

Tick Me 351

Chapter 351: the most honorable guest

Zuo Xiaoran did not realize that Fang Shaoan's gaze had been on her the whole time. She just grabbed some cumin and sprinkled it on him. "It's a pity that my dad isn't here. Otherwise, I would let you have a taste of what is truly delicious in the world!"

Her cooking skills were considered half-baked. Sometimes, when her dad cooked, she would take a few glances and casually learn half a cent.

But even so, the food she made was already better than ordinary people's cooking!

Fang Shaoan listened and naturally added, "that's not easy to do. Why don't I just come over to your house for a free meal one day? I'd like to see how good your dad's cooking skills are!"

"In your dreams! My father is now a private chef and rarely stays at home. I don't even see him much anymore!" Zuo Xiaoran wrinkled her nose. It was a rather cheerful sentence, but it contained some complaints.

She also missed her father, but she hadn't seen him recently.

"That's simple! Why don't we just invite him to my house to cook a meal?" Fang Shaoan said generously. However, Zuo Xiaoran didn't take it to heart at all.

Her fish was almost done roasting!

"You'd better mind your own meal first!" As he said that, he took the fish from the grill, placed it on a plate, and handed it to Fang Shaoan.

Fang Shaoan had yet to stretch out his hand to receive it, but he had already been conquered by this wonderful fragrance!

"Wow! It smells so good!"

He used a fork to separate a piece of fish meat and put it into his mouth. A moment of happiness burst forth!

The fish meat was charred on the outside and tender on the inside, and the fragrance assailed his nostrils.

The slightly charred part was smeared with sauce, and the salty fragrance was overflowing.

The fish meat inside was tender and sweet, soft and fine.

It was simply... ..

Fang Shaoan could not help but let out a long sigh of relief, sighing at how wonderful the happiness was!

After eating a fish, he urged Zuo Xiaoran to hurry up and give him a second one.

In the end, Zuo Xiaoran could only roast the fish while feeding the giant baby in front of her!

While the two of them were enjoying the sea breeze and eating the grilled fish, the servants in the Qing Huai Villa were already extremely anxious.

They searched everywhere but could not find any trace of the two of them. Their phones could not be reached either. Everyone held their torches and searched nearby. A few speedboats also circled the sea a few times, but they still could not find anything.

“What should we do? We still can’t find them! These two are the most honorable guests of the young master and Young Madam. If anything happens to them, we...”

“What are you waiting for? HURRY UP AND INFORM YOUNG MASTER!” The Butler’s face was also livid with anxiety. He looked at the sea anxiously.

“...”

When Yan Jun received the call, he had just returned to Qingxin garden with Xia Jinqi.

“What? Shao’an and Xiao ran are missing?” Yan Jun furrowed his brows and his eyes were dark.

How could two living people not be found?

Xia Jinqi also heard it and hurried over. She wanted to know what was going on.

Yan Jun patted her shoulder lightly, indicating for her not to be anxious.

“Look for them. Send someone out to the sea to look for them immediately!” After saying that, Yan Jun was the first to hang up the phone. Then, he turned to look at Xia Jinqi. “Shao’an took Xiao ran out to the sea in the afternoon. They haven’t gone back yet.”

“OUT TO THE SEA? It’s so late. Could something have happened?” Xia Jinqi’s heart was also worried.

She was the one who brought them to Qinghuai. She was supposed to accompany them properly, but she ran back in the middle of the night.

If something really happened to the two of them, then... ..

Yan Jun took her hand and made another call. “Wang Mang, send two helicopters to search along the coastline of Qinghuai. Make sure to find Fang Shaoan and Zuo Xiaoran.”

Chapter 352: hero saves the Damsel in distress

Even though she had sent many people to look for them, Xia Jinqi was still worried. She directly followed the helicopter over.

The Sea extended for 800 nautical miles. The Sea and the sky connected as far as the eye could see. Especially in this pitch-black night, it was even more difficult to find the two of them.

The sea breeze grew stronger and stronger. The waves that were stirred up also began to surge.

After waiting for an unknown amount of time, the oil on Fang Shaoan’s yacht was completely exhausted. The last bit of electricity was also gone. The entire yacht suddenly sank into the darkness.

Fortunately, Zuo Xiaoran added a few pieces of charcoal, and the faint light of the fire shone on the two of them.

When they came out, the sun was shining brightly, and the wind was warm. Zuo Xiaoran was only wearing a thin dress, and now she was shivering in the night wind. She could only cross her arms and rub them non-stop.

Fang Shaoan glanced at her, took off his suit jacket without saying anything, and threw it on Zuo Xiaoran. "here. Put It on. "

Zuo Xiaoran paused for a moment, and touched the suit that had good fabric. She looked at Fang Shaoan in surprise. "Aren't you cold?"

"I'm a man. How can I be so weak?" Fang Shaoan said in an extremely domineering manner. His heart still trembled a little. Oh my God, it's really cold!

"Oh..." Zuo Xiaoran then unfolded the suit and put it on her body.

There was still some faint body temperature belonging to another man on the suit. It wrapped around her small body just like that.

It felt a little strange. This was the first time she wore clothes of the opposite sex other than her father.

Not long after, Fang Shaoan sneezed due to the cold. "Ah Qiu!"

Zuo Xiaoran looked up at him. "Are you okay? Why don't I return the clothes to you..."

Unexpectedly, Fang Shaoan just woke up his nose. "If I tell you to wear them, then you should wear them. Why are you talking so much?"

"..."Zuo Xiaoran thought to herself, good intentions don't pay off.

Just like that, the two of them sat opposite each other in the darkness. There were a few times when their eyes were about to meet, and they both shifted their gazes uncomfortably.

The charcoal fire in the oven was getting weaker and weaker, and the light was getting dimmer and dimmer.

In this silence, a wave came over, and the entire yacht tilted in Zuo Xiaoran's direction!

The oven also slid down the slope. Seeing that it was about to hit Zuo Xiaoran, Fang Shaoan shouted loudly and quickly pounced over, "BE CAREFUL!"

Then, before Zuo Xiaoran could turn around, a tall figure pounced over in front of her, covering her whole body.

Bang! The oven hit Fang Shaoan's back.

The sound of meat being roasted was mixed with the sound of meat being roasted.

The temperature of the grilled fish was still high. Taking advantage of the remaining heat, Fang Shaoan was roasted.

“Hiss!” Fang Shaoan groaned in pain. His facial features were tightly knitted together.

Zuo Xiaoran came back to her senses and quickly helped him to move aside. “Are you okay? Are you burning?”

“...” Fang Shaoan didn’t say anything for a long time. He seemed to... .. Smell the fragrance of roasted meat, and... .. A burning pain came from his back.

At this time, the waves had stopped, and the yacht had calmed down. Zuo Xiaoran kicked the oven away and turned to check Fang Shaoan’s back.

His clothes were already burnt. Under a round hole, his skin was red from the heat, and there was a small circle of burnt ashes around him.

Chapter 353: the wronged daughter-in-law

Zuo Xiaoran was lost in her thoughts.

If Fang Shaoan had not come over to block her, then she would be the one being scalded.

She could not help but reach out her scaly fingertips to touch the flesh that was still intact beside the wound. Zuo Xiaoran suddenly felt a little bitter.

This was the first time she had been protected like this.

Fang Shaoan’s back was facing Zuo Xiaoran, and he grimaced in pain. His head was covered in sweat. Just as he was living a life worse than death, he suddenly felt a little touch on his back.

It was very detailed and unfamiliar.

After waiting for a long time, she did not speak. Fang Shaoan opened his mouth casually “Don’t be too touched. I’m only helping you on account of sister-in-law. If anything happens to you, second young Master Yan, that wife-spoiling Devil, will skin me alive!”

He did not know if he was saying this to Zuo Xiaoran or to himself.

The rich young master who had always lived a life of luxury and could not be carried on his shoulders, was a delicate and delicate young master. It was already good enough that he did not trouble others, but now he had risked everything to save a woman.

If this matter was placed in his heart, it would not make sense.

He did not want this woman to be too touched. What if she fell in love with him?

As he said those words that went against his heart, Fang Shaoan curled his lips.

At least, she was not injured, right?

The little bit of touched that Zuo Xiaoran had painstakingly built up in her heart was also scattered by this kid’s few words!

Just as she was about to say something against him, the sound of a propeller and a dazzling beam of light came from above her head.

Zuo Xiaoran looked up and saw a helicopter hovering above their heads. Then, someone spoke on the radio, "quickly report to the young master, we found them!"

Just as she was about to click her tongue, Fang Shaoan, who was standing in front of her, smiled and said, "I'm not lying to you, right? Someone is more anxious than us."

"..."

The night's search finally came to an end.

The deep sea could finally calm down for a while... ..

When Xia Jinqi and Yan Jun arrived, Fang Shaoan was lying on the sofa with a gloomy face. His upper body was naked and his back was covered with burn medicine.

Zuo Xiaoran was squatting at the side and cutting fruits for him.

Xia Jinqi and Yan Jun looked at each other, not knowing what was going on.

"What happened? I heard that you went out to sea? Are you injured?" Xia Jinqi took the lead and walked over. She looked at Fang Shaoan, whose face was pale, and then at Zuo Xiaoran, who looked apologetic. She had an ominous feeling in her heart.

With Xiao ran's expression, it couldn't be that she was the one who caused Fang Shaoan's injury, right?

"Xiao Qi, I'm fine." Zuo Xiaoran shook her head first and told Xia Jinqi that she was safe, afraid that she would worry about her.

"Then, Shaoan, your... injury?" Xia Jinqi turned her head and looked at Fang Shaoan, asking hesitantly ...

"I accidentally burned myself. I'm fine, it's just a small injury!" Fang Shaoan glanced at Zuo Xiaoran and didn't say anything more. He turned around and lay down obediently.

Needless to say, this burn was really painful. It was burning hot. If he moved a little, he would be covered in sweat when he pulled on the wound.

Yan Jun also walked over at this time. The Butler had already told him the basic situation.

"take good care of yourself."

Upon hearing Yan Jun's voice, Fang Shaoan immediately transformed into a wronged little wife and began to complain "Second Young Master Yan, YOU'RE TOO UNFRIENDLY Not only did you run away, you even set up a broken yacht and left it there I've only driven a few miles and I already ran out of gas Do you know that I almost died at sea No, in order to compensate for my mental and physical losses, you have to invest more!"

Chapter 354: There's absolutely no chance between us!

However, Yan Jun only gave him a cold glance and said indifferently, "it's a brand new yacht. You drove it to the shallow sea and hit a reef. The fuel tank broke. I'll ask Wen Tao to send you the compensation price."

When Fang Shaoan and the others were rescued, someone had already inspected the yacht and found that the bottom was damaged seriously. Fortunately, this was a high-end custom-made yacht, and the frame was still able to withstand it. Otherwise, Fang Shaoan and the others would have sunk into the sea with the yacht!

Just as Yan Jun's voice fell, Zuo Xiaoran suddenly came to a realization and sighed, "I knew it. It was still fine when we drove it out in the afternoon. Later, we did touch it, but I didn't expect that the fuel tank was touched!"

Fang Shaoan originally wanted to go back on his word, but when Zuo Xiaoran said this, he suddenly felt awkward. He coughed lightly and then became listless, "I'm already in this state, and you still want me to pay for it. Are you even human..."

The last sentence was so soft that it was pitiful. He also knew that it was his fault, so how would he dare to blame Yan Jun?

It was just that he had accumulated a grudge in his heart, and he had to vent it out!

If this was in the past, Yan Jun would definitely throw him out directly!

But today, seeing the injury on his back, he reluctantly let it go.

He glanced coldly at Fang Shaoan, and the latter immediately obediently kept quiet like a CICADA in winter. After a long while, he began to flatter, "not a person, but a prince charming..."

Xia Jinqi was used to the two of them being like this. Seeing that Fang Shaoan still had the strength to quibble, she thought that he could still endure it, so she brought Zuo Xiaoran upstairs.

The two of them sat by the bed, and only then did Xia Jinqi ask her, "you were scared, right? It's all my fault. I shouldn't have left you here alone."

Zuo Xiaoran shook her head. After a moment of absent-mindedness, she recalled Xia Jinqi's matter. "You and young Master Yan have reconciled?"

"sort of." Xia Jinqi nodded with a smile and continued to ask Zuo Xiaoran, "what happened to Shaoan's injuries?"

Seeing Xia Jinqi ask this, Zuo Xiaoran knew that she must have guessed something.

The two of them were best friends, so she naturally wouldn't hide it. However, she still felt a little guilty when she said it out loud.

"He got hurt because he saved me. Xiao Qi, I feel bad..." Zuo Xiaoran said awkwardly. She didn't like to owe others anything. She had to think of ways to repay the favor of risking her life to save her. "Do you know what he likes? Or what he wants? I'll give it to him."

“He wants to save you?” Xia Jinqi’s focus wasn’t on giving him a gift. Instead, she was more concerned about Fang Shaoan’s behavior.

“Yeah. We were hungry at sea, so we made a fire to roast some fish. Who knew that a big wave would hit us? The oven almost hit me. He was the one who rushed over to save me.” Zuo Xiaoran said as she rubbed her head. Her face was filled with grief. “What a great hero saving the Damsel in distress! But the other party just had to be a rich second generation! Moreover, he was a playboy!”

Xia Jinqi was amused by her. “Looks like you guys are doing pretty well. Shouldn’t we have gone to disturb you guys so early?”

She had been worried to death on the way back. Who knew that the two of them were still making a fire and roasting fish at sea? It was so romantic!

Xia Jinqi’s laughter gave Zuo Xiaoran goosebumps. She hurriedly rubbed her arms. “Can you not be so cheerful? It’s absolutely impossible for us to be together!”

“Why?” Xia Jinqi frowned suspiciously. She really wanted to know what Zuo Xiaoran was thinking.

“It’s not right for families to not belong to the same family! I’m just a commoner. I don’t want to have anything to do with a young master like him!”

Chapter 355: men’s thoughts

To Zuo Xiaoran, those wealthy families and upper-class society were just floating clouds in the clouds.

Her parents were very ordinary and did not have any aristocratic families. However, her parents were loving and peaceful people. They had taught her well since she was young.

She did not climb up the social ladder, nor did she humble herself. She was safe, peaceful, and happy. As long as she was happy.

Therefore, her goal was to open a small shop after graduation. She would inherit her father’s aspirations and find an ordinary man to settle down with. The family would be together forever.

She was already very satisfied with such a life, and she didn’t want to get involved in any fights between rich and powerful families. Those things were too far away for her.

Therefore, from the beginning, she had never had any thoughts about Fang Shaoan.

Moreover, she hated those big flirtatious radishes the most. She really wanted to beat up a scum like Fang Shaoan every time she saw him!

But... ...

She didn’t know why, but after spending the day together, she realized that Fang Shaoan wasn’t quite the same as those spoiled brats she had imagined.

He was actually quite easy-going, and he could play together with her.

He even used his body to block the oven for her... ...

Xia Jinqi understood Zuo Xiaoran's thoughts. Since she had already said it to this extent, it was not appropriate for her to say anything more.

There was only one point that she could not help but sigh softly. "silly girl, when matters of love come, they come. How can they be blocked?"

Xia Jinqi had a deep understanding of these words.

When she and Yan Jun got married, didn't she also hold onto the idea that the two of them would never be able to get married?

However, the development of things later completely exceeded her expectations.

She is such a person who does not want to be close to others, but began to slowly approach him, accept him, love him... ..

This is incredible.

Zuo Xiaoran listened to Xia Jinqi's words and did not feel educated at all. Instead, she began to mock her "Yo Yo Yo, this is really a person who has been married for less than half a year! Even his words are so reasonable? Quickly tell me, how can you and young master Yan's feelings be blocked? Ha Ha ha!"

Xia Jinqi small face slightly smoked, hurriedly change the topic, "don't make a fuss! So late, you should go to sleep!"

"You're chasing me away so soon? Don't worry, I know young master Yan is coming here tonight. I'M NOT GOING TO BE YOUR THIRD WHEEL! Me, I'm going to scam right now, okay?" As she said that, Zuo Xiaoran hugged her pillow and left the room.

Xia Jinqi,"..."

That's not what she meant... ..

—

Downstairs.

Fang Shaoan changed the medicine again and finally became more honest.

Glanced at the side just to the people of the Fang Family Call Yan Jun reported safe and sound, Fang Shaoan low threw a past, "thanks brother."

When he was floating on the sea, the reason why he was not so afraid was because he knew that Yan Jun would do his best to save him.

It was not for nothing that he had been a good brother for so many years.

Yan Jun happened to walk over and took a look at the wound on Fang Shaoan's back. He frowned and asked, "why didn't you let anyone follow you out to the sea?"

"I... I was just trying to act cool!" Fang Shaoan turned his face away and squeezed his eyebrows embarrassedly ...

Who knew that the attempt to act cool would fail so magnificently... ..

Yan Jun obviously did not understand what he meant, and his eyebrows were still raised high.

Fang Shaoan then explained, "Aiya, you wouldn't understand even if I told you! This is called a man's little scheme! Think about it, you're the one controlling the yacht and taking a girl out to sea. She will definitely adore you!"

Chapter 356: Do you want to know about me and Wen Qing?

Yan Jun glanced at him and asked in a low voice, "are you tempted?"

"..."Fang Shaoan choked for a moment. He had never thought that he would ask such a question so suddenly.

Besides, wasn't it normal to be tempted?

When had he not been tempted when he saw a beautiful woman?

Just as he was about to retort, he heard Yan Jun's gentle voice, "you don't seem like a person who would throw his life away for irrelevant people."

Yan Jun stood up and stopped talking.

Just now, when he saw that there was something wrong between Zuo Xiaoran and Fang Shaoan, he guessed that something must have happened between the two of them.

Fang Shaoan, who was petrified, was left behind.

Was this the nature of a businessman?

He could see through what the other party was thinking.

Fang Shaoan pursed his lips and went back down in depression.

How did he not seem like a person who would risk his life?

He was actually very selfless, okay?

If he saw a child fall on the street, he could go up and help him up!

The night gradually darkened.

After dealing with Fang Shaoan's matters, Yan Jun slowly went upstairs.

In the bedroom, Xia Jinqi was holding a cup of warm water. She had just brought it to her mouth, but before she could take a sip, the door was opened.

The first thing Yan Jun saw when he entered the room was Xia Jinqi drinking water. Beside her hand was a familiar small medicine. It contained sleeping pills. He knew that she had the habit of bringing it with her.

He immediately frowned and raised his voice. "Don't eat it!"

Who knew that this sudden voice would scare Xia Jinqi? Her hand trembled and the entire glass slipped from her fingertips. The sound was followed by a series of splashing sounds.

The glass shattered, and water and debris flew everywhere.

Before she could recover from her shock, she moved slightly, wanting to bend down to pick up the glass debris on the floor.

“Don’t move. Be careful not to hurt your hands. ”

A slightly regretful voice sounded. Xia Jinqi raised her head and saw Yan Jun quickly walking towards her. Then, he bent down and carried her horizontally, walking towards the balcony.

He placed her on the Rattan Chair on the balcony. “Are you alright? ”

Xia Jinqi shook her head in a daze. She looked back at the house full of wolves. “Is there a problem with that glass of water? ”

“Did you take the medicine again? ” Yan Jun asked instead of answering.

“No, Ben said that I can’t take the medicine after I’m pregnant. I haven’t taken it, ” Xia Jinqi explained before she realized that he was in such a hurry just now because he was afraid that she would secretly take the medicine.

When Yan Jun heard this, his heart relaxed a little. After calling the maid to clean up, he sat on the Rattan Chair with Xia Jinqi and looked up at the twinkling stars in the night.

Xia Jinqi curled up in his arms, enjoying the peace and warmth of this moment.

“Is Shao’an Alright? ” After thinking for a moment, he still asked.

“He’s alright, ” Yan Jun replied. The burns were a little serious, but he wouldn’t die.

Xia Jinqi didn’t continue asking. She continued to maintain her previous position and leaned against him. Gradually, her eyelids became a little heavy, and sleepiness crept into her heart.

When she had him by her side, she always felt very safe and at ease. It was as if as long as he was around, she could rest assured of all the precautions in her heart. She didn’t need to care about anything, as long as she leaned against him, it would be fine... ..

Meanwhile, Yan Jun fell into a long silence.

Perhaps he was hesitating, or perhaps he had not thought about how he should say it.

In short, after a long period of hesitation, he finally opened his mouth. There was a hint of sadness in his voice.

“Do you want to know about me and Wen Qing? ”

Chapter 357: I actually have an older brother

“Oh?” Xia Jinqi was so confused that she almost fell asleep. However, when she heard Yan Jun’s words, she opened her sleepy eyes and tried her best to wake up. “Yes!”

Her anxious look indeed amused Yan Jun..

He should have known how important this answer was to her.

However, both of them were stubborn. When they quarreled, their faces would turn red and their necks would be thick. No one was willing to open their mouths first.

But in the end, in the relationship between two people, one side had to admit defeat first so that it could last for a long time.

If the person was her, then he didn’t mind losing to her.

He reached out to hug her shoulder and pulled the blanket higher to cover her whole body. Only then did Yan Jun sink into a long memory.

“I actually have a brother, did you know?”

Yan Jun had never taken the initiative to talk about this with Xia Jinqi. But tonight, he took the initiative to mention it. Xia Jinqi couldn’t help but listen carefully. “I know.”

From the beginning, when everyone called Yan Jun second young Master Yan, Xia Jinqi knew.

Ji Xinyu and Yan Sheng originally had two sons.

However, rumors had it that the eldest son had died prematurely. It seemed that he was in poor health.

As for the specifics, Xia Jinqi did not delve too deeply into it.

Moreover, ever since she married into the Yan family, she had never heard anyone mention the young master who had died prematurely. In her heart, she estimated that the people who died would more or less add to the grief of those who survived. Perhaps this was the pain of the Yan family.. That was why everyone was unwilling to mention it.

Yan Jun raised his eyes to look at the distant stars, as if he could see the big brother that only existed in his childhood memories.

“My big brother and Yan Qing were only born three months apart.” When he said this, Yan Jun’s tone was full of ridicule and ridicule.

His own son and his own grandson were only three months apart in age. He really did not know how Yan Youcheng felt at that time.

Was it because the ecstasy was greater than the awkwardness?

The Yan family suddenly had two fat boys. The population was flourishing.

“Big Brother was born afraid of water. Even when he bathed, he only used the shower and never touched the bathtub. It was this kind of big brother who, in the winter of that year, slipped and fell into the pool at home. The next day, when he was picked up by someone, he was already frozen stiff.” Yan Jun’s voice Suddenly, it became incomparably cold.

It was extremely similar to the ice cellar that was buried under the Alps Snow Mountain all year round. It was bone-chilling.

All of Xia Jinqi's sleepiness instantly disappeared.

She opened her small mouth slightly, and her eyes were dull... ..

A person who was afraid of water found it very difficult to even get close to the water. How could he run to the side of the pool alone?

Moreover, even if he went, it wouldn't be so coincidental that he fell into the pool Or in the middle of winter?

After her instinctive doubts, Xia Jinqi looked up at Yan Jun again.

She could only see one side of his face, but even so, she could see his taut jaw and his asura aura... ..

Is there something to all these 'lapses' ?

Xia Jinqi swallowed her throat, did not open her mouth to interrupt him, but hard to grasp his clothes, black brows tightly knit.

Yan Jun's narrative continues.

"That night, all the security cameras in the house went down, and all the servants were busy, and none of them passed by the pool. "

All the coincidences were put together, and it was simply unbelievable.

However, Yan Jun did not go into detail about the result. After a long period of silence, he skipped the topic and said directly, "big brother left, and mom became more and more worried about me. She was always suspicious, and in the end, she could only send me abroad. "

Chapter 358: I believe you

When he was young, he didn't understand why he had to leave home so little. Only when he grew up did he understand that his mother might have done this to protect him.

At that time, the Yan family was really not at peace.

"In a foreign country, I met Ben and Wen Qing.

"They and I had similar backgrounds and similar experiences, so they quickly got together.

"The feelings we had when we were seventeen or eighteen years old were just chatting and eating together. There was nothing else. "

This could be considered an explanation.

He owed Xia Jinqi an explanation.

Nothing superfluous had happened between him and Wen Qing.

The admiration they had when they were young might only be because at that time, Wen Qing could say one or two words to his heart.

If he really loved her deeply, he would not have been indifferent when Wen Qing had quietly left.

Because he did not love her, he did not care, so it did not matter.

Xia Jinqi listened in a daze and suddenly sighed in her heart.

She knew why Yan Jun had told her about the Yan family first. At that time, after experiencing the great changes of the Yan family, he had been sent abroad at a young age. He had no relatives or friends. No matter who it was, seeing a fellow countryman with the same skin color as him.. If he spoke the same hometown language as her, he would feel familiar, right?

He had also said that he and Wen Qing did not have anything else.

Since that was the case, why was she still struggling so much?

The past was like smoke. Who did not have a past?

She had not spoken for a long time. Yan Jun thought that she was still unhappy, so he lowered his head, held her hand, and brought it to his lips. He gently kissed it. "believe me, I will not be like grandfather. "

Having an elder in the family who was a negative example was actually not a bad thing.

Back then, Yan Qing's mother had messed up the Yan family and caused a lot of indelible influence on the hearts of the descendants.

In addition to the fact that long Qingxin loved Yan Jun so much, when Yan Jun was in the country, he spent most of his time with long Qingxin, except when he was in the Yan family.

After Long Qingxin and Yan Youcheng separated, even though she looked very free and easy on the surface and outsiders praised her for being magnanimous and living well, how many people could understand the bitterness in her heart?

Yan Jun had been a child with a clear mind since he was young. He could understand his grandmother's grief and his grandfather's struggles and regrets.

He would never allow himself to repeat such a mistake.

Therefore, back then, he would have questioned Xia Jinqi so righteously, what did he really think marriage was.

No matter how others looked at this marriage, in his heart, marriage was a lifelong commitment. A lifetime of persistence, never leaving, forever and ever.

And He, who had chosen Xia Jinqi as his only marriage partner, had made a lifelong promise to her early on.

Aunt Chen had a saying that was very true: men liked to keep their words in their stomachs and not say anything.

Yan Jun was like that. Instead of saying sweet words all day long, he was better at 'doing' things.

Even if the current Xia Jinqi did not understand his deep feelings, he knew that one day, she would eventually understand.

Time would prove everything.

Good, bad.

No one could hide it.

Xia Jinqi was completely dumbfounded.

This could be considered the first time Yan Jun had truly opened his heart to her, right?

To be honest, she had never thought that he would say so much to her... ..

The complaints in her heart had long been crushed by the heartache she felt for him.

She leaned over and wrapped her arms around his neck even deeper, her entire body leaning into his embrace.

“I believe you.”

Chapter 359: the person who should appear in your life

Many times, many things that you can't get through may only need a word or a promise to appease everything.

Some people have this kind of magic.

A word, a look, and a hug from him can make you give up everything and go to the end of the world with him.

It only takes a moment to reach out.

But it takes many years to hold hands.

No matter who that person is, he is the person who should appear in your life, not by chance.

Later on, the two of them chatted a lot.

Family, business, future baby's... ..

A Lot.

Xia Jinqi slowly fell into a deep sleep amidst the scattered conversations.

She didn't sleep well last night. After completely relaxing today, it was always easy for her to fall asleep.

As Yan Jun spoke, he didn't wait for her reply for a long time. He looked down and saw that she was sleeping peacefully. Only then did he know that this little girl had secretly fallen asleep.

His thin lips unconsciously curled up slightly as he chuckled.

He did not think that he would talk so much. So he was also a chatterbox?

It was only when he was in front of her that the chatterbox that he had hidden in the bottom of his heart for so many years would open.

Perhaps, this was the charm that belonged solely to her. It always made his heart calm down.

He leaned over and kissed her forehead. Then, under the Faint Moonlight, he gently held her in his arms and turned around to return to the bedroom.

Sweet Dreams, my little Qi.

“...”

The next morning.

Everyone woke up in the midst of the Chirping of birds and the fragrance of flowers.

Xia Jinqi slept especially well. When she woke up in the morning, her face was Pale and flushed, like a freshly bloomed rose. She was so beautiful that Yan Jun had to dawdle with her for quite a while before the two of them were willing to go downstairs.

When they arrived downstairs, Fang Shaoan, who had already recovered enough to sit down, was already complaining that he was bored. “Second Young Master Yan, what’s going on today? Don’t tell me you’re going to leave the two of us here?”

He complained a little.

If it wasn’t for Yan Jun opening the door yesterday, he wouldn’t have gone out to sea alone and almost lost his life... ..

Zuo Xiaoran also looked at the couple walking over with some anticipation.

If she and Fang Shaoan still had that little bit of common interest, it would be eating, drinking, and having fun!

Yan Jun first helped Xia Jinqi pull out a stool by the dining table. After she sat down, he asked gently, “what do you want to play?”

When Fang Shaoan heard this tone, his expression instantly distorted. He couldn’t help but rub the goosebumps on his hands. “I really can’t stand it...”

Xia Jinqi didn’t care about him. She thought about it seriously and realized that she couldn’t think of anything. She could only laugh and say, “what’s there to play about?”

Before Yan Jun could say anything, Fang Shaoan waved his hand. He was extremely disgusted “sister-in-law, there’s only the beach and the sea here. Either you go to the beach or you go out to the sea. Oh right, there seem to be fruit trees planted in the back mountain. I’m not willing to do such a boring activity like picking fruits!”

Back then, the reason aunt Chen suggested coming here was because of the sea. Didn’t they have something to talk about?

Facing the sea, the warmth of spring flowers bloomed.

She thought about the young master and young mistress going out. When the two of them walked on the beach and looked at the boundless sea, their mood would definitely be good!

If they were in a good mood, wouldn't they be able to reconcile?

Xia Jinqi smiled awkwardly at Zuo Xiaoran. "where's Xiaoran? What do you want to play?"

"I don't want to pick fruits either, but I don't want to go out to sea either. That small yacht yesterday almost scared me to death..." Zuo Xiaoran was a little scared. This was a life-threatening matter and she couldn't joke about it.

When Yan Jun heard this, he immediately raised his eyebrows. "small?"

His Yacht was actually despised for being small?

Chapter 360: Young Master Yan teaches you the correct way to go out to sea

"Yes!" Zuo Xiaoran nodded her head firmly!

Other than the pilot, the yacht could only accommodate six people at most. Could it not be considered small?

Yan Jun's face darkened, but he did not explain. He only cared about getting food for Xia Jinqi. "We'll go out to sea later."

Xia Jinqi saw that his expression was not right and nodded awkwardly. "Okay."

Zuo Xiaoran leaned over and asked secretly, "Xiao Qi, did I say something wrong?"

"This..." Xia Jinqi didn't give a definite answer. Instead, she was more interested in Yan Jun..

He hadn't decided to go out to sea just now. Now that he said this, could it be that he wanted to prove something?

While the two best friends were whispering, Fang Shaoan also leaned over and whispered to Yan Jun, "kid, have you learned your lesson? Do you want to show off?"

Yan Jun turned back and glared at him. His gaze was cold, full of disdain and warning.

Fang Shaoan shrank his neck. It was fine if he didn't say it, but he wanted to see what tricks this kid could play.

After breakfast, the group of four came to the seaside.

They saw that the originally wide seaside had been blocked by a sea of ships at some point in time.

Moreover, among those ships, there was actually... .. A cruise ship ? ?

Xia Jinqi was stunned on the spot. She stared at the 18-story cruise ship that was about 300 meters long and weighed more than 20 tons in front of her, completely dumbfounded.

Now she finally knew why Yan Jun raised his eyebrows so high when he heard Zuo Xiaoran say that his cruise ship was small... ..

Was it still small?

This size was comparable to the giant Ocean Oasis under the Royal Caribbean Cruise Company!

She had seen the advertisement on television. The eighteenth-floor deck was filled with restaurants, amusement parks, casinos, ktvs, swimming pools, ZIP lines, and diving!

She did not expect Yan Jun to have such a cruise ship!

Zuo Xiaoran, who was beside Xia Jinqi, was also completely stunned.

“Xiao Qi, I... I’m not dreaming, right? Your husband is simply... Insane! A CRUISE SHIP!”

Yan Jun happened to walk over and held Xia Jinqi’s hand. He asked Zuo Xiaoran, “are you still young?”

“No, no, no...” Zuo Xiaoran chuckled and hurriedly shook her head.

She really said the wrong thing just now!

However, this cruise ship was completely different from the one that Fang Shaoan drove yesterday!

As the three of them spoke, they boarded the cruise ship together.

Fang Shaoan walked at the back.

He opened his mouth so wide that it could fit into a goose egg. He foolishly looked at the huge cruise ship in front of him, and his entire body collapsed.

Why did he feel as if he had been mercilessly crushed again?

And this was not the end. When everyone was in position and the cruise ship slowly sailed towards the sea, five military speedboats instantly scattered around the cruise ship, protecting it and escorting it. It was so awe-inspiring and murderous!

Then, he looked at the distance not far from the horizon, where two helicopters were leisurely circling in the air... ..

Damn it, even if the president was on a trip, it wouldn’t be this grand, right?

Xia Jinqi turned her head to look at Yan Jun embarrassedly. He was leaning against the Sofa on the deck, wearing black sunglasses and basking in the sun, enjoying the fine wine in front of him... ..

As expected, Zuo Xiaoran’s words in the morning threatened his status as a male animal.

No one noticed that at this moment, Fang Shaoan was squatting in a corner of the deck with a dark cloud on his head. He was holding a branch he picked up from somewhere and drawing circles on the ground.
