

## Tick Me 651

### Chapter 651: valuing women over men, it was solid!

However, when he noticed Xia Jinqi's gaze, the instant he raised his eyes, the heavy killing intent was withdrawn, replaced by the usual indifference and tepid.

It was like the murmuring stream of a mountain stream in early summer, still and deep.

Such ease of retracting and retracting, it could not help but shock one's heart.

Xia Jinqi looked into his deep and rich black eyes, and her heart trembled slightly.

Back at the Yan family, he seemed to have returned to the enigmatic and unfathomable look he had when they first met.

Xia Jinqi suddenly remembered what you Xi had said just now, and she immediately frowned.

In this place that ate people and didn't spit out their bones, he should have already gotten used to hiding himself.

Xia Jinqi walked over and sat beside him. She gently held his hand and asked gently, "why are you frowning? Is there something wrong?"

"Nothing." Yan Jun curved his lips into a faint smile. He turned around and stared at her for a moment. "Grandfather asked you to go?"

"Yes. He asked me to call my father, but I refused." Xia Jinqi didn't hide it from him. When she said this, her eyes were more or less gloomy.

Xia Jinqi did not tell Yan Jun how despicable her father had used to get his mother back then.

It was not something honorable to begin with, and... .. In her selfish heart, perhaps she still cared about Xia Jitian ...

She was afraid that he would be condemned by more people.

This kind of familial love that people could not love and hate was really torturous.

Yan Jun knew that she had something on her mind, but he did not ask further. He only said, "are you tired? After dinner, we'll go back."

"I'm not tired." Xia Jinqi shook her head and asked again, "we'll go back tonight? Then, father, mother, and grandfather..."

She thought that they would have to stay here for a few days. After all, Yu Han and Yu Sheng had just returned.

Who knew that Yan Jun would say that they were going back tonight?

"Grandma didn't come," Yan Jun replied with four words. His picturesque brows furrowed with worry.

What he meant was that after dinner, they were going back to Qingxin Garden.

Xia Jinqi finally understood, but she was a little disappointed. "GRANDMA... still doesn't want to come."

She thought that Yan Qing's mother was no longer around and that the estrangement between Yan Youcheng and long Qingxin could be removed.

From the looks of it, this matter was not that simple.

As the two of them were talking, the two little ones in the crib woke up one after another.

"Yiya..."

"GIGGLE..."

Xia Jinqi heard this and hurriedly went over. As expected, she saw the two little ones staring at her with their big eyes wide open.

Her heart melted in an instant. She softened her voice and coaxed, "Yu Hanyu Sheng is awake..."

"Yiya..."

"MMM..."

The two children stretched out their chubby little arms towards Xia Jinqi, meaning that they wanted to hug her.

Xia Jinqi was just thinking about which one to hug first when Yan Jun had already rushed over and hugged Xiao puff, leaving her son to the side.

She could not help but curse silently in her heart. The preference for girls over boys was solid!

With that thought in mind, she picked up Yu Han in the end.

Xia Jinqi could not help but kiss him when she saw his little face that was getting rounder by the day but did not like to smile. "Let's go, Little Yama. Let's go downstairs and meet everyone!"

Xiao puff, on the other hand, liked to smile a lot.

Although she was young, her pair of big eyes were already very lively. especially the 'shears and autumn eyes' that she inherited from Xia Jinqi. When she blinked, it was as if she could speak and easily capture people's hearts.

It was said that her daughter was daddy's little lover in his previous life. Xiao puff quickly gained the number one fan!

As he hugged his daughter's soft little body, Yan Jun's eyes and brows were filled with a proud smile.

## **Chapter 652: He refused to let go of his daughter**

The husband and wife carried their two children downstairs. A long line of maids followed behind them.

For the sake of these two little children, Yan Youcheng had almost called all the maids in the family who had experienced childbirth to Xia Jinqi's place to wait for orders. He was afraid that the two great-grandchildren would not be used to it at all.

As they walked all the way downstairs, the voices of the guests' conversations became increasingly clear.

There were not many people who came this time, but all of them were people who had a close relationship with the Yan family.

Ever since Xia Jinqi and Yan Jun got married last time, the Yan family had not been so lively for a long time... ..

As soon as they walked into the courtyard, everyone's gaze was attracted by the family of four.

There was no lack of envious gazes in the crowd, and most of them were filled with envy and blessings.

"What a perfect couple... "

"WHO SAYS IT ISN'T! Now that we have this pair of Dragon and Phoenix twins, it's really a good fortune!"

Xia Jinqi coaxed Xiao Yuhan. She inadvertently raised her eyes and happened to meet Yan Jun's gaze. It was gentle and doting, filled with love.

The two of them looked at each other and smiled. Thousands of words were in their eyes.

Ji Xinyu walked out from the crowd and looked at Yu Han with a smile. She then looked at Yu Sheng. She was so happy that she could not close her mouth!

"Jinqi, are you tired? Do you want me to carry the child for you? "

Xia Jinqi wanted to say that she was not tired. The child was still young and she did not hold him for long. However, seeing that Ji Xinyu was unwilling to look away from Yu Han, she nodded. "Yes, I am a little tired. Sorry to trouble you, mom. "

"This child is always spouting nonsense. What trouble is there for a family? " Ji Xinyu pretended to be angry as she took Xiao Yuhan from Xia Jinqi's arms. The smile on her face deepened.

In fact, Ji Xinyu was able to like Xia Jinqi so much because she knew that Xia Jinqi was Xia Jitian's daughter in the beginning. Later on, she slowly came into contact with her and realized that this child was kind-hearted and treated her mother-in-law well.

The human heart was made of flesh. People who treated themselves well were naturally pleasing to the eye!

Not to mention that Xia Jinqi had already given the Yan family a son and a daughter in one go. What was there for her to be picky about?

Naturally, she would dote on this daughter-in-law even more.

Yu Han was carried away by his grandmother. He did not cry for his mommy. Instead, he narrowed his eyes and leisurely followed his grandmother to meet a group of uncles.

The Yan family still had many relatives. Xia Jinqi still could not recognize all of them, so she could only follow them to greet them one by one.

Yan Sheng saw that Ji Xinyu had successfully carried away a child and wanted to carry Xiao puff as well, but he was rejected by Yan Jun..

“Dad, I can carry her.” With just one sentence, Yan Sheng’s little hope was cut off.

When Xia Jinqi turned around, she saw Yan Sheng staring at Xiao puff, who was in Yan Jun’s arms. He reached out with both hands, wanting to be closer to Xiao puff.

However, Yan Jun didn’t give her face and refused to let go.

She couldn’t help but walk over and Poke Yan Jun. “just let dad carry you?”

Yan Jun lowered his head and looked at his daughter, who was curiously rolling her big black pearl-like eyes around him. He righteously refused, “let me carry you.”

Yan Sheng, “...”he burst into tears!!!

The corners of Xia Jinqi’s eyes also twitched. Since she couldn’t persuade Yan Jun, she could only turn around and persuade Yan Sheng, “Dad, um... it’s been raining a lot lately. Is your waist better? Yan Jun is afraid that you’re tired...”

Speaking of this, Yan Sheng remembered his old problem. He reached out to support his lower back. “That’s true. This old problem is really annoying.”

Seeing this, Xia Jinqi carefully sighed.

### **Chapter 653: could there be a more wonderful moment than this?**

Hmm?

For some reason, she felt a little hypocritical... ..

How was Yan Jun afraid that his father would be tired? It was clearly... .. The crazy devil who spoiled his daughter ...

However, seeing that Yan Sheng and Ji Xinyu liked Yu Han and Yu Sheng so much, Xia Jinqi’s heart finally felt warm, so she felt at ease and handed the children over to them.

After seeing the group of guests, the children were sent upstairs by the servants to rest.

The banquet soon began.

A few key members of the Yan family sat at one table, while the rest of their relatives and friends sat at four tables.

All of them were made of pure white tablecloths, accompanied by exquisite plates and dishes that were well-balanced in color, smell, and taste.

Not Far Away, there was a large band playing elegant and noble tunes, adding a touch of autumn to this grand feast of a wealthy family.

However, what surprised Xia Jinqi was that when they sat down, you Xi actually sat beside Yan Qing.

Meanwhile, Yan Qing and Yan Sheng sat on the left and right sides of Yan Youcheng. Next to Yan Sheng were Ji Xinyu, Yan Jun, and Xia Jinqi.

It was a round table. After they surrounded it, Xia Jinqi happened to sit next to you Xi.

"Mrs. Yan is really beautiful..." You Xi looked at Xia Jinqi with a hidden knife in her smile, pretending to be friendly.

Xia Jinqi just looked back at her indifferently. "Miss you is also very beautiful. You don't look like you're almost 30."

"..." You Xi's smile froze on her face. "What are you saying, Mrs. Yan? I... I'm only 26....."

Women always abstained from age. At that time, you Xi's expression was very ugly. She couldn't help but glance at Yan Jun, who was on Xia Jinqi's right.

Xia Jinqi sensed her intentions and took the initiative to bow, blocking her line of sight. Then, she refused to budge an inch. "Is that so? That does seem a little old. Miss you is just too fond of worrying about other people's matters. You have to take care of yourself."

You Xi's face instantly darkened as she glared angrily at Xia Jinqi.

Although the conversation between the two of them wasn't loud, everyone at the table could hear it clearly.

The two women were together, and the smell of gunpowder was still so obvious. What could it be for?

Yan Sheng and Ji Xinyu were a little stunned, but they did not say anything.

Yan Jun maintained his leisurely smile. The woman he loved was jealous of him. Could there be a more wonderful moment than this?

As for Yan Youcheng, he swept his gaze across everyone at the table. Finally, his gaze fell on Yan Qing. He opened his mouth unhappily and said, "Qing'er, you and this young lady..."

His ending was drawn out. It was obvious that he wanted Yan Qing to explain you Xi's identity.

When Yan Qing heard this, there was a smile on his lips. He answered Yan Youcheng like a well-behaved child. "Dad, this is my girlfriend, you Xi. I'll take this opportunity to bring her back for you to take a look."

As he said this, he turned back to you Xi.

You Xi smiled and looked at Yan Youcheng. "Hello, Uncle Yan."

Initially, you Xi thought that her appearance and makeup were perfect today and that she would definitely be able to get a good impression in front of the Yan family. However, she forgot the most important point —

Seniority.

She called Yan Youcheng “uncle” according to the seniority of Yan Qing, but she forgot that Yan Jun called Yan Youcheng “grandfather” .

Once she said this, she immediately suppressed Yan Jun’s seniority, especially since she was a small secretary under Yan Jun..

Xia Jinqi immediately sensed that this title was inappropriate, so she turned to look at Yan Jun beside her.

She originally thought that he would frown, but who knew that he would act as if he didn’t hear anything. The space between his brows was as indifferent as an ink painting, not even the slightest color.

He didn’t care about this?

### **Chapter 654:: How long have they been together?**

Moreover, he didn’t even care why you Xi had become Yan Qing’s girlfriend.

The two of them weren’t even close to each other. Now that they were together, they definitely had ulterior motives.

Xia Jinqi knew this, so she paid extra attention to the two of them.

She just didn’t know what Yan Jun was thinking?

Without waiting for Yan Jun to speak, Yan Youcheng had already coughed lightly. His wrinkled face was very tense. “How long have they been together? ”

If one listened carefully, they would be able to hear Yan Youcheng’s cold snort before he spoke.

Xia Jinqi thought to herself, looks like Yan Youcheng doesn’t like this you Xi too much... ..

“It’s been a month, ” Yan Qing replied very quickly. His face maintained the same smile from beginning to end. There was no longer the slightest bit of insidiousness or coldness.

If Yan Jun was good at hiding his emotions, then Yan Qing was wearing a mask with a fake smile on his face. Who would know how terrifying and dark it was underneath the mask.

“En.” Yan Youcheng nodded and did not continue to ask.

At this time, Yan Qing got the right to speak. He glanced at Yan Jun and Xia Jinqi on the table and smiled as he stood up and raised his wine glass at them. “Yan Jun, Xiao Qi, congratulations to you both. ”

Xia Jinqi raised her head and glanced at him. When their eyes met, there was no longer the modest and elegant gentleman from her university days.

There was only a sense of strangeness and Darkness That Made People feel fearful.

How did he change so much in just a short month?

Before she could come up with a reason, Yan Jun had already raised his wine glass to greet her, but he did not say a single word.

When the surrounding guests saw this, they felt a little indignant for Yan Qing.

“Yan Jun should still call Yan Qing ‘uncle’ . Why is he so arrogant? ”

“Yeah, Yan Qing is already standing up, but Yan Jun is still sitting! ”

“Hey, don’t say anymore. This Yan Qing is originally a mistress. It’s already pretty good that second young master Yan can tolerate him! ”

There were also some who supported Yan Jun. a few of them gathered together and teased him tirelessly.

Yan Qing did not seem to mind. He smiled and drank the wine before sitting down again. He then turned to look at Yan Youcheng.

“Dad, since everyone is here today, I have something to announce. ”

When Xia Jinqi heard this, she already imagined that he might announce his engagement to you Xi?

After all, this was Yan Qing’s way of doing things.

But this time, she guessed wrong. Yan Qing didn’t mention anything about the engagement. Instead, he talked about the company that he wanted to win over for his entire life “when I joined the company some time ago, I initially thought that I could temper my temperament, but later, I realized that I was unable to do it. I think that I should hand over the management of my company and Asia Pacific to Yan Jun. ”

As soon as these words came out, all the people at the table were stunned, even Yan Jun was no exception.

Xia Jinqi drooped eyes, just saw Yan Jun slightly frozen hand.

Not to mention Yan Jun, even she was stunned.

She’s... .. You heard me right ? ?

Yan Qing, who would do anything to get into the company, now says he doesn’t want it?

You want to hand it all over to Yan Jun?

It’s... ..

What a surprise!

Xia Jinqi was surprised for a moment, then suddenly remembered what you Xi said before, tonight’s big event, could it be that Yan Qing quit the company?

She turned her head slightly to look at you Xi beside her, only to see the latter smiling coldly.

As expected, there was a conspiracy.

However, Xia Jinqi still could not figure out what they were planning to do.

She could only wait and see.

### **Chapter 655: a man like this was like a God, unattainable**

As Yan Qing said each word, there was a smile on his lips.

Even when he looked at Yan Jun, there was not the slightest bit of stiffness.

Those who did not know what had happened between him and Yan Jun before were all feeling sorry for Yan Qing at this moment.

The tragic fate of an illegitimate child... ..

However, Yan Qing could hide it from everyone, but he could not hide it from Yan Jun..

A Leopard can not change its spots.

Yan Jun would not believe that a person who had tried to kill him several times would have such good intentions.

His long and narrow Phoenix eyes narrowed slightly, and his sharp gaze swept deeply across Yan Qing's face. His deep eyes were filled with a complicated look.

Although Asia Pacific was only an empty shell, the connections they had for many years were still there.

Although the other companies were not doing well, at least with the influx of new funds, they would be able to revive the dead.

However, Yan Qing intended to abandon all of this.

There was a moment of silence on the table. Only Yan Youcheng looked at Yan Qing with gratification, and his tone was a little more loving. "Qing 'er, do you really think so?"

"Yes." Yan Qing nodded and looked back at Yan Youcheng. He completely acted like an obedient little son. "Dad, I've let you worry about me a while ago. It's my fault for not being sensible."

"It's good that you can think it through..." Yan Youcheng patted his shoulder, his eyes slightly flashing.

And everything in front of him made Yan Jun suddenly understand after a moment of contemplation.

Yan Qing was taking a step back to advance.

The truth was indeed so.

When Yan Qing met Yan Jun's gaze once again, there was a smug smile hidden in his eyes.

After everything that had happened previously, his father had already become wary of him. Recently, he had not spoken to him much.

Yan Qing knew very well in his heart that the reason why he was still able to stand firm in the Yan family was entirely because Yan Youcheng still cherished the last bit of father and son affection for him.

Before he defeated Yan Jun, if he lost the love of his father, then he would be surrounded by enemies and have nothing.

Since that was the case, it was better to give up the company that had been ruined by him first and win the love and pity of his father first. That was the most important thing.

He could just throw all the mess in his hands to Yan Jun and kill two birds with one stone.

He had recently learned a new word, 'give and take' .

Yan Youcheng thought that his youngest son had finally come to his senses, so he immediately looked at Yan Jun, hoping that Yan Jun and Yan Qing could reconcile.

After all, they were family, so why should they fight among themselves?

"Jun 'er, look..."

Yan Youcheng's words had just begun when Yan Jun interrupted him.

"Grandfather, Yu Han and Yu Sheng were both born prematurely, and their bodies are not very well. I want to spend more time to take care of them." His tone was low and slow, but there was a faint awe-inspiring power in it.

In this small gap, you Xi unconsciously raised her head and secretly looked in Yan Jun's direction... ..

He was always so outstanding. He was calm and carried his own murderous aura. The calm and domineering manner that disappeared in the snap of a finger always made people want to look up to him.

This kind of man was really like a God, unreachable.

But the God in her heart had married a woman with such a bad reputation!

You Xi looked at Xia Jinqi again and secretly snorted. What a failure!

Sensing you Xi's Gaze, Xia Jinqi didn't have much energy to waste words with her. What was there to talk about with a person who had a bad outlook on life?

The hand that landed next to the wine glass moved a few inches and accidentally knocked over the wine glass.

The Crimson liquid splashed towards you Xi's white dress.

### **Chapter 656: I have the heart but not the strength**

"Ah!" You Xi shouted without any image. She stood up with a swoosh and shook the liquid on her dress, but to no avail.

The color was quickly dyed. It was very irregular and extremely ugly.

Everyone at the table and even the entire audience looked at you Xi.

Xia Jinqi expected that she would immediately complain, so she immediately took the initiative to strike first. "Ah! Why is miss you so careless? I told you to drink less... Sigh, quickly go to the bathroom to wipe yourself."

With that, she beckoned for the servant behind her to come up. "Go get my clothes and help miss you change first."

"Yes, Young Madam." The Servant Nodded and looked at you Xi. "Miss You, this way please."

Xia Jinqi's series of reactions were very fast, not leaving a single trace.

At this moment, you Xi's heart seemed to be surging with millions of F \* cking horses... ..

It was clearly Xia Jinqi who deliberately knocked over the wine glass, causing her to dirty her dress! ! !

Now, the wicked person complained first Was there a mistake?

"You!" You Xi gritted her teeth and was about to spit it back, but she only had time to say one word. She was immediately shocked by the strange gazes from all around her... .. including Yan Qing ...

Everyone's eyes seemed to be saying, "Aiya, look at this person. She's still angry that he helped her so much! "!

The worst thing was that the people who came today were all relatives of the Yan family. If they thought she was a shrew, how could she marry Yan Jun in the future?

With this thought in mind, you Xi could only smash her front teeth and swallow it!

Before she left, she glared fiercely at Xia Jinqi!

The latter smiled slightly to show her sincerity.

You Xi had come to find her for no reason several times, hadn't she?

Even a saint couldn't stand it anymore!

While Xia Jinqi was smiling, the back of her hand suddenly felt warm.

She subconsciously looked back and happened to meet Yan Jun's deep black eyes.

"Are you alright?" He asked.

Xia Jinqi hurriedly shook her head and the corners of her lips curled up into a smile.

She was the one who started it. How could she be alright?

Yan Jun understood and reached out to help her comb her hair at the temples. They were extremely intimate.

When Yan Qing saw this, he bit his lower jaw tightly again. His eyes were dancing with fire.

He thought that he could completely ignore Xia Jinqi.

But when he saw Yan Jun treat her like this, his heart was filled with pain.

Every time he thought of Xia Jinqi, it was as if there was a fire burning in his throat. No matter how hard he tried to suppress it, he could not suppress it.

In this world, there was probably only her, right?

But the only her was taken by Yan Jun!

It was not that Xia Jinqi did not notice Yan Qing's gaze, but she deliberately did not look at him. Her mind was completely focused on Yan Jun..

Yan Youcheng did not care much and continued the topic of Yan Qing.

"Jun 'er, your parents will take care of the children. Don't worry. The company's matters can not be delayed." Yan Youcheng wanted to persuade Yan Jun to accept Asia Pacific and a few subsidiary companies.

He thought that this was Yan Qing's request for peace. As long as Yan Jun accepted it, the two of them would be able to bury the hatchet.

However, Yan Jun was a man of his word. The decisions he made could not be easily changed.

Moreover, he made a decision that was even more shocking than Yan Qing's.

"Grandfather, ah Jin and the children need me very much right now. Regarding the matter of the Yan family, I am more than capable."

His voice was clear and elegant, neither warm nor fiery, making it impossible for people to figure out his true intentions.

Once these words were said, the entire place was in an uproar again.

Forget about Yan Qing, why did even Yan Jun not care about the matters of the Yan family now?

### **Chapter 657: The black-bellied big bad wolf and the cunning Little Fox**

The situation was developing in a dramatic direction.

The Yan family, which had been beaten to a pulp and wanted to snatch it away, now seemed to have become a hot potato that no one wanted anymore.

Everyone was secretly speculating whether something had happened to the Yan family?

Could it be... .. That The sky was about to change ??

Yan Youcheng was so angry that his head was almost smoking!

Yan Qing had come to ask for peace, so no one knew why Yan Jun was so stubborn!

"Alright, this matter ends here." Yan Youcheng angrily blew at his beard. He directly skipped this topic and raised his wine glass to greet his friends and relatives.

The people around stood up and accompanied Yan Youcheng to finish drinking the wine.

Xia Jinqi didn't drink. When she turned around to look at Yan Jun, she couldn't help but secretly laugh. She laughed very softly and was very obscure. It could be considered as avoiding suspicion, but she was still discovered by Yan Jun..

He turned around. His pitch-black eyes grabbed her delicate little face. "What are you laughing at?"

"You did it on purpose just now, didn't you?" Xia Jinqi lowered her voice and whispered into his ear.

"You can tell?" He raised his eyebrows and glanced at the guests present without batting an eyelid. All of their faces were filled with astonishment. It could be seen that there were not many people who could tell his true intentions.

Yet, she was able to react in such a short period of time.

"You just don't want this mess, and you don't want grandfather to force you again, you black-bellied Wolf!" Xia Jinqi wrinkled her nose. She still didn't understand him!

He didn't even need to do anything himself. With just a few words, he had already gotten others involved!

Yan Jun listened to her evaluation of him. Although it wasn't very pleasant to hear, it was still acceptable.

In view of his good character, Yan Jun also smiled. "The wine glass just now was deliberately knocked down by you."

"UGH..." Xia Jinqi was slightly stunned. She raised her big clear eyes slightly and looked at him without saying anything.

"Cunning Little Fox." He also evaluated her.

Xia Jinqi,"..."

Really, A BLACK-BELLIED PERSON!!!

The two of them laughed for a while, but they still didn't see you XI come back.

Xia Jinqi narrowed her eyes and glanced at the villa behind her. She felt a little uneasy, so she stood up and said, "why isn't miss you back yet? I'll go take a look."

With that, she withdrew from the banquet.

During the banquet, no one paid attention to Xia Jinqi. Only Yan Qing found an opportunity to leave not long after Xia Jinqi left.

The banquet was still continuing.

Zuo Xiaoran, who was sitting at the next table, didn't have time to eat at all. She leaned on the back of the stool and looked at Yan Jun's table in great surprise. She sighed with incomparable emotion. "Is the world of the rich and powerful just like this?"

From her point of view, in just ten minutes, Zuo Xiaoran saw you Xi secretly glare at Xia Jinqi a few times!

Even though her Xiao Qi fought back beautifully, Zuo Xiaoran still felt that this kind of life was too tiring?

It was better to be an ordinary person... ..

Zhuge Wentao, who was sitting next to her, followed her line of sight and smiled in understanding. "where there are people, there are disputes and scheming."

"That's true, but I still think that the life of an ordinary person is simpler..." Zuo Xiaoran rubbed her arms and could not help but worry about Xiao Qi.

While she was lost in thought, Zhuge Wentao threw a heavy bomb at her. "So, this is the reason why you're unwilling to accept Shaoan?"

"..."Zuo Xiaoran paused. She didn't expect Zhuge Wentao to ask so directly!!

"I..." She hesitated for a moment and looked up at Fang Shaoan who was sitting opposite her. Seeing that he was chatting with Wen Jing, she suddenly sighed heavily. "We're not from the same world."

### **Chapter 658: you've really opened my eyes**

Ever since she was young, Father Zuo had taught Zuo Xiaoran that people should know their limits.

A commoner girl like her had never thought of marrying into a rich family, nor did she envy a sparrow turning into a phoenix.

Moreover, Fang Shaoan... .. Who knew if he was on a whim and desperately wanted to get what he couldn't get, but after he got bored, he threw it away??

Zuo Xiaoran didn't have such confidence. She didn't believe in herself, and she also didn't believe in Fang Shaoan.

Therefore, she had been avoiding this matter.

Zhuge Wentao looked at Zuo Xiaoran in surprise. He did not expect her to say something like this.

Zhuge Wentao had seen many young and beautiful girls like her. Before Yan Jun got married, they went out to rent a place, and the brothers who came all brought girls like her with them.

Most of them came from poor families and were kept by rich young masters.

The mountains of gold were changed one by one, and their expressions did not change.

However, Fang Shaoan was eagerly sent to her, and Zuo Xiaoran was still unmoved.

He now began to understand why Fang Shaoan was so infatuated with her.

"If you don't even try, how do you know that you two are not from the same world?" Zhuge Wentao asked her back.

Zuo Xiaoran shrugged her shoulders and replied as if it was a joke, "stop joking."

After saying that, she turned her attention to the plate in front of her. "Let's think of a way to fill our stomachs first!"

Seeing that she was only focused on eating, Zhuge Wentao could not help but raise his eyebrows.

On the other side, Fang Shaoan had already recovered from Wen Jing's confused stocks. When he looked up, he saw Zhuge Wentao putting food into Zuo XIAORAN'S BOWL!

When he saw that Zuo Xiaoran did not reject him, he even raised his head and smiled at Zhuge Wentao...  
...

His heart was burning with anger. Fang Shaoan wanted to cry but no tears came out. He clenched the fork in his hand tightly and made a series of scratches on the table!

Why had he never seen Xiao ran smile at him so gently before! ! !

He was so angry that he cried... ..

"..."

When Xia Jinqi walked into the villa, she saw the maid hurriedly walk out with a panicked look on her face.

"What happened?" Xia Jinqi asked with a frown.

Only then did the maid see that it was young Madam who had come in. She quickly said, "Young Madam, Miss You has been in the bathroom all this time and she doesn't come out. Furthermore, her voice sounds a little strange..."

"I'll go and take a look." Xia Jinqi immediately had a bad premonition. She quickly ran in and knocked on the bathroom door. "You Xi?"

There had been no reaction in the room, which made Xia Jinqi nervous.

Could something have happened?

"Go and get the spare key," Xia Jinqi turned her head and ordered. The maid turned around and was about to look for the key when the door was opened.

Xia Jinqi immediately turned around and saw you Xi's Pale face. She almost floated to the door like a ghost.

"You..." Xia Jinqi wanted to ask if she was okay, but when she thought of the two of them, she swallowed her words.

You Xi held the Cigarette Butt in one hand and took a deep breath. Then, she spat out the smoke ring in Xia Jinqi's direction. "What are you doing here? Not only did you spill the wine, but you're also here to watch my show?"

She didn't look strange at all.

But just now, the maid said that there was a strange sound coming from inside... ..

Xia Jinqi slowly walked in and quietly sized up the entire bathroom. "Yes, I'm here to see if you're hiding inside and crying."

She immediately retorted, but Xia Jinqi did not find anything unusual.

You Xi narrowed her eyes and sized up Xia Jinqi. "Xia Jinqi, you've really opened my eyes."

### **Chapter 659: now, I have someone I should protect and want to protect**

"Is that so?" Xia Jinqi smiled as she looked back at you Xi, calmly waiting for her next words.

You Xi took a deep puff of her cigarette and frowned as she looked at Xia Jinqi. Her eyes were filled with doubt. Only then did she realize that she seemed to have never seen through this woman from the beginning to the end?

"I heard from Xia Mingzhu that you've been disliked in the Xia family since you were young. Even the servants didn't give you a good look. You're a weak and useless good-for-nothing!"

Xia Jinqi quietly listened to Xia Mingzhu's three words. She didn't even need to think hard to know that Xia Mingzhu and Yan Qing had formed an alliance.

After much deliberation, Yan Qing finally chose the Xia family.

"So?" Xia Jinqi raised her eyebrows and asked you Xi in return.

She was a useless piece of trash that everyone knew, so what happened next?

"But just now, not only did you pour red wine on me, you even took the initiative to strike first, making it impossible for me to expose that you were behind this," you Xi said slowly. She was answering Xia Jinqi's question, but at the same time, she was speaking to herself.

Was there a mistake somewhere?

She still remembered that when she was in Las Vegas, she deliberately poured hot water on her own hands in an attempt to frame Xia Jinqi. However, she was inexplicably resolved by Xia Jinqi with a few words.

At that time, she did not take this matter seriously at all. After all, her hands were hurting, and her heart was also hurting. How could she calm down?

Tonight's incident could be considered as a wake-up call for her. She finally remembered everything.

Xia Jinqi listened to her explanation and nodded in agreement.

"The yan family wanted to form a marriage alliance. No one chose, but they chose you. Xia Tianjiao fought with you, and in the end, not even her bones were left. The hospital exploded, and everyone thought you were dead. In the end, you're alive again?" You Xi finished speaking She took another deep drag on her cigarette, suddenly feeling that all of this was too much for her brain!

Why didn't she notice it earlier?

The series of things that happened to Xia Jinqi were all so unbelievable!

Xia Jinqi continued to nod. She didn't expect you XI TO BE SO SMART... ..

However, she forgot one thing, and Xia Jinqi helped her to add, "I also have a mysterious cousin. "

You Xi, "..."

As if she finally realized something, you Xi looked at Xia Jinqi with a face full of gold. "Who exactly are you? !"

You Xi's question really stumped Xia Jinqi.

She... .. What kind of person was she ? ?

The Xia family's unloved trash?

The daughter-in-law selected through the Yan family's political cooperation?

The Ji family's heir?

"Me... " Xia Jinqi thought for a moment and redefined her identity. "In any case, I'm not a good person. "

You Xi's posture of holding the cigarette in her mouth was suddenly stunned... ..

Taking advantage of this moment, Xia Jinqi took a few steps forward and looked deeply into you Xi's eyes.

"In the past, I didn't bother with you because I didn't care about what you guys did. Now, I have people that I should protect and want to protect. If you dare to hurt them in the slightest, I will never let you off! "

A cold fury seethed in her clear eyes. Xia Jinqi looked into you Xi's eyes, which were filled with threats and warnings!

She had never spoken to anyone so harshly before!

This time, you Xi and Yan Qing really caused fear to rise from the bottom of her heart... ..

When these two dark and terrifying people were together, who knew what they would do!

Before that, Xia Jinqi was already feeling uneasy.

You Xi was also shocked by the current Xia Jinqi.

Her teeth trembled slightly, and she hurriedly averted her gaze. She didn't dare to look into Xia Jinqi's eyes for even a second.

The shock that struck her soul directly made it impossible for her to look into her eyes... ..

**Chapter 660: She betrayed their past**

Xia Jinqi didn't look at her anymore. She turned around and was about to leave.

You Xi stared at her back and shouted unwillingly, "Do you think you can scare me like this? Xia Jinqi, if I were you, I wouldn't be showing off here. I should go see if your children are okay!"

As soon as she said this, Xia Jinqi immediately tensed up. "You better not take my words as a joke!"

After saying this, she couldn't be bothered anymore and rushed upstairs!

She didn't even see a single servant on the way up!

The uneasiness in her heart suddenly intensified!

The lights in the corridor on the second floor were not turned on.

The room was only emitting a faint halo.

There was a banquet in the courtyard, so very few people noticed the upstairs, not to mention such a dark night.

Xia Jinqi rushed back to Yu Han and Yu Sheng's room in one go. After she clearly saw the situation in the room, her pupils suddenly shrank! !

In the dark room, only the two or three months' light from outside the window shone on the tall figure standing next to the crib.

That person seemed to have sensed Xia Jinqi's existence as he turned his head leisurely to look at her...

...

He did not hide his true appearance, and there was a hint of a sinister smile on his lips. He looked extremely like a devil born from purgatory.

Xia Jinqi held her breath.

It was Yan Qing.

"What do you want to do?" When she asked this question, Xia Jinqi could clearly feel her voice trembling!

No, it was not just her voice, her entire body was trembling!

Because she could clearly see that at this moment, Yan Qing's hand was gently touching Xiao Yuhan's neck!

The child was sound asleep and did not notice it at all. He did not even cry or make a fuss!

Xia Jinqi did not dare to think about what Yan Qing would have done if she had not left the table to look for you Xi and if she had not come upstairs?

"Xiao Qi, you're here." Yan Qing did not answer the question. His tone was calm and he greeted Xia Jinqi as if nothing had happened.

Just like many years ago in midsummer, when it was summer break, he had arranged to meet her at a cafe near the school.

She reviewed her homework while he marked the test papers.

She always liked to order a Cappuccino, but she didn't drink much.

He liked MOCHA, and occasionally ordered two cups.

He always arrived before her, and then waited quietly for her.

At that time, even every minute and second spent in waiting was so sweet... ..

Until she ran breathlessly, he would smile and look up at her and say, "Xiao Qi, you're here. "

What a beautiful memory.

Unfortunately, now only he was immersed in the memories of the past.

And she had betrayed their past.

She had fallen in love with another man.

Xia Jinqi bit her lower teeth. After taking a deep breath, she forced herself to calm down!

"Yan Qing, what on earth do you want to do? "

"shhh... " Yan Qing put his index finger to his lips and made a gesture to silence her. "You're so loud, be careful not to wake the child. "

After saying that, Yan Qing shifted his gaze again and picked up Xiao puff.

"She really looks like you. When she grows up in the future, she will definitely be very beautiful... " Yan Qing was still sizing up Xiao puff who was sleeping soundly, as if she was his child.

"..."Xia Jinqi was completely stunned.

She had not seen a single servant along the way. He was the one who dismissed her, right? ! !

After sending everyone away, he came to the children's room alone. What was he trying to do! ! ! !
