

Tick Me 621

Chapter 621: When will allow me to enter the house?

Later on, they said some more words. The content was nothing important, but Xia Jinqi could clearly feel that Ji Heng's grandfather was no longer as difficult to communicate with as before.

The relationship between grandfather and grandson had become much closer.

However, most of the time, Ji Heng's grandfather was still holding a mug in his hand. His gaze was misty as he looked at the scenery outside the car window.

His grandfather was really too lonely... ..

..

When he returned to the Ji family, it was already late at night.

Ji Heng's grandfather slept very early. He was old and tired from the journey. His body was somewhat unable to bear it.

Xia Jinqi coaxed her two little babies to sleep and walked out of the Ji family's front door openly.

In the past, there were many people guarding her bedroom, preventing her from going out casually.

However, in just a day's time, she had brought the army that Yan Jun lent her into the Ji family. There were even more people than Ji Heng, so she naturally regained her freedom.

Yan Jun's car stopped at the Ji family's front door early in the morning.

When the attendant at the side saw Xia Jinqi come out, he immediately bowed respectfully and opened the car door for Xia Jinqi.

Xia Jinqi sat in the car and immediately saw Yan Jun in a dark gray shirt.

In the luxurious car seat, a gentle light enveloped his body. It was indescribably quiet and otherworldly.

Before she could speak, his well-defined fingers reached out and pulled her into his arms.

"Are the Children Asleep?" His deep and hoarse voice echoed in her ears, carrying a bewitching charm.

"Yes, they're all asleep." She smiled and enjoyed his warmth. "How about you? Did everything go smoothly?"

Yan Jun nodded and briefly mentioned, "very smoothly."

Previously, Yan Jun's deployment in the Middle East had allowed him to make a huge profit. Not only had he solved the problem of the Yan Corporation's internal financial group, but he had also returned the money that Xia Jinqi had invested.

Now that the situation in the Middle East had changed, and Germany had taken in more than a million refugees from Syria, his plan would also change accordingly.

Originally, on the day that Xia Jinqi had given birth prematurely, he should have taken a plane to the Middle East, but he had delayed it.

This time, he had chased after Xia Jinqi, so he could be considered to have made up for the things that had been delayed previously.

Xia Jinqi had never doubted his ability to do things. Now that she heard him say that things were going smoothly, she felt relieved.

After exiting his embrace, she asked again, “then when do you plan to return to the country?”

“It’s up to you.” Yan Jun gently stroked her slightly thin chin, and his black eyes were filled with tenderness.

A few days ago, she was pregnant and had put on some weight with great difficulty. It had only been a month since she gave birth, and she had quickly lost weight again.

Big Boss Yan was full of plans. When he returned, how was he going to raise his little wife to be a little stronger?

“Well... GRANDPA is still unwilling to let me go.” Speaking of this, Xia Jinqi was a little disappointed. She also wanted to spend more time with her GRANDPA, but Rao city also had people she cared about ...

“If you don’t want to leave, then stay for a while.” Yan Jun seemed to see through her thoughts, and a faint smile hung on his cold thin lips.

“really?” Xia Jinqi didn’t expect him to say this, and she couldn’t help but be happy. “Will it delay your work?”

Yan Jun shook his head slightly, and his eyes were unusually soft.

Rao City was nothing to be afraid of. The only thing was Yan Qing... ..

Without Yan Jun, he was afraid that he would stir up trouble again.

However, at this moment, nothing could compare to the smile of the woman in front of him.

Xia Jinqi excitedly leaned over to hug him, and she could not help but kiss his cheek. The sound was very loud!

“thank you!”

Yan Jun immediately pulled her over, and instead of being the guest, he stole a stick of incense between her lips. “As a reward, when will you let me ‘enter the House’, HMM?”

Chapter 622: you’re the only little fairy I’ve ever raised. “.

During this period of time, he had been wandering alone outside!

Although he had a lot of things to do, he still couldn’t help but think of the three of them occasionally when he was free.

Hearing his aggrieved tone, Xia Jinqi obediently leaned forward and took the initiative to kiss him before saying, "how about tomorrow? I've brought the army into the Ji family. Grandfather doesn't know yet. I wonder if he'll be furious when he wakes up tomorrow morning?"

Thinking about it made her feel amused. Was this considered inviting a wolf into the house?

In any case, her grandfather wouldn't listen to anything she said to him, so she could only resort to a little trick.

Yan Jun sized her up carefully for a moment and said thoughtfully, "It seems that I have to be wary of you little Fox in the future. Who knows, maybe one day you'll bring the army into my Yan family?"

It was originally a joke, but Xia Jinqi took it seriously. She gently tugged at his dark tie and threatened, "Hmph, if you dare to raise a little fairy by your side, I might really do that!"

This hard-earned happiness, she had to keep a close eye on it. She had to not sneak it out from under her nose!

Yan Jun raised his eyebrows, bent down, and touched the tip of her nose lightly. "little fairy, I'll only raise you."

His voice was deep and magnetic, as if it had traveled through thousands of mountains and rivers to reach her heart.

Xia Jinqi didn't have time to reply, but his kiss was already falling down.

She raised her head slightly and tactfully.

The driver in the front row had already quietly lowered the curtain, got out of the car, and walked far away.

A good night's sleep.

Ji Heng woke up on time in the morning, ate breakfast on time, on time... ..

Before he could finish reading the newspaper, the Butler rushed in hurriedly. "Master! MASTER IS IN TROUBLE!"

Ji Heng frowned and glared at him coldly. "What are you panicking for? You don't know the rules! !"

The Butler seemed to come back to his senses after being reprimanded like that. He immediately stood properly and did not even have time to wipe the sweat off his forehead. "Master, there... there are suddenly a lot of women outside!"

"What do you mean?" Ji Heng put down the newspaper and a suspicious look appeared in his eyes.

"It's the eldest miss. The eldest miss asked them to come... and she even said..." the Butler was sweating profusely ...

"What did she say?"

"You... you'd better go and take a look yourself!" The Butler did not dare to open his mouth. His face was as pale as if he had seen a ghost ...

Ji Heng gritted his teeth when he heard this. He controlled the wheelchair and went to the outer room.

Then, he saw Xia Jinqi holding a small notebook in her hand. In front of her stood a row of women around the age of fifty to sixty. Beside her was an interpreter.

As the interpreter spoke, Xia Jinqi wrote and drew on the notebook with a very serious expression.

“Xiao Qi? What are you doing?” Ji Heng asked.

Xia Jinqi heard the voice and turned her head to look. She immediately ran to Ji Heng’s side happily and said with a smile, “I’m going to choose a wife for you!”

As soon as she said this, Xia Jinqi suddenly felt that the air around her seemed to have dropped a lot!

However, she still pretended not to see it and did not look at the corner of Ji Heng’s eyes that kept twitching. “Look, there are Asian, African, and Germanic people here. Which one do you like?”

Xia Jinqi continued talking, her mood especially good.

Inspired by her grandfather’s idea of finding a husband for her, she decided to find a wife for her grandfather as well!

It was impolite not to reciprocate!

However... Ji Heng’s grandfather was so angry that he almost vomited blood ...

“You... you... are simply making trouble!”

Chapter 623: was to find a companion for you... ..

“GRANDPA, don’t worry. I picked these few out of ten thousand. They’re all nobles, and they all adore you!” Xia Jinqi completely ignored whether Ji Heng’s GRANDPA was already glaring at her. She was still talking incessantly according to her own thoughts.

The tricks that her GRANDPA used to deal with her back then were now returned intact by her.

It wasn’t considered revenge. She just wanted to let her GRANDPA experience the way he felt good about himself and whether it was good or not.

Ji Heng couldn’t be bothered to listen to Xia Jinqi’s long-winded speech. He waved his hand and called the Butler over. He scolded sternly, “she’s causing trouble, and you’re letting her do as she pleases? QUICKLY DISMISS THESE PEOPLE!”

“This...” for the first time, the Butler didn’t listen to his master’s orders. Instead, he stuttered, as if there was something hidden.

Ji Heng saw that he hadn’t moved for a long time and was furious. “Can’t you hear me? !”

At this moment, four strong young men in military uniforms suddenly walked in from outside. They stood at the door, looking very mighty.

Ji Heng frowned. “What are they here for?”

Why was there an army in his house?

When Xia Jinqi heard this, she consciously walked up to acknowledge the good deed she had done. "I called them here!"

"..." Ji Heng stared at Xia Jinqi in confusion. His expression could be said to be very unpleasant.

Xia Jinqi, on the other hand, laughed heartily. If not for these soldiers, how could she be able to do whatever she wanted in the Ji family? It was even more impossible for her to bring these women in.

"Grandfather, don't be anxious. Didn't you say that I'm the successor of the Ji family? In any case, this Ji family will be mine in the future. I have to learn how to manage it now, don't you think so?"

What she said made sense.

I actually... .. Can't refute it??

However, Ji Heng's expression still didn't show the slightest bit of gentleness. "What exactly do you want to do?"

"I just want to find a companion for grandfather..." Xia Jinqi lowered her head and said in a high-pitched tone.

Ji Heng, "..."

In the short period of silence, Ji Heng had already sucked in a deep breath countless times. The veins on his forehead throbbed and throbbed, but he still couldn't stop Xia Jinqi.

The entire Ji family had Xia Jinqi's army deployed, so Ji Heng's people didn't dare to act rashly. After all, she was their eldest daughter... ..

In the future, when Ji Heng was 100 years old, their new master would be their eldest daughter!

Who would dare to offend her now? It was too late to curry favor with her!

Thus, under Xia Jinqi's unreasonable and unreasonable pestering, Ji Heng's grandfather was forced to have a candlelit dinner with a beautiful lady with a noble Germanic bloodline... ..

Ji Heng's legs were currently inconvenient, and he still needed to rely on a wheelchair to move.

Therefore, after Xia Jinqi withdrew the housekeeper from Ji Heng's side, he could only sit at the dining table and stare at the delicious food on the plate, his teeth gnashing loudly!

Xia Jinqi quietly hid under the window and peeked occasionally.

Ji Yunjing, who had been summoned back, saw such a scene the moment he entered the door. He could not help but give Xia Jinqi a thumbs up.

"After so many years, you're the first person who dares to fight against grandfather."

However, Xia Jinqi quickly waved her hand. "I'm afraid that grandfather now has the heart to kill me, right?"

Although she had done it, she still had lingering fear in her heart.

Ji Yunjing saw that her expression was indeed a little nervous, so he could not help but laugh. “where did the army come from? Did Yan Jun give it to you?”

“En!” Xia Jinqi nodded. She didn’t know if Yan Jun had another identity. In this foreign country, he could easily mobilize an official army.

However, so far, it was quite convenient to use it.

Chapter 624: I can’t bear to part with Yan Jun.

“He is indeed very capable.” Even Ji Yunjing couldn’t help but praise Yan Jun..

Xia Jinqi smiled and started to talk business with Ji Yunjing. “cousin, I want... I want to give you the right to be the successor.”

She had an undeserved reputation. Even taking this position felt like a waste.

She was really afraid that one day, the Ji family would be destroyed in her hands.

Ji Yunjing didn’t expect that the matter she wanted to talk to him about was actually this?

He was stunned for a long time before he came back to his senses. “Are you crazy?”

Such a huge family had all the wealth, power, and everything!

Other people wouldn’t be able to cultivate the good fortune in their lifetimes, but she actually said that she didn’t want it?

Did she become stupid after giving birth?

Did she really become stupid after three years of pregnancy? !!

“I’m serious!” Xia Jinqi looked at Ji Yunjing seriously and said sincerely, “let’s convince GRANDPA together!”

Ji Yunjing stared at her for a long time, but he shook his head.

“Why?” Xia Jinqi was a little discouraged. “Are you afraid that GRANDPA won’t agree? It’s okay. Let’s talk about it together. GRANDPA WILL AGREE!”

However, after she said so much, Ji Yunjing suddenly smiled, shaking his head as he did so.

“Xiao Qi, don’t waste your time. The rules of the Ji family that have existed for hundreds of years won’t be changed so easily. Besides, I won’t be the successor.”

“...” this time, it was Xia Jinqi who was stunned. “Why?”

She began to ask.

On the day they came to Berlin, when they had just gotten off the plane, she saw Ji Yunjing’s relaxed and carefree smile.

Didn’t he like this place?

“because I’m a branch family.” Ji Yunjing only replied with these two words. His tone was a little lonely and bitter, but most of all, he was helpless.

Of course, no one wanted to be a branch family or a side family.

Everyone wanted to be the main family, the Orthodox family.

But this was something that was destined to happen, and there was no way to change it.

And he couldn’t cross the line.

Xia Jinqi was also a little annoyed. “Why are you so inflexible? Can’t you be flexible? I don’t want to be the heir.”

“Why?” Ji Yunjing asked in return. He really didn’t understand why Xia Jinqi refused?

His question really stumped Xia Jinqi.

Was she really afraid that she wouldn’t be able to do it?

This... .. Didn’t seem to be the case ...

She was actually a very strong-willed person. She tried to do many things and worked hard to achieve what she wanted.

Lego was the same.

When she was appointed, didn’t she also suffer a lot of doubts?

Chang Qi even tried to take her down.

But later she also rely on their own boldness and vision, Las Vegas Casino Management is very good, also for Lego made a lot of money.

She doesn’t know how big the Ji family really is, but she knows it’s all in the hands of man.

If she did, she knew she would do her best.

But... ..

“I can’t bear to part with Yan Jun.”

Murmuring, Xia Jinqi Qi bent her knees and hugged herself, burying her head, very lonely.

Does that make her selfish, too?

She was determined to leave for the sake of her love.

Ji Yunjing reached out and patted her shoulder. For a moment, he was unable to say anything to sway her thoughts. When he turned around, he just happened to see Ji Heng’s grandfather behind the glass window. He seemed to be having a good chat with that German woman?

“Xiao Qi, look!” Ji Yunjing’s eyes widened, and he was so excited that he lost his voice.

Chapter 625: If I choose to hate, then the whole world will be my enemy

“What are you looking at?” Xia Jinqi slowly came back to her senses from the self-reproach. She looked in the direction Ji Yunjing was pointing at, and her small mouth immediately opened in shock.

She saw Ji Heng’s grandfather and the beautiful woman’s wife talking to each other in the huge restaurant that was separated by thick and heavy glass. Both of them smiled.

They were still smiling shyly, but at the same time, they felt a little embarrassed.

So, yes, this could be considered a lucky break?

It could be seen that Ji Heng’s grandfather did not hate this woman... ..

Xia Jinqi could not help but chuckle. “If it really works out, I can have someone to accompany grandfather!”

When one was old and their children were not by their side, they still needed a companion.

Ji Yunjing was surprised when he heard this. He asked her, “you found this woman to find a companion for grandfather?”

“What else?” Xia Jinqi tilted her head and asked.

“I thought you were just trying to make things difficult for grandfather.” Ji Yunjing was not the only one who thought so. The entire Ji family probably thought so too, right?

After all, there were very few people who could truly think for Ji Heng’s sake after what Ji Heng had done.

Even Ji Yunjing only knew that Ji Heng’s grandfather had a noble identity and was the most dignified existence in the Ji family. He never thought about whether he had been lonely all these years, whether he was lonely... ..

Therefore, when he found out that Xia Jinqi was truly thinking about Ji Heng’s grandfather, Ji Yunjing was a little surprised.

“As a family, there’s no such thing as being difficult.” Xia Jinqi smiled indifferently. Clearly, in her heart, she had already forgiven her grandfather for everything he had done to her.

Blood was thicker than water. How could there be so much fuss?

At least she was living well now. Let the past go with the wind... ..

Looking at Xia Jinqi’s leisurely smile, Ji Yunjing’s heart trembled... ..

“You... Don’t hate me?” Ji Yun suddenly asked ...

He really didn’t know what she was thinking.

On the day she gave birth, he took advantage of the situation and kidnapped the mother and son.

If it weren’t for Yan Jun’s intelligence and finding the mother and son, it might have been a lifetime of separation.

But not only did she not hate him and take revenge on him, she even wanted to give him the supreme position in the Ji family.

Ji Yunjing couldn't do such a thing.

"Well..." Xia Jinqi thought about it seriously and nodded. "I really hated you when my wound hurt. If I want to kidnap you, I have to heal my body first."

"..." Ji Yunjing was stunned.

Xia Jinqi smiled again. "Do you think I'm stupid? I can love, but I never choose to hate. Although I didn't have a good life at home when I was young, I don't really hate anyone."

"Why?"

"There's no why." Xia Jinqi shook her head. "If I choose to hate, then the whole world is my enemy."

"My biological father is obsessed with Jian's biological mother, and I hate my biological father. Should I cut him into pieces?"

"My sisters bullied me, and I hate them. Should I throw them into the sea and feed them to the sharks?"

"Grandfather took the initiative to arrange everything for me. I hate him. Should I cut him into pieces?"

It was tiring to hate one person.

She couldn't be happier right now. How could she have the energy to hate him... ..

After Ji Yunjing heard what Xia Jinqi said, his eyes paused. His mind was filled with curiosity.

She was indeed different from the rest.

A weak person who did nothing after being bullied was useless.

But now, she was strong enough to take revenge, but she chose to be tolerant.

He could see that she was truly open-minded in her heart at this moment... ..

Chapter 626: you can do whatever you want

After pondering for a long time, Ji Yunjing suddenly smiled. He looked at Xia Jinqi with admiration.

"Xiao Qi, if you are willing to be the successor of the Ji family, I will do my best to assist you."

At first, Ji Yunjing recognized Xia Jinqi's identity only because she was the only descendant of the Ji family. But now, it seemed that she did have the qualifications.

He had never admired any woman in his life. She was the first.

"Ah?" Xia Jinqi looked at Ji Yunjing in great surprise and said miserably, "are you kidding me? I want you to be the heir!"

Why did she have the feeling that she had failed to steal the chicken but had eaten the rice instead?

Her brainwashing was not successful at all... ..

“instead of wasting time on things that can’t be changed, why don’t you think about how to get GRANDPA to agree to let you go back to Rao city?” Ji Yunjing smiled leisurely, patted Xia Jinqi’s shoulder lightly, and got up to walk into the house “I’M GOING TO VISIT MY NEPHEWS!”

Xia Jinqi looked at his back view as he left in a carefree manner. She pinched the space between her brows helplessly.

“They all say that I’m stupid, but I think you’re the one who’s stupid... you don’t even eat a duck that’s on the tip of your tongue...”

As she cursed in her heart, the candlelit dinner behind her had already ended.

The Butler was responsible for sending the Germanic Madam Away. Xia Jinqi stretched her body and went to see Ji Heng’s grandfather.

Just as she entered the dining room, Xia Jinqi immediately felt an unfriendly gaze sweep towards her coldly!

Xia Jinqi subconsciously crossed her arms. In order to cover up her awkwardness, she coughed lightly before walking to Ji Heng’s grandfather’s side. Her delicate and pretty brows were lowered, and she did not dare to look at him.

“MM-HM! Grandfather, are you satisfied?”

Ji Heng gritted his teeth and glared at this mischievous and mischievous girl in front of him. He really wanted to give her a good thrashing!

It was clear that she was standing obediently by the side with her head drooping. It made him lose his temper completely!

“Have you grown strong wings? You even dare to scheme against grandfather? !” Her deep voice was filled with anger, but she did not yell at Xia Jinqi. Instead, it was filled with the intention of gnashing her teeth.

He wanted to curse but couldn’t bear to. He wanted to beat her up but couldn’t bear to.

“No...” Xia Jinqi heard it and quickly went forward to massage her grandfather’s shoulders and arms. “Little Qi is afraid that you’ll be alone!”

Knowing that Ji Heng’s grandfather really doted on her, Xia Jinqi dared to act recklessly.

After the incident, she still had to act coquettishly and ask for forgiveness.

“Humph! CUNNING GIRL!” Ji Heng’s grandfather straightened his neck and snorted in disdain.

Although he said this, he still didn’t push Xia Jinqi away and let her flirt with him for no reason.

After pinching her arm for a while, Xia Jinqi clearly sensed that Ji Heng’s grandfather wasn’t as angry as before, so she tried to reason with him.

“You’re unhappy about finding a wife, and Xiao Qi isn’t willing to find a husband again. It’s the same reason...”

“...” Ji Heng didn’t say anything. His face was still smelly, but he didn’t deny Xia Jinqi’s words. After a long time, he snorted again.

Seeing him like this, Xia Jinqi said with a smile, “then I’ll ask Yan Jun to come to our house...”

“HUMPH!” Ji Heng continued to snort coldly. “You’re the one who has the final say in this family now. You can do whatever you want!”

Xia Jinqi knew that he didn’t say no, which meant that he had agreed!

However, look at this proud grandfather of hers. He was still angry with her!

She smiled and took a blanket from the side to cover her grandfather’s knee. Xia Jinqi pushed him back upstairs and said good night to him before going downstairs.

After Xia Jinqi left, the housekeeper went to make the bed. Ji Heng touched the thick blanket on his knee and was in a daze.

Chapter 627: I want you to swear to the heavens and the earth

In all these years, no one had ever cared so much about whether he was lonely or not.

This little girl was like a small sun by his side, scorching his heart with warmth.

He really wanted to keep her by his side for the rest of his life... ..

Sighing, Ji Heng took out his phone, found a number, and dialed it.

It was quickly picked up, and he went straight to the point. “come over for a while.”

The other side of the phone seemed to respond, and Ji Heng put down the phone.

The Butler had just finished preparing everything. He walked over and said, “master, you can rest now.”

“Push me to the study,” Ji Heng suddenly said.

The Butler was a little surprised, but he did not ask any more questions. He pushed him to the next room.

It was a little late at night.

The incandescent light in the study was very bright. There was still coffee brewing in the room. The steam was slowly rising, making a sound. It made the room not seem so quiet.

As Ji Heng sat in his wheelchair and stared blankly at the starry night sky, the sound of the door opening came from behind him.

Creak..

Without turning his head, Ji Heng pointed at the sofa at the side. “take a seat first.”

The person who came was Yan Jun, who had just taken off his black overcoat that had been drenched by the rain.

His slender legs strode forward, and he walked straight over to sit at Ji Heng's side.

The room was very warm, and the cold around him was instantly dispelled.

"You don't seem to be surprised at all that I called you here?" Ji Heng turned his head to look at Yan Jun. He was a little curious about the indifference and calmness on his face.

Yan Jun's deep eyes narrowed slightly, and the corners of his lips curled up. He had long expected this confidence. "It's only a matter of time."

Ji Heng's expression froze when he heard this. He said coldly, "you're giving Xiao Qi's army?"

"Yes." Yan Jun nodded. There was still a faint smile in his eyes.

Although he had been busy with his own matters these past few days, he had not forgotten to pay attention to Xia Jinqi.

He knew everything that she had done in the Ji family.

Ji Heng had a positive attitude toward Yan Jun..

To be able to develop to this point on his own, he was already extraordinary. Now, he even had an army in his hands.

A man like this was dangerous and deadly, but he was also appreciated by others.

There was another period of silence. Ji Heng seemed to have made a great decision. He turned to look straight into Yan Jun's black eyes. "If I insist on keeping Little Qi, what will you do?"

Yan Jun raised his straight eyebrows slightly. His eyes were cold, but he said firmly, "I won't hesitate even if I have to die."

Only Xia Jinqi was someone he couldn't part with.

Some people, once they were in his heart, couldn't part with them anymore.

Even if they had to die.

After Yan Jun's words fell, Ji Heng didn't speak for a long time.

His eyes were hazy, as if he was deep in thought, but also as if he was recalling something.

Yan Jun did not rush him. He just sat quietly at the side, a hint of joy in his sharp brows.

So, AH JIN was already so important in his heart?

After Ji Heng's question, the words he blurted out shocked even himself.

Time passed minute by minute, until the coffee was completely boiling. Only then did Ji Heng speak again, word by word, extremely clearly. "I want you to swear to the heavens and the earth that you will never let little Qi down in this life."

Yan Jun smiled in understanding and stood up leisurely. His gaze was like a hook as he turned to look at the endless darkness outside the window.

“The heavens are a mirror and the earth is a witness. I, Yan Jun, will never let Xia Jinqi down in this life. ”

Every single word was so precious and precious that there was not the slightest bit of falsehood.

Chapter 628: Once they parted, they would probably die.

He had a tall figure and looked so majestic. He was truly a great man.

“Good... good...” Ji Heng nodded his head in satisfaction. It could be said that he completely approved of Yan Jun. ...

“pour the coffee over. ” His tone finally softened. Ji Heng pointed to the boiling coffee pot at the side.

Yan Jun took the opportunity to look over, but he did not move.

It was already so late, and he was still drinking coffee?

Ji Heng seemed to have seen the doubt in his eyes, so he explained, “I have something to tell you. ”

What he meant was that this might be a sleepless night, and he needed to get his spirits up.

When Yan Jun heard this, he stood up and poured a cup of coffee over.

Ji Heng took a SIP and slowly said, “when Xiao Qi married you, as her grandfather, I didn’t prepare any decent dowry for her. ”

At that time, Xia Jinqi’s identity had not been made public, so Ji Heng could only hide at the back. He quietly found someone to film the entire process of Xia Jinqi’s marriage, and he watched it over and over again at home... ..

When Yan Jun heard Ji Heng say this, he knew that Xia Jinqi’s actions over the past few days had changed Ji Heng quite a lot.

As for the dowry... ..

He smiled. “I have the most beautiful bride in the world. Do I still need those external things? ”

Now that he had the two most adorable treasures in the world, what else was there for him to be dissatisfied with?

When Ji Heng heard this, he was first stunned, then he laughed. “Yes, our little Qi is naturally the most beautiful. However, the dowry still needs to be filled. ”

After saying the last half of his sentence, Ji Heng suddenly became serious again.

“I heard that your business in the Middle East is quite big? ”

“It’s not bad. ” Yan Jun succinctly overshadowed his own great achievements. After all, in front of an old senior like Ji Heng, those were indeed nothing.

Ji Heng looked at him with a slightly meaningful look. "You don't have to be modest. Ordinary people can't do such a big arms business."

It was not that he did not know Yan Jun at all.

He had sent people to investigate his background early on. Although he was born into a wealthy family, he was not a good-for-nothing prodigal son. Not only did he develop the Yan family in a few short years, but he also expanded his business to the world.

Speaking of which, as long as he had some foundation, good foresight, and was willing to work hard, making money was a very easy thing to do.

However, Yan Jun was the only one who wanted to do business across borders and even started an arms business in the army.

Yan Jun glanced back at Ji Heng and narrowed his phoenix-like eyes. "It's just a side effect. Don't worry, I have no intention of interfering in the political affairs of various countries."

He thought that Ji Heng would mention this matter because he was afraid that he would play with fire and burn himself.

He knew how to grasp this limit.

Ji Heng nodded slightly and reminded him worriedly, "Xiao Qi is still young and doesn't know much. You should teach her more."

"I know." Yan Jun nodded. In fact, he knew that Xia Jinqi was smarter than he had imagined. She was able to understand many things with just a little bit, and even made his eyes light up a lot of times.

"That's good." Ji Heng finally let out a long sigh, as if he was completely relieved. "Bring Xiao Qi back in two days. She's not used to staying here."

Speaking up to this point, Ji Heng's eyes reddened slightly, and the tip of his nose was also sour.

In the end, he couldn't bear to leave.

He didn't have much time left. This farewell would probably be a death farewell.

However, the internal affairs in Berlin were very chaotic now. He could no longer keep little Qi here.

Yan Jun had more or less guessed it. He furrowed his brows tightly. "The Ji family... is also being suppressed?"

Ji Heng took another sip of coffee and looked out the window. "You should have heard about the refugees. It's time for a change of weather here."

Chapter 629: Someone had to protect this family

Hearing this, Yan Jun's eyes darkened as well.

He more or less knew about the trend of a change in the sky, but he didn't expect that they wouldn't be able to tolerate the Ji family.

Ji Heng didn't plan to hide anything from Yan Jun. He said again, "the regime that was overthrown was once fully supported by our Ji family. Now that they've fallen, the Ji family can't escape responsibility."

Yan Jun naturally knew the significance of this. Who would have known that the previous regime would suddenly fall?

However, since that was the case... ..

"Come back to Rao city with us." Yan Jun raised his eyes to look at Ji Heng. They wouldn't be staying here for long anyway, so it would be better if they left together.

Ji Heng shook his head, and a bitter smile appeared on his lips. "Xiao Fu is here. If I leave, who would give her the pastries she likes every year? Besides, someone has to guard this house."

Yan Jun was speechless for a moment.

The Ji family's many years of foundation wasn't something that could be left just like that?

"Does Ah Jin know?" Yan Jun suddenly asked.

"I didn't tell her." Ji Heng shook his head. How could he bear to let that little girl worry about these things.

She had just become a mother. It was time for her to be happy.

If it were Yan Jun, he wouldn't have told Xia Jinqi about this.

Men were like this sometimes. They had to bear many things at the same time. If there was trouble, they had to bear it themselves.

After sitting for a while, Ji Heng saw that it was almost time and said, "you should go and see little Qi and the children. It's indeed my fault for letting you two separate during this period of time."

Yan Jun did not say anything. He only got up and said, "you should rest early."

After sending Yan Jun off, Ji Heng called Ji Yunjing into the house. They chatted until it was almost dawn before they lay down and slept for a while.

"..."

Xia Jinqi slept very soundly.

Until... ..

Her face was itchy and her body was cold... ..

When she woke up in a daze, she saw an enlarged handsome face hanging in front of her eyes.

"Yan Jun?" She asked in surprise. She thought that she was dreaming. "Am I dreaming?"

Yan Jun, on the other hand, used his actions to tell her that she was not dreaming!

He lowered his head and bit her soft chest. When he heard her gasp, he asked, “am I dreaming?”

Xia Jinqi shook her head in realization. She was shocked to find that half of her pajamas had been taken off by him!

“What!”

She hurriedly pulled the quilt to cover herself. She glared at him with a red face. “You... why are you here?”

“GRANDPA called me here.” He smiled proudly and easily pulled away the quilt in front of her. He leaned over to kiss her slender neck, which was extremely affectionate.

Xia Jinqi’s head was burning. She was a little flustered. “Wait, wait, wait...”

She had just woken up and her mind was not clear yet. He was way too hot! “...”!

Yan Jun did not want to wait. He had held it in for so long and he still did not want him to get it back?

He was now openly stepping into the house, Alright!

His kiss continued for a while before he asked, “more than before?”

Xia Jinqi was stunned. “What?”

What was more than before?

Yan Jun raised his eyes to look at her. A malicious smile was jumping in his eyes.

Xia Jinqi suddenly realized that the place he had kissed just now... ...

COUGH COUGH!

Could it be that he had said too much about that? !

Her jade-like face flushed red. She shyly covered her head with a pillow. “I don’t know what you’re talking about! !”

Stinky Hooligan! ! ! !

However, he refused to let her go. He removed the pillow and moved closer to her ear, hissing, “tell me.”

Chapter 630: your mother likes to be black-bellied

Xia Jinqi’s throat was slightly dry. She turned her face away and said in a voice as soft as a mosquito, “the lacterer said that it might be... it might be unblocked, so...”

At the end of her sentence, Xia Jinqi flew into a rage out of humiliation and threw a pillow at him. “It’s all your fault!”

Initially, she didn’t have enough milk, and Xiao Yuhan couldn’t even eat enough by himself.

But after he came last time, um... .. Just.. .. In any case, there was a lot more in an instant.

Not only would Xiao Yuhan be able to eat his fill, Xiao puff wouldn't be hungry anymore.

Even the lactating master felt that it was strange at that time. Why did it suddenly seem as if the Ren and Du Meridians had been opened up?

Only Xia Jinqi herself knew that this was all the doing of a certain someone!

Heavens, did she still want to live? She was so embarrassed... ..

Of course, Xia Jinqi would soon know how naive her thoughts were if she wanted to feed her two children.

As smart as Yan Jun was, he naturally understood what she meant very quickly. He immediately let out a stifled laugh. "Are you shy?"

"No!" Xia Jinqi didn't admit it, but her blushing little face had already betrayed her.

Seeing this, Yan Jun leaned over and kissed her smooth forehead. "Ah Jin, thank you."

"thank me for what?" Xia Jinqi forgot her shyness and raised her eyes to look at him.

Yan Jun did not reply. Instead, he nodded and sealed her lips.

Xia Jinqi could no longer think and fell into his tenderness.

The two little babies next to the big bed were sleeping soundly.

As long as Yan Jun was around, it was impossible for Xia Jinqi to get up early in the morning.

It was almost noon when she was finally put down from the bed... ..

Looking at the strawberry on her neck, Xia Jinqi wanted to cry but no tears came out. She turned around and glared at a certain someone beside her who looked refreshed. "What if someone sees us?!"

"If they see us, they'll see us." Yan Jun didn't care at all. He even said righteously, "we're husband and wife, can't we?"

"I..." Xia Jinqi was furious. She realized that she couldn't win against him, so she turned around and teased the two little fellows who had just eaten their fill. "Xiao Yuhan, when you grow up, you can't be like your father!"

"Yi..." Xiao Yuhan stared at Xia Jinqi with his big black eyes and giggled. His two rows of toothless gums were exposed, teasing Xia Jinqi.

As he wiped his saliva, he pinched his chubby little face.

When Yan Jun heard this, he frowned slightly. "Isn't it good to be like me?"

"NOT GOOD! Too black-bellied!" Xia Jinqi snorted.

Yan Jun thought about it very seriously and felt that what Xia Jinqi said seemed to make some sense, so he said to Xiao Yuhan, "your mother likes black-bellied people."

"I... " Xia Jinqi choked miserably. Just as she was about to retort, she saw Yan Jun pick up Xiao puff and say to her, "when you grow up, you must be like your mother."

Xia Jinqi was about to ask why, when she heard his gurgling voice again. "Gentle, kind, strong, and brave."

"Ah..." Xiao puff opened her mouth as if she understood, but also as if she didn't understand at all. Her soft little hands touched her DADDI's face and she laughed happily.

Yan Jun could not help but kiss her cute little face, but he was suddenly covered in saliva.

He was not angry, but his gaze became more and more gentle.

Xia Jinqi looked at how he enjoyed interacting with his daughter and could not help but feel a little emotional.

Who would have thought that the ice-cold, Noble, and cold-faced King of Hell would now hold a baby so gently... ...

After having a child, he had really changed a lot.
