

Tick Me 451

Chapter 451: ah Jin, don't say anymore.

What she cared about was the word trust.

Perhaps she had given her trust first, but when it was Yan Jun's turn, she was disappointed.

Double the trust in exchange for double the disappointment.

Yan Jun did not answer.

He sat there quietly, his face solemn.

"You still suspect me and Yan Qing, right?" Xia Jinqi continued to ask, her voice already beginning to tremble.

Because when she finished asking this question, it was obvious that the man in front of her, who was as unmoving as a mountain, frowned.

As expected... .. He had never let go of this part ...

His heart felt as if it had been pried open by something. The cold wind blew straight into it.

Perhaps it was because the expression on Xia Jinqi's face was too sorrowful, but Yan Jun was slightly moved. He stood up and walked towards her. "Ah Jin, stop talking. "

Admittedly, he was jealous of Yan Qing and their past.

He did not deny his suspicions.

However, he did not want to see the sorrow that was gathered in her eyes at this moment. It was like a thorn that stabbed into the tip of his heart.

He wanted to hold her in his arms, but she took a step back first.

She avoided his approach, and her eyes became colder.

"I was too stupid to think that you would really fall in love with me..." Xia Jinqi shook her head and laughed out of anger. What was laughable was the sorrow and pain.

She was really stupid to think that she was so important in his heart!

Now, it seemed that it was just a play that she had directed and acted!

Bean-sized tears couldn't stop falling... ..

Yan Jun reached out to wipe it away for her, but she knocked it away!

She was angry, but when she looked up and met his black eyes, she saw the pain in his eyes. It was as if her soul had been lured away again!

His grief affected her... ..

“You’re so cruel. You gave me hope, but you completely snuffed it out!” After saying this, Xia Jinqi pushed Yan Jun away and was about to walk out the door.

She really hated herself like this!

She was clearly so sad, but she still loved him! ! !

“Ah Jin!” Yan Jun frowned and turned to chase after her, but he found that Xia Jinqi had stopped in her tracks.

Just as he was about to step forward and hug her in his arms to tell her his true feelings... ..

Before he could finish his words, a familiar voice sounded.

“You two are here, just in time.” Yan Youcheng, who had just entered, swept a glance at the two children in front of him. His wrinkled old face remained gloomy.

Xia Jinqi did not expect Yan Youcheng to appear here at this time. After all, he was afraid of Long Qingxin. In the past thirty years, he had only come here once a few days ago.

This time... ..

She randomly wiped away the tears at the corners of her eyes. She gritted her teeth tightly, trying her best not to lose control of her emotions.

Yan Youcheng had already walked into the living room at this moment. With a bang, he threw a stack of newspapers on the coffee table in front of Yan Jun and Xia Jinqi.

“How did it end up like this? Whose child is this?” Yan Youcheng opened his mouth. His deep voice was filled with suppressed anger.

His sharp gaze landed directly on Xia Jinqi.

“It’s mine.” Yan Jun also lowered his voice and took a step forward to block in front of Yan Youcheng, protecting Xia Jinqi behind him. “It’s just a frame-up by someone with evil intentions.”

“I don’t think so!” Yan Youcheng snorted coldly and continued to stare at Xia Jinqi from another angle. “There’s no smoke without fire. If you really have nothing to do with Qing ‘er, would others say that?”

Xia Jinqi frowned. Her small face froze for a moment before she sneered. “So what grandfather means is?”

Chapter 452: either abort the child or get a divorce

In Xia Jinqi’s memory, ever since she married into the Yan family, this family had been very good to her.

Needless to say, Yan Sheng and Ji Xinyu were both gentle people who were easy to get along with.

Especially Ji Xinyu. She had never had any so-called mother-in-law-daughter-in-law conflicts with her. On the contrary, she treated her well in every way. Compared to Hong Xianglin, she was much better.

Even the Stern Yan Youcheng would occasionally say a few words of concern.

But now, Yan Youcheng was giving her such urgent instructions.

Xia Jinqi looked at the newspaper that had been thrown on the table. Sure enough, there was a large report on the collapse of the Yan Corporation's stock price.

It made sense. In such a large enterprise, every word and action of the manager would be magnified, not to mention that the two most capable successors of the Yan family had exposed such a scandal together... ..

It turned out that Yan Youcheng was here to settle the score.

It seemed that the loss of the Yan Corporation this time was far more than the benefits that Xia Jitian brought to the Yan family.

Therefore, after Xia Jinqi's question, Yan Youcheng had already furrowed his brows and said sternly, "the child has been beaten. The Yan family doesn't want this kind of bone and blood with an unknown origin from the beginning!"

Yan Youcheng's voice was very cold and cold. It was the kind of experienced and experienced person who had gone through many hardships and hardships. It was imbued with a kind of coercion that people could not easily resist!

They were indeed a family. The same bloodline flowed through their bodies. Sometimes, Yan Jun would also be so imposing.

Xia Jinqi's heart skipped a beat when she heard this. She subconsciously stroked her slightly bulging lower abdomen and suddenly felt a little sad.

After going around in circles, the matter seemed to have returned to its original point.

Zhou Lingfang's original plan had never been realized by Yan Youcheng in the end.

She gritted her teeth and before she could speak, the man in front of her once again beat her to it. "IMPOSSIBLE! This is my child!"

"If you don't want to fight, then get a divorce! Our Yan family doesn't want a wife who doesn't behave properly!" Yan Youcheng's attitude was firm and he was unwilling to give in.

Yan Jun was also unwilling to give in. "absolutely not."

Throwing out a few words coldly, Yan Jun turned around and put his arm around Xia Jinqi's shoulder, wanting to take her away.

However, Xia Jinqi didn't move. It was as if her feet were rooted to the ground.

She raised her eyes to look at Yan Youcheng. This was the first time she felt his cold-blooded nature as a member of the Yan family.

Back then, when the two families were mutually beneficial, they forcibly tied her and Yan Jun, who were originally strangers, to get married.

At the beginning, this marriage had facilitated many things.

Now that something had happened, the first one to be dragged out to be sentenced was this marriage.

It was either abort the child or get a divorce... ..

What two cruel paths lay before Xia Jinqi.

The child was her own flesh and blood. How could she give it up?

Marriage was a family that she longed for her whole life. How could she give it up?

Neither was what she wanted to see.

But if she really had to choose one... ..

Xia Jinqi raised her eyes to look at the man standing in front of her. Suddenly, she said in a huff, "then... get a divorce."

She let out a long sigh, as if she was despairing of him and this marriage.

She was tired.

She was tired of being entangled in this complicated relationship, hidden scheming everywhere, and tormented by this cold-blooded family.

It was just a few words from others, and they even had the results of the appraisal, yet the Yan family still could not tolerate her, could not tolerate her child.

What a terrifying family.

If she could, she really wished that she had married into an ordinary family.

Chapter 453: yan Jun, let's get a divorce.

The Yan family possessed such a noble identity and bloodline, so naturally, they wouldn't be able to escape the fate of being the most ruthless imperial family.

Yan Youcheng naturally didn't expect Xia Jinqi to be so straightforward. She didn't cry or make a scene. Her expression was so calm and unruffled, and she was always cold and quiet, like the pure white snow in winter.

The one who had the biggest reaction was Yan Jun..

His deep eyes narrowed, and his hands clasped Xia Jinqi's shoulders, forcing her to look at him.

"What did you say? "

He questioned her in disbelief.

However, Xia Jinqi smiled. Her smile was cold and bitter. "Yan Jun, let's get a divorce. "

It was her wishful thinking. She had crossed the line.

She remembered that back then, all she wanted was to get married. So when he said, "I can give you a stable home," he had captured her heart.

But in the future, they would get along little by little. His gentleness and affection made her more and more greedy.

However, getting married was no longer enough for her.

She began to covet his gentleness, his heart, his one and only... ..

Now, she began to covet his unconditional trust again.

She was too greedy, wasn't she?

Since she was destined not to get it, then she would rather not have it.

This time, Yan Jun had thoroughly heard her words!

His long and narrow Phoenix eyes narrowed!

Even the ten thousand years of cold lake could not compare to the bone-chilling darkness in his eyes at this moment.

He stared at her, not daring to slack off for a moment!

"impossible."

He replied her three words coldly, and then stopped looking at her.

His warm big hand held hers, and he walked out.

Xia Jinqi was caught off guard and was dragged a few steps by him.

However, Yan Youcheng's threat came from behind. "Jun 'Er! Gentle village hero tomb! She will destroy you!"

Yan Jun's footsteps stopped.

After a long while, he turned around and glanced at Yan Youcheng. His cold gaze instantly froze the air in the hall. "only she, I will not let go."

His tone was so determined that Xia Jinqi could not help but look sideways.

When she raised her eyes to look at him, like countless other times in the past, she could only see his side profile that was so handsome that it made people and Gods angry... ..

But at this moment, she saw that his jaw was tense, and his expression was frighteningly dark.

He said that he would not let go... ..

Even under Yan Youcheng's threat, he had said the same thing.

Xia Jinqi's heart moved slightly again.

Look, with such a him, how could she not be moved... ..

He was like a poppy flower, dangerous and deadly, but it made people unable to stop!

Was she really going to get a divorce?

Was she really willing to get a divorce?

She could not help but ask herself... ..

In her daze, Yan Jun had already pulled her out of the courtyard.

It was the sound of the car being unlocked that brought her back to her senses.

When she came back to her senses, she realized that Yan Jun had opened the car door and was just about to shove her in.

She immediately froze and rejected Yan Jun, "I want to be alone."

After saying that, she was about to turn around.

Her car was also beside her.

Obviously, she wanted to drive away alone.

However, just as she moved her feet, she was immediately strangled by a strong force.

"Get in my car." His voice was very low. It could be heard that he was trying his best to suppress something.

When she said that she wanted a divorce, it was too much of a shock to him.

He had never thought of these two words.

When he was still very young, when he saw his grandfather and grandmother getting into such a mess, he had told himself that if he had a wife in the future, he would definitely treat her very, very well!

So after he married Xia Jinqi, he only had her in his heart!

He had worked so hard to love and pamper her, but in the end, he only got her to say, "Yan Jun, let's get a divorce."

Chapter 454: infuriates him

If it was in the past, Xia Jinqi would have obediently gotten into the car and then presented her trademark fawning smile.

However, tonight, she was different.

She used more strength in her hands and insisted on shaking him off.

"Let go." Her voice was flat and without any emotion. Instead, it was frighteningly unfamiliar.

Yan Jun's heart ached when he heard that. He looked at her white wrist, which was already covered in red marks.

He released some of his strength from his self-blame and softened his tone. "listen to me."

He said those two words with such gentleness, as if he was coaxing a child who was in an awkward situation.

The gentleness that Xia Jinqi once yearned for was now right in front of her eyes, yet she was avoiding him like a Viper!

She had just said that she wanted a divorce, yet he was still acting like this. was he pretending that he didn't hear her? ! !

She flung his hand away forcefully and roared angrily, "didn't you hear me? I said, let's get a divorce!"

Yan Jun was flung away unexpectedly. When he turned his body sideways, half of his handsome face was hidden in the darkness, petrified.

He frowned slightly, his tone still gentle. "Don't say such things again."

It was the second time.

Xia Jinqi was too clear about his little temper.

The third time was the charm.

As long as she said it again, he would definitely be irrepressible. He would definitely throw her away and immediately go for a divorce, right?

As she thought of this sorrowfully, Xia Jinqi did not expect that she would also have such a day.

She had a little temper and was unreasonable, yet she was stubborn and stubborn.

"I said, I want a divorce!" She even emphasized her tone and glared at him coldly!

In her memory, she had never disobeyed him like this.

He must be furious now... ..

Just as she was waiting for his storm, his tall and tall figure suddenly swept towards her!

The petite her was instantly enveloped by him. His Cold Thin Lips accurately captured hers, sucking and Biting Hard, full of punishment!

Xia Jinqi was momentarily stunned. She really didn't expect that this person... .. would actually come over and kiss her ! ! !

After she reacted, she struggled with all her might. "You... you... let go!"

Bits and pieces of words flowed out from the gap between her lips. They were broken beyond recognition, and it was impossible to piece together a complete sentence.

However, Yan Jun completely ignored her. He was insistent on kissing her and swallowing her. He wanted nothing more than to rub her into his bones and blood!

Just thinking about the cold expression on her face when she said the word 'divorce' made his heart feel like it was about to explode!

He also couldn't imagine what life would be like without her by his side?

He would never divorce this marriage No matter what happened!

But she insisted on repeating it over and over again.

What could he do?

He could only block her mouth!

Xia Jinqi could not push him away. In a fit of anger, she could only bite his lips hard!

A strong smell of blood instantly filled their mouths!

Yan Jun felt the pain and opened his eyes to look at her.

Xia Jinqi's bite was not light. She just wanted him to let go of her!

Who knew that he would only look at her coldly, and then kiss her even more crazily!

She could not break free. His breath, his scent, and his smell overwhelmed her and occupied her whole world!

Why was this overbearing man unwilling to let her go?

Since he was unwilling to let her go, why couldn't he love her properly and trust her... ..

She thought that he loved her as much as she loved him. She did not expect that in the end, it was just her wishful thinking?

She did not know.

Chapter 455: What you want to kill is my child

The moment she closed her eyes, hot tears rolled down her cheeks.

She was not a person who liked to cry, but why was she always so sentimental recently?

Perhaps it was because he had tasted the salty taste in his mouth, Yan Jun's chaotic mind was finally found.

He saw that her tear-stained jade-like face was deathly Pale. Her thick eyelashes were mixed with tears, and they trembled slightly... ..

There was a loud bang in his head, and his heart felt a dull pain. His movements stopped.

Sensing his stiffness, Xia Jinqi waited for an opportunity to withdraw from his embrace. She covered her lips and glared at him before turning around and getting into her own car. She quickly stepped on the accelerator and escaped from his side.

The night was intoxicating.

She left without a trace, leaving only endless darkness behind.

Yan Jun stood where he was for a long time.

His thin lips were cut open, and fresh blood flowed out.

He turned around and punched the body of the car. He clenched his jaw. It was the first time since he was born that he had felt such frustration!

She would never be within his control!

In silence, Yan Youcheng had already walked behind him. The Gaze he looked at Yan Jun was mixed with many complicated emotions.

“I heard that you won against Qing ‘er?”

” ... ” Yan Jun’s handsome face tensed up. Right now, his heart was filled with Xia Jinqi’s words, ‘we divorce! ‘!

“This is what a successor of the Yan Family should be like. Jun ‘er, you’ve been smart since you were young. You need to be decisive and decisive to protect the Yan family. You need to be calm and composed, and you need to handle things calmly. “You can have a broader sky. Putting aside your great career for a woman, this isn’t what you should do as a descendant of the Yan family. ” It was rare for Yan Youcheng to say so many words in one breath Moreover, every word was sincere and sincere.

His meaning was very simple. Now that things had come to this, Xia Jinqi’s reputation had also been destroyed. It was bound to affect Yan Jun..

At this point, the only way to prevent Yan Jun from being affected was to quickly cut ties with Xia Jinqi.

Yan Youcheng had his own considerations, and all of his considerations were based on the Yan family. He never asked about other people’s feelings.

Unfortunately, he was wrong.

Yan Jun was not someone that was easy to control.

He took a deep breath, and the sadness in his eyes was deeply buried.

He straightened his body and met Yan Youcheng’s gaze. He coldly said, “this matter started with Yan Qing and his son. If you insist on making things difficult for Ah Jin, I don’t mind letting you have a taste of parting with your wife and family!”

The threat and resistance of entering the Ice Cellar!

Yan Youcheng’s entire body trembled. He looked at the boy in front of him in disbelief and clenched his fists in hatred. “What kind of attitude is this? ! I’m your grandfather!”

The meaning in Yan Jun’s words was very obvious. If Yan Youcheng continued to force him and Xia Jinqi, then he would not let Yan Qing and Zhou Lingfang off either!

The same goes for the same person.

Yan Jun looked back sternly, his entire body exuding a desolate murderous aura. "The one you want to kill is my child."

'since you don't care about family ties, then don't blame me for being heartless! '!

Yan Youcheng gritted his teeth angrily!

In his impression, Jun 'er had always been a baby still in its infancy, babbling... ..

When she had just learned how to walk, her chubby little body had been swaying all over the place. When she had just learned how to call her grandfather, she had been so excited that she couldn't stop calling him... ..

'How did the child who had always been in my control suddenly grow up 'Can she fight against me? '?

Yan Youcheng was silent. Yan Jun had already tidied up his clothes. His right hand flicked the cuff of his left hand. Lazily and casually, he said, "I will keep my word."

With that, Yan Jun turned around and got into the car.

After the roar of the engine, he chased after Xia Jinqi in the direction she had disappeared.

Chapter 456: is your son clean? ! !

Yan Youcheng stood with his hands behind his back, panting. His body was no longer as strong and upright as when he was young. He even had a slight hunchback. However, the sharpness between his brows did not lose its former glory.

After taking two deep breaths, Yan Youcheng finally turned back.

Who knew that when he turned back, he would see a moon-white figure standing in the bushes not too far away.

The cool moonlight sprinkled on her silvery-white hair. It was actually so dazzling.

Yan Youcheng's pupils constricted, and he stood rooted to the ground.

He had never noticed that there was someone behind him. When did she come?

Long Qingxin did not take his shocked expression seriously. Instead, she cursed angrily, "old thing! Who allowed you to come to my place?"

"..."Yan Youcheng froze, and he clenched his teeth without saying a word.

Only with Long Qingxin, he had to act according to her expression.

As for what Yan Youcheng had done just now, Long Qingxin had also seen it all.

“Jun’ Er is a child that I taught. Do you think he’s as selfish and cold-blooded as you? You said you didn’t want Jinqi’s child and you didn’t want it? Who Do you think you are? That’s the granddaughter-in-law that I, Long Qingxin, acknowledged. It’s not up to you to criticize her! ”

Yan Youcheng was rendered speechless by the unceremonious rebuke.

After a long silence, he opened his mouth in embarrassment. “Qingxin, it’s not that I have to do this. Xia Jinqi, that child, should have paid more attention to her. Now that things have turned out this way, there’s nothing I can do! ”

“What do you mean by pay more attention? If you didn’t raise that bastard son at home, would Jinqi have met him? If you can’t control your daughter and son, then don’t blame my granddaughter-in-law! ”

Long Qingxin was determined to help Xia Jinqi.

Yan Jun had already shown the paternity test. There was no mistake that Xia Jinqi’s child was Yan Jun’s blood!

Of course, there was also the most important point... ..

The photo that Zhou Lingfang used to scare Xia Jinqi was picked up by long Qingxin.

So be it if she picked it up, but she didn’t mention a word about it.

She was a mother, and now that she was a grandmother, it was understandable that she was deeply protective of her son. After all, once this photo was recognized and released, it would be a big blow to Yan Jun..

Therefore, Long Qingxin did this. Although it was unfair to Xia Jinqi for her to hide it from Xia Jinqi, at least she saved Yan Jun..

After that, not only did Xia Jinqi not quarrel with Yan Jun because of this matter, but she forcefully swallowed the matter and never brought it up again.

Just based on this point, Long Qingxin had a whole new level of respect for Xia Jinqi!

Back when she was with Yan Youcheng, she only saw an ambiguous text message from Yan Youcheng and exploded on the spot. She caught Yan Youcheng and confronted him. After that, the situation became more and more tense until it could not be resolved... ..

Compared to Xia Jinqi’s reaction, she felt inferior.

This child, she knew very well what she wanted, and she was also very capable.

It was just that she was still too young and did not have much experience in love. She still needed to experience more... ..

There were ups and downs, ups and downs. She had experienced the cold of the world. This was a real life.

After being scolded by Long Qingxin, Yan Youcheng finally became more obedient. “Okay, okay, I got it. ”

But on Xia Jinqi's question, he still refused to let go. "But Xia Jinqi has to leave the Yan family! How can the blood of the YAN FAMILY BE UNCLEAR?"

Actually, it would have been better if he didn't say this. The moment he said this, he gave long Qingxin another chance.

She looked at him with a gloomy gaze and sneered. "What about yourself? The son of the Zhou Family is clean?"

This question left Yan Youcheng speechless once again.

Chapter 457: you don't have any favors from me anymore

Yan Youcheng did not give Zhou Lingfang a status.

Perhaps when he divorced long Qingxin, he did have the intention to marry Zhou Lingfang into his family, but at that time, the long family was very popular in Rao city, and no one dared to provoke them.

Even though long Qingxin agreed to a divorce, the dark forces of the long family were still not worth it for their eldest daughter, and they assassinated Zhou Lingfang several times.

If it were not for Yan Youcheng's desperate protection, how could Yan Qing still exist in this world?

Therefore, from then on, Zhou Lingfang was secretly arranged to go to another province.

Because of this, Zhou Lingfang also hated long Qingxin even more.

Although the children born without a name and without a proper identity were brought back to Yan Youcheng's side and raised in the future, they still didn't have a proper identity.

Illegitimate Child, illegitimate child, not liked. These labels accompanied Yan Qing as he grew up.

It wasn't that there were no gossips outside, but he suppressed all of them... ..

The pain in Yan Youcheng's heart was instantly stabbed by long Qingxin.

His expression became extremely unsightly... ..

"Qing 'er... He didn't do anything wrong. I was the one who was wrong." Yan Youcheng sighed lightly. He was still filled with guilt towards Yan Qing ...

Long Qingxin looked at his dejected appearance. No matter how much hatred she had in her heart, she had completely let it go.

It seemed that in the past thirty years, he had also paid for the mistakes he had made back then.

An eye for an eye, when had it been?

"Your son wasn't wrong, but Jun 'Er's son was?" Long Qingxin snorted coldly again.

Yan Youcheng was completely frozen. His face was Pale, and he was choked to the point that he could not say a word.

Everyone had their own selfish motives.

When it came to themselves, they would protect their own shortcomings.

When it was someone else's turn, they would be able to say all kinds of cold and heartless words.

Long Qingxin saw that he was silent for a long time and did not say a word, so she scoffed lightly. "The last time, on account of our decades of friendship, I already let them off. Old thing, you don't have any more favors with me. "

With that, Long Qingxin turned around and left without any reluctance.

The rest of Yan Youcheng's livid old face... ..

—

From Qingxinyuan Out, Xia Jinqi drove in the high-speed car on a few rounds, finally found that she did not have a place to go... ..

Back to HSIA's That's not possible.

The Yan family Not even close.

Lego How can she go back in this state?

So... ..

There's only one place to go.

South Ring Road, a slightly old community.

Zuo Xiaoran dressed in a dinosaur pajamas hurriedly ran downstairs, brush open the door, see wearing thin, red eyes, smile than cry even ugly Xia Jinqi.

"What's wrong, my dear? " Zuo Xiaoran asked with a heartache. She walked forward and gave Xia Jinqi a hug.

Xia Jinqi was originally smiling, but when Zuo Xiaoran hugged her, her strong mask cracked. She sobbed and cried.

"Xiaoran... SOB... "

Zuo Xiaoran felt even more heartache from her crying. She quickly helped her up the stairs.

This was an old-fashioned neighborhood. There were only seven floors, and there were no elevators. Fortunately, the location was good, the security was good, and it was quite quiet.

Zuo Xiaoran used her boxing money to mortgage a suite here. It could be considered that she had moved out from her parents'side and was officially independent.

The address had been given to Xia Jinqi early in the morning, so she knew this place.

The two of them went upstairs. Zuo Xiaoran went to put in hot water again. After Xia Jinqi took a shower, she pulled her to sit on the SOFA.

“If Yan Jun agrees to the divorce, will you really get a divorce?” Zuo Xiaoran asked as she helped Xia Jinqi dry her hair after Xia Jinqi told her about what happened tonight.

Chapter 458: all the coincidences in this world were fated

“I don’t know...” Xia Jinqi shook her head. Her watery eyes were clear and sparkling.

Whether it was a moment of anger or the result of careful consideration, she couldn’t say for sure.

Speaking of which, the thing she cared about the most was Yan Jun’s distrust... ..

Zuo Xiaoran put down her comb and squatted by the SOFA, starting to peel the grapes.

“I’m not speaking up for Yan Jun. I just think... Xiao Qi, have you ever thought that maybe he didn’t do this test because he didn’t believe you?” Zuo Xiaoran changed her train of thought, wanting to pull Xia Jinqi out of the corner of her eye ...

People said that it was better to tear down ten temples than to ruin a marriage.

She didn’t want Xiao Qi to divorce just like that. The child didn’t have a father, and it was really hard for a single mother to raise the child alone.

Her Xiao Qi should be happy every day, happy and happy. She shouldn’t have so much suffering.

Xia Jinqi had indeed been immersed in her own grief. Now that Zuo Xiaoran said so, she jumped out of her original thoughts and looked at her with a frown. “It’s not because you don’t believe me? Then what could it be?”

“Well, I can’t explain it clearly either. Anyway, think about it again. He’s a man. Everyone in the world thought that he was cuckolded. How could he feel good. Not only for you, but also for himself. I think he has the right to do an appraisal,” Zuo Xiaoran said. She seemed to really think that what she said made sense, so she continued to make things up. “Didn’t you say that you also did an appraisal without him knowing? Do you think it’s possible that you did an appraisal for him, and he did an appraisal to protect you and your child?”

Zuo Xiaoran spoke a long string of words. In the end, it was as if she had gotten herself wrapped up in it!

However, Xia Jinqi listened very seriously.

After hearing Zuo Xiaoran’s words, the doubts in her mind seemed to dissipate bit by bit.

That was true.

If it weren’t for Yan Jun’s appraisal, he wouldn’t have called for a press conference to clarify everything as soon as it happened.

If he hadn’t clarified it, then she would have become the target of the entire city’s attacks.

Yan Jun was like that. He was so thorough in everything. He would always think one step ahead of others.

“Is it possible?” Xia Jinqi frowned and couldn’t help but fall into deep thought.

Seeing her like this, Zuo Xiaoran let out a big sigh of relief. At least she didn’t keep digging into the bull’s horns... ..

“If you want to know if it’s possible, why don’t you just ask him?”

“But he didn’t say anything.” Xia Jinqi shook her head. For the first time, she realized that this man was really boring.

“Then let’s wait for both parties to calm down before we talk!” Zuo Xiaoran rubbed her head and tried her best to enlighten Xia Jinqi. “What you say when you’re impulsive doesn’t count, understand?”

Xia Jinqi smiled weakly and said helplessly, “but... the Yan family can’t tolerate me anymore.”

” ... ” speaking of this, Zuo Xiaoran had no idea. “speaking of which, it’s still that mother and son pair, Yan Qing, who are too bad! If it weren’t for them picking a fight, how could that D * Mn Xia Tianjiao have such dirty thoughts? They really hurt people a lot!”

“perhaps, this is all God’s will...” Xia Jinqi sighed softly, the smile on her lips was ethereal. “I shouldn’t have married Yan Jun in the first place. All of this was just a coincidence.”

Zuo Xiaoran saw the bitter smile on her face and knew that she was upset. She went forward to hug her again and comforted her softly, “I feel that all the coincidences in this world are actually fated.”

Chapter 459: ran to the little girl’s house to stand guard

Xia Jinqi nodded slightly, closed her eyes, and rested in Zuo Xiaoran’s arms.

Maybe Xiaoran was right, she should calm down... ..

..

The night was dark.

Yan Jun drove around several times, but he still couldn’t find Xia Jinqi.

As soon as he thought of her resolute tone and expression, his heart hurt more than ever.

He just wanted to find her quickly and know where she was and what she was doing.

But after countless calls, his phone was turned off.

His heart was very anxious. Yan Jun dialed Fang Shaoan’s phone.

“Shaoan, help me find someone.”

When Fang Shaoan picked up the phone, it was the first time he heard a sense of anxiety from Yan Jun’s tone.

“Sure, who are you looking for?” As he asked, Fang Shaoan turned off the lights in the car and stuck his head out to take a look at the old house outside the car.

“My wife.” Yan Jun was not polite at all. He knew Fang Shaoan’s family’s system. It was not difficult to find someone.

“Ah?” Fang Shaoan was so shocked that his jaw almost fell off. He asked repeatedly in disbelief, “who are you looking for? SISTER-IN-LAW?”

“Yes.” Yan Jun answered in a muffled voice. He was already anxious, but this kid still asked despite knowing the answer.

Fang Shaoan, who received the answer, winked. After hesitating for a moment, he coughed lightly. “AHEM! Then come to my place. I know where sister-in-law is...”

“...”

Thirty minutes later.

At the corner below Zuo Xiaoran’s house, two supercars quietly stopped one after the other.

Yan Jun got out of the car, went around to the front, and got into Fang Shaoan’s car.

“How do you know my wife is here?” Xuan’s eyebrows were raised very high. Yan Jun looked at Fang Shaoan beside him.

“I saw her coming! Look, the building in front, room 402, is still lit.” As he said that, Fang Shaoan pointed to the single building in front.

He sighed, “No wonder! I was wondering why sister-in-law seemed to be crying when she came. So it was you who made her cry? Because of the news at noon? Didn’t you have a paternity test?”

Fang Shaoan was still as talkative as usual. In addition, he had been busy figuring out his heart recently and had no time to gossip about Yan Jun and his wife, so he knew less about them.

Now that they had met and under such circumstances, he naturally wanted to ask more questions.

When Yan Jun heard that Xia Jinqi had come crying, his sharp heart felt a dull pain.

His pitch-black eyes landed on the window of 402 that was shining with a faint orange light. After a long time, he briefly recounted the incident.

After Fang Shaoan heard it, he said, “Oh,” and shook his head at Yan Jun. “then you’re finished. Paternity testing is a big taboo. What would sister-in-law think if you do this? Obviously, she would think that you don’t believe her. No wonder she came crying to find Xiao Ran...”

Hearing this, Yan Jun narrowed his long and narrow eyes and looked at Fang Shaoan thoughtfully. “Zuo Xiaoran lives here?”

“Yes!” Fang Shaoan nodded quickly. Then he realized the deep meaning in Yan Jun’s eyes and hurriedly explained, “you... don’t misunderstand! I just thought that the girl disappeared for a few days and was afraid that something would happen to her, so I came to take a look!”

“Is that so?” Yan Jun saw the situation and smiled in understanding.

There really was no silver in this place.

In the middle of the night, he didn't sleep, didn't pick up girls, and didn't fool around. He ran to the little girl's house to stand guard, and he still dared to say nothing?

Yan Jun's smile made Fang Shaoan's Scalp tingle... ..

Chapter 460: the two of US were like idiots...

We wanted to explain something, but only then did we realize that at this point in time, even our own foolish actions were beneath our notice, let alone in the eyes of others?

Sigh!

If anyone was to blame, it would be that wretched girl, Zuo Xiaoran. Ever since that day, she had been ignoring him!

This caused him to feel uneasy, so he got someone to investigate her background.

Later, when he found out that she lived here alone, he would occasionally drive over to take a look.

However, he would only take a look at the window below her house to see if the window was lit. Occasionally, he would sit like this for a few hours.

He did not know what kind of curse he had been under!

WHAT THE HELL!

He rubbed his head with both hands. Fang Shaoan looked like he had lost all hope. "Alright, stop laughing at me! Aren't you the same! You chased after me with Your Eyes Wide Open!"

Yan Jun gave him a disdainful look. "I'm not the same as you."

"How is it different? Aren't we all here and don't dare to go up? HMPH!" Fang Shaoan smugly countered Yan Jun's sarcasm. Everyone was more or less the same, alright?

"My name is legitimate."

Fang Shaoan,"..."

This was a professional who came to tear down the stage, right?

Why was his name not legitimate?

They had at least slept in the same bed before!

Even though... .. Even though they had not established a relationship yet ...

The more he thought about it, the more Fang Shaoan lost his confidence.

Alright. He admitted that Yan Jun was also right.

Indeed, his name was not legitimate, and his words were not legitimate... ..

He sighed softly, and the corners of his twitching eyes were smoothed out. He subconsciously raised his eyes to look at the small and pitiful window again, and for a moment, he was absent-minded.

For a moment, the two men sat quietly in the car and looked at the only window with the lights on. ...

At that moment, the two girls in the window did not notice anything.

Zuo Xiaoran said a lot of things after that. For example, she had recently gone to the Anj selection and entered the preliminaries. Once she signed the contract, her annual salary would be 200,000 yuan. She would not have to worry about her mortgage... ..

And who had taken a fancy to who in the school and who had left whose things in whose stomach... ..

There were all sorts of things, all sorts of things.

Xia Jinqi's originally gloomy heart was also amused by her.

The two of them chatted until very late, until their minds were open and they were tired. Only then did they turn off the lights and go to sleep.

As for the two people downstairs... ..

The moment the lights were turned off, they were slightly disappointed, and at the same time, they secretly sighed.

They were actually not discovered when they were disappointed... ..

They sighed that they had all slept peacefully... ..

For a long time.

The two of them looked at each other, and the atmosphere was very subtle.

Fang Shaoan was the first to laugh.

At first, it was an awkward and polite smile, but it slowly turned into a big laugh, and finally into a wild laugh!

“Hahahaha! I'm really drunk, we're like idiots... how did the world become like this?”

Thinking back, they were frequent customers of nightclubs and bars, how did they become like this now?

If Fang Shaoan dared to mock the second young master of the Yan family like this, he would definitely be shot to death by countless cold glares, but tonight... ..

It was rare for Yan Jun to not be angry, nor did he refute, but he actually... ..

He shook his head helplessly and smiled.

That's right.

How did he become like this?

In his heart, all he thought about was her.

When he couldn't see her in a while, he would think about her, he would miss her.

When he saw her cry, his heart would ache.

When he saw her sad, he really wished he could give her all the beautiful things in the world just to make her smile.

Fang Shaoan laughed until tears streamed down his face. As he laughed, his heart felt a little sour and depressed.
