

Tick Me 51

Chapter 51 slept with him for one night

It was obvious that his understanding of her was far from enough.

Perhaps, he should indeed spend more effort on her.

After all, from this day onwards, she would be his wife for the rest of his life.

A good night's sleep.

When Xia Jinqi woke up, the room just happened to be sprinkled with sunlight, and everywhere was warm.

Her sleepy eyes were narrowed, and the first thing that entered her eyes was Yan Jun's magnified handsome face. Xia Jinqi was so scared that she didn't even finish yawning before she instantly woke up!

The memories before she fell asleep flooded her mind like flowing water.

Last night, she seemed to have... .. sneaked into Yan Jun's bed while he was asleep ...

And... .. Xia Jinqi looked down at her current position. She was actually.. .. She didn't know when she had crawled into this man's arms, and she was even leaning on his arm and supporting his waist!

"@#% !!"

Could it be that her lack of love had reached such an extent?

She was desperate for food! ! !

She slapped herself awake and quickly got out of bed!

She took her clothes and hid in the washroom on the left.

Fortunately, she woke up first. If Yan Jun found out, she wouldn't know how to mock her!

Xia Jinqi comforted her pounding heart and used countless deep breaths to tell herself to calm down!

Since she wasn't discovered, what was there to be afraid of? ? ?

Yan Jun was woken up by the sound of the door closing.

He sat up out of habit and realized that his arm was very numb. He was even a little disobedient.

"..."

When Xia Jinqi came out of the dressing room, she happened to see Yan Jun changing his clothes in the cloakroom in the bedroom.

He had already put on his shirt, as if he was wearing a tie. However, it seemed that his right hand was not moving very much. He tried a few times, but the tie was not done.

Xia Jinqi coughed dryly. This... .. seemed to be the arm that she had slept on when she woke up in the morning ...

Could she have slept on his right hand for the whole night just like that?

And all of this, Yan Jun still did not know?

At this moment, he was probably wondering why the circulation of blood in his arm would be blocked after he slept?

Afraid that she would be held accountable and discover the fact that she had quietly climbed into bed, Xia Jinqi hurriedly went forward. With a fawning smile on her face, she took the initiative to curry favor with him. "Why don't... I help you?"

Yan Jun turned his head and glanced at the culprit indifferently. His expression was not good, but he did not refuse.

This was all her fault, so she naturally had to make up for it.

Xia Jinqi was focused on perfunctorily trying to avoid being found out about her evil deeds, so she did not notice the curve of the man's lips.

She carefully tidied up her tie, only to realize that she could not reach it at all... ..

Xia Jinqi frowned slightly. She could only stand on her toes and barely pull down his collar.

Because of this action, the distance between the two of them suddenly shortened.

It was as if they could hear each other's breathing.

Xia Jinqi didn't think too much about it. Instead, she cursed in her heart. Why did he have to be so tall for no reason It was so high that she couldn't even reach it!

In comparison, Yan Jun's inner activities were more abundant.

Her sudden approach seemed to bring about the heat of the surrounding air, burning his heart.

His gaze couldn't help but look at her face, and then quickly moved away, afraid that someone would notice his strange behavior at this moment.

His throat felt slightly dry, and his mind went blank.

He kept inexplicably thinking of the scene last night when he unbuttoned her wedding dress... ..

The maid knocked on the door and came in. "Young Master, Young Madam, it's time for breakfast. "

Chapter 52-don't let her suffer

As soon as she finished speaking, she saw the two people in the room acting intimately.

The servants lowered their heads and hurriedly left while suppressing their smiles.

It seemed that the young master and young Madam's relationship was really very good!

Xia Jinqi's face also flushed red, and she instinctively retreated. "You... can't tie it! You'd better do it yourself!"

Yan Jun's mood was not affected in the slightest.

He only lowered his head to look at the tie that she had messed up, and he furrowed his brows slightly.

"You don't even know how to tie a tie?" He said in a very disdainful tone.

"I'm not a man," Xia Jinqi muttered as she turned around and ran out of the door.

There was an awkward expression carved on her forehead. She had thought that it was quite simple. Didn't she know how to wear a red scarf when she was young... Who knew that she would only realize that it was completely different when she touched it!!

However, Yan Jun was inexplicably in a great mood.

Since she didn't know how to tie a tie, didn't that mean that this was her first time wearing a tie for a man?

"..."

This was the first day that Xia Jinqi married into the Yan family. Everyone put down what they were doing and gathered at a dining table to express how much they valued Xia Jinqi.

Yan Youcheng had a high seniority, so he naturally sat directly above the door.

On his right hand was Yan Sheng, Ji Xinyu, Yan Jun, and Xia Jinqi.

On his left hand, there was only Yan Qing's lonely figure.

Yan Qing was directly facing Yan Sheng.

Although this pair of half-brothers had the same blood flowing in their bodies, their ages were much different. They barely looked at each other and were no different from strangers.

During the meal, Yan Qing's gaze would occasionally turn to where Xia Jinqi was. His gaze was filled with sadness and love, but it was more indifferent than usual.

Xia Jinqi knew her identity. She kept her head down and did not look, nor did she pay attention to Yan Qing.

Yan Youcheng did not miss Yan Qing's gaze. He coughed lightly and said, "Jinqi, are you used to living here?"

This sentence had a profound meaning.

On the surface, he was asking if Xia Jinqi slept well last night. In reality, he was investigating the night life of the two young couples and also asking if Yan Jun was satisfied with this new wife.

The answers to these questions could be reflected from Xia Jinqi's subsequent answers.

However, Xia Jinqi didn't think too much about it. She only answered according to the standard format. "I'm very used to it. Thank you for your concern, Grandfather."

“That’s good. If there’s anything you need, just say it! In the future, treat this place as your home. Don’t be shy!” Yan Youcheng seemed to be very satisfied with Xia Jinqi’s answer. He laughed loudly and looked at Yan Sheng and Ji Xinyu. “Both of you take good care of Jinqi too. Don’t let her suffer any grievances!”

“Dad, don’t worry.” Yan Sheng nodded. His tone of reply was polite and stiff.

He had never had any feelings for this father who liked to cheat.

Ji Xinyu smiled and replied, “I also feel that this child, Jinqi, is obedient. If you have any problems in the future, just let me know. We’re all family!”

“Thank you, dad, mom.” Xia Jinqi still replied in an official manner. She did not go overboard and did not exaggerate.

It was safer to speak less and eat less since it was her first time here.

However... ..

Xia Jinqi felt a little disappointed in her heart.

In all these years, the Xia family had never seen such a scene where a family could have a meal together, other than putting on a show in front of the media.

Xia Jinqi had never had one, but Yan Qing had always been able to have a meal like this because of Yan Youcheng’s arrangements.

But even if they sat together, he would never be able to blend in with the family across from him.

Not in the past, not now, not in the future!

chapter 53, he had to call her second uncle

After a moment of silence, Yan Youcheng seemed to have remembered something else. He looked at Xia Jinqi and Yan Qing. “The two of you haven’t met before, right? Jinqi, this is your second uncle. He wasn’t feeling well yesterday, so he didn’t attend your wedding.”

Xia Jinqi was slightly stunned. She looked up at Yan Qing, but she didn’t expect Yan Qing to be looking at her as well. For a moment, their eyes met.

She lifted her lips. She wanted to tell Yan Youcheng that she knew Yan Qing... ..

But before she could say it, Yan Jun, who had been silent all this time, suddenly opened his mouth.

“I heard that the two of you have known each other for a long time, right, Jinqi?”

His tone was slightly raised, mixed with a hint of playfulness. Yan Jun turned his head to look at Xia Jinqi with interest.

And because of Yan Jun’s sudden words, everyone at the table subconsciously focused their gazes on Xia Jinqi.

These two people knew each other?

As for Xia Jinqi, who was frightened by Yan Jun's words of 'Jinqi', she could only smile with a pale face. "Yan Qing was my university professor."

"I see." Yan Youcheng nodded thoughtfully. Then, he knitted his white eyebrows and said to Xia Jinqi in a slightly serious tone, "Yan Qing is my second uncle." "Don't call him Yan Qing anymore. He is Yan Jun's second uncle. You should also call him second uncle. Don't mess up the seniority."

"I got it..." the moment Xia Jinqi nodded, she seemed to understand the deeper meaning behind Yan Youcheng's words.

Don't mess up the seniority... ..

So, this sentence was deliberately said for her to hear?

So, Yan Youcheng knew the relationship between her and Yan Qing from the beginning?

So, this was a warning to her... .. To behave herself ...

Xia Jinqi did not dare to continue thinking because she had already obediently turned her eyes to look at Yan Qing and respectfully and strangely called him, "second uncle."

Throughout the entire university period, Xia Jinqi was used to calling his name directly.

Yan Qing, Yan Qing.

Even if she could not call him for her thesis, she still called him. Even if her family was wronged, she still called him. Even if she was hungry, she still called him. She had long gotten used to it.

Suddenly changing these two words to second uncle, it was as if an invisible shackle had been placed on them, completely separating the two people's worlds.

The food that was usually delicious was now in his mouth, and it instantly became tasteless.

Yan Qing forcefully endured the emptiness in his heart and nodded slightly. "MHM."

He understood what his father meant.

Those words were not only meant for Xia Jinqi to hear, but also for him to hear.

Don't mess up the hierarchy.

But who was the first to break this hierarchy?

"..."

Breakfast was still continuing.

Xia Jinqi was laughing at her situation in her heart. When she turned around, she saw that the exquisite snacks in front of Yan Jun had barely been touched.

Did she not have an appetite?

She could not help but look at him a few more times. She noticed that his right hand, which was holding the fork, was slightly stiff.

Xia Jinqi suddenly realized... ..

It was the arm that she had slept with for the whole night.

Her right hand was not feeling well, so it was not convenient for her to eat.

In an instant, a sense of guilt welled up in her heart.

Without thinking much, she directly picked a few foods that she liked and quietly put them on Yan Jun's plate. She asked in a low voice, "what do you like to eat? I'll help you pick it up."

The dining table was only so small. No matter how quiet Xia Jinqi's voice and actions were, they were instantly noticed by the others.

Everyone at the table looked at Xia Jinqi and Yan Jun in surprise. The atmosphere was strange.

Yan Jun did not miss these strange gazes. Just as he was feeling a headache, he suddenly met Yan Qing's deep eyes that were filled with faint sadness.

Chapter 54 did he bully you last night?

It was obvious that he was looking at Xia Jinqi.

This naked gaze did not avoid suspicion at all. It landed on his wife!

An unknown fire surged from the bottom of his heart and instantly rushed to the top of his head.

This feeling was like the racing car he liked when he was young being snatched away. It was really annoying!

Yan Jun raised his eyebrows slightly. He turned his head and looked at the somewhat dazed Xia Jinqi.

"fruit."

His clear voice was mixed with countless doting and lingering feelings. Hearing this, Xia Jinqi's throat tightened.

Shaking her small hand, she poked half of the saintly virgin fruit from the fruit salad plate and was about to put it into his plate.

Who knew that before the fruit could be put down, Yan Jun's right hand would gently lift up and place it right under her wrist. He held her hand and brought the food directly to his mouth.

Then, under the astonishment of the people at the table, Yan Jun ate the half of the saintly virgin fruit with Xia Jinqi's fork.

This series of actions was done smoothly by Yan Jun. Moreover, it was not directly fed. There was even a fork in the middle, but it made Xia Jinqi's heart go numb!

This man... .. Too ...

Seeing Yan Sheng and Ji Xinyu's smiling eyes, Xia Jinqi immediately felt her face turn red. She had no choice but to lower her head and poke at the food on her plate.

As for Yan Jun, who was not in a hurry to make all this, he was looking up at Yan Qing with a smile that was not a smile.

Look arrogant, as if in the declaration of sovereignty, overbearing dictatorship.

Yan Qing looked at Xia Jinqi's blushing little face, holding the fork in his hand, hard force!

Veins popped up on the back of his hand. Just as he was about to rush forward, he was interrupted by Yan Youcheng's hearty laughter.

"HAHAHAHAHA! Ah Sheng, how is it? The daughter-in-law I picked for you is not bad, right?"

Yan Sheng nodded with a smile. "Yes, this is the first time I've seen this kid eat food fed by others!"

Ji Xinyu could not help but cover her mouth and laugh. Her son had finally come to his senses!

She was not worried about anything. She was just thinking about when she would be able to have a grandson?

As she thought about it, Ji Xinyu stared at Xia Jinqi's embarrassed head with a big smile on her face.

As a mother-in-law, she had to do something!

?

After dinner, Yan Jun was called to the study by Yan Sheng. Xia Jinqi was on her way back to her room.

However, Yan Qing caught up with her halfway.

"Xiao Qi!"

Hearing this voice, Xia Jinqi stopped in her tracks.

She turned around and saw Yan Qing, who was panting from running. "SECOND UNCLE? What's the matter?"

She was well aware of the rules of the Yan family and also knew what seniority meant. Therefore, even though there were only her and Yan Qing, she still called him second uncle.

Moreover, from now on, she would call him that.

However, Yan Qing did not expect that she would also call him that in private.

It was as if a sharp object had dug a hole in his heart. It was empty and uncomfortable.

"Don't call me second uncle." His face darkened, and his tone was mixed with anger.

"But..." Xia Jinqi wanted to repeat what Yan Youcheng had said to him, but she only had time to say two words before he snatched the right to speak.

“Xiao Qi, you... last night... you guys...” Yan Qing hesitated for a long time. He was unable to say the matter too directly, but he had to know the answer. He could only clench his teeth and ask, “did he bully you?”

Bully?

Xia Jinqi repeated this word and didn't think too much for a moment.

Chapter 55'are you avoiding me? '?

“No, Yan Jun was already asleep when I came out of the shower. Perhaps he was too tired during the day.”

Speaking of which, she and Yan Jun didn't have much interaction last night. They slept separately, and everything was fine. How could they bully each other?

“Is that so?” Yan Qing finally heaved a sigh of relief. “That's good, that's good...”

Since they slept so early, nothing should have happened.

The huge stone hanging in Yan Qing's heart finally fell to the ground.

Xia Jinqi did not understand the relief on Yan Qing's face. She only thought that he was worried about her. Instead, she comforted him, “I'm fine. Yan Jun won't do anything to me.”

No matter what, in the failed escape from the marriage yesterday, at least Yan Qing had given her a glimmer of hope.

Even though it was just a fleeting dream.

As she sighed, Xia Jinqi saw the bruise on Yan Qing's forehead. She could not help but ask worriedly, “are your injuries... okay?”

After all, it was for her that she was injured. Xia Jinqi still felt somewhat guilty.

Hearing Xia Jinqi's worried tone, Yan Qing's mood soared. “It's fine, as long as you're fine.”

He smiled happily like a child.

Xia Jinqi didn't understand how his mood could change so much in such a short time?

She wanted to ask again, but thinking of their current identities, she still felt that it was better for them to have less interaction in the future... ..

“second uncle, if there's nothing else, I'll go back to my room first.”

After saying that, she turned around and was about to leave.

Unfortunately, before he could take a step forward, he was grabbed by Yan Qing's elbow. “Xiao Qi, are you avoiding me? Actually, there's no need for us to be like this. I'm still the same Yan Qing, and you're still the same Xiao Qi from before. Nothing has changed.”

Xia Jinqi smiled helplessly. “nothing has changed? From the moment I was captured and brought back yesterday, it has already changed. You’re now my elder, and you’re the one who should call me second uncle. ”

It was just that after a day, the two people’s thoughts had already undergone an earth-shattering change.

Yan Qing was still hoping that nothing would change, that everything would be as beautiful as before.

However, in Xia Jinqi’s heart, those feelings that were already indistinct had been completely changed.

“That’s only in the Yan family! In front of them, I’M THE SECOND UNCLE! ” Yan Qing could not help but growl. He did not understand why Xia Jinqi was so stubborn!

She was only in a political marriage with Yan Jun, not in true love. Why did she care so much about this identity?

“In private, when it was just you and me, I was still Yan Qing. I was still the same Yan Qing who could chat with you all night long... ”

Xia Jinqi, ” ... ”

She didn’t understand why Yan Qing was so agitated... ..

It was just a title, why was it so important?

Of course, she knew that he was still the same Yan Qing as before, but their identities had changed slightly.

Xia Jinqi was slightly stunned, which allowed Yan Qing to seize the opportunity. He approached her, put his hands on her shoulders, and looked seriously at her pair of crystal clear eyes.

“Xiao Qi, you have to endure for a while longer. Soon, believe me, soon, I’ll be able to bring you out of here. ”

Xia Jinqi was confused by the stubborn and solemn vow in her ears.

She needed this marriage to get rid of the Xia family, so she didn’t have any thoughts of leaving in the short term... ..

Just as she was about to tell Yan Qing what she was thinking, a cold question came from behind her!

“What are you doing! ”

Chapter 56: the core of this transaction

Xia Jinqi subconsciously turned her head and indeed saw Yan Jun glaring at her and Yan Qing with an Ashen face.

Didn’t he go to Yan Sheng’s study room He came back so soon... ..

Moreover, from the looks of it, he was already in a rage.

Xia Jinqi subconsciously pulled back her hand that was held by Yan Qing. She opened her mouth to explain, "second uncle, he..."

Xia Jinqi was interrupted before she could finish her words.

"I've known Xiao Qi for four years. Can't we have a chat?" Yan Qing couldn't hold back his anger and turned his body to block in front of Xia Jinqi.

Why did the so-called marriage contract have to cut off the four years that he and Xiao Qi had known each other?

He was the one who met Xiao Qi first. He was the one who proposed to marry Xiao Qi!

Why did everything end up with Yan Jun?

Why was he still not allowed to talk to Xiao Qi?

"Don't forget, she is my wife now." Yan Jun glanced at him coldly and walked over quickly. He held Xia Jinqi's hand and walked towards their room.

Xia Jinqi was dragged away. She could feel Yan Jun's anger, so she had no intention of struggling or resisting.

If she angered this madman, he would really do anything... ..

However, Yan Jun only took two steps before letting go of her hand. He turned around and walked back to Yan Qing.

Yan Qing's cold eyes fell into Yan Qing's dark eyes, and his tone was mocking. "I heard that grandfather transferred you back to the head office. Do a good job and don't let him down."

Yan Sheng had called Yan Jun over just now to talk about this matter.

Yan Youcheng suddenly gave Yan Qing three percent of the shares and transferred him to be the head of the head office's Strategic Distribution Department in Asia.

In the past, although Yan Qing had the blood of the Yan family flowing in his body, he did not have any shares.

He had not even gone to the head office because he was an illegitimate child. In his early years, Yan Youcheng did not want a black spot to appear in his life.

This was also the reason why Yan Sheng could still tolerate Yan Qing being in the Yan family for so many years.

But it was just raising an extra idle person. It was not a big deal as long as he did not covet the Yan family's assets.

However, the current situation was completely different. Yan Qing had the shares and officially entered the head office. From a certain point of view, Yan Youcheng did not care about his reputation anymore.

He was old, and perhaps he wanted to make up for his favorite little son.

Then, it was very likely that Yan Qing would gradually take control of the group under the Yan family.

At the same time that Yan Sheng finally felt the crisis, he was also slightly gratified. Fortunately, Jun 'Er had married the Xia family's daughter. In the future, with the help of her father-in-law in the political arena, she could at least surpass Yan Qing.

Compared to his father's worry, Yan Jun's attitude was rather cold.

He did not want to hear about anything related to Yan Qing, so he did not discuss it with his father in detail. He just turned around and left.

If he had not left early, he would not have run into the scene of these two people gathering together in the corridor so quickly.

Yan Qing did not expect Yan Jun to suddenly bring up this matter. In an instant, he actually felt a little guilty, and his aura instantly dropped.

Those shares... .. were actually only given to him by his father after he had agreed to his father's conditions ...

Rather than saying that it was given, it was more like he had traded it for it.

And the core of this transaction... ..

Yan Qing raised his eyes and looked straight at Xia Jinqi who was two or three steps away. He said gently, "Little Qi, if you have any difficulties in taking the postgraduate entrance examination, feel free to come find me. "

Chapter 57 was so embarrassing!

Xia Jinqi had once discussed with Yan Qing whether she should continue her postgraduate studies after graduating from university. Even she herself had not decided yet. Who would have thought that he would take it to heart.

However, before Xia Jinqi could say anything, Yan Qing had already turned around and left in a carefree manner.

The remaining Yan Jun, who had a dark expression on his face, scrutinized her. "You want to take the postgraduate examination? "

"... I plan to." Xia Jinqi's answer was somewhat ambiguous. In the past, she wanted to take the postgraduate examination to enrich her knowledge, but now she had married into the Yan family ...

Hearing her answer, Yan Jun's heart inexplicably felt a little irritated.

He didn't like this feeling. There was another man who knew his wife better than he did.

"If there's anything in the future, you can only tell me, " he said domineeringly. He took her hand and pulled her back to the room.

Xia Jinqi followed by his side, somewhat stunned.

What happened to a fake marriage without love, why did it... .. become a little strange ? ?

She couldn't help but think that Yan Jun's behavior seemed to really be her husband.

"..."

In the afternoon, the Xia family sent Xia Jinqi's luggage over.

A portion of the room that originally belonged to Yan Jun was split open and used by Xia Jinqi.

Ji Xinyu did not go out in the afternoon. She stayed at home specifically to help Xia Jinqi tidy up.

Although there were many servants at home and Xia Jinqi did not have to do it herself, many things still needed to be sorted according to her preferences.

She did not know if Ji Xinyu did it on purpose or not. The Yan family had such a large house, yet they insisted on keeping her tightly at Yan Jun's place.

It was one thing for them to share the cloakroom, but in the end, they even had to share the study room.

Were they trying to make her look at Yan Jun's shadow when she was working and studying?

"Mom, will it affect Yan Jun's work if I'm in the study room? Why don't I go to another room..." Xia Jinqi was prepared to struggle. After all, FATE SHOULD BE IN HER OWN HANDS!

Who knew that Ji Xinyu would reply to her, "men and women work together, it's not tiring to work! It's pretty good to be together!"

It seemed that fate could not be changed just by struggling.

Xia Jinqi was so choked that she could not speak. She could only quietly organize her album.

These things were her treasures. She had always tidied them up herself.

The album was placed on the bookshelf one after another. It was pleasing to the eye.

Ji Xinyu was curious at the side. She casually picked up a book and opened it. She found that the paintings inside were very unique.

Sketches, watercolors, and ink were almost all there.

Moreover, the name of Xia Jinqi was all signed.

"I've heard that you liked to draw since you were young. Your drawing skills are really good..." Ji Xinyu praised sincerely. As expected of the daughter of the Xia family. She liked it very much.

However, Xia Jinqi lowered her head in embarrassment. "I was just drawing for fun."

When she was young, she didn't have as many social media accounts as she did now, nor did she have the complicated world on the Internet. When she was isolated outside the door by the term 'home', she couldn't sleep all night. She would always find something to do.

Drawing and reading could always pass some boring time.

There was not much joy in her childhood. The only happiness was the treasures in her hands.

Ji Xinyu looked at the girl in front of her who was so obedient. The more she looked at her, the more she liked her. She could not help but ask, "Jinqi, where do you want to go on your honeymoon with Jun 'er?"

Honeymoon?

Xia Jinqi paused for a moment and smiled embarrassedly. "There's no need for a honeymoon, right? I think he's quite busy recently..."

What a joke. She was going on a honeymoon with Yan Jun?

HOW AWKWARD WOULD THAT BE!!!

Chapter 58: Secret Identity

Ji Xinyu, on the other hand, had a different plan.

It was said that newlyweds had to strike while the iron was hot. That way, she would be able to hold onto her grandson faster!

"You child, no matter how busy a man is outside, he has to think about his wife at home! Why don't I give you an idea? Go to Las Vegas? There's our family's shopping mall and Casino there. Let Jun' Er take you there to have some fun?"

Xia Jinqi hadn't taken this matter to heart at first, but who knew that she would hear about the Casino in Las Vegas. She instantly perked up!

"Mom, there's really no need! I happen to have some matters to attend to recently..."

Ji Xinyu glanced at Xia Jinqi. She was a little surprised that she would refuse, but after thinking about it, there shouldn't be a woman who would refuse a honeymoon, right?

She guessed that the place she mentioned wasn't quite right?

"What about London? Paris?"

Xia Jinqi, "..."

She didn't want to go anywhere, especially with Yan Jun!

The two of them could be considered teammates in the trenches, but they weren't really husband and wife. What kind of honeymoon were they going to have... ..

Just as Ji Xinyu was racking her brain to think of a holy place for her honeymoon trip, a cool voice came from the door. It was neither hot nor cold.

"Let's go to Las Vegas. Mr. Qi just happens to be going back as well. We'll travel the same way."

Xia Jinqi felt her heart thump fiercely.

She still had to meet that Mr. Qi?

They weren't going to any other place, but LAS VEGAS... ..

She stared at Yan Jun, who was walking towards the study room. She seriously suspected that he did it on purpose!

"THAT'S GREAT! I'll go and help you arrange it!" Ji Xinyu heard her son speak in person. Of course, that was what she wanted!

"Mom, actually, we don't need to..." Xia Jinqi was still struggling, but Ji Xinyu acted as if she didn't hear a word. She happily walked out of the door.

The remaining Xia Jinqi, whose face was stiff, glared at Yan Jun and questioned, "why did you agree to go on the honeymoon? You know that the two of us aren't what they think!"

Yan Jun just glanced at her indifferently and threw a document bag in front of Xia Jinqi.

The atmosphere became somewhat solemn with a snap.

"Open it and take a look," he ordered.

Xia Jinqi didn't suspect him. It was just a document bag, not that she didn't dare to look at it.

Who knew that the moment she opened it, the contents of the document she pulled out would give her a big fright!

It was filled with the records of her coming out of seclusion for the past six months.

In her astonishment, his cold and thin voice drifted into her ears. "perhaps you should explain to me first, what kind of secret are you hiding, who travels back and forth between the city and Las Vegas once a month on average?"

"..."Xia Jinqi was dumbfounded by the question.

When she was recognized by Mr. Qi at the wedding, she was already a little flustered. She didn't expect that this man would find out about her in just one day?

He even got his hands on the records, and he was so detailed.

She didn't even dare to raise her head to look at him. She knew that his black eyes must be unusually sharp, as if he could directly see through her soul.

"Do you think that I won't be able to find out if you don't tell me?"

His slightly threatening words stimulated Xia Jinqi's nerves.

If she didn't make something up, this man might really continue to investigate At that time... ..

No, her identity couldn't be exposed for the time being.

Biting her lower lip, Xia Jinqi lowered her eyes and whispered, "actually... I'm going to get sleeping pills. You know that I have insomnia. It's not easy to get these pills in the country."

Chapter 59 this lie was very sincere

Xia Jinqi also didn't expect that lying would be so easy.

It was practically a piece of cake.

Yan Jun silently sized up the girl in front of him.

She lowered her eyelids, her long eyelashes casting a fan-shaped shadow that covered her eyes and also covered her worries.

As for the reason she said... ..

Sleeping pills were indeed difficult to get in China.

If she went abroad to get sleeping pills, it wasn't impossible.

The atmosphere between the two was in a stalemate when Yan Jun's cell phone rang.

It was Zhuge Wentao calling.

"Second Young Master, the test results of the pills you sent over this morning are out. The main ingredient in them is vitamin C."

Yan Jun,"..."

Last night, after Xia Jinqi fell asleep, Yan Jun had checked Xia Jinqi's medicine bottle.

The girl had a big heart. After eating it, she put it by the bedside. She thought that it was in her bedroom, so she could do whatever she wanted.

The most important reason why Yan Jun would take the medicine inside to test the ingredients was because he was already married to Xia Jinqi. If his wife really had a habit of taking drugs, then he had the obligation to help her.

Under this premise, he first had to know what kind of medicine she was secretly taking.

But who would know that that thing was neither sleeping pills nor drugs. It was actually... .. Just Vitamin C??

Crossing the ocean and secretly running to Las Vegas just for a small bottle of vitamin C?

This lie was very sincere.

Xia Jinqi knew that Yan Jun was on the phone. She let out a small sigh of relief. Just as she was about to raise her eyes to see if his complexion was okay, she met his jet-black pupils.

She was so scared that she hurriedly lowered her head and pretended to be busy tidying up her things... ..

This... .. could it be that her lie was discovered??

But the reason she made up was quite reasonable. There shouldn't be any reason to suspect her, right?

Yan Jun's long silence also made Zhuge Wentao, who was on the other end of the phone, suspicious. "Second Young Master?"

Only then did Yan Jun come back to his senses. "En, I got it."

Putting down the phone, Yan Jun leaned back against the side of the bookshelf, his deep black eyes sizing up the woman who lied in front of him without even blushing.

If the lie was exposed so quickly, it wouldn't be fun anymore.

Since she wanted to hide it, as her husband, he should support her.

"It just so happens that I have an expert in psychology. When the time comes, I'll give you more sleeping pills to bring back. Insomnia is an illness, and it needs to be treated."

Xia Jinqi, "..."

At this moment, there were only ten million grass mud horses running through her heart.

When she heard these words, it sounded like they were saying, 'lying is an illness, and it needs to be treated.'

Admiring the dazed look on Xia Jinqi's face, Yan Jun curled the corners of his thin lips in satisfaction.

Just as he was about to turn around and leave, he suddenly thought of something and turned to look at her. "Does your father know about you leaving the country?"

"No." Xia Jinqi shook her head. The people at home never cared about what she was doing.

As long as she appeared at a certain place at a specific time and allowed the family to meet, they would be able to understand each other.

"Does Yan Qing know?"

"No." Xia Jinqi continued to shake her head. Yan Jun was probably the first to know about her leaving the country.

Yan Jun's originally unhappy mood was completely saved by Xia Jinqi's later ignorance.

She didn't even tell Yan Qing.

It seemed that Yan Qing wasn't as important in her heart as she thought.

And he knew her a little better than Yan Qing.

Chapter 60 meeting your love rival for the first time

Seeing that Yan Jun was about to leave, Xia Jinqi hurriedly stopped him. "I want to go out tonight, is that okay?"

It was her first time coming to the Yan family, so she didn't understand many of the rules. Moreover, today was her first day of marriage, so she didn't know if the people from the Yan family would have dinner together.

"What's the matter?" Yan Jun was in a good mood at the moment, and even his tone had become much gentler.

"En." Xia Jinqi nodded, but she didn't say what the matter was.

The more she hid, the more Yan Jun wanted to know what she was trying to hide?

At night, the family would have dinner together. Since she wanted to go out, then... ..

Yan Jun was silent for a moment. He picked up his phone again and dialed a number. "arrange a car to pick me up."

Xia Jinqi looked up at him in surprise. Could it be that he was going out as well?

As she was thinking, Yan Jun had already hung up the phone. He turned around to look at her. "Go pack up. I'll take you out."

Going out alone on the first night of their wedding was somewhat against the rules.

But if Yan Jun was taking her out with him, then there was nothing wrong with it.

Xia Jinqi quickly reacted to Yan Jun's meaning and her brows immediately lit up. "thank you!"

After saying that, she quickly ran to the changing room.

She had been busy with the wedding recently and had almost forgotten about the other side... ..

Tonight, she had to make a trip no matter what.

"..."

When Xia Jinqi followed Yan Jun out the door, there were already three Lincoln cars parked at the door.

Beside the car stood a tall woman in a tight red dress.

She had long brown wavy hair, exquisite makeup, and a perfect smile.

Just as Xia Jinqi was wondering who this person was, she saw the woman lower a document to Yan Jun.

"President Yan, this is the information you requested."

Yan Jun nodded and took the lead to get into the car.

When Xia Jinqi walked to the car, the woman took the initiative to introduce herself. "Hello, Madam. My Name is you Xi. I'm President Yan's administrative secretary."

You Xi?

The moment she heard this name, Xia Jinqi subconsciously froze for a moment.

At the wedding yesterday, she heard this name behind the rockery. It seemed to be you Xi?

So... ... It was her, secretly in love with Yan Jun. ? ?

She couldn't help but take another look at you Xi. Xia Jinqi frowned slightly.

It couldn't be said that she was a peerless beauty, but she had a delicate face and a hot figure, especially this short skirt with a package of buttocks... ...

While Xia Jinqi was sizing you Xi up, you Xi was also secretly sizing up this new wife.

In the early years, she had heard that she had a bad reputation and was the only one who had a beautiful face. Now that she looked at it, even you Xi couldn't help but exclaim in surprise.

She lamented that the heavens had given all the good things to this woman?

Moreover, her temperament was also very outstanding, completely different from the rumors of cowardice.

Sensing the surprise in you Xi's eyes, Xia Jinqi just smiled faintly and got into the car, sitting beside Yan Jun..

However, what Xia Jinqi didn't expect was that you Xi also followed them into the car, even though she only sat in the front passenger seat.

The car drove out of the Yan family's manor. No one spoke in the car, only the sound of Yan Jun flipping through the documents and... ...

Xia Jinqi clenched her small fists and stared at the woman in the front row with a small gaze... ...

Even she herself did not notice why she suddenly felt unhappy towards a strange woman whom she had just met for the first time.

She was clearly not someone who liked to make enemies with others... ...

It was Yan Jun's elegant voice that broke the delicate atmosphere.

"where are you going?"
