

Tick Me 401

Chapter 401: your good husband, what did he do behind your back!

At this moment, her stomach was hurting, and she couldn't afford to be careless!

Xia Jinqi sat on the SOFA for a while. Her stomach didn't seem to hurt much anymore, and her complexion was a little better. She sat up on her own and said, "Aunt Chen..."

Hearing this, aunt Chen hurriedly walked over and asked worriedly, "how is little young mistress?"

"I seem to be feeling much better." Xia Jinqi smiled weakly, but her body was still a little weak. "What's wrong with me? Does it always turn out like this when I'm pregnant?"

"This... Let's go to the hospital for a check-up first." Aunt Chen did not dare to make a hasty conclusion. Although some people would have a bigger reaction after pregnancy and also feel very uncomfortable, she could not guarantee that the young mistress would suddenly act like this ...

Moreover, this was the eldest grandson of the Yan family... .. She could not be careless at all ! !

"okay." Xia Jinqi nodded. She was also a little afraid. After all, this was her first birth, and it was also the first time she had encountered such a situation.

Aunt Chen was just about to help her out of the door when a servant happened to come in. "Young Mistress, there's Mrs. Zhou outside who wants to see you... she claims to be, is..."

The Servant didn't dare to continue. No matter what, this was still long Qingxin's house. It was already against the rules for Zhou Lingfang to barge in like this. Now, when she came, she claimed to be long Qingxin's younger sister because long Qingxin was older and Zhou Lingfang was younger, so she claimed to be her younger sister... ..

Zhou Lingfang had the face to say this, but the servant didn't dare to convey it.

Xia Jinqi had completely recovered by now. When she heard the servant mention the surname Zhou, she immediately felt as if she was facing a great enemy. "If you don't want to see me, just say that I'm not here."

Unexpectedly, as soon as she finished speaking, a sharp and thin voice as thin as a knife came from outside the door. "Isn't she here?"

Xia Jinqi instinctively narrowed her eyes and looked in the direction of the door.

As expected, she saw Zhou Lingfang, who was wearing a tight dress, twisting her body and walking towards her.

Aunt Chen recognized Zhou Lingfang. When she saw that it was her, her face immediately darkened. Like a Hedgehog, she shook off all the thorns on her body and blocked in front of Xia Jinqi.

"What are you doing here? You'RE NOT WELCOME HERE! Please leave immediately!" Aunt Chen shouted coldly. Her neck was stiff and very stiff!

This was the first time Xia Jinqi had seen aunt Chen with such a tough attitude... ..

Zhou Lingfang was completely fearless. In her eyes, this servant was not qualified to speak to her!

“You’re really relying on your master’s Power... but your master isn’t here either. I’ve already asked around. That old woman went to Las Vegas, so how would she have time to care about you? I’m not here to look for you today, I’m here to look for Xiao Qi.” After saying that, her gaze fell on Xia Jinqi, who was behind aunt Chen “Xiao Qi, it’s only been a few days, and you don’t recognize me? I know my Qing ‘Er’s feelings for you. Maybe one day you’ll become my daughter-in-law. Why don’t we cultivate a relationship between mother and daughter-in-law Now?”

As she spoke, her body moved closer to Xia Jinqi’s direction.

Aunt Chen wanted to go up and block, but she was pushed away by Zhou Lingfang, and aunt Chen fell to the ground.

Xia Jinqi wanted to help aunt Chen who had fallen, but she got up too quickly, as if something had been pulled, and her stomach began to hurt faintly again... ..

“What on Earth do you want to do?” She gritted her teeth, glared at Zhou Lingfang coldly, and her back began to break out in cold sweat.

She didn’t come early or late, yet she had come to find her at this time!

Zhou Lingfang didn’t seem to notice Xia Jinqi’s Pale face. She directly took out a photo from Yan Qing’s bag and placed it on the table with a bang.

“Don’t look at me like that. I’m just here to give you information out of goodwill! Here, take a look for yourself. Your good husband, what did he do behind your back!”

Chapter 402: Fetal Qi

Xia Jinqi originally didn’t want to pay attention to her, but out of the corner of her eye, she caught a glimpse of a handsome face!

That... Wasn’t that Yan Jun ??

Curiosity arose in her heart, and her gaze followed him.

Then... .. Her gaze was instantly fixed ...

Yan Jun was sitting on a sofa. Fan Yufei, who was only wearing her underwear, was kneeling between his TUI with her head lowered... ..

Xia Jinqi was instantly dumbstruck. The color of blood had completely disappeared from her delicate little face! ! !

The pain in her lower abdomen became more and more obvious!

At that moment, her mind went blank, and she couldn’t think of anything!

Her mind was filled with the thoughts of Yan Jun and Fan Yufei, how did they end up together?

Zhou Lingfang looked at Xia Jinqi's rapidly changing expression with satisfaction. Her fiery red lips moved closer, almost whispering to Xia Jinqi, "men, how many of them are not lustful? especially... when their wives are pregnant."

She was deliberately guiding Xia Jinqi's thoughts!

Indeed, during the period when his wife was pregnant, the probability of a man having an affair was higher than usual! ! !

But... Xia Jinqi gritted her teeth. Even though there were balls of anger floating in her head at the moment, she still felt that the background of the photo in front of her was somewhat familiar ! !

There was also that suit on Yan Jun's body. She seemed to have seen it before?

But when exactly had she seen it before? For a moment, she couldn't remember... ..

Her smooth forehead was already covered with a layer of fine beads of sweat. A few strands of hair almost stuck to her forehead.

"Aunt Chen, take me to the hospital..." Xia Jinqi gritted her teeth and endured the discomfort. She turned to look at Aunt Chen, who was lying on the ground.

When Aunt Chen saw Xia Jinqi's Pale face, she immediately knew that something was wrong. She quickly stood up from the ground and supported Xia Jinqi as she was about to walk out. She shouted, "help! Help!"

At this moment, Zhou Lingfang finally noticed that something was wrong with Xia Jinqi, as well as her stomach, which she had been holding with her hands... ..

Could it be... .. That the fetus Qi had been affected so quickly ? ?

When she realized this, Zhou Lingfang could not help but feel ecstatic!

She had hidden the photo from Qing 'Er and came to find Xia Jinqi today. Wasn't it to make her suspect Yan Jun, thus creating a rift between the two of them, and it would be best if she could abort the Child?

She did not expect that Xia Jinqi would not be able to protect herself even if Yan Jun did not do it himself?

The heavens were really helping her!

Seeing that the guards outside the door were about to come in, Zhou Lingfang quickly grabbed Xia Jinqi's arm and pulled her back forcefully. Her hands held onto Xia Jinqi's shoulders as she questioned her step by step "Are you afraid? How can a man who was fooling around while you were pregnant be worthy of you giving birth to his child? Xia Jinqi, wake up! He's not worthy of you doing this!"

Xia Jinqi was already in unbearable pain. Now that Zhou Lingfang was torturing her, her eyes became even more dizzy and even her vision became blurred!

But from the beginning to the end, she gritted her teeth. She had to protect this child! ! !

Aunt Chen was so anxious that her eyes turned red. She pushed Zhou Lingfang with all her might. "YOU VICIOUS WOMAN! Quickly let go of the young mistress!"

"vicious? I'm only telling her the truth!" Zhou Lingfang gave a forlorn smile She shook Xia Jinqi even harder. "Is it Xia Jinqi? I'm telling you, that photo wasn't made up! All the men in this world are like this! Who would be willing to keep themselves clean for you? No! NONE OF THEM!"

One sentence after another provoked Xia Jinqi, and the smile on Zhou Lingfang's lips became even more smug.

Chapter 403: 'I'M HITTING YOU! '!

Xia Jinqi felt her head swell and her vision went black. However, she still used all her strength to shake off Zhou Lingfang's grip. "If anything happens to my child, I won't let you off!"

She used all her strength and glared coldly at Zhou Lingfang. A powerful killing intent instantly burst out from her watery eyes. She was like an emissary from hell who could decide life and death with just a simple sentence!

Zhou Lingfang was panicking from her glare and instinctively wanted to retreat!

But on second thought, if she missed such a good opportunity, there wouldn't be a next time!

She had to do it in one go!

"You are really as stubborn as that old woman Long Qingxin! The man has already betrayed you, why are you still so stubborn?"

As soon as Zhou Lingfang finished her words, an incomparably domineering roar came from outside. "B * Tch! How dare you behave atrociously in my territory?!"

Xia Jinqi turned around when she heard the roar

She saw a dazzling halo and a silver-haired old man wearing a sapphire-blue sleeveless cheongsam walking over with his head held high and chest puffed out!

With an aura that could destroy heaven and earth, as well as the pride and heroic spirit between his brows, who else could it be but the daughter of the last generation general, Long Qingxin? !!

"Grandma..." Xia Jinqi called out weakly, and all the strength in her eyes was finally released. Her eyes turned black, and she fainted weakly.

"Little Young Madam!" Aunt Chen hurriedly hugged her body and asked Long Qingxin for help, "old Madam! Little Young Madam's child..."

Long Qingxin also frowned and walked over quickly. She bent down to support Xia Jinqi's body. "What happened?"

“She took something to show little young madam the moment she arrived. She even shook little young Madam’s body and pushed little young Madam!” Aunt Chen cried and complained about her accusations. Unfortunately, her bones were useless and could not protect little young Madam!

Zhou Lingfang, who had been in shock when she saw long Qingxin again, finally came back to her senses. When she heard that someone was accusing her, she snorted indifferently and began to mock her coldly “Old thing, don’t talk nonsense! When did I push her? I just finished my nails yesterday. I can’t bear to let others touch them...”

Before Zhou Lingfang could finish her words, Long Qingxin had already stood up. Without saying anything, she raised her hand and slapped Zhou Lingfang’s face!

“SLAP!” An extremely clear sound instantly spread in the huge living room!

Aunt Chen was shocked. She even stopped crying and stared blankly at everything in front of her.

And the most shocked one was none other than Zhou Lingfang!

She covered her burning cheeks and looked at long Qingxin in disbelief. She shouted loudly, “Damn woman! How dare you hit me?!”

“I hit you, you vicious woman!” Without giving her any chance to react, Long Qingxin raised her hand again and continued to slap her!

“PA!” There was another sound, and this time, the sound was even clearer!

Auntie Chen was shocked... ..

Even the servants who rushed in to protect Xia Jinqi were stunned.

No one dared to speak. They held their breath as they watched the scene in front of them.

As for Zhou Lingfang who was beaten up, she was completely dumbfounded!

She was still so arrogant just a moment ago. Who knew that long Qingxin would come in and slap her so hard that she was speechless!

This time, Zhou Lingfang could only stretch out two hands. She held one side of her face with one hand and wailed, “old whore! Just you wait! !”

After she wailed, she ran out of the door!

Looking at her posture, she probably had to go back and get reinforcements!

Chapter 404: was tied up for me!

Long Qingxin could roughly guess what kind of help she was going to get!

She immediately waved her hand and gave the order, “tie her up for me!”

The Servant who was still in a daze came back to her senses when she heard that. She spent less than half a second to quickly rush up and grab Zhou Lingfang who was trying to run away!

Zhou Lingfang was caught in an instant and began to shout again, “what right do you have to arrest me? Let me go! I’m telling you! I’m Yan Youcheng’s man! Let me go!”

Long Qingxin was so disgusted that she didn’t even want to look at her. “throw her into the bullpen!”

“Yes!” The servants nodded and immediately dragged Zhou Lingfang away.

Zhou Lingfang still wanted to struggle, but the few women in front of her were too strong. She was outnumbered and disappeared from the living room in the blink of an eye!

Her ears finally calmed down. Long Qingxin quickly leaned over to help Xia Jinqi who had fainted. “contact the nearest hospital immediately!”

“The car is ready, Madam!” The driver hurriedly ran in and helped everyone to help Xia Jinqi up before walking out of the door.

Long Qingxin was about to follow when she caught sight of a photo on the table from the corner of her eye.

At first glance, her eyes were wide open. Then, she quietly put the photo into her bag and followed Xia Jinqi without saying a word.

When they arrived at the hospital, Xia Jinqi was directly pushed into the emergency room.

As an elder, Long Qingxin was required to sign several consent forms. She waited for a long time, but there was still no doctor who came out to report the situation.

In the end, she really couldn’t wait any longer. Long Qingxin simply called the hospital director over to give him a good scolding. Then, all the experts in the hospital’s obstetrics and gynecology department were called over to specially consult Xia Jinqi alone!

“If you can’t keep the child in your granddaughter-in-law’s belly, none of you will have a good ending!” Long Qingxin roared angrily. The hospital director and the many department directors trembled all over!

They all knew long Qingxin’s name as the little tyrant in the past. All of them were so scared that they broke out in a cold sweat. They nodded repeatedly and acknowledged that they had all participated in the rescue operation.

After a few of them were so scared that their butts were wet, Long Qingxin called Yan Jun again.

Yan Jun was currently in a meeting, and his phone was handed over to the secretary for safekeeping.

The secretary saw that it was grandma calling, and her hands immediately trembled in fear. She quickly picked up the phone. “Hello, old Madam Long. I’m President Yan’s secretary. He’s in a very important meeting right now...”

Before she could finish, long Qingxin had already shouted angrily, “tell him to come to the hospital right away!”

Then, she hung up the phone.

The secretary stood rooted to the ground, listening to the continuous 'du Du du Du' sounds in her ears. Her frightened soul seemed to have finally returned a little... ..

The little overlord of the long family had grown into a big overlord. No one should provoke the long family, this... .. It was indeed not just a rumor ...

Swallowing his throat to calm his thoughts, the secretary silently entered the meeting room with an expression of being unafraid of death. He silently walked to Yan Jun's side. After enduring countless warning gazes that could almost kill people.. He finally relayed long Qingxin's words to Yan Jun..

Yan Jun immediately frowned and his eyes darkened. "You didn't say anything else?"

"No." The secretary shook her head stiffly. Apparently, her heart was damaged by long Qingxin's boldness.

Yan Jun stopped the meeting without hesitation and went straight to the hospital that long Qingxin showed him.

"What happened?" On the remaining huge display screen, the stunned foreigner asked, "What happened?"

Chapter 405: do you want to leave the Yan family?

The hospital.

Long Qingxin and the others waited anxiously outside the emergency room, while inside the emergency room... ..

After the few doctors examined Xia Jinqi, they did not rush to report to the outside. Instead, they left through another door and went to a hidden corridor.

There, a tall and handsome man was standing with his hands behind his back.

"Young Master, Miss Cousin is fine. It's just that she has some fetal Qi, so her body is a little weak."

When the man heard this, his tightly furrowed brows relaxed slightly.

He didn't turn around. He only asked coldly, "when will she wake up?"

"It'll only take a few minutes."

"take me to see her." With that, the man turned around and walked straight to another path in the emergency room.

In the emergency room.

Xia Jinqi opened her eyes in a daze and saw a dazzling surgery lamp hanging on her body.

She subconsciously wanted to touch her stomach, but only then did she realize that her hand seemed to be fixed and she couldn't move. "My child..."

It was difficult for her to even speak, and there was even a breathing mask on her face.

At this moment, a blurry handsome face entered her line of sight with a dazzling halo. "Your child is fine, don't be nervous."

Just as she was slightly relieved, the deep male voice asked her again, "do you want to leave the Yan family? If you want, now is the best opportunity. I can take you with me and leave. The ends of the Earth and the ends of the sea, they will never be able to find you again."

Leave... .. The Yan family ??

Leave... .. Yan Jun ??

Xia Jinqi tried her best to see the face in front of her clearly, but the operating lamp hanging above her was too bright. She could not see it clearly no matter how hard she tried.

"answer me," the man began to urge her.

"I... Want to see... Yan Jun..." As her lips opened and closed, Xia Jinqi said the name she missed the most in her heart.

The man's long figure stiffened slightly. Then, he left with a smile or a sigh.

Xia Jinqi tried her best to get up to see him, but she felt that her eyelids were so heavy. She could only close her eyes again and fall asleep.

After the man left, a doctor came to the door to tell Long Qingxin and the others that she was safe.

"..."

When Yan Jun arrived at the hospital, he saw Xia Jinqi lying on the hospital bed with a pale face. She was on the verge of death, like a wisp of smoke that he could not hold or hold.

"What... is going on?" Perhaps he did not even realize it, but when he asked this question, his voice was trembling slightly "...".

"The doctor said that the fetal Qi was affected by the shock," Long Qingxin explained and looked at Xia Jinqi who was on the hospital bed. "At least the child was saved, but the doctor said that the mother's body is weak and the fetus is very unstable."

At that time, Yan Jun was gently holding Xia Jinqi's white wrist. When he heard that, he could not help but frown and ask in return, "was she shocked?"

Speaking of this, Long Qingxin glanced at aunt Chen again and gestured for her to explain.

Aunt Chen immediately understood and told Yan Jun everything that happened this morning.

After hearing this, Yan Jun's eyes, which were originally filled with love, suddenly froze.

His pitch-black star-like pupils constricted, reflecting a faint cold light. It was abnormally sinister!

"It's her!"

Zhou Lingfang!

Yan Qing's biological mother!

Who would have thought that she would actually dare to go to Qingxin Garden to cause trouble?

“other than her, who else would be so jealous of you having a child?” Long Qingxin sneered softly, the corners of her eyes that were full of Crow’s feet lines narrowed faintly.

She could more or less know what that slut was thinking in her heart!

Chapter 406: If you dare to touch his woman, you’re courting death

To a family, the most important thing was their descendants, their blood and bones!

Zhou Lingfang was determined to let her son rise to the top, so how could she let Yan Jun have a son at this time?

Hearing this, Yan Jun’s jaw tightened, and the aura around him was abnormally cold!

“I intentionally let them go, but I didn’t expect... they actually dared to make a move against Jin Qi!” The corners of Yan Jun’s lips twitched slightly, and a cold killing intent flashed across his cold eyes ! !

“I will personally take care of that woman. Your identity isn’t suitable, so don’t act rashly.” Long Qingxin interrupted Yan Jun’s thoughts and frowned.

In name, Zhou Lingfang was Yan Youcheng’s woman.

No matter what, Yan Jun had to call Yan Youcheng ‘grandfather’ .

What kind of rule was it when a grandson touched his grandfather’s woman?

In the end, the name of being unfaithful and UNFILIAL would inevitably be put on Yan Jun’s head.

Only Long Qingxin had the right to deal with Zhou Lingfang in a proper manner!

Yan Jun gritted his teeth. For the first time, he didn’t agree with his grandmother.

“Grandmother, I know what I’m doing.” His thin lips lifted slightly, and his tone couldn’t be any calmer. However, in this calm tone, there was a bloodthirsty killing intent!

As he spoke, he gently caressed Xia Jinqi’s fair cheeks.

If he dared to touch his woman, he was courting death.

Seeing this, Long Qingxin stopped trying to dissuade him.

When her grandson became stubborn, even she couldn’t do anything about it!

Moreover... ..

She had already let go of the Zhou Family for more than thirty years. It could be said that she had done her best.

Since Zhou is still so stubborn, then... .. She doesn’t mind helping her out . .

—

When Xia Jinqi woke up from her stupor, the blurry figure had long disappeared and was replaced by aunt Chen, who was busy peeling fruits.

"I this is..." murmuring softly, aunt Chen immediately raised her head and saw that Xia Jinqi had woken up. She instantly raised her small face. "Young Madam, you're awake? How is it? Are you still uncomfortable?"

Xia Jinqi shook her head and turned to look where she was.

It was very simple and very clean. The air was filled with the pungent smell of medicine.

She should be in the hospital ward, right?

She reached out to caress her stomach. Xia Jinqi asked again, "my child..."

"The child is fine, so she came just in time! Young mistress, you scared me to death..." Aunt Chen used the back of her hand to wipe away the tears at the corner of her eyes. She was obviously also very frightened.

Seeing her like this, Xia Jinqi wanted to laugh and coax aunt Chen to tell her that she was fine. However, when she tried very hard to laugh, she found that her face was stiff.

The smile at this moment must be uglier than crying, right?

"I'm fine, Auntie Chen." Xia Jinqi's heart was slowly moved when she thought of how she risked her life to protect her in front of her.

Perhaps because her family was indifferent and distant when she was young, it made her cherish others even more... especially those who cared about her ...

Perhaps Auntie Chen also remembered that she couldn't cry in front of a pregnant woman, so she quickly stopped her tears and asked Xia Jinqi if she wanted to drink water or if she was hungry. After she took good care of her, she asked again.. "young master came just now. When he saw you like this, his heart really ached!"

"He came?" Xia Jinqi's heart ached, and her gaze changed slightly.

She still remembered the photo that Zhou Lingfang brought... ..

"Yes, young master has been guarding you for a long time, and he has been holding your hand. Just now, he left and said that he went to find a doctor to ask about your situation."

"Is that so?" Xia Jinqi didn't care much and smiled perfunctorily.

Chapter 407: true heroines... ..

Then, without batting an eyelid, she changed the topic. "I remember before I fainted, I think I saw grandma. Did she chase Zhou Lingfang away?"

Speaking of the situation at that time, even the usually amiable aunt Chen couldn't help but be beaming with joy. She recounted everything that happened after Xia Jinqi fainted to her.

During that time, she was so excited that she almost danced with joy, as if she was afraid that Xia Jinqi couldn't completely feel the atmosphere at that time!

Xia Jinqi was also extremely shocked when she heard that. Long Qingxin, who was so pure-hearted and had few desires, was actually going to hit someone. Xia Jinqi expressed that... .. If she had known earlier, she would have held on for a little longer ! She really wanted to see grandma's heroic bearing at that time again !!!

However, these weren't the main points. Xia Jinqi thought of something more important. "You said that grandma threw her into the cow shed? In Qingxin Garden... is she raising cows?"

When she said the words 'cow shed' , Xia Jinqi was still rather cautious.

After all, if she misheard it, wouldn't it seem like a mistake?

Unexpectedly, aunt Chen didn't hesitate at all and directly nodded her head!

"Yes It's the bullpen There was a bullring outside the rockery in the backyard. Young Madam hardly ever walked there, so it was normal that she didn't know When the old Madam was young, she liked to ride horses and bullfight. She collected a lot of bmws and strong bulls. Later, when the old Madam got old and no longer played with these things, she raised them up and was reluctant to give them away. "Now, decades have passed, and that place has become a farm with cows and horses. " When aunt Chen mentioned the old Madam's past, she also had a yearning look on her face.

Xia Jinqi's eyes twitched when she heard that... ..

There was actually a bullring in Qingxin Garden?

So the Lotus pond that she had lived in for a few months was only the tip of the iceberg?

She clicked her tongue.

Moreover, the young long Qingxin actually loved bullfighting... ..

A true heroine... ..

When Aunt Chen saw that Xia Jinqi had been in a daze for a long time, she thought that she was feeling unwell again, so she hurriedly asked, "young madam, are you feeling unwell again? I'll call the doctor!"

Xia Jinqi hurriedly snapped back to her senses. "I'm fine, I'm fine. I'm just... a little surprised..."

More than just a little She had completely changed her view of the world!!!

As the two of them were talking, Yan Jun, who had just left for a short while, just happened to return.

The moment he entered the door, he saw Xia Jinqi, who was already chatting and joking with aunt Chen. Yan Jun's eyes flashed, and an unconcealable joy instantly appeared on his handsome face. He quickly walked in and asked, "Jinqi, you're awake?"

Xia Jinqi subconsciously raised her eyes and happened to meet Yan Jun's pair of black eyes, which she was familiar with.

Xia Jinqi's Pale fingertips unconsciously tightened the blanket on her body, and her eyes darkened.

Seeing this, aunt Chen smiled and walked out of the ward.

Before she left, she even closed the door for the two of them.

Yan Jun walked over quickly and pulled the person on the bed into his arms. "It's okay..."

He was comforting her, thinking that what happened just now would make her feel bad.

However, Xia Jinqi was not afraid of Zhou Lingfang's wickedness. The only thing she cared about was the photo that Zhou Lingfang took.

She really wanted to ask him and Fan Yufei if they had... ..

But when the words were about to come out of her mouth, she swallowed them.

She did not want to become so sad.

After a passionate confession, he would be rewarded with a woman outside.

She had suspected Wen Qing and you Xi, but she had never thought that Fan Yufei would be related to Yan Jun?

Chapter 408: Ah Jin, stop fooling around, okay?

And that photo... ..

Xia Jinqi suddenly said coldly, "I want to be discharged from the hospital."

She wanted to go back to Qingxin Garden to get the photo that had been left on the coffee table.

She wanted to stand in front of him with the photo and ask him personally.

She wanted to hear his answer personally.

Yan Jun heard the sound and let go of her. He furrowed his brows and looked into her eyes, only to find that she had lowered her gaze and missed his gaze.

Her expression was also very cold. She did not even hug him back.

Only then did he realize that something was wrong with her.

Recalling aunt Chen's words just now, Yan Jun said with certainty, "what did Zhou Lingfang say to you?"

Last night was still fine. It had only been one morning, yet her attitude had changed so much.

Clearly, the only person who had come into contact with Xia Jinqi in the morning and had such an impact on her was Zhou Lingfang.

Xia Jinqi's eyes flickered. She refused to let go of the blanket. "I want to be discharged."

She stubbornly repeated what she had just said, refusing to lift her eyes to look at him no matter what.

“No. Your body is still very weak, and you need to stay in bed to recuperate.” Yan Jun resolutely denied her request, and a trace of grief overflowed from his eyes.

It seemed that Zhou Lingfang had really said something to her.

Moreover, the content was not simple. Otherwise, Xia Jinqi would not have not even mentioned it to him.

Xia Jinqi was already angry in her heart. Now that she was restrained by Yan Jun’s overbearing manner, her blood immediately rushed to her head. Ignoring him, she directly lifted the quilt, pulled out the needle in her hand, put on her shoes, and was about to leave.

When she was still in a daze in the emergency room, she heard the doctor say that she was fine. It was just a sudden increase in her blood pressure. She reckoned that she was really frightened.

How Ironic. She was fearless, and even so many tough men in Lego were obedient to her. Yet, she was scared silly by a photo?

She was very unwilling to admit that Yan Jun’s influence on her had unknowingly grown to such an extent!

Moreover, she was only going back to Qingxin Garden. When the time came, she would just come back!

Just as she moved her feet, she was immediately stopped by Yan Jun. “Xia Jinqi! Stop fooling around!”

“I’M NOT FOOLING AROUND!” Xia Jinqi clenched her pink fists, and her little face flushed red!

She raised her head, and her big red eyes stared straight into his black eyes. She was extremely stubborn.

If she really was fooling around, she would fight to the death with him over that photo!

Yan Jun was not the kind of person who could be patient and coax others. If this kind of situation happened to anyone else, he would definitely turn around and leave without turning back No matter who was alive or dead!

However... ..

Who asked the person in front of him to not be someone else?

She was Xia Jinqi.

She was the woman he swore to cherish in front of the priest for the rest of his life.

Thinking back to how weak and helpless she was when she was unconscious on the hospital bed just now, and the doctor’s warning, he must not let her be stimulated again... ..

And her red eyes at that moment were covered with a thin layer of mist. Looking into his heart, he felt a burst of pain.

He sighed secretly and took the initiative to go forward and gently hugged her.

His tone was gentle, as if he could squeeze out water. He used everything he had learned in his life to carefully coax her.

“Ah Jin, stop fooling around, okay? No matter what that woman told you, before the truth is revealed, please believe me.”

He called her, Ah Jin... ..

Just these two simple words were like a breeze. They extinguished the Burning Jealousy in Xia Jinqi's heart and brought waves of refreshing and refreshing feelings... ..

Her heart instantly softened.

Chapter 409: I believe in you. Just like you believe in me

The chapped soul seemed to have been irrigated.

She raised her hand, wrapped it around his waist, and gently leaned into his embrace.

She was really... .. Too useless, wasn't she ? ?

She was clearly so angry, but just because of his words and a hug, her heart softened.

Sensing the softness of the woman in his embrace, Yan Jun opened his mouth again in a gentle voice. “Even if it's not for me, it's for our child.”

His voice was low and hoarse, noble and affectionate, so how could one not indulge in it... ..

Xia Jinqi nodded slightly with a choked voice. The moment she closed her eyes, the warm liquid slipped down.

I believe you.

Just like you believe me.

“...”

Xia Jinqi gave up the idea of leaving the hospital.

After all, nothing was more important than the child in her stomach.

However, she found aunt Chen and asked her to go home. On the surface, she asked her to bring something for her, but in reality, she wanted her to bring back the photo that was placed on the coffee table for her.

Aunt Chen also went back, but she searched around the coffee table a few times and could not find any photo. She even video-chatted with Xia Jinqi at the scene. After confirming that there was really nothing, she returned to the hospital.

This made Xia Jinqi even more curious. Could it be that the photos were taken back by Zhou Lingfang?

After Xia Jinqi finally calmed down, Yan Jun called Auntie Chen to the door and asked for some details about what happened today.

Auntie Chen thought for a long time and looked at the ward again. It seemed that she had made up her mind before she said, "there seems to be a photo mentioned..."

"What photo?" Yan Jun grasped the main point and hurriedly asked.

"I was pushed to the ground at that time and didn't see the photo." Auntie Chen shook her head. How could she still have the mood to look at the photo? At that time, the young mistress was in so much pain and there was a crazy woman shouting beside her. She was so nervous that she forgot everything!

"Where is the photo now?" Yan Jun asked again. Under his sharp eyebrows, his gaze was like a hook.

"It's... It's gone."

Hearing this, Yan Jun almost understood.

Xia Jinqi insisted on being discharged immediately. It was probably to go back and look for the photo.

Later, she asked Aunt Chen to go back and look for it, but still didn't find it?

So, the reason why Xia Jinqi became so strange was because Zhou Lingfang showed her a photo?

What was the content in the photo?

If he didn't guess wrongly, the photo must be related to him.

From Xia Jinqi's attitude toward him, it could be seen.

What a good Zhou Lingfang. She actually had such deep schemes. Scheming Against Ah Jin, scheming against him, and scheming against their child, right?

"What did grandma do with her?" Yan Jun asked with a sinister smile.

"She was locked in the cow shed by the Old Madam..."

When he heard the name of this place, Yan Jun raised his eyebrows and smiled playfully.

"It seems that grandma is really serious this time." Muttering, Yan Jun looked at Aunt Chen. "Alright, it's fine. You go and rest first. I'll watch over this place."

Only then did Aunt Chen go down.

After that, Yan Jun stood alone in the corridor for a long time before he turned around and entered the ward.

The main lights in the ward were all switched off.

Only a few dim little lights were left, silently fighting against the darkness.

The person on the bed was lying quietly, breathing evenly, and her eyes were tightly shut.

But Yan Jun knew that she was not asleep.

He slowly walked to the side of her bed, facing the moonlight, with his back facing her, and sat down.

After a long time, he finally spoke.

“I know you’re not asleep.”

His tone was very faint, floating in the darkness, with a kind of transparent nothingness.

Chapter 410: I’m right outside the door

Xia Jinqi appeared calm on the surface, but her hands, which were hidden under the blanket, had already quietly clenched tightly... ..

After a moment, he continued, “I don’t know what photos she showed you, but I have a clear conscience. It’s pointless to say anything more. Time will prove everything.”

Xia Jinqi gritted her teeth hard.

It should be aunt Chen who said it... ..

Just as Xia Jinqi was deep in thought, Yan Jun’s deep and pleasant voice sounded once again

“sleep well. I’ll be right outside the door.”

With that, he bent over and placed a cold kiss on her forehead.

Xia Jinqi did not open her eyes. Her nose was filled with his fleeting and pleasant male scent... ..

The sound of footsteps gradually faded into the distance, followed by the sound of the door closing.

Then, everything became quiet. It was so quiet that only the sound of the wind blowing outside the window and the rustling sound of the wind blowing through the leaves could be heard.

..

When night fell, Long Qingxin returned to Qingxin Garden.

She was also an elderly person, but she could not withstand the torment.

Xia Jinqi was guarded by Yan Jun, so she naturally didn’t have to worry too much.

However, just as she stepped into Qingxin Garden, a servant hurriedly came over to report, “old Madam, the one in the cowshed has been screaming for the whole afternoon, but she hasn’t stopped yet...”

Long Qingxin naturally knew who was in the cowshed.

“Let her scream,” long Qingxin said coldly, then walked into the house again.

The Servant paused for a moment, then followed, “what about food and drink?”

“only water is allowed. Drive all the cows in at night. Don’t let her die.” After giving the order, she disappeared into the stairs leading to the second floor.

The Servant gulped and did not dare to ask any more questions. She turned around and went down to give the order.

At this moment, the attention-grabbing Zhou Qingxin's shoes were covered in black cow dung. Her hair, which had been done with a retro Pear Blossom Perm, was in a mess. There were even a few straws stuck in it.

Her diamond crystal shoes had long been buried in the Dung pit. Her bare feet stepped on the pile of Dung, and her hands and face were covered in filth.

Judging from the situation, she should have fallen down during the struggle... ..

“Long Qingxin, you old B * Tch! Poisonous Woman Chang! GET ME OUT OF HERE! Is that all you have? ! ”

“I curse your ancestors for eighteen generations! You won't be able to live in peace even if you die! ”

“You deserve it! I don't want you, you old and fierce local woman! ”

She had probably been shouting for a whole day, and her voice had become unusually hoarse, and her volume was getting lower and lower.

But even if she shouted until her throat was broken, no one paid attention to her.

It was not until the sky turned dark that the herds of old cows and calves were all herded into the cowshed, squeezing Zhou Lingfang into a corner!

It was unknown whether people had been locked up in this place before, or if this was a domesticated cow. When these cows saw Zhou Lingfang, they were actually not afraid, nor did they make a fuss. Instead, they slept separately, as if she was a part of the herd... ..

The sound that came one after another from the cows had already caused them to step on the cow dung, emitting waves of stench. There were also mosquitoes that surrounded them, buzzing and flying everywhere!

Zhou Lingfang saw the scene in front of her and her knees went soft. She fell to her knees with a thud. Her face was filled with despair and hatred!

“Qing 'er, where are you... come and save mommy... ”

“... ”

Yan Qing could not find his mother even after searching for a whole day.

Even Yan Youcheng could not contact her.

The next morning, when the father and son had breakfast together, someone sent a message back.
