Chapter 631: you are the most capable!

Perhaps it was because he rarely saw his father recently, the two children were rather clingy to Yan Jun.

He originally thought that this rookie father would be flustered when faced with the two little cuties, but who knew that he would be very handy.

Taking care of the two children by himself was actually effortless.

In his spare time, Yan Jun even said to Xia Jinqi, "I'll take care of the children. You go accompany grandfather."

"Okay!" Xia Jinqi nodded, but she still looked at him with some worry. "Are you sure you can handle it?"

"You doubt my ability?" Yan Jun raised his eyebrows and raised his voice.

"No, no." Xia Jinqi hurriedly shook her head and laughed. "You're the most capable! Then I'll go find GRANDPA!"

After saying that, she kissed the two babies and was about to run out of the door.

Just as she moved her front foot, she was pulled back by Yan Jun. "what about me?"

He pointed at his handsome face, and his tone was very unhappy. He felt that he had been ignored.

Xia Jinqi stood on her tiptoes helplessly and smacked his face hard before she successfully escaped.

As he watched her leave happily, Yan Jun's eyes darkened slightly.

The Ji family would probably not be able to escape this time.

If he could spend more time with them, then so be it.

While he was deep in thought, the two babies in the crib began to babble and make noise.

Yan Jun hurriedly snapped back to his senses and coaxed them one by one.

However, after more than a month, the two babies had already grown fair and tender, very cute.

The brother and sister did not cry much. They would only snort twice when they were hungry or had to pee. During the rest of the time, they would either play by themselves or obediently sleep. Even the servants said that they had never seen such an easy child to take care of.

Sometimes, when Xiao puff cried, Xiao Yuhan would also touch her as if he was coaxing her.

With her brother around, Xiao puff would soon stop crying. She was extremely obedient.

Especially now that their Daddi was here with them, each of them was more obedient than the other!

“ ... ”

When Xia Jinqi found Ji Heng’s grandfather, he was hiding in the study room and staring blankly at the blue sky outside the window.

After asking the Butler, she found out that he had often been like this over the years.

Sometimes, it could be seen that he did not eat or drink for several hours. He was like a statue.

When Xia Jinqi heard this, she felt very upset... ..

Following Ji Heng’s grandfather’s line of sight, she realized that the weather today seemed to be very good. She immediately had an idea. She ran behind her grandfather happily and covered his eyes with her hands. In a hoarse voice, she said, “guess who I am! ”

Xia Jitian’s parents left early. Xia Jinqi had no grandparents in her memory since she was young. Later, when she saw the interaction between Huo Ting and grandfather hu, she was always envious.

She had always wanted to try playing with her grandparents like this!

Ji Heng seemed to snap back to his senses and instantly guessed Xia Jinqi’s identity.

Not to mention the fact that this voice did not seem to be disguised, in the entire Ji family, apart from his fearless granddaughter, who else would dare to do such an unruly thing?

However... ..

There was a moment of hesitation in his heart. He pretended not to recognize Xia Jinqi. “I can’t guess. ”

The Butler beside him dropped his jaw in shock... ..

What Old Master, have you fed your IQ to the dogs?

You can’t even guess that clearly? ! !

Xia Jinqi smiled happily. Her grandfather was playing along with her!

Releasing her hands, she walked to the front of Ji Heng. “Of course, it’s your most beloved granddaughter, Little Qi! ”

Both grandfather and grandson laughed.

Xia Jinqi lay on his knees and covered his knees with a blanket as she suggested, “grandfather, let’s go out for a walk? It’s so boring to stay at home all day! ”

Ji Heng saw her hopeful little face and nodded with a smile. “Sure. ”

He knew that this little girl was trying to make him happy.

Chapter 632: BABUSHKAS DON’T KNOW BORDERS!

Ever since he brought Xia Jinqi back to see Ji Xiaofu, Ji Heng’s state of mind had obviously changed a lot.

He was no longer in a deadlock over Xia Jinqi's matter.

He should have realized that if he hadn't forced Xiaofu like he did back then, perhaps everything would have been different now.

The big mistake had already been made in Xiaofu's matter, but Xiaoqi... .. He still had room for redemption ...

Xia Jinqi waved goodbye to Yan Jun, then pushed Ji Heng's grandfather's wheelchair and left the house.

They strolled around a few streets nearby, followed by bodyguards who were neither too far nor too close. This ensured their personal safety and did not disturb them.

However, what surprised Xia Jinqi was that the bodyguards accompanying them today seemed to be several times more than usual... ..

Could it be that something had happened?

Xia Jinqi was deep in thought, but Ji Heng's grandfather spoke first. "If you can see the Edelweiss of the entire block in the second half of the year, your mother will love those soft little flowers the most. "

Hearing this, Xia Jinqi also took the opportunity to lower her head to look at the street in front of her. There were plants growing in the flower beds on both sides, and they were all unfamiliar to her.

However, when she heard the name Edelweiss... ..

Xia Jinqi couldn't help but laugh out loud. She then hummed a few lines. "Edelweiss, Edelweiss, every morning you greet me... "

She had forgotten which grade she had learned the song in. At that time, she had only learned it. When she grew up, she learned that Edelweiss, also known as Edelweiss, was the national flower of Switzerland.

Hearing Xia Jinqi's tactful singing, Ji Heng's grandfather actually hummed along. "Small and white, Clean and bright...-"

Just like that, the grandfather and grandson took a stroll while singing a song in both languages.

Sometimes, people could be so simple. One look, one smile, and even singing a song together could bring their hearts closer to each other.

Xia Jinqi was really happy because every time she lowered her head, she could see the warm smile on Ji Heng's grandfather's face.

As she walked, she saw another ice cream shop. Xia Jinqi had been craving for it for several months. It was rare that Yan Jun was not by her side, so she immediately had some thoughts.

"GRANDPA, wait for me here. I'll go buy some food! " Xia Jinqi rubbed her fists and said.

However, Ji Heng's GRANDPA did not know what Xia Jinqi was thinking. He just listened to her and did not stop her. He nodded and let her go.

Moreover, Xia Jinqi went to the ice cream shop happily like a wild horse that had taken off its rope. She ordered a big bowl of ice cream and several ice cream balls of different colors. When she was ready to go back to look for Ji Heng's GRANDPA with satisfaction.. However, she heard the two women sitting by the window of the ice cream shop secretly chatting in English.

"Look at that person. Is he the richest person here?" The Blonde hot girl said and pointed at Ji Heng, who was sitting alone next to Edelweiss.

Ji Heng was a famous figure. In the early years, he could be said to be a world-shaking figure. He walked horizontally.

The person sitting across from him seemed to be her friend. He had brown hair and dark skin. "I think so. I heard that he forced his daughter to die!"

"I also heard about it... it's really scary. How can there be such a man-faced, beast-hearted father? I'm afraid that no family around him is willing to be close to him, right?" As she said this, she rubbed her arms as if she was a little disgusted ...

Xia Jinqi furrowed her brows when she heard this. Her heart was also unable to contain her anger. She turned around and glared at the two B * Tches in front of her before fiercely retorting back "I'm that person's biological granddaughter! I love my grandfather very much! Moreover, my mother passed away during childbirth, okay?"

It was really true that B * Tches did not differentiate between national boundaries! ! ! !

Chapter 633: everyone had an indescribable pain in their hearts

The two women looked at each other and stared at Xia Jinqi in astonishment, their mouths wide open.

Ji Heng actually had a granddaughter?

Before they could recover from their shock, Xia Jinqi had already walked out of the ice cream shop with quick steps.

She had only taken a few steps when Xia Jinqi's originally angry face instantly froze.

Ji Heng's grandfather, who was sitting in a wheelchair in front of her, had unknowingly returned to the lonely and lonely appearance from before. He was so lonely that it seemed like he would not even smile.

He lowered his eyes and stared at the edelweiss in the flower bed. Even though it wasn't the blooming season yet, he must be thinking about his deceased wife and daughter again, right?

Xia Jinqi suddenly found it hard to imagine. It had been twenty years. When people by the roadside recognized Ji Heng's grandfather, they were still using such a big misunderstanding to discuss him.

Then, how had he been deeply condemned by public opinion twenty years ago and persisted all the way until now?

Xia Jinqi secretly sighed. Only then did she realize that she didn't know Ji Heng's grandfather at all.

It seemed that everyone had an indescribable pain in their hearts.

While he was deep in thought, Ji Heng just happened to feel that his neck was bent a little stiff. He looked up and happened to see Xia Jinqi holding a big bowl of ice cream in a daze, so he called out to her, "Xiao Qi?"

Xia Jinqi came back to her senses only then.

The moment she met Ji Heng's grandfather's gaze, Xia Jinqi immediately smiled and walked over cheerfully. She squatted beside Ji Heng's grandfather's knee and handed the ice cream over as if she was presenting a treasure.

"Grandfather, quickly try it! There are strawberry-flavored, chocolate-flavored..." as she spoke, she pointed at the ice cream balls of different colors and explained to Ji Heng's grandfather.

Ji Heng lowered his head to look at the few balls in the bowl. He was stunned at first, but then he laughed out loud. "As expected, you're still a child. You can't even move when you see ice-cream!"

After scolding him with a laugh, Ji Heng picked up a spoon, scooped a spoonful, and brought it to his mouth.

The ice-cold feeling was mixed with the strong aroma of strawberry milk. Tian Tian looked sweet and wonderful.

Xia Jinqi looked at JI HENG'S GRANDPA with anticipation. "Is it good?"

"It's good!" Ji Heng's GRANDPA nodded very cooperatively. As he thought about it, he couldn't help but shake his head. "I didn't expect that when I'm old, I can still eat the ice-cream that my granddaughter bought by the roadside..."

Before he could finish his words, there were already tears at the corners of his eyes.

Ji Heng's heart had been bitter for so many years, and finally, it had become a little sweet.

His little granddaughter was really the Little Sun that God had sent to his side... ..

Xia Jinqi saw that Ji Heng's grandfather was actually crying, and she jumped in fright. She hurriedly took a tissue to help him wipe the corners of his eyes.

She could more or less guess the sadness in her grandfather's heart at this moment, but at the moment, she could only smile and ease the atmosphere. "It seems that this ice cream is too delicious. Even grandfather is crying from eating it!"

When Ji Heng's grandfather heard this, tears filled his eyes, and his laughter became even louder.

However, Xia Jinqi took the opportunity to snatch the ice cream bowl and began to feast on it herself. "however, you can't be greedy when it's delicious. The REST IS MINE!"

Seeing that the ice cream was about to run out, Ji Heng's grandfather originally wanted to try it. After all... ..

He had never eaten this kind of thing in his entire life. Even when Xiao Fu was young, he didn't allow her to eat too much.

Who knew that when she was old, she would actually start to like Tian Tian's sweet food.

However, Xia Jinqi didn't leave any for Ji Heng's grandfather. Instead, she ate it all herself.

What a joke. At her grandfather's age, he couldn't even eat too much sweet food. Furthermore, this thing was too cold. If the nutritionist in the family knew that she was giving this to his grandfather... ..

Sin, Sin, Sin, it was better for her to destroy it herself!

Chapter 634: Do something for your little granddaughter

Who would have thought that a European tycoon who used to be aloof, assertive, and self-righteous could actually compete with his granddaughter for a bowl of ice cream on the street like an ordinary person?

Moreover, the two of them were eating extremely happily.

Apart from joking, Xia Jinqi also turned around and glanced at the two hot girls sitting by the window in the ice cream shop. She lifted her chin slightly and snorted softly.

WHO said that no family members were willing to get close to Ji Heng's grandfather?

She was willing!

The two hot girls lowered their heads resentfully when Xia Jinqi stared at them. They did not finish their food and fled in panic... ..

Ji Heng's grandfather also noticed Xia Jinqi's small actions. Looking at the two women who were running away as fast as they could, he more or less guessed it.

After Xiao Fu left, he was indeed criticized, but he never explained anything. No one had ever explained anything for him.

However, Xiao Qi bravely stood up and defended him.

The dry and cracked heart seemed to be filled with a gentle spring, nourishing the broken soul.

Ji Heng let out a long Sigh, looking at Xia Jinqi's eyes, filled with love.

He gave his youth to the rothschilds, his whole life, even the loss of his favorite daughter.

Now that the regime has changed, the rothschilds are abandoning their cars to protect themselves.

Well, that's what happens when the cat's away.

Naturally, he, Ji Heng, would not wait for his death.

In the few days left, he thought, do something for his little granddaughter.

"..."

Not long after Xia Jinqi and Ji Heng's grandfather went out, Xiao Yuhang and Xiao Puff were tired from playing. The two little babies rested their heads together and fell asleep.

Ji Yunjing happened to be back, so he and Yan Jun were busy drinking afternoon tea.

Speaking of which, apart from socializing at work, the two of them had never talked about their relationship as brother-in-law and brother-in-law.

The tea was imported from China, but the brewing method in Berlin was very different from that in China.

First, the tea leaves placed on a fine metal filter were continuously flushed with boiling water. The washed tea water flowed into the teapot through a funnel installed under the sieve, and then the tea leaves were poured out.

The tea that was brewed in this way had an extremely light taste and color.

It couldn't be said to be tea tasting. It just created an atmosphere.

"The old patriarch is adamant on not going to Rao city?" Yan Jun was the first to ask. When he put down the teacup, he took the opportunity to glance at the wine placed on the shelf behind Ji Yunjing.

Ji Yunjing had never told Yan Jun about the current situation of the Ji family. Now that he heard Yan Jun ask about it, he couldn't help but feel a little surprised. "You already know about it?"

Yan Jun nodded slightly, and his pitch-black eyes revealed a piercingly cold look. "I heard that the Rothschild family wants to annex the Ji family's estate."

"It's not really an annexation." Ji Yunjing laughed sinisterly. He knew that his grandfather admired Yan Jun very much, so there was no need to hide anything. "The Ji family was originally a branch of the Rothschild family."

Everything the Ji family has now was given to them by the Rothschild family.

Without their protection, the Ji family would not have grown to where they are today.

They only saw that the Ji family's wings were too full and were afraid of threatening their status, so they took advantage of this regime change to take back this wild wild swan.

"On the one hand, they fawned over the new political power, and on the other hand, they strengthened themselves."

After all, they were the people around Ji Heng's grandfather and had a very thorough understanding of the current situation of the Ji family.

Hearing this, Yan Jun smiled meaningfully, the sharpness in his eyes was both good and evil.

Chapter 635: a common hobby between men

"The Ji family is taking this opportunity to stand on their own. Let's play along."

Yan Jun should have expected the reason why Ji Heng was unwilling to leave.

If he wanted to leave, he would have to wait until all his assets were transferred before he could leave.

Ji Yunjing nodded. There was a hint of admiration in his eyes as he looked at Yan Jun..

He had only said a few words, but Yan Jun could see at a glance what was best for the Ji family.

“Just a little.” Ji Yunjing poured tea again, his brows slightly furrowed “In the years I worked for the Rothschild family, grandfather has offended many people. Now that the old and new regimes have changed, many people are restless at this juncture. Assassination is also their specialty. You and Xiao Qi, you can’t stay here any longer.”

Yan Jun naturally knew, or else he wouldn’t be in a hurry to persuade Ji Heng to go to Rao city.

If the family business was gone, they could earn more. If they were gone, there would really be nothing left.

“The plane has been arranged. We’ll leave tomorrow.” Yan Jun said, reaching out to block the Teacup Ji Yunjing handed over. He didn’t want to drink any more.

He had already planned this from the start. Otherwise, he wouldn’t have deliberately asked Xia Jinqi to accompany Ji Heng more.

Regardless of whether an accident would happen in the future, it was better not to have too many regrets.

Ji Yunjing saw him block the teacup and smiled in understanding. Then, he stood up and took the best bottle of wine from the shelf. He teased, “you’ve been staring at it for a long time. Do you want to drink this?”

Looking at Ji Yunjing’s actions, Yan Jun, who was originally leaning against the SOFA, couldn’t help but lean forward. He stuck his head out to look at the bottle. “What Year is it?”

“It’s 82.” Ji Yunjing flipped the bottle over. After pondering for a moment, he took out the bottle opener from the drawer “This is GRANDPA’s treasure. He couldn’t bear to drink it for many years. It’s rare that we can sit together and chat today. If we don’t open the bottle to celebrate, I’m afraid we won’t have the chance in the future.”

Yan Jun raised his eyebrows slightly. “You’re not leaving either?”

“I can’t let GRANDPA stay alone.” Ji Yunjing’s answer was simple.

The Ji family was in imminent danger now. With the oppression of the original family on top and the assassination of enemies on the bottom, it really depended on luck whether they could avoid it or not.

As they spoke, the wine-red liquid had already been poured into the decanter.

Ji Yunjing shook the decanter as he looked out the window. “Don’t tell Little Qi about this. If the Ji family can avoid this disaster, we will go to Rao city to look for you. If they can’t avoid it...”

After saying this, Ji Yunjing paused for a moment. His face was a little gloomy, and then he said, "if they can't avoid it, then don't let her come back."

What he meant was that if anything happened between him and Ji Heng's grandfather, he would ask Yan Jun not to tell Xia Jinqi.

He would just treat it as forgetting about them... ..

The deceased did not need to add to the sadness of those who stayed behind.

As soon as he finished speaking, Ji Yunjing came back to his senses and poured the wine into the goblet.

Yan Jun was silent for a moment before he said, "I'll leave my army here for you."

While Ji Yunjing was still in a daze, Yan Jun's slender fingers had already lifted the goblet and clinked the goblet with him.

The mellow and rich liquid streaked across his throat, bringing with it not-so-strong stimulation and slight bitterness.

Yan Jun held onto the goblet and his thin lips curved slightly. "This thing still has the right taste."

"Haha!" Ji Yunjing also came back to his senses, and the two of them looked at each other and smiled.

It was a common little hobby between men.

He wanted to have another drink, but in the crib next to him, someone woke up first and cried out, "Wah...".

Yan Jun and Ji Yunjing both put down their wine glasses at the same time, and turned around to look. It was Xiao puff who had peed.

The little cutie probably felt uncomfortable, and her little face was red from holding it in.

Chapter 636: When have I ever lied to you?

As soon as he picked up Xiao puff, Xiao Yuhan woke up crying.

The room was filled with the cries and noises of babies. It was no longer as relaxed as it was in the afternoon, drinking tea and drinking wine.

Ji Yunjing wanted to help, but after watching from the side for a long time, he didn't know what to do...

...

However, he looked at Yan Jun, who was very agile and skilled.

It was not easy to change a diaper and feed milk powder to one, so the room became quiet.

Ji Yunjing looked at the two obedient little guys in front of him and couldn't help but praise Yan Jun. "I thought you were just a world-class businessman. I didn't expect you to be a head when it comes to being a wet nurse."

“When you have a child, you will understand.” Yan Jun smiled faintly and reached out to help Xiao Yuhua pull on his collar, blocking his baby bottle.

Xiao puff blinked her big, watery eyes and looked straight at her DADDI, her eyes full of dependence and worship.

Her DADDI was naturally the best!

Early the next morning, Yan Jun’s private jet stopped at the Ji family’s airport.

When Yan Jun left with Xia Jinqi, Ji Heng did not come out to see him off.

Ji Yunjing said that he was still asleep. It was probably because he was tired from playing with Xia Jinqi yesterday.

Although Xia Jinqi did not like the scene of parting, when she was really about to leave, she would still feel sour in her nose.

Yan Jun saw the reluctance in her eyes. He put his hands on her shoulders, pulled her into his arms, and gently coaxed, “we’ll meet again soon.”

“really?” Xia Jinqi looked up at him. Her big, watery eyes were as clear and pure as an ELK’s, full of hope.

“When have I ever lied to you?” He scratched the tip of her nose to divert her attention. “Go and see the children.”

“Okay.” Xia Jinqi nodded and followed him into the cabin.

The huge wheel started to slide, bringing with it gusts of wind.

After a run-up, the huge plane tilted upward and went straight into the clouds.

Soon, it disappeared into the clouds.

Ji Heng sat in his wheelchair and lifted the curtain of the window. His red eyes looked at the long white line in the sky... ..

It was the track of Xia Jinqi’s plane.

Ji Heng reached out to wipe the tears on his face and took a deep breath.

The child would eventually grow up one day. It was time to let go... ..

After a long time of being absent-minded, Ji Heng withdrew his gaze and turned to look at Ji Yunjing who had returned. “prepare to transfer the property immediately.”

“Yes, Grandfather.” Ji Yunjing nodded, but his gaze fell on the sky outside the window.

Grandfather, he had finally made up his mind to leave Berlin.

It was Xiao Qi who had used the love of family to change grandfather.

Grandfather was right.

That girl called Xia Jinqi was indeed a warm existence like a small sun.

“...”

After a long flight of more than ten hours, Xia Jinqi and Yan Jun finally returned to Rao city.

Of course, there were also their two adorable babies.

The plane landed smoothly. The moment the cabin opened, Xia Jinqi saw a very eye-catching military jeep on the tarmac.

Beside the jeep was a man in military uniform.

She took a few quick steps and asked tentatively, “Huo Ting?”

After that man heard her voice, he didn’t stop for a moment and directly strode towards her.

Only then did Xia Jinqi see his face clearly. She just smiled and was about to greet him. “You...”

With just one word, she was forcefully pulled into his arms!

Chapter 637: alright, don’t be angry anymore!

Xia Jinqi suddenly froze. Before she could react, she asked, “what’s wrong, Er Huo?”

Huo Ting didn’t say anything. He just hugged her tightly. Feeling her real existence, he finally calmed down from the fear he had been feeling for more than a month.

Behind him, Yan Jun got off the plane with the two children.

His gaze was as cold as a thousand-year-old deep pool as he looked at the two people hugging each other in front of him.

“Take the children back first, ” he ordered in a low voice. Yan Jun’s gaze didn’t leave Xia Jinqi for a moment.

“Yes, young master. ” The servants who picked them up lowered their heads and immediately led the young master and young miss into the car.

Yan Jun walked slowly to the side of the two people and said coldly, “chief Huo is quite well-informed. ”

He did not tell anyone about his return. He did not expect Huo Ting to wait here so early.

Although he knew about the matter between him and Xia Jinqi, he could not help but feel jealous when he saw the two of them hugging each other.

The tone of his voice was also strange, and there was a strong sour taste in it.

Hearing this, Huo Ting came back to his senses. He let go of Xia Jinqi and glanced in Yan Jun’s direction.

When their eyes met, it was as if sparks had collided in the air, making sizzling sounds.

Yan Jun had found Xia Jinqi before him and missed her again. He was already angry, but Yan Jun did not reveal the slightest bit of information about the girl to him... ..

He knew that he was going crazy looking for the girl!

Xia Jinqi smiled and broke the awkwardness. "Did you come to pick me up?"

"Yes. I'm relieved to see that you're fine." Huo Ting looked back at Xia Jinqi's gaze and his attitude eased up a little.

"with me here, I naturally won't let her get hurt." Yan Jun took over the topic, his tone filled with hostility.

Huo Ting frowned. He was about to retaliate when Xia Jinqi changed the topic. "It's windy here. Let's go home first, shall we?"

The plane had just stopped when the wind around them still blew, making people doubt their lives.

Yan Jun didn't say anything, but Huo Ting had already rejected him. "There's something else at the station. I just came to see you. I'm relieved to know that you're alright. Let's go, Girl."

With that, he turned around and got into the jeep.

"Er Huo..." Xia Jinqi wanted to stop him. After all, she could tell that Huo Ting must have been waiting for her here for a long time in order to see her.

Recalling the worried look on his face just now, she had never seen him like this before... ..

However, Huo Ting left resolutely. In a moment, the figure of the jeep disappeared from the corner.

Xia Jinqi sighed and turned to look at Yan Jun. "why did you..."

Before she could finish her words, Yan Jun had already turned around and got into the jeep.

"Hey! WAIT FOR ME!" Xia Jinqi caught up with him with two quick steps. As soon as she got into the jeep, she was surrounded by a cold chill.

She subconsciously frowned. When she saw Yan Jun's livid face, she finally came back to her senses.

"Are you... angry?"

Yan Jun remained silent in the face of her probing."..."

His silence was equivalent to tacit agreement in Xia Jinqi's eyes.

She didn't know whether to laugh or cry. "Don't you know that Er huo and I grew up together? We're like brother and sister!"

She had never had any improper thoughts about Huo Ting. She had always been frank and magnanimous.

Unexpectedly, the man beside her gritted his teeth and squeezed out a sentence, "childhood sweethearts, two innocent children."

" ... " Xia Jinqi looked at the Jealous Yan Jun and actually felt a little cute. She held his arm and shook it gently. "Alright, don't be angry anymore! "

Chapter 638: he only loved her a little more

"..."there was silence.

Xia Jinqi was really angry and amused at the same time. She could not help but ask, "I've never seen you like this before. Why are you filled with hostility towards Erhuo now? "

She did not seem to have Amnesia, right?

In the past, when she and Huo Ting played together, it was not like Yan Jun had not seen it before. Why didn't he have such a big reaction in the past?

Yan Jun was finally willing to turn around to look at her. His pitch-black Eagle Eyes were like a deep pool. In an instant, it seemed like he wanted to suck her soul in.

Xia Jinqi was slightly stunned. He had already leaned over and covered her soft lips.

Huff huff was taken away in the blink of an eye. She panted and soon fell under his superb kissing skills.

As for Yan Jun... ...

He only loved her a little more, and his possessiveness increased a little more.

Therefore, the moment he saw Huo Ting hug her and saw the two of them being so intimate, his little universe exploded.

This kiss was lingering and hot.

He was like a piece of soldering iron, burning her heart and making it warm.

The parking lot was only a kilometer away from the main building of the Yan family, so the car quickly stopped.

Ji Xinyu's joyful voice came from outside. "Is Jin Qi back? "

"Yes, yes, the car is here, " Yan Sheng answered.

Xia Jinqi woke up in shock and pushed away a certain someone who was still misbehaving. "Mom and dad are outside... "

Yan Jun also came back to his senses and looked through the car window. The sparks dancing in his black eyes were slowly extinguished.

Xia Jinqi was even more flustered as she tidied up her messy clothes and smoothed her hair, so that she didn't look so embarrassed... ...

At the same time, she glared angrily at the culprit beside her.

However, Yan Jun smiled smugly, causing Xia Jinqi to really want to punch him!

Why would he go crazy if he was fine! ! !

Just as she finished tidying up, the car door was opened.

The Moment Xia Jinqi got out of the car, Ji Xinyu came over and held her hand, sizing her up from head to toe. "Jinqi, quick, let mom take a look. Are you alright?"

Seeing that Ji Xinyu's eyes were filled with tears, Xia Jinqi was also moved. "Mom, I'm fine."

"You still say you're fine! Look, you've lost weight! You've just given birth and you're already in trouble. How much better can you be?" Ji Xinyu's heart ached. As she spoke, she wiped the corners of her eyes with a tissue.

Xia Jinqi couldn't bear to see her crying until her eyes turned red. She hurriedly pulled her over to look at the two children to distract her. "Mom, look. This is Yu Han, and this is Xiao puff..."

Hearing this, everyone in the Yan family realized that Yan Jun had actually brought the two children out of the car? ! !

Xiao puff and the others all knew, but this Xiao Yuhan... ..

"This..." everyone in the Yan family looked at Xia Jinqi and Yan Jun in astonishment, not understanding what was going on.

After all, they all thought that Xia Jinqi had only given birth to one daughter.

Why was there suddenly another boy?

Yan Jun and Xia Jinqi looked at each other and smiled, then nodded solemnly to them. "Ah Jin gave birth to a pair of dragon and Phoenix twins. This is also our son."

"DRAGON AND PHOENIX TWINS? !"

"There's also a boy!"

Ji Xinyu and Yan Sheng were overjoyed. They quickly lowered their heads to look at the two little fellows who were still in their swaddling clothes, their eyes filled with surprise.

Beside them, Yan Youcheng was also leaning on his walking stick to watch, his old eyes sparkling.

"Good, good..." he nodded his head several times in a row. When he saw that the children were neat and orderly, he was already very satisfied.

When Yan Jun and Xia Jinqi saw this, they could not help but smile.

The people of the Yan family all liked this pair of twins very much!

Xia Jinqi turned her head inadvertently and happened to see Yan Qing leaning against the tree in the courtyard.

He was also looking over from the corner of his eyes with a cold and gloomy expression.

Chapter 639: the full moon banquet

His mother had died tragically, and her body was not even cold yet. Yet, this family in front of him was talking and laughing, enjoying the rest of their lives.

The heavens were really biased... ..

Yan Qing swept his gaze over the sinners of the Yan family one by one, and finally, his gaze stopped on Xia Jinqi.

At the right moment, his gaze met hers.

Without the previous weakness and infatuation, what remained was ice-cold.

Xia Jinqi had never seen Yan Qing like this before. For a moment, she was shocked by his dark gaze.

The person in front of her was so unfamiliar that it was as if she did not recognize him.

Perhaps sensing the shock in Xia Jinqi's eyes, Yan Qing could not take it anymore. He turned around the flower bed at the side and left quietly.

Yan Sheng and Ji Xinyu just happened to enter the house with their two children. Yan Jun turned around and held Xia Jinqi's hand. However, he saw her standing rooted to the ground, staring blankly at a certain spot.

Following her gaze, he saw nothing. He asked, "What's wrong?"

"nothing..." Xia Jinqi immediately shook her head and turned to face Yan Jun's gaze with a smile. "Let's go in too."

"Okay." Yan Jun then hugged her and the two of them walked into the house together.

The whole family excitedly gathered in front of the pair of Dragon and Phoenix, looking at each other.

It had been a while since the two children woke up. Seeing so many unfamiliar faces, they were not afraid at all. They giggled as if they were trying to make the adults happy.

After all, blood was thicker than water.

Xia Jinqi suddenly became idle. Ji Xinyu hugged Xiao puff while Yan Sheng hugged Xiao Yuhan and scolded. She did not even have the chance to intervene.

"from what I see, Xiao Puff looks like Jin Qi! She's also a beauty!" Ji Xinyu looked at Xiao puff's fair and tender face without leaving her side. She really liked it.

Yan Sheng also looked over and nodded in agreement. He then looked down at the little guy in his arms and said with a smile, "this child looks like Jun 'Er! He looks strong and solid. He will be a man who will stand tall in the future!"

The two little guys seemed to know that they had been praised, and they laughed happily.

Yan Jun Hugged Xia Jinqi and sat on the SOFA. The two of them looked at each other. In their eyes, they were happy.

Yan Youcheng watched from the side. The corners of his wrinkled lips curled up. He was happy. He waved his hand and called Di Qu over. "tell the kitchen to hold a grand banquet tonight. We will hold a full moon banquet for my two great-grandchildren!"

Although the formal days were over, it was not too late. There was still time for a replacement.

Di Qu nodded. "Yes, master."

Yan Sheng heard it too. He could not help but hesitate. He turned back to look at Yan Youcheng. "Dad, why don't we put it off until tomorrow? We did not inform our relatives and friends in advance today."

"They naturally know whether to come or not. They're happy today! Let's do it today!" Yan Youcheng was indeed in high spirits. Speaking of which, he couldn't wait for even a moment.

This person, the more he lived, the more he understood.

People who cared about you, no matter how far away they were, no matter what they were doing, once you called out, they would definitely rush to your side.

Those who didn't care about you, even if you were on your last breath, they wouldn't bother with you.

So, when you were happy, you would start. When you wanted to celebrate, you would celebrate. You didn't have to worry about those unnecessary people.

When Yan Youcheng was young, he was good at showing his face. Whenever he had a happy occasion, he would throw a banquet and invite the guests. A group of scoundrels would get drunk together.

In fact, only when he was old did he realize that those good friends were not of much use. True family and friends could not be bought with money and benefits.

Chapter 640: had been kissed by God

Of course, there was another person.

Yan Youcheng looked at Yan Sheng and coughed lightly. He said unnaturally, "bring your mother over too. She's already a great-grandmother."

When he said this, everyone in the room was stunned.

After all, it had been decades, and Yan Youcheng had never taken the initiative to mention long Qingxin in front of them, let alone personally say that he was going to bring her back.

Yan Sheng was probably the person who had the deepest feelings in this room.

When his parents divorced, although he had already established a family, they were still his father and mother after all... ..

When he wasn't paying attention, his eyes started to tear up.

"Alright, I'll go pick up mom..." Yan Sheng nodded heavily, his heart filled with emotion.

Xiao Yuhan leaned on his grandfather's shoulder, tilting his head curiously.

Was His grandfather crying?

“...”

In the afternoon, Yan Sheng brought Ji Xinyu to Qingxin Garden. Xia Jinqi and Yan Jun’s friends were almost all present.

The full moon banquet was held in the Yan family’s residence. It didn’t inform too many people, but it looked fresh and elegant.

Zuo Xiaoran was the first to arrive. She happened to be free today, so when she was on the street, she received a call from Xia Jinqi.

Knowing that she was fine and that she had given birth to a pair of twins, she was extremely happy and immediately rushed over.

However, when she arrived, Xiao puff and Xiao Yuhan had already eaten their fill and fallen asleep.

In the huge crib, the two little fellows were lying next to each other, sleeping comfortably.

Zuo Xiaoran leaned against the edge of the CRIB unwillingly and said dejectedly, “If I had known earlier, I would have come earlier. The moment I arrived, they both fell asleep...”

Even though she said that, her voice was still very low, afraid that she would disturb the two cute little babies.

Xia Jinqi could not help but laugh when she saw her dejected look. “You should probably wake up at night. There’s still a long way to go. Are you afraid that you won’t be able to see it?”

“That’s true...” Zuo Xiaoran smiled and pounced on Xia Jinqi again. She hugged her and refused to let go. “Xiao Qi, you’re really amazing! You gave birth to two babies in one birth! And they’re both twins!”

“I didn’t expect it either... It’s like winning the lottery.” Xia Jinqi also sighed. Although she had experienced so much, at least the result was good ...

She had two such cute babies.

When Wen Jing arrived, she saw the two of them hugging each other tightly... ..

She walked over and sat down as if she was used to it. She continued Xia Jinqi’s words, “how is this a lottery? It’s as if God has kissed you before, okay?”

As she said that, she looked at the crib.

Xia Jinqi then looked at Wen Jing and smiled. “Jing ‘er, you’re here!”

“I want to see my goddaughter and Godson too!” Wen Jing nodded. She took out two document bags from her bag and placed them beside the baby carriage. “This is a greeting gift from Godmother to the two of you.”

Zuo Xiaoran let go of Xia Jinqi with a snort. She turned around and poked Wen Jing’s arm, urging her, “when you see such a cute baby, do you have the urge to give birth to one yourself?”

“Stop Joking. You know that I don’t get married.” Wen Jing rolled her eyes at her, but she still looked at the two fair and clean little faces in the crib.

All men had a tender side, let alone a woman!

The maternal instinct in her body burst out almost immediately, but Wen Jing said stubbornly.

“TSK! You can have children even if you don’t get married!” Zuo Xiaoran did not care at all. Who would not be moved by such a cute child?
