

## Tick Me 441

### Chapter 441: When did become so close to his wife?

“Are you going to attend the wedding?” He asked in a deep voice.

“No.” Xia Jinqi shook her head. Why would she go to the wedding of an unimportant person And... “I have an appointment with Ji Yunjing. After that, I have to go to school. Why don’t you go to the company first?”

Hearing this, a hint of displeasure appeared in Yan Jun’s pitch-black eyes. “Ji Yunjing? Are you very familiar with him?”

Xia Jinqi had never mentioned him before. Why did they have such a close relationship in private now?

“Uh, not really... but we’ll get closer in the future!” Xia Jinqi smiled and did not tell Yan Jun about her relationship with Ji Yunjing ...

When she was at Ji Yunjing’s house, she promised him that she would not reveal her relationship with the Ji family to others for the time being, including Yan Jun..

Yan Jun did not know about the relationship between the two of them, but when he saw Xia Jinqi smile so brightly when she mentioned Ji Yunjing, he was a little unhappy.

“Do you want me to go with you?”

“No need,” Xia Jinqi refused flatly. “It’s on the way. I’ll send you to the company first, then I’ll go to the appointment.”

Xia Jinqi said excitedly. When she thought about how she could hear a lot about her biological mother from Ji Yunjing, she couldn’t help but feel excited. How could she care about Yan Jun’s feelings?

Yan Jun’s face darkened the whole time, and he was very depressed.

This Ji Yunjing... .. When did he get so close to his wife ? ?

Just like that, one of the husband and wife went to the appointment with joy, while the other went to the office with a gloomy face.

Neither of them were interested in the so-called grand wedding today.

“...”

Xia Tianjiao arrived at the wedding venue wearing a wet wedding dress.

She complained and complained all the way, but Yan Qing didn’t care about her at all. He just wanted to end this damn wedding as soon as possible. How could he care about the wedding dress she was wearing?

Later, Hong Xianglin rushed over to the wedding dress shop on the way and brought a set over for Xia Tianjiao to change into.

After changing into the wedding dress, she asked the makeup artist to quickly touch up her makeup before she could reluctantly go out to meet people.

“This Damn Xia Jinqi! I will definitely not let her off!” Xia Tianjiao gritted her teeth and cursed. She tugged at the Hem of her dress, her face full of disgust! “Mom, what kind of wedding dress are you holding? The fabric is so lousy! I can tell it’s low-end at a glance!”

Hong Xianglin had no choice. “Just make do with it, Jiao Er. Time is of the essence. It’s already not bad to be able to buy a dress like this! Where can I find a custom-made Italian wedding dress for you?”

Xia Tianjiao stomped her feet angrily, her face filled with unwillingness!

“Mom You have to teach that fourth brother a lesson She actually threw water at me If it wasn’t for her, why would I be in such a sorry state THIS IS MY ONCE-IN-A-LIFETIME WEDDING!” Xia Tianjiao grumbled as she thought about it I must take care of that trash!

Hong Xianglin didn’t have time to care about her daughter. She called Xia Jitian several times, but no one picked up.

Seeing that the wedding was about to start, Xia Jitian was still nowhere to be seen... ..

He might really not come.

Hong Xianglin was also in a dilemma. She could only pull Xia Tianjiao. “Jiao Er, your father might not be able to come because he has something on. It’s the same if mom takes you to the red carpet later!”

She really doted on her daughter. Even though Xia Jitian strongly opposed it, she still supported her daughter to hold the wedding.

Xia Tianjiao nodded impatiently. “I know, I know! If he doesn’t come, then he doesn’t come. I don’t care! Don’t tell me that if he doesn’t come, then I won’t be able to receive his blessings?”

#### **Chapter 442: I’m not willing.**

Whether her father came or not was the same to her. The most important thing was that she was about to fulfill her wish and marry into the Yan family!

Hong Xianglin saw that she did not seem to be sad, so she was relieved. She stuck her head out and looked outside. “where’s Yan Qing? Why hasn’t he come to see you?”

It was only at this moment that Hong Xianglin realized that something was not right.

If Yan Qing really loved Jiao Er, why would he let Jiao Er wear a wet wedding dress to the wedding and not let her change into a new wedding dress?

At this time, there was no one there to comfort Jiao Er at all.

Xia Tianjiao did not feel that something was wrong. Instead, she complained to her mother, “Oh my God! There are so many guests outside. Yan Qing must have gone out to entertain them! Come and help me fix this damn dress. Why can’t it be pressed down?”

“...”Hong Xianglin averted her gaze with doubt and went to help Xia Tianjiao with her work.

The wedding was about to begin.

Yan Qing was wearing a black suit. His tall figure stood at the wedding venue. A Hint of mockery flashed across his brows.

Look at the people coming and going. Usually, they had nothing to do with him. Knowing that he had been promoted to the vice president of the Yan Corporation, they all squeezed their heads out to attend his wedding.

Unfortunately, today's wedding was destined to be a farce.

At this moment, the emcee walked over. “Mr. Yan, the auspicious time has arrived. Can the wedding begin?”

Yan Qing nodded and roughly swept his gaze across everyone present. He then followed the emcee's footsteps and went to the side to wait.

After that was the wedding process.

First, the master of ceremonies would say a few words, then the groom would enter, and the bride would enter.

When the bride entered, the quiet guests could not help but start a small discussion.

“How is it that mother is bringing her daughter into the venue? Mr. Xia did not come?”

“I heard that Mr. Xia did not agree to this marriage at all. He is about to explode with anger! How is he still willing to come?”

“What is there to be angry about? Although Yan Qing is a bastard, he has also become the vice president of the Yan family!”

“You are really stupid to say that you are stupid! This Mr. Xia's youngest daughter has already married Yan Jun, and now he has married his second daughter to Yan Qing. You should weigh the relationship between them!”

“... This Yan family is really a popular family! As long as it's a woman, they all want to marry into it!”

Xia Tianjiao, who was walking down the red carpet, did not miss the discussion of these people.

Hong Xianglin's expression had completely changed, but she did not take it to heart at all. She only felt that these people were just saying these things out of jealousy!

She was about to realize her dream. No matter who said it, it would not affect her!

Yan Qing stepped down from the stage and took Xia Tianjiao from Hong Xianglin's hands, bringing her to the master of ceremonies.

Xia Tianjiao looked at the gentle and elegant man standing beside her with a blissful expression. She could not help but start fantasizing about the happy life she would have with him in the future... ..

Therefore, when the master of ceremonies asked her if she was willing to marry him as her wife, she would be with him for the rest of her life, regardless of whether she was born, aged, sick, rich or poor. She answered without hesitation, "I am willing! "!

Today's wedding was still so beautiful until now.

Many of the people who were watching the ceremony were very touched.

After all, putting aside their identities, who wouldn't want such a grand wedding scene and such a handsome and decent husband?

Xia Tianjiao was even more elated, her heart was so happy that it almost jumped out of her chest!

However, in the next second, when the emcee asked Yan Qing, he changed his usual attitude and coldly lifted his lips, "I'm not willing."

### **Chapter 443: what happened to the beautiful love?**

There was not a hint of emotion in Qing lingling's voice. Along with the cool summer breeze, it spread throughout the entire wedding venue... ..

Everyone was stunned.

Including Xia Tianjiao and the emcee.

The emcee thought that he had misheard, but when he took a look at the auditorium, everyone had a shocked expression on their faces... ..

Could it be that so many people had misheard at the same time?

He cursed silently in his heart, but the emcee did not have the courage to ask a second time.

What if he had really misheard and messed up the wedding, then his job would be gone!

Xia Tianjiao broke the silence.

"What did you say?" Shee asked YannQingg in disbelief. Thee happiness on her face had long disappeared.

"I said, I don't want to marry you." Yan Qing did not stop for a moment. He repeated what he just said, "not only today, but also in this life, I will not marry you because I don't love you at all."

The cold words, one word after another, were extremely clear!

Xia Tianjiao was dumbfounded. She anxiously looked at him, hoping to see something she wanted to see, but unfortunately... ..

On Yan Qing's handsome face, there was not a hint of pain. Even the corners of his lips were filled with mockery and disgust!

Where was the slightest bit of love?

“No... you must be joking with me, Yan Qing... you said you would marry me, and you even held such a grand wedding for me...” Xia Tianjiao kept shaking her head. Her fair face suddenly lost all color, and her face was as pale as a ghost.

She subconsciously turned her head to look at the guests below the stage... ..

Everyone looked at her with shock, suspicion, disdain, and disdain... ..

Wasn't today her wedding Shouldn't she be the happiest person?

Why were these people looking at her like that?

Gritting her teeth, Xia Tianjiao suddenly reached out and grabbed Yan Qing's arm tightly. She questioned him like she was crazy, “say something! You're lying to me, aren't you? !”

Yan Jun was pulled sideways by her.

He lowered his eyes and looked at the woman in front of him with cold eyes.

He lowered his voice and opened his mouth with a volume that only the two of them could hear. “Yes, I lied to you. I never loved you!”

“...” Xia Tianjiao's pupils constricted and her hand that was holding onto him suddenly lost its strength.

It was as if she had been hit on the head by a huge wooden mallet. She only felt a buzzing sound in her ear and her mind went blank. She could no longer stand and fell to the ground... ..

Yan Qing did not look at her anymore. His cold face was gloomy.

He stretched out his hand and flicked the sleeve that Xia Tianjiao had pulled just now, as if it was stained with some kind of filthy disgust.

Yan Qing turned around and left resolutely, without the slightest bit of nostalgia.

The entire venue was stunned... ..

Until a few seconds after Yan Qing left, there was complete silence!

Who would have thought that such a good wedding would suddenly disappear?

When they came, they had heard that this pair of newlyweds loved each other to the death. In order to marry the man, the woman even refused to acknowledge her father!

What happened to the beautiful and tragic love?

Yet again, reality gave them a firm slap on the face... ..

A minute later, everyone came back to their senses.

Everyone looked at Xia Tianjiao who was still at the wedding venue

Many reporters seized this opportunity to surround her!

“Miss Xia, may I ask what's going on? Why would Mr. Yan break off the engagement in public?”

“are your love stories all fake? ”

#### **Chapter 444: love is a ray of light, so green that you panic**

“I heard that in order to marry Yan Qing, you even betrayed your biological father. Now that things have come to this, what do you think? ”

Faced with the reporter’s questioning, Xia Tianjiao’s gaze was chaotic, and her body was trembling lightly!

She bit her lower lip hard, and her Pale fingertips pierced deeply into the grass!

She didn’t even want her father anymore, and she still had to marry Yan Qing!

But in the end... ..

She actually... .. was publicly repudiated ! ! !

It was all because when Yan Qing came to pick her up in the morning, Xia Jinqi poured a bucket of ice water on her, causing her to be in such a sorry state CAUSING HER TO BE ABANDONED Causing her to become everyone’s joke ! ! !

“May I ask if the existence of a third party has destroyed your relationship? ” The reporter continued to ask.

Xia Tianjiao could not help but feel a shock in her heart. A third party?

That’s right!

She would never turn herself into such a miserable person!

Xia Jinqi, I’m in such a miserable state, don’t even think about resting comfortably! ! !

She stood up expressionlessly and faced the camera. Every word she said was clear and clear, “that’s right! A THIRD PARTY HAS DESTROYED US! Furthermore, that third party is pregnant with his vile spawn! ”

The moment these words were said, the entire venue was in an uproar! ! !

The reporters dug for news like crazy. “Then do you know who this third party is, Miss Xia? ”

“Of course I know! ” Xia Tianjiao straightened her neck and looked straight into the camera. “It’s that IDIOT FOURTH SISTER OF MINE! She shamelessly seduced my fianc??! ”

Everyone sucked in a breath of cold air... ..

“fourth sister? Isn’t that the Xia Jinqi who married Yan Jun? The child in her belly isn’t Yan Jun’s? ”

“Oh my God, does that Yan Jun know? ”

“I feel like I’m looking at a green prairie... ”

“They were showing off all kinds of affection before! It’s really... Love is a ray of light, so green that you’re panicking!”

“Yeah, yeah, this circle is really messy...”

Xia Tianjiao took a deep breath and listened to the discussions around her, then sneered again.

I have nothing left... ..

Xia Jinqi, I want you to taste this kind of bottomless pit with me!

Even if Yan Jun can protect you and trust you, the condemnation of public opinion will make you unable to withstand it!!

I’ll wait, I’ll wait for you to be a thousand times more embarrassed than I am today!

“...”

After coming out of the wedding, Yan Qing gave Yan Youcheng a call.

“Dad, I’ve already done as you said and abandoned this marriage.” His voice was very calm, as if he was saying, Dad, I just ate a meal.

Soon, Yan Youcheng’s satisfied voice sounded in his ear, “okay, I can let your mother continue to stay.”

Hearing this, Yan Qing hung up the phone without any reluctance.

The conversation between father and son was simple and crude. It was nothing more than trading and being traded. There was no more nonsense.

He had never intended to marry Xia Tianjiao in the first place. From the very beginning, when he had allowed her to hold this wedding, he already had the idea of breaking off the engagement.

He had said that if there was still a chance between him and Xiao Qi now, then if he really married Xia Tianjiao, there would be no chance at all between them.

It just so happened that his father used the reason of keeping his mother to blackmail him into giving up the marriage. He took the opportunity and killed two birds with one stone.

As for Xia Mingzhu’s cooperation... .. Hmph, he was now the vice president of the Yan Corporation. He could do whatever he wanted. Why would he need to be manipulated by a woman like her?!

Yan Qing thought that this matter would end here.

However, he would never have thought that after he left, Xia Tianjiao would come up with such a lie... ..

In less than half an hour, the child that Xia Jinqi was pregnant with was Yan Qing’s. This news spread throughout Rao city.

It was said that the satellite photos of Rao city that day were all green... ..

**Chapter 445: is this your way of taking revenge?**

After leaving the wedding venue, Li Dongwen's phone call came in.

"President, something happened."

"What happened?" At that time, Yan Qing had just opened the door of the convertible sports car. When he heard Li Dongwen's tone, he knew that something big must have happened.

Li Dongwen had also just received the news. "Yan Jun secretly took control of five of our companies and cut off our capital chain."

"What? Wasn't everything fine before? When did he do this?" Yan Qing got in the car, turned on the speaker, and stepped on the gas pedal as he sped towards the company.

"I'm afraid that he set this up early on. He waited for us to take over the five companies before he slowly closed the net."

"Damn it!" Yan Qing slammed the steering wheel and took off his Bluetooth earpiece. He was extremely anxious!

What a good Yan Jun who cultivated in the open, but secretly did things in the dark!

If he didn't make a sound, then he was done. If he made a sound, then he would shock everyone!

If he didn't make a move, then he was done. If he made a move, then it would shake the sky!

On the surface, he didn't seem to care about the Yan Corporation. Even when Yan Qing snatched the Asia Pacific, he didn't even raise his eyebrows... ..

Outsiders thought that Yan Jun was going to go out of style. They didn't expect him to actually make such a big move in the dark?

The funds of the five companies were all cut off Was He trying to force him into a corner?

Asia Pacific's money was once again used to win over the hearts of people and Xia Mingzhu. How was the subsidiary company going to operate?

Driving all the way to the company, Yan Qing burst into Yan Jun's office with a murderous aura that permeated his entire body!

"Clang!" The secretary had just found the newly published news web page and handed it to Yan Jun when he heard a loud bang behind him!

Turning his head in fear, he saw that it was the person who was the talk of the town on the news this time. The secretary immediately shrunk his head and retreated to the side.

Yan Jun only had time to glance at the news section on the tablet before his thoughts were interrupted by Yan Qing's questioning "You've already planned this all along? You're just waiting for me to take the bait? Those five companies, they were all prepared by you all along, weren't they?!"

Yan Qing did not intend to conceal his irascible and unbridled anger.

When he finished shouting these words, he lowered his gaze and just happened to see the contents of a tablet placed in front of Yan Jun..

The pure black square font was thickened.

[ a Pearl Birth is secretly tied? ! A MARRIAGE BETWEEN A wealthy family! An incestuous relationship between an uncle and his niece-in-law? ! ]

The pictures were of Xia Tianjiao, who was wearing a wedding dress and had a face full of despair, as well as... .. Him and Xia Jinqi ! !

His heart trembled, and a hint of surprise flashed across his pure black eyes. Yan Qing reached out his hand to grab the tablet and flipped through it carefully.

Only then did he realize that after he left, Xia Tianjiao had actually spouted nonsense in front of the media!

This detestable woman She was really haunting him! ! !

While Yan Qing was deep in thought, an extremely cold voice that contained a hidden awe-inspiring might rang out. In an instant, it chilled the entire room!

“This is your method of revenge? ”

Yan Jun looked at the man in front of him with a cold gaze. A soul-stirring coldness rose in his eyes. It was so cold that it broke one’s heart and bones!

To Yan Jun, who had a quick glance, he already knew what the report meant with just that one glance.

It was already unexpected for Yan Qing to hold the wedding so quickly. Who knew that he would actually break off the engagement in public?

Did he deliberately provoke Xia Tianjiao so that she would tell such a big lie to the media?

Once such a piece of news was released, Yan Jun knew very well what Xia Jinqi and he would face next!

Yan Qing, on the other hand, was suddenly shocked. He was actually intimidated by the murderous aura emanating from this kid’s body, and his back stiffened slightly. It was as if an invisible hand was ruthlessly strangling his throat, and even his breathing stopped for a moment!

#### **Chapter 446: Xiao Qi is pregnant with my child**

Just by standing face to face, he could even feel his soul being suppressed!

It was very obvious that in terms of imposing manner, he was completely inferior to Yan Jun..

But he was unwilling!

He was also the blood of the Yan family, so why was he inferior to Yan Jun in every aspect?

Didn’t he go all out to fight with Yan Jun in order to prove himself?

In the end, no matter how meticulous he was, he still fell into Yan Jun’s evil scheme in the end!

The company that he had fought so hard for could not be operated, and the consortium was hollowed out. In the future, his days in the Yan family could only be filled with difficulties!

And Yan Jun would be the rightful winner!

The feeling of failure suddenly attacked Yan Qing. He gritted his teeth, and he did not care at all!

He was not reconciled!

He was too unreconciled!

Why was he always the one who lost Even the heavens were on Yan Jun's side?

No... .. He would never admit defeat so easily ! !

The moment his red eyes hung down, he just happened to glance at the news page on the tablet.

The darkness in the bottom of his heart was instantly magnified.

He let out a meaningful sigh, and the smile on his face flickered between brightness and darkness, as terrifying as ghosts and monsters.

He raised his eyes to look at Yan Jun, as if he had grasped the most powerful evidence. "No wonder you're so angry. Is it because you know that Little Qi's child is actually mine? "

The deliberately distorted truth, accompanied by a sinister smile on Yan Qing's lips, turned into thousands of giant arrows, shooting toward Yan Jun's heart!

The cold black eyes suddenly constricted, and Yan Jun's dark eyes instantly tightened Yan Qing's grip!

"What do you mean? "

"The meaning is very simple. " Yan Qing smiled. To be able to make Yan Jun reveal such an expression, it really wasn't easy... .. "the child that little Qi is carrying is my child. "

Even if the price was to make him lose his last shred of conscience.

Xie Wantonly and sneering words echoed into Yan Jun's ears.

Yan Jun Xuan's brows furrowed, and the hands behind his back trembled heavily!

It wasn't that he didn't know what Yan Qing and Zhou Lingfang were thinking!

But when he personally heard Yan Qing's words, it was another kind of scene!

After all, ah Jin and Yan Qing used to... ..

Yan Qing saw Yan Jun's silence.

He was Smug, enjoying the pleasure of being in the upper hand!

"She didn't belong to you in the first place! I was the one who took the initiative to ask to marry her! If you hadn't interfered, how could she have been forced to marry you? "

Xia Jinqi was an eternal topic between them apart from the Yan family.

Yan Qing had forgotten that true love shouldn't be like him, treating her as an object to show off and fight for.

Yan Jun narrowed his long and narrow eyes. His heart, which had been in a mess for a moment, had already been quietly hidden away.

The overwhelming killing intent also dissipated in an instant.

The dark pupils that were as dark as the night were incomparably deep. However, the crafty thin lips curled up into an arc, clear and shallow yet full of deep meaning. "Do you think that I will be defeated by your few words? Yan Qing, you really look down on me."

Yan Qing paused slightly, not understanding what he meant by these words.

Could it be that he did not care at all about whose child was in Xiao Qi's stomach?

He had already said this... ..

The smile on Yan Jun's lips became even more wanton. His dark eyes were filled with a depth of fearlessness in the face of danger, as well as the savagery of strategizing.

He reached out to take out a document that had just been opened from his drawer and threw it in front of Yan Qing.

"Open it and take a look."

Yan Qing frowned and picked up the document with a shake of his hand. When he saw the end, the disguise in his eyes suddenly collapsed!

This was A... .. DNA paternity test result book !!

#### **Chapter 447: is competing with me Are you even worthy? !**

Turns out... .. turns out that Yan Jun had already done a paternity test ? ?

Yan Qing's hand, which was holding the result book, trembled again!

So, what he said in front of Yan Jun just now had been seen through long ago?

In vain, he was still complacent, thinking that he could use this to hurt Yan Jun... ..

A huge sense of defeat suddenly swept toward Yan Qing from all directions.

He pursed his lower lip and forced himself to calm his panicked heart, quickly finding Yan Jun's weakness.. "Ha... .. So what if I know that the child is yours ? Does Little Qi know about this report ? You did such an appraisal behind her back. It's obvious that you don't trust her. The relationship between the two of you isn't invincible ! Yan Jun, as long as there's still a gap between the two of you, I still have a chance ... ..

As if Yan Qing had hit the nail on the head, Yan Jun's brows slightly furrowed, and his pitch-black eyes darkened.

“Is that so? Then let me see how you can stir up trouble.” With a disdainful SNORT, Yan Jun had already bent his fingers and placed them on the table.

A dull sound suddenly spread out, reminding Yan Qing, “with such a news, shouldn’t you pay a little price?”

“WHAT PRICE?” Yan Qing was suddenly stunned, he still did not understand.

Yan Jun’s illusory laughter had already sounded out, “the Yan Corporation’s stock price will continue to fall, and you, without the consortium and the company, what are you going to feed the lackeys around you?”

Hearing this, Yan Qing came to a realization. He had almost forgotten that he was also in deep trouble now!

And all of this was because of this man in front of him!

“What is there to be proud of? You are also a member of the Yan family. Your newly established consortium will also be affected!” Yan Qing snorted angrily. He clenched his teeth tightly, and the veins on his forehead were about to burst out!

The smile on Yan Jun’s lips still had not disappeared. There was a calm expression that was half true and half false, “did I tell you that my consortium is the Yan family’s?”

“You!” Yan Qing’s face was full of shock again, “What on Earth have you done?”

Yan Jun did not talk more with him. He just leaned lazily on the chair and said with a clear voice like an absolute winner, “compete with me? Are you worthy? !”

He had lost miserably and still did not know which part of his skills were inferior to others. Could it be that his grandfather admired him for this?

Yan Jun narrowed his long and narrow eyes, and his heart was slightly cold.

When Yan Qing came to the company, he deliberately did not go to the company for two weeks, in order to give a step to Yan Qing and see if he could grow up to be a well-matched man.

He did not expect that he would still be so vulnerable.

Yan Qing’s heart trembled, and he felt a rush of air rise from his chest, rushing up to his head in a rush and wild manner!

There was a slight fishy smell in his throat, and his knees went soft, and his entire body swayed.

He reached out to grab the back of the seat at the side, and barely managed to stand still... ..

He did not know how much effort he used to suppress the breath in his heart, and it sank deep into the bottom of his heart.

He raised his eyes to look at Yan Jun..

His eyes were filled with deep jealousy and deep despair.

Whether he admitted it or not, he had lost again, lost to Yan Jun again.

Little Qi was gone. The company was gone. And now, even the consortium was gone... ..

He was just a good-for-nothing. The exchange he thought he had made, in the end, did not even catch anything... ..

Without saying another word, he turned around and left dejectedly and hopelessly.

The secretary hid in a small corner, shivering, and listened to the whole process in horror... ..

Seeing that Yan Qing had left, he walked over and continued the topic, "Director Yan, do you want to suppress this news?"

Yan Jun heard it and looked back.

#### **Chapter 448: He really hoped that this result would not be used for the rest of his life**

Seeing that the secretary had been in the room the whole time, he could not help but feel a little surprised.

To be honest, he had also been shocked by what was written on the news just now. Coupled with Yan Qing's provocation, how could he have noticed the rest?

"There's no need to press the news. On the contrary, for this matter, immediately hold a press conference."

"Yes, President Yan." The secretary nodded and was about to leave immediately.

He had only taken two steps when he was stopped by Yan Jun again. "For the matter just now, if a word is leaked, you know the consequences."

It was a sentence that had almost no fluctuation in pitch. His voice was steady and seemingly gentle, but it was actually forceful and overbearing. He had a domineering air that seemed to rule the world. The pressure made the secretary's legs go weak and he almost fell to his knees on the spot!

Fortunately, his reaction was fast enough and he quickly steadied his body. "Don't worry, director Yan. Don't worry, I didn't hear anything..."

As he promised, he quickly ran away.

Even though he didn't even turn his head back, he still felt a strong murderous aura. Wherever he passed by, not even a blade of grass would grow!

The legendary King of Hell!

I'm scared!

After the secretary left, Yan Jun lowered his eyes and his gaze fell on the DNA test result book on the table.

His expression slightly fluctuated. He remained silent, but his deep eyes were filled with a complicated expression.

After a long time, he finally put away the result book and locked it in the safe.

If it was possible, he really hoped that this result would never be used in his lifetime.

However...

Fate had arranged it so quickly. It was impossible to guard against it.

Ah Jin, forgive me.

“...”

“Ah Qiu!”

Xia Jinqi, who was chatting with Ji Yunjing, suddenly sneezed.

Ji Yunjing looked at her worriedly. “It’s windy outside. Why don’t we go inside?”

Xia Jinqi rubbed her nose and shook her head. “No need. It’s getting late. I should go back.”

For the whole afternoon, she felt uneasy. She had a feeling that something big was going to happen.

She felt that she couldn’t continue chatting, so she might as well go back first.

Ji Yunjing saw that she was troubled, so he didn’t insist on asking her to stay. He sent her to the door.

After leaving the Ji family home, Xia Jinqi leaned against the soft chair in the car when Zuo Xiaoran’s call came in.

The call had just been picked up. Before Xia Jinqi could make a sound, Zuo Xiaoran’s anxious roar reached her ear.

“Xiaoqi? Are you okay? Your second sister is really not human! She’s like a vicious dog! Bite whoever she catches! DON’T BE AFRAID! Wen Jing knows a barrister. WE’LL SUE HER FOR DEFAMATION!”

“What do you mean? What did Xia Tianjiao do?” Xia Jinqi did not know what had happened, but from Zuo Xiaoran’s tone, she knew that the situation was serious.

“Ah? Don’t tell me you still don’t know?” Zuo Xiaoran was a little confused. Then, she sighed “Aiya, let me tell you, Yan Qing broke off the engagement!” Just this morning, he left Xia Tianjiao in public at the wedding Hahahaha It was so satisfying. But later, Xia Tianjiao seemed to have gone mad with anger. She told the media that it was you who stole her husband, and even said that the child in your stomach was Yan Qing’s... “...”. “...”

Towards the end, Zuo Xiaoran’s voice became softer and softer... ..

She had originally come to cheer Xiao Qi on, but who knew that she did not know about this matter at all.

Such a cruel thing was actually told to Xiao Qi by her mouth... ..

After listening to the whole story, Xia Jinqi was naturally stunned.

Yan Qing broke off the engagement?

Xia Tianjiao accused the child in her womb of being Yan Qing's?

Xia Jinqi did not speak for a long time, which made Zuo Xiaoran worried. She tentatively called out to her, "Xiao Qi? You... are you okay?"

**Chapter 449: she was really fine.**

If this kind of thing happened to any ordinary couple, it would cause a huge commotion, right?

Moreover, Xia Jinqi and Yan Jun's identities were there. Every word, action, and action could cause a huge uproar!

Zuo Xiaoran was really afraid that this matter would be too big of a blow to Xia Jinqi. After all, the disaster that public opinion could bring was enough to destroy a person.

"Xiao Qi?"

Zuo Xiaoran repeatedly called out and finally summoned Xia Jinqi's mind back.

"I'm fine." Xia Jinqi lifted her lips and eased Zuo Xiaoran's heart. "Don't worry."

"How can I NOT WORRY! Where are you now? Do you want me to go over and look for you?" Zuo Xiaoran was so anxious that she was about to stomp her feet!

Everything was going well, but why did something like this suddenly happen?

It was nothing else, but it had to be such a sensitive topic!

She knew Xiao Qi. No matter how sad or sad she was, she would not say it out loud. All the pain and suffering would be borne by herself.

Although she could not help, as long as Xiao Qi needed her, she would definitely be by her side!

"I'm at Nanqing Street..." Xia Jinqi glanced out of the car window. The car happened to arrive at a crossroad. At a red light, a live broadcast was being broadcasted on the huge display screen in the center.

Yan Jun's handsome face seemed to have been magnified several times, occupying the entire display screen.

He was still as cold and noble as ever, elegant and handsome, as if he was a god.

He raised his left hand slightly. His knuckles were clearly defined, and he was holding a piece of paper that could not be read clearly.

He was facing the camera. His black eyes were cold, and each word was like a piece of jade falling from a Pearl Plate. "This is the result of the paternity test. For those who spread rumors and hurt my family, a lawyer will soon send a letter to the residence."

After saying these few words, the camera was switched, as if it was zooming in on the piece of paper that Yan Jun was holding.

The small words were still unclear, but Xia Jinqi could still see the large black words at the top. They were square and upright.

The result of the DNA paternity test.

After that, the reporters at the scene asked some more questions, but Yan Jun still did not answer. Xia Jinqi did not care at all.

The joints of the hand holding the phone were a little white.

The clear and cold water in her eyes became empty for a moment.

A paternity test?

She hadn't even gotten the result yet, but Yan Jun already had it.

What did this mean?

It meant that he had secretly done it a long time ago... ..

Because he didn't believe it, he did it.

Only when he had the result would he be so sure.

Xia Jinqi raised her eyebrows slightly, and a faint smile appeared on her lips.

It was a pity that there wasn't the slightest bit of joy or happiness in that smile. Instead, it was extremely bitter, as if there was a thick tea in her mouth.

What a joke. Her self-righteous trust was shattered so easily.

"Xiao Qi? What's wrong? Are you still there..." Xiao Ran's voice was still ringing.

Xia Jinqi came back to her senses and picked up the phone again. "Yes, I'm here. I'm preparing to go back. Don't worry, I'm fine."

"then... then you're fine on your own! If there's anything, you can call me anytime."

"Okay." Xia Jinqi wanted to smile and say goodbye to Xiao Ran, but she tried very hard, but she still could not smile. She could only quickly hang up the phone.

If Xiao Ran heard her sorrowful voice, she would only become more worried, right?

Yan Jun had already announced the results of the appraisal. It was bound to be able to stop Youyou from speaking, so she had nothing to worry about.

So, she was fine.

She was really fine.

**Chapter 450: you never believed in me, did you?**

When the car arrived at Qingxin Garden, Xia Jinqi saw groups of reporters at a glance. It was a vast expanse of darkness that blotted out the Sun.

The driver also saw it and suggested using the back door.

Xia Jinqi nodded slightly and did not refuse.

Since Yan Jun had already publicly responded to what happened in the morning, there was no need for her to appear in public again.

The moment she got out of the car, Xia Jinqi went straight back to her courtyard.

One after another, calls began to come in. The content of the calls was only one — the news that broke out in the afternoon.

Xia Jinqi also responded to them one by one. She smiled and said that it was fine, but she didn't care.

However, when she put down the phone, she unconsciously exerted strength between her joints.

Up until now, Yan Jun hadn't called her.

When night fell, a few voices came from outside the door. "Hello, young master."

Xia Jinqi had just recovered from her daydream. When she raised her eyes, she saw a tall man in a black windbreaker walking in.

The temperature had dropped a little over the past two days. He was no longer just a thin shirt, but looked even more heroic and extraordinary.

A servant came forward to take the windbreaker he had changed into and handed him a warm towel.

Yan Jun wiped his hands before walking over to her.

Xia Jinqi sat on the SOFA motionlessly. Their eyes met. It was clearly only a few steps away, but it seemed as if they were separated by thousands of mountains and rivers.

Yan Jun saw through her cold gaze at a glance. His feet paused slightly, then he walked over and sat down opposite her.

There was a hint of strangeness in the Air.

"Have you eaten?" He took the initiative to speak, breaking the tense atmosphere.

Xia Jinqi did not answer. She skipped over his question and asked in return, "is that DNA test book real?"

"

"Yes." Yan Jun nodded. The thing was naturally real, so there was no need for him to fake it.

Xia Jinqi saw that his expression was as calm as usual. His pitch-black eyes were as deep as the night, and she suddenly came to a sudden realization... ..

The DNA test book was real. In other words, he had secretly done the test a long time ago... ..

He acted quite quickly and really didn't let her know anything about it.

Although Xia Jinqi had also done the appraisal book and given Yan Jun a chance, when she really knew that he had done it, her heart was filled with all kinds of grudges.

"You... when did you do it?" She opened her mouth and asked after hesitating ...

Her hands nervously pinched the hem of her skirt, but she didn't care about the creases.

"Is it important?" Yan Jun asked back.

Anyway, once the results were shown, all the bewitching rumors outside would be destroyed.

He had always been like this, efficient and accurate.

How could he resolve this rumor There was only one paternity test book. No matter how much he said, it would have no effect.

Therefore, he decisively hid this test from Xia Jinqi. When necessary, it could be used.

However, Xia Jinqi smiled. "So this isn't important..."

Her bright eyes and white teeth, her beautiful smile, could topple Kingdoms and cities.

However, her smile at this moment, when seen in Yan Jun's eyes, had a bitter taste.

Yan Jun's heart ached when he saw this. He wanted to go up and hug her, but for some reason, his feet were frozen and he didn't move for a long time.

A moment later, Xia Jinqi had already put away the sadness in her eyes. She stood up and looked down at the man in front of her who she loved and loved deeply. "You never believed me, did you?"

She questioned him, and a thin layer of mist appeared in her reddened eyes.
