Chapter 481: She was everywhere.

"She should be back by now," Long Qingxin muttered. Seeing Xia Jinqi's absent-minded eyes, she waved her hand. "Don't worry too much. Rest early."

"Grandma should rest early too." Xia Jinqi returned to her own courtyard after eating.

After reading for a while, she called Zuo Xiaoran. It was already past ten o'clock when she took a shower and lay on the bed.

After lying down for a while, she couldn't fall asleep. She sat up and leaned against the headboard of the bed, staring at the moon outside the window in a daze.

When the night deepened, a black car stopped outside Qingxin Garden.

Yan Jun, dressed in a black windbreaker, got off the car.

He had become thinner.

His face was travel-worn, but it did not affect his handsome face, which was angered by both man and God.

He stood at the door for a long time before he stepped in.

When he reached the living room, he stopped in his tracks.

He turned around and sat down by the SOFA, but his gaze unconsciously looked upstairs.

It had been three days since he last saw her.

He wondered how she was doing?

The original plan to go to the Middle East was only for a day. Who knew that a deal could not be negotiated, so it was delayed.

However, this was also good. Both of them could calm down.

After getting off the plane, he did not stop for a moment. He came back as fast as he could, wishing that he could immediately appear in front of her.

However, when he really came back, he hesitated again.

He froze on the sofa for a long time, sitting until his body went numb. He did not change his position, but just remained in a daze for a long time.

The five companies that he had taken back from Yan Qing started to operate again in his hands. In addition to the profits from the Middle East, his capital chain was already very rich, so he returned all the money that Xia Jinqi had invested.

He also knew that her money had been moved from Lego, so he naturally did not want to see her bear the risk for him.

Aunt Chen was still awake. She had just finished checking the ingredients for the soup that she was going to make for the young mistress the next day. When she came out of the kitchen, she saw that there was someone sitting on the sofa that she did not know was suitable.

She walked closer to take a look and realized that it was the young master who had returned. She hurriedly went up to greet him.

“Young Master? It’s great that you’re back! The young mistress has been waiting for young master to come back for the past few days!”

Yan Jun came back to his senses and saw that it was aunt Chen. His brows twitched slightly and he asked, “how... How has she been these two days?”

“pretty good, but she’s always talking about little young Master! Now that you’re back, she’ll definitely be happy!”

“There’s no need to tell her that I came back. I still have something to do at the company, so I’ll be leaving first.” After giving a simple explanation, Yan Jun stood up, tidied up his windbreaker, and left again.

Aunt Chen looked at Yan Jun’s departing figure with some surprise and was very puzzled.

Why did he leave again after just coming back?

Yan Jun went straight to the company.

The cold-faced Yama who was once rumored to be addicted to women and unable to extricate himself was now addicted to work again.

Only he himself knew the reason.

Once he was free, his mind would be filled with her.

The laughing her, the cute her, the beautiful her, the mischievous her, the crying her... ..

She was everywhere.

He could not avoid her, he could not escape, he could only throw himself into the pile of work.

He was so busy that he did not have time to think about her.

This was hard on the employees of his company.

Whichever team he caught at the last minute had to stay behind to work overtime.

At this moment, it was Zhuge Wentao’s turn.

He had just finished with the matter of the consortium and did not have time to rest when he was caught by the King of hell to work overtime again.

He complained helplessly, “isn’t the income in the Middle East very good? Why do you still have a cold face?”

Chapter 482: Is still mad at me?

“Get rid of the shares of the Yan Corporation as soon as possible and become completely independent.” Yan Jun stood in front of the huge transparent glass with his hands behind his back, looking down at the neon lights in the city.

Hearing this, Wen Tao instinctively frowned, “your old man is forcing you to get a divorce again?”

Yan Jun did not answer, but his long and narrow Phoenix eyes suddenly narrowed.

Wen Tao saw him like this and knew that his guess was right.

“No wonder you returned the money that Dong Xing invested in the Yan Corporation. It turns out that you had this idea all along. If you get rid of the Yan Corporation, you can get rid of the shackles of your grandfather and further centralize your power. It will be much easier to do whatever you want.” He muttered Wen Tao habitually pushed the mirror frame on the bridge of his nose and rolled up his sleeves as if he had made up his mind. “In that case, let’s speed up the process!”

With that, he got up and went to the door. He told his team to cheer up and go all out.

Yan Jun always maintained the previous posture, deep black eyes, staring at the foot of a city.

He’s not a pushover.

Especially don’t like to be controlled.

—

The next day.

Xia Jinqi or from the mouth of aunt Chen know last night Yan Jun came back.

Even though he had only stayed for a short while before leaving in a hurry, at least she knew that he had come back safely.

Early in the morning, she brought breakfast and a change of shirt to the Yan Corporation’s head office.

The pretty girl at the front desk already knew her identity. When she saw that she had gone, she immediately smiled and led her to the president’s office.

When she knocked on the door and entered, she only saw Zhuge Wentao flipping through the documents alone.

Zhuge Wentao also heard the sound. When he turned around and saw that Xia Jinqi had come, hope immediately appeared in his eyes.

He stood up with his documents in his arms and walked softly to Xia Jinqi. He pointed at the Guest Sofa at the side and said softly, “he just fell asleep when it’s almost dawn. I’ll go back first.”

His sister-in-law had arrived. He could finally be free in the open... ..

This kid didn't want his life, but he still cherished his life!

Xia Jinqi nodded and looked in the direction he was pointing. As expected, she saw that familiar figure leaning on the side of the SOFA, sleeping soundly with her eyes closed.

Her heart couldn't help but clench. She slowly walked towards him.

Outside the window was the bright and beautiful spring sunshine, sprinkling in bit by bit.

He leaned against the SOFA. His sleeping face was very clean and quiet.

The two buttons on his collar had already been unbuttoned, and his tie was also loosely leaning to the side.

The white shirt on his body was slightly wrinkled, unintentionally telling him about his hard work these few days.

Xia Jinqi sighed softly, took off her coat, and gently covered his body.

The moment she bent down, she just happened to see the ashtray on the coffee table.

A pile of cigarette butts and ashes was poured out in all directions.

Xia Jinqi's heart shrank slightly. He was a non-smoker. To smoke so much all of a sudden... ..

Ripples appeared in her watery eyes. She leaned over and stretched out her hand to gently caress his slightly furrowed brows.

"You've lost weight," she muttered softly, enduring the bitterness in her nose. "Are you still angry at me?"

In her memories, this was the first time he had such a long cold war with her.

She also knew that he was truly sad.

However, if time went back, she would still make the same decision as before.

Nothing was more important than a human life.

She could not watch a human life being taken away because of her.

That person was once her best friend and teacher in university for four years.

She could not be so cold-blooded.

And at this point, she no longer owed Yan Qing anything.

Chapter 483: this woman had some goods with her

She accompanied Yan Jun for a while, but he still didn't wake up.

Xia Jinqi touched the breakfast she brought over, but it was already cold.

She guessed that he was about to wake up, so she got up and wanted to take it out to heat it up.

Just as she got up, the phone on the table buzzed.

She hurriedly picked it up and saw that it was Xia Tianjiao calling.

She hung up instinctively, but she called again and again.

Afraid of disturbing Yan Jun's rest, Xia Jinqi could only go outside.

When she closed the door, she accidentally made a sound.

"creak...".

Yan Jun woke up faintly.

He hadn't gotten over the jet lag during the few days he went to the Middle East, so he didn't get much rest.

After he came back, he had been working overtime. He barely slept until dawn.

Reflexively, he reached out and rubbed his temples. Yan Jun sat up.

The light-colored coat that covered his body slid down along with his movements.

He took a closer look and recognized that it was... .. Xia Jinqi's clothes ...

She was here?

His dark eyes became anxious. He grabbed his clothes and quickly walked out of the door.

He pushed open the office door, but only the secretary stood at the door obediently. When she saw the anxious expression on her face, she thought that something had happened. "President Yan?"

Yan Jun looked back and asked, "who was here just now?"

"Madam was here just now. She said that she brought you something to eat." The secretary pointed at the lunchbox on the table. She had already heated the food inside.

When his gaze fell on the lunch box, Yan Jun frowned. "where is she?"

"Madam said she didn't want to disturb your rest, so she left first," the secretary replied.

The moment his voice fell, Yan Jun had already rushed to the elevator entrance.

The dedicated elevator had already reached the first floor.

He turned around and squeezed into the employee elevator. Yan Jun anxiously looked for the beautiful figure in the crowd that he had been longing for... ..

During the peak period of work, there were many people in the hall. Yan Jun found his way to the outside of the building.

His heart was pounding wildly.

She's here.

He should have woken up earlier... ..

As he was thinking in frustration, a figure suddenly appeared in front of him.

She had long chestnut-colored hair, with only an exquisite centipede braid at the end of her hair, and a light blue bow ribbon at the end of her hair.

A light blue long-sleeved thin gauze shirt of the same color, casual style.

White shorts, refreshing and clean.

When the sky was filled with fine raindrops, she held a transparent umbrella and walked unhurriedly through the crowd.

Looking from the back, he only felt that her figure was slim, and she did not look pregnant at all. She was extremely thin.

Yan Jun's eyes darkened. His heart stirred, and he quickly took two steps to catch up with her.

Just as he was about to catch up, a black seven-person car suddenly rushed out from the road ahead and stopped right in front of Xia Jinqi!

Before she could react, two burly men rushed out of the car and pulled her into the car!

"You!" Before Xia Jinqi could finish her words, she had already been kidnapped!

The moment the car door closed, Xia Jinqi clearly heard a call.

"Ah Jin! !"

She instinctively wanted to turn around to look. WAS IT Yan Jun?

The man beside her had already taken out a piece of tape to seal her mouth. Someone else had tied her hands with a rope!

There were people on both sides. She did not have any room to struggle!

She heard a male voice from the front row. "Brothers, be gentle. This woman has some goods on her. Don't cause any deaths."

Chapter 484: was best at destroying flowers!

The man sitting on Xia Jinqi's right chuckled and said, "Lord Dog, don't worry! We won't do anything that involves one corpse and two lives! However, I heard that this girl usually has someone protecting her, so it's not easy to catch her. Why is she alone on the street today?"

Hearing this, Xia Jinqi suddenly frowned.

Judging from their tone, they should have been following her for a few days just to wait for this opportunity?

She had just gone to Lego to hand over her work the day before yesterday, and the bodyguards around her had also left.

It was really all-pervasive.

The man who was called elder dog in the front snorted. "Why do you care so much? We take money from people and do things with them. Can't we just bring this girl to her destination?"

Xia Jinqi didn't make a sound the entire way. She didn't make a sound or make a fuss, and she was very cooperative.

Elder dog also felt that it was strange, so he turned around to look at Xia Jinqi. He was puzzled. "Are you scared silly? Why isn't there any reaction?"

"..."Xia Jinqi's mouth was still taped, and she couldn't shout or shout. Of course, she could only keep quiet!

Moreover, when she got into the car, she did hear Yan Jun's voice.

In other words, Yan Jun saw her being taken away with his own eyes.

He would definitely come and save her.

Definitely.

So, what was there to worry about?

The underling also felt strange and took the initiative to suggest, "Lord Dog, why don't you take off her tape? She still has one in her stomach. If she suffocates..."

Lord Dog Thought about it and actually felt that it made sense, so he nodded. "Then tear it up for her."

Xia Jinqi,"..."is it really okay to be so hasty?

In short, Xia Jinqi couldn't help but refuse. The underling beside her had already helped her remove the tape.

Her hands were still tied, but they weren't tied upside down, so it wasn't too uncomfortable.

After moving around a little, she leaned back in the backseat and rested again, as if she was at home.

From her body, there wasn't the slightest bit of self-awareness as a kidnapped person... ..

The underling was dumbfounded. "Elder Dog, has she really gone crazy?"

Elder dog turned his head again. He had a buzz cut, a square head, dark skin, and a scar on his right cheek, making him look a little scary.

He carefully looked at Xia Jinqi and felt that it was strange. He narrowed his small eyes and started shouting, "Hey! Don't play tricks with me! I'M THE FAMOUS ELDER DOG ER! I'm the best at destroying women!"

Xia Jinqi's eyes twitched and she nodded seriously. "okay, elder dog."

Elder Dog, "..."

Little brother, "..."

After decades of kidnapping and extortion, this was the first time they had met such a calm and calm woman!

And she was pregnant?

The two of them looked at each other in panic.

Before they could figure out what was going on with Xia Jinqi, the driver's deep voice came from behind. "There's a car following us."

"What?" Elder dog was shocked. He actually looked at the rearview mirror and saw a black maybach approaching quietly! "Damn! I was wondering why this woman was so calm. So she already knew that someone was coming to save her?"

The underling took out the tape with a trembling voice and asked, "then, elder dog, do you still want to seal her mouth?"

Elder dog slapped him and scolded fiercely, "You F * Cker! Hurry up and SEAL HER MOUTH!"

The little brother rubbed his head in pain. He raised his trembling hand and was about to put the tape on Xia Jinqi's mouth.

However, she dodged it.

"If you don't drive faster, you'll be caught," Xia Jinqi sneered and looked at the rearview mirror.

Chapter 485: was, of course, to torture you!

Black Maybach.

A familiar license plate.

It was Yan Jun..

Although they were quarreling, when he saw that she was in danger, he would still chase after her without caring about anything else... ..

Lord dog was also anxious. Seeing that the car behind them was continuously approaching, he hurriedly urged the driver, "hurry up and speed up!"

They had just captured someone, but they were already caught up. Wasn't that too embarrassing?

The driver was not anxious at all. He looked at the rearview mirror, the corners of his lips curled up slightly, and a cruel and bloodthirsty smile appeared on his face.

"Sit tight!" He suddenly said sternly!

At the same time, he turned the steering wheel with his right hand. The moment the car entered the ring, it tilted to the right. Before anyone could react, with a bang, it crashed into a bus on the right lane!

The violent collision and the powerful inertia caused Xia Jinqi's body to sway. She instinctively covered her stomach, but her head hit the guardrail in the front seat. Her vision went black and she fainted.

The bus on the other side reacted in time. It turned the steering wheel to avoid the collision, reducing the force of the collision to the minimum!

However, due to the extremely long body of the bus, the center of gravity was not stable. The bus was thrown out in an instant and rolled sideways on the road.

Elder dog and the others steadied the car and took the opportunity to leave.

Meanwhile, Yan Jun and the subsequent cars were all blocked at the back!

The entire road was blocked and could not be passed through!

The scene was in chaos. The sound of horns, the sound of emergency brakes, and the sound of crying coming from the bus... ..

Yan Jun knitted his brows tightly, and a murderous aura that could destroy heaven and earth erupted from his gloomy black eyes!

He grabbed the phone at the side and shouted anxiously, "Wang Mang, send someone over immediately!"

"..."

Xia Jinqi was awakened by a glass of water.

She opened her eyes in a daze and saw the dim yellow lights flickering on the ground.

She didn't know if the lights were flickering or if the ground was shaking.

Before she could see clearly, her line of sight came into contact with a pair of black leather boots.

All the way up, her thighs were tightly wrapped in black silk, a tiger-skin skirt, a dark red jacket, Brown hair... ..

Her extremely familiar facial features and eyes filled with hatred!

It was... .. Xia Tianjiao ? !

Just when she clearly saw who the person in front of her was, Xia Jinqi felt her entire body being bound again!

Her hands were held high above her head, and she could only stand on tiptoes on the ground. Her posture was extremely tiring!

After she woke up, her stomach was also faintly aching!

She gritted her teeth and secretly swallowed the discomfort in her body!

Perhaps it was because she could see that Xia Jinqi was trying hard to hold on. Xia Tianjiao shook the small whip in her hand and sneered. "Don't worry, your child is still there. Although I can't guarantee that he'll be gone at any time."

"What do you want to do?" Xia Jinqi looked coldly at the second sister whom she had called for more than 20 years. The blood in her body was freezing bit by bit!

"Can't you tell? Did I invite you here to have tea with you? Of course, it's to torture you!" Xia Tianjiao suddenly raised her head and smiled, extremely sinister!

After laughing, she suddenly turned back and used her hand to pinch Xia Jinqi's chin fiercely. "I'll pay you back little by little today for what Ji Yunjing did to me!"

After saying that, she clapped her hands. Immediately, someone brought in an iron basin that was burning charcoal and placed it in front of Xia Jinqi.

There were also a few soldering irons in the charcoal.

Xia Jinqi frowned as she watched. However, Xia Tianjiao had already lifted up her shirt, revealing a piece of skin on her belly button. "I want you to be like me!"

The two words, 'slut', were engraved on it!

The burns were extremely terrifying. The two words were not only engraved on her skin, but also seemed to have been carved into her internal organs!

Chapter 486: You cry You Beg me!

The shocking scars also shocked Xia Jinqi!

This was Ji Yunjing's doing?

She knew that Ji Yunjing had captured Yan Qing and Xia Tianjiao at the same time. However, when Xia Tianjiao was released, she looked fine and didn't seem to have suffered any injuries.

She didn't expect that her injuries were elsewhere!

And the matter of branding her stomach... Xia Jinqi seemed to have heard Ling Yue mention that this was Legu's way of punishing traitors ...

The parts of the body that did not need to be exposed were either engraved or tattooed. Furthermore, special potions would be used. The wound was so deep that it could not be removed for the rest of one's life.

UNLESS... ... That piece of flesh was cut off !!

Otherwise, this mark of shame would follow for the rest of one's life!

Ji Yunjing actually used such a method to deal with Xia Tianjiao. Xia Jinqi secretly took a deep breath.

The Brazier on the ground was burning vigorously.

The flickering flames flickered, illuminating her pale little face.

“Yan Jun knows that I’ve been captured by you. He’ll find me soon. If you dare to lay a hand on me, he’ll definitely not let you off!” Xia Jinqi took a deep breath, but her legs were already trembling with exhaustion!

Hearing the threats in her ears, Xia Tianjiao was unmoved. Instead, she moved the soldering iron, as if checking if the heat was in place.

“when he comes, it’ll be too late. “I have nothing anyway, Xia Jinqi. I want you to go to hell with me “You haven’t noticed, have you Right now, we’re on the same boat. When I’m done torturing you, I’ll order someone to break the bottom of the boat. At that time, we’ll sink into the sea together... “...”. Xia Tianjiao was still muttering about her plan She was out of control and looked crazy.

She had nothing left... ..

Her parents were gone, her man was gone, her identity and reputation were gone, and she still carried such a shameful mark on her body!

Anyway, there was no point in living anymore. She might as well just die like this.

However, death was such a terrifying and lonely thing. She was afraid, but she didn’t dare to.

Therefore, she wanted to find someone to accompany her.

If she had a companion on the way, perhaps she wouldn’t be so lonely... ..

Xia Jinqi furrowed her brows. Only then did she realize that they were actually on the same boat!

She was wondering why it was shaking so badly!

Moreover, if she listened carefully, she could hear the sound of waves crashing and the howling sea breeze.

Xia Tianjiao, this lunatic, actually wanted to drag her to death!

What should she do?

The pain coming from her abdomen became more and more obvious. The cold sweat on her back had already soaked through her clothes... ..

The more afraid she was, the calmer her heart became.

She gritted her teeth and no longer made a sound. Her face was cold and indifferent.

What Xia Tianjiao wanted to see the most was the scene where Xia Jinqi was scared half to death, crying and begging her. But after waiting for a long time, she actually didn’t hear a single word?

She was no longer interested in the soldering iron. Instead, she stood up and approached Xia Jinqi. She used her hand to Pinch Xia Jinqi’s Chin hard, forcing her to look at herself.

“YOU’RE CRYING! You’re begging me! Why didn’t you say anything? ! You’ve always been like this since you were young! You’re always expressionless! You never care about anything! ”

Xia Jinqi, on the other hand, just stared at her. She gritted her teeth and didn't say a word.

The more she acted like this, the more anxious Xia Tianjiao became "Do you know why Mommy hates you so much It's because of your behavior When I heard that when you were just born, Daddy liked you so much that he took you on a business trip alone. At that time, Mommy found a fortune teller and said that you were a vixen who would bewitch all the men around you That's why mom hated you so much Because you stole Dad!

Chapter 487: I can't hold on much longer.

Later on, when you grew up, it wasn't enough that you had Yan Jun. you even had to taint Yan Qing If it wasn't for you, how could Yan Qing have gone back on his word in public at the wedding How could I have become the laughingstock of the entire city I hate you!"

The more Xia Tianjiao spoke, the more agitated she became. The gaze she glared at Xia Jinqi became increasingly vicious and vicious!

She thought that Xia Jinqi would be afraid, but Xia Jinqi looked at her with incomparable calmness "You said that you hate me, so should I hate you as well? From a young age, you know how you bullied me. Yan Qing breaking off the engagement is his business, but you're making up rumors to frame me.

"You've fallen to this state. Every step you take is your own doing. Every step is your own pushing yourself into hell! "

Xia Jinqi's every word turned into a fierce hunter, grabbing Xia Tianjiao by the throat!

Her face turned pale bit by bit... ..

Yes, she had lost.

She had lost everything.

She had lost to a useless piece of trash that she had looked down on since young!

How could she accept this? ! !

She suddenly turned around quickly and fished out the biggest piece of soldering iron from the Brazier. The soldering iron was burning red as she raised it in front of Xia Jinqi.

"If I fall into hell, don't even think about living happily! I'm your sister, you should be with me, right? "

As she spoke, her hand began to move downwards, and it was about to touch XIA JINQI'S STOMACH!

"Come, my dear sister, let's... "

The flickering spots of light on the dark ship shone on Xia Tianjiao's cheekbones, flickering between light and darkness. It was as terrifying as a ghost!

"You! " Xia Jinqi was still trying to think of a way to stop her, but before she could say a word, another wave of pain came from her stomach!

Xia Jinqi could already feel the darkness in front of her, and Xia Tianjiao's shadow was beginning to fade... ..

She didn't know how much time had passed since she was being hung like this, but she didn't have any strength left... ..

Her stomach hurt so much.

Her child... ..

"Yan Jun..." Xia Jinqi's extraordinarily handsome face suddenly appeared in her mind.

I... I can't hold on much longer.

Xia Tianjiao's movements paused slightly. She clearly heard Xia Jinqi's two words, and she suddenly burst into laughter. "You also have this day! Don't you usually have someone to protect you wherever you go? Aren't you very impressive? HAHAA... AH!"

The sharp and ear-piercing laughter was only half-heard. The arm that was holding the soldering iron suddenly felt a sharp pain. Her entire body was like a wild beast that had been shot through by a bullet. All of a sudden, she raised her head and cried out in pain!

"Ah! My hand! !"

Then, with a clang, the red-hot soldering iron fell to the ground!

A team of armed police officers instantly filed in and controlled everyone in the cabin.

Xia Jinqi raised her eyes with great effort.

However, in a blur of light and shadows, she saw a tall and tall figure.

That familiar silhouette gradually became clear in a dim beam of light.

He seemed to be running over impatiently, gasping for breath.

She saw his clothes fluttering wantonly. She saw that his white shirt was dyed with bright red blood, like a blooming resurrection lily, enchanting and deadly.

The man she loved so deeply still came in the end.

Then... .. someone cut the rope that bound her, and she fell into a warm embrace, wafting a faint tobacco fragrance ...

She remembered the smell that belonged to him very clearly.

She felt a sticky sensation in her legs, and she gripped the man's shirt tightly. "Save... the child..."

Then, endless darkness enveloped her.

Chapter 488: must be strong!

At the spot where Xia Jinqi fell, a large amount of blood began to spread.

The scarlet color Stung Yan Jun's eyes!

"Doctor! Where is the doctor! !" He roared angrily, like a violent lion, the murderous aura all over his body suddenly burst out!

No one in the cabin dared to speak, they all stood still.

Until the 120 that followed arrived, the doctor and nurse hurriedly put on the inhaler for Xia Jinqi, and immediately began to treat her!

In this tense atmosphere, Xia Tianjiao suddenly let out a burst of shrill laughter. "Hahahaha! Xia Jinqi! Your child is gone! Gone! HAAAAHA! DIE WITH ME! "

Yan Jun's eyes were extremely malicious, and there was a sharp killing intent in his black eyes! "throw her down! "

With such a terrifying and bloodthirsty sentence, Yan Jun's face was terrifyingly gloomy, as if he was the king of Hell who had just walked out of hell. He was merciless!

The moment he finished speaking, someone had already grabbed Xia Tianjiao by the collar, dragged her out of the cabin, and kicked her on the back.

With a PLOP, she was thrown into the sea like a stinky rock in a latrine pit.

She didn't even have the slightest bit of struggle as she disappeared on the surface of the water with a ferocious smile on her face... ..

I'm leaving, this tiring world... ..

I hope that I will never be a human again in my next life, and never experience this heart-wrenching pain again.

At the same time, the doctor who was performing emergency treatment for Xia Jinqi had a pale face. He raised his blood-stained hands and said in a trembling voice, "the child... can't be saved... "

Yan Jun suddenly turned around. A black muzzle was already pressed against the doctor's Temple. He opened his mouth and said in a cold and terrifying voice, "if you can't be saved, I want all of you to be buried together with me! "

Everyone present was so scared that they broke out in cold sweat!

They had always known that the young master of the Yan family was said to be decisive in killing and cold and unreasonable!

Now that they had seen it with their own eyes, they knew that the rumors were even more than that!

How was this just cold This was simply the King of Hell!

The doctor's entire body was trembling. His upper and lower teeth unconsciously collided with each other, making a series of sounds... ..

"Send to the hospital immediately, perhaps still can save... " the doctor said these words, not even one percent sure!

But if he hadn't, he'd be dead right now!

Sure enough, as soon as his voice fell, Yan Jun had rushed over and picked up Xia Jinqi, who was on the ground, and rushed out of the cabin.

"Ah Jin... hold on! We'll go to the hospital right away, right away..." he murmured quickly, his thoughts very confused, scattered what he said, he did not know ...

He only knew that he was constantly talking to her, talking to the child in her belly. "You're my child and AH JIN's child. You have to be strong, you have to be strong!"

He carried Xia Jinqi into the car. Huo Ting, who came after him, knew about the situation. He immediately led the car to lead the way and rushed to the largest hospital in the vicinity at the fastest speed!

All the doctor directors had been contacted. As soon as Yan Jun and the others arrived, Xia Jinqi was sent to the operating theater.

The Blue Door closed. With a bang, the three big red words "in surgery" separated them into two different worlds.

Xia Jinqi lay on the cold operating table, her face Pale and transparent.

The doctors and nurses rushed up to her and nervously started the treatment... ..

Outside the door, Yan Jun had lost all his strength. He leaned against the stiff wall, his expression absent-minded.

Chapter 489: it turned out that he was the main culprit!

His usually strong back was finally crushed at this moment.

He lowered his head, and what greeted his eyes were his hands that were stained with blood... ..

This was... .. Xia Jinqi's blood ...

If... if he wasn't so stubborn and didn't care so much about his self-esteem, if he had returned earlier, she wouldn't have come to the company to look for him the next day!

If he had woken up earlier and held her hand earlier, he wouldn't have been kidnapped!

If... ..

There were too many ifs, and it was too late to save her.

Ling Yue rushed over when she heard the news. She looked at the tightly shut doors of the operating theater with a look of surprise on her face. "How could this be... when I saw the young miss before, she was still fine!"

When he heard Ling Yue's voice, Yan Jun suddenly raised his head and grabbed her. "where's Ah Jin's bodyguard? As the leader of Lego, where's her bodyguard who never leaves her side?!"

“She left...” Ling Yue was scared silly, and her expression was dazed. “The money that she invested in the Yan Corporation came back, and the young miss took a leave of absence and handed over Lego’s rights. She said she wanted to go back and focus on the fetus...”

“...”Yan Jun suddenly fell silent, and rolling pain instantly spread throughout his body!

So, it was because he had returned the investment funds in advance... .. that she had withdrawn from Lego high school, and that was why she had withdrawn her bodyguards ...

If he had known that things would turn out like this, he would not have overturned the pot of vinegar in the first place!

She and the child would not have... ..

His gaze once again touched his blood-stained hands. Yan Jun immediately withdrew his hands, and his pupils slowly dilated.

So the culprit was him!

It was him who indirectly killed his own child!

The pain of regret was like thousands of ants, biting at his heart and devouring his soul at the same time!

Ling Yue was frightened by his appearance. While he was in a daze, she hurriedly retreated to the side.

She also did not expect that the eldest miss would be in such danger!

Originally, the people of Lego did not know her identity, so there would not be any enemies!

Moreover, the eldest miss was usually kind. Although she did not have many friends, she did not deliberately provoke anyone!

Although the Xia family liked to make things difficult for Miss Xia, in the end, no one dared to really make a move!

Why did Xia Tianjiao suddenly make such a ruthless move this time?

Ling Yue gritted her teeth and thought for a long time. She could only think that when Ji Yunjing captured Xia Tianjiao, it must have completely triggered the unfairness and hatred in Xia Tianjiao’s heart, causing her to lose control and do such a crazy thing!

Poor Miss Xia. She clearly did not do anything, yet she still suffered such revenge!

God bless, bless Miss Xia and her child. Nothing must happen to them!

In the silence, Huo Ting came in from the long corridor. As soon as he got close to Yan Jun, without saying a word, he threw a punch at Yan Jun’s face!

Yan Jun was in a daze and did not notice Huo Ting’s approach at all!

His head was tilted to the side, and the corner of his mouth was bruised.

Huo Ting refused to give up. He grabbed his collar again and dragged him up!

“Why didn’t you protect her? ! How did you do it as a husband? I heard that you ignored her for a few days because you were jealous, right? Yan Jun! Are you a man or not? ! ”

Huo Ting was about to throw another punch as he scolded her fiercely!

However, his punch was intercepted halfway. “Stop! He’s already upset enough, do you have to make things worse for him? ! ”

Wen Qing ran over from nowhere and saw the scene as soon as she entered. She hurriedly came up to stop her.

Chapter 490: had never seen such a miracle!

Huo Ting tilted his head and sized up Wen Qing. She was a very unfamiliar face, but the way she looked at Yan Jun with adoration was not unfamiliar to him at all.

It was extremely similar to the way he looked at the girl.

The smile on his face was full of sarcasm. Huo Ting let go of Yan Jun’s collar with one hand and sneered “even though the girl has made all kinds of mistakes, she is already suffering now. And you? You will fall into endless regret and enjoy the torment! ”

Only then did Yan Jun once again lean against the cold wall.

Huo Ting’s words were like the judgment of the end of the world, giving him a life sentence.

His eyes were lowered, and his gaze was empty. He was like a walking corpse, without the slightest bit of vitality.

Wen Qing’s heart ached when she saw him like this. Her eyes were red as she pulled at him. “You are covered in blood now. Go Wash up first. ”

Yan Jun turned a deaf ear and stood guard in front of the operating theater.

It was as if the mother and son in the operating theater could feel his existence.

Ah Jin.

Can you feel it?

I’m right outside the door.

No matter what, our family will always be together.

Baby.

Daddy hasn’t had the chance to tell you that I love you.

I haven’t seen you, held your little hand, kissed your forehead... ...

Please, you must stay... ...

In the operating theater.

The tense atmosphere continued.

The best specialists and doctors in the city were all in there, and the medical equipment was the most advanced.

However, an hour later, the chief surgeon still shook his head and sighed. "The child can't be saved. Save the adult."

The remaining three assistant chief physicians and associate chief physicians looked at each other in dismay. The cold sweat on their foreheads immediately flowed down!

Seeing this, the nurses quickly went forward to wipe the sweat off the few doctors. Their nurse uniforms were also completely soaked in sweat.

They also knew who was lying here.

If there really was an accident... ..

It was said that the doctor who came out of 120 at that time was so scared that his legs went soft. He was carried down from the car!

The chief surgeon hesitated for a long time, but he still nodded. "It seems that this is the only way."

The atmosphere in the operating theater suddenly dropped to the freezing point.

Just as the chief surgeon was about to perform the palace cleaning operation, a clear and powerful heartbeat suddenly came from the instrument beside him!

"THUMP, thump, thump!" It was very fast and very urgent, and everywhere it went, it indicated a brand new and vigorous vitality!

The associate chief surgeon also heard it. The pair of eyes behind the thick lenses were almost glowing!

"The heartbeat has returned? Oh my God! It's amazing! I've been in the obstetrics department for more than thirty years, but I've never seen such a miracle!"

The chief surgeon immediately went over to check the fetal data and found that everything was normal.

He was also shocked by the miracle in front of him. He took a step back and looked at Xia Jinqi, who was wearing an oxygen mask, in disbelief. He exclaimed, "you're really a great mother!"

After saying that, he looked at the fetal heartbeat that had long returned to normal on the electrocardiogram. "You're also an incredible baby."

When the chief surgeon saw this, he was so happy that he almost cried... ..

"THAT'S GREAT! The adult and the child are both saved! We can finally have an explanation!"

"En!" The chief surgeon nodded. As he prepared to finish the surgery, he did not forget to sigh. "What a pair of strong mother and son."

At this moment, Xia Jinqi was lying on the cold operating table.

Her eyelashes, which were as thin as CICADA's wings, trembled slightly. A string of sparkling tears slid down quietly... ..
