

Tick Me 501

Chapter 501: Rabbits don't eat grass near their nests

Are you kidding me? Is there anyone more adorable than me in this world?

Zuo Xiaoran was not a fool. She would definitely not repeat what she had just said. She only stared at him with her big eyes, "why did you grab my backpack?"

Fang Shaoan was stunned by her stare, "why do you always look at me like I'm your enemy?"

"Then you're not my family either!" Zuo Xiaoran spread her hands helplessly. She blinked her big eyes and looked innocent.

"..."Fang Shaoan gritted his teeth. He really wanted to teach this sharp-tongued wretched girl a lesson!

However, seeing her delicate skin and tender flesh, he could not do it. He could only cough lightly to suppress the anger in his heart and asked, "are you free later? Do you want to have dinner together?"

"I'M NOT FREE! I'm very busy!" Zuo Xiaoran rejected without thinking!

Fang Shaoan did not expect her to reject him so readily. He choked for a moment... ..

In the past, when he asked a girl out, wasn't it just a sentence?

Well, this girl was indeed more difficult to deal with.

"What about tonight?"

"I'M NOT FREE!"

"What about tomorrow?"

"Tomorrow, the day after tomorrow, and the day after tomorrow. I'M NOT FREE AT ALL!" Zuo Xiaoran rejected him completely. She pulled her bag hard several times before she was finally free from his clutches.

After regaining her freedom, she quickly ran away again.

Fang Shaoan instinctively wanted to chase after her, but she turned around and scolded him, "stop following me!"

As expected, Fang Shaoan stopped in his tracks and froze on the spot. It was neither right nor wrong to chase after her!

This scene happened to be seen by Zhuge Wentao, who had just gotten out of the car.

He took off his rimless glasses and elegantly wiped them before putting on his nose bridge again. "Young Master Fang is really a womanizer. Chasing girls at the entrance of the hospital? His appetite is also strange."

His voice was not soft, and Fang Shaoan could hear it from afar... ..

He turned around and saw that it was Zhuge Wentao. The expression on his face was a little strange, but then it returned to normal.

He turned back to look at Zuo Xiaoran. The little girl had already jumped into the taxi and ran away like her butt was on fire.

He could not catch up to her and was even mocked by his buddies.

Fang Shaoan cleared his throat to ease the awkward situation in front of him.

“AHEM! Isn't it easy for me, Fang Shaoan, to get a woman? Do I still need to chase after her?” After saying that, he whistled frivolously.

He had to preserve his reputation as a great lover!

Otherwise, he would definitely be ridiculed to death by this kid!

Zhuge Wentao and Yan Jun were different.

Yan Jun killed people in a formless manner. One look from him could sweep away a thousand soldiers!

As for Zhuge Wentao, this kid was armed when he killed people.

Look at his unscrupulous wording. It really did not contain the SLIGHTEST HINT OF CONFUSION!

After Fang Shaoan finished speaking, Zhuge Wentao took another look at the taxi that was far away. With a smile on his face, he didn't say anything at all. His whole expression was as if he was saying, “I won't say anything, I'll just smile... “. ... He really deserved a slap ...

Fang Shaoan's head was hot from his stare. He stomped his feet and admitted defeat. “Aiya, YOU'RE SO RUTHLESS! This girl ran away the moment she saw me! There's no place for me to use my eighteen martial arts!”

After getting a satisfactory answer, Zhuge Wentao retracted his gaze and walked into the hospital. “If I remember correctly, this should be sister-in-law's friend?”

“THAT'S RIGHT!” Fang Shaoan nodded and unconsciously followed Zhuge Wentao's footsteps, chatting as he walked.

Zhuge Wentao glanced at him and teased, “a rabbit doesn't eat grass near its nest. Are you sure you can F * Ck It up?”

Based on Fang Shaoan's character, if he got bored of it, he would abandon it. If he dared to treat Zuo Xiaoran like this, he would probably be in big trouble, right?

Chapter 502: he beat me up!

Fang Shaoan was displeased when he heard this. “You're still talking about me. What about you and Wen Jing?”

“US?” Zhuge Wentao raised his eyebrows as if he was very surprised that Fang Shaoan would associate him with Wen Jing. “We’re just working together.”

Zhuce Wentao only reacted after he explained nonchalantly, “what do you think I have with her?”

“I saw you guys flirting with each other earlier. Why? Did you break up?” Fang Shaoan also started to gossip.

He rolled his eyes at him and Zhuge Wentao laughed silently. “What are you thinking about all day? She’s not my style. Besides, she doesn’t want to get married.”

“Ah? No Way? I saw that you guys had a lot of chemistry back then...”

“She just saw a business opportunity to work with me,” Zhuge Wentao said without changing his expression.

“that’s a pity...” Fang Shaoan shrugged. “What about you? Don’t you have any thoughts?”

Zhuce Wentao didn’t stop walking, but his thoughts paused for a moment.

He still had a faint smile on his lips and seemed to be deep in thought. “Have you forgotten? I have an engagement.”

“PFFT...” speaking of this.. Fang Shaoan grabbed Zhuge Wentao and dug deeper into the gossip. “It can’t be? Are you really going to marry the child bride in your family? Didn’t the two of you grow up together? You, you, you... you can even do that to your own sister? You Beast...”

As he said this, Fang Shaoan crossed his arms over his chest in an exaggerated manner, looking like a pitiful victim.

Even Zhuge Wentao was disgusted by his look. He pulled back his hand and slapped it twice before saying, “I never thought of her as my sister.”

“I. . .” Fang Shaoan was at a loss for words and began to let go of himself. “Animal, animal, animal... have you been waiting for her to grow up all these years? ! Play and develop?”

As he asked this question, the two of them happened to get into the elevator.

When coming out again, Zhuge Wentao was very gentle to tidy up his suit, and then confidently walked out.

And behind him... ..

Followed by Fang Shaoan with a bloody nose and swollen face.

And then, there was peace.

Yeah, a good beating, that’ll do it.

Two people went to the ward, Xia Jinqi did not wake up.

Yan Jun got up and went out the door with them.

First, he glanced at the tearful Fang Shaoan. Yan Jun raised his eyebrows and asked casually, "what happened to your face?"

Fang Shaoan held it in all the way, as if to show Yan Jun. as soon as he heard his concerned question, he instantly blew up, pointed at the perpetrator and complained, "he beat me up!"

Zhugue Wentao did not say a word. He just clenched his fists and played with it in front of him.

His face was full of: "Do you believe that I will beat you up again? "? ! !

Fang Shaoan, "... "At least you're good!

"Alright, stop fooling around." Yan Jun's deep voice sounded. It was not angry, but rather threatening. "Let's get down to business."

The two little ones immediately calmed down and became serious.

"The yan family's shares have been completely divided. We can declare independence at any time. But at that time, the Yan family will become an empty shell." Zhugue Wentao reported the recent situation. The glass lenses reflected the brilliant sunlight. It was a different kind of calculation and shrewdness.

Yan Jun nodded and said thoughtfully, "there's no rush. The best time has not come yet."

Yan Qing's wolf-like ambition had not been completely revealed.

At that time, it would not be too late for him to separate all the shares.

Zhugue Wentao grunted in gratitude. He was only responsible for collecting data and doing things. All the decisions had to wait for Yan Jun to come.

Chapter 503: when the child is born, you will lose even more of your status!

Since Yan Jun had chosen to wait, he naturally had nothing to say.

After he finished speaking, Fang Shaoan interrupted, "Ji Yunjing's identity has also been found out. He... "

Speaking up to this point, Fang Shaoan hesitated slightly.

"speak." Yan Jun frowned at him. After dragging it out for so long, did he finally get something out of it?

"The Ji family is the boss behind Lego." Fang Shaoan also felt a little incredulous. "Lego has always been very mysterious. I don't know why we found out the truth this time."

Hearing this, Yan Jun fell silent.

His deep black eyes narrowed slightly. He turned his head to look at Xia Jinqi, who was still sleeping soundly in the ward.

The Ji family was the real leader behind Lego, and Xia Jinqi was Ji YUNJING's biological cousin.

In that case, someone must have arranged for her to become the leader of Lego.

He really didn't know whether this news was a blessing or a curse for her... ..

..

Xia Jinqi lay in bed for a whole month before she was allowed to get out of bed for a walk.

However, since this was her first child and the previous few months were not very stable, she needed to be extra careful.

After Yan Jun picked her up and discharged her, he chose another apartment for her. It was not a big place and was very close to the hospital. The most important thing was that it was quiet.

There were people whom Yan Jun had personally chosen to guard the surroundings. It was very safe.

Ever since Zhou Lingfang returned, Long Qingxin's place had not been peaceful either. There would be such incidents every few days. It was better to avoid them as soon as possible.

Moreover, there was also the most important point.

Xia Tianjiao was gone.

Xia Jitian was suppressed by all sides. In addition, Xiao Qi was also his daughter. He naturally could not come out and say anything.

Hong Xianglin, on the other hand, was furious. She searched for Xia Jinqi all over the world, threatening to take her life in exchange for her life.

Under such circumstances, Yan Jun naturally would not be at ease about Xia Jinqi going back.

Xia Jinqi also never went back to the Yan family.

Ji Xinyu, on the other hand, was tired. She ran to Xia Jinqi's place every few days. She was afraid that Xia Jinqi would be bored, so she brought her food.

Just like that, winter arrived.

It was not until the night of the Spring Festival that Yan Jun brought Xia Jinqi back to the Yan family.

Originally, he wanted to go to Qingxin Garden to celebrate the New Year with Long Qingxin. However, the Old Lady's attitude was firm, allowing him to return to the Yan family twice.

Although Long Qingxin doted on her own children and grandchildren, she was still an elderly person and was still very conservative.

Yan Jun was a descendant of the Yan family, so he naturally had to return to the Yan family for the new year.

If they left, wouldn't it be exactly what Yan Qing and his mother wanted?

Right now, there were still soft snowflakes floating in the sky. Xia Jinqi got off the car with a big belly.

Yan Jun held her hand and walked all the way into the courtyard. The servants came out and received various gifts from the driver.

Ji Xinyu also came out. She was wrapped in a white coat and came out holding an umbrella.

When she saw Xia Jinqi, she immediately covered the umbrella with it. "Are you cold? Jinqi, come, come, come, come, quickly enter the house!"

"I'm not cold. Recently, I feel that my hands and feet aren't cold anymore." Xia Jinqi smiled as she followed Ji Xinyu's footsteps. The two of them chatted and laughed as if they were mother and daughter.

As for Yan Jun, who was his own son, he was left behind. His short hair was immediately stained with white snow.

Yan Sheng, who was standing at the side, patted his son's shoulder as he empathized with the situation. He stood in the position of an experienced person and lectured him earnestly, "just watch. When the child is born, it will lose your status even more!"

These words were the history of Yan Sheng's blood and tears!

Thinking back to those years, he and Ji Xinyu could be considered to be in a romantic relationship. They were intimate... ..

But ever since he gave birth to his first cub, his good days had come to an end.

Chapter 504: had decided that they would hug each other for three years

Not only did their status drop drastically, they did not even have the time to make out with their wives!

Especially after giving birth to a son, he was like a glue that stuck to his mother all day long. They could not be separated!

So when Ji Xinyu was pregnant with a second child, Yan Sheng was looking forward to it day and night. He was also looking forward to having a daughter!

It was said that a daughter was a lover in his father's previous life. He also wanted to have a soft and cute daughter who would follow behind him and call him daddy all day long... ..

However, the second child was actually a son.

Heh, life.

So when Yan Jun was born, Yan Sheng saw that it was another kid with a penis, and he was so angry that he almost fainted!

One could imagine the days after that.

The two brats were clinging to their mother, and they both had a double possession His little sense of existence was completely squeezed out!

Sigh... .. The past was unbearable to look back on !!

Yan Sheng shook his head as he prayed for Yan Jun. "it would be great if Jinqi could give birth to a daughter!"

When Yan Jun heard that, he only smiled. "I like both sons and daughters."

"that... makes sense." Yan Sheng nodded thoughtfully. Then, he asked, "when do you plan to have a second child?"

Yan Jun raised his eyebrows. He hadn't even given birth to the first child yet, and he was already in a hurry to have a second?

Seeing his son's expression, Yan Sheng hurriedly brainwashed him. "The minimum standard is to have two children in three years, right? The age difference between the two children can't be too big. Otherwise, it's not easy to merge them together. There will be a generation gap!"

Yan Jun thought about it and felt that it was the same principle.

He subconsciously looked up and happened to see Xia Jinqi walking into the room in front of him. She was turning around and waving at him.

Her body had improved a lot recently, and her face had become rounder. Her complexion was even better.

When she smiled, her eyes were bright and her teeth were white. Her eyes were like autumn water... ..

His heart instantly softened.

Alright, I've decided. I'll hug two children in three years.

Xia Jinqi originally wanted to tell him to hurry up, but when she turned around, she was completely confused by his smile.

Why... .. She vaguely had a bad premonition ? ?

After a moment of absent-mindedness, Yan Jun had already walked up to her.

"What are you in a daze for?" His clear and moist voice sounded.

Xia Jinqi raised her eyes to look at him and couldn't help but laugh. "Your hair has turned white!"

She pointed at the snowflakes on his head and smiled very happily.

Only then did Yan Jun realize that his head had turned snow-white. He just happened to raise his hand to slap away the snowflakes, but the woman in front of him stood on Tiptoe and was one step ahead of him, gently swatting away the snowflakes.

"It's done!" Xia Jinqi helped him stand steadily and sized him up as if she was examining him. She praised, "so when your hair turns white, you're also this handsome!"

Being praised by her, Yan Jun could not help but curl his lips and hold her hand. "When your hair turns white, I'll hold your hand like this too."

The sudden words of love instantly tied Xia Jinqi's heart.

She was stunned at first and was surprised by his straightforwardness. Then, she nodded with a red face. "okay."

When the two sides looked at each other, it was as if everything around them had ceased to exist. In the world, there was only him and her.

Yan Sheng, who was watching from the side, felt his heart ache. He clutched his heart and almost burst into tears... ..

Thinking back to those years ago, he was also so young. His love for Ji Xinyu was so intense... ..

In the blink of an eye, dozens of years had passed. More and more of the relationship between them had become family. However, the love that was engraved in the bones and hearts of those years, just by recalling it, it could make one's blood boil.

Falling into a deep river of memories, Yan Sheng turned his head and looked at Ji Xinyu with deep affection.

Chapter 505: he happened to be looking at her as well

After a moment, he walked towards her with determination.

He spread his arms slightly and gestured with his eyes, "come "throw yourself into my arms! "!!!

Who Knew... Ji Xinyu did not look at him at all. She brushed past him and supported Xia Jinqi. "Come in quickly. It's cold outside. Don't catch a cold! Come inside and talk! "

"okay, mom. " Xia Jinqi nodded with a smile and followed obediently.

The remaining Yan Sheng was petrified on the spot.

A few years ago, it was his sons who had taken over his daughter-in-law. Now, it was his daughter-in-law's turn?

What was even more tragic was that his daughter-in-law was about to give birth... ..

Not long after, he would have a grandson. Ji Xinyu would probably not even look at him properly!

Heh, his life was really bleak.

Yan Jun walked behind and happened to see the corner of his father's eyes twitching. He imitated his father's behavior and patted his shoulder. "Dad, I'm sorry for your loss. "

Yan Sheng, "..."

He hurriedly cleared his throat and found his identity as a father. Yan Sheng pretended to look at Yan Jun sternly. "COUGH COUGH! Go and visit your brother later. It's the New Year, so don't let him be too lonely. "

Speaking of this, Yan Sheng's expression darkened, and his eyes were filled with pain.

Yan Jun nodded and suddenly became serious. "I'll bring ah Jin with me. "

"Okay. She doesn't know yet, right? In a while, find an opportunity to go quietly. Don't let your mother find out. She can't stand this... " wiping his face, Yan Sheng's voice began to choke up.

Perhaps he was afraid that he couldn't hold back his emotions, so he quickly cut off the topic and turned to follow Ji Xinyu and Xia Jinqi.

Yan Jun knew the pain in his parents' hearts.

He sighed softly and turned his head to look at the dusty path in the backyard. His gaze was deep.

Brother, it's the middle of winter again.

Are you... okay?

"..."

They chatted and laughed along the way and soon arrived at Yan Youcheng's villa.

Before they entered, they heard a thin, knife-like laughter. "Master looks so young! He looks like he's fifty years old! Don't you think so, Qing 'er?"

"Both father and mother are very young." Yan Qing's voice quickly followed.

When they heard this, Yan Sheng and Ji Xinyu's expressions changed slightly.

However, Xia Jinqi's expression remained the same. She no longer cared about these people and matters. She only followed by Yan Jun's side in peace, enjoying the warmth of this moment.

Yan Jun also looked over at this moment. Coincidentally, their gazes met, and the two of them smiled in tacit understanding.

They understood each other's hearts.

Yan Qing was already in the past.

There was no need to hold any grudges... ..

Xia Jinqi and the others walked in, and the three people in the living room happened to look over.

Yan Youcheng glanced at Xia Jinqi, his expression slightly displeased. However, when he saw her big belly, he did not say anything more. Instead, he beckoned them over to sit. "Jun 'er, come, come to grandfather."

Yan Jun nodded slightly and held Xia Jinqi's hand as they walked over.

Seeing Yan Jun carefully help Xia Jinqi sit down, and having the servant bring her waist over and place it behind her, Yan Youcheng's gaze finally softened a little. He asked, "you're about to give birth, right?"

It was neither cold nor warm. It couldn't be considered caring, but at least it was better than not saying a word.

Xia Jinqi wasn't angry. She only smiled and nodded. "there are still two months left."

As soon as she finished speaking, Yan Jun reached out to help her deafen her hair that was scattered on her temples. He asked, "are you cold?"

"I'm not cold." Xia Jinqi turned around to look at him and gently shook her head.

“Tell me if you’re cold,” Yan Jun still added.

Xia Jinqi nodded. Her gaze swept across the room. She did not miss Yan Qing’s sorrowful expression as well as his haggard expression.

He happened to be looking at her as well.

She returned a polite smile and appeared indifferent.

Chapter 506: Big Brother Yan Qi

After a brief glance, she had already retracted her gaze and was leaning gently against the SOFA, listening to the conversation between Yan Jun and Yan Youcheng.

Her nonchalant look fell into Yan Qing’s eyes and caused countless waves to rise... ..

After a few months of not seeing each other, the scab-like wound was once again opened.

Blood continued to flow like a river.

Especially when she was leaning against Yan Jun’s side with a big belly, her face was filled with a blissful and happy expression, and the hand that the two of them had been holding tightly the entire time pierced deeply into his heart.

Her face suddenly darkened, and the hand hanging at the edge of the SOFA also slightly clenched.

Zhou Lingfang sat at the side and could easily see through her son’s thoughts with a glance.

However, due to Yan Jun’s warning, she didn’t dare to act rashly anymore, and she also didn’t dare to have any ideas about Xia Jinqi. Instead, she began to flatter him.

“Look at Little Qi. It’s only been a few months, and her complexion is already so good! I knew that Jun ‘er, this child, knows how to dote on others!”

Yan Youcheng also looked at Xia Jinqi when he heard that. After sizing her up for a moment, he nodded. “She’s much better.”

Xia Jinqi was smiling the entire time, but there was a sharp glint in her curved, watery eyes as she sized up Zhou Lingfang.

This woman had always had a belly full of bad water. How could she be so kind to say these things?

However, it was said that during the period when she was nursing the fetus, Yan Jun had looked for her once. Since then, Zhou Lingfang had calmed down quite a bit.

Xia Jinqi had asked Yan Jun several times about what he had said to Zhou Lingfang, but he always brushed it off. This made her even more curious.

No matter what evil intentions Zhou Lingfang had in her heart, when Xia Jinqi stared at her now, she only felt a chill at the back of her spine. She quickly cleared her throat and averted her gaze.

They weren’t the same type of people, so they couldn’t talk together.

After a simple awkward conversation, Yan Jun took the opportunity before the New Year's Eve dinner started to bring Xia Jinqi to the courtyard, saying that they were going for a walk.

At that moment, the sky was gradually turning dark.

Xia Jinqi followed behind Yan Jun and walked along a small path deep in the backyard. She couldn't help but ask curiously, "where are we going?"

"To see my brother," Yan Jun replied with a slightly heavy voice.

The Path was a little narrow, and it looked a little abandoned. It could only be used for one person to pass by.

Yan Jun walked in front, turned around, and held Xia Jinqi's hand. He took a few steps back and asked her to walk over carefully.

Hearing this, Xia Jinqi seemed to have remembered something. When she looked up again, she saw an abandoned pond. There were dry weeds all around, tall and short, and no one took care of them.

She had never been here before.

The courtyard outside the Yan family's villa was a modern garden. There were small bridges, flowing water, pebbles, and even a plastic runway. It looked very clean and beautiful.

Who would have thought that under that bright and beautiful exterior, there was actually such a dry and desolate little pond?

While Xia Jinqi was in a daze, Yan Jun had already half-squatted down. He took out some pastries from the bag and placed them neatly by the pond.

After placing them properly, he turned his eyes to look at the pond. His black eyes were deep and profound.

After a long while, his thin lips lifted slightly. A low and deep voice seeped out from his lips, filled with sorrow.

"Brother, I've come to see you. This is Ah Jin, my wife." As he spoke, he stood up and shook Xia Jinqi's hand. This was the first time he had formally introduced her.

As Xia Jinqi listened, she bowed slightly towards the pond. "brother, this is the first time we've met. I'm Xia Jinqi."

Her stomach was already very big, so her movements were a little inconvenient. She couldn't bend down too much.

Yan Jun helped her in time. "My brother's name is Yan Qi. Back then, he slipped and fell into the pond here."

Chapter 507: Falling Into the water

Xia Jinqi nodded in understanding. This was the first time she had heard the name Yan Qi.

She didn't know if it was intentional or not, but no one in the Yan family had ever mentioned it.

"Is this pond very deep?" Xia Jinqi asked subconsciously.

She glanced into the pond. There wasn't much water left, only a swamp-like muddy ground. It looked like it was less than a meter from where they were standing now.

Time had changed. She didn't know if the water here was very deep more than ten years ago.

"It used to be this deep," Yan Jun sneered. Even Xia Jinqi, who had come here for the first time, could tell that something was wrong.

Such a shallow water area could actually drown a ten-year-old boy?

It was Yan Youcheng who had been affected by some magic back then. He didn't investigate in detail and just went through it.

When Xia Jinqi looked up, she just happened to see the slight mockery on Yan Jun's lips... ..

With his personality, could there really be something fishy about Yan Qi's death?

"I remember you told me that the day big brother fell into the water, all the servants in the house happened not to enter this place, and the surveillance cameras were also broken?" Xia Jinqi asked suspiciously.

"Yes." Yan Jun nodded. Those were all secretly found out by him after he became an adult.

Xia Jinqi couldn't help but sigh. "There are so many suspicious points, why didn't you investigate it in detail back then?"

"After losing her beloved son, mother was on the verge of collapse. She didn't eat or drink all day, and just hugged big brother's clothes and talked nonsense. Father was afraid that she would do something stupid, so he stayed by her side all day long. He didn't have the energy to investigate at all. "Even grandfather said that no one would harm a ten-year-old child." Speaking of this.. The cold smile on Yan Jun's lips deepened, and his black eyes were ice-cold.

"..."Xia Jinqi fell silent.

Indeed, Yan Sheng was also unhappy at that time, and Yan Youcheng's words blocked all possibilities.

Since a person with a heart had made full preparations from the beginning, it was not impossible for them to do some tricks to cover up all their crimes.

Especially since this person had the ability to coax Yan Youcheng?

Xia Jinqi thought about it, and her heart suddenly tightened.

Long Qingxin and Yan Youcheng had already divorced before that. Wasn't Zhou Lingfang the only one who could be coaxed?

Moreover, although Yan Youcheng had not allowed Zhou Lingfang to enter openly because of long Qingxin, she had heard from Ji Xinyu that Zhou Lingfang had sneaked in one year.

Could it be that it happened to be that year?

Xia Jinqi did not dare to continue thinking about it.

It was better to have fewer guesses without evidence... ..

Xia Jinqi retracted her heart and looked at Yan Jun beside her.

He stood in front of the pond for a long time. His cold gaze seemed to fall on the pond, but it also seemed to fall on other places through the pond.

The cold moonlight fell between his brows. His deep eyes sparkled with starlight.

Out of nowhere, she asked him, "did you find something?"

If not for that, he wouldn't have shown such an expression. Moreover, he was implying something.

Yan Jun's expression stiffened slightly when he heard that. After a moment, he turned back to look at her. His thin lips were already curled up. He smiled faintly and said, "are you tired? Let's go back."

He really didn't know how to change the topic. He was stiff yet confident.

Xia Jinqi smiled helplessly and nodded. "Alright, let's go back."

If he wasn't very confident, he wouldn't say or do anything.

On the contrary, as long as he did something, there was nothing he couldn't do.

If he wasn't willing to say it now, it was probably because he was still uncertain about something.

She didn't pursue the matter any further and just waited quietly.

Chapter 508: If was found out..

She believed that he would do a good job.

Yan Jun held her hand and slowly walked back the way they came.

They talked a lot on the way, and the journey was warm.

No one noticed that in a small corner behind them, a figure flashed by.

"..."

In Zhou Lingfang's room.

She suddenly got up in a panic, grabbed the servant in front of her and asked, "what did you say? They went to the pond in the backyard?"

"Yes, Madam." Second sister-in-law Xu nodded, and her face was a little Pale.

"What did they say?" Zhou Lingfang didn't even notice it herself. When she opened her mouth, her teeth were already trembling.

Her eyes were red as she stared at Second sister-in-law Xu in front of her.

Second sister-in-law Xu was also anxious. She was scared to death. "I didn't dare to get too close. I only heard what they said and what they found... Madam, did young master know something? We, we..."

When they heard that Yan Jun and the others had found something, not only second sister-in-law Xu was scared, even Zhou Lingfang was so scared that she fell on the edge of the bed. Her face was as pale as a ghost.

"Madam, what should we do?" Second sister-in-law Xu panicked and immediately threw herself at Zhou Lingfang's feet, crying non-stop. "If what happened back then is found out, I definitely won't be able to bear the consequences! Master and young master will kill me..."

Zhou Lingfang was annoyed by her crying and kicked her away. "What are you panicking for! Haven't they found out yet? If they really found out something, how can they be so calm?"

Second sister-in-law Xu fell to the side. She was as timid as a mouse to begin with, and she had no choice but to do what happened back then. Now, if the old debts were found out, what would she do!

She was also a person with an old and young family. She did not want to die!

Compared to her panic, Zhou Lingfang was much calmer.

She narrowed her eyes sinisterly "I have destroyed all the evidence that might have been left behind in the past. They will definitely not find anything wrong! Moreover, Yan Qi's heart has always been bad since he was young. That time, it was his heart that had an attack first and he could not be saved! It has nothing to do with me!"

Zhou Lingfang hurriedly tried to distance herself from the relationship. She kept muttering to herself to comfort her heart.

After sorting out her thoughts, Zhou Lingfang stopped the fear in her eyes. Instead, she smiled smugly. "No matter how hard they try, they won't be able to find anything! Don't worry, no one else will know about what happened back then!"

When second sister-in-law Xu heard that, she calmed herself down. She wiped her eyes and looked at Zhou Lingfang. "Madam is right. What should we do now?"

"What else can we do? We should eat, drink, and pretend that nothing happened. Let's see what they can do to me!" Zhou Lingfang laughed fiercely. She turned to glare at Second sister-in-law Xu and scolded, "look at your cowardice! Others haven't found out about you yet, but you scared yourself half to death first!"

Second sister-in-law Xu laughed after being scolded. "Madam knows that I'm timid..."

"Alright, hurry down and prepare the New Year's Eve dinner. Don't just stand there!" Zhou Lingfang waved her hand and said impatiently.

Second sister-in-law Xu hurriedly nodded and left.

When she walked out of the door, her eyes were still a little red. She deliberately lowered her head and quickly walked downstairs.

Zhou Lingfang, who was still in the room, watched her back as she left. A hint of viciousness rose in her eyes again.

Second sister-in-law Xu was a confidant that she had bribed in the Yan family back then. She had been secretly working for her for so many years.

She also knew about Yan Qi's matter.

Chapter 509: guilty conscience

She was quite a ruthless person when she was young. Why was it that the older she got, the more cowardly she became?

If her mouth wasn't tight enough and she spilled the beans, then... ..

Zhou Lingfang gritted her teeth, her eyes revealing killing intent.

She had endured for so many years and was about to make a name for herself with much difficulty. How could she throw away her life because of a person who had already died?

It seemed that this second sister-in-law Xu could not be kept.

After all, only dead people would not open their mouths to speak.

Zhou Lingfang kept thinking about how to resolve this stumbling block. She frowned anxiously as she paced back and forth in the room.

Yan Qing knocked on the door and came in at this time. "Mom, it's time to eat. Hurry downstairs..."

He had just finished speaking when he saw the viciousness and sinister look on Zhou Lingfang's face. He suddenly felt uneasy. "Mom, what are you thinking about again?"

"Ah?" Zhou Lingfang came back to her senses and hurriedly explained, "look at you, child. What can mom think about! Aren't you planning how to spend the Spring Festival?"

She wanted to muddle through, but Yan Qing sensed that something was wrong. He closed the door behind him and looked at her with a frown. "Mom, don't think about Xiao Qi anymore. Hasn't she suffered enough? I don't want to see her hurt again."

"..." Zhou Lingfang heard his words and felt sorry for his stupidity, but also for his stupidity.

He himself had not made much progress in the company, and now he still had the mood to worry about others. Moreover, it was a woman who did not love him at all.

How could she be so smart and give birth to such a stupid son?

Stroking her forehead, Zhou Lingfang promised, "don't worry! MOM WON'T HURT HIM! You Child, your elbows always turn outside! Let's go downstairs!"

Yan Qing saw that she was serious, so he also smiled and followed her downstairs.

Tonight's New Year's Eve dinner was much livelier than the previous years.

Although the hall was decorated with lights and streamers as usual, in previous years, only Yan Youcheng, Yan Sheng's family of three, and Yan Qing were there.

Now that there was Xia Jinqi, there was an inexplicable happiness in her belly.

Everyone took their seats.

Yan Youcheng first spoke a few words before he began to eat.

The dishes were constantly being added and withdrawn.

Second sister-in-law Xu was also among the group of people who were delivering the dishes. Coincidentally, the dish that she was going to deliver was placed in front of Yan Jun..

In view of what had just happened, second sister-in-law Xu was extremely afraid when she saw Yan Jun. Not only did she start to sweat non-stop, but she was also in a trance, so much so that the hand holding the plate was trembling slightly.

Sensing that something was wrong with second sister-in-law Xu, Yan Jun instinctively looked over coldly... ..

Probably because her gaze was too sharp, coupled with the fact that she had a guilty conscience, her hand trembled and she lost her grip on the plate, causing it to sway heavily.

Second sister-in-law Xu immediately came back to her senses and quickly held the plate steady. However, some of the soup still spilled out and landed on Xia Jinqi's arm.

It wasn't much, but the color of the soup was dazzling. A large pool of stains spread out in an instant.

Second sister-in-law Xu was scared silly and kept apologizing. "I'm sorry, Young Madam. I'm sorry. I... I didn't mean it. I'm sorry..."

Yan Jun hurriedly went to look at Xia Jinqi. "Did you burn yourself?"

"No, my clothes are quite thick." Xia Jinqi shook her head and looked at the stain on her arm, frowning slightly.

She didn't know if it was because she had lived with Yan Jun for a long time, but she actually began to have a little Germaphobia.

Seeing that she was fine, Yan Jun turned around and looked at second sister-in-law Xu.

Chapter 510: When she saw the young master, she got nervous... ..

Just as she was about to get angry, Xia Jinqi beat her to it. She waved at Second sister-in-law Xu and said, "you can leave first."

Second sister-in-law Xu was stunned for a moment. She probably didn't expect Xia Jinqi to not be angry or scold her... ..

She immediately burst into tears of joy. "thank you, Young Madam. Thank you, Young Madam..." "

Then, she ran away in a panic.

Yan Jun's tightly knitted brows didn't relax. He helped Xia Jinqi up and turned to look at Yan Youcheng. "Grandfather, I'll take her to change her clothes. "

"En, go ahead. " Yan Youcheng nodded, his expression somewhat complicated.

It was the New Year's Eve, and making such a scene did indeed affect his mood.

The remaining people on the table continued to eat, but Zhou Lingfang's gaze was somewhat strange. She pretended to be unconcerned as she took a Napkin to wipe the corner of her mouth. "Why isn't the soup served yet? I'll go take a look... "

As she said this, she left the table naturally, and no one paid any attention to it.

Yan Jun helped Xia Jinqi to the room next door. The maid had already delivered brand new clothes.

Xia Jinqi went to the bathroom to change. Just as she was about to come out, she heard a series of curses from outside the bathroom window. It was very sharp and ear-piercing.

"What's wrong with you? Do you want to die? !" After shouting, there was the sound of clapping and people falling.

Second sister-in-law Xu covered her red and swollen cheeks. Tears immediately flowed out. "I... When I see young master, I get nervous... "

"NERVOUS MY ASS! Fortunately, they didn't say anything. Otherwise, just wait for your death! I've never seen someone as stupid as you! HURRY UP AND SCRAM BACK! "

Hearing this, Xia Jinqi could already tell that the person who was cursing outside was probably Zhou Lingfang.

Her voice was very distinctive, thin and sharp.

As for the person she was scolding, it was probably the servant who had knocked over the dishes, right?

Why was she so nervous when she saw Yan Jun?

Was Yan Jun really that scary?

After being taught a lesson, second sister-in-law Xu immediately rolled and crawled away.

"What a stupid pig! It's a waste of food to live! " After Zhou Lingfang cursed, she also walked away.

Xia Jinqi waited until the outside room quieted down before she turned around and left the bathroom.

Yan Jun had been waiting outside for a while. When he saw her come out, he quickly walked over.

"What took you so long? Are you not feeling well? "

“No... ” Xia Jinqi shook her head and whispered mysteriously, “I just heard a play! ”

“What play?” Yan Jun raised his eyebrows and glanced behind her, but he didn’t notice anything.

He looked back at her, but the little girl stuck her tongue out at him mischievously. “I’ll tell you later! ”

Yan Jun, ”...”

With a faint smile, he pulled her back to the dining table.

After that, they went back to the dining table. Xia Jinqi was obviously not eating attentively enough.

In any case, with Yan Jun helping her with the dishes, he knew better than her what to eat and what not to eat. She just needed to enjoy the service.

Of course, other than that, she had a more important matter, which was to secretly observe Zhou Lingfang’s every word and action.

From the conversation she overheard just now, she could clearly hear that the relationship between Zhou Lingfang and that servant seemed to be extraordinary.

Moreover, that servant was inexplicably afraid of Yan Jun... ..

Why was that?

Zhou Lingfang also seemed to have noticed something. The dining table was very well-behaved, and she didn’t say much. She didn’t even dare to look at Xia Jinqi and Yan Jun..

After a meal, it seemed that they didn’t gain anything else.

Xia Jinqi couldn’t help but feel a little disappointed. She kept feeling that they were hiding something.
