

Tick Me 471

Chapter 471: What other identities did have?

Ji Yunjing did not deny it. He put down the morning newspaper with a dark expression.

Today's headline was no longer Xia Jinqi. He was very satisfied with this point.

"Xiao Qi, you don't have to care about this matter. You are the blood of our Ji family. If you are bullied, our Ji family will naturally take revenge." Ji Yunjing's attitude suddenly became strong, and his gaze was especially sharp and terrifying.

Xia Jinqi frowned and looked at him. She did not care about what he said he wanted to help her get back. Instead, she was curious. "You captured people just like that, and the police department doesn't care?"

"If they could, they would." Ji Yunjing didn't reveal too much, but from the mocking expression on his face, it seemed that the police station didn't care, but they couldn't.

People who couldn't even be offended by the police station... ..

What was Ji Yunjing's identity?

Although Xia Jinqi had been with Ji Yunjing these days, they had been talking about her mother. She knew very little about Ji Yunjing.

If she hadn't encountered such a thing this time, she probably wouldn't have known for the rest of her life that the Ji family was doing other things besides business.

However, these weren't the most important things.

The most important thing now was how to get the people out.

"Cousin, they've been locked up for almost a day. Let Them Go." Xia Jinqi didn't want to make a big deal out of this.

The two living people were caught just like that. Sooner or later, this beehive would be exposed.

At that time, no matter how much face Ji Yunjing had, she wouldn't be able to endure it.

This time, Ji Yunjing didn't agree. Instead, he silently wiped his hands with the handkerchief next to him, got up, and prepared to go upstairs.

He no longer looked at Xia Jinqi and directly said to the Butler, "Send Miss Cousin back."

After saying this, he left without looking back.

Obviously, he meant that this matter could not be discussed and must be done according to his idea.

Xia Jinqi was stunned... ..

She really did not expect that Ji Yunjing would stand up for her.

And the way he stood up... Was actually more ruthless than her ? ?

He really had the feeling of a Mafia boss.

While she was lost in thought, the Butler had already respectfully said, "Miss Cousin, this way please."

Xia Jinqi had no reason to stay. She slowly stood up, looked in the direction Ji Yunjing had left, and muttered, "cousin, he... won't kill anyone, right?"

When she asked this question, Xia Jinqi felt her voice tremble slightly.

The Butler smiled. "Don't worry, Miss. Young Master Yunjing knows what to do."

With that, he sent Xia Jinqi out.

Just as they reached the door, Zhou Lingfang hurriedly surrounded them and asked anxiously, "where's my son?"

Xia Jinqi was still thinking about what Ji Yunjing wanted to do, so she didn't notice Zhou Lingfang at all.

This angered Zhou Lingfang, and she shouted in an even louder voice, "I'm asking you where my son is! !"

The moment she raised her voice, the bodyguard who had been guarding the door instantly blocked in front of Xia Jinqi. He pulled out a gun from his waist and pressed it directly against Zhou Lingfang's head!

"How dare you!"

The bodyguard's actions were extremely fast. In Zhou Lingfang's eyes, in the blink of an eye, her life was in someone's hands!

Her voice disappeared in an instant, and even her body froze. Her face was Pale, and she didn't dare to say another word.

Li Dongwen, who was beside her, was also shocked. He was also in the business of statistics. He had never seen a real gun in his life, let alone being threatened by this thing!

When the two of them had calmed down, Xia Jinqi finally had the time to look at them.

Chapter 472: how could a person be so shameless?

Especially Zhou Lingfang.

"If it weren't for the stupid idea you gave him back then, he wouldn't be like this now." Xia Jinqi looked at her with a cold and indifferent gaze.

Zhou Lingfang recovered from the shock just now. When she heard Xia Jinqi reproaching her, she immediately shouted back, "what do you know!"

As soon as she finished shouting, the gun pressed against her forehead exerted force and left a big red mark on her forehead!

Zhou Lingfang felt the pain and lowered her voice in the blink of an eye. However, she still scolded Xia Jinqi angrily "It's all because of you, a FEMME FATALE! If it weren't for you, how could Qing 'er have fallen in love? Xia Jinqi! If you still have a little conscience, you can't just stand by and watch her die!"

Her voice unconsciously became louder. When the bodyguard saw this, he knew that the threat was useless. He immediately turned his hand and aimed the gun barrel at the side of Zhou Lingfang's face!

The bodyguards were all martial artists and their strength was extraordinary. When the gun was aimed at Zhou Lingfang, she screamed in pain and fell to the ground!

Seeing that the bodyguard was about to step forward to teach him a lesson, Xia Jinqi stopped him.

The bodyguard then retreated behind Xia Jinqi and put away his gun. He didn't say a word, as if what happened just now had nothing to do with him at all.

At this time, Zhou Lingfang had already collapsed to the ground in pain. Li Dongwen quickly went to help her up.

Xia Jinqi didn't get close. She just looked down at her from above, as if there was a huge ice cellar in her eyes. The coldness was bone-piercing "How can a person's heart be so dark? You broke up grandfather and grandmother, and now you want to break up me and Yan Jun. Aren't you afraid of Karma and retribution?"

If it wasn't for her instigation, how could Yan Qing say such things in Xia Tianjiao's hospital?

If Xia Tianjiao hadn't heard it, she wouldn't have lied in front of the reporters!

Zhou Lingfang's one idea had caused so many people to suffer!

She didn't even have the slightest bit of self-awareness, and instead, she was shouting and putting on airs!

How could a person be so shameless?

Zhou Lingfang didn't have the slightest bit of regret. Instead, she forced herself to stand up from the ground and smiled viciously. "I won't talk about this with you! If something really happened to my son, I definitely won't let you off!"

Xia Jinqi looked at her coldly and did not say another word. She got into the car under the escort of her bodyguards.

Seeing that she was about to leave, Li Dongwen became anxious and hurriedly ran over to knock on her car door. "Madam, please save the President! You can't just leave like this!"

However, there was no response from the car and it quickly left.

Li Dongwen stood rooted to the ground and turned around to look at Zhou Lingfang. The expression on his face was very conflicted. "Old Madam, can't you let her save the President First? If you make a scene like this, who else can save the President?"

"I don't believe it! They really dare to touch Qing 'er?" Zhou Lingfang gritted her teeth and walked towards her own car. "Get in the car! LET'S GO BACK!"

She didn't believe it.

Could Yan Youcheng Really Watch his son get into trouble? ! !

Even a vicious tiger wouldn't eat its own son! ! !

"..."

She didn't go straight back to Qingxin Garden.

Xia Jinqi took a detour. She originally wanted to meet Yan Jun for lunch, but when she called, she found out that he wasn't in the company but in the Huo family.

She knew that the Yan family and the Huo family were on friendly terms, but she didn't expect Yan Jun to pay her a visit at this time.

Grandfather Huo seemed to know that she was the one who had made the call, so he asked Yan Jun to send a message for her to come over for dinner.

Chapter 473: will charm countless girls... ...

Xia Jinqi wanted to tell Yan Jun about Ji Yunjing. Although she knew that Yan Jun was afraid of Yan Qing, this was a matter of life and death, so there was always an exception.

Who knew that grandfather huo would suddenly want to see her again... ...

She couldn't refuse, so she could only go.

When she arrived at the Huo residence, she saw a military camouflage car driving over before she even entered the house.

The license plate was white, and the beginning was a red military a, representing the highest level Military Commission.

Xia Jinqi was stunned for a second, wondering if grandfather huo had just returned from a trip?

In the end, she saw huo ting get out of the car in a military uniform.

He was about 1.8 meters tall, strong and robust. He looked indescribably mighty and majestic in his uniform.

The Brim of his hat was pressed against his eyebrows, and his dark eyes were even more profound.

Xia Jinqi was stunned for a moment! ! !

She had only seen huo ting in camouflage clothes a few times before, and most of the time, he was in casual clothes. She had never seen him in such a formal uniform!

Huo Ting was supposed to be on duty today, but his grandfather suddenly called him and told him to go back for dinner. He said that the girl had gone.

Without saying anything, he put down the work in his hands and ran straight back.

He did not expect to come back at such a coincidence. He bumped into the girl at the door and even stared at him with such an infatuated gaze!

After a moment of embarrassment, a red cloud floated over Huo Ting's face. He said half-jokingly, "now you know that I'm handsome, right? Do you regret marrying that Kid Yan Jun? If you change your mind now, I can still consider it!"

Xia Jinqi was indeed mesmerized by his looks. She wanted to admire him, but she was awoken by his joke. "POOR AGAIN! Why haven't I seen you wearing this uniform before?"

"I just took office." Huo Ting briefly skimmed over the topic and took the lead to walk into the House. "Let's go, I'm hungry!"

Xia Jinqi followed up and teased, "now I finally know why there's the word 'uniform temptation' ... en, Erhuo, this is the most handsome day I've known you for more than ten years!"

Xia Jinqi's eyes lit up as she looked at the military uniform he was wearing. She secretly thought to herself, if she were to give birth to a son in the future, she should also send him to join the army, right?

This uniform would mesmerize countless girls... ..

Huo Ting was actually a little embarrassed as he laughed with her all the way into the house.

At that time, Yan Jun had already chatted a lot with grandfather huo. When the topic was about to end, he heard a burst of laughter coming from outside the door.

He looked in the direction of the sound and saw that it was Xia Jinqi and Huo Ting who came in together.

The two of them chatted and laughed, and they got along very easily.

Their eyes were pure, without the slightest burden.

In Yan Jun's impression, Xia Jinqi would only be so happy and casual when she was with Huo Ting.

In comparison, she was much more depressed when she was with Yan Qing.

After realizing this, Yan Jun's pitch-black eyes suddenly sank with a hint of displeasure.

Perhaps... ..

He had been mistaken all along.

Perhaps his greatest love rival was not yan Qing, but the Huo Ting in front of him?

They were childhood sweethearts. They did not have so many sorrows and grudges... ..

The friendship between them had always been so pure.

When they were together, even Yan Jun felt as if he could not interfere in their world.

For a moment, a great sense of danger enveloped Yan Jun..

He narrowed his long and narrow eyes and his handsome face tensed up slightly.

Chapter 474: Huo Ting was also helping him

Xia Jinqi followed Huo Ting in. She first greeted grandfather huo before the four of them went to the restaurant together.

During the meal, Huo Ting very naturally picked up some food for Xia Jinqi. He then recalled the interesting things that happened when they were young and teased her a little.

Xia Jinqi also smiled. She seemed to be in a very good mood.

Yan Jun watched from the side with a dark face. He opened his mouth unhappily, wanting to pull Xia Jinqi's attention back. "You went to see Ji Yunjing?"

When Xia Jinqi heard this, she turned around to look at Yan Jun and nodded slightly. "I did see him. Yan Qing and Xia Tianjiao were both at his place, but... Zhou Lingfang went to the police, but it was useless. I don't know why..."

"really?" Yan Jun raised his eyebrows and asked Huo Ting. "I'll have to ask chief huo about that."

Huo Ting's hand, which was picking up the food, suddenly stopped.

He didn't expect Yan Jun to ask him directly.

Could it be that Yan Jun already knew something? ? ?

Before Huo Ting could answer, Xia Jinqi was already curious. "Er Huo, you're the chief? No wonder you changed your uniform. Why didn't you tell me?"

Huo Ting came back to his senses and smiled awkwardly. "It's not a big deal. There's nothing to say. As for Ji Yunjing... Your father has written a document, so the police station naturally doesn't dare to touch him."

Huo Ting pushed the question to Xia Jitian.

He was such a high-ranking official. Who could he protect with just a word?

Xia Jinqi frowned. "My father? Does he know Ji Yunjing?"

"This... Ahem, I think so," Huo Ting replied casually. He lowered his head and quickly ate, not daring to meet Xia Jinqi's inquisitive gaze ...

Xia Jinqi saw that he was obviously trying to hide something. She looked up at grandfather huo and found that his expression was a little strange.

The meal suddenly became dull.

After a moment of silence, Xia Jinqi suddenly felt that Ji Yunjing's identity was really not simple... ..

He actually had a relationship with Xia Jitian?

While she was deep in thought, her vision blurred, and a piece of sweet and sour pork ribs suddenly appeared in her bowl.

"Eat first." Yan Jun's gentle and deep voice sounded, breaking Xia Jinqi's stiffness.

She glanced at him and saw that his expression was normal and he looked confident. He must have already known something.

Thus, she obediently started eating... ..

After eating, Xia Jinqi didn't stay any longer and quickly left with Yan Jun..

The two of them sat in the car, and Xia Jinqi finally couldn't hold it in anymore. She asked curiously, "Do you know something? How did my Dad Know Ji Yunjing? And it's wrong to arrest someone without permission. Why would my dad file a document for such a small matter?"

Xia Jitian was going to start canvassing votes to run for president in the second half of the year, and this period was very sensitive. What should be avoided should be avoided, so why did he have to do such a small thing at such a critical moment?

If he was caught by someone with ulterior motives, wouldn't that be... ..

Yan Jun turned the steering wheel sideways, but he didn't directly answer Xia Jinqi's question. Instead, he talked about another thing he had just learned. "Not only is your father helping Ji Yunjing, but huo ting is helping him."

"What?" Xia Jinqi was even more surprised. "Er Huo is helping him too?"

"The Ministry of Political Affairs has issued a document, and the head of the military region has given an order. Which police station still dares to touch it?" Yan Jun sneered. It seemed that Ji Yunjing was not as simple as he looked.

Without any effort, he could command the heads of both military and political circles to work for him at the same time.

Chapter 475: don't worry, I'm here.

Xia Jinqi's palms were sweating from listening to this sentence. "Can you rewind it? I want to ask Erhuo."
"

She suddenly had a very bad feeling.

Xia Jitian, Huo Ting, and Ji Yunjing.

These three people were all related to her, and they all knew each other, and they seemed to be very close.

Xia Jitian adopted her home. When she was young, the huo family suddenly moved in and became her neighbors.

This was nothing, but they all listened to Ji Yunjing?

Ji Yunjing was her cousin again?

Moreover, Xia Jinqi suddenly remembered something Ji Yunjing said.

[the Ji family has always known of your existence.]

So... .. was there such a possibility ...

From the moment Xia Jinqi was born, the Ji family had known of her.

All the way until she grew up in the Xia family, became friends with Huo Ting, and married Yan Jun, all of this was known by the Ji family.

But during those years, no one in the Ji family showed up to recognize her, and only when she was in her twenties did a cousin appear?

Xia Jinqi gritted her teeth, and the color drained from her delicate face.

The things that she had not noticed before were all connected at that moment.

If all of this was just a coincidence, then what kind of magical thing was fate!

But what if it wasn't a coincidence?

What if... .. All of this was arranged by someone in advance ? ?

Yan Jun did not know what she had thought of, but seeing that she did not look too good, he said, "I've already asked grandfather Huo what I should ask. Even if you go back, Huo Ting will still say those few words. "

What he meant was that even if Xia Jinqi asked, she would not be able to get an answer.

Xia Jinqi was in a daze as she fell into deep thought. Her hands and feet were extremely cold.

If her guess was confirmed, then what was the meaning of the past twenty years of her life?

Yan Jun waited for a long time but did not get an answer. At a Red Light Junction, Yan Jun stopped the car and turned to look at her.

Seeing that her pale face was silent, he knew that she was worried again, so he reached out and held her cold little hand.

"Don't worry, I'm here. "

His voice was clear and moist, slowly flowing into her heart. It was refreshing and pleasant to the ear.

Xia Jinqi's panicked heart was miraculously pacified.

She raised her eyes to meet his concerned Gaze, and then she smiled and nodded.

Even though that smile was full of powerlessness.

Yan Jun saw the perfunctory smile on her face and knew that she had something on her mind, so he didn't ask any more questions. He lowered his chair and let her lie down to rest for a while.

As for Yan Qing's matter... ..

He did not intend to care about it.

Even if Ji Yunjing did not make a move, he would make those two pay the price.

However, Ji Yunjing's method was so simple and crude that it was beyond his expectations.

After sending Xia Jinqi back to Qingxin Garden, Yan Jun called Fang Shaoan out.

They found a coffee shop to meet, and Yan Jun went straight to the point. "You still haven't found out Ji Yunjing's background?"

Fang Shaoan spread his hands, his face full of helplessness. "Big Brother, it's only been a few days. You have to give me more time, right?"

"Not a single trace?" Yan Jun's face darkened. The more Fang Shaoan could not find out, the more it proved how deep Ji Yunjing's cover was.

"this... It can't be said that there's not a single trace. It's just that there's a hint, but there's no definite news yet." Fang Shaoan thought carefully ...

"speak."

"Ji Yunjing seems to be related to Lego."

Chapter 476: was really heartbreaking

"..."Yan Jun's handsome face turned Ashen.

Fang Shaoan didn't know that Xia Jinqi was the leader of Lego, but he knew.

If Ji Yunjing was really related to Lego, Xia Jinqi should know.

But she had never heard her mention it, and she had even gone to see Ji Yunjing today.

Logically speaking, Ji Yunjing should at least give the leader some face.

If Fang Shaoan's information was true, then there were only two possibilities.

First, Ji Yunjing was a higher-level existence than the leader of Lego, and Xia Jinqi still didn't know about this existence.

Second, Ji Yunjing was still not qualified to know the true identity of the leader.

Fang Shaoan saw that Yan Jun's face was getting uglier and uglier, and his eyes were getting darker and darker. He thought that Yan Jun did not believe the news, so he quickly said, "Yan Jun, I'm afraid that you haven't confirmed it yet." "although the news hasn't been confirmed, it's most likely already! Give me some more time, and I'll soon find out his background."

Yan Jun just waved his hand and did not say anything more. He just stood up and left.

Fang Shaoan stood there in a daze, staring at his elegant back, thinking that Yan Jun had completely lost confidence in him. "Hey! Trust me! I really have the ability to find out!"

"..."

Naturally, he did not get a reply.

Fang Shaoan turned around, his expression was not good either!

He felt that he had been looked down upon in the field he was best at!

“I don’t believe it! There is someone in this world that I, Fang Shaoan, can’t find out? !” Fang Shaoan snorted domineeringly as he took out his keys and rushed out of the coffee shop.

He originally had an appointment to play golf with his friend in the afternoon, but now it seemed that he might as well go back and properly investigate that person’s background!

It would be best if he could find out tonight and let second young Master Yan confirm his ability! ! !

When Yan Jun returned to Qingxin Garden, it was already late at night.

He deliberately ordered the servants to leave before he quietly went upstairs.

The bedroom door was ajar, and a little moonlight poured out from the crack of the door, illuminating the corridor.

Yan Jun pushed the door open and took two steps inside. He saw the woman lying quietly on the bed.

He walked over slowly and sat by the edge of the bed.

She was lying on her side, her small face facing the moonlight, sparkling and translucent.

Yan Jun looked at her in a daze. After a long time, he let out a long sigh, reached out his hand, and stroked her temples with his thumb.

Inch by inch, extremely exquisite.

“If it’s possible, I really hope that you’re just an ordinary woman.”

Without so many identities, there was no need to suffer so much.

..

Early the next morning, Xia Tianjiao appeared in the public’s sight.

Although her expression was not very good, her face was exquisite, and there were no signs of her being beaten up.

She went to the television station and took the initiative to apologize to Xia Jinqi and Yan Jun. she also admitted that she had made up a lie that day because she was unhappy that her fianc?? had run away from marriage.

Within two hours, all the major television stations broadcasted this scene live.

Xia Jinqi sat in the living room and watched the news. Then, she received a call from Ji Yunjing.

“cousin, are you free? Come over.”

“okay, I’ll go over now.” Xia Jinqi quickly agreed and went to the Ji residence alone.

Coincidentally, she also had something to ask him.

As soon as she entered, she anxiously asked, "where's Yan Qing?"

At that time, Ji Yunjing was elegantly sipping coffee while watching Xia Tianjiao's public apology.

When he turned around, he saw Xia Jinqi rushing in.

"compared to my brother, you're more worried about an outsider. How Sad..."

Chapter 477: Being a member of the Ji family

Ji Yunjing made a rare joke. He pointed at the chair in front of him and gestured for Xia Jinqi to sit down.

Xia Jinqi frowned at him but did not sit down. She asked again, "where is he now?"

"Don't worry. He is still alive and well. I only taught him a lesson." Ji Yunjing took a sip of coffee calmly. A faint smile hung on his lips. "You are so concerned about him. Is brother-in-law Not Jealous?"

"..."Xia Jinqi's expression stiffened.

Seeing this, Ji Yunjing smiled enigmatically and said, "it's not impossible for you to bring Yan Qing back, but it depends on what kind of identity you have to say this to me."

"What do you mean?" XiaJinqii raised her eyebrows, not understanding what he meant.

"If you agree to be a member of the Ji family, I'll immediately release Yan Qing," Ji Yunjing did not beat around the bush and said straightforwardly.

Xia Jinqi narrowed her eyes and sized him up for a moment. She was a little hesitant. "Didn't you say that it's up to me whether you're a member of the Ji family or not?"

Ji Yunjing nodded. "I did say that, but the opportunity is right in front of us. Why not?"

Therefore, from the very beginning, Ji Yunjing had come with the intention of recognizing Xia Jinqi. From the moment he appeared at the asia-pacific banquet.

As for Xia Jinqi, it didn't matter whether she wanted to be a member of the Ji family or not. In any case, she was already married to Yan Jun..

Moreover, if she was destined to return to the Ji family, then it was only a matter of time before she returned.

"okay, I promise you." Xia Jinqi nodded with a determined look in her eyes.

Ji Yunjing was a little surprised. He didn't expect her to agree so easily. He originally thought that it would take some time.

However, since his sister was so forthright, as her elder brother, he naturally had to increase his efficiency.

Snapping his fingers behind him, the Butler immediately took the portrait of Xia Jinqi and handed it to Xia Jinqi.

“Just sign your name on it.” Ji Yunjing pointed at the lower right corner of the portrait and smiled gently at Xia Jinqi, full of affection.

With this smile, he seemed to have returned to the kind and amiable cousin from before.

Xia Jinqi hesitated for a moment, but she still put down the pen and signed her name.

Ji Yunjing put away the portrait as if it was a treasure, and then asked the Butler to bring Xia Jinqi to see Yan Qing.

In the last room on the west side of the villa.

Xia Jinqi saw Yan Qing.

Strictly speaking, she saw Yan Qing tied to a chair, his face was purple, and there was blood at the corner of his mouth.

Xia Jinqi hurriedly walked in and shook his body. “Yan Qing? Yan Qing!”

She couldn’t wake him up, so she patted his cheek again.

She didn’t know if he was woken up by the pain, but he woke up with a hissing sound.

At first, his vision was still blurry, but Yan Qing was stunned for a moment. When he focused his eyes, he finally saw the person in front of him clearly.

“Xiao Qi...” he murmured and smiled. “You’re here...”

When he smiled, the corner of his mouth, which had been cracked open, was covered in blood.

Xia Jinqi was shocked and quickly took a tissue to wipe the blood from the corner of his mouth. “STOP TALKING!”

“I’m fine...” he forced a smile and tried to talk to her. “How did you know I was here?”

Xia Jinqi did not answer his question. She only asked him if he was still feeling unwell.

As she asked, she untied the rope that bound his body.

Ji Yunjing really could do it... ..

Yan Qing was free. He struggled to stand up, but he was so weak that he staggered.

Chapter 478: I’m sorry. I never thought of hurting you

Seeing that she was about to fall, Xia Jinqi could only support him and let him sit down to get used to it for a while.

Yan Qing took the opportunity to hold her hand. “Xiao Qi, don’t you blame me?”

Xia Jinqi withdrew her hand without batting an eyelid and shook her head lightly.

No matter what, his injuries were all because of her.

Yan Qing could not help but smile bitterly when he saw her avoiding him like a Scorpion "I know that you don't like Xia Tianjiao, so you deliberately agreed to marry her in order to abandon her and let her embarrass herself in public. I never thought that she would say that... I'm sorry. I never thought of hurting you."

"You..." Xia Jinqi didn't know what to say for a moment. Did he deliberately play around with his marriage just to help her?

"I'm very happy because you're here. Xiao Qi, you still can't bear to part with me, right?" Yan Qing smiled and stared at Xia Jinqi like a fool.

He was in an accident, his father didn't come, his mother didn't come, and the first person to save him was actually her.

He knew that he wouldn't love the wrong person.

He knew that she was very soft-hearted, so she definitely couldn't bear to leave him alone... ..

However, Xia Jinqi just helped him up and slowly walked out of the door. "Don't say anymore. Let's go first."

If it were not for her, he would not have ended up like this.

Xia Jinqi was a little moved and felt guilty.

However, when she helped the limping Yan Qing into the living room, a group of people rushed in from outside the door. All of them were frowning and their expressions were extremely ugly.

Yan Youcheng and Zhou Lingfang were walking at the front.

Zhou Lingfang's sharp eyes saw that it was Yan Qing and immediately rushed over. She hugged him and cried, "my son! What happened to you? Did they hit you?"

Yan Youcheng's gaze was attracted. He turned his head and looked over. When he touched the bloodstain on Yan Qing's cheek, his old face became even gloomier and more terrifying!

He turned his head and glared at Xia Jinqi who was standing beside Yan Qing. "Why are you here?"

"I..." Xia Jinqi was stunned for a moment. Just as she was hesitating whether she should reveal her relationship with Ji Yunjing, a lazy voice came from behind her. "It's one thing for Mr. Yan to break into a private house, but why are you so rude to my sister?"

"sister?" Yan Youcheng caught the main point of Ji Yunjing's words and looked at Xia Jinqi in disbelief.

"Oh, I forgot to introduce you. Xiao Qi is my biological cousin, the daughter of the Ji family." Speaking of this, Ji Yunjing appeared quite proud.

It could be seen that he liked Xia Jinqi very much. He was genuinely happy that Xia Jinqi had agreed to acknowledge her as her ancestor.

“The daughter of the Ji family? Aren’t you Xia Jitian’s daughter? !” Yan Youcheng was really angry this time. His head was almost smoking.

Xia Jinqi also felt that there was nothing to hide, so she said, “I was adopted by my father.”

With just one sentence, she completely drew a line between herself and the Xia family.

Yan Youcheng stared at her with his old eyes. For a moment, he was so surprised that he didn’t know what to say... ..

At that time, Zhou Lingfang reacted quickly. She pointed at Xia Jinqi and screamed, “So it was you! It was you who instigated him to kidnap my son! You are so cruel! ”

Yan Qing hurriedly grabbed Zhou Lingfang’s hand and berated, “MOM! Stop talking! Xiao Qi is here to save me! She can’t treat me like this! ”

“You silly child, what do you know? She is Ji Yunjing’s biological sister. If she wanted to save you yesterday, she would have done it already. Why did she have to wait until today? !” Zhou Lingfang cursed in disappointment.

Chapter 479: was unnecessary

However, Yan Qing did not listen to her at all. He stood up stubbornly and stood in front of Xia Jinqi. “I believe in Xiao Qi! She will never hurt me! ”

Xia Jinqi’s heart skipped a beat. She looked up at the figure standing in front of her, her eyes slightly cold.

The more he acted like this, the more guilty she felt in her heart.

Yan Youcheng had always been suspicious of Xia Jinqi. Now that he saw his son acting like this, his old face was already long gone.

“Trash! One is like this, and two are like this too! You’re just a woman, look at how you’re acting now! ” Yan Youcheng scolded sternly, his head aching!

Jun ‘er, whom he had wholeheartedly wanted to nurture, was like this, and now even Qing ‘Er was like this!

What sin had his Yan family committed?

“Dad! You knew long ago what I was thinking about Little Qi! ” Yan Qing gritted his teeth, contradicting his father for the first time.

Yan Youcheng glared at him and said without any room for negotiation, “don’t even think about it! Back then, it was precisely because she was Xia Jitian’s daughter that I let Jun ‘er marry her. Now, she’s nothing, and don’t even think about having any relations with my yan family! ”

What he meant was that he had to divorce Xia Jinqi and Yan Jun..

After saying that, he waved his sleeves and left. “Go home! ”

Zhou Lingfang helped Yan Qing up and wanted to take him away.

However, Yan Qing looked at Xia Jinqi with reluctance. He wanted to say something, but in the end, he couldn't.

Xia Jinqi thought that Yan Youcheng was going to make a scene this time. After all, Yan Qing had been beaten up so badly. Who knew that he would leave without even settling the score?

This didn't seem like his style... ..

As she was thinking, Xia Jinqi looked outside the door and her pupils suddenly shrank.

The man leaning against the door was dressed in a pure white shirt and black trousers. His tall figure was bathed in the brilliant sunlight... ..

His slanted eyebrows, deep and pure black pupils, high nose bridge, and Thin Lips... ..

It was Yan Jun..

Xia Jinqi's brows furrowed slightly. When did he come?

Ji Yunjing, who was watching the show from the side, saw this. He brought his own coffee, stood up, and walked upstairs.

"You guys chat. I'm tired. "

It was very appropriate to leave the space for the two people downstairs.

Xia Jinqi bit her lower lip and walked closer to Yan Jun..

"When did you come?" She asked.

His deep eyes looked over and stared at her. "Are you Ji Yunjing's sister?"

"Yes." She nodded.

"Why didn't you tell me?" Yan Jun lowered his voice and asked.

"... I. . ."He interrupted her after saying one word ...

"because there's no need for that?" His sneering tone was heard, and his pitch-black eyes were filled with cold anger. "In order to save Yan Qing, you would rather not be the daughter of the Xia family and divorce me, right?"

He had already heard everything from outside the door just now.

He had even arrived a step earlier than Xia Jinqi.

He had heard everything.

Including that she would rather abandon her identity as the fourth daughter of the Xia family for Yan Qing.

She knew very well that their marriage was originally based on their identities.

Now, she had abandoned her identity for Yan Qing, which was equivalent to abandoning him.

Xia Jinqi knew that he had misunderstood, so she hurriedly explained, "No. Yan Jun, listen to me, I..."

"There's no need to say anymore." He coldly threw down these four words, turned around, and left.

His voice was cold, and every word was filled with a bone-chilling coldness that instantly froze Xia Jinqi's heart.

She stood rooted to the ground. She didn't expect that his reaction would be so big... ..

She instinctively took two quick steps and chased after him.

Chapter 480: this man was really angry

Fortunately, he did not walk quickly. She tugged at his sleeve and called out to him, "things are not what you think!"

Feeling her strength, Yan Jun's footsteps paused slightly.

Just when Xia Jinqi was happy that he wanted to listen to her explanation, he just stretched out his other hand and gently took her hand away. He mocked indifferently, "that night, you said you wanted a divorce because of him?"

Big Boss Yan's jealousy was completely overturned.

Thinking of her eagerness for Yan Qing, thinking of Yan Qing's expression when he protected her, he felt as if someone had hit him on the head with a wooden stick. He felt a dull pain and completely lost his mind!

"No! This matter started because of me. I don't want to owe him anything." Xia Jinqi was anxious. His eyes seemed to be filled with grief, and every bit of it hooked onto her soul.

At that time, she really didn't think so much. She didn't think that her identity would become a weakness for Yan Youcheng.

She also didn't think that Yan Jun would care so much.

And now, how could Yan Jun still listen to any explanation? "I'm going abroad for business in the next two days. You take care of yourself."

As soon as he finished speaking, he stepped on the early autumn breeze and left without looking back.

Xia Jinqi still wanted to chase after him, but this time, he left very quickly and she didn't catch up.

After that, Xia Jinqi didn't see him again for three days in a row.

During this time, she returned to Lego and handed out the authority. She handed over the matters at hand and prepared to go back and rest in peace.

Her belly was getting bigger day by day, and she didn't have that much energy.

Now that she had free time, she could take the postgraduate entrance exam in peace.

But when she returned to Lego, she found out that Yan Jun had returned the 900 billion that she invested.

Not only that, but he had also added a profit of 500 million.

The elders of Lego praised her for her good taste. She knew how to do business and invest. In just a few months, she had already made so much profit.

However, Xia Jinqi was not happy at all.

Ever since she and Yan Jun had a falling out that day, he had never returned to Qingxin Garden.

Now, he had even returned the money that she had invested. In addition to the profits... ..

What about his financial group?

Xia Jinqi did not know.

In the past few days, she had tried to call Yan Jun, but it was always the secretary who answered.

Only at this moment did she realize that this man was really angry.

And very, very angry.

He was angry and jealous at the same time.

He was extremely jealous.

That night, Xia Jinqi and Long Qingxin still had dinner together.

Long Qingxin was an experienced person. She had long noticed that Xia Jinqi had been absent-minded for the past few days, and Jun'er suddenly went out to do some errands. The two of them were neither warm nor cold.

"Did you have a fight?" Long Qingxin opened her mouth and asked.

Xia Jinqi didn't say anything, but her hand that was picking up the food froze for a moment.

Seeing this, Long Qingxin knew that she was right.

"I knew it. Ever since that old thing came, the two of you haven't come back together!" Long Qingxin was so angry that she threw her bowl. With one guess, she knew that it was that old thing Yan Youcheng who caused the trouble!

Look at these two kids living well, why did they insist on asking for a divorce.

The corners of Xia Jinqi's eyes twitched a little... .. Grandma's temper was still as bad as ever ...

"GRANDMA..."

"Where's Jun'er? He's still not back from his business trip?" Long Qingxin asked again, huffing and puffing.

Xia Jinqi shook her head. She couldn't get in touch with him right now.

Suddenly, she felt a little frustrated.

She should have chased after him that day at all costs.

Who knew that he actually went on a business trip... .. Moreover, he had been gone for a few days ...
