

## Tick Me 271

### Chapter 271: would never abandon her again

The earth-shattering threat was right at the bottom of Yan Jun's heart.

On the surface, Asia Pacific was a chamber of Commerce, but the true identity in its bones was the financial group of the Yan Group.

The normal operation of a group depended on the financial chain provided by the wealthy and powerful Financial Group!

If Yan Jun lost the support of the financial group at this time, then it was equivalent to him losing half of his empire in the Yan Corporation!

The efforts he had put in during this period of time would be completely wasted!

Yan Jun was silent for a moment.

Letting a duck fly away from his mouth was not like him, Yan Jun..

But... ..

During the torrential rain last night, Xia Jinqi grabbed the corner of his shirt and cried, saying that he was the only one she had left.

Just thinking about her expression and tone at that time made his heart ache... ..

She had yet to wake up, how could he leave without her?

No, he would never leave without her again.

Yan Youcheng waited for a long time but did not get an answer. He knew that this child must be hesitating!

"Come back now and make a statement to the board of directors to save the plummeting stock price. The position of Asia Pacific President WILL STILL BE YOURS!" Yan Youcheng was ready to strike while the iron was hot. He was determined to persuade Yan Jun to come back!

If the board of directors were to make a fuss over such a matter, he would not be able to protect Yan Jun!

Unexpectedly, Yan Jun had already made up his mind. "A hundred Asia Pacific Chambers of Commerce would not be able to compare to her in the slightest."

"You! You!" Yan Youcheng was so angry that he could not say a complete sentence... ..

Yan Jun didn't say anything more and directly hung up the phone.

Wang Mang stared blankly and asked Yan Jun in Disbelief, "Asia Pacific Chamber of Commerce, are you really going to let it go just like that? That's something you've been planning for two years..."

Wang Mang had been by Yan Jun's side all these years, so he knew too well about his intentions towards Asia Pacific.

He was about to succeed, but he was ruined by this sudden incestuous love between a rich and powerful family?

Moreover, looking at the current situation, there was clearly a chance to remedy the situation, but Yan Jun gave it up for Xia Jinqi... ..

"How about this? You go over first. I'll help you take care of her. I'll get the doctor to come over and guard her later, okay?" Wang Mang rubbed the back of his head and started to get anxious.

"No need." Yan Jun shook his head. He crumpled the newspaper into a ball and threw it into the trash can. "suppress the news."

With that, he went to Xia Jinqi's room.

Wang Mang was anxious as he watched. He stomped his feet. He also knew that no one could change what Yan Jun had decided. After hesitating for a moment, he could only suppress the news first!

In the room.

Xia Jinqi was still sleeping soundly. Her complexion was gradually getting better, and her fair skin was suffused with a faint pink.

Her body temperature had also returned to normal. She did not talk nonsense anymore and slept very peacefully.

Yan Jun walked over and pulled the corner of the blanket for her. He sat by the bed and stared at her for a long time... ..

The photo on the front page of the newspaper had been lingering in his mind.

She had met Yan Qing in private again.

What did the two of them talk about?

She stood in the rain so sorrowfully last night. Was it because of her parents or because of Yan Qing?

Yan Jun realized that he could not help but let his imagination run wild. As long as there was anything related to her, his heart would never be able to calm down and treat her calmly!

"Get better quickly..."

He sighed softly and reached out to caress her temples. She was gentle and delicate, inch by inch, like a treasure.

She was still sick, so weak that he did not even have a reason to be angry... ..

Perhaps it was because she heard Yan Jun's words, Xia Jinqi's thick eyelashes trembled miraculously. Her eyelids lifted slightly, and her clear and bright eyes blossomed.

**Chapter 272: I will never let you leave again in this lifetime**

When she saw clearly who was guarding her bedside, she wanted to call out to him, "Yan..."

The moment she opened her mouth, she realized that her throat had completely gone hoarse. She couldn't even speak.

Reaching out to cover her neck, Xia Jinqi frowned in discomfort.

Seeing this, Yan Jun hurriedly got up and poured her a glass of water. He watched as she drank it.

Only then did her throat feel better. Xia Jinqi looked around and frowned slightly. "where is this?"

"The hotel." Yan Jun took the glass of water that she had drunk and placed it on the cabinet by the bed. He reached out to touch her forehead to make sure that she no longer had a fever before asking, "are you still feeling unwell?"

Xia Jinqi shook her head and looked at the man in front of her. Everything that had happened last night flooded back into her mind like a tidal wave.

All the emotions that she had endured last night suddenly disappeared without a trace in front of him...

...

Biting her slightly Pale lower lip, Xia Jinqi took the initiative to approach him. She wrapped her arms around his waist and snuggled into his embrace.

Her eyes were slightly hot. When she opened her mouth again, she already had a thick nasal voice.

"thank you for looking for me last night..."

She didn't feel it at the time, but she recovered after the incident.

If Yan Jun hadn't come looking for her at that time, would she have kept walking by the roadside and fainted?

She felt some lingering fear.

Yan Jun sighed softly. He stroked her smooth long hair with one hand and asked, "now, can you tell me what exactly happened? I'm worried about you."

What exactly was it that could make her, who had always been rational, move in the rain like a walking corpse?

Hearing his gentle voice, which sounded as if water could be squeezed out of her mouth, she suppressed her voice and told him everything that she had experienced in the Xia family last night.

After saying that, Xia Jinqi could not help but laugh out loud. "Are you kidding me? I'm not a daughter of the Xia family at all. My biological parents are dead as well... Yan Jun, perhaps the person you should have married back then was not me at all..."

The meaning behind Xia Jinqi's words was very obvious. The Person Yan Jun wanted to marry must be the real daughter of the Xia family.

But she wasn't. She was just an imposter. She had lived under the Xia family's name for so many years, but in reality, she had nothing to do with the Xia family.

Hearing her self-deprecating tone, Yan Jun let go of her. His dark eyes met hers, and he said Word by word, "regret? I'm really sorry. I may never let you leave again in this lifetime."

He said it seriously, but she listened casually.

"How can I regret? People say that I didn't know what kind of good luck I had to marry such a good person like you... I think so too!" Xia Jinqi's smile became happier and happier Until the corners of her eyes were filled with tears "My luck was really good. My biological parents died and I was even adopted by the Xia family... .. Yan Jun, did you know ? Mom didn't like me since I was young. I tried my best to please her. I tried my best to get close to her, but I always felt that there was something between us. It was like a chasm that could never be crossed .. Who would have thought that she wasn't my mom at all... ..

Xia Jinqi was confused as she spoke, one word after another. She couldn't stop.

Those things were pressing down on her heart. It was so stuffy, so stuffy, and she really wanted to say it out loud... ..

As she spoke, she began to cry out loud, like a child who had been wronged. She could no longer control her emotions.

In the end, she could not remember what she had said. All she knew was that she cried until she burped, and she could not even breathe.

Yan Jun pulled her into his embrace with a heartache. He patted her back gently to help her calm down.

### **Chapter 273: a man who has fallen from the throne**

People often say that where there are parents, there is a home.

Yan Jun could understand the pain in Xia Jinqi's heart, but he could hear two very important doubts from Xia Jinqi's statement.

One, many years ago, Xia Jinqi secretly did a DNA paternity test with Xia Jitian. At that time, it showed that there was indeed a biological father-daughter relationship between the two, but Xia Jitian denied this.

Two, no matter what reasons and excuses Xia Jitian had, they could not hide his strong desire to not let outsiders know that Xia Jinqi was not their biological daughter, especially to Hong Xianglin.

As a person in the game, Xia Jinqi had a preconceived idea and was immersed in the grief of being an orphan. Naturally, she could not rationally analyze Xia Jitian's abnormal behavior last night.

Yan Jun was an outsider. Without the involvement of emotions, he could see things more clearly and clearly.

Now, he suddenly felt that the matters of the Xia family, including Xia Jinqi's background, could not be as simple as it seemed on the surface.

But at this moment, he did not say anything.

No matter what her family background was, whether she was the Xia family's biological daughter or not, these things were not important to him.

She was already his wife, and no one could change that.

Hearing her sobbing voice become softer and softer, he suggested, "let's eat something first?"

"okay..." Xia Jinqi answered sullenly. She reached out and touched her stomach. She was really a little hungry.

She was really useless.

She was clearly upset to death just now, but in the next second, she diverted her attention because she was hungry.

While Xia Jinqi was eating breakfast, she was still knocking her little head... ..

When Wang Mang came back after finishing his business, he was so anxious that his head was about to explode. Who knew that when he came back, he would see Yan Jun accompanying his wife to eat?

Looking at the face of the King of Hell that had nothing to do with him, if others did not know, they would think that the person who was about to fall from the throne of the Yan family was not him at all, but someone else!

Wiping the sweat from his forehead, Wang Mang knocked on the door. "Young Master Yan..."

Hearing this, Yan Jun did not turn around. Instead, he focused on peeling the eggs for Xia Jinqi and placed them on her plate. Then, he instructed, "eat well."

After saying this, he stood up and walked out of the door.

Still closing the door with care, Yan Jun frowned and looked at Wang Mang. There was some displeasure in his dark eyes.

Wang Mang sighed, "the fire is burning my ass! Don't tell me you're going to blame me for disturbing your breakfast?"

Yan Jun withdrew his gaze and looked at his contact list.

Thirty-nine missed calls.

Grandfather, parents, Fang Shaoan, Zhuge Wentao... ..

Everyone close to him was calling him.

But he didn't pick up any of them.

Needless to say, they were all for this morning's headlines.

“How far have things progressed?” Yan Jun suddenly asked. His eyes remained calm as Mount Tai, as if even if the sky fell, it wouldn’t affect him.

“I thought you really did not care at all!” Wang Mang shook his head and hurriedly said “The Asia Pacific has held an emergency meeting. They say that a group of directors are fanning the flames and want to immediately determine the next president! Young Master Yan, if you hurry over now, you might be able to salvage something! sister-in-law has also woken up. You don’t have to continue guarding here!”

Yan Jun raised his eyebrows and looked up at him. His tone was displeased. “I asked you if the news has been suppressed?”

” ... ” Wang Mang choked. His expression was a little strange. “The news spread too quickly. It will still take some time to completely suppress it. ”

The Times were different now. If they wanted to suppress the news, they would have to stop a few newspapers and a few people’s mouths.

### **Chapter 274: So what if ruled the world**

With the rapid development of the Internet, no matter what happened, it could be spread to tens of thousands of people and billions of people... ..

Although the Yan family was rich and powerful, it was not something that could be suppressed in a minute.

“It must be suppressed by tomorrow at the latest!” Yan Jun’s tone was full of the domineering aura of a king, not allowing any resistance at all!

“I UNDERSTAND!” Wang Mang finally breathed a sigh of relief. There was at least one more day, which should be enough... ..

After giving these instructions, Yan Jun turned around again, ready to go back to see if Xia Jinqi had eaten obediently.

Just as he moved, Wang Mang’s voice sounded once again. “Are you really not going to fight for the position of Asia Pacific’s president?”

Seeing that Yan Jun was unmoved, Wang Mang was so anxious that he almost exploded. “YOUNG MASTER YAN! Are you really going to waste all these years of hard work? ! Are you really going to hand over everything of the Yan family to someone else? ! ”

Yan Jun stopped in his tracks.

He did not turn around to look at Wang Mang. He knew that Wang Mang was already doing his best... ..

Having been by his side for so many years, Wang Mang knew what he had done for the Yan family. He also knew his ambitions for the Yan family.

But... ..

“nothing is more important than her. ”

His thin lips parted slightly, and his voice seemed to come from a distant valley, wide and open.

Then, he pushed open Xia Jinqi’s room... ..

He said he wouldn’t leave her alone again.

Now is the time for him to seize the asia-pacific.

It’s also the time to protect her heart... ..

So what if you own the world?

Not as much as the pain in his heart when she cries.

Only Wang Mang, who had been completely dumbfounded, remained standing in place.

“crazy, crazy... Yan Jun, you’re finished. You really fell in love with her. ”

“... ”

The headquarters of the asia-pacific Chamber of Commerce.

The temporary emergency board of directors.

More than twenty directors and the main leaders were present.

Yan Qing also came. He was in a suit and tie, and his face was full of smiles.

Around him were ten or so men in their forties and fifties who were all wearing various suits. These were the directors who supported Yan Qing.

“Congratulations, second Master! Congratulations, second Master! Yan Jun is not coming at this moment. The position of President Is Yours for sure! ”

“The stock price has fallen so much, we old guys have really suffered heavy losses! With second master, you will be in charge of the consortium, we can rest assured! ”

Yan Qing smiled at his supporters and guaranteed, “directors, rest assured! Since you have chosen Qing, Qing will naturally not let you down. ”

“That’s good, that’s good... ”

Compared to the bustle behind him, Yan Youcheng, who was leaning on his walking stick and frowning as he kept on making calls, appeared much more lonely.

The number that was dialed was always only Yan Jun alone!

But this Brat was still not picking up the phone!

Behind him, there was already a director who came to urge him, “president, look, everyone is here. Can we start the meeting now? ”

“Yes, the stock price is still falling. We can’t waste time like this, President! ”

The matter was urgent. Yan Youcheng looked at this useless grandson again. At this time, he only knew how to be affectionate. He did not even care about the crisis of the company. He was also extremely angry!

Since such a good opportunity was placed in front of him and he did not want it, then don't blame him for being ruthless as a grandfather!

Putting away his phone, Yan Youcheng turned around and sat on the high seat in the meeting room.

What happened next could be imagined.

Yan Qing naturally took the position of president and officially controlled the Yan Corporation's financial group, ranking above Yan Jun..

And all of this was because Yan Jun voluntarily gave up on the competition... ..

### **Chapter 275: Don't make me worry**

The photo of Xia Jinqi and Yan Qing continued to ferment on the Internet.

However, Yan Jun had blocked all news and kept it from Xia Jinqi alone.

After she had eaten breakfast and was feeling better, he personally drove her back to Qingxin Garden.

In the car, she did not say a word. Her eyes were empty as she looked out of the window. Her mental state was very bad.

Before she even entered the house, he had already instructed the Butler that no one in the garden was allowed to mention the photo incident in front of Xia Jinqi.

He had just experienced such a heart-wrenching incident last night. Yan Jun was really afraid that the incident this morning would make things worse for her.

He was unable to comfort her about her parents. He only wanted to do what he could for her... ..

"Do you want to sleep a little longer?" After getting out of the car, he held her hand and prepared to bring her upstairs.

However, Xia Jinqi shook her head and looked at the pond full of Lotus flowers in front of her. She said indifferently, "I want to sit here for a while."

"Okay." Yan Jun nodded and helped her to the side of the Lotus pond to sit down.

A servant immediately went up to prepare pastries and tea. Everything was ready.

It was close to noon, and the sunlight gradually became scorching. It shone on the sparkling surface of the water, almost blinding one's eyes.

Xia Jinqi just narrowed her eyes and sat there in a daze, looking at the Lotus leaves and Lotus flowers that were blown by the breeze... ..

Yan Jun didn't say much. He just sat quietly by the side.

She looked at the Lotus flowers, and he looked at her.

Their gazes were the same deep love.

After a long time, when Xia Jinqi was a little thirsty and wanted to drink some water, she turned around and saw Yan Jun sitting behind her. She was really shocked.

She thought that he had already left. Why... ..

“Go do what you need to do. I’m fine now. I just want to take a breather here.” She felt a little apologetic. Knowing his identity, he had a lot of things to deal with every day. She had already wasted a lot of his time... ..

“I’ll accompany you.” Yan Jun only took a glance at her and understood what she meant. He casually poured a cup of tea and handed it to her. “Do you want to fish?”

Taking the teacup and Gulping down a mouthful, Xia Jinqi curiously followed Yan Jun’s topic and asked, “can I fish here?”

“there are a lot of fish in the Lotus pond,” Yan Jun said as he waved his hand behind him.

Soon, someone prepared a fishing rod and Bait.

Xia Jinqi’s interest was piqued. She excitedly took the fishing rod and a decent bait before throwing it into the water.

She didn’t have much strength, so she threw it close.

Yan Jun’s movements were more practiced and handsome, so he threw it further away.

However, the two of them still sat side by side, very intimate.

If the fish wanted to take the bait, they needed to be patient.

However, Xia Jinqi’s attention was successfully diverted to Yan Jun... ..

She turned her head to look at him, her eyebrows slightly furrowed. Recalling what happened last night, she couldn’t help but ask, “didn’t you have something to do last night? Why did you come back to look for me?”

Yan Jun was still focused on looking at the pond. Instead of answering, he asked, “it’s raining. Why are you wandering around on the street alone?”

“... ” Xia Jinqi blinked, her mind spinning rapidly. “There are some things that I can’t figure out. I forgot that it’s raining...”

“In the future, no matter what happens, go home first. Hide in the house. You can do whatever you want.” Yan Jun’s tone was very serious, the kind that couldn’t be doubted. He was like a dictator of an empire.

Xia Jinqi was holding back her mouth and wanted to resist, but he unexpectedly added, “don’t make me worry.”

## Chapter 276: her smile, to him, was more than a thousand

Just a few simple words and a light tone, as light as a feather, landed on her heart lake.

It was like a gust of wind that blew away a pool of spring water.

She no longer had any small temper. The corners of her mouth could not help but rise. "Yes, Sir! BOSS!"

She smiled and put down the fishing rod. She could not help but hold his arm and lean closer to him.

Yan Jun seemed to be very satisfied with this little action that she had inadvertently revealed. He raised his brows slightly and said domineeringly, "also, you've already married me. The Xia family's matters have nothing to do with you anymore. My parents will give you half."

Hearing Yan Jun's words, Xia Jinqi's heart trembled slightly... ..

She knew that he wanted her to stop thinking about the Xia family's matters.

He was willing to share the fatherly love and motherly love that he had received with her... ..

Yes, when she thought about it, Yan Jun's parents were really very good to her.

Without that family, she has another family. She is really lucky... ..

"thank you." She could not help but bend the eyes and eyebrows, the heart of the empty, so easily filled by him.

Want to say something, but suddenly came from the side of a whoosh!

Then he heard the servant behind him exclaim, "little lady! Your fishing Rod!"

Xia Jinqi was stunned, then came back to his senses, side hand want to grab his fishing Rod, this found an empty hand, where there is the shadow of the fishing rod?

When she looked into the pool again, she saw that the fishing rod had already been dragged to the center of the pool!

"My! My fishing Rod!" Xia Jinqi jumped up immediately. She was extremely anxious!

Feeling wronged, she turned her head to look at the man beside her. Xia Jinqi pouted. "Yan Jun..."

Who knew that Yan Jun would laugh at her rudely. "Who told you not to focus?"

"I also didn't expect the fish here to be so powerful!" She cried... ..

Looking at the fishing rod that was still being dragged around in the middle of the pool, Xia Jinqi was very unwilling. She turned her gaze to Yan Jun's fishing rod again. "Why don't you give me your fishing rod?"

"I won't give it to you." Yan Jun flatly refused. His expression was calm and unmoved.

He clenched his fist!

THIS BLACK-BELLIED BIG BOSS!

In the stalemate, Yan Jun suddenly pulled the fishing rod. With a 'thump' sound, a red-tailed carp was pulled out of the water by the thin and long fishing line!

Xia Jinqi hurriedly looked back and saw the arm-sized carp twisting its body, drawing a perfect arc in the brilliant sunlight!

A servant beside her immediately went forward and caught the carp.

"Wow!" With a cry of surprise, she hurriedly ran over to watch. "Yan Jun, YOU'RE SO AMAZING!"

Hearing her undisguised praise and the comfortable smile on her lips, the creases between his brows slowly relaxed... ..

Her smile was more than ten thousand to him.

When Wang Mang rushed to Qingxin garden with a burning fire, what he saw was the scene of 'spring' in front of him... ..

For a moment, he couldn't say anything. He could only hug his head and crouch on the ground in pain.

What else could he say?

The outside world was already in a mess because of the lack of Yan Jun..

However, Yan Jun was hiding in this peach blossom land that was separated by a wall, hiding a beautiful woman in a Golden House... ..

God... .. quickly send an angel to save him who was working for someone in his mother's heart !!!

"My young master Yan! The Financial Group is no longer yours, and the Yan Corporation is no longer yours. Are you really worth it for a woman?"

If Yan Jun heard these words at this moment, he would definitely tell Wang Mang without hesitation that it was worth it.

Back then, he had said that he would give Xia Jinqi a stable home.

And he did not go back on his word.

Chapter 277:: discussing business with President Yan

Dinner: Braised Big Carp.

That's right, it was the one Yan Jun caught in the afternoon.

After a full meal, Xia Jinqi's mood improved a lot. She was not as dejected as last night.

She walked around the Lotus pond in a good mood. When she came back, she found that Yan Jun was nowhere to be found.

Just as she was about to ask, a servant told her that Yan Jun had something to do and went out. Then, Xia Jinqi received a phone call from Ling Yue. "Miss, President Yan just made an appointment with you. He said it's about the previous cooperation. He wants to talk to you again in person."

"Oh? He wants to see me?" Xia Jinqi raised her eyebrows. All her attention was on Yan Jun..

"Yes."

"then you drive over to pick me up." Xia Jinqi nodded without hesitation. A faint smile hung on her lips.

She was not prepared before, so she did not dare to see Yan Jun..

But now that she had a brand-new equipment, it was a good time to try it out in front of Yan Jun. she wanted to see if he could recognize her?

Xia Jinqi suddenly became playful. She could not help but be curious.

Half an hour later, Xia Jinqi changed into men's clothes in the nanny van.

The meeting place was at Lego's headquarters. After all, it was a top-secret business, and nowhere was as safe as Lego's headquarters.

This was Xia Jinqi's second time here, so she went to the meeting room.

When she got there, Yan Jun had already been sitting in the meeting room for a long time.

He changed into a dark gray suit and sat there quietly. There was an indescribable stillness, and he was very calm.

Xia Jinqi noticed that there was a document, a pen, and a glass of water in front of him.

Due to the unpleasant meeting in Las Vegas last time, she generously took the initiative to extend her right hand to him and greeted him, "hello, Mr. Yan. I'm Xia Tian, the new leader of Lego."

Yan Jun heard this and raised his eyes to look at her.

Her usual female attire was hidden. She wore a dark-colored male outfit, her long hair was hidden, and she wore an exaggerated baseball cap.

The face below the eyes was hidden by a black mask, especially her crisp and melodious voice, which was transformed into a deep male voice by the voice changer.

Yan Jun was used to her usual appearance, but now that she was suddenly dressed like this, he was not used to it.

Especially her masculine voice... ..

He furrowed his brows tightly, but he still shook hands with her. "CEO Xia, you're too polite. 500 billion has been deposited into your company, and I've signed the contract."

As he spoke, he pushed a document in front of him in front of Xia Jinqi, indicating that it was her turn to sign it.

Xia Jinqi had to admit that she was a little surprised when she suddenly heard this.

She did not expect Yan Jun to be so straightforward... ..

500 billion was not a small amount.

When she was flipping through the contract, Ling Yue came over and whispered in her ear, "500 billion has already been credited."

Xia Jinqi raised her eyebrows slightly. When she looked at Yan Jun again, she found that his usual dark eyes were staring at her without blinking.

She really couldn't see through the emotions brewing in his eyes. Fortunately, Xia Jinqi stopped guessing.

She was more than willing to work with him since he came to her voluntarily!

So she sat at the side and signed the contract with a pen.

There were two copies of the contract. She kept one copy and gave the other one to Yan Jun..

"It's a pleasure to work with you."

Her tone was very light. It was not difficult to tell that she was in a good mood at the moment.

Yan Jun nodded slightly. He lowered his eyes and took a careful look at Xia Jinqi's signature.

Summer.

The handwriting was very fluttering. It was the same handwriting as the signature on her picture book in his study.

### **Chapter 278: if you were a woman, you would definitely be devastatingly beautiful**

While Yan Jun was lost in his thoughts, Xia Jinqi couldn't help but ask, "I wonder why Mr. Yan suddenly decided to work with Lego?"

She still remembered that when Yan Jun heard the figure of 500 billion, he was obviously a little hesitant.

For a person like him, once he made up his mind, he definitely wouldn't change it easily.

She originally thought that she would have to spend some effort to move him... ..

Just as she was attentively waiting for Yan Jun's reply, she suddenly heard, "as long as you're happy."

"..."Xia Jinqi was a little baffled.

What did he mean by 'as long as I'm happy' ?

Could it be that Yan Jun had always been so casual in his business dealings?

Or could it be that he had long seen through her true identity?

But she was now dressed in a male outfit, and even her voice had changed. Moreover, when she had entered just now, he had not recognized her.

In his confusion, Yan Jun had already stood up. After putting away the contract, he took two steps forward and was within ten feet of her.

He even lowered his head thoughtfully and moved closer to take a look at her bright and beautiful eyes.

“Your eyes are very beautiful,” he murmured softly, his deep eyes filled with deep affection.

No matter what kind of makeup she wore, as long as she had this pair of eyes, he would be able to easily recognize her.

“...”Xia Jinqi held her breath, and her heartbeat suddenly sped up at this moment!

This, this, this, this was different from what was written in the script!

She subconsciously took two steps back... ..

She was now a man. It wasn't very appropriate for Yan Jun to say such words to her, right?

Could it be that he was a man and a woman?

When she thought of this possibility, Xia Jinqi's facial features almost scrunched up together!

“President Yan, what... What are you saying? I'm a man, I should be handsome!”

She still wanted to try her best to save herself, although she knew that in front of Yan Jun, she had always been powerless... ..

Yan Jun continued to close in, one hand propped on the wall behind her, looking straight at her blurred little eyes that kept evading.

“Is that so? I actually think that if President Xia is a woman, she will definitely be devastatingly beautiful.”

His voice was slightly hoarse. When he breathed in, the hot breath blew on her face... ..

His words were like the warm winter sun, shining inch by inch into the bottom of her heart.

She was caught off guard and was teased... ..

Xia Jinqi held her breath, trying her best to ignore her little heart that was beating wildly at this moment!

She was still so useless. As long as he got close, she could not help but blush and her heart would beat so fast that she could not even stand... ..

However, Yan Jun did not do anything else. He only curled the corners of his lips in satisfaction and smiled in understanding.

It was as if everything was under his control... ..

While Xia Jinqi was in a daze, her hand suddenly felt heavy.

Just as she was about to lower her head to look, Yan Jun turned around at this moment and walked away elegantly. "happy working with you."

His back was slender and handsome. Just like that, he faced the dazzling light and slowly disappeared from Xia Jinqi's eyes.

She did not chase after him. In fact, her legs were a little weak and she could not exert any strength at all... ..

Moreover, the contract had already been signed. There seemed to be no reason for her to chase after him.

Xia Jinqi stood rooted to the spot for a long time. After she regained her senses, she lowered her head and realized that there was a box in her hand.

It was a light brown gift box with a Pale golden bow tied on it. It looked very tall and grand.

Inside, there was a small pink and white daisy lying quietly... ..

### **Chapter 279: could not see through his heart**

Yan Jun had only given this flower to Xia Jinqi before.

The meaning was: You are the love that I have buried deep in my heart.

Now, he had given this flower to Xia Tian, who was pretending to be a man.

The meaning was already very obvious... ..

He knew Xia Jinqi's identity.

When they got on the car back to Qingxin Garden, Xia Jinqi had been holding the brocade box filled with daisies in her hands in a daze.

She really could not see through that man's heart at all... ..

Ling Yue noticed her abnormality and wanted to ask her what was wrong several times. However, after trying several times, she found that she could not open her mouth at all.

Xia Jinqi seemed to be surrounded by a protective layer similar to the atmosphere, enveloping her whole body. Outsiders could not enter at all, nor could they easily peek into her heart.

"..."

As soon as the matter with the asia-pacific Chamber of Commerce was over, Yan Youcheng rushed to Qingxin garden with his achievements.

Ever since long Qingxin divorced him back then, he moved here in a fit of anger. For decades, Yan Youcheng had never come here once.

In the first few years, he was in a fit of anger and could not bring himself to lose face.

In the end, all that was left was a heart full of apology and guilt. He was too ashamed to come.

Now that he knew that long Qingxin had gone abroad, coupled with the matter that Yan Jun had taken care of this time, it really disappointed Yan Youcheng. He could not care less and rushed straight over!

Who knew that Yan Jun and Xia Jinqi were not here at all? He had to wait for a long time!

After waiting for almost an hour, he finally waited for Yan Jun to return!

He could no longer hold back the anger in his heart and poured it all on Yan Jun. "where did you go?"

Yan Jun did not expect his grandfather to come over. After all, this was his grandmother's territory... ..

After a short moment of surprise, he chose a comfortable position and sat on the Sofa. He said calmly, "something came up."

"What could be more important than the matters of the Financial Group? Do you know that because of your romantic feelings, you have lost half of the Yan Group's empire!" Yan Youcheng was so angry that his old face had turned the color of a pig's liver!

Although he had doted on Yan Qing a lot recently, Yan Jun was also his favorite grandson!

After so many years of nurturing Yan Jun, he had high hopes for Yan Jun!

Who would have thought that he would make such a huge mistake today!

Xia Jinqi, who had just stepped into the living room, heard Yan Youcheng's shout the moment she reached the door.

She suddenly stopped in her tracks and found a secret place to hide.

However, her eyes unconsciously looked towards the living room... ..

She saw Yan Jun calmly sitting at the side, while Yan Youcheng had his hands on his hips. He was so angry that he almost vomited blood... ..

She seemed to have heard Yan Youcheng say something about love, something about half of the Yan family What was going on?

The two people in the living room did not know that someone was eavesdropping at the door, especially Yan Jun..

He raised his eyes to look at Yan Youcheng, his gaze cold. "I've said it before, nothing is more important than Jin Qi."

"So you gave up such an important board meeting today just to take care of your sick wife? Your second uncle has been elected as the president of the Asia Pacific and controls the Yan family's financial group. What do you plan to do?" Yan Youcheng really had a headache Why didn't he see that his grandson was actually a big lover?

Letting him marry the Xia family's daughter was for his career, but who knew that he would actually stumble on this woman!

“Isn’t this exactly what grandfather wants to see? Let him enter the company, give him the Financial Group. When will you give him the Yan group too?” Yan Jun smiled faintly, as if from the beginning to the end he did not care about these things.

### **Chapter 280: is to Keep Me Company**

“You! When did I say that I would give it to him? Jun’ ER! Don’t you understand? Grandfather wants you to compete fairly! You are my grandson, but he is also my son!” Yan Youcheng was fuming. He knew that he was guilty, so he did not dare to treat Yan Qing too well all these years.

But now that he was old, he did not know how much longer he could live.

On his deathbed, he had to choose the best successor for the Yan clan so that he could leave with peace of mind... ..

When she heard this, Xia Jinqi’s heart could no longer calm down.

During the day, she still felt strange. Why was Yan Jun not busy at all today? Why did he have so much time to accompany her?

So he clearly had an important meeting, but he didn’t go?

Why?

To be able to accompany her at home?

As she was thinking, someone came from beside her. “SISTER-IN-LAW?”

Xia Jinqi was shocked. She quickly looked in the direction of the voice and realized that it was Wang Mang.

Because of Yan Jun, she quickly became familiar with Wang Mang and knew that Wang Mang was working for Yan Jun..

If she wanted to know about Yan Jun, if Yan Jun didn’t want to tell her, then she could only ask Wang Mang!

“Come with me.” Xia Jinqi’s face darkened, and she turned around and walked into the courtyard.

Wang Mang, who was still scratching the back of his head, stood there.

Why was sister-in-law looking for him?

He followed her into the courtyard in confusion. Before Wang Mang could say anything, Xia Jinqi asked directly, “Does Yan Jun have a very important meeting during the day?”

“...”Wang Mang was instantly stunned.

Didn’t young master Yan say that he was going to hide it from his sister-in-law? How did it get known so quickly?

When Xia Jinqi saw Wang Mang like this, she knew that it must be true.

“He deliberately didn’t go because he wanted to accompany me? ”

“...”Wang Mang was rendered speechless by the question.

He really didn’t understand young master Yan’s taciturn manner. He always kept his head down and didn’t explain things clearly. Now, his sister-in-law came to question him!

He couldn’t hide everything in his heart. If he didn’t say it, he would feel uncomfortable!

Anyway, sister-in-law had already asked him to this extent. He reckoned that he would not be able to hide it anymore!

Taking a deep breath, Wang Mang took the risk of being ‘dismembered’ by young master Yan and decided to tell her everything!

“sister-in-law, don’t ask me anymore. I’ll tell you everything! “!

The matter was like this. It was unknown who leaked the ambiguous photo of you and Yan Qing. The Yan Corporation was instantly in a mess. Not only did the stock price plummet, but Yan Qing also took this opportunity to incite the directors of the Asia Pacific consortium and remove the qualification of young master Yan as the president-elect.

“originally, if young master Yan had gone to the meeting in the afternoon, the outcome wouldn’t have been so tragic. However, he insisted on staying here to accompany you, sister-in-law.

“The meeting didn’t go as well, so that Brat Yan Qing picked up the chairman’s position for nothing. ”

After the presentation, Wang Mang’s heart finally relaxed a little.

However, when he turned to look, Xia Jinqi’s expression turned incomparably solemn again... ..

Yan Jun really didn’t go to the meeting for her sake.

He lost the chairman’s position of the Consortium for her sake?

This fool!

Why did he have to accompany her She was not a three-year-old child!

Of course, his career was more important!

As he silently cursed, he heard Wang Mang’s long sigh “I came here so late because I want to tell young master that Yan Qing has joined forces with the major shareholders of the Yan Group and is preparing to call for the dismissal of the current president tomorrow. You know, now that Yan Qing has a financial group, it is equivalent to strangling the lifeline of the Yan group. Once this dismissal is passed, young master Yan will probably have to leave the Yan group... ∴ “...”
