

Tick Me 431

Chapter 431: How does it feel to be a member of the Ji family?

When she finally took the time to get used to all this, a real family member suddenly came and said that they had actually always known of her existence?

Even the self-proclaimed Smart Xia Jinqi felt that all of this was too messy and unclear at this moment.

Seeing that Xia Jinqi had sunk into a long period of silence, Ji Yunjing began to narrate what he wanted to tell her

“Your biological mother is my aunt, Ji Xiaofu. More than twenty years ago, she came to Rao city alone and married Qi Maolin, giving birth to you.”

When Xia Jinqi heard this, her heart trembled again.

She had said that when she first saw Ji Xiaofu in Qi Maolin, she had felt that there must be some kind of magical connection between them... ..

She didn't expect that it was actually her biological mother?

Xia Jinqi turned her head and stared at the portrait of Ji Xiaofu on the wall for a long time. Her empty heart suddenly became warm.

Mother.

So, you are my mother.

Beautiful, gentle, and kind.

Her scallion-like fingertips uncontrollably caressed Ji Xiaofu's smiling profile. “where is she?”

“She passed away not long after giving birth to you,” Ji Yunjing replied without a change in expression.

“Is that so?” Xia Jinqi smiled sorrowfully. Tears had already gathered in her eyes. “Heaven must be a very beautiful place.”

She had heard Qi Maolin say it before, but she still did not want to believe it. She still wanted to ask again.

Perhaps a miracle would really happen in the next second, and everything would be different?

Ji Yunjing seemed to be able to feel the sadness in Xia Jinqi's heart. His gaze landed on Ji Xiaofu's face.

His aunt was once the pride of the Ji family.

She had the purest bloodline, and her face was as beautiful as a flower... ..

Sighing inwardly, Ji Yunjing shifted his gaze to the last portrait of Xia Jinqi.

Her name had yet to be printed on it.

“Xiao Qi, whether or not you want to be a member of the Ji family, it’s up to you to make the choice,” Ji Yunjing suddenly spoke, his voice hollow and hazy.

Xia Jinqi followed his gaze, and confusion appeared in her bright eyes.

“What do you think of being a member of the Ji family?” She had already found her biological parents. Should she go back?

“enjoy the Ji family’s enormous benefits and have the most honorable status. The price is that you must leave the Yan family, leave Rao city, and return with me.” Ji Yunjing spoke very slowly.

He originally did not want all of this to happen so quickly... ..

But who would have thought that Xiao Qi would faint under the protection of the Yan family and be sent to the hospital? She almost lost her child.

Ji Yunjing, who still wanted to wait for Xia Jinqi to investigate her own background, finally could not wait any longer.

The day he showed up at the hospital, he knew that Xiao Qi, who already had Lego, would find out his identity and background easily.

That was why he had been at home for the past two days, waiting for her to come knocking on his door.

And the result was just as he had expected. She came very quickly.

Xia Jinqi stood rooted to the ground for a long time.

Ji Yunjing had already asked her this question when she was at the hospital.

At that time, her answer was that she was unwilling to leave.

And now, her answer was still the same.

“I’m sorry, then I’ll just be Xia Jinqi for now.” She smiled and refused.

Ji Jinqi.

It was really awkward... ..

Moreover, the price of being a member of the Ji family was to let her leave Yan Jun. if that was the case, then she would rather never know that she was a child of the Ji family.

Her mother was no longer with her. The Ji family that Ji Yunjing was talking about was just another empty house. To her, power and benefits, money and lust. If she left Yan Jun, then all of this would be meaningless.

Chapter 432: I won’t argue with her about

Moreover, she was about to become a mother.

She wouldn’t let her child and father be separated.

Ji Yunjing's pupils constricted slightly, as if he had long known that she would answer like this. He smiled again. "You and aunt are really alike. Both of you are so stubborn."

"She... what kind of person is she? Can you tell me?" Xia Jinqi paused and asked hesitantly ...

"Of course. But we have to go to the garden and chat while having afternoon tea," Ji Yunjing said as he led Xia Jinqi downstairs.

For the whole afternoon, Ji Yunjing told Xia Jinqi about the past and present of the Ji family, about the place where Ji Xiaofu grew up. The scenery was picturesque, as beautiful as heaven.

This was the first time Xia Jinqi heard about her biological mother's childhood. She listened with a smile.

As she listened, she sighed. So the place where her mother lived when she was young was so beautiful...

...

..

Night fell.

Yan Jun and Ben sent Wen Qing back to an apartment and hired a nanny to take care of her.

Ben handed a glass of water to Wen Qing, who was leaning against the SOFA. He frowned and said, "how can we be at ease with you here alone? I thought you would go back to Nevada with your family."

Wen Qing took the glass of water and did not answer. She only tilted her head and glanced at Yan Jun, who was standing in front of the balcony.

There was only one reason for her to stay in Rao city.

Ben knew it the moment he saw her gaze.

He sighed softly and sat down as well, exhorting her "although the doctor also said that you've recovered well, if you don't cherish yourself the next time, no one will be able to save you. Ah Qing, in this world, besides love, there are many beautiful things. Why don't you want to come out and take a look?"

Wen Qing lowered her head and held the glass of water, her gaze a little erratic.

She knew, of course she knew.

But what was the use of knowing?

Her heart refused to leave, and she couldn't make the decision.

Perhaps in the near future, she would understand.

But now, she still wanted to fight for herself.

If she worked hard, she wouldn't live in regret in the future.

Wen Qing didn't say a word, and Ben was at his wit's end. He spread his hands and said, "okay, I'll go downstairs and buy you some food."

With that, he put on his coat and left.

Yan Jun, who had been standing on the balcony, wanted to go down as well, but he was stopped by Wen Qing.

“Now... you don’t even want to talk to me?” Her voice was sad and mournful. When it landed in the middle of the living room, it actually felt a little oppressive ...

Yan Jun sighed softly, turned around, and sat on the Sofa at the side. “If you need anything, just tell the nanny. She’s one of us.”

The People Yan Jun brought from Qingxin Garden were naturally trustworthy.

Wen Qing’s attention was not on this. She took a shallow sip of hot water and asked, “what about her?”

She heard from Ben that something seemed to have happened to Xia Jinqi as well. Yan Jun had been accompanying her for the past two days.

“She’s very good,” Yan Jun replied. His words were concise and concise.

Wen Qing smiled bitterly. “You don’t have to be like this. I know that she was the one who sent the flowers that day. I won’t do anything to her.”

Indeed, people could not do bad things.

Even if you only did a little bad thing or had a little evil intention, after this, there would be people guarding against you everywhere.

Yan Jun raised his eyebrows slightly and his expression remained the same.

There was nothing much to say between him and her.

The only thing that could be said was her illness.

Wen Qing held back the hot tears in her eyes and used all the strength in her body. Finally, she opened her mouth and said, “I won’t fight with her, but Yan Jun, promise me, give me a chance, okay? You can’t be so cruel to me.”

Chapter 433: in my heart, she was irreplaceable

Wen Qing hated herself for saying these words.

Why couldn’t she let it go?

Why did she have to fight for the hope that she couldn’t see?

Why did she have to humiliate herself like this?

Yan Jun’s eyes darkened and his brows furrowed. “I’m already married. Wen Qing, what’s in the past is over.”

“But I’m not over yet... you know, my best years of youth were filled with you. Yan Jun, without you, what would I do?”

Wen Qing’s voice was tinged with tears.

She was a strong person. It could be seen from the fact that not only did she not tell anyone that she was sick, but she also left alone to receive treatment in a foreign country.

She had her own opinions and was truly a strong woman.

But even so, there was always a gentleness and weakness hidden in the bottom of her heart.

Yan Jun was silent. There was no point in continuing this conversation.

He wanted to get up and leave, but Wen Qing suddenly asked, “is she really that good?”

At the mention of Xia Jinqi, Yan Jun’s ice-cold face suddenly softened.

Is She really that good?

He didn’t know.

But he knew one thing very well.

“In my heart, she is irreplaceable.”

His voice was so pleasant to the ear.

Clear and melodious.

Like a jade falling from a Pearl Plate.

Wen Qing’s sadness was magnified infinitely... ..

Yes.

Xia Jinqi was really that good.

How could she not know?

For someone like her, Xia Jinqi was willing to put aside her hatred and come to the hospital to send her flowers... ..

That woman always had a kind of magic power that people couldn’t hate... ..

“I got it.” Wen Qing slowly spat out these few words while enduring the pain of her heart being torn apart.

When Yan Jun raised his eyes, he happened to see the tears that flowed down her cheeks.

His eyes flashed slightly, but Yan Jun didn’t go forward to comfort her. He only stood up indifferently. “take good care of yourself.”

With that, his slender legs moved away.

Wen Qing didn't try to stop him. She quietly turned around and wiped away the tears at the corner of her eyes.

Even so, she was still unwilling to give up... ..

Yan Jun, forgive me.

I just want to work hard for myself one more time.

"..."

When Yan Jun returned to Qingxin Garden, he heard Fang Shaoan's playful call from afar.

"sister-in-law, you must let me take your pregnancy photos in the future! and my Godson's baby photos. SOB, SOB, SOB, I can't wait anymore! !"

He shouted so loudly, afraid that others would not know that he was a capable photographer... ..

Xia Jinqi was sitting on a chair in the courtyard. She was chewing on a fruit and flipping through the sample photos Fang Shaoan brought.

"If you hadn't mentioned it, I would have almost forgotten that you were the one who took the wedding photos of Yan Jun and me," Xia Jinqi recalled thoughtfully... ..

Those photos were still hanging in the Yan family's room.

They were taken pretty well.

"Right! I'm a person with real strength. Of course, a person with strength like me is usually very low-key..." Fang Shaoan waved his hand in a very smug manner and complimented himself without holding back.

"..."Xia Jinqi was so scared that she almost bit her hand!

How could he be low-key?

He really had the words to say it... ..

Seeing that she was still in a daze, Fang Shaoan urged her a few more times, "If you don't say anything, I'll take it as your consent!"

"... alright."How could Xia Jinqi have any reason to refuse ? ?

Moreover, Yan Jun had already agreed to be the godfather of the child, so it was only right for him to take photos.

Seeing that Xia Jinqi had agreed, Fang Shaoan heaved a sigh of relief and sat down to take a sip of tea.

Chapter 434:, whether you're dead or alive, come out and make a sound!

His eyes wandered for a long time before Fang Shaoan picked up a fruit as if he didn't care. He took a bite and asked, "by the way, sister-in-law, where... where's your best friend? What's her name? What... is she doing recently?"

For the first time in his life, Fang Shaoan used such a lame method to inquire about a girl's whereabouts!

He got angry as he spoke!

Zuo Xiaoran, that little rascal, actually ran away after that night!

She didn't even give him a call, nor did she send him any messages!

Whether she was dead or alive, she had to come out and make a sound!

But she was just like that. With a whoosh, she withdrew from his life, and there was no longer any contact at all.

Fang Shaoan had also used his family connections to investigate her, but he could only find her home address, her parents' occupation, her personal occupation, and so on.

What he wanted to know was not only these things.

He also wanted to know if she had been well recently... .. If she had .. Had she thought of him.

If he wanted to know, he could only come to Xia Jinqi and ask around.

Those pregnancy photos and baby photos were just a pretense. He thought that he had covered the sky and covered the sea seamlessly, but he didn't know that when he asked this question, all his thoughts were exposed.

Xia Jinqi understood and nodded. "Oh... you mean Xiao ran? She hasn't contacted you recently? I heard that she wanted to play games with you!"

"..."speaking of the night they played games, Fang Shaoan's expression instantly became very unnatural.

Xia Jinqi saw his expression and knew that there must be a story behind it. "What's wrong with you guys?"

Fang Shaoan quickly rejected her probing question. "We... we don't have anything. I just... I don't have any teammates to play games with recently. I'm very bored! thinking that the girl's skills are pretty good, I just wanted to form a team with her!"

"really?" Xia Jinqi smiled faintly and looked meaningfully at Fang Shaoan. "I heard that she's recruiting official members for an ESPORTS team recently. She wants to give it a try too. I don't know if she's in or not..."

"that girl wants to join the E-SPORTS INDUSTRY?" Fang Shaoan was slightly surprised. Then, he recalled her strength and had to admit, "maybe she can really make something out of it."

Just as he finished speaking, he thought of something and quickly denied it. "That's not right... didn't that girl say that her dream is to open a small shop together as a family?"

Xia Jinqi couldn't help but laugh. "You even know about this?"

Zuo Xiaoran wasn't someone who would casually say her ultimate dream. She actually said this to Fang Shaoan?

"I..." Fang Shaoan's face darkened and he tried to cover it up. "I accidentally heard it."

Xia Jinqi shook her head helplessly. Fang Shaoan really didn't know how to lie.

What he was thinking about was written all over his forehead!

He came to look for her today and said something about taking a photo. In fact, he was beating around the bush to ask about Xiao Ran, right?

It was strange. When Xiao Ran came to look for him, she mentioned Fang Shaoan. It was very normal!

The two of them even had a game date!

Why did they stop contacting each other after only a few days?

Judging from Fang Shaoan's questioning manner, it didn't seem like he was faking his worry.

Xia Jinqi recalled that she had called Zuo Xiaoran many times that night. This girl didn't pick up either. The next day, when she went to school, she was also stuttering. Her expression was very unnatural.

Could it be... .. That something had happened between them that night??

Chapter 435: randomly pointing Mandarin Ducks, it seemed to be correct!

Xia Jinqi was just about to ask Fang Shaoan when Yan Jun walked over from afar.

He stood tall and straight, wearing a flaxen-colored suit. Against the light, the golden beam of light depicted his tall and slender silhouette.

Xia Jinqi was a little dazed as she watched... ..

Fang Shaoan, who was beside her, saw her gaze suddenly stop, so he followed her line of sight and indeed saw second young master Yan's awe-inspiring figure.

"Why are you here?" Yan Jun approached and spoke first.

His tone was neither salty nor indifferent, and there was even a hint of disdain in it.

He was blatantly disturbing the two of them?

Fang Shaoan snorted. "I'm here to talk to sister-in-law about taking photos! Don't worry, I've already said what I wanted to say. I'LL LEAVE NOW!"

He and Yan Jun had been good friends for so many years, and they didn't come here for nothing. He could tell at a glance what this kid was thinking!

He probably thought that he was a third wheel again, right?

Tsk Tsk, after being married for so long, why was he still so thirsty?

After humming, Fang Shaoan turned back to look at Xia Jinqi. "sister-in-law, the matter of the photo is settled! Let's meet another day!"

With that, he walked away, his back looking very dashing.

After he left, Xia Jinqi still had a smile on her lips that had not dissipated.

Yan Jun walked over. "What are you smiling about?"

"I'm smiling... we randomly picked a couple, it seems like we picked the right one!" Xia Jinqi felt a little confident in her heart ...

Regardless of whether they would succeed in the future, based on the current situation, there was something going on between the two of them... ..

Yan Jun did not pursue the matter. He only noticed that Wen Qing seemed to be in a good mood, so he opened his mouth to speak about today's matter. "I've found a place for Wen Qing to stay."

Wen Qing was unwilling to leave and insisted on staying in Rao city. She was not familiar with this place, so as an old friend, Yan Jun naturally had to act as a host.

As for the nanny he brought from Qingxin Garden, as long as Xia Jinqi was willing, she could ask the nanny about Wen Qing's recent situation at any time.

Xia Jinqi's expression froze slightly. After making an 'oh' sound, her mind began to wander.

Yan Jun knew what she was thinking. He reached out and held her hand on the table, tightening it slightly.

Xia Jinqi came back to her senses. Seeing his worried expression, she burst out laughing. "Do you think I'm jealous? I'm just thinking about how I'm going to take revenge tomorrow!"

As she spoke, Xia Jinqi pushed an invitation card that was originally on the table to Yan Jun. "yes, the invitation card is already here!"

When Yan Jun heard this, he looked down and saw Yan Qing and Xia Tianjiao's names written on a fiery red invitation card.

His insufferably arrogant brows raised slightly and he smiled meaningfully. "The fire is about to be ignited, and you still have the mood to hold a wedding?"

"En? What fire is about to be ignited?" Xia Jinqi asked instinctively.

However, Yan Jun shook his head and kept him in suspense. "You'll know when the time comes."

Some time ago, he pretended not to care and let Yan Qing Annex a lot of subsidiary companies.

The current Yan Qing seemed to be very glorious, but in reality, he had already emptied out the consortium. As long as one of the subsidiary companies had problems, he would be in a passive situation where he could not turn over the funds.

When the time came, it would be up to Yan Qing to go and beg his grandfather, or to come and beg him?

Xia Jinqi pursed her lips in disappointment, but even faster, she smiled evilly. "Are you free tomorrow? Come back to the Xia family with me?"

"Okay." Yan Jun nodded straightforwardly. There were a lot of things to do in the company, but since she had asked, he naturally would not refuse.

Looking at the bright light in her eyes, he smiled knowingly. "What bad ideas are you up to again?"

Chapter 436: just this once All Right?

"You'll see." She mimicked his tone, keeping him in suspense, with a sly look on her face.

She would not know, at the moment she, the small face in the light moonlight, is unspeakably bright and beautiful... ..

Especially that pair of big eyes that seem to be able to speak, with a bit of cunning, with a bit of scheming, like a night Elf, attractive soul.

Yan Jun black eyes gradually deep, but the ultimate restraint, reached out to pull her into the arms.

He sighed. "I heard from Wang Mang that there are many unfamiliar faces outside the courtyard?"

"Oh..." Xia Jinqi didn't expect him to notice so quickly. She said helplessly, "that day when Zhou Lingfang came to cause trouble, Ling Yue was worried about me, so she added guards outside."

As the leader of Lego, although Xia Jinqi didn't have dozens of bodyguards to protect her when she went out, it was normal for her to have a few bodyguards with her.

However, she was usually in Qingxin Garden, so there was no reason for her to bring Lego's bodyguards in.

Moreover, Qingxin Garden was not a place where anyone dared to barge in. As a result, Zhou Lingfang's sudden appearance that day had made everything very chaotic.

When Yan Jun heard this, his eyes were extremely sinister. When he recalled what happened that day, a wave of anger rose in his heart. "I will make her pay the price."

"..." Xia Jinqi withdrew from his embrace and met his black eyes with some pleading. "Forget it, Yan Jun. even grandma won't pursue this matter anymore..."

She had said that she would let Zhou Lingfang off this time.

But there would never be a next time!

Speaking of Grandma, Yan Jun's dark eyes darkened slightly as he pursed his lips in silence.

"Just this once? Alright?" Xia Jinqi shook his sleeve. She knew that he was a man of his word.

He would definitely make a move against Zhou Lingfang... ..

But if he did that, GRANDPA would hate him, right?

Yan Qing would hate him too.

Yan Jun still didn't speak, his expression extremely gloomy.

Xia Jinqi had no choice but to move closer and take the initiative to hug him. She whispered in his ear, "If you don't agree, I won't like you anymore!"

It was supposed to be a joke, but Yan Jun actually took it seriously. He raised his eyebrows as if it was a serious matter. "He dares?"

Xia Jinqi, "..."

Just as she was about to despise him, her stomach suddenly moved.

"Ah!" Xia Jinqi couldn't help but scream... ..

Yan Jun was also frightened by her and hurriedly asked, "what's wrong?"

Xia Jinqi's pupils slightly dilated. It took her a long time to focus. She looked at Yan Jun excitedly. "The baby moved!"

She stroked her bulging lower abdomen with a face full of surprise.

"really?" Yan Jun couldn't help but reach out and put his hand on the back of her hand.

"Yes!" Xia Jinqi nodded repeatedly with an uncontrollable smile on her face... ..

Perhaps feeling the anticipation of her parents, the little guy in her stomach moved again.

Yan Jun and Xia Jinqi both felt it. The two of them looked at each other and smiled. Their hearts were unbelievably soft.

Baby.

I really hope that you will be born soon.

Safe and sound, healthy and healthy.

..

July 29th.

It was said that today was an auspicious day for marriage.

Xia Jinqi went back to the Xia family with Yan Jun early in the morning.

Today was Xia Tianjiao's wedding day. The Xia family, which was supposed to be jubilant, was somewhat miserable.

There wasn't even a single person at the door to welcome her... ..

Xia Jinqi thought that she had misread the date on the wedding invitation. She walked all the way in and grabbed a servant to ask. Only then did she realize that today was indeed Xia Tianjiao's wedding day.

“Why is it so quiet at home?” Xia Jinqi was very puzzled. She looked left and right, but there weren’t any lanterns or streamers that she had used when she got married.

Chapter 437: a gentleman’s revenge is never too late.

The Servant stammered for a long time before saying, “master didn’t agree to this marriage and refused to attend the wedding. He left early in the morning and even told us not to make a fuss about it, so...”

Xia Jinqi didn’t expect such a situation to happen, so she waved her hand to dismiss the servant.

She turned her head to look at Yan Jun and found that the latter was looking up into the distance. Following his line of sight, she happened to see Xia Chuanxu who had just walked out of the villa.

“I didn’t expect father to actually refuse to attend the wedding...”

“Two daughters marrying into the Yan family will make people think that he is greedy for the Yan family’s property, which will be detrimental to his official career,” Yan Jun explained before holding Xia Jinqi’s hand and walking forward. “Didn’t you say that you want to take revenge for one Arrow?”

Hearing his reminder, Xia Jinqi finally remembered her true purpose of coming here today.

After instructing the bodyguards who were accompanying her, Xia Jinqi turned her head to look at the villa that was getting clearer and clearer. “When I got married back then, Xia Tianjiao gave me a big gift. It was right here, and I still remember it.”

Xia Jinqi pointed to a spot below the villa and gestured to Yan Jun..

That day, Xia Tianjiao poured a bucket of ice water from upstairs while she was standing at that spot.

At that time, she was drenched in cold water and her body was burning up. Her head was also burning up, which was why she ran away from the marriage... ..

After Yan Jun found out, he once despised her for being useless.

However, at that time, her parents protected Xia Tianjiao. Her relationship with Yan Jun wasn’t good, and Lego didn’t choose a leader. She didn’t have any backers, so she could only choose to endure.

As the saying goes, it’s never too late for a gentleman to take revenge.

Her patience had earned her the strength she had today.

Yan Jun followed her line of sight and looked over. However, what he remembered wasn’t her drenched body that day, but..

“I’m sorry for letting Yan Qing come to welcome the wedding that day.”

That morning, Yan Jun indeed had a very important meeting that he couldn’t get away from. He had let Yan Qing go because he wanted to test her... ..

But who knew that he would love her so deeply in the future.

If he had known earlier, he would have personally come to welcome the wedding on the wedding day.

However, Xia Jinqi smiled and shook her head. "It's alright."

Yan Jun saw the bitterness on her lips, and many thorns grew in the bottom of his heart, stinging him.

The two of them stood there for a while, only to hear a commotion in the Villa. Then, they saw Xia Tianjiao wearing a pure white wedding dress, slowly walking over while surrounded by a group of servants.

The exquisite bride's makeup made her look extremely good. Coupled with her unafraid and willful expression, it was as if she wanted everyone in the world to know that she was the most beautiful bride today.

Xia Jinqi smiled as she waited for Xia Tianjiao to walk up to her. "congratulations, second sister."

Xia Tianjiao's mood didn't seem to be disturbed by her father's absence, especially when she saw Xia Jinqi's arrival. The expression on her face became even more smug.

"Fourth Sister, I'm so glad that you're here. The one who came to marry me today is my real husband." After saying this, Xia Tianjiao glanced at Yan Jun, hinting that when Xia Jinqi got married, it was someone else who came to welcome her.

"That's really something to congratulate." Faced with Xia Tianjiao's provocation, Xia Jinqi's heart didn't waver at all. She even deliberately went forward to pull Xia Tianjiao. "second sister, you're really charming today..."

Xia Tianjiao snorted arrogantly. "OF COURSE!"

She was only focused on enjoying the pleasure of crushing Xia Jinqi. She didn't notice Xia Jinqi's actions at all. She couldn't help but be pulled to a specific spot and stood there.

Chapter 438: Return the favor

Xia Jinqi looked at the obedient Xia Tianjiao with satisfaction. When everything was ready, she took a big step back and looked up at the sky.

Xia Tianjiao still didn't know anything and started to show off her wedding dress. "You know my wedding dress is... Ah! !"

Before she could finish, a sharp and hurried scream replaced her words! ! !

A bucket of ice water fell from the sky and accurately fell on Xia Tianjiao's body!

Furthermore, Xia Tianjiao was standing in the exact spot where Xia Jinqi had once stood!

The same position, the same circumstances.

History was always astonishingly similar.

Xia Tianjiao was completely stunned. She stood rooted to the ground like an ice sculpture. Her mouth was wide open as she stared in disbelief at her soaked hands and the soaked, HIGH-END CUSTOM-MADE WEDDING DRESS! ! !

A series of gasps could be heard from the surroundings. All of them were dumbfounded.

Today, the Xia family did not invite any guests. The servants in the residence were all from the Xia family. They all knew what happened to Xia Jinqi when she got married back then.

Now that they saw Xia Tianjiao in this state, none of them felt any sympathy. On the contrary, they felt that it was not that they were not going to repay her, but that the time had not come yet! ! !

In addition, Xia Tianjiao was usually arrogant and domineering in the residence. Everyone felt that they were united against a common enemy!

One sentence was enough to satisfy everyone's hearts! ! !

Xia Jinqi, who had long retreated to the safety zone, looked up at the balcony on the second floor. It was the bodyguard that she had just sent away.

The bodyguard understood and turned around to leave.

Xia Jinqi's gaze once again fell on Xia Tianjiao, who was already drenched in water.

Yan Jun, who was watching from the side, suddenly understood. "You want to give her a taste of her own medicine?"

Xia Jinqi nodded and walked towards Xia Tianjiao step by step.

The surrounding servants all retreated. No one was willing to go forward. No one was even willing to give her a towel.

It could be seen just how annoying Xia Tianjiao was on a daily basis... ..

Xia Jinqi stopped five steps away from her.

The ground was very wet, and it was still spreading.

"This is the gift you gave me on my wedding day. Today, I will return it to you intact." Xia Jinqi stood quietly on the spot. Her clear and cold gaze was like the moon as she stared at Xia Tianjiao's twisted face.

It was this face that was not much different from when she was a child. She had mocked her countless times for being a little trash, saying that she was an idiot whose parents did not love her.

Xia Jinqi was very glad that she did not distort her personality through years of denial and abuse.

She was very glad that she had grown up healthily and had a sound mind.

She thought that at this moment, she was her hero.

She was thankful that she did not become twisted and dark.

Xia Tianjiao's heart was filled with happiness and pride just now, but now, it was filled with anger and hatred!

Her eyes were about to pop out of their sockets as she viciously cursed at Xia Jinqi, "you little trash! How dare you..."

HER WEDDING HER WEDDING DRESS HER MAKEUP!

It was all ruined It was all ruined!

It was all because of this little trash in front of her!

Xia Tianjiao suddenly roared and pounced at Xia Jinqi with bared fangs and brandished claws!

The moment she moved, many people immediately stood around her and protected Xia Jinqi.

Xia Jinqi looked at her through the bodyguards "You want to steal everything that I've owned since I was young. "You want to marry Yan Qing because you want to compete with me and prove that you can marry into the Yan family too, right "Xia Tianjiao, actually, you're much more pitiful than me. "At least I know what I want and work hard for it. "You're the pitiful one. You don't even know what you want and only know how to be manipulated by others. "

Chapter 439: If it was any later, it would be too late!

As she said this, Xia Jinqi inadvertently looked up at a window in the villa.

When Xia Jinqi's gaze reached the window, the curtains in the window were immediately lowered.

Xia Jinqi knew that it was her eldest sister's room. She was the one who was hiding behind the scenes and controlling everything.

Poor Xia Tianjiao. She didn't even know that she had been used as a gun and still foolishly thought that she was about to obtain happiness.

"What do you know? Yan Qing really loves me! We..." Xia Tianjiao wanted to refute, but there was already a commotion outside the door.

It was Yan Qing who came to pick up the bride.

This was the second time Yan Qing came to the Xia family to pick up the bride.

It was really ironic. The first time he picked up the person he loved, but it was not to marry him.

The second time he picked up the person who was going to marry him, but it was not the person he loved.

He walked to the inner courtyard with ease and saw Xia Tianjiao, who was drenched, confronting Xia Jinqi.

His footsteps were slightly stiff. Yan Qing walked over, but his gaze stopped on Xia Jinqi.

The clothes she was wearing were getting more and more loose. It seemed that the child was slowly growing up... ..

She looked pretty good as well. It seemed that her body was no longer in danger.

Recently, Yan Qing had not been able to find a chance to get close to her. He did not expect to meet her here today... ..

Xia Jinqi's gaze was also looking over at this moment, but it was filled with indifference and alienation.

Yan Qing wanted to open his mouth to call her name, but it was suddenly stuck in his throat.

Turning his head, he saw Yan Jun stopping at a place that was neither too far nor too close. He stared at them without saying a word, as if he was an outsider who calmly watched everything happen.

Since Xia Jinqi wanted to settle old scores by herself, he would not interfere.

The two of them did not speak. Xia Tianjiao had already chopped off her feet and shouted angrily, "Yan Qing! Why are you looking at her?!"

Only then did Yan Qing turn his head and look at the drenched Xia Tianjiao. There was not a hint of pity in his eyes. He pulled her hand and said, "let's go. There's no time."

"What? You want me to wear this?" Xia Tianjiao asked in disbelief. She reached out and lifted her dripping skirt. She even wanted to kill Xia Jinqi!

Unfortunately, Xia Jinqi had brought her bodyguards today. She was in a hurry to get married, so she didn't have the chance and time!

"It'll be too late if we don't hurry!" Yan Qing didn't care and dragged her away.

Firstly, it was indeed too late. Secondly, Yan Qing could roughly guess who did this to Xia Tianjiao.

If he didn't take her away, he was afraid that she would hurt Xia Jinqi... ..

After the two of them were dragged away, Hong Xianglin rushed out of the villa.

She only went to the bathroom, and when she came out, she heard that little four had splashed his penis with ice water!

She came out in a Huff, and Hong Xianglin pointed at Xia Jinqi's nose and scolded without any explanation, "that's your second sister! How could you do that?"

If Xia Jinqi had heard her mother's criticism in the past, she would definitely have been very sad.

She had done the same thing as Xia Tianjiao, and Xia Tianjiao had been protected in every way, so she had to be scolded.

This difference in treatment really didn't contain a single bit of it.

But fortunately, she now knew that the woman in front of her was not her biological mother. It was understandable that she would hate her so much.

Moreover, after knowing her background, Xia Jinqi would never call Hong Xianglin 'mother' again.

Chapter 440: feeding an unfamiliar little enemy!

"She's not my second sister," Xia Jinqi replied, her beautiful eyes unperturbed.

She was speaking the truth, but Hong Xianglin thought she was speaking out of anger. She scolded again, "you don't even acknowledge your family anymore, do you? To think that your father said that it was hard for you to get pregnant and insisted that I make soup for you! You really are an unfamiliar little enemy!"

When Hong Xianglin was angry, she could curse out anything.

Compared to the methods she used on Xia Jinqi in the past, the words she cursed out today were really too light.

Xia Jinqi did not take it to heart. Yan Jun, who had been watching the show from behind, finally walked up at this time.

He extended his big hand and wrapped it around Xia Jinqi's waist. Yan Jun's eyes darkened and he looked at Hong Xianglin threateningly. "Ah Jin is now my Yan Jun's person. Mrs. Xia, before you speak, you'd better weigh your own priorities."

Yan Jun also knew that Xia Jinqi was not Hong Xianglin's biological daughter, so there was no need to be so polite to her.

Sure enough, Hong Xianglin lost her arrogance in an instant. She only stared at Xia Jinqi angrily, as if she had a great hatred.

Xia Jinqi turned around to look at Yan Jun gratefully. "Let's go."

"Okay." Yan Jun nodded and took her away.

Xia Jinqi didn't need to turn around to know that Hong Xianglin was staring at her with a gaze that could kill... ..

It seemed that it would be better for her to return to the Xia family less in the future.

Of course, if it weren't for the return of gifts, she wouldn't have been willing to take a step into this place.

After Xia Jinqi left, the courtyard suddenly became much quieter.

Xia Chuanxu leaned against the pillar and watched this first good show. He admired his fourth sister a little more.

It was truly a three-day separation from a scholar. He had to look at her in a New Light.

It had only been a few months since they last met, but his little sister had already grown to be so powerful.

Deep in thought, his eldest sister, Xia Mingzhu, walked out of the room.

From the looks of it, she was also rushing to attend the wedding.

Xia Chuanxu laughed coldly and said, "eldest sister is really smart. When the birds and clams compete, the fisherman will reap the benefits. Without any effort, she managed to get Yan Qing's sponsorship."

Xia Mingzhu's footsteps stopped. She turned her head and saw that it was Xia Chuanxu. Her Big Red Lips parted into a smile. "It's third brother. How am I as smart as you? You already know that fourth sister is not a common person, right?"

The siblings had been fighting for many years and had formed their own parties for personal gain. They were both extremely well-hidden people.

"fourth sister is extraordinary to begin with. It's just that no one has exploited her potential. If she had the intention to participate in the battle between us, I'm afraid that neither of us would be her match." Xia Chuanxu had always thought highly of Xia Jinqi from the start.

However, at first, he felt that although this fourth sister was shrewd, she was too kind-hearted. Such a person would be tied down by many things, and it would be difficult for her to achieve great things.

But now, it seemed that fourth sister had unknowingly grown to such an extent.

She knew how to fight back.

Only then would things become interesting.

Ever since she was young, the last thing Xia Mingzhu wanted was to admit defeat, let alone admit that she was not even as good as the youngest trash in her family?

"whether or not you're a match, we'll know after we try! Just you wait and see!" Xia Mingzhu left with quick steps after throwing down her vicious words.

She did not believe that Xia Jinqi was really that powerful?

Xia Chuanxu watched her leave with his eyes and smiled leisurely. "Big sister, you're still so competitive. Don't forget that fourth sister has Yan Jun behind her."

It was best not to even think about the cold-faced King of Hell's methods.

Outside the Xia family home.

Xia Jinqi had just sat in the car when Yan Jun leaned over and fastened her seatbelt.
