

Tick Me 611

Chapter 611: family reunion

Knowing that he cared about her so much, Xia Jinqi couldn't be happier.

The haze that had plagued her for the past few days was immediately swept away.

He was like the Sun that opened up dark clouds, bringing warmth and hope to her.

Yan Jun felt a little uncomfortable under her gaze. He coughed lightly and turned his head to look at Xiao Yuhan, who was playing in the crib by his side.

"Yu Han." His eyes were soft. He held the back of the Little Guy's head with one hand and skillfully carried him up.

Xiao Yuhan obediently lay on his father's shoulder with a look of enjoyment on his face.

Xia Jinqi was surprised by his smooth movements. Looking at the way he carried the child, it was obvious that he was an old hand. She could not help but ask, "have you carried a child before?"

Yan Jun just smiled.

These days, he had carried Xiao puff a lot.

He had practiced it a long time ago.

A few days ago, he was afraid that she would be distracted, so he did not tell her about Xiao puff's existence. Now, the time was almost ripe.

"Wait for me." After enlarging Yu Han in the middle of the big bed, Yan Jun turned around and walked out of the door.

Xia Jinqi sat on the side of the bed, patting and coaxing Xiao Yuhan while looking at Yan Jun's back view as he turned around and left.

What was he trying to do?

On the other hand, Yu Han, who was kicking his short legs on the bed, seemed to have sensed something and grinned.

Little sister... ..

Xia Jinqi saw that his eyes were bright and clear, so she could not help but ask with a smile, "does our Little Yama know what daddy is going to do?"

Although Yan Jun said that boys did not need a nickname, she would sometimes secretly call him by the name of Little Yama!

There was nothing she could do. He was just too cute!

She really felt that it was such a pity not to have such a name since it was the same surname!

Just as she was thinking about it, Yan Jun came back from outside the door again.

This time, he was holding a gray baby basket in his hand.

Xia Jinqi was sitting. From her angle, she could not see that there was a baby in the basket. She thought it was empty and still asked Yan Jun, “are you going to take Yu Han with you?”

Yan Jun did not answer. Instead, he walked straight to her and placed the basket beside her.

Only then did Xia Jinqi see clearly that there was a baby in the basket!

Her small face was pink and pink. Although she was a little skinny, her round eyes were bright and full of life. Especially when she saw Xia Jinqi, her head tilted slightly and her small mouth opened slightly as she quietly sized her up.

Perhaps it was true that blood was thicker than water. The Moment Xia Jinqi saw the baby in the basket for the first time, hot tears fell before she even realized it.

She sobbed, unable to take her eyes off her tiny body.

“This... This is...” Xia Jinqi was a little hesitant. Even though there was a strong urge churning in her heart, she still didn’t dare to ask ...

Why did she feel that this child was so familiar and familiar?

At this moment, Xiao puff, who was lying in the basket, stretched out her hand towards Xia Jinqi... ..

The child might be unconscious, but Xia Jinqi understood it at a glance. Did she want to hug her?

Without any hesitation, Xia Jinqi reached out and carefully carried Xiao puff up. Feeling her unbelievably soft body, she couldn’t help but choke up.

What was this inexplicable familiarity and familiarity?

Seeing this, Yan Jun felt his heart ache.

“This is also our child, Xiao puff.” As he spoke, he stretched out his long arm and pulled the mother and daughter into his embrace. “Ah Jin, you gave birth to a pair of DRAGON AND PHOENIX TWINS!”

Chapter 612: formed the word ‘good’

Xia Jinqi’s body trembled when she heard that. Her tears rolled down her cheeks as if they had never been seen before.

“Xiao... puff?” She lowered her head anxiously. She wanted to take a closer look at the child in her arms, but she realized that her vision was blurry ...

This was also her child Did she have two children?

She did not have time to think further. She leaned over and kissed Xiao puff’s forehead, apologizing profusely. “I’m sorry, I’m sorry...”

She was really an incompetent mother. She only knew about Xiao puff's existence now.

Xiao puff seemed to feel her mother's sadness. Her small hands shook, wanting to touch her mother's cheeks.

Mummy didn't cry. Xiao puff was doing very well. Xiao puff had DADDI TO ACCOMPANY HER!

Yan Jun stood by the side and wiped the tears off her face. He comforted her softly, "don't cry. You should smile if you can still meet again."

"En..." Xia Jinqi nodded randomly. After a disaster, their family of four could still be together. What could be more blissful than this?

She shouldn't have cried... ..

After trying to compose herself, Xia Jinqi turned around and placed Xiao puff beside Xiao Yuhan. As she wiped her tears, she stared at the two adorable little guys without leaving them for a moment.

They were fraternal twins. From the moment they lived in Ma Ma's stomach, they were old acquaintances. Although they had been separated for a period of time after birth, they were still so familiar with each other now that they saw each other.

Xiao Yuhan and Xiao puff stood close to each other. They looked at each other and giggled.

Xia Jinqi was so happy that she cried. This was so cute, and that was so cute. Each of them wanted to hug and kiss each other.

She had always thought that she was only pregnant with one child, but it was a double surprise!

And it was a dragon and a Phoenix!

A son and a daughter combined to form the word 'good'. It was really a blessing from heaven!

Yan Jun put his arm around her shoulder and introduced her with a smile. "Xiao puff is my sister. Her name is Yan Yusheng."

"Yan Yusheng... what a nice name. She and Yan Yuhan are a couple," Xia Jinqi repeated with sobs. After a while, she turned around and glared at Yan Jun. "so, you knew about it? You didn't tell me on purpose?!"

Seeing that his wife was about to get angry, Yan Jun quickly reached out and pulled her into his arms. He patted her gently and coaxed her. "You weren't well a while ago. I was afraid that you'd be worried."

"She's my daughter too. It's only right for ME TO BE WORRIED! You're so bad. You've kept it from me for so long..." Tian Tian pouted and couldn't help but act coquettishly. Xia Jinqi lay in his arms, but her heart felt like it was filled with honey. It was sweet everywhere.

The two little ones on the big bed looked at their parents' loving behavior and laughed even more happily. "HEHEHE..."

Xia Jinqi quickly withdrew from Yan Jun's embrace and sat on the side of the bed to play with the two children.

“Yu Han, Yu Sheng...”

She could not help but call out the names of the two children as if she had already walked into heaven.

She thought, perhaps this is happiness?

Yan Jun sat on the other side of the big bed with Xia Jinqi, protecting the two little ones in the middle as if they were protecting their most precious treasures.

“cousin didn’t tell me that I actually have a daughter...” Xia Jinqi muttered with her red eyes.

From the beginning to the end, she didn’t know that she had been kept in the dark so well... ..

Yan Jun’s gentle gaze fell on her delicate little face. “He wants to leave Xiao puff to me.”

Ji Yunjing’s thoughts had long been seen through by Yan Jun..

Chapter 613: but I miss you too... ..

“What on earth is he thinking?” Xia Jinqi was still a little angry. She really wanted to see Ji Yunjing immediately and beat him up!

“maybe you should talk to him.” Yan Jun smiled faintly, as if he had seen through her thoughts of using force. “And the Ji family, what do you plan to do?”

Ji Heng still didn’t know that Yan Jun had brought Xiao puff here. If he knew, he might keep Xiao puff with him.

And that Damn city-wide husband-hunting... ..

Xia Jinqi suddenly realized that she had almost forgotten that there was such a big mess in front of her!

What should she do to break away from the Ji family?

“Yi...” a small sound was heard, which attracted Xia Jinqi’s attention.

She looked down and saw Xiao puff touching Xiao Yuhan’s clothes. Although she didn’t have much strength to pull, she felt so happy just by touching it and touching it again.

Xia Jinqi’s heart softened when she saw it. The moment a smile appeared on her lips, she suddenly felt a warm power surging up from the bottom of her heart!

“You’re right. Perhaps, I should have a good talk with them.” Xia Jinqi suddenly found the crux of the problem. Every time she wanted to express her heart, Ji Heng’s grandfather would always avoid her or simply change the topic.

Yan Jun nodded. Before he could say anything, Xia Jinqi said again, “where’s your * SS? Where is it? Can I borrow it?”

Yan Jun raised his eyebrows. His long and narrow eyes narrowed slightly as he sized up the woman in front of him who seemed a little excited. “Are you sure you want to use it?”

The heart of a woman was indeed like a needle at the bottom of the ocean.

“Yes!” Xia Jinqi didn’t have time to explain further. She just nodded her head forcefully with a determined look in her eyes.

Seeing that she didn’t explain further, Yan Jun didn’t ask any more questions. Instead, he handed Xia Jinqi a phone. “There’s only one contact in here. Call Him. He knows what to do.”

Xia Jinqi took the phone and found that it was different from a traditional smartphone. It was small, but it looked very exquisite.

Without suspecting him, she quickly put away the phone. Her eyes were clear. “then you...”

She only had time to say two words before someone knocked on the door.

“Miss? Would you like more tea?” The waiter’s voice came in.

Xia Jinqi had just come back to her senses when Yan Jun stood up. “I should go.”

As he spoke, he pulled Xia Jinqi into his arms and planted a kiss on her forehead.

However, Xia Jinqi tugged at his sleeve unwillingly. Her gaze was a little aggrieved.

They had just met, and they were about to part... ..

Very, very reluctant.

Yan Jun’s heart softened. He looked sideways at the two little puffs on the bed and said, “let Xiao puff stay here too. She misses you.”

“But I miss you too...” Xia Jinqi looked at him and suddenly felt that she was very pretentious.

But she didn’t want to separate.

How could Yan Jun bear it when she said that?

His dark eyes suddenly darkened, and he nodded and kissed her red, Shiny Lips.

Xia Jinqi obediently raised her head to receive his kiss, and their breaths instantly intertwined!

Until the annoying knock on the door came again... ..

“Miss?”

Yan Jun finally let go of Xia Jinqi.

He pressed his forehead against hers. “I have to go.”

“... en.” Xia Jinqi nodded somewhat reluctantly, but she still had no choice but to let him leave ...

Seeing this, Yan Jun could not help but kiss her deeply again. Only then did he turn around and walk straight towards the door.

Chapter 614: Young Miss, are you satisfied with this young master?

“size...” the waiter was still knocking on the door. Before he could finish his sentence, the door was opened.

Yan Jun exchanged a look with him and left quickly.

The waiter was stunned on the spot for a long time before he came back to his senses. “Young Miss, this... This young master, are you satisfied?”

“Very satisfied!” Xia Jinqi nodded with a smile and turned around to tease the two children.

Only then did the waiter realize that there was a baby on the bed!

He rubbed his eyes hard, afraid that he had seen wrongly!

But after he blinked countless times, he realized that there were really two children on the bed!

This, this, this... ... Didn't Miss Only have one child? Where did this come from??

“Miss, whose child is this?” The waiter asked in a trembling voice.

“Mine!” Xia Jinqi answered without hesitation and added proudly, “both of them are mine!”

“Ah?” The waiter continued to be dumbstruck. He looked at Xia Jinqi and then looked in the direction where Yan Jun had left. A storm flashed through his mind!

It can't be?

In just a short while, the eldest miss had a child with this young master?

Was the efficiency so high?!?!

“...”

After seeing Xia Jinqi come out, Yan Jun didn't leave directly. Instead, he went to see Ji Heng as Xia Jinqi's husband.

Since he had already come, there was no reason to avoid meeting him.

Yan Jun had always been upright, polite, and courteous.

However, when Ji Heng heard that Yan Jun had actually come, he couldn't help but be a little surprised.

In a hurry, he didn't have time to prepare anything and directly met him in the study room.

“This junior, Yan Jun, greets grandfather Ji,” Yan Jun stood in front of Ji Heng's desk and said respectfully.

Ji Heng raised his eyes to look at him, his gaze filled with sizing him up.

However, the person in front of him was elegant and handsome, and he was extraordinary. He did have some integrity, and he was barely a match for his little Qi.

However, Ji Heng did not put on a good face. Instead, he showed off his might. "Humph! You're the one who kidnapped my little granddaughter?"

If it were not for this kid, his granddaughter would not have been unable to forget Rao Cheng!

For a moment, he couldn't help but think that he might as well kill this kid. This way, little Qi wouldn't make a fuss about returning to Rao city.

Yan Jun also saw Ji Heng's displeased gaze, but he wasn't angry. "Ah Jin and I are in love." It couldn't be said that they were abducting each other.

"What do you mean by in love? It's all because of that Bastard Xia JITIAN'S MISCHIEF! Don't think that just because I don't take a single step out of Berlin, you can hide your matters from me." Ji Heng slammed the table hard, clearly very angry.

Xia Jinqi's marriage back then was of her own free will.

It was said that Yan Jun had also rejected this marriage back then!

These two children were clearly not of their own free will, so where did the mutual affection come from?

However, Yan Jun smiled instead. "intentionally planting flowers won't bloom, but inadvertently planting willows will lead to shade. Perhaps this is the predestined fate between Ah Jin and me."

"predestined fate? The thing I don't want to believe in the most in my life is predestined fate! The two of you have only been married for a year, so naturally, it's sweet and sweet. What if the time is longer? Perhaps one day, little Qi will get tired of you!"

Ji Heng stared at Yan Jun as if he was facing a great enemy.

In his opinion, this was the Brat who snatched away his precious granddaughter. There was no need to be polite at all!

It would be best if he scolded him until he left!

In front of Ji Heng, Yan Jun's attitude could be considered quite respectful. After all, this was Xia Jinqi's grandfather, but... ..

Chapter 615: I want to see her

Yan Jun would never agree to let Ji Yunjing take away his wife and child without saying a word.

"I believe in Ah Jin's relationship with me." Yan Jun frowned slightly. They would have to experience the future.

The most important thing now was how to let Xia Jinqi Escape Ji Heng's control.

Moreover, since Xia Jinqi had taken away the army from his hands, she must have had an idea in her heart.

He just needed to watch over her silently from the side.

This time, he had come purely to greet Ji Heng.

His thin lips curved slightly, and a clear and moist voice seeped out from the corner of his lips. "I've brought Yu Sheng with me. The child is still young and needs a mother."

"What? You've really brought the child with you?" Ji Heng was stunned. He had not expected Yan Jun to actually take the initiative to bring the child over.

He had thought that Yan Jun would hide the child and not let him find it for the rest of his life... ..

"She should also meet great-grandfather." As he said this, Yan Jun nodded slightly at Ji Heng.

Then, he turned around and left.

After a long time, Ji Heng finally came back to his senses. He let out a long sigh in his heart and couldn't help but sneer.

"This kid, Xia Jitian, has finally done a good deed for Xiao Qi and has chosen a good husband."

As he muttered this, he looked at the picture frame on the desk again.

When she was young, Ji Xiaofu was so beautiful and cheerful... ..

Before Ji Heng could savor it, the door of the study was knocked on again.

Xia Jinqi slowly walked in. "GRANDPA, don't look for a husband for me anymore."

"... " Ji Heng's expression was still not very good. He withdrew his gaze from the picture frame. "You're not satisfied? It's okay. There are plenty of candidates lining up to enter my Ji family's door."

Ji Heng was unmoved. He was still determined to go his own way.

However, this time, not only did Xia Jinqi not get angry, she took a step forward and picked up one of the photo frames from Ji Heng's desk.

Her mother was really very beautiful... ..

Unconsciously, Xia Jinqi caressed the person in the photo. She turned around and asked, "grandfather, where's my mother?"

She had been here for so long and had familiarized herself with the entire ancient castle, but she still did not find any trace of her mother.

Yan Jun was right. She should talk to grandfather, and the content of the talk was not about whether she wanted to hire a husband or not, but about everything she wanted to know.

Ji Heng did not expect Xia Jinqi to suddenly bring up this matter... ..

It was just a simple sentence, but it instantly made him sink into a dull memory.

Seeing that Ji Heng remained unmoved, Xia Jinqi continued, "I want to see her."

“...” Ji Heng seemed to be immersed in a deep memory, and he finally stopped beating around the bush to avoid Xia Jinqi’s thoughts.

Xia Jinqi looked up at her grandfather’s dejected look, and she suddenly had a bad premonition.

Later, Xia Jinqi took the children out of the city in a car.

This was the first time she had seen Ji Heng leave the house since she came to the Ji family.

They had a special nanny van that had everything they needed. It was quite comfortable.

Yu Han and Yu Sheng slept after they had eaten their fill. They were like two little pigs that would occasionally wake up. If they did not see Xia Jinqi, they would play with their sleeves, blow bubbles, and then go back to sleep.

If it happened that Xia Jinqi was also there, they would play with Xia Jinqi for a while longer. Only when they were tired would they fall asleep.

The half-day journey was not too far.

They crossed the entire Berlin and went from the northeast to the small town of Switzerland in the south.

It was spring.

At the foot of the snow-covered Alps, the scenery was beautiful, with herds of cattle and sheep.

Chapter 616: the girl at the foot of the Alps

Perhaps it was a coincidence, but there were daisies all over the mountains here.

Pink, orange, and purple.

Patches of daisies were growing toward the depths of the snowy peaks in the distance, facing the spring sunshine.

The sky was also blue after being washed, as clean as a piece of unpolished jade.

Xia Jinqi got off the car and was attracted by the beautiful scenery in front of her.

She had never been here before.

With just one glance, she was shocked by the beautiful scenery here... ..

Ji Heng was pushed by the attendant to the wheelchair and slowly came to Xia Jinqi’s side.

He saw the pure yearning on Xia Jinqi’s face and couldn’t help but sigh. “Xiaofu likes this place too.”

As expected, she was Xiaofu’s daughter. Even the things she liked were the same as hers.

When Xia Jinqi heard this, she subconsciously turned around to look at Ji Heng. She was also shocked for a moment. “This is the first time I’ve seen grandfather smile...”

She had been in the Ji family for such a long time, but she had never seen Ji Heng Smile. It was as if his face had always been tense and very serious.

Ji Heng's face stiffened slightly when he heard this. Then, it returned to its usual coldness.

The attendant behind him pushed him and continued to walk forward.

Xia Jinqi followed after him.

The children had not woken up, and the mountain road was not easy to walk on, so they were all left in the car.

After walking for about four to five minutes, Ji Heng finally stopped.

However, what Xia Jinqi did not expect was that they actually stopped in front of a grave.

There was no name carved on the tombstone, only a few words.

[the girl under the Alps]

Xia Jinqi looked at it strangely. Just as she was about to ask Ji Heng, the attendant beside her took out some pastries and placed them in front of the tombstone.

There were no incense sticks, no burning paper money, just some bread. It was very simple.

When the spring breeze blew, Xia Jinqi saw Ji Heng quietly reach out to wipe away his tears.

"grandfather..." she said hesitantly.

Ji Heng turned around to look at her, his voice already somewhat choked up. "Come here, meet your mother."

Hearing this, Xia Jinqi's body stiffened, and she looked at the tombstone in disbelief... ..

Was her mother already dead?

She thought that since she had narrowly escaped death, her mother would definitely be able to survive that year.

How could it be... ..

Ji Heng saw that Xia Jinqi was rooted to the spot for a long time and refused to come over. He could only let out a long sigh. "after giving birth to you that year, she suffered a massive haemorrhage. After her heart suddenly stopped, she couldn't be saved. She liked this place when she was alive, so I buried her here."

His voice trembled slightly, fitting with the endless mountain range. It was actually so ethereal and distant... .. As if he had pulled her into that sorrowful past ...

When Xia Jinqi heard this, her heart suddenly trembled.

The last glimmer of hope was gone... ..

She slowly walked over and with a PLOP, knelt in front of her mother's tombstone.

“Mother, I’m Jinqi. I’ve come to see you...” she muttered, her hand gently stroking the cold tombstone.

In the end, she still couldn’t meet her mother.

Another gust of wind blew over. Xia Jinqi felt her face turn cold. She reached out to wipe it away, only to realize that she had unknowingly shed tears.

Ji Heng turned his wheelchair around, his back facing Xia Jinqi.

He didn’t say a word. His body remained UNMOVING. However, Xia Jinqi knew that her grandfather had turned his back to her and was crying alone, right?

Such a cemetery was not allowed under the Alps. However, her grandfather insisted on burying her here. He must have spent a lot of effort.

Grandfather must have liked her mother very much, right?

Xia Jinqi knelt on the spot for a long time. She looked at the tombstone and told him about her recent situation.

“I’m doing well. I got married and have two children. One is called Yu Han and the other is Yu Sheng. They’re both here...”

Chapter 617: seeing is not necessarily believing

After saying this for a long time, Xia Jinqi finally smiled in satisfaction.

How Nice.

She had such a gentle, kind, and brave mother.

Her legs were a little numb from kneeling. She supported herself with the soil on one side and wanted to stand up, but someone helped her up.

Turning around, she saw that it was her grandfather who had come over. Xia Jinqi instinctively said, “thank you.”

Ji Heng handed her a handkerchief and sighed. “She’s the same as you. She doesn’t want to come back, and she doesn’t want to see an old man like me. So after so many years, I let you grow up by Xia Jitian’s side.”

Xia Jinqi was slightly stunned when she heard that. So that was how it was... ..

She had always been curious why the Ji family had always known of her existence and didn’t look for her back. So, it was because of this.

“then... why did you look for me to come back now?” Xia Jinqi patted the dust on the hem of her skirt and continued to ask ...

This was the first time grandfather took the initiative to open his heart to her and talk to her.

Ji Heng let out a long sigh. “I don’t have much time left. The Ji family needs someone to manage it.”

Only at this moment did Xia Jinqi come to a realization.

Perhaps grandfather wasn't as cold-hearted as she had imagined... ..

Xiao Fu, who had grown up under JI HENG's knee, had once been a treasure in his hands.

However, when she grew up, he arranged a marriage for her. She wasn't satisfied and fled the marriage.

She fled to Rao city alone, thousands of miles away from him.

He sent people to look for her, but they found out that she was already married and pregnant.

There was no other choice but to wait for her to give birth.

He had originally planned to wait for Xiao Fu to give birth before bringing them back together.

Who knew that Xiao Fu wouldn't make it? She left her infant child behind, abandoned him, the lonely old man, and went off alone... ..

He was heartbroken, and he finally understood how much Xiao Fu hated him.

He was afraid, and his heart softened. He gave Xiao Fu what she wanted, and let Xiao Qi stay in Rao city.

Even so, he still sent people to Protect Xiao Qi... ..

He made the Huo family become the Xia family's neighbor, and let Huo Ting, that Brat, protect his Xiao Qi.

When Xiao Qi was older, he would teach her how to manage her finances, how to manage her own time, and then hand Lego to her... ..

Xia Jinqi had slowly guessed all of this later on.

At first, she felt that the JI family was very scary. She felt that the JI family was just like what her mother had written in her diary. It was so scary that it was like an omnipresent devil. It controlled the lives of others and took pleasure in it.

But only now did she realize that all of this was because of grandfather's love for her.

Grandfather wanted to protect her and give her the best. That was why he arranged all these seemingly coincidental coincidences.

It turned out that seeing might not necessarily be true.

Xia Jinqi took a deep breath and tried hard to suppress her surging emotions. She turned to Ji Heng and asked, "then, did you arrange the psychiatrist who gave me hypnosis and medicine? "

The sleeping pills she took turned out to be vitamin C. Xia Jinqi only found out about it later.

She went to the doctor who had prescribed the pills for her a few times and found that he had suddenly disappeared into thin air. There was no trace of him at all.

Now that she thought about it, he might have also been arranged by her grandfather... ..

And in fact, that was indeed the case.

Ji Heng sighed softly, filled with regret “I didn’t think that the Xia family would treat you this way. “When I learned that you were suffering from insomnia, I went to the best psychiatrist. “At the same time as guiding your heart, in Hypnosis, I taught you how to manage Lego and how to be a true leader. This is also a compulsory course for you as a member of the Ji family. ”

Chapter 618: fortunately, she wasn’t married to anyone else, but to Yan Jun.

Ji Heng had originally planned to keep these words in his stomach for the rest of his life.

If he hadn’t come to see Xiao Fu today, he wouldn’t have fallen in love with her... ..

After saying this, fortunately let out a long sigh of relief. “If you want to blame me, then blame me... ”

Xia Jinqi stood rooted to the spot. The tears on her face had long been dried by the wind. The whistling wind poured into her moist eyes, making them as cold as needles.

“So Lego was also a trap. ” She pursed her lips and took a deep breath.

Now, her past life, which had been shrouded in mystery, was being stripped away layer by layer.

From the moment she was born, her grandfather had been quietly watching over her and arranging everything for her.

Did he hate her?

Did he resent her?

No.

Thinking carefully, apart from being forcibly brought back to the Ji family, everything that her grandfather had done was just to pave the way for her.

Perhaps, if she had to say it, she was just slightly annoyed... ..

“Then, is my biological Father Really Xia Jitian? ” Xia Jinqi still had one last question.

Although she had heard about this from Xia Jitian on the day she gave birth prematurely, she was still a little hesitant and could not believe it.

After all, this person was her father’s man in the beginning. Later on, he said that he was not her father’s man, and in the end, he said that he was her father’s man. It was unbelievable that he kept changing his words.

Ji Heng’s grandfather, who was originally sorrowful, instantly tensed up when he heard the words ‘Xia Jitian’ .

He gritted his teeth and his eyes were slightly sunken. After a long while, he replied fiercely, “Yes! ”

From his expression, Xia Jinqi knew that her grandfather must hate Xia Jitian... ..

After all, when Hong Xianglin mentioned her mother and father’s past, she used the term ‘Fan Jian’ .

Xia Jinqi had no way of knowing the truth of the matter. However, Ji Heng's grandfather's expression was already tacitly in agreement.

However, he did not say it out loud to Xia Jinqi... ..

He must have considered that one was her father and the other was her mother, right?

It was said that children were the crystallization of a parent's love, but she was not.

Xia Jinqi felt a sour feeling in her heart. She turned around and stared at the tombstone in front of her. Her expression was very heavy.

"Grandfather, have you ever thought that if you hadn't forced my mother to marry someone she didn't like, she might not have run away?" Xia Jinqi suddenly spoke. There was no respect from before. Instead, there was a hint of questioning.

After all, if it wasn't because the Ji family was too oppressive and suffocating, Ji Xiaofu wouldn't have run away from home.

She wouldn't have gone to Rao city, and she wouldn't have met Xia Jitian.

But this way, there wouldn't be Xia Jinqi... ..

Things in this world were like this. Karma circulated, grief mixed with sweetness, and hope was born from despair.

Ji Heng's grandfather's face froze, and he fell into a long silence... ..

When Xia Jinqi saw this, she knew that Ji Heng's grandfather must be regretting it, right?

"I know that you love my mother very much, there's no doubt about that. But you used the wrong method, forcing her to escape from your world, forcing her to have no choice."

Under the blue sky and amidst the Colorful Sea of flowers, Xia Jinqi's ethereal and clear voice blew in front of Ji Xiaofu's grave along with the gentle spring breeze.

A cluster of orange daisies bent their bodies in the wind as if they were agreeing with Xia Jinqi's words.

No one understood this feeling of being forced to have no other choice better than her.

Back then, wasn't Xia Jitian the same way? He forced her to have no choice but to marry him.

Fortunately, she married Yan Jun instead of someone else.

Chapter 619: How could be compared to you?

Ji Heng's grandfather remained silent the entire time.

His eyes were already red, but he couldn't take his eyes off Ji Xiaofu's tombstone.

"Xiaofu, it's father's fault..."

Ji Heng's grandfather finally let out a long sigh as his tears caressed his face.

When Xia Jinqi turned around, she happened to see the tears in Ji Heng's grandfather's eyes.

She had guessed correctly. Ji Heng's grandfather really loved her mother very much... ..

She had originally thought that it was a terrifying family, but it turned out that everything was just a disaster caused by love.

Love, if used in the wrong way, would be more hurtful than hate.

Silently handing over a tissue, Xia Jinqi looked up at the hillside where the flowers bloomed. Her sad heart had more or less softened.

The wind gradually grew stronger.

On the way back, Xia Jinqi asked, "GRANDPA, why haven't I seen cousin these past few days?"

"He went back," Ji Heng replied indifferently. He didn't tell Xia Jinqi about Ji Yunjing being punished.

"Where did he go? Isn't this his home?" Xia Jinqi was a little curious. When Ji Yunjing left, he didn't say anything to her.

She thought it was just a short leave, but she didn't expect it to be so long. There was no news at all.

"He is the child of the branch family. Naturally, he can't stay longer." Ji Heng was good at following the rules.

The people of the branch family naturally didn't have the rules to stay in the main family.

This was the third time Xia Jinqi heard about the rules of the main family and the branch family. She couldn't help but be a little curious. "But GRANDPA, I think cousin is more familiar with the JI family than I am. In the future, if the JI family is passed on to him, then..."

"IMPOSSIBLE!" Ji Heng interrupted Xia Jinqi's mid-sentence. His face was extremely ugly. "Don't say such things again! How can the children of the branch family be compared to you?"

Xia Jinqi, "..."

She felt that if she passed the JI family to cousin, he would definitely do better than her, right?

She also knew how much weight she had.

Moreover, she had grown up in Rao city since she was young. She really couldn't bear to let her leave suddenly.

The JI family was more like an unreachable dream to her.

Seeing that her grandfather was so repulsed by this matter, she didn't say anything more. She could only remain silent and return to the car with him.

As soon as they got into the car, they saw that Yu Han and Xiao puff had woken up. Each of them had a pacifier in their mouth as they sucked on their milk.

Xia Jinqi's eyes curved as she looked at them. She pushed Ji Heng's grandfather's wheelchair over.

"Grandfather, look at the two of them. They're eating so happily!"

Ji Heng's eyes were still slightly red. When he saw the two adorable little fellows, he couldn't help but laugh. "The two of them know how to eat. It's obvious that they're blessed!"

After saying that, he couldn't help but reach out to touch Xiao puff's bottle. The little guy immediately frowned with vigilance. His big black grape-like eyes stared at Ji Heng, afraid that he would snatch his bottle away.

Xiao Yuhan, who was at the side, was much more relaxed.

After all, he was a boy. He sucked hard and ate quickly. In a short while, he was full.

Seeing Xia Jinqi approach him, he kept waving his small hands, humming twice, and wanted to hug her.

"You're the one WHO EATS FAST!" Xia Jinqi scolded with a smile, but she still leaned over and picked up the little guy.

Xiao Puff, who was beside her, refused to accept it. She only drank half of the milk and burst into tears. She also looked in Xia Jinqi's direction.

She also wanted a mummy hug!

"Wa... Wa!"

Xia Jinqi was in a bit of a dilemma. She had just given birth, and although her body had almost recovered, it was still very difficult for her to carry two children alone.

She could only put down Xiao Yuhan first, then turn around and pick up Xiao puff again. She coaxed the little guy to Giggle, and only then did she finally heave a sigh of relief.

Chapter 620: I ask him to come back

A twin, happiness is doubled, responsibility is also doubled.

Originally, there were servants to take care of the children, but the two children are so young and already know how to recognize people. They both like mummy, and when Xia Jinqi is alone, she will often be overwhelmed.

And if Yan Jun were here, at least one of the two children would take the initiative to look for Daddi.

Ji Heng's grandfather looked at Xia Jinqi, the new mother who couldn't care about the two children at all, and his old eyes slowly darkened.

The children needed their father at the right time... ..

He had planned to find a new husband for Xiao Qi, but she couldn't let go of Yan Jun..

Then, Yan Jun had come to find her. What should he do?

But no matter what, he still insisted on keeping Xiao Qi by his side and these two cute little guys.

After finally coaxing the two guys to sleep, Xia Jinqi saw that there was no hope of persuading Ji Heng's grandfather, so she went to the back of the RV and took out the cell phone that Yan Jun had given her.

After hesitating for a long time, she still dialed the number.

After the BEEP, an extremely deep male voice sounded. "How can I help you?"

Xia Jinqi was slightly stunned. This was actually spoken in Chinese?

But very quickly, she smiled and voiced out her thoughts.

After making the call, she went back and saw Ji Heng's grandfather leaning against the side of the SOFA, staring blankly at the constantly changing scenery outside the window.

She conveniently took a blanket from the side, shook it open, and covered him with it. "Grandfather, do you want some coffee?"

Ji Heng was startled awake by Xia Jinqi's actions. When he turned around and saw Xia Jinqi, he thought that Xiao Fu had returned.

He was stunned for a moment before recognizing that the person in front of him was Xiao Qi.

He couldn't help but feel a little disappointed. Ji Heng's grandfather nodded. "have some."

"Okay." Xia Jinqi could see the disappointment in her grandfather's eyes, but she didn't say it out loud. She turned around and went to make coffee.

The warm Mug was placed in front of Ji Heng's grandfather. Xia Jinqi also took a cup. She wasn't in a hurry to drink it, only smelling the fragrance.

Ji Heng's grandfather took a sip of coffee and couldn't help but laugh. "You and the coffee that Xiao Fu brewed have the same taste."

"Is that so?" Xia Jinqi laughed as well. Every time she heard these words, she would feel a little secretly happy.

She still looked a lot like her mother... ..

"Xiao Qi, stay by your grandfather's side," Ji Heng said. When he said this, his gaze towards Xia Jinqi was filled with hope.

He had been alone for too long, and he wished that he could have a family member to live with him.

Especially a child like Xiao Fu.

Not only did he look like her, but he also had so many similarities in his work.

Xia Jinqi's hand, which was holding the Mug, tightened and tightened.

If it was in the past, she would have rejected him without hesitation. But now, she knew that Ji Heng's grandfather's heart was not bad. He was just a lonely old man who lacked the companionship of a family member.

She did not want to stay, but she also did not want to hurt Ji Heng's grandfather's heart.

In the years after his mother passed away, he must have experienced the bitterness of missing her.

Moreover, if she rejected him outright and angered her grandfather, he might have to find another husband for her.

“I want to see cousin first. ” Lowering her voice, Xia Jinqi raised her eyes to look at Ji Heng. There was something sparkling in her black and white eyes.

Ji Heng sized up Xia Jinqi for a long time, but he still couldn't figure out the meaning of her wanting to see Ji Yunjing. However, this wasn't an unreasonable request, so he naturally had no reason to reject it.

“Okay, I'll ask him to come back. ”
