

Tick Me 421

Chapter 421: you seem to be very disappointed?

Zhou Lingfang's footsteps suddenly stopped.

She could clearly feel that a strong killing intent was seeping out from that man's body!

The expression on her face suddenly froze. She instinctively grabbed Yan Youcheng's sleeve tightly, unwilling to let go.

Yan Youcheng also turned around at this time. Seeing that it was Yan Jun and Xia Jinqi, his expression did not change. "Jinqi, is the child okay?"

"It's fine." Xia Jinqi shook her head. A faint smile hung on her face. Her gaze bypassed Yan Youcheng and stared at Zhou Lingfang behind him. "My granddaughter-in-law has something she wants to discuss with this... Madam Zhou alone."

Xia Jinqi took the initiative to speak, so Yan Youcheng had no reason to refuse.

He looked at Yan Jun and then turned back to nod at Zhou Lingfang.

Zhou Lingfang saw Xia Jinqi standing in front of her unharmed. Not only did she say that her child was fine, but she was also holding hands with Yan Jun. Immediately, a wave of anger rushed to her mind. "Why are you two..."

Zhou Lingfang opened her mouth halfway and realized that she had lost her composure, so she quickly shut her mouth again.

Xia Jinqi had already walked into the room at this time and signaled for the person behind her to close the door.

Yan Youcheng and Yan Jun's grandfather and grandson remained outside the door.

In the room, only she and Zhou Lingfang were left.

"Why? You seem very disappointed to see that I'm fine?" Xia Jinqi's Red Lips quivered as she asked in an indistinct manner.

Zhou Lingfang saw that there were no outsiders in the room, and there was nothing to pretend about, so she laughed sinisterly. "It's just a child. Whether it will be born or not, it's hard to say!"

"I won't trouble you to worry about that." Xia Jinqi's smile was unbridled. She raised her thin brows slightly, and her expression was gloomy. "Where's the photo?"

"So you still remember that photo. I thought you had forgotten about it. Otherwise... why would you be standing beside Yan Jun all of a sudden?" Zhou Lingfang sneered. She knew that the photo was absolutely useful!!

No woman could remain indifferent after seeing the evidence of her husband's infidelity!

“I’ll ask you again. Where is the photo? !” Xia Jinqi bit her lower lip. Her watery eyes were filled with a fierce and threatening look!

Zhou Lingfang felt a lump in her throat from her gaze. “Didn’t I give it to you? I’m already like this. Do you think that the photo is still on me? !”

Xia Jinqi looked her up and down and realized that she had already changed her clothes.

Moreover, this was Qingxin Garden. Zhou Lingfang had not had the chance to leave since she entered yesterday. She had changed her clothes, so the photo should not still be on her.

In that case... .. The photo should be in the clothes she had changed, or it should have been picked up by someone else ...

Since that was the case, it would only be a waste of time to ask.

Xia Jinqi focused her attention on Zhou Lingfang’s clothes. When she recalled what brand Zhou Lingfang had said she wanted to wear, she could not help but laugh out loud.

“What are you laughing at? !” Zhou Lingfang had a fierce look on her face. What she couldn’t stand the most was others laughing at her!

“Don’t you know the real meaning of Grandma’s clothes for you?” Xia Jinqi suddenly felt that the woman in front of her was very pitiful.

So stupid that she was pitiful.

“What do you mean?” Zhou Lingfang asked back, and an ominous feeling rose in her heart.

Sure enough, Xia Jinqi quickly explained to her, “what I mean is... you should wear what kind of clothes you have!”

Long Qingxin had a special hobby.

How she judged a person was not whether the person was good or bad, but what kind of clothes long Qingxin would dress the person in.

Chapter 422: the only man she had ever loved in her life

When Xia Jinqi first came, Long Qingxin gave Xia Jinqi a set of Qipao that she liked the most when she was young.

As for Zhou Lingfang, Long Qingxin gave her a set of clothes filled with patches for servants.

Although Xia Jinqi knew that every industry had the right to be respected, this was just a metaphor at the moment.

Moreover... She felt that this set of maid’s clothes on Zhou Lingfang was a blasphemy to this set of clothes !!!

“You! How dare you say that I have a lowly life? !” Zhou Lingfang wasn’t too stupid. She immediately understood the hidden meaning behind Xia Jinqi’s words.

“If it wasn’t for Yan Qing’s sake, I definitely wouldn’t let you off so easily! Zhou Lingfang, listen to me carefully. If you dare to have any designs on my child again, I will make you pay the heaviest price!”

Xia Jinqi never felt that she was a kind person!

No matter who it was, if they dared to touch her child, she definitely wouldn’t let them off so easily!

For the sake of Yan Qing, she could let go of what happened yesterday, but... ... There would never be a next time ! !

Her Black Eyes were as calm as ice jade, as cold as the autumn moon. She looked coldly at the woman in front of her.

Zhou Lingfang panicked when she saw her. Her face was as Pale as a sheet of paper, but she clenched her teeth tightly. “You... even if you saw such a picture, would you still be willing to give birth to his child?”

“Do you think that a picture of an unknown origin can tear US apart? That’s true. The relationship between us is something that you would never be able to achieve even if you spent your entire life.” Xia Jinqi snorted lightly and turned around, no longer wasting time here.

Only at this moment did her mind completely clear up.

What could a photo say?

Didn’t she also pass through a photo with Yan Qing?

And she was even framed by these despicable people, saying that the child in her belly wasn’t Yan Jun’s!

But what about Yan Jun?

He had always believed in her.

And what she needed to do now was learn to trust.

Unbreakable Trust! ! !

But Zhou Lingfang was still roaring, “no... what about Qing ‘er? He said that when you were in university, you two also fell in love!”

Xia Jinqi stopped in her tracks.

“The only man that I, Xia Jinqi, have ever loved in my life is Yan Jun.”

Every word was loud and clear!

While Zhou Lingfang was still in a daze, Xia Jinqi had already pushed open the door and walked out with her head held high!

At the door, Yan Jun was still waiting for her.

Seeing her come out, he naturally held her hand. "Are you all done?"

"Yes." Xia Jinqi nodded, her face still tense.

The conversation with Zhou Lingfang made her very unhappy!

This woman seemed to do one thing from the beginning to the end — break up others!

Hearing Xia Jinqi's answer, Yan Jun turned around and looked into the room.

His deep eyes narrowed. Yan Jun couldn't be bothered to waste time talking to Zhou Lingfang. He directly withdrew his gaze and looked at Yan Youcheng, continuing the conversation between their grandfather and grandson.

"Grandfather, the target of her attack is your great-grandson."

This simple sentence seemed to have no power, but in Yan Youcheng's ears, it was filled with killing intent!

His jaw was also very tight, and Yan Youcheng's eyes darkened.

But after a long time, he finally opened his mouth. "Jun 'er, for grandfather's sake, just this once."

He was... ... Pleading for mercy from Yan Jun. ...

Yan Jun frowned slightly. He was shocked that his grandfather would say such a thing, but at the same time, he did not relent.

Zhou Lingfang wanted to kill Yan Jun's child. He would definitely not sit idly by!

In this short while, Zhou Lingfang had already run out of the House and hid behind Yan Youcheng.

Chapter 423: Why would have an affair?

Yan Youcheng did not say anything more. He protected Zhou Lingfang and walked forward.

Seeing that the two of them were about to disappear under the heavy moonlight, Yan Jun suddenly lifted his thin lips.

His voice, which was as clear as spring water, slowly overflowed.

"Grandfather, you once told your grandson that people are always greedy and always want to find the best of both worlds. But how can there be a best of both worlds in this world? A Hundred Years of life, in the end, is just teaching people how to make choices."

Yan Youcheng's back, which had already walked into the darkness in the distance, obviously froze.

Xia Jinqi didn't know if Yan Youcheng had struggled in his heart when he heard this, but soon, she saw Yan Youcheng leave without looking back.

"What you said just now, do you want grandfather to make a choice?"

Yan Jun was silent for a moment. "otherwise, I will help him make this choice."

His tone was cold and terrifying. It was a ruthlessness and coldness that Xia Jinqi had never seen before. She raised her eyes to look at his handsome side profile, and suddenly, her eyes turned red... .. She knew.

It was because Zhou Lingfang hurt her, hurt the child in her belly, that he was like this.

Even if he had to fight against his grandfather, would he not hesitate?

Thinking about it, he really had never doubted the arrival of this child from the beginning to the end... .. Otherwise, he would not be like this.

The originally gloomy heart warmed up again because of his words.

It was as if it was illuminated by the brilliant sunlight, feeling full of strength!

She pursed her lips and went forward to hold his hand, smiling mischievously. "Actually, I'm more curious. Grandma is so good, why would grandfather cheat? Also... his taste for cheating is really not that good."

This should be a problem that has existed for thousands of years, right?

Families had beautiful wives, but men always liked to cheat on their wives.

Moreover, most of the people who stole them back were barely satisfactory.

Yan Jun turned around to look at her. "I heard that GRANDPA went to the famous fengyue brothel in Jiangnan and brought them back."

Xia Jinqi, "..."

Fengyue Brothel?

So, Zhou Lingfang was originally a prostitute?

Her skills in bed... .. were amazing ??

Just as she was secretly thinking about it, she suddenly felt a flick on her forehead.

"OUCH!" Xia Jinqi quickly came back to her senses. She covered her forehead and glared at Yan Jun. "what are you doing?!"

"What are you thinking about again?" He chuckled and looked at her dotingly and helplessly. He really didn't know what she was thinking about all day long in this little head of hers!

"hehe..." Xia Jinqi smiled sheepishly and wanted to brush him off, even though she also felt that she was a little perverted!

Yan Jun couldn't help but lean over and kiss her lips. Just then, he pulled her to the other side of the courtyard. "Let's go and see grandma."

Xia Jinqi's little face flushed red as she hurriedly followed. "You haven't told me about GRANDPA AND GRANDMA'S ROMANCE YET! Hey..."

“ ... ”

Yan Youcheng walked out of Qingxin garden with Zhou Lingfang.

Yan Qing, who had been waiting outside for a long time, immediately got out of the car excitedly when he saw his mother coming out. He ran up to her and asked, “mom, are you okay? ”

“I’m fine. ” Zhou Lingfang shook her head, but she didn’t look up at Yan Qing. Instead, she peered at Yan Youcheng in fear.

Since he came out, Yan Youcheng hadn’t said a word to her. His old face had been tense, and his face was very ugly.

She was starting to feel a little guilty... ...

Yesterday, it was because she had seen Xia Jinqi, that wretched girl, in unbearable pain. She felt that it was a once-in-a-lifetime opportunity, so she had gambled everything, wanting to get rid of her child in one go!

Who knew that not only did Xia Jinqi not lose her child, but she was also captured by Long Qingxin... ...

Chapter 424: “I didn’t hurt her. “

What a waste. Now she had to face master’s anger.

Yan Qing saw his mother’s twinkling eyes and the look she stole at his father. He immediately said, trying to mediate the current atmosphere, “mom, let’s go home. ”

Zhou Lingfang nodded her head and followed Yan Qing into the car.

She could do whatever she wanted outside. She wasn’t afraid of anyone.

But she was only afraid of Yan Youcheng... ...

Everything she had now was given by Yan Youcheng. She still hoped that he would give her son a better future, and she still hoped that he would keep her in the Yan family. How could she not be afraid?

Everything she had was attached to Yan Youcheng!

And the facts proved that all her ominous premonitions had come true.

The three of them had just returned to the Yan family when Yan Youcheng gave the order to have Zhou Lingfang’s things thrown out.

Zhou Lingfang stood rooted to the ground, looking at the clothes and jewelry thrown all over the floor. She was on the verge of breaking down. She rushed over and hugged Yan Youcheng’s thigh. “master, you can’t chase me away! It’s not easy for me to come back. You can’t chase me away! ”

Yan Youcheng did not even look at her. “Jun’ Er’s child is also of the Yan family’s bloodline! You actually have the guts to do it? Do you really think I don’t know what you’ve done behind my back all these years? ! ”

The sky-shaking roar frightened Zhou Lingfang so much that her entire body could not help but tremble. "I... I didn't do anything. Master, don't listen to slander..."

"HMPH! I can let bygones be bygones for Qing' Er's sake, but you are actually so vicious! You even have the guts to do it to an unborn child! My Yan family can't keep a vicious woman like you!"

After saying that, Yan Youcheng kicked Zhou Lingfang away without any mercy!

Yan Qing quickly went over to help Zhou Lingfang up, but he also asked with a shocked face, "mom, what does dad mean? You laid your hands on Yan Jun's child? Xiao Qi was admitted to the hospital yesterday, could it be that you..."

"I... I..." Zhou Lingfang shrank back a little. She wanted to deny it, but Yan Youcheng's cold eyes swept over her. She immediately shut her mouth and did not dare to say anything!!

"What? You dared to do it back then, but now you don't dare to admit it?! You should let your son have a good look at what a snake-hearted mother he has!"

With an angry shout, Yan Youcheng began to pace back and forth in anger. In the end, he could not stand it anymore.

"When I come back, I don't want to see you again, you vicious woman!" Yan Youcheng left without turning his head back after saying that.

His eyes were filled with disgust. Even if he took another look at Zhou Lingfang, he would not be willing!

This time, Zhou Lingfang was completely defeated. She fell to the ground with a sad look on her face.

Yan Qing had no time to chase after his father. He put his hands on Zhou Lingfang's shoulders and questioned her, "mom, did you really lay your hands on Xiao Qi? Why did you do that? Didn't I tell you not to hurt her?!"

"I didn't hurt her..." Zhou Lingfang shook her head. "I just showed her a photo..."

Facing her son's questioning, she still wanted to try her best to protect her face as a mother.

After all, she only had this one and only son. She was always unwilling to see her son hate her.

However, her words caught Yan Qing's attention. "photo? What photo?"

"The one in the folder in your study... the one where Yan Jun was fooling around with another woman..."

"What? You showed that photo to Xiao Qi?" Yan Qing asked in shock. Without waiting for Zhou Lingfang to answer, he continued to ask, "What about the photo? Where is it now?"

Chapter 425: the last photo

"It's gone. It should have been left at that dead woman's House." Zhou Lingfang's expression was already a little stiff. She did not think that she had just taken a photo. Why was her son so nervous?

When Yan Qing heard his mother's reply, his face darkened and he stood rooted to the spot without saying a word.

Zhou Lingfang saw him like this and was also shocked. She hurriedly asked, "what happened to you, Qing'er? Don't scare mom... isn't that just a photo? Sooner or later, it will be taken out..."

Yan Qing laughed out loud dejectedly, his face full of disappointment and desolation. "There's only one photo. The original has been destroyed."

He only left that one photo, and before he could make a copy, it was gone just like that.

"Only one photo? How is that possible?" Zhou Lingfang was also dumbfounded. "There's no backup? Where's the phone? Where's the camera?"

"It's all deleted."

"How could it be..." it was the first time Zhou Lingfang saw her son showing such a resigned expression, and she suddenly felt that what she had done this time was a failure.

However, Yan Qing did not want to continue this topic. Originally, he did not plan to show this photo to Xiao Qi, so he did not wantonly keep a backup from the beginning.

In addition, he did not have the habit of appreciating other people's adultery photos every day, so it was normal for him to delete the photos on his phone.

Leaving behind the last physical photo, he himself knew that perhaps the dark side in his heart was causing trouble... ..

He always thought that perhaps one day, he could use this photo to give Yan Jun a fatal blow.

Now, it seemed that even the heavens were helping Yan Jun... ..

Could it be that he was really the Chosen One?

"Get up, mom." When he came back to his senses, Yan Qing stretched out his hand to support Zhou Lingfang.

Zhou Lingfang's legs were so weak that she could not stand up. "Son, your father is really determined to chase me away this time. What should I do? Help me think of a way. It's not easy for mom to come back to see you. You can't just leave like this..."

She cried miserably. As a son, Yan Qing naturally could not harden his heart. He could only nod. "Mom, don't worry. Dad Won't chase you away. Go upstairs and rest first. Leave the rest to your son."

It was not easy for him to have a complete family. He did not want his happy time to be so short.

Zhou Lingfang nodded and followed Yan Qing upstairs.

"..."

Qingxin Garden.

Long Qingxin closed the door and refused to see Yan Jun and Xia Jinqi.

The two of them stood in front of long Qingxin's courtyard and looked at each other. Without saying anything, they turned around and returned to their own courtyard.

In fact, it was normal for long Qingxin not to want to see anyone at the moment. Xia Jinqi guessed that she was in a deep abyss of grief and did not want to be disturbed.

After returning to her own courtyard, the servants had already prepared hot water.

Yan Jun went to take a bath while Auntie Chen instructed a few people to carry a small wooden basin and place it in front of Xia Jinqi.

"young mistress, these are all brewed with Chinese herbs. In the future, Soak your feet every day so that your legs won't swell up too badly." As she spoke, she poured a bucket of medicinal water into the foot bath.

Xia Jinqi looked at the brown liquid that swayed. As she poured it in, a medicinal fragrance suddenly poured out.

She did not hate this smell. Moreover, she knew that it was good for her body, so she gladly accepted it.

"thank you, Aunty Chen." She smiled and put her feet in.

The water was still a little hot, so her smile suddenly became a little awkward.

Aunty Chen looked at it and said, "little young Madam, bear with it. This water needs to be soaked while it's HOT TO BE EFFECTIVE!"

Chapter 426: What's there to be embarrassed about Which part of you haven't I touched before?

"... alright." Xia Jinqi braced herself and continued soaking. She raised her eyes to look at her grandmother's courtyard. It was still brightly lit, so she curiously asked, "has grandmother not rested yet?"

"Old Madam... Sigh..." Aunt Chen didn't say anything more, but she couldn't help but sigh ...

Seeing this, Xia Jinqi didn't need to ask anymore. She also knew that long Qingxin was suffering in her heart at this moment.

They used to be lovers. Why did they hate each other?

After Yan Jun came out of the shower, Xia Jinqi had just finished soaking her feet.

"How do you feel?" He took a brand-new towel from the maid's hand and conveniently wrapped Xia Jinqi's petite feet around it. He put it on his leg and carefully wiped the water stains on it.

"It's okay..." Xia Jinqi was a little embarrassed. She hurriedly wanted to withdraw, but he pressed her down. "Why are you embarrassed? Where have I never touched you?"

"!... @% # !!!" Xia Jinqi glared at him angrily and warned him not to say anything more!

However, Yan Jun was amused by her and seemed to be in an extremely good mood. He turned to look at his side and said, "alright, all of you can leave now."

"Yes, young master." Only then did the servants in the room leave.

Seeing that everyone had left, Xia Jinqi stretched out her pink fist and punched Yan Jun's arm to show her punishment.

Yan Jun was still smiling. He helped her dry her feet before throwing the towel to the side and turning around to hug her.

His broad palm landed on her lower abdomen, and the depths of his deep eyes suddenly became unbelievably soft... ..

That area had already bulged slightly, giving birth to a brand new little life.

"Is the child okay?" He asked her in a deep and hoarse voice.

"Yes." Xia Jinqi nodded. She knew that he wanted to ask if she was still feeling unwell.

"That's good." He closed his eyes tiredly. He had stayed by her side the entire night and had barely slept.

Xia Jinqi's heart ached as she looked at the thin him. She could not help but reach out to smooth over his furrowed brows. "If you're tired, then sleep."

She softened her voice and leaned over, her face pressed against his.

"mm..." he answered softly, enjoying her tenderness at the moment. Soon, he fell asleep.

He slept through the night.

The next morning, Long Qingxin didn't come out for breakfast either.

Xia Jinqi and Yan Jun sat opposite each other. They ate some plain dishes and porridge, which was quite suitable for Xia Jinqi.

Halfway through the meal, Yan Jun went to answer a call. When he came back, his expression was a little unnatural.

"Ben called. He said... Wen Qing will be discharged from the hospital today." Yan Jun could have kept this matter from Xia Jinqi and gone quietly, but he chose to tell her ...

"Oh..." Xia Jinqi's smiling face froze for a moment, but she quickly came back to her senses. "Do you want to go?"

Yan Jun gently acknowledged her. His eyes that were as bright as the stars were fixed on her delicate little face.

It was as if he was asking for permission, but it was also as if he was looking at her with an apologetic gaze.

In the end, Xia Jinqi was not so heartless. She only said, "then you can go. It just so happens that I have to go out in the afternoon to take care of some things."

"Be careful." Yan Jun walked over and kissed her forehead. After he finished speaking softly, he stood up and left.

Xia Jinqi was left sitting at the dining table alone.

Although she knew that Wen Qing was Yan Jun's old classmate, so she naturally needed to go and take a look when she was discharged from the hospital or something like that, she still felt a little unwilling in her heart... ..

Xia Jinqi did not want to continue being so depressed. She tried her best to put on a smile. Seeing that it was still early, she asked the maid, "has grandma woken up?"

"Old Madam wakes up punctually at seven every morning."

Chapter 427: love works hard together

"I see... then let's go see grandma." Xia Jinqi stood up and went to Long Qingxin's courtyard in high spirits ...

Only when Xia Jinqi went did she know that Long Qingxin had woken up early in the morning and didn't have time to eat. She was busy in the tailor's room.

"GRANDMA?" Xia Jinqi poked her head in. What she saw was a room full of colorful fabrics, two sewing machines, and a huge table.

Long Qingxin was picking a pure black cloth and using a ruler to draw on it.

When she heard the sound, she raised her eyes from the work table.

Seeing that it was Xia Jinqi who came over, her tense expression eased up a little.

"How's your body?" Long Qingxin was still concerned about Xia Jinqi. She waved her hand and asked someone to help Xia Jinqi sit down by the side.

"It's almost done." Xia Jinqi smiled and shifted her gaze to a piece of cloth that Long Qingxin was busy with. "Grandma, have you started making clothes so early?"

Ever since Xia Jinqi found out that she had really fallen in love with Yan Jun, she had become even more devoted to his family... ..

This was the so-called love between two birds with one stone, right?

In addition, she had been living at Long Qingxin's place recently, so Xia Jinqi had inexplicably become much closer to her.

"I'm old, and I can't sleep anymore. I need to find something to do." Long Qingxin's tone was very sad.

Xia Jinqi also noticed that the Qipao she was wearing seemed to be the same as the one she wore yesterday?

So, she hadn't slept all night?

Sigh... .. It must be because of what happened to her grandfather last night ...

The word 'love' was so hurtful.

While Xia Jinqi was in a daze, Long Qingxin happened to look at her. "I heard that you went to see Zhou?"

The sudden question made Xia Jinqi's eyes freeze for a moment before she replied, "Yes."

"She's used to stirring up trouble. You're also a smart and kind child. Don't listen to slander and regret it for the rest of your life." Long Qingxin's words were extremely meaningful.

Xia Jinqi didn't understand at first. Why would grandma suddenly say such things to her?

It wasn't until later that she found out that the picture of Zhou Lingfang on the coffee table in the living room had been picked up by her grandmother.

After that, her grandmother didn't mention anything about the picture, as if it had never happened.

At that time, Xia Jinqi didn't understand this truth. She only felt that her grandmother was worrying too much. Instead, she smiled and said, "don't worry, grandma. I've always been myself and don't know too much truth. I only know how to love and work hard together."

While Long Qingxin was lecturing, she also wanted to instill some of her thoughts into long Qingxin.

After eavesdropping last night, Xia Jinqi was already certain that grandma and GRANDPA had feelings for each other. It was just that the things that happened thirty years ago, as well as the stumbles after that, had always been separated.

If it was possible, she only hoped that they wouldn't leave any regrets after a hundred years... ..

Long Qingxin's gaze was really stunned by Xia Jinqi's words.

There weren't that many big truths. It was just a simple sentence, and love would work hard to be together.

If only she had heard this sentence thirty years ago... ..

Unfortunately, it was thirty years too late. There were some things that couldn't be salvaged.

But... ..

Long Qingxin turned to look at Xia Jinqi, her eyes filled with relief and blessing. "You're very smart. No wonder Jun 'er likes you."

Xia Jinqi's small face flushed red, and she smiled embarrassedly... ..

After that, Long Qingxin stopped talking about what happened yesterday, and she chatted with Xia Jinqi a lot about the story of this house.

Chapter 428: Where Is My Child?

Xia Jinqi listened with relish, but her heart ached for long Qingxin even more.

Seeing her beloved kneel down to save another woman with her own eyes, what kind of pain was this...

...

After having lunch with Long Qingxin, Xia Jinqi received a message from Ling Yue.

She left the mansion alone from the back door, and the nanny van was already waiting for her.

Unlike usual, Xia Jinqi did not change into men's clothes as soon as she got into the van.

Ling Yue handed over a document with a solemn expression. "Miss, the man who entered your emergency room yesterday has been identified. It's Ji Yunjing."

Xia Jinqi frowned when she heard that. Ever since she came out of the emergency room yesterday, she had always thought that the man looked very familiar. Later, she asked Ling Yue to investigate, but she did not expect that it was really Ji Yunjing.

When she recalled what Ji Yunjing had said to Huo Ting, she could not help but be suspicious.

Ling Yue went to investigate Ji Xiaofu again and found that there were many coincidences "Ji Xiaofu is indeed Ji Yunjing's aunt. More than thirty years ago, she came to Rao city alone and later married Qi Maolin. After that, she disappeared from the world. "Qi Maolin told the public that she died due to dystocia, but the funeral home didn't find a cremation record of her."

"could she have been buried directly?" Xia Jinqi asked again.

"Qi Maolin only went to Ji Xiaofu's cemetery for many years. I think he didn't get out of the coffin."

"If she really died due to Dystocia, what about her child? Even if she wasn't born, there should be a record." Xia Jinqi always felt that there were many suspicious points in this.

Especially the conversations she heard in the emergency room... ..

She clearly heard one sentence, "young master, Miss Cousin is fine."

Young master was calling Ji Yunjing, so miss cousin should be calling her.

If that was the case, Ji Yunjing should know something. Otherwise, he wouldn't have appeared at that time and even said that he wanted to take her away from the Yan family.

"This... there's no record of it." Ling Yue was slightly troubled. She had used all of Lego's power to find such a shallow level ...

It could be seen that the legendary JI family, which was like an otherworldly expert, was really unfathomable.

"It's probably someone who doesn't want us to find out." Xia Jinqi quickly came to a conclusion. She casually put the document aside and stopped flipping through it. "Send me to the JI family."

“Yes, Miss. .” Ling Yue nodded. After instructing the driver, she turned back to look at Xia Jinqi. “Yan Qing sent another post. Are you still not seeing him?”

“I’m not seeing him.”

“then... Miss. . What’s your expected date of delivery? After all, in a few months, when your belly is big, you won’t be able to wear men’s clothes anymore.” Ling Yue changed the topic and looked at Xia Jinqi with some worry ...

From now until the delivery, it would be a long few months. Lego could not be leaderless.

Especially... .. Recently, the casino in Macau had been a little chaotic. The leader of the branch there still needed to be personally appeased ...

Now that Xia Jinqi was pregnant again, it was probably not convenient for her to appear.

This was a problem.

“It’s still early,” Xia Jinqi replied indifferently. She reached out her hand and caressed her lower abdomen

Unknowingly, her belly had also slowly become big.

Ling Yue was right. After a while, she could no longer wear men’s clothing.

If she could, she could actually use this opportunity to reject LEGO’s leadership position... ..

Unfortunately, once Lego’s leader was elected, he would have to be re-elected for five years. Unless the leader died, no one was allowed to have any thoughts of usurping the throne.

Chapter 429: the Ji family’s secret

This could be considered a protective mechanism. Although there were big loopholes, Lego had never changed this rule in the past hundred years.

Moreover... ..

Xia Jinqi had transferred 900 billion Lego into the Yan Corporation. Before receiving the reward, how could Lego’s old men let her escape so easily?

After thinking for a long time, she still couldn’t think of a solution. Xia Jinqi sighed softly and turned her gaze to Ling Yue... ..

Only now did she notice that Ling Yue’s height and figure were about the same as hers. In any case, they were both women disguised as men, so why not... .. Let Ling Yue temporarily take her place ? ?

Just as this thought appeared in her mind, Ling Yue seemed to see through her thoughts and immediately rejected it. “Eldest Miss, did you forget that when you swore in front of Ancestor Lego, the elders asked you to press your fingerprint?”

Xia Jinqi, “...”

Even if Ling Yue didn't say it, she really had forgotten!!!

Generations of leaders of Lego had all sorts of mysterious identities. Even there were a few leaders like Xia Jinqi who couldn't show their true faces to others.

But since they didn't show their true faces to others, what could they use to prove their identity?

The Lego elders were very smart. They thought of a way to use fingerprints to identify her identity.

In other words, Xia Jinqi's fingerprints were the only one. No one could impersonate her.

"Forget it. Let's talk about this later." Xia Jinqi waved her hand. She felt like her head was about to hurt!

The most important thing now was to think about what kind of relationship Ji Yunjing had with her!

Ling Yue didn't mention it anymore. She silently helped Xia Jinqi to distance herself from all the matters of Lego.

Soon, they arrived at Ji Yunjing's mansion.

At a seaside villa on the bund.

Ling Yue did not follow Xia Jinqi in. She only sent Xia Jinqi to the destination and left.

She could not stand openly by Xia Jinqi's side. After all, she had already appeared as the little assistant of the leader of Lego.

Xia Jinqi stood alone in front of the villa. She pressed the doorbell twice, and a blond foreigner in a Tuxedo with blue eyes opened the door.

He spoke fluent Chinese and was not surprised when he saw Xia Jinqi. He opened the door and said, "young master Yunjing has been waiting for you for a long time."

Xia Jinqi raised her eyebrows. Ji Yunjing knew that she was coming?

As expected... .. He really had ulterior motives ...

She followed the Butler into the villa. After taking a few steps around the greenery, she entered the villa and went straight up to the third floor.

The Butler brought Xia Jinqi into a mysterious room and then respectfully left. "please wait here for a while. Young Master Xiang will be here soon."

Xia Jinqi did not suspect him. She nodded and began to size up the room she was in.

It had more than 200 square meters of building area and was a huge space, but there was nothing inside. There were only many paintings hanging on every wall.

She walked over and found that these paintings were all portraits of people.

The people in each painting were different.

From the entrance, there were men and women of all skin colors and hair colors.

Without exception, the name of the person was written on the lower right corner of each portrait.

If it was a foreigner, then the common name would have the English letter J.

If it was an Asian, then the common surname would be Ji.

Xia Jinqi looked over bit by bit. In the end, she found Ji Xiaofu's portrait.

She didn't know if it was really a blood relationship, or if Xia Jinqi already knew that she might have some kind of connection with Ji Xiaofu, so when she saw her this time, her heart was always warm, and there was an indescribable throb.

Chapter 430: Xiao Qi, you are also a child of the Ji family

After Ji Xiaofu, it was Ji Yunjing... ..

And after Ji Yunjing... .. Xia Jinqi stopped in her tracks ...

The last portrait was actually... .. Actually herself ? ?

The only difference was that her portrait was signed without a name.

When she saw this, Xia Jinqi could no longer suppress the astonishment and confusion in her heart.

Why was her portrait hung in Ji Yunjing's house?

Could it be... ..

Before she could continue to doubt, Ji Yunjing, who was dressed in a white suit, had already appeared by the door with his hands behind his back.

He saw Xia Jinqi standing in front of her portrait for a long time. The corners of her lips curled up slightly, and her voice was ethereal and mysterious. "It seems that you've discovered the secret of our family. "

Xia Jinqi turned around when she heard the voice. She instinctively looked at the man with vigilance. "The Ji family? "

Ji Yunjing glanced at her. As he nodded, he rolled up the sleeve on his right hand, revealing the enchanting blood-red color.

"This, you shouldn't be unfamiliar with it. "

Xia Jinqi also repeated what he had done just now. The right wrist that was revealed was also a little blood-red.

Even the position was exactly the same as Ji Yunjing's.

"I remember you said before that this is the totem of your family? " Xia Jinqi's face darkened as she asked anxiously, "what if it's a coincidence? "

She still couldn't believe that she was really a child of the Ji family?

Seeing the suspicion on Xia Jinqi's face, Ji Yunjing didn't say any more nonsense. Instead, he took out a small double-sided mirror and covered the red dot on Xia Jinqi's wrist. Then, he covered it with something similar to a magnifying glass. "Take a look for yourself."

Xia Jinqi leaned over doubtfully. With just a glance, she was completely frozen.

On the magnified image, she could clearly see that there was actually a blood-colored totem on her small mole!

A galloping flying dragon was encircling a round object. It looked lifelike, vigorous, and domineering.

"This..." Xia Jinqi opened her mouth, but she found that she couldn't say a word.

It had been more than twenty years, but she hadn't realized that there was another mystery in this mole?

No Wonder Ji Yunjing had said that this was the Ji family's totem. At that time, she had thought it was strange. Could it be that a family's totem was a Red Dot This was too casual... ..

She did not expect that the real totem would be shrunk and placed into this red dot.

"every newborn child in the Ji family will have this red mole placed on them by a special tool. This represents the nobility of their bloodline." Ji Yunjing repeated the reason for the existence of this red mole. Then, he looked up at Xia Jinqi "Xiao Qi, you are also a child of the Ji family."

"..." Xia Jinqi was stunned on the spot. The thing that she had always suspected was suddenly confirmed. She still felt that everything that had happened before her eyes was too mysterious, and she could not accept it for a moment. "Didn't you say that the Ji family did not lose any children?"

If it weren't for Ji Yunjing's words, she would probably have recognized the huo family on the spot!

There was no need to drag it out until now... ..

Unexpectedly, Ji Yunjing said without a change in expression, "the Ji family indeed didn't lose any children, because the Ji family has always known of your existence."

"..."

The air seemed to freeze at this moment.

Xia Jinqi felt that at this moment, she could no longer describe her expression with shock... ..

Her mind suddenly became very chaotic.

She had grown up in the Xia family for more than twenty years. Although her parents and siblings did not treat her as well as she had imagined, at least the family was complete and there was no one missing.

Then one day, her father suddenly told her that she was not their biological child. She was brought back from the orphanage.

She lost her home all of a sudden.
