

Tick Me 41

Chapter 41 had been seen in the casino

He looked to be in his forties and was over 180 in height. He looked very heroic.

His temperament was very noble. Even the posture of holding the wine glass was very handsome. He was different from most of the people here.

Out of curiosity, Xia Jinqi looked at him again.

Who knew that this person was actually looking at Xia Jinqi too... ..

Their eyes met. Xia Jinqi smiled politely at him. Just as she was about to leave, she saw that person actually walking towards her.

“Hello, may I ask... have we met before?”

The man’s voice was deep and hoarse, with a mature charm that had been through many hardships. It sounded very comfortable.

However, this line... .. Was a little awkward ...

This standard pick-up line was said by a man in his forties. He felt that something was strange.

“Are you talking about me?” Xia Jinqi pointed at herself and smiled sheepishly.

“Yes.”

“I’m sorry, I’ve never seen you before.” Xia Jinqi directly gave a negative answer. In the end, she was prepared to turn around and leave.

She didn’t know if this was a friend of her family or a friend of the Yan family... ..

When the man heard Xia Jinqi’s answer, he furrowed his brows even more tightly. “strange, I really feel that you look very familiar. Where have I seen you before? Could it be Las Vegas?”

Xia Jinqi originally thought that this might be a misunderstanding, but who knew that she actually heard the words Las Vegas... ..

Something hidden deep in her mind was instantly awakened. She thought to herself that this was not good.

Oh No, could it be that when she went to the casino previously, he happened to see her?

No, her whereabouts must not be discovered by others.

Calming Herself Down, Xia Jinqi quickly shook her head. “You must have remembered wrongly. I grew up in Rao city since I was young and have never gone out.”

“But...” the man was still puzzled and could not help but look at Xia Jinqi a few more times.

Such a peerless face was already unforgettable. He should not have remembered wrongly... ..

Just as Xia Jinqi was about to escape, Yan Jun walked over.

“Mr. Qi, do you know my wife?”

As he spoke, Yan Jun very naturally grabbed Xia Jinqi’s slender waist and pulled her into his arms.

Xia Jinqi instinctively wanted to escape, but he increased the strength in his hands, pinching her until she felt some pain.

Even so, she still quickly explained, “it’s a misunderstanding, a misunderstanding...”

Even though saying this made it sound like there was no silver in this place, she really didn’t want Yan Jun to find out anything!

Qi Maolin wanted to recall it in detail, but he saw Xia Jinqi repeatedly saying that it was a misunderstanding, so he smiled and said, “I must have mistaken her for someone else.”

When Yan Jun saw this, he didn’t ask any further questions. He only indifferently glanced at Xia Jinqi’s eyes, which were obviously evading, and then began to introduce Xia Jinqi.

“This is Qi Maolin, Mr. Qi. He owns the largest casino in Las Vegas. In the early years, he once competed with the king of gamblers and caused a sensation.”

When she heard this, Xia Jinqi’s heart thumped again.

So he was the owner of a casino. It was possible that he had really seen her before... ..

What the hell, he was actually recognized!

However, in view of her current identity, Xia Jinqi could only smile and nod. “Hello, Mr. Qi. I’ve heard a lot about you.”

However, Qi Maolin was a little embarrassed by Yan Jun’s exaggerated explanation. He laughed and said, “it’s all because you liked to mess around when you were young! I haven’t congratulated the two of you on your newlyweds yet. Come! I, Qi, will toast to the two of you!”

Xia Jinqi drank a mouthful of wine guiltily. She lowered her eyes and stood obediently beside Yan Jun. she didn’t even dare to raise her head, afraid that she would be recognized again... ..

Chapter 42 a punching bag that anyone could bully

But what she didn’t notice was that beside her, Yan Jun was quietly observing her every movement.

Looking at her self-admission, Qi Maolin probably didn’t recognize the wrong person.

He also didn’t expect that his newly married wife would actually go to a LAS VEGAS CASINO?

What In her little hobby, there was also a gambling addiction?

When he investigated her information previously, he didn’t see it.

She had only exchanged a few sentences with Qi Maolin before the rest of the people came over to toast her.

After sending them off one by one, Yan Jun turned his body to the side with great interest. He looked thoughtfully at the girl in front of him, who was acting like a pig to eat a tiger.

“You just said that you grew up in Rao city? You never left?”

“Ah?” Xia Jinqi was still secretly paying attention to where Qi Maolin was going. She planned to walk in the opposite direction to avoid meeting him again. Who knew that she would suddenly hear Yan Jun say this.

Realizing that she was somewhat startled, Xia Jinqi coughed lightly and lied as if nothing had happened, “yes.”

It was a mistake.

I never thought I'd run into someone from the Casino at a wedding, and... ..

Xia Jinqi thought of something again and could not help but let out a long sigh. “The rumors out there are really correct. You, Lord Yan, have married the government and joined the green forest below. You have both the black and white channels and earned quite a lot of black-hearted money.”

This Shangjie government, of course, is said and Xia family marriage.

Lower Union Green Forest, is Xia Jinqi know Las Vegas can afford the largest casino people, identity is not simple.

Since Yan Jun had a relationship with him, didn't this mean that Yan Jun also had business dealings with people in the underworld?

Regarding his new wife's evaluation of him, Yan Jun smiled indifferently and retorted sarcastically, “How noble is your Xia Family? A marriage would cost an island and a thousand gold stores. Your calculations are also pretty good.”

“You!” Xia Jinqi gritted her teeth. She didn't put that money in her eyes at all!

Moreover, it had already been taken away by her mother and second sister. She didn't even see a hair on it!

The two of them were arguing with each other on a daily basis when they suddenly heard a conversation coming from beside them.

“I really didn't expect that Xia Jinqi would actually marry second young master Yan.” This voice... ..

Xia Jinqi instinctively turned her gaze over and indeed saw her old classmate, Fan Yufei, who was dressed gorgeously.

Beside her was her best friend, Zhang Meng.

“I heard that Xia Jinqi takes drugs all year round!” “Moreover, she's the most disliked person in the Xia family. She's a doormat that anyone can bully.” This morning, her second sister even threw a bucket of

ice water at her. It's a pity that we didn't see her in such a sorry state!" Zhang Meng chattered on about the gossip she had just heard. Her family background was not very good, and her looks were average. She hated the sight of Xia Jinqi, a woman with a family background and good looks!

This was the first time Fan Yufei had heard of such gossip. She hurriedly asked, "really? Wouldn't she be drenched in water? How miserable would she be?"

"It's not the first time anyway. I also heard that Xia Jinqi was slapped by her mother on the night before their wedding!" Zhang Meng was very proud that she knew so much fresh gossip. She pouted her little mouth, as if just based on this.. She could trample Xia Jinqi under her feet.

Wasn't there a saying that went well?

The more one lacked something in the heart, the more one liked to talk about it.

"Tsk Tsk, if others didn't know, they would think that the fourth daughter of the Xia family would be so glamorous! I'm not saying that just based on her, how could she be worthy of the handsome second young Master Yan?"

In one day, Xia Jinqi had already heard people say that she wasn't worthy of Yan Jun twice... ..

Chapter 43 would not allow her to be bullied by anyone again!

She could not help but turn her body to the side and seriously sized up this man who was described as handsome and hated by both God and man.

Wasn't he just a little tall?

Wasn't he just a little handsome?

Wasn't he just a little rich?

He didn't have more arms and legs than she did... ..

This was really a world that depended on one's looks. Everyone was deceived by this man's appearance!

He clearly had a strange temperament and was a complete lunatic, alright!

Just as she was feeling disgusted, she saw a certain someone who was leisurely and carefree just a moment ago frown and his expression darkened.

"Are you taking drugs?" He asked her in a terrifyingly cold voice.

Xia Jinqi was slightly stunned. Her reputation had always been bad, and the rumors were spreading like this outside. Fortunately, she was too lazy to explain and was too lazy to listen to them.

Therefore, even though she heard them say bad things about her at this moment, she was not angry.

Who knew that Yan Jun would listen to these words.

"What do you think?" She shrugged and looked indifferent.

For some reason, Yan Jun looked at Xia Jinqi, who did not care at all, and felt a strange feeling in his heart.

He could see a trace of sadness in her eyes, but she did not say anything. She pretended to not care about anything, which made his heart ache even more!

What exactly had she experienced to become so indifferent?

In two days, she had pinched her thigh, slapped, splashed water, and insulted him.

What about two days ago? What else had she encountered?

He was stunned to remember that last night at the seaside, she had begged bitterly... ..

That weak and pitiful little appearance was like a chain that bound his heart, strangling him so much that he could not breathe.

At that moment, he felt pity for her and wanted to protect her for the rest of her life... ..

That was why he agreed to give her a stable home.

No matter what her past life was like, since they were already married, he would not allow her to be bullied by anyone in the future!

Lowering his dark eyes, Yan Jun grabbed Xia Jinqi's hand and walked directly to Fan Yufei and Zhang Meng. He sneered, "what were you two talking about just now?"

Fan Yufei and Zhang Meng froze at the same time. When the two of them turned around and saw that it was Yan Jun and Xia Jinqi, they were both scared silly... ..

Who would have thought that they would be caught just like that by saying something bad about someone else out of boredom?

It would have been fine if it was someone else, but it just had to be the cold-faced King of Hell... ..

Fan Yufei and Zhang Meng looked at each other and shook their heads in tacit understanding. "No, we didn't say anything... We just felt that... it's a great honor to be able to attend Jinqi and Mr. Yan's wedding! Right, Mengmeng..."

Zhang Meng nodded repeatedly in agreement. "That's right, that's right! Jinqi, I wish you the best!"

Xia Jinqi, "..."

Was this the famous face-changing technique of our Great China?

It was simply seamless and exceptionally skilled.

Yan Jun looked coldly at the two of them and raised his hand slightly to hold Xia Jinqi's hand, declaring his sovereignty. "In the future, please address her as Mrs. Yan. I don't wish to hear those words again, or else..."

"Yes, yes, yes, Mr. Yan, Mrs. Yan, don't worry!" Zhang Meng immediately nodded and tugged at the corner of Fan Yufei's clothes, who was stunned.

Only then did fan Yufei lower her head unwillingly... .. But her gaze remained on Yan Jun and Xia Jinqi's tightly clasped hands ...

Yan Jun did not want to ruin this rare wedding, so he pulled Xia Jinqi along and left.

After they left, Zhang Meng heaved a sigh of relief, but Fan Yufei glared at Xia Jinqi's back. "Mengmeng, tell me, how am I worse than her?"

"Ah?" Zhang Meng did not react for a moment. In the end, she followed Fan Yufei's line of sight and said reluctantly, "you are better than her in every aspect! Her fate is completely good! If not for her politician father, would she be able to marry second young Master Yan?"

Chapter 44 who will help her take off her wedding dress?

"Don't you think that I'm more qualified than her to marry Second Young Master Yan?"

Zhang Meng was stunned and looked at Fan Yufei as if she was looking at a monster. "But they're already married, what else can you do?"

"You can't divorce after getting married? Just you wait, their marriage won't last for long!" Fan Yufei threw down a self-righteous prophecy and turned around to leave.

The remaining Zhang Meng was still in a daze. "But I heard from my mother that this is a political marriage. Once they get married, they'll never be able to divorce..."

"..."

After Xia Jinqi was pulled away, she was still very surprised by Yan Jun's actions just now.

Speaking of which, other than Wen Jing and Zuo Xiaoran who would protect her like this, no one else would protect her like this.

Even Yan Qing had never... ..

Yan Qing and she were the same type of people.

They were subjected to ridicule and ridicule, used to ridicule and ridicule, and ignored the ridicule and ridicule.

They thought that if they ignored it, they wouldn't get hurt, but in reality, silence was just a weakness that they couldn't break free from.

As for Yan Jun... ..

Did he see the scar in the depths of his heart?

Was that why he helped him?

Although he was a little crazy sometimes, he seemed to be quite warm.

He was slightly touched, and unknowingly, it began to grow in his heart.

Yan Jun didn't know what Xia Jinqi was thinking at this moment. He only scolded her with a cold face, "the next time you encounter such a thing, you better retort back!"

His overbearing tone and commanding tone were clearly so unreasonable, but in the eyes of Xia Jinqi at this moment, it was so warm and touching.

No one had ever stood on her side so unconditionally.

"I... " Just as she was about to express the gratitude in her heart, a few people came over to toast her.

As they chatted and laughed, they talked about Yan Jun's business matters. Xia Jinqi was in a daze as she listened. She wanted to escape again, but she was tightly grabbed by Yan Jun. She couldn't escape at all.

Alright, since he had helped her just now, she would stand with him for a while longer... ..

In the end, she stood there for another afternoon.

After the wedding ended, both parties' relatives and friends dispersed. Xia Jinqi also took Yan Jun's car and returned to the Yan residence.

The room that once belonged solely to Yan Jun had been decorated into a new room.

After Yan Jun entered the room, he went straight to the bathroom. The sound of water splashing could be heard, irritating Xia Jinqi's eardrums.

A servant beside her brought in some necessities for her and said respectfully, "Young Madam, there's a bathroom on the left. Do you need to wash up now?"

Considering that Xia Jinqi was a newcomer, the servant specially gave her a description of the location.

Xia Jinqi nodded. She had been wearing her wedding dress for a whole day, and she had long wanted to change out of it. However, she didn't know how Yan Jun had gotten her clothes back then. It was impossible for her to take them off by herself... ..

"Can you help me take off my wedding dress? I can't reach it." Xia Jinqi pointed at her back. She couldn't feel where the zipper was, and she was very distressed!

The maid paused for a moment, then nodded and went forward to help Xia Jinqi.

However, after searching for a long time, she actually didn't know how to take it off... ..

Moreover, this was the new young madam. They didn't dare to use too much strength, so in the end, they could only give up.

"Young Madam, why don't... young master come and help you in a while? We... we'll leave first." After saying that, she ran out with a flash of smoke.

When she left, she didn't forget to close the door for Xia Jinqi.

Leaving Xia Jinqi alone in the wind?

WANT... .. Yan Jun, help her undress ??

Chapter 45 looks like we can only sleep together

That scene... ..

Subconsciously swallowing her throat, Xia Jinqi hurriedly shook her head, driving away the unexplainable fantasy in her mind!

She didn't want that lunatic to strip her!

She tried to do it herself again, but found that she couldn't reach it no matter what!

She had no choice but to get up, carry the thick and wide skirt, and walk to the door.

I'd better find someone to help me... ..

With this thought in mind, Xia Jinqi twisted the door handle.

"Eh?" With a gasp, Xia Jinqi leaned over to look at the door lock and turned it a few more times.

The door lock that was supposed to be smooth, why did it seem to be stuck?

The lock was good, but it just couldn't be opened.

So... It was locked from the outside ? ?

Xia Jinqi,"@#% ..."

Was it really so thoughtful Locking her and Yan Jun in the same room?

...

The sound of water in the bathroom had yet to stop, but Xia Jinqi was already on the verge of collapse!

What on Earth was going on with this lousy wedding dress! ! !

Gritting her teeth, Xia Jinqi rummaged through the house and finally found a pair of scissors!

Since she couldn't take them off anyway, she might as well cut them off!

However, after gesturing a few times, Xia Jinqi sighed dejectedly. "This is Fang Shaoan's precious collection. I've already let him down by borrowing it for a day without even making a sound. If I break it, how am I going to pay for it?"

In her daze, she heard a creak, and the bathroom door opened.

Xia Jinqi's hand that was holding the scissors shook heavily!

Yan Jun was wrapped in a gray bathrobe, and the towel in his hand hadn't dried his wet short hair. Just as he walked out of the bathroom door, he saw Xia Jinqi pointing the scissors at his chest... ..

His hand movements paused slightly, and Yan Jun's sharp eyes deepened slightly. "You want to commit suicide? Don't make it look too ugly."

"..."the corners of Xia Jinqi's eyes twitched. Even if she wanted to die, she wouldn't die here She would still be laughed at by him!

“Cough, cough!” Xia Jinqi put down the scissors with the back of her hand, turned her body sideways, and began to size up Yan Jun’s room as if nothing had happened.

Seeing her like this, Yan Junfu raised his feet, walked around Xia Jinqi, and walked straight to the door.

“I’ll give you the room, I’ll go...” in the study room.

Before he could say the last two words, Yan Jun furrowed his brows and stared at the door handle that could not be opened. His expression darkened slightly.

Xia Jinqi looked at his stiff actions and could only laugh dryly. “Did they remove your SOFA as well?”

Hearing this, Yan Jun’s already unpleasant expression instantly sank to the bottom of the valley.

The SOFA had been removed two days ago.

At that time, his mother had said that she wanted to change it. She had said that she would send it over in two days.

In the end, it had been delayed until now He had not noticed it either... ..

It didn’t need to be guessed what the elders were thinking.

They wanted the two of them to sleep on the same bed.

And this man and woman, sleeping together, wouldn’t it be like a raging fire, burning at a little bit?

They really put in a little effort.

Yan Jun sneered and looked back carefully at a certain someone whose cheeks were blushing.

“It seems that we can only sleep together.”

Throwing out these words in a carefree manner, Yan Jun turned around and walked directly to his big bed.

Since he couldn’t leave, then he could only sleep here.

Moreover... ..

He didn’t seem to dislike being in the same room as her.

On the contrary, he even found it very interesting.

Xia Jinqi widened her eyes and stared blankly at the man who had already lifted the corner of the blanket and laid down on the bed. She was instantly speechless... ..

Of course, he didn’t have much to lose, but she She... ..

“I’d rather sit.” Xia Jinqi turned her back and found a stool to sit down.

It was already embarrassing enough that she couldn’t take off her wedding dress, but she still had to sleep on the same bed?

Spare her... ..

Chapter 46, I'll say it again, take it off

Staring at the stubborn and cute girl in front of him, Yan Jun unconsciously curled his thin lips, his gaze deep.

He wanted to see how long she could put on a brave front.

He casually picked up his phone and glanced at it. He originally wanted to look at the time, but when the screen lit up, countless messages immediately popped up.

All of them were sent by Fang Shaoan.

[YOU'RE ROBBING ME! Do you know about robbing me? !]

[that's my treasured collection for many years! I can't even bear to touch it, and you actually...]

"Don't even think about using money to soothe my injured little heart. I WON'T ACCEPT IT!"

"You can come back and apologize to me after you've settled the investment for the second half of the year!"

...

Seeing this, Yan Jun raised his eyebrows out of habit. He had almost forgotten that what Xia Jinqi was wearing was Fang Shaoan's treasure.

At that time, he didn't think too much about it. When he went to Fang Shaoan's house previously, he had seen that wedding dress a few times and thought it was pretty good.

Only a top-notch wedding dress was worthy of his wedding, right?

With his well-defined fingers, he easily jumped a few times on the phone screen. The message had already been sent out.

[I'll double the investment for you.]

After that, he put down the phone. Yan Jun raised his eyes and looked at the girl in front of him who still had her back to him.

"Take off the wedding dress."

He didn't intend to treasure this thing. Since he had borrowed it, he would return it to Fang Shaoan tomorrow.

Xia Jinqi was sitting a little cold when she heard this sentence... ..

Her little heart, which had just relaxed, instantly tightened again. She habitually crossed her arms in front of her chest. "Why... why!"

"Do you still need a reason?"

"I don't want to take it off." Actually, she couldn't take it off herself, and she couldn't bring herself to beg him.

"... I'll say it again. Take it off." Her tone began to turn cold ...

Xia Jinqi knew this person's rules. There was no third time.

Pouting, she stood up unwillingly and moved to the front of the big bed. She muttered under her breath, "I can't take it off!"

Her tone was full of grievance!

Did he think she wanted to wear it... ..

What could she do if she couldn't take it off She couldn't tear it off violently... ..

Yan Jun, "..."

He raised his straight eyebrows slightly and sized her up. Only then did he remember that he had tampered with this wedding dress before. The clip was buttoned inwards, so it couldn't be seen from the outside. It was naturally impossible for her to take it off by herself.

"Come here," he said familiarly, his voice as pleasant as ever.

Xia Jinqi stood rooted to the ground, unable to move a single step.

Seeing that she was motionless, Yan Jun said, "come here."

Xia Jinqi, "..."

She was truly timid and timid. Knowing that he was about to lose his temper, she couldn't help but take a step forward.

Yan Jun was very satisfied with her sense of propriety. He elegantly sat up from the bed and reached out to remove the clip for her.

It was originally an extremely simple action, but when his fingertips reached out, he realized that the air was somewhat frozen.

Xia Jinqi had already mentally prepared herself.

She couldn't possibly wear a wedding dress all night, right?

Moreover, it was just to get Yan Jun to loosen the zipper for her. It wasn't like he was going to take it all off, so there was no need to be afraid!

She even cooperated by grabbing the cloth in front of her chest with one hand and pulling her hair behind her head with the other, so as not to block his line of sight.

Just like that, her back was facing him, and she stood tall and graceful.

Under the brilliant glass lights, the girl's smooth jade-like back was presented in front of Yan Jun's eyes.

She was like a generous rich man, allowing his gaze to linger.

His fingertips were slightly cold. Yan Jun felt that his throat was somewhat dry, and a small flame suddenly ignited in his heart.

Chapter 47 pain, pain, pain Be Gentler!

Xia Jinqi waited for a moment, but Yan Jun didn't move. She couldn't help but urge him, "are you done yet?"

Yu Luozhu's clear and melodious voice rang out, instantly rousing Yan Jun's drifting thoughts.

He coughed softly and lowered his gaze. He stretched out his hand to look for the place where the clip was placed and then found a hidden zipper.

Unintentionally, he touched her delicate and warm skin.

It was like the warm spring water that he had touched when he climbed the mountain with his father when he was young on the dark and deep stone wall... ..

It was like silk and snow, flowing through his fingertips and entering his heart and lungs.

A Moment of distraction made Yan Jun forget that he was still holding the clamp in his hand. He stopped using his strength and stabbed it into Xia Jinqi's back.

"Ah!" The pain caused Xia Jinqi to scream. "It hurts! It hurts! BE GENTLE!"

The moment she made a fuss, the clamp moved a little, making it difficult to hold it. Yan Jun hurriedly pulled it back. "Don't move!"

"Then be gentle!"

...

In the middle of the night, the conversation between the two penetrated through the door panel and was heard by the four elderly maids guarding the door.

The four of them looked at each other and covered their mouths as they chuckled. Then, they quickly walked out of the room.

"It's done, it's done. Quick, go tell Madam!"

"..."

Inside the room.

The clip was finally taken out. Xia Jinqi took small, happy steps and ran into the bathroom.

She could finally be free!

She carefully took off her wedding dress and placed it on the side before Xia Jinqi turned on the shower.

The splashing sound of water could be heard as if it could cover up the sound of her thumping heart.

She raised her hand to touch her cheek and realized that it was a little hot... ..

Unconsciously biting her lower lip, Xia Jinqi came to a sudden realization.

Just now... ..

She felt that he had accidentally touched her. That feeling, to be honest, was really unfamiliar.

She couldn't explain it clearly. She had never had such intimate contact with any man before.

Speaking of which, even the first KISS had been... ..

The more she thought about it, the redder her face became. Xia Jinqi hurriedly took a deep breath, patted herself, and walked into the water curtain.

Don't think about it, don't think about it... ..

The bathroom on the left seemed to be exclusive to Xia Jinqi.

All the supplies inside were in place. They were all female supplies. Even the bathrobe prepared for her had a faint pink flower printed on it.

After washing up, when Xia Jinqi walked out of the bathroom, she found that Yan Jun had actually fallen asleep.

She was still embarrassed at first. Should she sleep on the floor or stay up all night In the end, after taking a shower, the problem was solved.

"Yan Jun?" She called out to him tentatively. When she found that there was no response, she carefully walked over and waved her hand in front of Yan Jun's tightly shut eyes, but there was still no response.

It seemed that she had really fallen asleep.

She really FELL ASLEEP FAST!

With a soft snort, Xia Jinqi turned around and immediately acted like a convict who had just been released from prison to be released for a rest!

"Phew... I can finally have a good rest!"

First, she comfortably put on a face mask, then she began to Browse Weibo and the world's end. After that, she scrolled through all her social media accounts, but Xia Jinqi still didn't feel sleepy.

Could it be that she had slept too much yesterday?

She didn't want to sleep, but the temperature began to drop at night. She still felt a little cold while she was wrapped in a sleeping robe.

Why not... ..

Xia Jinqi shifted her gaze to the spacious bed where Yan Jun was sleeping.

She didn't know if he was intentional, but he only slept on the right side, leaving a large piece on the left side.

Chapter 48 sharing a bed

Throughout the entire room, even the SOFA had been moved away. She felt uncomfortable sitting there the whole time. Anyway, Yan Jun was asleep, so she wouldn't feel awkward.

Why don't she just go up and lie down for a while?

MM, just lie down for a while... ..

While doing her own psychological work, Xia Jinqi moved over with small steps. She gently lifted the blanket and slowly crawled in, afraid that she would wake up the King of Hell beside her... ..

She even muttered to Yan Jun in a hoarse voice, "I'll only lie down for a while, okay? MM, I promise that it'll only be a while! If you don't say anything, I'll take it as your acquiescence... don't be angry with me when you wake up..."

As she muttered, she had already completed her ambush.

There was only a blanket on the bed. She pulled over a corner and carefully covered herself up. Then, she took the opportunity to look at Yan Jun beside her.

Both of his hands were placed outside, and his sleeves were rolled up so high. She didn't know if he would catch a cold... ..

After hesitating for a long time, Xia Jinqi couldn't help but shake his hand and shove it back into the blanket.

"Don't misunderstand... you helped me this afternoon. This is a thank you."

Knowing that he was already asleep and wouldn't hear her words, Xia Jinqi couldn't help but say a few words.

She didn't know if it was for him or for herself.

This was the first time in her life that she was lying on the same bed with a man.

They were under the same blanket, and as she listened carefully, her ears could still hear his faint breathing.

Xia Jinqi lay down obediently, her hands clutching the blanket that was close to her neck. Suddenly, her large eyes flashed as she stared at the ceiling in a daze.

She clearly felt very tired, but she still couldn't fall asleep.

When she thought of her escape from the wedding in the morning, her heart started to beat faster.

She did not know if Yan Qing had returned... .. He did not appear at the wedding. He must have gone to the hospital ? ?

Just as she thought of this, Xia Jinqi subconsciously turned her head and looked at Yan Jun who was sleeping quietly beside her.

If he knew that she was worried about Yan Qing again, he would definitely be furious, right?

What a lunatic. He actually drove straight into her and even dragged her back to get married.

Earlier, someone had strangled her by the neck and told her not to appear at the wedding. Otherwise, he would have killed her... ..

Xia Jinqi did not notice that for the entire day, when she finally thought of Yan Qing, she was replaced by Yan Jun in an instant.

..

There were some things that were always changing unconsciously and quietly.

When one day you suddenly realized it, only then did you realize that the things that had changed could no longer be changed back... ..

... Su Zhishui.

The night was still very long.

At the Yan family's rear residence.

In a quiet corner, there was still a light on.

Yan Qing's lonely figure was sitting there. His forehead and the corner of his mouth were covered with color and were also bandaged one by one.

In front of him was a pot of sake and a wine cup.

Under the bright moonlight, he drank alone.

After he failed to snatch the bride, he was originally prepared to wreak havoc at the wedding venue!

But before he could rush over, he was brought back by his father's men.

Seeing the wounds on his body, his father scolded him and called the doctor to treat his wounds.

The wounds on his body could still be bandaged, but what about the wounds in his heart?

He was not at the wedding of the woman he loved deeply.

After drinking a glass of cold wine, his throat felt a strange burning pain, as if a needle had pierced into his heart.

He could not help but look at a villa not far away. He knew that Little Qi was there right now, in Yan Jun's room... ..

At that time, four maids who had just listened to Yan Jun's room were hurriedly passing by the small courtyard.

Chapter 49 Xiao Qi, wait for me... ..

They did not see Yan Qing in the corner, and would not have thought that there would still be people here at this time, so they teased him in a low voice, “young Madam called out really loudly just now! Young master is full of vigor, don’t hurt young Madam!”

“AIYO! Don’t worry! Young Master will definitely dote on Young Madam!”

“I heard from the two little girls who served young Madam just now that young Madam doesn’t want anyone to help her, she definitely needs young master to help her take off her wedding dress!”

“You shameless B * Stard! You’re spouting nonsense!”

“Alright, alright, alright. I’M A B * Stard! Hurry up and report this great news to the Madam!”

The few old ladies did not hold back either. They were still walking on the road when they started talking about what happened in the couple’s room.

They left happily, but Yan Qing, who heard their conversation just now, did not feel so good in his heart.

His eyes, which were already sorrowful and sorrowful, suddenly narrowed!

He stood up in a flash and took two quick steps forward. At this moment, Yan Qing really wanted to go and bring Xia Jinqi out!

But... ..

He had only run a few steps when he stopped again.

So what if he went?

Xiao Qi was already married, and he... ..

Raising his eyes to look around the Yan family’s courtyard, Yan Qing gritted his teeth and forcefully restrained his impulse!

He couldn’t lose his identity as a member of the Yan family.

It wasn’t easy for him to come back, but he still hadn’t gotten everything that should have belonged to him... ..

His Xiao Qi and the YAN FAMILY’S ESTATE!

All of this should have belonged to him!

Just you wait, Yan Sheng, Yan Jun, whatever you owe me, I will get it back!

I will get back what belongs to me!

And Xiao Qi, wait for me... ..

One day, I will take you away from here.

“...”

After an unknown amount of time, Xia Jinqi still couldn’t fall asleep.

She had already counted 3,679 sheep, but she still couldn't fall asleep.

She had suffered from insomnia since she was young. She had seen many psychologists, and her condition had slightly improved. As long as Xia Jinqi returned to the Xia family, her condition would always relapse.

Sometimes, she would also ask a doctor overseas to prescribe some medicine that contained sleeping ingredients. When she really couldn't fall asleep, she would take one.

But that was only occasionally. She didn't want to become dependent on this thing.

But tonight... ..

She really couldn't sleep.

Xia Jinqi sighed and got out of bed. She found a small white pill bottle in her backpack, poured one out, and swallowed it with mineral water.

In the dark, she quietly went to bed and closed her eyes.

This time, she fell asleep not long after.

Not long after she fell asleep, Yan Jun, who had been sleeping soundly, opened his eyes in the dark.

Rather than saying that he was pretending to sleep, it was more like he was pretending to sleep.

He knew the character of the woman beside him. If he had not fallen asleep first, she would never have obediently come up.

Therefore, he closed his eyes.

Who knew that the moment this woman saw that he was asleep, she would start to have fun.

After playing for a long time, she was finally willing to go to bed.

However, even if she lay down, she was still not honest.

She covered him with a blanket and nagged endlessly.

It was a miracle that she could count so many sheep... ..

Chapter 50: Chapter 50 interesting people with flesh and blood

In the end, he even woke up and took some medicine before he finally felt at ease.

Speaking of this medicine... ..

Yan Jun narrowed his eyes, lifted the corner of the blanket, and walked to Xia Jinqi's bedside. He picked up the white bottle of medicine that she had placed here just now.

There were no words on it, so he couldn't tell where it came from.

However, judging from her symptoms, it was undoubtedly a sleeping pill.

It seemed that the rumors in the outside world were not entirely groundless.

At least the saying that she needed to take sleeping pills all year round to fall asleep did not seem to be false.

Gently put down the bottle, Yan Jun turned and walked to the balcony.

Dialed Wang Mang's mobile phone, "go to the Immigration Department to Check Xia Jinqi's record of going abroad."

I'm sorry, I'm sorry, I'm sorry, I'm sorry, I'm sorry, I'm sorry, I'm sorry, I'm sorry, I'm sorry, I'm sorry, I'm sorry, I'm sorry

Wang Mang's words have not finished, over there Yan Jun has hung up the phone.

"Hello?"

"Du du Du..."

The sound of someone cutting off the phone rang out. Although Wang Mang had some doubts, he still put down the beer bottle in his hand, picked up his coat that was thrown on the Sofa, and walked out.

"The brothers are having fun. This young master has some matters to attend to, so I'll be leaving first!"

Wang Mang's family also had a certain status in Rao city, but he was used to working under Yan Jun. Ever since that incident a few years ago, he had always put Yan Jun first in everything from now on.

When Yan Jun returned to his room, under the soft moonlight, he discovered that Xia Jinqi, who was supposed to be sleeping obediently, had suddenly turned over. Not only did she hug his pillow, but she was also lying horizontally in the middle of the big bed.

Although the bed was not small, with Xia Jinqi lying horizontally, how could there be a place for him to lie down?

The corners of Yan Jun's lips twitched slightly as he reached out to stroke his forehead.

After eating sleeping pills, how could he sleep so dishonestly?

He pulled out the pillow that she was hugging and pulled her to the right side of the big bed before he got on the bed.

Who knew that the moment he laid down, the woman who had been moved away just now would come over again. Like a Koala, she hugged his waist tightly and did not let go.

Yan Jun's entire body stiffened and he could not move at all.

The girl's soft body was pressing tightly against his boiling hot chest... ..

Between the nostrils, the fragrance of her hair easily lingered, tempting one's soul.

He had a slight Mysophobia and did not like to be so close to others.

But now... ..

He did not seem to reject her approach at all. He did not even dare to move too much, afraid that he would wake her up.

The Sexy Adam's apple rolled up and down for a moment. The hand that was frozen in mid-air was also slightly lowered due to the soreness.

When he landed, he realized that there was no place for him to let go and he could only land on the back of her waist.

The waist of a girl that was not even close to her waist was soft and small. The feeling was very strange.

Xia Jinqi, who was still in her dream, thought that she was hugging a pillow. However, in her dream, she still did not have a good time. She frowned and moaned a few times.

Yan Jun lowered his eyes and stared at her sleeping face that had sunk into the moonlight. In the depths of his heart, an indescribable gentleness suddenly appeared.

“Xia... Jin... Qi.”

He unconsciously chanted her name. The speed of his speech was very slow. He enunciated each word carefully and carefully.

At first, he thought that she was a boring doll raised by the aristocrats, but who knew that she was actually an interesting person with flesh and blood.

Not only that, she also had so many unknown secrets on her.

Her relationship with Yan Qing had already caught him off guard, and now he knew that she often had insomnia, and even went to foreign casinos... ..
