

Tick Me 311

Chapter 311: promised me a lifetime

"Let's talk upstairs in a while." Xia Jinqi kept him guessing in a mysterious manner. The sparkling big eyes of the black gemstone office were filled with a crafty light.

Yan Jun knew that she had her quirky moments, so he did not pursue the matter. He ate his meal slowly and went upstairs to wash up.

Xia Jinqi also changed into her pajamas. She took out the test report that proved that she was really pregnant from her bag. She looked at it a few times and reached out to touch her abdomen. Suddenly, she felt that life was so wonderful.

Although she had met Wen Qing at night and caused some unhappiness, it could not affect her extremely happy mood at this moment.

How should she tell Yan Jun later?

If he knew, what would his expression be like?

Xia Jinqi suddenly could not wait... ..

She was lost in her thoughts when Yan Jun, who had just showered and walked over in his bathrobe, suddenly hugged her from behind.

"What are you thinking about?" He closed his eyes and rested his chin on her shoulder as he asked faintly. His tone was very relaxed and enjoyable.

Yan Qing had poached the consortium. Although Xia Jinqi had spent 900 billion, she still needed to spend a lot of effort to create a new consortium. It was the kind of consortium that had a lot of waste waiting to be built.

Everything was handled by Yan Jun personally. He was indeed too exhausted to be in two places at once.

"En... I'm thinking about what you were like when you were young." Xia Jinqi raised her hand to cover his hand on her lower abdomen, smiling and looking forward to it ...

If it was a boy, would he be exactly the same as Yan Jun?

"When I was young?" Yan Jun frowned slightly and seemed to recall the past seriously. In the end, he came to a very narcissistic conclusion. "genius."

"PFFT..." Even Xia Jinqi couldn't hold back her laughter when she heard this answer. "How can there be such a narcissistic person?"

"It's the truth," a certain someone answered seriously.

Xia Jinqi laughed until she was speechless. "I'm talking about his personality!"

She had seen Yan Jun's appearance when he was young!

Previously, Ji Xinyu had shown her a photo album. When he was young, Yan Jun had a rice ball face, and he was a perfect little boy!

“personality?” Yan Jun was slightly stunned as if he had been stumped by a question. His deep black eyes were slightly opened as they fell on a certain spot in front of him. “somewhat reclusive.”

“...”the corners of Xia Jinqi’s eyes twitched. Could it be that he himself knew that he was reclusive?

However, seeing how absent-minded he was, she felt a little heartache. She hurriedly added, “All geniuses are reclusive!”

How was it This flattery was not bad, right?

Yan Jun was really amused by her and was also interested in her childhood. “What about you?”

“Me... my family doesn’t like me very much, and I don’t have a backer. Over time, I became weak and incompetent, and I was bullied.” Xia Jinqi recalled her past She didn’t seem to be so sad anymore.

“Fortunately, Huo Ting moved in next door to us. For a few years, I hung out with him. GRANDPA Huo was also very good to me. In this way, my childhood wasn’t so gloomy!”

Xia Jinqi’s tone was obviously very cheerful, but it made Yan Jun’s heart ache when he heard it.

He tightened his grip on her hand and whispered in her ear, “from now on, you’ll have me by your side.”

After saying that, he kissed her small and round earlobe.

Before Xia Jinqi could be moved, the man behind her had already started to move his hand up and down... ..

She struggled a little and turned around. Her beautiful eyes met his somewhat fiery gaze, filled with anticipation. “Have you promised me your whole life?”

Chapter 312: I’m pregnant You’re going to be a father!

Her moose-like eyes made her heart ache.

Yan Jun reached out, as if he was holding some rare treasure, and cupped her delicate little face.

With a kiss, the precious kiss landed on her forehead.

“silly. It’s forever.”

He was not a man who was good at sweet-talking, but in front of her, the words he said naturally were a million times more pleasant than sweet-talking.

Xia Jinqi’s nose was slightly sour, and her eyes were red as she threw herself into his arms.

“You said it, don’t be shameless.” Her nasal voice was thick, and she choked up several times.

“Yes, I said it.” He patted her back gently, giving her all the peace of mind.

Hearing his low and charming voice and the promise he made at this moment, Xia Jinqi finally curled her lips and let go of him with a smile. "I'll tell you a secret!"

"What secret?" He raised his eyebrows, and he had long seen that she had something on her mind.

She had been unwilling to tell him until now.

What was so important?

Xia Jinqi was still smiling. Her eyes and eyebrows were filled with warm happiness.

She stood on her tiptoes and whispered into his ear, "I'm... pregnant... now..."

With each word, she paused for a moment, but she said it clearly.

With each word, her warmth and breath drifted into his ears, reaching his heart.

Her warm breath splashed on his face. It was Itchy, and his heart was Itchy, as if he had been electrocuted.

His pupils dilated, and he asked in disbelief, "what did you say?"

Xia Jinqi then added loudly, "I said, I'm pregnant! You're going to be a father!"

Only then did Yan Jun dare to confirm what he had just heard... ..

His expression instantly froze. Perhaps he had been shocked by this sudden good news. It was the first time in his life that he had been so excited, and he suddenly didn't know how to express it!

After his gaze wavered slightly, it fell on her palm-sized face once again, full of joy and excitement.

"really?"

"Really!" Xia Jinqi nodded her head vigorously. Tears flowed out of the corners of her eyes. She brought the results of the examination to Yan Jun. "it's been more than a month. Look..."

Yan Jun did not have the time to look at what was written on the list. He directly picked her up and spun around on the spot.

"I'm going to be a father!"

Xia Jinqi was caught off guard. The feeling of weightlessness under her feet made her instinctively hug Yan Jun's arm tightly... ..

This was the first time she saw Yan Jun who was so excited that he could not control himself. When he heard the news of her pregnancy, he was really happy.

When she saw him like this, she couldn't help but laugh out loud.

The bottom of her heart was also filled up. Just like that, she leaned on his shoulder and followed his joy, spinning in circles... ..

At this moment, it seemed like there was only her and him left in the world.

Yan Jun..

Thank you.

Thank you for loving the arrival of this child so much.

The room was filled with laughter and laughter for a moment, brimming with warm and brilliant happiness.

Perhaps it was because the commotion was too big, the servants downstairs couldn't help but raise their eyes curiously to look upstairs

"The young master and young mistress are smiling so happily..."

"That's right, they have such a good relationship!"

"When can we have another little young master? That would be even better!"

"Soon, soon! Our young master is strong and strong, and our young mistress' appetite has improved a lot recently. I think it's about right!"

"..."

Xia Jinqi was dizzy from the spin, and only then did Yan Jun finally let her go.

Chapter 313: I regret it

The two of them hugged each other as they lay on the spacious bed.

At this moment, the moonlight was thick, and the cold moonlight sprinkled in, adding a hazy sense of beauty.

Xia Jinqi snuggled into Yan Jun's arms and rested her head on his arm. Her Beautiful Eyes were half-closed. "Yan Jun, do you like boys or girls?"

"I like both." Yan Jun reached out his hand to grab the blanket and covered her tightly. His broad palm landed on her flat lower abdomen again.

"I do like boys. They're indomitable." Xia Jinqi pondered for a moment, and her tone was somewhat sorrowful. "Girls are easy to bully."

She did not have the slightest idea of prioritizing boys over girls. She only borrowed from the treatment she had received since she was young, and she was a little scared.

Unexpectedly, Yan Jun said domineeringly, "Who dares to bully my Yan Jun's daughter?"

Even the Yan family's daughter dared to bully her. It was heaven-defying!

Xia Jinqi laughed when she heard that. "Are you free tomorrow? I want to go back to the old residence. Mom still doesn't know that I'm pregnant. If she knew, she would definitely be very happy."

"There's a meeting in the morning. I'll come back to pick you up in the afternoon," Yan Jun said as he leaned over and kissed Xia Jinqi's lips.

This kiss had been burning hot from the start. He couldn't bear to part with her, and it was frighteningly hot.

He turned over and pressed her under his body, kissing her down along her neck... ..

Xia Jinqi bent her knees a little unbearably and reached out to push him. "Now, you can't..."

"I know!" Yan Jun's brows furrowed tightly as he held in his breath to the extreme. However, he only kissed her, then leaned to the side and pulled her into his embrace, no longer moving.

Xia Jinqi was a little stiff, and her eyes stared blankly at his extremely unpleasant expression. "Are you okay..."

She heard that it was very hard to endure it.

After waiting for a long time, she finally said, "I regret it. I shouldn't have gotten you pregnant so early."

Xia Jinqi,"..."

"..."

When she woke up in the morning, there was no trace of Yan Jun by her side.

Xia Jinqi washed up by herself and went to a hotel according to the address given by Ling Yue.

The moment she knocked on the door, Xia Jinqi smiled slightly. "Hello, Ben."

Ben Had obviously just woken up. His hair was messy and there were two strands of hair standing on end. His eyes were so dazed that it was as if he could not open them.

When he saw that it was Xia Jinqi, he was instantly startled awake. "You? How did you know that I. . ."

"I asked someone to find out," Xia Jinqi said with a faint smile. She then glanced at the hotel and asked, "can I go in?"

"Oh, of course! Come in!" Ben pushed the door open and invited Xia Jinqi in.

As she walked in, Xia Jinqi looked around silently... ..

Although it was in the hotel, it was still very clean. It was a space that belonged exclusively to men, and there was nothing for women.

This meant that even though Wen Qing lived next door to him, she probably rarely came to visit him.

Last night, Xia Jinqi had ling Yue check Wen Qing's whereabouts and also Ben's. Naturally, she knew that the two of them stayed in the same hotel and even stayed next door.

She didn't come to look for Ben Today to ask him about Wen Qing. Instead, she wanted to ask Ben about some private matters.

Ben went to the side to get a bottle of water and handed it to Xia Jinqi. After rubbing his eyes, he sat down on the side.

“You came at the right time. My flight in the afternoon will be back to Nevada.” Ben Smiled. He had booked the tickets after drinking with Wen Qing last night. Fortunately, he didn’t book the tickets in the morning. Otherwise, Xia Jinqi would have missed them by now.

Xia Jinqi didn’t expect him to leave so soon. She smiled and sighed. “Fortunately, I came early...”

Chapter 314: When you take medicine, you will dream

The two of them looked at each other and smiled. There was much less awkwardness and strangeness.

After drinking a mouthful of water, Xia Jinqi finally brought the topic back to the main point. “Ben, last time, you helped me take a look at the pills I usually take. I want to ask, will that medicine affect the child?”

“Child?” Repeating this sentence, Ben Looked Xia Jinqi up and down again. He was a little shocked.

“You’re pregnant?”

Xia Jinqi nodded slightly. Happiness and joy could not be hidden from the corners of her eyes and brows.

Ben Was Yan Jun’s friend. He would find out sooner or later. In addition, she had come specially to ask him for advice. She had no intention of hiding it.

Moreover, after today, everyone in the world would probably know that she was pregnant.

This kind of thing could not be hidden.

“Congratulations!” Ben Could not help but laugh out loud. “Young Master Yan must be extremely happy, right?”

Xia Jinqi continued to smile without saying a word.

“Don’t look at him as a man of few words. He is a person who is cold on the outside but warm on the inside. The people around him are always on the tip of his heart, let alone his child.”

As he spoke, Ben shook his head helplessly, as if he could foresee Yan Jun’s stupidity when he heard the news.

Then, there was the topic that Xia Jinqi was worried about whether the medicine would affect the child

—

“As far as I know, you haven’t taken that medicine since you got married, right?”

“En, it’s been more than two months since you stopped taking the medicine.” Xia Jinqi nodded. She had calculated it herself. This child was more than a month old, which meant that she had stopped taking the medicine a month before she was pregnant.

Logically speaking, there shouldn’t be any effects, but she was still worried and wanted to ask the authorities.

“Then there’s no problem.” Ben Quickly gave an answer. “But you can’t take it anymore in the future.”

"I know." Only then did Xia Jinqi relax... .. "now, I sleep very well every day. I rarely have insomnia."

When Ben heard this, his brows suddenly furrowed again. "In the past, when I took the medicine, did I dream at night?"

"I think so. But as for the specific dream, I forgot about it after I woke up." Xia Jinqi didn't take these things to heart.

Everyone has dreams, and it is said that there is nothing to be concerned about if you have dreams every day and every night.

But Ben just paid attention. "Have you been dreaming?"

"As if... No."

Xia Jinqi did not care before, now Ben said so, she also had some doubts.

She used to dream a lot when she took the medicine. Sometimes she would wake up in the middle of the night and get wet all over. Sometimes she would even have tears on her face.

Recently not taking medicine, but sleep very solid, very stable... ..

It's... .. Isn't that a sleeping pill How come there is so much difference between the effect and reality? ?

Ben Sighed softly, as if he had seen something.

He thought about it, but in the end, he still couldn't bear to see Xia Jinqi being hypnotized all these years. In addition, she was now pregnant with Yan Jun's child. If she was targeted by someone again, the consequences would be unimaginable!

Flip a wrist watch, anyway, still early, might as well teach her some simple coping strategies.

"In fact, want to completely cure insomnia is very simple, I now teach you some simple psychological counseling, you learn, good for you."

"Okay!" Xia Jinqi immediately nodded. She seemed to be in high spirits as she started learning from Ben.

She was really sick of this damn insomnia. It would be best if it was cured as soon as possible without taking any medicine!

Now that she was pregnant, she had to ensure that she had enough sleep... ..

Actually, Xia Jinqi didn't know that Ben wasn't teaching her the skills to cure insomnia, but some methods to counter hypnosis.

Chapter 315: hey broke up?

She couldn't tell her that she had been hypnotized, so she could only fill it up temporarily. Otherwise, in her current state, it would be bad for the child if she worked hard.

After teaching, it was almost noon.

Hypnosis was mysterious and complicated, and anti-hypnosis was something that ordinary people couldn't see through. Ben Could only teach Xia Jinqi a little bit.

In addition, she was indeed smart and learned well. If she met someone who wanted to hypnotize her next time, she could at least increase her vigilance.

Xia Jinqi directly invited Ben to dinner as a thank-you gift.

During the meal, Xia Jinqi thought for a long time and decided to ask Ben about Wen Qing.

Ling Yue could only find out Wen Qing's whereabouts, family background, and education, but she could not find out whether there was any relationship between her and Yan Jun..

"Ben, can you tell me what kind of person Wen Qing is?"

When Xia Jinqi asked this question, Ben's hand that was holding the fork froze for a moment.

He knew that Wen Qing had gone to find Xia Jinqi last night and said some unpleasant words. Now that Xia Jinqi was interested in her, it was understandable.

"I thought you would ask Yan Jun directly." Ben Smiled bitterly. He picked up the red wine glass on the table and shook it slightly.

"I want to ask you first." Xia Jinqi changed the topic. She did not ask Yan Jun directly because she was afraid of hearing something she did not want to hear.

Perhaps it was better to ask Ben First so that she could have a good idea.

Moreover, although she had little contact with Ben and today was the second time she saw him, Xia Jinqi knew that a person who could be good friends with Yan Jun for so many years was definitely not a bad person.

As for whether he would tell her about Wen Qing, that would depend on God's will... ..

And Reality proved that the heavens had indeed not let Xia Jinqi down. Ben was indeed a pure and honest person.

But regarding Wen Qing... ..

"In my memory, she should be the first girl who could get close to Yan Jun." as he said this, Ben's eyes started to become lost, as if he was immersed in a long memory.

"Both of them were lush and verdant ages. In School, the two of them could be considered a match made in heaven.

"However, after graduation, ah Qing left because of some personal reasons."

Hearing this, Xia Jinqi couldn't help but frown. "They broke up?"

"sort of." Ben Drank a mouthful of wine. This was a matter between Yan Jun and Wen Qing. He didn't know much, so he didn't dare to say anything.

After saying this, Ben looked up at Xia Jinqi again.

Yesterday, Ah Qing had asked him about Xia Jinqi. He had also said a little about Xia Jinqi's situation. Now that he had revealed a little more about Ah Qing to Xia Jinqi, it could be considered even.

Xia Jinqi listened quietly and did not ask anymore. She just smiled. "I understand."

Ben saw that the smile on her lips was a little sour, so he could not help but say, "actually, you don't have to mind it. That's all in the past. Who hasn't had a frivolous time when they were young? Back when I was in school, I even had a crush on my deskmate!"

The deliberately lively atmosphere called back Xia Jinqi's somewhat disappointed heart.

"then you didn't confess to your deskmate?"

"What's there to confess? When I was young, I was just fooling around. I thought she was pretty. When I grew up, I had long forgotten about her." Ben waved his hand, as if he also felt that the crush at that time was somewhat absurd.

It was ridiculously simple.

Now that he thought about it, perhaps it was just because she had two beautiful braids that day, or perhaps it was just because she wore a skirt with broken lace that day... ..

Chapter 316: he is with me

Who can say for sure about love?

Maybe it's just that he was wearing a clean white shirt that day, or maybe it's just that the shower gel on his body smelled so good that day... ..

Just a little carelessness can make you lose yourself in your heart.

Xia Jinqi couldn't help but think of the first time she saw Yan Jun. .

In the chaotic and lively bar, separated from the crowd, her gaze suddenly met with his.

That pair of deep, pitch-black eyes were like an abyss that couldn't see the bottom, instantly trapping her soul.

In the unseen world, it was as if everything was destined just like that.

So, did she fall in love with Yan Jun at first sight?

Unconsciously curling her lips, Xia Jinqi took a shallow sip of fruit juice. Happiness lingered all over her body.

When Ben saw this, he wished them well in his heart, but at the same time, he was worried for them... ..

Ah Qing refused to back down.

He was really worried that she would do something stupid that could not be undone... ..

..

After having lunch with Ben, Xia Jinqi returned to Qingxin Garden.

When the servants found out that she was pregnant, they were all extremely happy. They even decorated the house in a jubilant manner.

When Xia Jinqi returned, she saw that the house was filled with cute baby photos and baby products. She didn't know whether to laugh or cry.

"This... isn't this too rushed? It's only been more than a month!" As she spoke, Xia Jinqi was holding a pair of baby shoes in her hands. They were so small that they were adorable ...

The servants laughed. "This is the old Madam's order. She said to prepare them early! This way, she can also bask in happiness!"

Xia Jinqi was still young. She didn't know about the customs of the older generation. As she looked at these cute little things, her heart felt incredibly warm.

While she was lost in thought, an older servant began to impart Xia Jinqi's experience "little young mistress, everyone says to pay more attention in the first three months. We've all been through this before and have given birth to quite a few children. If there's anything you don't understand, just ask us! Also, if you want to eat something, just tell us. Don't force yourself to endure it."

"En, I know." Xia Jinqi nodded. As a new mother who was pregnant for the first time, she indeed had a lot to learn!

"Our young mistress is really amiable. She's really blessed! In the future, when she gives birth to a little young master, her blessings will be even longer!"

"Yeah, I can tell from looking at the young mistress' body that she must be a little young master!"

The servants were all talking at once. Xia Jinqi laughed along with them, and time passed quickly.

It was past four in the afternoon. She calculated that it was about time to return to the Yan family's old residence, but Yan Jun had not returned yet.

Just as she was wondering if she should give him a call, he called her as soon as she took out her phone.

Seeing the two words on the screen, Xia Jinqi picked it up with a smile. "Are you back? It's getting late."

"I have something to do here. The driver has already gone to pick you up. You should go back first." His voice came from the other end of the phone, low and hoarse.

"Oh... okay, then you should go back first." Xia Jinqi froze for a moment, but she still hung up with a smile ...

Speaking of which, Yan Jun indeed had a lot of things to do.

In addition to the additional investment she had just made, the establishment of a new consortium still needed a process.

Just as Xia Jinqi was trying to understand Yan Jun, her phone on the coffee table vibrated.

A message came in.

There was no comment, but Xia Jinqi only took a glance and knew who it was from.

[he is now with me.]

Chapter 317: chose to believe

The person who could speak in such a tone was obviously the person who had contacted Xia Jinqi recently.

Besides Wen Qing, she couldn't imagine anyone else.

The hand holding the phone slowly tightened... ..

No matter how broad-minded she was, at this moment, she couldn't help but think that Yan Jun and Wen Qing had met.

What would the lovers of the past say when they met What would they do?

Wen Qing's feelings for Yan Jun were so obvious. If she seized the opportunity to be alone with Yan Jun, she would definitely make good use of it.

What would she do Could it be... ..

The more she thought about it, the more flustered Xia Jinqi became!

What should she do Should she continue to call Yan Jun and call him back, or should she just kill him and see what they were doing? ! !

In just ten seconds, Xia Jinqi had already imagined countless possibilities in her mind!

Just as she felt that she was about to lose her cool, she frowned slightly and suddenly thought of another possibility.

If Yan Jun really did something to Wen Qing, how could Wen Qing still have the leisure to send her a message to demonstrate?

Wen Qing obviously wanted to provoke her by doing this... ..

As for Yan Jun, he wasn't the kind of man who was fickle-minded.

Xia Jinqi gritted her teeth and her gaze suddenly became firm.

She should have trusted him. Moreover, the two of them would meet sooner or later.

After completely calming down, Xia Jinqi tidied up by herself and went to the Yan family's old house.

This house was still the same as before. There wasn't the slightest change.

If one had to say it, it had probably become a little deserted.

Yan Sheng seemed to have gone abroad recently. Ji Xinyu also had some free time, so she went to the courtyard to trim the flowers and plants.

Xia Jinqi brought a lot of supplements back. When she saw Ji Xinyu, she felt inexplicably familiar.

“Mom, the sun is shining brightly in the yard. Why don’t you go back to your room and rest?”

As she spoke, she walked to Ji Xinyu’s side.

Ji Xinyu had just finished preparing a lily when she looked up and saw her daughter-in-law.

A smile naturally appeared on her face. Ji Xinyu put down the thing in her hand and quickly walked up to her. She held Xia Jinqi’s hand. “Jinqi? Why are you back?”

“I came back to see you guys.” Xia Jinqi smiled. Then, she turned to look at the things in the driver’s hand and motioned for him to bring them over. “these are the supplements that Yan Jun and I prepared for you guys.”

The driver understood what she meant and went forward. Both of his hands were filled with a lot of tonics.

Ji Xinyu took a look and immediately smiled even more happily. She quickly let the servant girl beside her take the tonics. Then, she held Xia Jinqi’s hand and refused to let go. “It’s enough that you guys can come back to see me often! Next time, you’re not allowed to bring any more things!”

Actually, for someone like the Yan family, how could they lack a little bit of tonics?

Ji Xinyu only took a fancy to Xia Jinqi’s filial piety.

She was satisfied with her daughter-in-law from the beginning to the end.

She had a good background, good looks, and a good personality. The most important thing was that she was well-educated, reasonable, and knew the rules. She was also meticulous and filial.

Xia Jinqi agreed on the surface, but the next time she came, she would still bring a lot of things.

The mother-in-law and daughter-in-law chatted for a while before entering the house.

The Sun was scorching in June. Ji Xinyu was fine under the Sun, but now that Xia Jinqi had come, she was afraid that her delicate skin would be sunburned, so she hurriedly led her into the house.

After sitting and chatting for a while, Xia Jinqi cleared her throat and told Ji Xinyu the good news of her pregnancy.

Ji Xinyu was stunned at first. Her expression was exactly the same as Yan Jun’s last night. She asked Xia Jinqi several times before she believed her.

Chapter 318: should know how to DOTE ON HIS WIFE!

“yesterday, your grandfather was still talking about it. He said that there were a few more calls from magpies in the backyard these few days. I’m afraid that there’s some good news. Look, you’ve already brought me good news!” Ji Xinyu was overjoyed She looked at Xia Jinqi and then at her stomach. It seemed like she really wanted Xia Jinqi to immediately give birth to a fat grandson for her!

Xia Jinqi was very embarrassed by her gaze. She looked around and asked again, “where’s grandfather? Is Grandfather at home?”

“Grandfather is playing chess in the backyard! Why don’t you stay for dinner tonight? I’ll order the kitchen to prepare two more dishes that you like!”

“Sure, thank you, mom.” Xia Jinqi nodded in agreement. When she left earlier, she didn’t come back to discuss it with her parents. Now that she was back, she naturally had to accompany them for a meal.

After Ji Xinyu instructed the kitchen, she suddenly thought of something and asked Xia Jinqi, “where’s Jun ‘er? Why didn’t he come back with you?”

“He said he had something to do.” When Xia Jinqi said this, she was already trying her best to make herself look happier, but she really couldn’t seem to be happy.

Ji Xinyu could tell at a glance that she was depressed. From an experienced person’s point of view, it wasn’t difficult to guess what Xia Jinqi was thinking.

“I’ll call him and ask him to come back for dinner tonight! No matter how big the matter is, it’s still not as big as our family reunion, don’t you think?” As she said this.. Ji Xinyu took the initiative and walked to the side. It looked like she really wanted to call Yan Jun..

Xia Jinqi didn’t expect Ji Xinyu to be a person of action. She even wanted to call her to stop, but the call was already through... ..

“YOU RASCAL! Why didn’t you tell me earlier that Jinqi was pregnant?”

“I left Jinqi at home for dinner. Come back soon after you’ve settled your matters.”

“Don’t be busy with company matters all day. You’re going to be a father too. You have to know how to dote on your wife! It’s not easy for HER TO BE PREGNANT!”

Xia Jinqi was stunned after hearing this.

She only knew that Ji Xinyu doted on her son, but she did not expect that she would not hold back when she scolded her son!

When she heard the last sentence, Xia Jinqi felt slightly embarrassed... ..

She didn’t feel much at the moment. Actually, it wasn’t that difficult... ..

“Mom, I...” Xia Jinqi wanted to explain, but she didn’t expect Ji Xinyu to directly shut her mouth. “Why don’t you guys come back and stay? Jun’ Er is a man who doesn’t know how to take care of women and children. At home, at least mom can help you.”

Xia Jinqi didn’t expect Ji Xinyu to directly ask her to come back and stay.

She couldn’t make up her mind on this matter and could only smile. “Wait for him to come back and ask for his opinion.”

“Alright.” Ji Xinyu nodded. She also knew her son’s stubborn temper. Once he made a decision, even ten bulls would not be able to pull him back!

After chatting and laughing for another half an hour, Ji Xinyu brought Xia Jinqi to the backyard.

She originally wanted to tell this good news to Yan Youcheng. After all, he would soon be able to live together for four lifetimes and enjoy the joy of family... ..

Unexpectedly, when they went around the backyard, under a Gardenia tree, Xia Jinqi not only saw Yan Youcheng, but also Yan Qing.

The father and son seemed to be playing chess, looking very relaxed.

Xia Jinqi frowned instinctively, but Ji Xinyu, who was beside her, smiled and walked forward. She said directly, "Dad, Jinqi is pregnant. You are about to have a great-grandson! "

Just as she said this, Yan Qing, who was holding a white chess piece, suddenly loosened his grip. The snow-white chess piece jumped and fell onto the chessboard.

Chapter 319: Giving birth to the child

"TICK-TOCK... "

There was a very clear sound.

The curve of the bounce was too tricky, and it touched the chess pieces on the side.

A good game of chess was destroyed in one go just like that.

Yan Youcheng glanced at him and said thoughtfully, "one wrong move and the entire game will be lost. "

Yan Qing gritted his teeth, and his stiff fingers tightened slightly.

Yan Youcheng did not look at him anymore. Instead, he smiled at Xia Jinqi with a face full of kindness "I thought I wouldn't be able to see the day when my great-grandson is born! Jinqi, tell your mother if you want to eat anything. Take good care of your body and give birth to the child. Our Yan family will not mistreat you! "

"thank you, Grandfather. " Xia Jinqi smiled politely without losing her respect.

Yan Qing, who was beside her, also happened to look over at this moment.

The way he looked at Xia Jinqi, other than a thick sorrow that could not be dispersed, there seemed to be a little more color in his eyes.

Xia Jinqi did not look at him. She only cared about lowering her eyebrows and following Ji Xinyu.

Initially, because of the incident at the hospital, she had deliberately kept a distance from Yan Qing. In addition, at the Yan Corporation's shareholders' meeting yesterday, Yan Qing's pressing manner gave her a lot of unfamiliar feeling.

Perhaps, that was his true appearance... ..

At that time, Erhuo had told her that she could only choose one of the two. Now, she knew what he meant.

She thought that there might not be anything else to choose.

She reached out and gently stroked her abdomen. Xia Jinqi already knew what kind of decision to make.

She was originally a selfish person, wasn't she?

Yan Qing just looked at Xia Jinqi who had her head lowered. He frowned slightly and congratulated her with a faint smile, "Jun' Er is really blessed."

When he said this, there was an inexplicable feeling of gnashing his teeth.

Xia Jinqi did not say a word, but Yan Youcheng took over the topic again. He scolded Yan Qing, "when are you going to give me a grandson? I'm not young anymore. When do you plan to get married?"

Normally, Yan Qing was eight years older than Yan Jun. if he had acted faster, the children would have already joined in.

However, he had always been single and did not even talk about his girlfriend.

People who had hatred in their hearts and great revenge would not be tied up by complicated love affairs before they had fulfilled their wishes?

The matter that Yan Qing had been unwilling to mention all this while suddenly opened his mouth, "father, I am in love with Xia Tianjiao, the second miss of the Xia family. I think..."

He only managed to finish the first half of his sentence before Yan Youcheng choked back the second half.

"Nonsense! How can that woman be worthy of the Yan family's descendants? In all of Rao City, you can choose whichever socialite you like! Only she can't do it!" With a loud roar, Yan Youcheng threw a chess piece angrily.

Countless black chess pieces fell to the ground, splashing everywhere. However, most of them landed on Yan Qing.

However, he did not move at all. His gaze was still fixed on Xia Jinqi. "Don't tell me that I will never get what I want?"

It was originally a very ordinary sentence, but at this moment, it came out from Yan Qing's mouth, adding a little ambiguity... ..

Although the matter of the erotic photo agency had been suppressed by Yan Jun, Ji Xinyu had also seen that photo.

She had never mentioned it. After all, there were many disputes in wealthy families. Who could tell if it was true or not?

Moreover, Yan Jun had not said anything to suppress the news, which meant that he trusted Xia Jinqi.

Since her son had believed her, she naturally did not care.

She had thought that it was just a misunderstanding, but looking at the situation now, could it be that Yan Qing really had feelings for Jinqi... ..

Chapter 320: don't even think about it!

Xia Jinqi kept her head lowered, her eyes looking straight at the marble table leg in front of her.

She didn't look at Ji Xinyu, but she could feel it from the sudden silence.

Not only Ji Xinyu, even Yan Youcheng was staring at her.

Some things couldn't be hidden, and she didn't intend to hide it.

She felt that she had a clear conscience towards Yan Qing.

No matter what happened in the past, after she married Yan Jun, she never had any thoughts of crossing the line with Yan Qing.

However, even if Xia Jinqi wanted to stay out of it, Yan Qing did not give her the chance.

"What about Jinqi? Do you also think that your second sister and I are not suitable for each other?" Yan Qing looked straight at her fair little face, his brows furrowed tightly, as if he was anxious to verify something.

When Xia Jinqi heard this, she raised her gaze slightly and met Yan Qing's gaze.

She did not understand why he had fallen for the person she hated the most, but since this was his choice... ..

"since uncle really likes second sister, then it's really second sister's fortune. "

Xia Jinqi's tone was neither humble nor humble, causing Ji Xinyu to finally heave a sigh of relief... ..

She was really afraid that Xia Jinqi would say something jealous. When that time came, the relationship between the two of them would be even more unclear.

Unlike Ji Xinyu, Yan Qing's heart did not loosen. Instead, it was suddenly ruthlessly pinched by an invisible hand!

That powerful force almost crushed his heart to the point of bursting... ..

His eyes revealed a thick sorrow as he looked at Xia Jinqi. "I understand... "

Yan Youcheng, who had been watching everything from the side, was finally enraged. "You don't know what you're talking about! What's your seniority? What's the seniority of the Second Lady of the Xia Family? I don't agree to this marriage! Don't even think about it! "

After saying this, Yan Youcheng flicked his sleeves and left.

The reason for his objection was very simple.

Xia Jinqi married Yan Jun..

Xia Jinqi's second sister was going to marry Yan Qing's uncle.

When that time came, how would this seniority be counted?

Ordinary people especially abhorred the separation of seniority, not to mention Rao city's top noble families.

Of course, there was also the most important reason.

Yan Youcheng had said a long time ago that the Xia family could only belong to Yan Jun..

Yan Qing did not even glance at his father who had left. He just sat quietly by himself, with an extremely cold smile on his lips.

Outsiders said that Yan Youcheng had gotten a son in his old age, and that he loved his youngest son the most.

But in reality?

The Yan family had given it to Yan Jun, and the Xia family had given it to Yan Jun. .

He would never be qualified.

Even the financial group that he had worked so hard to obtain was so insignificant in front of his father and Yan Jun... ..

The things that he valued so much were nothing in their eyes.

After Yan Youcheng left, Ji Xinyu did not say anything to Yan Qing. She pulled Xia Jinqi back to her villa.

After that, Ji Xinyu did not ask Xia Jinqi about her and Yan Qing... ..

Xia Jinqi was very grateful for this.

Even after dinner, Yan Jun did not come back.

Ji Xinyu called a few times, but no one picked up.

Xia Jinqi ate as usual and spoke. In her heart, she knew that tonight was destined to be another sleepless night.

During such a difficult time, she suddenly remembered what she had said when she and Yan Jun were taking wedding photos by the beach.

She had said that she only wanted to get married.

If he had someone he liked, she would not interfere... ..

Now, she had changed her mind.

After leaving the Yan residence, she got into the car and dialed Yan Jun's cell phone.
