

Tick Me 61

Chapter 61: How can I trust you alone?

These words were obviously meant for Xia Jinqi.

She paused for a moment before coming back to her senses. She prevaricated, “just find a random place and let me get off.”

What she meant was that she wanted to be alone and did not want to be with Yan Jun..

And when she said this, there were more than one person who was surprised.

Although you Xi was staring straight ahead, all her attention was focused on the back row.

When she received the call, she thought that President Yan was going to take his wife out for dinner. But now, it seemed that it was not that simple?

Yan Jun was not surprised, as if he had already expected it.

What kind of secret could it be to do things with him?

He closed the document and looked sideways at the Woman Sitting Upright beside him. He was determined to make things difficult for her. “Don’t you want to be too ostentatious? Okay, let’s get out of the car together. ”

“...”

Big Boss, being with you is ostentatious enough, okay? ! !

“No need, no need. I can get out of the car alone...” Xia Jinqi hurriedly shook her head, afraid that this person would really get out of the car with her.

“How can I trust you alone?” Yan Jun smiled unrestrainedly. He held Xia Jinqi’s little hand, which was so nervous that it was sweating, and pulled her in front of him. “Mrs. Yan. ”

Xia Jinqi could hear the meaning behind the last three words as she gnashed her teeth.

Xia Jinqi was caught off guard when she suddenly met his eyes, which were as dark as ink. Xia Jinqi felt a slight suffocation in her heart.

This person... Could it be that he had already guessed something and had been teasing her this whole time ? ?

In the front row, you Xi had already passed her duties as a secretary and glanced at the rearview mirror.

But it was just that one glance that deeply pierced her heart.

She had worked by President Yan’s side for so long, but she had never seen him so close to any woman...

...

And she had never heard him use such a gentle tone with anyone.

At that moment, she was really jealous of Xia Jinqi.

Why was it that a woman who had never met President Yan, just because of her family background, was able to leap through the Dragon Gate and marry the man she had been guarding for several years... ..

It wasn't fair.

This world was really too unfair!

As for Xia Jinqi, she didn't have the time to care if someone was coveting her husband.

She couldn't even protect herself... ..

If this man insisted on following her, then what should she do?

She couldn't bring Yan Jun with her, right?

Moreover... ..

Didn't she hear in the past that after marriage, the man would change? He wouldn't come home all day and wouldn't even see the woman's face?

Why was Yan Jun always sticking by her side Didn't she have to work!

It was like a piece of candy that she couldn't get rid of!

How could Xia Jinqi know that in order to give the young couple the most space to get married, Yan Sheng had specially let Yan Jun rest for a few more days before going to the company.

Therefore, Yan Jun would have extra time to accompany her for the next few days.

After waiting for a long time without receiving an answer from Xia Jinqi, Yan Jun directly made the decision for her.

"Stop the car, " he ordered lightly, and the car soon stopped by the roadside.

Two bodyguards got out of the car behind them and opened the car door for them.

Xia Jinqi was stunned.

Was He for real?

"Get out of the car, " the culprit's lively tone sounded.

Xia Jinqi gritted her teeth. She had no choice but to get out of the car first!

Later, she would find an opportunity to drive the car!

After the two of them got out of the car, the convoy drove off in an orderly manner.

The remaining two stood on the bustling street, staring at each other.

Chapter 62: a lamb at the tip of her tongue

Xia Jinqi looked at the man in front of her and gnashed her teeth in hatred... ..

“We’re only in a political marriage. Don’t we have any freedom at all? !”

When they agreed to get married, their goal was to break away from the Xia family and have more control over their own lives.

Why did she feel that it was even more troublesome now?

Even wherever they went, there was actually someone following them... ..

Yan Jun stood tall and straight as he listened to her complaints. He was not angry at all. Instead, he leaned leisurely against the greenery by the side of the street and looked down at her. “On the first night of our wedding, my wife was wandering alone by the side of the street. It also affected my personal image.”

In fact, he had only wanted to tease her a little. Who knew that they would actually get off the car together in the end.

Even he could not explain it clearly. His gaze was always on her. He could not care about anything else for the time being.

Xia Jinqi gritted her teeth. Alright, what he said was reasonable, but... ..

“I will be especially careful not to let others find out.”

“The night before our wedding, you also promised me. But the next day, you still ran away from the wedding.” She boldly and righteously exposed him... ..

Xia Jinqi, “...”

Fine, she was the one who lost her integrity!

Xia Jinqi was so angry and frustrated that she hung her head dejectedly. In Yan Jun’s eyes, she suddenly felt a little cute.

It was nothing. She just felt that it was quite cute.

“Remember when I asked you if you knew what marriage was?” He suddenly opened his mouth with a slightly serious expression.

“It’s a grave!” Xia Jinqi snorted in a fit of Pique. Right now, all she could think of was how to get rid of him!

“...” Yan Jun furrowed his beautiful brows and directly ignored her answer. “I’m your husband. No matter where you go or what you do, I have the right to know.”

When Xia Jinqi heard this, she immediately became angry again. “You only know how to restrain me! What about you? Don’t you have a hot secretary by your side?”

Yan Jun, “?”

A HOT secretary?

You Xi?

She had no impression of her at all.

After yelling, Xia Jinqi realized that she had lost her composure. Moreover, why did she mention You Xi?

It was really a misstep... ..

In short, when she thought of the beautiful secretary who was eyeing Yan Jun like a tiger, she felt very unhappy!

“AHEM! What I mean is that my matter is a little complicated. I can’t explain it clearly in just a few words. Can I tell you next time?”

She was really in a hurry right now... ..

Seeing that Yan Jun’s attitude had softened and that his black eyes were beginning to show hesitation, Xia Jinqi suddenly had an idea.

Could it be... .. That this man was a pushover ? ?

Why don’t she try to act coquettishly?

Taking a deep breath, Xia Jinqi took a small step forward. She reached out and tugged at Yan Jun’s sleeve, saying gently, “I really have my difficulties. I can’t tell you, but I promise that I won’t damage your image, okay?”

Yan Jun,“...”

Even though she looked like she was a honey trap, but... ..

Yan Jun’s heart still rippled uncontrollably.

Like a soft feather, it gently fell from the sky and touched his heart, and then everything became soft.

It didn’t matter. He didn’t really plan to follow her anywhere.

However, he didn’t want to let her off so easily.

How could he send a lamb back intact?

“BRIBE ME, and I’ll give you three hours.”

His voice was low and emotional, and it was slightly hoarse. Anyone who heard it would feel their heart go weak. It was as if they would be in a mess if they touched it.

Chapter 63: Waiting for you to go home together

“How do I bribe them?” Xia Jinqi was a little hesitant as she looked at him in confusion.

“What do you think?” Yan Jun raised his eyebrows and looked at her as if he was looking at a fool. “How do newlyweds bribe them?”

“Eh?” Xia Jinqi’s face immediately turned red. She realized what he meant... .. Did he want her ...

If he did that, it would seem like they were really a loving couple.

After hesitating, Yan Jun leaned over to her ear and whispered, “don’t misunderstand. I just want the surrounding audience to see what they want to see.”

The surrounding audience?

At this moment, Xia Jinqi looked around and found that there were a lot of people surrounding them. They were all looking at her and Yan Jun, and many people were taking pictures of them with their cell phones.

So... .. What Yan Jun said just now was just a show ??

Huff, it gave her a fright.

She almost thought... ..

Forget it, forget it. They were both fake couples anyway. A kiss was nothing, as long as it gave her three hours of freedom!

“You can’t go back on your word,” Xia Jinqi pouted and added. Then, she tiptoed slightly and kissed his cheek.

Is Lightly touched, light as dust, can fall in the heart of Xia Jinqi, but heavy as Qianjin.

Frequent ringing around the ka-ka sound, Xia Jinqi call back to reality, “now can it?”

“En.” Yan Jun nodded his head, as if the handsome face of Heaven floating a touch of smile like the spring breeze, he took Xia Jinqi’s hand, through the crowd, Yangchang away.

After the two of them left, the crowd of onlookers still did not retreat for a long time... ..

“Wow! Handsome men and beautiful women, so eye-catching!”

“Why do I look a bit like the heir of Yan’s group? I heard he just got married! Is that the fourth daughter of the Xia Family?”

“I think so! She doesn’t look like she’s been taking drugs for years. Did you see her tiptoeing and Kissing Yan? She’s so cute!”

“Yes, yes, the report also said that they were in a political marriage. I think they were clearly in love!”

Listening to the sound coming from behind, Xia Jinqi suddenly had a little sigh.

It’s the first time I’ve been recognized by so many strangers in public... ..

It was all because of this man beside her, wasn’t it?

She really didn’t expect him to have such great charm.

In his daze, Yan Jun had already let go of her hand. “Meet me here in three hours. Let’s go home together.”

Hearing this, Xia Jinqi realized that Yan Jun had unknowingly brought her to a hotel.

Did he mean to give her three hours of free time and then go home together?

Xia Jinqi instantly said, "okay! Thank you!"

With that, she turned around and entered the crowd without any reluctance.

Yan Jun shook his head helplessly and smiled faintly. He really thought of her as a flood beast.

However, how should he spend the past three hours?

He originally wanted to invite Fang Shaoan out for a drink, but he unexpectedly bumped into Xia Jinqi's second sister.

"Young Master Yan? What a coincidence! We met here..." Xia Tianjiao had just exited the hotel's elevator when she saw the handsome and handsome Yan Jun as soon as she entered the hall. She couldn't help but approach him.

Before she married Xia Jinqi, Yan Jun had already known her family, so he naturally recognized this woman.

His phoenix-like eyes narrowed dangerously. He suddenly recalled that Xia Jinqi's wet and disheveled appearance yesterday was the work of this person before him, right?

Besides yesterday, the information that was basically investigated showed that Xia Jinqi had received a lot of education from this second sister since she was young in the Xia family.

Chapter 64 if only he was the one who married him

Since he had met her here, he could not disregard the Xia family's reputation.

Moreover, he wanted to learn more about his wife from his second sister.

He chose a secluded spot in the hall and invited Xia Tianjiao for a cup of coffee.

However, Xia Tianjiao looked around and was a little disappointed. "There are too many people here. Why don't we go to the private room?"

In a sealed space, only a man and a woman could have something happen.

Yan Jun leaned back on the Leather Sofa, his thin lips slightly pursed. He replied coldly, "the private room is very inconvenient."

"Oh..." Xia Tianjiao was a little disappointed. When she picked up the Coffee Cup, she couldn't help but quietly raise her head.

The man sitting across from her was really very handsome. She didn't know how much better he looked in person compared to the photo... ..

Moreover, when Xia Tianjiao thought of the betrothal gifts that the Yan family gave to Xia Jinqi, she felt her heart itch!

If only she could marry into the Yan family, how great would that be?

As she thought about it, Xia Tianjiao began to have her own little thoughts.

“Young Master Yan is really handsome and handsome. He’s young and promising. It’s such a pity that he married my little sister who doesn’t know any better. ” As she said this, Xia Tianjiao pretended to sigh as she shook her head.

“Oh? Is that so? Why do you say that? ” Yan Jun was not anxious. Instead, he followed her words and continued to ask.

Seeing that Yan Jun had taken the bait and was beginning to be interested in her words, Xia Tianjiao immediately perked up. She began to count all the bad things that Xia Jinqi had said. “Sigh... fourth sister. She’s always been withdrawn since she was young and doesn’t like to talk to others. ”

Yan Jun: Doesn’t like to talk Are you sure Why did he feel that she was unusually lively Especially after he fell asleep, she was simply like a chatterbox!

“Her brain isn’t bright, her education isn’t high, and she doesn’t know how to dress herself up...”

Yan Jun: Her brain isn’t bright, and she can even fool him. Not only did she run away from the marriage, she even went to some mysterious place at this moment!

“Most importantly, she also has insomnia! She’s been taking sleeping pills all year round. You also know that those things hurt her brain, so she’s most likely a fool now! ”

Yan Jun: But those things are vitamin C. According to this method of eating, a certain person’s health is very good!

“Our family feels ashamed at the mention of her! This marriage has really wronged you, Young Master Yan...”

Xia Tianjiao knew the INS and outs of this family marriage. She also knew that Yan Jun seemed to be unwilling to get married in the beginning. In the end, he was forced by the pressure of the family to agree to hold the wedding.

Seeing that he was not at home with the bride on the first day of their wedding and came to the hotel to stroll around in the middle of the night, it was clear that he had no interest in Xia Jinqi!

Xia Tianjiao seized this opportunity to speak ill of Xia Jinqi. She wanted Yan Jun to hate her even more!

It would be best if he saw that she did not care and divorced her!

In short, she just could not bear to see any good in Xia Jinqi!

How could a good-for-nothing who had been bullied by her since young be better off than her?

Yan Jun listened quietly. His Hands on the Sofa were slowly and rhythmically beating the beat. His deep black eyes were abnormally dark.

He was neither sad nor happy. There was almost no expression on his face, making it impossible to guess what he was thinking at this moment.

After Xia Tianjiao finished speaking, Yan Jun did not speak for a long time. This made Xia Tianjiao a little worried. She carefully looked up at the man opposite her and could not help but be a little absent-minded... ..

The man's chiseled handsome face was unusually handsome. Just looking at him like this made people's hearts inexplicably palpitate!

Sigh, if only I was the one who married him.

Chapter 65 bullying her means that she doesn't put me in her eyes

She is obviously more outstanding than Xia Jinqi in everything, so why didn't the Yan family choose her?

Why must they take a fancy to that idiot!

Seeing such a handsome man brush past her just like that... ..

While Xia Tianjiao was immersed in her own world, Yan Jun's thin lips lifted slightly and finally opened his mouth. "I heard that she grew up in a circle around the city and never went abroad?"

"Yeah, that country bumpkin is also unwilling to go out." Xia Tianjiao snorted. "speaking of which, she seems to have suddenly become busy in the past half a year, and she often doesn't see anyone!"

Yan Jun was very keen to catch the main point of Xia Tianjiao's words. Suddenly becoming busy in the past six months?

Previously, the records of her coming out of seclusion were only six months.

So, it was very likely that Xia Jinqi's little secret only began in the past six months?

"Does she have many friends?"

"What friends can she have? Only a few of her university classmates still contact her occasionally!" Speaking of this, Xia Tianjiao was even more disdainful. "even her friends are so shabby!"

Hearing Xia Tianjiao's extremely unfriendly tone, Yan Jun's pitch-black eyes sank with a hint of displeasure.

After a short conversation, every word Xia Tianjiao said about Xia Jinqi was filled with disdain and contempt.

In addition to what he had seen before, one could imagine what kind of treatment Xia Jinqi had suffered during her years in the Xia family.

No wonder she was so eager to leave that family.

He had said that no matter what kind of life she had lived in the past, since she had married him, she would not let anyone bully her anymore!

It was time to deal with those who had bullied her before... ..

Yan Jun narrowed his unusually cold eyes. His expression was unfriendly, and his voice was filled with killing intent. "So, before she got married yesterday, you poured ice water all over her?"

"..."the moment she heard Yan Jun's question, Xia Tianjiao's heart unconsciously trembled!

She was so focused on badmouthing Xia Jinqi that she almost forgot about this!

"This... did fourth sister tell on you?" Xia Tianjiao's palms were so nervous that they were sweating ...

The man in front of her suddenly burst out with a powerful aura, bringing with him an indescribable chill and oppression. He pressed against the back of her head, making it impossible for her to raise her head to look at him!

Yan Jun snorted coldly. Complain?

Xia Jinqi could endure it, but he couldn't? ! !

His woman was being bullied like this... ...

"Besides being your fourth sister, she is also my wife whom Yan Jun has officially married. Bullying her is equivalent to not putting me in his eyes."

Yan Jun spoke coldly and unhurriedly. His voice was not loud, but it was majestic without anger!

Xia Tianjiao was stunned by his words... ... In the entire Rao city, who dared to not put him in his eyes ? ?

"Young Master Yan, you misunderstand. I... I..." Xia Tianjiao's face instantly turned extremely Pale. She didn't know why young master Yan had changed his expression in the blink of an eye when they were just attacking Xia Jinqi together ? ?

She... ... She should say something to remedy the situation ? ?

At this moment, Xia Chuanxu, who had just come out of the elevator, happened to see Yan Jun and Xia Tianjiao talking about something, so he walked over.

"SECOND SISTER? Why are you here? Mom was looking for you everywhere just now. Why aren't you going back quickly?"

"Ah?" Xia Tianjiao only raised her head at this moment. When she saw that it was her third brother who had come to rescue her, she immediately came back to her senses. "really? Then I'll go over first!"

As she said that, she grabbed her bag and quickly left.

Yan Jun didn't say anything to stop her. It was never too late for a gentleman to take revenge. He wasn't in a hurry at this moment.

Moreover, he had other plans.

Chapter 66'shouldn't I protect a member of the Yan Family? '?'

After Xia Tianjiao left, Xia Chuanxu did not leave with her. Instead, he sat across from Yan Jun in a friendly manner.

In name, he was now Yan Jun's brother-in-law and could be considered a relative.

"President Yan, how have you been?" Xia Chuanxu first greeted him politely.

Regarding this address, he considered it carefully before deciding to still address him as President Yan.

According to the rules, he could actually call Yan Jun brother-in-law. However, due to Yan Jun's status and status, this seniority could be temporarily thrown to the back of his mind.

Yan Jun and Xia Chuanxu had met earlier because of various reasons.

Now that they were even closer, it should be a sign that the two parties would be more harmonious in their future cooperation. However, Yan Jun frowned and looked at him unhappily. "Jin Qi has been bullied by you guys since she was young?"

After all, he was someone he used to know, so Yan Jun naturally did not speak so politely.

Moreover, Xia Chuanxu was intentionally helping Xia Tianjiao out just now. It was not that he could not see it.

Xia Chuanxu was stunned for a moment. Then, he smiled and looked at Yan Jun. "you're already protecting her?"

At first, he was worried that little Qi would be bullied when she married into the Yan family. Now that Yan Jun was interrogating her, it seemed like he was protecting little Qi.

As for the Xia family... ..

A few years ago, he rarely went home. He did not care about his little sister and did not know what she had gone through.

Today, he called his mother and second sister over to talk to them and return Xia Jinqi's island and shop to her.

Who knew that after they finished talking, he would see Yan Jun and Xia Tianjiao chatting when he came out.

He had spoken just now because he didn't want to see the relationship between the two families deteriorate. He didn't have the intention to help Xia Tianjiao.

There was also that basin of ice water. He was thinking about how to help Xiao Qi get it back.

Yan Jun's heart was choked by Xia Chuanxu's words. He came back to his senses in shock. Why was he suddenly so concerned about Xia Jinqi's matter?

Whenever he thought about her being bullied, his emotions became quite difficult to control.

But even so, he still didn't reveal any of his worries. He continued to say coldly, "shouldn't I protect the people of my Yan family?"

He was indeed the rumored doormat. Anyone could pick him out and bully him.

Xia Chuanxu was slightly stunned by Yan Jun's words. These words... .. Didn't sound wrong ...

But, why did it feel strange?

But no matter what, seeing Yan Jun's protective manner, Xia Chuanxu was more or less relieved.

"Let's go back tomorrow? I will give you and Xiao Qi an explanation for this matter." Xia chuanxu smiled. He was already making plans in his heart.

Indeed, this second sister of his owed a lesson.

They should also know that Xiao Qi is now not only the youngest in the family, she has a backer called Yan Jun behind her.

Yan Jun heard, this is considered to give up.

Originally is the Xia family's matter, by Xia Chuanxu personally to do, is naturally very good.

—

Two and a half hours later, Xia Jinqi returned to the hotel entrance where she had parted with Yan Jun..

She was dressed the same as before, except for a gash on her forehead, the blood had been wiped clean, and a simple band-aid was applied.

Her bangs hung down, covering most of it.

Xia Jinqi briefly tidied up before walking into the lobby of the hotel.

She was not unfamiliar with this hotel at all. It was the family business of the Xia family. Many family gatherings in the past had also been eaten here.

She swept her gaze across the entire lobby and found Yan Jun in a slightly secluded spot.

Sitting opposite him was her third brother, Xia Chuanxu.

Chapter 67 had been waiting for her

"third brother?" Xia Jinqi was very surprised. She would never have thought that she would run into him here. Moreover, he was sitting at the same table as Yan Jun..

There was a pile of documents in front of the two of them. It seemed like they were discussing business?

It was already so late. Were they discussing business here?

When Xia Chuanxu heard this, he looked up and saw the surprised Xia Jinqi. He instantly understood. "I was wondering why President Yan suggested to talk about business here. So it turned out that he had an appointment with Xiao Qi in advance?"

They were supposed to talk about the matter tomorrow, but they bumped into each other again. After chatting for a while, they started talking about business.

After getting her assistant to send the documents over, the two of them started talking here.

“Uh... ” Xia Jinqi turned her suspicious eyes to look at Yan Jun, who was standing to the side. Her eyes were a little disappointed.

He couldn't have really been waiting for her here for more than two hours, right?

.. For some reason, she had a strange feeling in her heart.

While Xia Jinqi was in a daze, Yan Jun had already waved at her, indicating for her to go over. “Are you done? ”

“En, I guess so... ” her legs couldn't be controlled as she walked in his direction. Xia Jinqi deliberately turned her head to the side, not wanting him to notice the wound on her forehead.

However, the more she tried to hide it, the easier it would be for him to notice.

Her awkward movements instantly attracted Yan Jun's attention.

Her eyes flashed slightly, and she happened to catch a glimpse of the band-aid on her forehead.

Her straight brows furrowed tightly. He stretched out his hand to push away the fringe on her forehead, but she dodged it. “Are you guys talking about business? ”

“We're almost done talking, ” Xia Chuanxu replied. He conveniently sorted out the documents in his hands. “It's getting late, so I won't disturb you guys. Xiao Qi, remember to come back early tomorrow. ”

As he spoke, he made a gesture to get up.

Since Xia Chuanxu could already tell that Yan Jun was waiting for Xia Jinqi here, there was no reason for him to stay and be a third wheel.

Xia Jinqi was still unable to react to her third brother's words. “where are we going? ”

“Back to the gate, ” Xia Chuanxu replied.

Other places were used to returning three times, but Rao city's custom was to return the next day.

“Oh... ” Xia Jinqi finally remembered that it was time to return the next day.

However, she didn't seem to be excited at all. That was a place that she had always wanted to escape from since she was young. There was indeed nothing to be excited about going back.

Xia Chuanxu looked at Yan Jun again. “Then I'll take my leave first. Happy working with you, President Yan. ”

Yan Jun nodded slightly. “Take Care. ”

Xia Jinqi sat at the side and listened to the two people's polite conversation. She couldn't help but be curious. “What kind of business are you two talking about? ”

Xia Jinqi still didn't understand. Yan Jun was in business, while her brother was in politics. What could they talk about?

When Yan Jun heard this, he turned around and looked at her with a deep gaze. “There's a project that needs to be signed with the government. ”

His reply was concise and comprehensive. There was no need to hide it from her, nor was there a need to explain it in detail.

Xia Jinqi seemed to understand, but she didn't. She thought to herself, they just got married, and the two of them already started to benefit each other?

Inadvertently, Yan Jun saw the mark on her forehead again. His gaze turned slightly cold as he snapped his fingers at the assistant behind him.

The assistant immediately understood and went forward to tidy up the documents on the table.

It was only now that Xia Jinqi noticed that the person Yan Jun called over this time was a male assistant, not you Xi.

For some reason, she suddenly asked him, "where's you Xi?"

"What's wrong with her?" Yan Jun frowned and looked at her in confusion.

Why did she suddenly mention you Xi when she was fine?

Chapter 68, I'm your backer.

"It's nothing..." Xia Jinqi coughed dryly and averted her gaze. "I thought you would ask her to come."

Xia Jinqi herself didn't notice how strange it was for her to suddenly mention you Xi... ..

Yan Jun narrowed his eyes and sized her up for a moment. His gaze deepened slightly. "She's just an administrative secretary. She's only responsible for a portion of the document management."

Why was she suddenly interested in you Xi?

"Oh, is that so..." Xia Jinqi felt very uncomfortable under Yan Jun's sharp gaze. She hurriedly changed the topic. "could it be that you've been waiting for me here for more than two hours?"

"What do you think?" Yan Jun gave her a sideways glance. He had already stood up and walked out of the hotel.

He also felt that he was acting strangely.

He did not know how many people had begged him bitterly, hoping that he would give them a few minutes. He had always ignored them.

But at this moment, he had been sitting here for nearly three hours for a kiss.

Ha, he was really getting worse and worse.

Xia Jinqi quickly followed him. Her mood was inexplicably a little high.

No matter what, her heart was still warm because he was willing to wait for her.

When the two of them walked out of the hotel, three Lincoln cars were already waiting at the door.

The only difference was that Xia Jinqi noticed that you Xi was not in the car.

After realizing this, she actually felt a sense of relief.

She could not help but turn around to look at the man sitting on her left. He was leaning against the seat with his eyes closed. No one knew what he was thinking about.

“Can I not go back tomorrow?”

Xia Jinqi began to hesitate.

She did not want Yan Jun to see her being ignored at home.

She only wanted to hide herself in such a sorry state. She didn't want to be discovered, especially by him.

“reason?” Yan Jun suddenly opened his tightly shut black eyes, which happened to meet her disappointed eyes.

“You know my situation at home. Wouldn't it be troublesome if I went?” Xia Jinqi sighed lightly. It wasn't easy for her to leave the place, so how could she be eager to return it?

Yan Jun's black eyes darkened slightly as he stared at her. “running away is the behavior of the weak. Since you're destined to not be able to escape, then stand at the highest position and look down on everyone.”

What he meant was that he wanted her to become strong, so strong that the Xia family would no longer dare to bully her!

This was the boldness that a woman like him should have!

Xia Jinqi's heart was stifled by his words.

This... Half a year ago, she had also thought of this ...

So, she chose a completely different path.

During this half a year, she had been working hard to become strong, strong enough to leave the Xia family.

But before she could become strong, the marriage alliance of the family was already in front of her eyes.

“Can I do it?” She could not help but doubt herself.

“Don't you still have me?” Yan Jun threw out a sentence that was neither too hot nor too hot before he closed his eyes again. “Don't forget, you've already married me.”

I'm your backer.

Xia Jinqi suddenly raised her eyes, but she only saw his slightly closed eyes.

Did he mean that he was prepared to support her?

This... ...

Of course, she did not forget that they were already married, but she only thought that it was just a formality. No matter what, she would never have thought that he would really help her?

No one had ever protected her unconditionally and supported her.

In the depths of her heart, an empty corner seemed to be filled with something as soft as cotton candy.

Her body became slightly warm, and there was a different kind of excitement.

Chapter 69 after all, giving birth to a child was a matter between two people

When she returned home, it was already past eleven o'clock.

The Yan family, which was shrouded in the darkness of the night, appeared very quiet.

Xia Jinqi followed Yan Jun back to the room.

After taking a shower, Xia Jinqi asked for disinfectant from the maid. She sat in front of the Dressing Mirror and tended to her wound.

"Hiss..." the alcohol stimulated her external skin, causing Xia Jinqi to suck in a breath of cold air in pain.

The wound was not wide, but it was a little deep.

She was really unlucky. The wound was on her forehead, and it could be seen at a glance.

She should not have been injured, but at that moment, Yan Jun's shadow suddenly appeared in her mind. She was momentarily absent-minded, and that was why she was injured.

Xia Jinqi put down the cotton swab and put on a new band-aid. She could not help but look at herself in the mirror in front of her.

Her small face was as big as a palm, and her facial features were still exquisite.

It was as if nothing had changed, but it was as if something had quietly changed... ..

Xia Jinqi sighed softly, and she could not help but be a little absent-minded.

In fact, she thought that she would not be able to go there tonight. Who knew that not only did Yan Jun help her, but he also waited for her at the hotel for more than two hours.

She remembered that on the day of the wedding photo shoot, Yan Jun had blocked her in a corner and strangled her tightly, almost taking her life!

But after that, he seemed to have changed again. His attitude towards her was like a 180-degree turn...

...

After treating her wound, Xia Jinqi had just stood up when she heard a series of knocks on the door.

KNOCK KNOCK KNOCK..

Xia Jinqi frowned. Who would come at this time of night?

Yan Jun never knocked on the door.

As she thought about it, she opened the door.

It was Ji Xinyu standing at the door.

“Mom? What’s the matter?” Xia Jinqi asked in confusion.

“Uh... where’s Jun ‘er?” Ji Xinyu first looked behind Xia Jinqi with a sharp gaze, as if she was looking for something ...

Xia Jinqi moved aside and let Ji Xinyu into the house. “He seems to be in the study. ”

The first thing Yan Jun did when he returned home was to shower and change his clothes. Then, he went straight to the study.

“This child, even after getting married, he still can’t stop working!” Ji Xinyu shook her head. Then, she held Xia Jinqi’s hand and said earnestly “Jinqi, sometimes it’s necessary for both parties to take the initiative in this married life. Jun ‘Er is a good child. You’ll know when you see his serious attitude towards work. ”

“En... ” Xia Jinqi nodded blankly. Could it be that Ji Xinyu came to look for her at this late hour to let her know that Yan Jun worked very hard?

Could it be that he wanted her to work hard as well?

Ji Xinyu had already put it very tactfully. However, seeing that Xia Jinqi didn’t seem to understand it at all, she added a sentence with a hint of disappointment “What mom means is that you have to take the initiative! After all, giving birth to a child is a matter between two people, do you understand what mom means? ”

Xia Jinqi, ” ... ”

If she still didn’t understand, she would really be stupid!

So, was Ji Xinyu here to tell her to take the initiative to do something with Yan Jun?

Cough cough... ...

“Mom, we just got married... the child is still early... ” Xia Jinqi’s face turned red, and she choked out a sentence in embarrassment ...

“silly child! You still have to give birth in the end. In a marriage, you still have to have a child!” Ji Xinyu tried her best to persuade Xia Jinqi. Although she also felt that it was too early for her as a mother-in-law to say these words, but... ...

She also knew that Jun ‘er did not agree to this marriage in the beginning. It was not easy to get married, and she also wanted Jinqi to hurry up and have a child. Only then would she be able to firmly grasp Jun ‘Er’s heart!

Chapter 70: Find Yan Jun to have a baby

Xia Jinqi was already shocked by Ji Xinyu's words!

She was just agonizing over how she should get along with Yan Jun. But now, she was directly asked to find Yan Jun to have a baby... ..

Seeing that Xia Jinqi was stunned for a long time without saying a word, Ji Xinyu became even more anxious. "Jinqi? Are you listening to me?"

"I'm listening..." Xia Jinqi braced herself and replied, "but... mom, you also know that Yan Jun and I are not in a relationship after all, so..."

"What's the big deal? Isn't it popular to marry first and then love later? You look good, and your figure is good too. As the saying goes, women chasing after men are separated by layers of gauze. If you put in more effort, an iron rod will eventually be ground into a needle!" Ji Xinyu said one sentence after another. She really wanted to pry open Xia Jinqi's brain and stuff these words into it!

She had married Yan Sheng in the same way back then. She understood Xia Jinqi's thoughts, but she was afraid that this child would follow the same path as she did back then, so she couldn't bear to remind her more.

In addition, she really wanted to have grandchildren. It was her fortune to be able to see her son, daughter-in-law, and HE MEIMEI!

"I..." Xia Jinqi wanted to say something to express her hesitation, but just as she opened her mouth to say a word, Ji Xinyu immediately stopped her mouth.

"I know what you want to say. When I first married into the Yan family back then, my thoughts were the same as yours. "But child, you should know that no matter how much you make a fuss after marriage, you are destined to be with him for the rest of your life. "instead of wasting a good time, why don't you seize the opportunity now? What do you think?"

Xia Jinqi was rendered speechless by Ji Xinyu's words. Moreover, she could tell that Ji Xinyu really hoped that she and Yan Jun would get along well.

How could she refuse such kindness?

Finally, her heart softened under Ji Xinyu's expectant gaze. Xia Jinqi nodded. "then... I'll give it a try..."

After receiving Xia Jinqi's affirmative answer, Ji Xinyu finally smiled and patted the back of her hand repeatedly. "I knew you were a smart child!"

"Mhm..."

"then hurry up and go. I won't disturb the two of you anymore. You don't have to wake up early tomorrow morning on purpose. No one will blame you!"

"..."she really thought far ahead... ..

Xia Jinqi nodded perfunctorily. She wanted to get up and send Ji Xinyu to the door, but she didn't expect Ji Xinyu to grab her and drag her directly to the study room.

"Take the initiative, don't be shy! I believe in you!"

After saying that, she pushed her into the door... ..

“Hey, mom...” before Xia Jinqi could come back to her senses, she was already in Yan Jun’s study room!

Just as she was about to leave, Ji Xinyu slammed the door shut... ..

Just as her hand touched the door handle, she felt a cold gust of wind behind her looking at her... ..

Alarms went off all over her body. Xia Jinqi turned her eyes stiffly. Sure enough, she saw Yan Jun, who was only wearing a bathrobe. He had already raised his black eyes from the laptop and was looking at her.

Laughing awkwardly, Xia Jinqi instinctively waved at him. “Hello...”

The latter’s eyes were as dark as the night, and his tone was cold and arrogant. “What’s the matter?”

“nothing...” Xia Jinqi blurted out. Then, she remembered Ji Xinyu’s words. She coughed lightly and began to find a topic to talk about. “You... you’re still working?”

Yan Jun narrowed his long and narrow eyes. He conveniently closed a document in front of him. “If you have something to say, just say it.”
