

Tick Me 241

Chapter 241: gives me enough respect

“Me?” Xia Jinqi smiled, like a lotus blossoming at the beginning of June, stunning everyone. “I’m that idiot in our family that everyone can bully...”

When she said this again, Xia Jinqi was no longer sad.

She had always been smiling, neither complaining nor complaining, accepting her past.

Because she knew that it was all in the past.

From today onwards, her life was no longer the same as before... ..

Everyone had a past, and they would be entangled by the past.

Instead of avoiding it like snakes and Scorpions, it was better to boldly face it head-on.

Only then did Xia Jinqi realize that when she could say such words without the slightest care, no one else would be able to hurt her.

Xia Jitian lost strength in his knees, and his entire body fell heavily back into the chair.

The corners of his eyes, which were covered with crow’s feet, narrowed with force, not leaving his daughter in front of him for a single moment.

“Daddy, let me ask you one more question. Are you really the leader of Lego?” There was no longer the previous roar in his voice, but instead, there was a little more seriousness and caution.

“Yes.” Xia Jinqi did not need to think too much before she gave the answer directly.

Seeing the change in her father’s attitude, she knew that she had really guessed the meaning behind Yan Jun’s words.

The most powerful chips in her hands could not be two, one in the open and one in the dark.

In the open, she was the daughter-in-law of the Yan family, with her back to Yan Jun..

In the dark, she was the leader of Lego, with her back to Lego.

Now that the Xia family was cooperating with Yan Jun, she simply could not get a word in edgewise. Moreover, she did not want to always rely on Yan Jun for everything.

If she wanted to rely on herself to survive and rely on her own strength for a long time, she could only reveal her identity.

From her childhood experience, she knew that she couldn’t rely on anyone, including her parents.

She could only rely on herself.

Although she had Yan Jun now, she was still used to solving problems by herself.

After that, Xia Jitian fell into a long period of silence.

Xia Jinqi didn't rush him. She just sat quietly and watched her father's face turn from green to white, then from white to black... ..

After a long time, Xia Jitian finally let out a long sigh. He came back to his senses and said earnestly, "Little Qi, Lego isn't suitable for you."

"At least it's more suitable for me than this family." Xia Jinqi retorted and began to talk about the mother and daughter downstairs "Dad, I don't want to talk about the past anymore. But from now on, I hope that you will give me enough respect, including the cooperation with the Yan family. Otherwise, I don't know what I will do."

After so many years, no one had given Xia Jinqi the dignity she deserved.

It was time to get it back.

Xia Jitian knew that he was in the wrong. Although he rarely stayed at home these years, he was still somewhat aware of the basic situation of his children.

It wasn't that he didn't want to be fair, but he didn't like the way his younger daughter always let others bully her!

He always felt a little resentful that she didn't live up to expectations!

Now that he suddenly saw her become so powerful, he was still not used to it... ..

"Okay, I promise you," Xia Jitian replied.

He didn't know if he really wanted to pity his younger daughter, or if it was just because he knew Xia Jinqi's identity that he had to compromise.

But whether or not false feelings, Xia Jinqi did not care.

Is originally a father and son of the contest, doomed not to be mixed with this emotional things.

"The cooperation is joyful." She still gave Xia Jitian a smile.

Xia Jitian looked at the heart of a stifled, is unable to say the taste.

—

Outside the door.

Xia Chuanxu has been standing for a long time.

He listened to most of the conversation.

Chapter 242: he was... .. Disgusted ? ?

His lips curled into a beautiful smile. He did not push the door open and enter. Instead, he turned around and left quietly.

On the first night of his fourth sister's wedding, he could tell that this sister was not simple.

When Xia Jinqi and Xia Jitian finished their discussion and went downstairs, Xia Tianjiao was still humming and wiping the tears from the corner of her eyes.

Hong Xianglin patted her back with a face full of heartache, coaxing and spoiling her.

When the mother and daughter saw Xia Jinqi come down, they stretched their necks to look, trying to find some bruises on Xia Jinqi's face and body.

How could she not be beaten up by her father when he called her away alone?

Xia Tianjiao was prepared to watch Xia Jinqi's show with all her might!

Xia Chuanxu arrived at an unknown time. He sat at a corner of the Sofa far away and did not speak. He was still drinking his own tea.

Xia Jinqi had a good impression of him because of his calm manner of handling things.

If there was anyone who was more normal in their family, it would probably be her third brother.

She had been the kind of 'other people's child' since she was young. She had excellent grades, was sensible and obedient, and was filial and humble.

When he grew up, he was also handsome and tall, warm and genial. Regardless of whether it was at home or outside, he would always have an extremely high evaluation.

Most importantly, he had never bullied Xia Jinqi, even though he did not really play with his fourth sister.

Now that he had suddenly appeared at home, Xia Jinqi subconsciously thought that he was the reinforcement that Hong Xianglin had brought back. Therefore, the way she looked at him was not that kind... ..

Xia Chuanxu raised his eyebrows slightly and felt a little awkward in his heart.

He was... .. Disgusted ? ?

Shaking his head and smiling, he put down his teacup and picked a comfortable position, ready to enjoy the following performance.

Xia Jinqi no longer looked at him, but looked at Xia Jitian.

Xia Jitian immediately understood. He coughed lightly and looked at Xia Tianjiao.

His tone was light and reprimanding, and his authority was limitless. "I have already understood what happened. Jiao Er, you are not allowed to use your sister's card in the future, and you are not allowed to bully your sister again! "

Xia Tianjiao choked, her face Pale. She did not know what her father meant, so she quickly turned around to ask her mother for help.

Hong Xianglin understood and asked, "Jitian, what happened to you? "

“And you!” Xia Jitian also glared at Hong Xianglin. “Don’t stir up trouble at home all day! Jiao Er is like this, isn’t it because you spoiled her? Xiao Qi is also our daughter, you should be more understanding towards her!”

“What did she say to you?” Hong Xianglin stood up in a flash and asked Xia Jitian before glaring at Xia Jinqi. “from a young age, fortune-tellers say that you can bewitch men! Now, you won’t even let go of your own biological father, right?”

Xia Jinqi was pointed at the tip of her nose and scolded her indiscriminately.

Before she could retaliate, Xia Jitian was already one step ahead of her. With a slap, he slapped Hong Xianglin!

“Shut up!”

In front of his three children, Xia Jitian did not show any mercy!

Hong Xianglin’s face was slapped to the side, and her hair was in a mess.

She covered her face and gritted her teeth. She did not argue with Xia Jitian. Instead, she turned around and glared at Xia Jinqi, as if the person who hit her just now was Xia Jinqi!

Xia Tianjiao saw that her mother had been beaten up, and then looked at her father’s furious eyes. She sat down obediently at the side, not daring to say another word.

That firm slap just now was something Xia Jinqi hadn’t expected.

Her mother’s gaze seemed to burn her whole body.

Fortunately, she was used to it.

Chapter 243:if you hurt me, I will repay you a hundred times over! ‘!

In the past, Xia Jitian would always stay out late to socialize. He would often come home drunk and start hitting Hong Xianglin when he was drunk.

Every time he was hit, Hong Xianglin would vent all her anger on Xia Jinqi.

This kind of mentality was a bit like, ‘If you hit me, I’ll hit your daughter. ‘.

Xia Jinqi didn’t know why she had always been the least liked by her mother since she was young. Perhaps it was just her bad luck... ..

The situation was once in a stalemate.

But very soon, Xia Jinqi perked up.

She took a deep breath and swept her gaze across everyone in front of her.

“Don’t think about getting anything from Yan Jun in the future. Especially you, second sister. Didn’t you say that all the money you spent was money I sold?”

Let me tell you, even if I sold it, the money I got wouldn't be for you to spend!

"From the time I got married, how much money did you spend on my account? Return it all to me within three days!

"Also, I'm no longer the fourth sister that you bullied.

"From now on, if you hurt me, I'll pay you back a hundred times over!"

Xia Tianjiao was already listless from the frost. However, when she heard Xia Jinqi asking her to return the money, she immediately shouted, "return? How? I spent all the money! Are you crazy? I'm your second sister!"

"You should be glad that you're my second sister." Xia Jinqi smiled coldly. After so many years, if it weren't for the little bit of flesh and blood, would the current Xia Tianjiao still dare to humiliate her like this?

Perhaps shocked by the murderous intent and bloodlust in Xia Jinqi's eyes, Xia Tianjiao was stunned for a moment and wanted to retaliate. However, Xia Chuanxu stood up at this moment.

"Alright, second sister, you've had enough. Fourth sister and I still have some matters to attend to, so we'll be leaving first." After saying this, Xia Chuanxu pulled Xia Jinqi's hand and was about to leave.

This sudden scene caught Xia Jinqi somewhat unprepared.

She blankly raised her eyes to look at her third brother who was pulling her away. For a moment, she didn't know if she should shake off his hand?

After hesitating for a while, she was already pulled three to four meters away.

Xia Jitian's voice drifted to her ears. "It's so rare for you to come back. Why don't you have lunch at home?"

"Another Day." Xia Chuanxu's voice was very carefree. As he walked, he looked sideways at his little sister who still wanted to turn around. "Don't look back. Just leave like this."

Xia Jinqi's neck stiffened. As expected, she didn't look back.

However, even if she didn't look back, she could still imagine Xia Tianjiao fiercely staring at her back, as well as the deep disgust in her mother's gaze... ..

"..."

After getting into the car, Xia Chuanxu fastened his seatbelt and turned to ask Xia Jinqi, "what do you want to eat for lunch?"

Xia Jinqi did not answer. Her mind was not on eating at all. She was even more curious. What did he mean by this?

Seeing that Xia Jinqi did not speak, Xia Chuanxu started the car on his own initiative. "I suddenly feel like drinking soup. It just so happens that you also need to replenish your Qi and blood. Why do you look so pale?"

Xia Jinqi, "..."

Are All men so unpredictable?

After some thought, she asked, "why did you tell me not to turn back?"

Xia Chuanxu turned the steering wheel, his eyes clear. "Even if you let dad stand on your side, it won't change those who want to hurt you."

After saying that, he seemed to have thought of something and sighed with a smile. "third brother admires you very much. You've done what third brother wanted to do the most in his life."

Xia Jinqi continued to look dumbfounded... .. Did her brother take the wrong medicine today ? ?

Chapter 244: will not let my biological sister suffer a loss

Why are you saying things that she doesn't understand?

After waiting for a long time, Xia Chuanxu himself explained, "You let dad stand on your side."

Only then did Xia Jinqi come to a realization.

So it was this matter that he admired?

"I'm afraid I'll have to disappoint you. Dad didn't stand on my side. He was only forced to." Xia Jinqi's smile was a little sour.

Was it funny?

If she wanted her father to help her, she would have to use some coercion and enticement.

However, Xia Chuanxu just smiled and didn't say anything more.

He went to a soup restaurant.

Xia Jinqi was enjoying the delicious soup when she suddenly heard her third brother say, "I heard everything you and dad talked about."

"Cough, cough, cough!" Xia Jinqi choked and coughed non-stop.

Xia Chuanxu smiled and handed her a tissue. He smiled like a Fox and gave her a scheming smile.

After she finally caught her breath, Xia Jinqi looked at him with a dull gaze.

"Don't worry, I won't tell anyone. I just want to talk about cooperation with you," Xia Chuanxu said slowly.

"cooperation?" Xia Jinqi raised her eyebrows. She just happened to remember that Lego needed Xia Chuanxu's help with something right now.

"I'm sure you know about the fight between big sister and me. Now, I need Lego's help, just like how father needed Lego back then," Xia Chuanxu said slowly.

He was an extremely meticulous person. After all these years, it was one thing for him to tread on thin ice outside, but when he returned home, he still had to face his big sister who was ahead of him in everything.

If he had LEGO's help, he would be able to defeat his big sister.

Xia Jinqi understood what her third brother meant. There could only be one successor for her father, and her eldest sister had the right timing and geographical advantage.

She was born early, had been with her father for a long time, and had more connections. These were all reasons for her to defeat her third brother.

Speaking of which, she still hadn't settled the score with her eldest sister for framing her and Yan Qing that day.

If she cooperated with her third brother, she could also subdue her eldest sister's imposing manner.

Moreover, she needed her third brother now.

"Back then, father also gave Lego a lot of help," Xia Jinqi calmly threw out her conditions.

Xia Chuanxu was also a smart person. He knew what Xia Jinqi was worth. "Don't worry about that. I naturally won't let my biological sister suffer."

The word 'biological sister' instantly touched Xia Jinqi's heart.

In this and that family, only this third brother was the one who had given her warmth before she got married.

"Thank you, third brother!" Xia Jinqi smiled. Her eyes and brows were curved, as bright as the galaxy.

Xia Chuanxu also smiled. He really looked at this sister more and more in a different light... ..

He couldn't help but pick up some food for her, wanting to make up for something.

After eating a mouthful of food, Xia Jinqi said again, "since we're already working together, third brother, I have an idea. In the future, all transactions with the Yan family will be handled by you, right? There's no need for Mom and dad to know about it."

Xia Chuanxu was silent for a short while, then he understood what Xia Jinqi meant. She wanted to go beyond her parents and make the decision herself.

"As long as Yan Jun agrees, I'm naturally willing." Monopolizing the YAN family was another bargaining chip for him to contend with his eldest sister.

"He doesn't have any objections!" Xia Jinqi directly made the decision.

Before she came, she had called Yan Jun and obtained his consent.

Xia Jinqi's quick answer was really unexpected to Xia Chuanxu. He gazed at his fourth sister in front of him and sighed softly. "It seems that he treats you quite well."

Whether a person lived a happy life or not could be seen from the joy in her eyes.

Chapter 245: pregnant

“That’s right.” Xia Jinqi’s face was burning. She nodded slightly, revealing the shyness of a young girl.

Seeing this, Xia Chuanxu was truly relieved. “before the wedding, I was worried that you two didn’t know each other at all. With such a big difference in personalities, it would be difficult for you two to get along.”

Xia Jinqi herself felt very lucky to have met Yan Jun..

“Don’t talk about us. Third Brother, how about you? You’re not young anymore. Is there any young lady that you like?” With a smile in her eyes, Xia Jinqi was in an excellent mood and began to tease her third brother.

Xia Chuanxu shook his head helplessly. “is marriage really that good? Look at how long you’ve been married, and you’re already spreading the word everywhere?”

“So far, it’s still very good! At least, no matter what happens, you know that there will always be someone standing behind you.” Xia Jinqi really wished that her third brother could experience her feelings as well!

What was so good about being happy alone?

It was the best if everyone around her was happy!

Her third brother treated her well, so she also hoped that her third brother could find the other half of his destiny as soon as possible.

Xia Chuanxu continued to shake his head. A woman in love... ..

..

After lunch, Xia Jinqi returned to Qingxin Garden.

There was supposed to be some anniversary celebration tonight, and she had to attend it with Yan Jun, so she had to go look for Yan Jun in the afternoon. However, she received a call from Ji Xinyu on the way, saying that she had gone to Qingxin Garden, so she called her back.

As soon as she entered the house, she was hugged by Ji Xinyu!

“silly child! Why didn’t you tell mom that you’re pregnant! No wonder Jun ‘er brought you here overnight. Did the family make too much noise for you and the baby? !”

Ji Xinyu kept on blabbering, scaring Xia Jinqi so much that she quickly reached out to touch her belly!

What... .. What Baby ? ?

She... .. When did she get pregnant ? ?

When she felt a flat touch on her palm, Xia Jinqi let out a long sigh. “Mom, I’m not pregnant. Who told you that I’m pregnant?”

“Ah?” Ji Xinyu was also stunned. She let go of Xia Jinqi and lowered her gaze to stare at her belly. It was like an X-ray, shooting back and forth.. “But Jun ‘Er said that you haven’t been eating well recently and are very lethargic. You need to recuperate! Mom has been through it before. Mom was the same when she was pregnant with Jun ‘er back then!”

“...”Xia Jinqi’s eyes twitched... ..

So, this was the reason that the man said he would explain the reason for moving to a new house to his parents?

She had said that she had to tell mom personally. Now, it was fine. She had been misunderstood.

After calming her frightened little heart, Xia Jinqi pulled Ji Xinyu to sit down at the side and started to explain seriously, “mom, I’m really not pregnant. It’s probably because I’ve been too tired recently...”

Seeing how serious Xia Jinqi was, Ji Xinyu still looked suspiciously at her stomach. Her face suddenly darkened. “Jinqi, you... tell mom the truth! You... haven’t slept with Jun ‘er yet?”

...

Another bolt of lightning struck. Xia Jinqi was charred on the outside and tender on the inside!

She really wanted to end this topic immediately! ! !

However, facing Ji Xinyu’s hopeful eyes, she couldn’t bear to... ..

“Same... same!” When she said these few words, Xia Jinqi almost bit her tongue off! !

Why... .. Had to answer such an awkward question ? ?

“If I calculate the time, I should be pregnant by now!” Ji Xinyu counted with her fingers. It had been almost two months... ..

Xia Jinqi wanted to cry, but no tears came out. “Mom, aren’t you being too anxious...”

She tried her best to sound tactful, afraid that she would hurt Ji Xinyu’s good intentions.

Chapter 246: thought that she had given birth to an ugly boy!

“We’ve only been married for two months... and I’m still in school.” Xia Jinqi coughed lightly, her face flushed ...

“You don’t have to worry about that. If you don’t have time, I can help you take care of the child after it’s born! You, you have to go to school or do whatever you need to do, it won’t delay you at all! You have to give birth left and right, it’ll recover faster if you give birth early!” Ji Xinyu patted her chest and promised Her eyes were filled with a gentle light, and no one could refuse her.

Xia Jinqi also knew that women had to give birth sooner or later. It wasn’t that she didn’t want to give birth, but she felt that she couldn’t force such a thing. When it was time, it would come... ..

However, she didn't blame Ji Xinyu for being so anxious. Even her own biological mother didn't mention these things, but Ji Xinyu really treated her as her biological daughter.

"Mom, I understand what you mean. But I'm really not pregnant... if I'm pregnant, I'll be the first to tell you!" Xia Jinqi held Ji Xinyu's hand and promised ...

"really?" Ji Xinyu was a little disappointed... ..

It was hard for her to rush over as soon as she heard the news!

"Really!" Xia Jinqi nodded vigorously, afraid that if she was a step slower, Ji Xinyu wouldn't believe her.

Seeing Xia Jinqi's serious look, Ji Xinyu was depressed for a long time before she took out some things from the bag next to her.

As she took them, she said to Xia Jinqi, "even if you're not pregnant, you still have to eat these supplements. I've already instructed the chef to prepare them and they'll arrange it. You just have to eat them obediently. They're all good for your body."

Xia Jinqi looked at the pile of supplements that filled the coffee table in a short while. For a moment, she actually felt a little sad.

"Mom, there's too much..." she opened her mouth and her voice was a little choked up.

She didn't get anything from her biological mother, but because she had Yan Jun, she could taste the taste of maternal love.

"Not much! I'll send it over after YOU FINISH EATING! Originally, I wanted to cook it for you personally, so it's convenient for you to stay at home. Who knew that Jun 'er would insist on bringing you over? I CAN'T DISSUADE HIM! You young people have so many ideas, it's better to live alone."

Ji Xinyu did not stop Yan Jun from moving out. As a mother, she knew that ever since Yan Qing returned, the atmosphere at home had changed a lot.

She did not want those bad things to affect her future grandson!

"En! Thank you, mother!" Xia Jinqi could not help but laugh. She held Ji Xinyu's hand for a long time, unwilling to let go.

The mother-in-law and daughter-in-law chatted for a while. The more Ji Xinyu looked at her daughter-in-law, the more she liked her.

However, it seemed that she was too young and was not willing to give birth.

Yes, as a mother-in-law, she had to do this ideological work properly.

After thinking for a while, Ji Xinyu took out her ultimate trump card from her bag!

A thick and big photo album!

"Mom, what is this?" Xia Jinqi looked suspiciously at the photo album that Ji Xinyu suddenly placed in front of her.

“This is a photo of Jun ‘er when he was young. ” As she spoke, Ji Xinyu flipped open the photo album. “Look, this is when he was just born. He looked like a little old man with wrinkled skin. When I looked at it, I was so sad. I thought I had an ugly boy! ”

Xia Jinqi found it amusing and quickly looked at the photo that Ji Xinyu was pointing at.

It was a photo taken in the delivery room. The doctor who delivered the baby was holding the newborn baby in his hands. It was pink and tender. It was a small baby, so soft that it seemed to have no bones.

The skin on his face was wrinkled. He cried a few times and his facial features were wrinkled together!

So ugly!

Chapter 247: He truly likes you

Xia Jinqi rubbed her nose and couldn’t help but think of Yan Jun’s appearance in her mind.

It turned out that such a handsome man, who was comparable to a banished immortal, also had such a dark history... ..

Seeing Xia Jinqi’s face full of smiles, Ji Xinyu knew that this move was effective and continued to scroll down.

“after growing for a month, you’ll be considered to be a little better looking. Your skin is white and your face is fleshy, especially that pair of eyes. They’re bright and dark, like gemstones. You’re really good at recognizing people! ”

Xia Jinqi looked over, her eyes filled with surprise and admiration.

The boy in the photo had fair skin and was round. He was smiling with his mouth open. Although he had no teeth, it could be seen that he seemed to be in a good mood.

Looking at him like this, there was a hint of Yan Jun’s charm between his brows.

“amazing, right? ” Ji Xinyu smiled proudly and took the opportunity to coax him. “When you give birth to a child in the future, you’ll definitely look exactly the same as Jun ‘er when she was young! ”

At this moment, Xia Jinqi’s mind was completely attracted by the little baby in the photo album.

She took the initiative to take the photo album and flipped through it page by page. She watched Yan Jun go from an ugly little old man to a three or four-year-old rice ball face to an eleven or twelve-year-old naive little boy... ..

Finally, when he was seventeen or eighteen years old, his appearance was almost the same as his current appearance. He was definitely a super handsome man!

Xia Jinqi was engrossed in reading and flipping through it when her eyes suddenly stopped.

She had seen this photo before at Ben’s place... ..

A photo of three people.

There was Yan Jun, Ben, and a beautiful girl in it.

She had thought that only Ben had that photo, but who would have thought that Yan Jun had one too?

From the looks of it, that girl should have one too, right?

For some reason, a strange feeling rose in Xia Jinqi's heart. It was very similar to when she saw you Xi and Yan Jun standing together.

"Mom, who is this girl?" Xia Jinqi couldn't help but ask.

Ji Xinyu, who was immersed in her own intelligence, heard this and came back to her senses. She looked at the photo Xia Jinqi was pointing at.

"Her name is Wen Qing. She went to study abroad with Jun 'er. I heard that she has been studying abroad for the past few years. She should be back by now." Ji Xinyu did not suspect her and only casually explained. She did not mention the Wen family.

"Wen Qing..." Xia Jinqi muttered the name and looked at the photo again. She felt that Wen Qing was standing very close to Yan Jun. . . .

Most people had a defensive mechanism in their hearts. They would not get too close to people they were not familiar with, especially the opposite sex.

UNLESS... ..

Thinking of a possibility, Xia Jinqi shook her head again and immediately rejected the idea in her heart.

Before she got married, she had asked Yan Jun and he said that he did not like anyone... ..

Ji Xinyu looked at Xia Jinqi's caring attitude towards Wen Qing and could roughly guess what was going on.

She looked at Xia Jinqi gently and said earnestly, "Jinqi, I've known Jun 'er since he was young. A mother knows her son like a mother. I can tell that he really likes you. I've never seen him treat any girl so well!"

People who were in love would have doubts.

Because they cared, because they loved, they would worry about gains and losses, so they would doubt.

This was human nature, and it had nothing to do with being stingy.

Xia Jinqi came back to her senses when she heard this. She smiled and was about to speak when a familiar voice came from outside the door.

"Mom? Why are you here?"

Chapter 248: if you have the ability, don't run away tonight!

The mother-in-law and daughter-in-law both looked towards the door at the same time. Sure enough, they saw Yan Jun wearing a light gray shirt and black trousers. He was walking elegantly under the warm June sunshine, looking like a celestial being.

Ji Xinyu was the first to speak. "I'm here to see my daughter-in-law! You took her away without saying a word, and you don't allow me to come and see her?"

Ji Xinyu did not lie. She was indeed here to see Xia Jinqi.

Her son had grown up so he had the freedom to live wherever he wanted. Moreover, he was here to visit his grandmother, so Ji Xinyu had nothing to worry about.

Didn't she think that she was going to have a grandson soon, so she ran over in a hurry.

Xia Jinqi put away her doubts just now. The moment she saw Yan Jun, she flipped to the first page of the photo album and compared the wrinkled photo of the little old man with the handsome man in front of her... ..

She looked at the photo and then looked at the real person.

This... .. It was an indescribable feeling. Life was really too magical !!

"HAHAHA!" Xia Jinqi couldn't help but laugh. Apart from being surprised, she also felt that her fans had dropped!

Speaking of which, Xia Jinqi could be considered a child herself. Ever since she was young, her family hadn't kept any photos of her when she was born. She didn't have any younger siblings either. This was really the first time she had seen a photo of a newborn child!

Yan Jun didn't know what Xia Jinqi was looking at. He only frowned when he saw her laugh, and his handsome face turned half black.

Ji Xinyu hurriedly pulled Yan Jun to sit beside her and smiled "I'm here to send some supplements to the two of you. You two are usually busy, so you don't know how to take care of your own bodies. I also brought along the photo album of your childhood. Let Jinqi take a look at it. It'll be helpful for the two of you to have a child as soon as possible."

The honest mother actually revealed her intentions so quickly... ..

As soon as she finished speaking, Xia Jinqi's laughter was stuck in her throat. Her delicate little face instantly turned a little Pale.

Why? Did she mention having a child again?

Yan Jun's originally dark face immediately turned bright after seeing Xia Jinqi's dull expression. Even the smile on his thin lips had a demonic charm to it!

"Did you hear that? Have a child as soon as possible." He instinctively teased her.

Xia Jinqi was defeated and subconsciously retaliated, "it's not just about me..."

Who knew that these words would have a different meaning in Ji Xinyu's ears? She frowned and looked at Yan Jun in astonishment. "Son... you... your health isn't good?"

What she meant was: Son, don't tell me you've damaged your health at such a young age Say IT and your mother will help you recover!

As wise as Yan Jun, how could he not understand the meaning behind her words? ! !

Immediately, his face darkened, and his pitch-black pupils locked onto the culprit — Xia Jinqi!

That gaze seemed to say: You dare to question my ability?

Xia Jinqi blinked and replied with her eyes: No I didn't mean that YOU BELIEVE ME!

Yan Jun: Very Good If you have the ability, don't run away tonight!

Xia Jinqi:

With teary eyes, she turned to look at the bright sun outside the door, wondering why it wasn't snowing now?

She was so wronged, shouldn't the heavens have a snowfall in June?

Ji Xinyu was smart enough to sense that her son did not seem to be in a good mood!

It was not appropriate for her to stay here for long. It was better for her to quickly empty the bag!

Ji Xinyu picked up her small leather bag and rubbed oil on the bottom of her feet. With a whoosh, she opened the bag. "I suddenly remembered that I still have something to do. I won't disturb the two of you anymore! Bye Bye!"

Chapter 249: was to prove to her whether he could do it or not

A streak of smoke ran out of the door. Ji Xinyu quickly patted her chest to calm her nervous little heart.

At the same time, she looked behind her. Ji Xinyu clenched her little fists and made a cheering gesture. "Son, I believe in you! It's time for you to show your true strength!"

She didn't believe that it was really that difficult to get a grandson as soon as possible!

HMPH!

Daughter-in-law, don't be afraid. I've brought you a lot of supplements this time!

"..."

In the living room, Xia Jinqi never expected that Ji Xinyu would actually escape at the last minute, leaving her alone to face the thousands of soldiers and horses!

Xia Jinqi was extremely uncomfortable being stared at by Yan Jun's fiery eyes. She coughed dryly and stood up, preparing to escape from the scene of the crime!

Yan Jun naturally wouldn't let her off so easily. He grabbed her wrist and pulled her back to the SOFA. His phoenix-like eyes narrowed dangerously as he stared at her. "What did you say to mom?"

Looking at the situation just now, coupled with Ji Xinyu's nonsensical words, Yan Jun felt that he had to ask her clearly!

"I didn't say anything..." Xia Jinqi hurriedly shook her head. Then, she met Yan Jun's dark eyes and suddenly understood what he was talking about. She immediately promised, "don't worry, I didn't tell mom that you can't do it!"

Just now, for some reason, Ji Xinyu suddenly thought of that... ..

However, Xia Jinqi was really innocent. She didn't have that intention at all!

She didn't forget the countless mornings where she couldn't get out of bed with her hands on her waist!

That was the painful history of blood and tears... ..

However, she had originally wanted to clear her name, but unintentionally, she had touched Yan Jun's dignity as a man!

His expression changed, and his face turned ashen as he stared at her. "You said... I can't do it?"

At this moment, he was like a tiger whose beard had been pulled out. His eyes were filled with fury, and he was ready to strike!

"Ah? No, no, I..." Xia Jinqi was embarrassed. Why was he getting more and more wrong?

Yan Jun naturally did not have the patience to wait for her answer. The veins on his forehead were jumping, and he directly leaned over and carried Xia Jinqi on his shoulder!

"Hey! What are you doing! Yan Jun! PUT ME DOWN!"

The latter did not seem to hear a single word as he carried her up the stairs. He did not care if there were any servants nearby who saw him!

When Xia Jinqi saw how wild he was all of a sudden, she was so frightened that her heart was beating like a drum. She was secretly annoyed. Why did she say such a thing at that time?

It was fine now. Looking at how angry Yan Jun was, she was going to... .. probably be smashed into pieces ...

In the blink of an eye, they arrived at the bedroom.

Xia Jinqi was thrown onto the bed. With a PLOP, she hurriedly reached out to protect her little buttocks and almost burst open... ..

However, just as she reached out, her hand was grabbed by his large palm and raised high above her head.

What immediately covered her was his cold and thin lips, his broad chest, and his tall body... ..

His other hand was not idle either. He skillfully unbuttoned her blouse, one by one... ..

Xia Jinqi wanted to cry but had no tears. She avoided his lips and weakly begged for mercy, "Don't... we still have to go out at night... Yan Jun, don't be like this..."

In broad daylight, was he planning to prove to her that he could do it or not! !

Crying!

How could Yan Jun Listen?

He followed the sound and stopped her chattering.

His hands did not stop. In a moment, she was stripped naked, like a boiled egg, placed in front of him.

Chapter 250: We still have the whole night

The next thing happened naturally.

After she was done, Xia Jinqi hugged the quilt and curled up in a corner, complaining to the man who was buttoning his shirt in front of her, "beast!"

SOB, SOB, SOB, she just... .. was she raped just now SOB! !

When Yan Jun heard this, his hands paused slightly. He turned around to look at her, and his eyes darkened. "It seems that Madam is not satisfied..."

His Lazy and deep voice was full of threat.

Xia Jinqi immediately hugged her chest and shook her head. "I'm satisfied, I'm satisfied!"

Only then did Yan Jun curl his lips and sit beside her. He gently pecked her Cherry Lips. "We still have the whole night... now, change your clothes first. You have to attend the asia-pacific anniversary celebration with me."

The whole night... ..

Xia Jinqi only felt a buzzing sound in her head as she shivered.

She burst into tears!

He was really the black-bellied King of Hell She couldn't afford to offend him!

The two of them continued to make a scene for a while. The Sky gradually darkened before they got dressed and left the house.

On the way, Yan Jun briefly told Xia Jinqi about this so-called Asia Pacific Chamber of Commerce's past and present life.

"Asia Pacific's past life was a bank in the Asian system. Last Century, it was acquired by my ancestors until my grandfather transformed it into a chamber of Commerce. Now, it is a transit station that secretly controls the Yan family's business funds."

Xia Jinqi listened attentively. Although she did not quite understand, she still felt that it was very impressive... ..

Seeing that Xia Jinqi did not speak for a long time, Yan Jun knew that she did not understand, so he explained, "in short, whoever gets the Asia Pacific Chamber of Commerce is equivalent to strangling the lifeline of the Yan family's business. "

Moreover, the asia-pacific Chamber of Commerce was the legendary battleground for the military. Yan Jun and Yan Qing were bound to fight for this place.

Xia Jinqi frowned. She didn't understand why Yan Jun told her so much detail?

"Why are you telling me this? I don't know anything about Your Business. "

Yan Jun turned around and glanced at her. His voice was ethereal. "You don't need to understand this. You just need to remember that you should always be on my side. "

" ... " Xia Jinqi looked up and met his dark eyes. She couldn't help but nod. "Okay. "

Perhaps very satisfied with her answer, Yan Jun's hand that was interlocked with hers tightened slightly.

Xia Jinqi, on the other hand, lowered her eyes at this moment.

In the past, she didn't understand why Yan Jun had repeatedly emphasized that she had to stand firmly by his side.

Now, she seemed to understand a little.

Did he mean that she had to choose him resolutely between Yan Qing and him?

Whether it was love or the family business.

Huo Ting's words from that night were still ringing in her ears.

The fight between the Yan family's uncle and nephew would come sooner or later... ..

Then, when the time came, would the people closest to them really kill each other?

Xia Jinqi sighed in her heart.

She hoped that that day would never come.

..

Half an hour later, Xia Jinqi followed Yan Jun's side. They walked through a long red carpet and officially entered the Chamber of Commerce's anniversary celebration venue.

They were not early. Most of the guests had arrived. Everyone was meticulously dressed, carrying wine glasses as they shuttled back and forth in the banquet.

Xia Jinqi's evening gown was picked out by Yan Jun. it was a moon-white strapless long dress.

It was modest and did not have too many gorgeous patterns or designs to decorate it. It was simple and clean, yet it did not lose its elegance. On the contrary, it contrasted with her fair little face, making it even more stunning.
