Fang Shaoan finally couldn't stand these two disgusting people. He rubbed the goosebumps on his arms as he walked out of the door "I really can't stand it. Won't I die if I don't show off my love for a minute? ! Can't you give us, who have been single for ten thousand years, a little bit of humane care? "

Ten Thousand Years Single Dog When Xia Jinqi heard this sentence, it could be described as dumbstruck!

Fang Shaoan, who had always been in the midst of thousands of flowers and never touched a single leaf, wouldn't it hurt his conscience to say such words?

Without waiting for Xia Jinqi to continue criticizing him, the man beside her had lost his patience. Without waiting for her to agree, he directly held her hand and pulled her out.

The warm and wide palm completely wrapped her hand in an instant.

It was like a wine-filled chocolate. The outer layer was covered with a layer of warmth, but the wine-filled heart inside was quickly melted.

An indescribable feeling of numbness spread from her hand to her heart, as if she had been electrocuted.

Xia Jinqi came back to her senses and instinctively wanted to pull her hand back.

However, just as she exerted a little strength, she was immediately grabbed by an even more powerful force!

She raised her eyes to look at him in surprise, but she heard his deliberately lowered voice reach her ear. "Don't move. In front of outsiders, we are free to love and get married. "

Xia Jinqi,"..."

So, was he putting on an act?

The corner of her eyes twitched. Sure enough, Xia Jinqi did not struggle anymore.

The surrounding crowd was full of onlookers. If news of their discord were to spread, this political marriage would probably be ruined.

And she didn't want to lose this marriage.

However, Xia Jinqi raised her eyes and looked at Yan Jun, who was walking to her right. From her angle, she could only see one side of his face.

Even so, he was still so arrogant.

She found it hard to imagine that such an aloof and proud person wouldn't want to marry her, so why didn't he swear to fight to the death?

"So, the omnipotent and cold-faced Yan Jun also has a time to yield? " Xia Jinqi couldn't help but raise her voice. She felt that she could seize this opportunity to counterattack!

Who asked him to be so fierce to her just now... ..

As soon as Xia Jinqi said this, the man beside her was indeed angered.

He stopped and his cold eyes swept across her eyes. He looked like he was about to get angry... ..

However, Xia Jinqi didn't give him this chance. She deliberately moved closer and hugged his arm intimately. She pinched her throat and shouted, "Darling, do you think this dress of mine looks good? "

After saying that, she deliberately raised the corner of her skirt and waited for Yan Jun's answer with a smile.

Yan Jun, "..."

He really wanted to shake off this woman who was sticking to him!

He was a Germaphobe and did not like to be touched by others! ! !

Just as he was about to make his move, he saw the stylist and photographer behind him looking at them with curious eyes... ..

The veins on his forehead were about to pop out. Yan Jun could only stop and said through gritted teeth, "alright, look. "

This woman was taking revenge on him?

Alright, she had guts.

He liked it!

Xia Jinqi smiled even more happily!

She discovered his weakness Moreover, she planned to make good use of it... ..
