuhan beside her and compromised. “when he can speak, we will go back. “

“really? ! ” Tu Ming’s face lit up with joy. He almost danced with joy!

An Zijin nodded, as if she had finally made up her mind.

Tu Ming changed his attitude towards Yan Yuhan. He served him soup and food, urging him to eat more. Only by eating more could he recover faster!

Ji Weizhong could not help but criticize Tu Ming. “You’ve changed your battle line quite quickly! “

“Of course! My greatest strength is knowing what’s good for me! ” Tu Ming was not modest at all. Instead, he was proud of himself!

When he said this, everyone at the table laughed.

Yan Yuhan sat down. Even if he did not say a word, he could still feel their joy and simplicity.

Such a relaxed life was completely different from his world. *no ve(lb)*In

It seemed like it was not bad to be able to take a break to experience it.

After dinner, the few of them moved chairs in the courtyard. Everyone sat together and looked at the stars. Occasionally, they would chat about a few topics. Most of them ended with Tu Ming’s jokes.

A little later, everyone went to sleep.

In the second half of the night, two helicopters suddenly circled the sky above the quiet mountain.

Police officers in special uniforms came down from the helicopters and quietly surrounded the entire dormitory.

Yan Yuhan had not slept all this while. When he heard the noise outside, he took the initiative to walk out of the room.

The personnel who came to rescue him immediately noticed him. “Young Master, we’re late. “

“Let’s go. ” Yan Yuhan could already speak at this time, but his voice was very hoarse and it was very difficult for him to speak.

“Yes, young master. “

Just like that, the group of people took advantage of the night to quickly evacuate.

When the helicopter flew up into the night sky again, Yan Yuhan took a deep look at the dormitory that was getting smaller and smaller. There was a lingering sense of nostalgia in his dark eyes.

Actually, he could stay here for a few more days and recuperate at the same time.

However, he still had many responsibilities and burdens on him. If he did not go back, he was afraid that he would not be able to answer to his parents.

As for his benefactor who saved his life... ..

If they were fated, they would definitely meet again.

..

It was almost noon the next day when they discovered that Yan Yuhan had disappeared.

The night before, everyone had a late night, so they slept a little more in the morning.

Especially Yan Yuhan. An Zijin thought that since he was injured, it would be good for him to sleep a little more, so she did not wake him up so early.

It was not until it was almost lunchtime that she went to the attic and found that Yan Yuhan had left.

The quilt was folded neatly, and the clothes he wore were also neatly placed on the bedside.

Apart from these, there was also a pile of cash on the bed.

After a rough count, it was about 200,000 yuan.

When Tu Ming saw the money, he clicked his tongue. "looks like that kid is really someone! Such a remote mountain, we would have to drive for a few hours even if we went out. The people who came to pick him up can actually be so stealthy! "

"It should be a helicopter," Ji Weizhong added. He was in a daze last night and seemed to have heard a similar sound.

"Wow, a helicopter came to pick him up? Impressive." Tu Ming gave a thumbs up and looked at the pile of cash. "He is a kid who knows how to repay kindness! "

### **Chapter 2239 had left just like that... ..**

The two of them were talking with relish. Only an Zijin remained silent for a long time.

She walked out of the building alone and stared blankly at the White Mountain in the distance.

She had left just like that... ..

..

It was almost noon when Yan Yuhan returned to the Yan family home.

He first went to the hospital for a full-body check-up to prove that he was really fine before returning home.

Otherwise, his family would be so worried.

His grandparents took turns to visit him in his room anxiously, afraid that something had happened to him.

His parents did not say anything, but they did not look too good... ..

After everyone had seen it once, it was Yan Yusheng's turn.

When she entered the room, her eyes were as red as a rabbit's. It was obvious that she had cried.

"Brother!" Throwing herself into Yan Yuhan's arms, Yan Yusheng choked with sobs and said, "you're finally back! I thought... I thought..."

He did not say the rest of his words, but Yan Yuhan knew what she meant. He reached out his hand and patted her back gently, comforting her in a gentle voice, "okay, I'm fine."

"You still say you're fine!" Yan Yusheng retreated. Looking at the wounds on his face, tears fell again. "With so many wounds, I can't even say anything!"

She looked at the report of the Body check-up. It said that he had multiple soft tissue contusions all over his body. His fever had burned his throat!

Yan Yuhan smiled and wiped her tears. "If you continue crying, mom and dad will come in."

"..." Yan Yusheng sniffed. Then he said, "That night, brother Dashu came back first. When he said that your whereabouts were unknown, I was so worried. However, after brother Dashu told me about your arrangements, I did not tell my parents and kept the matter a secret. Fortunately, you're back. Otherwise... I really don't know how to explain it to my parents."

Yan Yuhan disappeared for a total of three days. During this period, Yan Yusheng kept his whereabouts a secret for him. His family only thought that he had gone out to do some work.

It was not until he came back today that everyone found out that he was injured.

Initially, everything went according to plan. Who knew that after the explosion, he was shaken down the hillside by the airflow.

Later, he was taken away by an Zijin and Tu Ming, who happened to pass by. By accident, he was separated from Wu Shu and the others.

Yan Yuhan smiled and looked at Yan Yusheng. He couldn't help but raise his hand to rub her long hair. "Our Xiao puff is so capable that she can even lie to her parents."

"... you're still smiling!" Yan Yusheng snorted. He was about to say something when he was interrupted by a knock on the door ...

Wu Shu pushed the door open and saw that Yan Yusheng was also there. He said, "young master, Miss."

Yan Yusheng saw that he had come in with something, so she got up and said, "brother, you guys talk. I'll come back later."

After that, she went out.

Wu Shu closed the door and walked to Yan Yuhan's bed. "Young Master, the operation last night was very successful. Han Zhang died. When Han Jingjing rushed back, it was already too late. She was caught by the police officers who were lying in ambush at the scene. Now, chief Huo has taken her away. The chief wants to execute her secretly."

Hearing this, Yan Yuhan's dark eyes were calm, and even his expression did not change much. "How are things in Macau?"

“The few people who went there all ate the Hongmen banquet and are already discussing the matter of coming back.” When Wu Shu replied, he handed the document in his hand to Yan Yuhan. “This is the information sent by Zhao Bao. “

Yan Yuhan flipped through it a few times and said lightly, “since you’ve gone, you should stay in Macau.

Wu Shu was stunned. Did the young master mean that he did not intend to let those few people come back?

#### **Chapter 2240:**

But he did not ask specifically, but said, “in addition, the mountain accommodation of all the people, have been investigated. “

With that, Wu Shu opened another file bag and handed it to Yan Yuhan.

When he left, Yan Yuhan gave them 200,000 yuan as thanks.

It’s not much, but I don’t want them to get suspicious, and then I want them to I.D. him.

As for now to let Wu Shu investigate, it is for the sake of safety.

He had to ensure that everyone’s background and identity were clean, so that they would not expose the truth one day in the future.

After all, if Yan Yuhan wanted to run for president one day in the future, he first had to draw a clear line with Lego.

This was also one of the reasons why he had agreed to let that group of people go to Macau.

Over the years, Chang Qiye had become more and more well-behaved, and Granny Lei was getting old. They were the people who wanted to settle down the most.

He had them eat up all the food. After a period of time, Yan Yuhan would discuss with them to clean up all the businesses. At that time, there would be no more lego’s dark forces in Rao city.

Some things had to be prepared in advance.

Yan Yuhan flipped through the information in his hands. When he saw an Zijin’s photo, he suddenly stopped.

Wu Shu saw him like this and did not say anything else. He turned around and left. n))O\elb1n

The room suddenly became quiet.

Yan Yuhan’s gaze paused slightly. He took out an Zijin’s photo.

A sixteen or seventeen-year-old girl looked pure and flawless. She had a faint smile on the corner of her mouth. She was like a flower blooming in early spring. She was exceptionally beautiful.

For some reason, she thought of how careful she was when she changed her dressing, as well as the relaxed topics they talked about, and her clear voice... ..

When she was with her, she inexplicably felt very relaxed.

An Zijin... ..

Ruff, ruff, ruff.

While she was in a daze, there was a knock on the door.

“knock, knock, knock. “

Only then did Yan Yuhan come back to his senses. “Come in. “

He conveniently put an Zijin’s photo back. Then, he looked up and saw that it was his little sister who had come in.

Yan Yusheng held a bowl of porridge in his hand. It was still steaming hot. “brother, eat something first. Aunt Liu personally brewed it. She said it will warm your stomach and moisten your throat. “

Knowing that Yan Yuhan’s throat was injured, Liu Juan deliberately added Chinese medicine that was beneficial to the throat in the porridge.

Yan Yuhan nodded. He took the bowl and stirred it gently.

Yan Yusheng’s hand was empty. When she looked down, she saw the document that was placed at the side. A photo was showing diagonally inside. It was a very exquisite girl.

She could not help but be surprised. “What A BEAUTIFUL GIRL! “

As she lamented, Yan Yusheng reached out and took out the photo. After examining it carefully for a moment, she asked Yan Yuhan, “brother, who is this? Why haven’t I seen her before? “

Yan Yuhan was taking a sip of porridge and his heart was filled with warmth. When he saw that she asked, he did not answer. He only smiled and said, “do you like her? “

“I like her! “ Yan Yusheng nodded and looked at the girl in the photo again. When she smiled, she was so gentle and gentle. “How old is she? “

“Seventeen, “ Yan Yuhan answered.

Yan Yusheng smiled even more happily. “Then she’s the same age as us! Brother, who is she exactly? “

“I’ll introduce her to you in a while. “ Yan Yuhan smiled and did not say it directly.

Upon hearing this, Yan Yusheng pouted. It was really hard to be curious!

But since brother said that he would introduce her in a while, let’s talk about it in the future!

Now, she had more important things to discuss with brother.

As she thought about it, she cleared her throat and said Fawningly, “brother, you’ve been home for the past few days, right? “
