

Trick Me 661

Chapter 661: I want them to become my children.

And the way he looks now, he looks so sick and twisted.

When he hugged Xiao puff, it was the same as pinching Xia Jinqi's life!

"Unfortunately, she is not my child." Yan Qing turned his head and looked at Xia Jinqi. "Xiao Qi, how good would it be if she were our child?"

His back was facing the cold moonlight that spilled in through the window. Xia Jinqi could not see his current expression at all, she could only hear the coldness in his voice.

"Yan Qing, it's all in the past. Whether it's good or bad, it's all in the past. Why can't you just let go of everything and live a good life?" Xia Jinqi was so anxious that her voice was tinged with tears!

She was already a mother. How could she calm down when she saw her child being threatened by his life!

She panicked. It was as if the world was falling apart.

"Let go of everything and live a good life..." Yan Qing repeated her words. He raised his head and let out a long sigh. "It's easy to say. You've never experienced the pain that I've endured. How can you know how sad my heart is?"

"Then what do you want?" Xia Jinqi took a deep breath and clenched her fists. Her footsteps moved slightly, wanting to take the opportunity to get close to Yan Qing.

"What do I want..." Yan Qing was like a repeater. He repeated every word that Xia Jinqi said.

His movements were very slow, and his tone was very slow. He was completely different from how he used to be.

The current him was even more cynical and twisted.

After a moment of silence, Yan Qing suddenly lowered his eyes. He looked at Xiao puff and then at Xiao Yuhan. "I want them to become my children."

"Are you crazy?" Xia Jinqi was shocked. Yan Qing's words were simply a fantasy to her!

"I'm not crazy." Yan Qing turned his head abruptly and met Xia Jinqi's cold gaze. It was as if he had just realized that Xia Jinqi was already so close. He hurriedly berated her "If you take another step closer, I'll break this child's neck!"

Xia Jinqi felt as if she had been hit in the head. She immediately stopped in her tracks and did not dare to move at all!

"You... you calm down..."

She took a deep breath and clenched her fists. Her nails had already sunk deep into her flesh. The pain that came charging at her made her force herself to remain calm!

“The one who should calm down is you!” Yan Qing shouted back. His red eyes stared at Xia Jinqi, furious and terrifying!

After drinking, Yan Qing smiled again.

His smile was extremely clear and bitter, carrying a heavy pain.

“Xiao Qi, why did you fall in love with someone else? You even gave birth to two such cute children for him...” as Yan Qing spoke, he reached out and gently stroked Xiao puff’s fair little face.

Every time his hand moved, Xia Jinqi’s heart thumped heavily!

“You clearly know that Yan Jun stole everything that should have belonged to me. You clearly know that I hate him... but you just don’t love anyone. You just love him...”

Xia Jinqi’s heart almost jumped out of her chest when she heard that, but there was nothing she could do!

Since Yan Qing dared to come in, he must have already arranged everything. He wasn’t afraid that she would call for help.

Moreover, she didn’t even dare to move now. Xiao puff was in his arms. If he got emotional and really did something to Xiao puff, she would regret it for the rest of her life!

She gritted her teeth, but her red eyes forcefully held on. She would not allow herself to lose control at such a time!

She was trying her best to find a way to stabilize Yan Qing’s emotions. “Yan Qing, the Yan family is still yours. No one can take it away...”

Chapter 662: would never have a man who could move her so much

Unexpectedly, Yan Qing replied her with extreme clarity, “you’re wrong. The Yan family was never mine from the start. My father wanted to leave everything to Yan Jun... I was just a tool to train Yan Jun.”

Speaking up to this point, Yan Qing sneered coldly.

He was really stupid.

At the beginning, he actually gave up on Xia Jinqi just because of a word from his father.

In the end, his mother was gone, and the woman he loved also became someone else’s.

Now, he had nothing left.

What was the point of keeping this cold-blooded and suffocating family?

He might as well destroy them all... ..

Xia Jinqi didn't know what Yan Youcheng was thinking, but at the moment, in order to save Xiao puff, she could only say, "your father still loves you very much. He will definitely make plans for you..."

"No." Yan Qing continued to shake his head. "Xiao Qi, you will never understand how cold-blooded they are. My father is like this, and Yan Jun will be like this too..."

As they spoke, Yan Qing carried Xiao puff to the balcony and looked towards the courtyard where the banquet was held.

Downstairs.

You Xi had already returned to the banquet room. She smiled and said to everyone at the table, "Mrs. Yan picked up the phone and said that she would be coming over later. I heard from her phone that she mentioned something about father..."

After you Xi said that, Yan Youcheng and Yan Jun did not think too much about it.

Xia Jitian not coming tonight was originally a hurdle for Xia Jinqi.

Perhaps it would be good to leave some time for the father and daughter to communicate.

Seeing that no one at the table was suspicious, you Xi smiled and glanced at the villa at the side.

Yan Qing should have succeeded, right?

Otherwise, Xia Jinqi wouldn't have not come downstairs for such a long time.

To be honest, if it was her, she might not have been able to do it.

It was said that the child was only a month old. His bones hadn't even grown hard yet, right?

She was most afraid of hugging those soft and soft children. If they didn't know how to do it, they would cry and shout. It was not likable at all.

Moreover, that was Yan Jun's child.

Thinking of this, you Xi turned her head and carefully looked at Yan Jun..

"Director Yan, congratulations to you. When I was in the company, I have always been indebted to you for taking care of me..."

Hearing this, Yan Jun looked at her, his deep black eyes showing no emotion.

He did not say a word, just a look, but it still made you Xi's heart beat faster!

Never again... ..

You Xi thought so.

In this world, there would never be a man who could make her so moved.

Even if he did not say a word, he only looked at her with a cold gaze, just looking at her... ..

At that moment, she seemed to have gained the whole world.

So, in order to get him, she was willing to give up anything.

Upstairs.

Seeing that you XI had settled into her seat, Yan Qing looked back with satisfaction and looked at Xia Jinqi, who was rooted to the spot as if she was facing a great enemy.

“Don’t worry, I won’t do anything to your child, as long as you listen to me obediently...”

Xia Jinqi gritted her teeth and stared at Yan Qing. “What do you want me to do?”

“Nothing. I just don’t want to see you and Yan Jun so intimate again...” Yan Qing felt that the foreplay was enough, and Xia Jinqi was also shocked.

From now on, it was time for him to slowly negotiate with her.

“also... there should be a lot of good stuff stored in Yan Jun’s computer, right? I want you to steal everything related to the Yan Corporation.”

Chapter 663: was truly the best joke of the year

As expected, even though he said that he didn’t want the Yan Corporation, he was secretly reluctant to give up.

So, he made such a scene tonight just to make her obedient?

“okay, I promise you.” She frowned and didn’t think too much about it. She just nodded.

In the current situation, did she still have a choice?

Obviously, she didn’t have a choice at all.

Yan Qing was very smart. He knew that the child was her biggest weakness.

However, from Yan Qing’s point of view, the reason why Xia Jinqi agreed so readily was probably because she felt that as long as she could temporarily stabilize him, she would be able to tell everything to Yan Jun after she went down, and then let Yan Jun deal with him, right?

If it was him, he would definitely do the same.

However... ..

This time, after so many failures, he had more or less made some progress.

Carrying the child, he slowly walked in front of Xia Jinqi. Yan Qing lowered his voice and said word by word, “I still have to perform well in front of father, so I won’t touch your child.”

With that said, he really put the child back into Xia Jinqi’s arms.

Hurriedly carrying the child back, Xia Jinqi’s hands tightened slightly, her teeth clenched tightly.

Her daughter... ..

Seeing her like this, Yan Qing smiled again. "If you want to tell Yan Jun about what happened tonight, I won't stop you. But if you do that, the next time, what I do won't be so simple..."

Hearing this, Xia Jinqi immediately raised her eyes and looked straight at Yan Qing.

She saw the smile on his lips, and the deep pool of blood in the bottom of his eyes.

"You were right about what you said just now. I'm crazy. A crazy person who would do anything... Xiao Qi, I don't want to hurt you, as long as you do everything I say..."

He did such a terrible thing, but he told her that he didn't want to hurt her?

Ha, this was the best joke of the year.

Holding the child tightly, Xia Jinqi's eyes darkened. She questioned him coldly, "I can do as you say. But Yan Qing, you always bring up the past, but what about you? Are you still the same as you were before?"

She looked at him, every word was like a knife, every sentence was deeply rooted in her heart "It was you who said that no matter how much pain we suffer, no matter how this world treats us, we must treat this world gently. We must be gentle and kind, compatible with universal love. Have you forgotten all of this?"

Yan Qing suddenly stopped.

It was as if a hole had been opened in the bottom of his heart. There was a cold wind pouring into it, the emptiness was so empty that it made people go crazy.

He tightened the lines of his jaw, denying everything, including the past him. "You believe this kind of nonsense? Can kindness be used as food? This world only cares about the winner, it will never care about what he did before victory!"

Hearing this, Xia Jinqi completely understood.

She sneered in a low voice. "Hatred has blinded your heart. Now, you won't listen to what I say, right?"

"Yes!" Yan Qing's eyes were red as he glared at Xia Jinqi. He hated and hated the past him that she described!

If it wasn't for that cheap kindness and forbearance, he wouldn't have watched his mother die helplessly!

"Okay, everything will be as you wish." Xia Jinqi took a deep breath, bypassed Yan Qing, and placed Xiao puff in the crib.

The little guy seemed to have been disturbed. He pouted his cute little mouth and waved his little hand. It landed beside his brother's hand as if he had found a sense of belonging and fell asleep peacefully.

Chapter 664: deliberately kept a distance from Yan Jun.

Seeing that Xia Jinqi was so cooperative, Yan Qing suppressed the boiling hatred in his heart and said gently, "I'll go down first. You can come down in five minutes to prevent Yan Jun from suspecting you."

With that, he gave Xia Jinqi a deep look before he left.

Xia Jinqi did not turn back to look at him. She only sneered. If she went down in five minutes, would Yan Jun not suspect her?

He had underestimated Yan Jun too much.

A moment after Yan Qing left, all the lights in the corridor suddenly turned on.

The servants who had gone to god-knows-where had all returned.

When the servants who were responsible for taking care of the two children returned, Xia Jinqi asked casually, "where did you go?"

"Just now, second master said that Young Madam asked us to leave for a while, so..." the few maids looked at each other, not knowing what had happened.

Seeing their expressions, Xia Jinqi did not ask further, only saying, "take good care of them."

"Don't worry, Young Madam."

Xia Jinqi kissed the foreheads of the two children one by one, then turned around and went downstairs.

Yan Qing had used his identity to be at ease in the Yan family.

And since he had promised not to touch the two children, then at least until she obtained the so-called secrets of the Yan family from Yan Jun, he would not make a move again.

However... ..

In this way, there would definitely be a gap between her and Yan Jun..

Was this Yan Qing's plan?

To obtain the Yan family and drive a wedge between her and Yan Jun..

The trust that she and Yan Jun had painstakingly built up, was it going to be tested so soon?

Was it going to be a victory after holding on, or was it going to be a failure during the test?

No one could say for sure.

?`?`?

The banquet was still continuing.

Yan Jun had waited for a long time, but Xia Jinqi was still not back. His heart was already feeling a little uneasy.

Just as he was about to get up to look for her, he saw Yan Qing slowly walking back. The corners of his mouth were still as light as before, leisurely chatting and laughing with Yan Youcheng.

You Xi also turned her head to look at Yan Qing. Their gazes met in the air, and then Yan Qing nodded slightly, almost imperceptibly.

Yan Jun sized her up without batting an eyelid. He picked up the wine glass on the table and took a small sip.

Not long after, Xia Jinqi would also come.

Unlike before, her face was a little stiff when she came back this time.

After she sat down, it was obvious that she was not as lively as before.

Yan Jun sized her up for a moment and asked casually, "why have you been gone for so long?"

"I'm a little... uncomfortable." Xia Jinqi randomly found an excuse and instinctively wanted to smile at Yan Jun, telling him not to worry ...

However, the corner of her eyes quickly caught Yan Qing's extremely displeased gaze, and Xia Jinqi's smile immediately froze on the corner of her mouth.

She could only avoid Yan Jun's gaze and bury her head in pretending to be enthusiastic about the food on her plate.

Before she could think of a way to solve the current predicament, she could only deliberately maintain a distance from Yan Jun..

Yan Qing's threat was still ringing in her ears.

She was not afraid of a direct confrontation because that way, she could still be aboveboard and aboveboard.

The most difficult to deal with was Yan Qing's sneaky move, which was impossible to guard against.

When Yan Qing saw Xia Jinqi stiffly treat Yan Jun, the smile on his face became even wider.

He seemed to be very satisfied with Xia Jinqi's performance.

It was still Xia Mingzhu's idea that worked, making him use Xia Jinqi's child as a threat.

Speaking of which, Yan Qing also thought for a long time. Other than the child, what other weakness could Xia Jinqi have?

She seemed to be even stronger than he had imagined.

While Yan Qing was sneering, he didn't notice Yan Jun who was drinking and glancing at him from the corner of his eyes.

Chapter 665: After all, it was not easy to walk in the dark... ..

He could see through Xia Jinqi's eyes and actions when she was looking at Yan Qing.

Yan Jun did not expose her. He just quietly observed her.

Not long after Xia Jinqi left the table, Yan Qing also found an opportunity to leave.

Now, the time when the two of them came back was so close... ..

If he did not notice anything strange, Yan Jun would have wasted all these years.

If the two of them met in private, it was really nothing.

In the past, Yan Jun would be jealous, he would mind, and he would be jealous.

But now, it was different. He could trust Xia Jinqi and know that she didn't have any improper thoughts towards Yan Qing.

But... In these short ten minutes, how did Yan Qing Threaten Xia Jinqi ? ?

His gaze unconsciously fell on Xia Jinqi... ..

Yan Jun could feel that she was refusing to make eye contact with him. Was she hiding something?

Xia Jinqi basically didn't care about what happened in the second half of the banquet, who said what to whom at the dinner table.

She was immersed in her own world, thinking about how to resolve the crisis in front of her.

And she also couldn't guess what Yan Qing was going to do next... ..

As a result, she was almost unconscious. From time to time, her gaze would fall on Yan Qing, trying to find any clues from his every move.

But he really hid it too well. Throughout the whole process, he was smiling. Not only did he not let Xia Jinqi notice anything, but it actually made Yan Jun frown.

In the second half of the banquet, Xia Jinqi's days seemed like years.

After the banquet ended, all the guests dispersed. Yan Jun was also prepared to bring Xia Jinqi and the children to Qingxin Garden.

However, Yan Qing stood out to stop him. "It's already so late, why are you still leaving? I've waited so long for you guys to come back. After all, it's not easy to walk at night..." "

When he said this, Xia Jinqi's heart immediately jumped.

Yan Qing could do these things under the watchful eyes of the Yan family. Even if he set up an ambush on the night road, Xia Jinqi would not find it strange at all!

She immediately tugged on Yan Jun's sleeve. "Why don't we stay here for the night?" "

Yan Jun turned back when he heard that. His pitch-black eyes scrutinized all the expressions on Xia Jinqi's face.

Xia Jinqi, on the other hand, felt a little guilty when she looked at her. She lowered her eyes as if she did not care, but at the same time, it was as if she was emphasizing Yan Qing's last sentence. "after all, the night road is not easy to walk on. "

How could someone as wise as Yan Jun not hear Xia Jinqi's emphasis?

Everyone knew that the night road was not easy to walk on.

But both of them were repeating the same thing.

One was arrogant and contemptuous, while the other was careful.

It was absolutely impossible to say that there wasn't a single problem.

Moreover, Yan Jun had experienced Yan Qing's methods before.

If he stayed in the Yan family, would he dare to do anything in front of everyone?

Yan Sheng and Ji Xinyu also said, "yes, why don't we stay here for the night?"

Immediately, they let go of their furrowed brows. Yan Jun's thin lips curled up slightly. "Alright, let's stay here then."

Hearing his words, Xia Jinqi didn't relax at all.

The road at night was dangerous, but the Yan family was also not safe.

Yan Qing watched with satisfaction as he controlled the entire situation, making these two people have no choice but to obey him. The emptiness in his heart was greatly satisfied!

The insufferably arrogant Yan Jun, you also have this day?

The car won't kill you, the poison won't kill you. Don't worry, I still have many fun things waiting for you.

Don't you love Xia Jinqi deeply?

Then you will personally taste the taste of being betrayed by the woman you love deeply. How Sour and refreshing it is!

Chapter 666: doesn't interest you at all

Tonight's plan was progressing so smoothly that Yan Qing was humming a tune while driving you Xi back.

You Xi was affected by his emotions. Recalling Xia Jinqi's defeated look, she sneered, "I didn't expect you to actually succeed."

To Threaten Xia Jinqi in front of Yan Jun was already an incredible thing. You Xi originally thought that Yan Qing would definitely fail.

Who knew that he actually did it.

As Yan Qing drove, he recalled what happened tonight. His usually delicate and pretty face now gave off a sinister smile of success.

"A month's time, not much, not little. Does Yan Jun still think that the Yan family is his world? Don't be too nave."

During the time that Yan Jun left, the Yan family had already undergone a drastic change. Other than some of the older and more qualified elders, the rest had long become Yan Qing's confidants.

"You can threaten Xia Jinqi in the Yan family, but what if you leave the Yan family? If Xia Jinqi leaves with the child and hides somewhere else, do you think you can still threaten her?" You Xi hesitated for a moment before asking.

She had just heard Yan Jun say that he wanted to take Xia Jinqi away, but Yan Qing had stopped him.

In the long run, it would definitely be impossible.

Yan Qing's plan still felt like something was missing.

You Xi had just finished asking when Yan Qing stepped on the brakes. Instantly, an ear-piercing screech of the brakes resounded through the sky!

Because of inertia, you XI'S ENTIRE BODY LEANED FORWARD!

If she had not fastened her seatbelt, her entire body would have flown out and smashed the windshield!

You Xi, who had yet to recover from her shock, did not even have the time to catch her breath when Yan Qing sneered and spoke "Do you think I'm not even prepared for this? From the moment they stepped into the Yan family, they were already under my surveillance. I've already bribed the top three assassins on the dark flower roll, specially prepared for them..."

Hearing this, you Xi was instantly stunned and asked in disbelief, "you want to attack Yan Jun as well?!"

Yan Qing turned around and glanced at you Xi. He hated the way she looked at him to protect Yan Jun the most. It was disgusting.

"Do you know why you can't beat Xia Jinqi?" Yan Qing narrowed his eyes and sized her up for a moment before answering his own question, "you're too stupid."

"You!" You Xi was extremely angry and glared at Yan Qing. "Don't forget that I'm still your partner!"

"But from what I see, Yan Jun doesn't have any interest in you at all. I really regret whether I should find you to work with me..." Yan Qing said hatefully. His tone was filled with disgust towards you Xi.

Even Xia Jinqi knew that since he dared to threaten her openly in the Yan family, he must have been fully prepared.

You Xi couldn't understand it no matter how hard she tried. It was really stupid to the extreme.

Was she stupid herself, or did she feel that she couldn't beat Yan Jun at all in the bottom of her heart? !

She knew that Yan Qing's biggest weakness was that others said he was inferior to Yan Jun... ... Yet you Xi still stepped on him again and again. Wasn't she walking right into a gun??

You Xi's heart was already burning with anger after being rebuked by Yan Qing for a few words!

However, she suppressed her temper again and again and took the initiative to curry favor with Yan Qing. "With Xia Jinqi around, do you think he can do anything to me? Just you wait, I will find an opportunity to prove myself."

Yan Jun took the initiative to cut her off. Now, she had no way to get close to Yan Jun by herself, unless she relied on Yan Qing's connections.

It was a rare opportunity, but she had not made good use of it. How could she let it go?

Chapter 667: how could there be an immortal person in this world, an immortal country

Yan Qing was using her, but she was also using Yan Qing. It was just a mutually beneficial cooperation, so what was the point of arguing so much?

"You'd better show some ability." Yan Qing glanced at her, then started the car again and ran quickly on the road.

It was late at night.

The two little guys woke up. They were abnormally active, crying and making a scene. The servants couldn't coax them, so they could only let Xia Jinqi take care of them.

After finally coaxing the two of them, Xia Jinqi saw that the time was about right, so she connected to Ji Yunjing via video call.

The moment the video call connected, Xia Jinqi saw Ji Heng's grandfather sitting in a wheelchair. He looked good, but the wrinkles at the corners of his eyes seemed to have increased.

Ji Yunjing was sitting beside him, and there was coffee brewing beside him. He looked very comfortable, similar to what she had seen in Berlin.

Seeing them, Xia Jinqi's heart couldn't help but feel warm.

"Grandfather, cousin, we've arrived in Rao city safely." Xia Jinqi took the initiative to wave her hand and said with a smile.

Ji Heng's grandfather saw Xia Jinqi and his eyes turned red. His voice was a little choked up. "It's good that they are safe and sound. How are the children?"

"They are all asleep. They are fine. GRANDPA, don't worry about us." As Xia Jinqi said this, she saw Ji Heng's grandfather wiping his tears. "Aiya, GRANDPA, don't cry. I will visit you again when I have time..."

"

Ji Heng nodded, but he was choked with sobs.

Seeing this, Ji Yunjing turned the camera.

"How is it, Little Qi? Is Everything Okay over there?" Ji Yunjing's handsome face filled the entire screen, and Ji Heng's grandfather couldn't be seen at all.

Xia Jinqi knew that he didn't want her to see Ji Heng's grandfather be sad.

Then how could she be willing to see them be sad?

Therefore, she also concealed the situation on her side. Her eyes were also slightly red as she smiled and said, "everything is fine. Cousin, take good care of grandfather. Let him not be too sad. "

"En, don't worry. It's not early anymore. You should rest. Grandfather should sleep too. "

"Okay. Grandfather, cousin, take care of yourselves. " Xia Jinqi held back her tears and ended the call.

Ji Yunjing's screen also turned black.

He put down his laptop and turned to look at his grandfather, who had wiped his tears several times. He sighed and wanted to say something, but nothing came out.

At this moment, a gunshot came from outside the window!

"Bang! Bang! Bang! "

The exchange of fire between the two sides was very fierce.

And from the sound, the gunfight happened downstairs.

"GRANDPA, is there really no other way? " Ji Yunjing asked.

Ji Heng also heard the gunshots. He wiped the corner of his eyes and turned to look out of the window. An explosion of fire reflected on the glass window, as brilliant as fireworks.

However, Ji Heng seemed to be relieved. He slowly said, "Yunjing, how can there be an immortal person in this world, an immortal country... "

"..."

Half an hour had passed since Yan Jun received the call from Berlin.

"Is the situation there very bad? " Wang Mang stood at the side and saw Yan Jun's face suddenly turn gloomy. He also had a bad premonition.

"The Ji family has been ambushed. The enemy has brought quite a number of people and is engaged in a fierce battle. " As he spoke, Yan Jun leaned back into his chair and reached out to pinch the space between his eyebrows.

The incident had happened much faster than he had expected.

No wonder Ji Heng had been urging them to leave... ..

Chapter 668: was so angry that he even killed his own financial backer!

If it had been a day later, Xia Jinqi and the children would have been surrounded.

He thought that it would be more peaceful when he returned to Rao city, but Xia Jinqi's condition tonight made Yan Jun uneasy.

“Tell me about the situation at home.” Yan Jun put down his hands, half-closed his eyes, and pretended to be asleep.

Wang Mang said, “just as you thought, Yan Qing has arranged many of his men at home. He has put in a lot of effort during the month you were away.”

Yan Jun had already expected such a situation when he left.

He did not want the Yan family in the first place, so it would not be a big deal even if he threw them all to Yan Qing.

Now it seemed that what Yan Qing said to Yan Youcheng at the dinner party was indeed to retreat in order to advance.

After Wang Mang finished speaking, he waited for a while, but Yan Jun did not speak again, so he continued, “I also checked the surrounding movements and found a lot of strangers appear. Also... I found the death penalty criminal wanted by the police, Li Hao.”

Hearing this, Yan Jun suddenly opened his sharp black eyes and frowned, “death penalty criminal?”

Seeing that Yan Jun was finally interested, Wang Mang put a photo in front of Yan Jun..

“The dark flower assassin in the underworld is third. The second and first are his second brother, Li Kui, and his eldest brother, Li Jie.”

“The three brothers of the Li family?” Hearing this, Yan Jun remembered the three Desperados, “Li Jie is good with guns, Li Kui is good with poison, and Li Hao is good with explosives.”

The three brothers of the Li family, who had caused a stir in the Jianghu a few years ago, had done many evil deeds.

Later, they suddenly changed their names and disappeared without a trace. Even the police could not find them. How did they suddenly reappear?

“The three of them have always been a gang. They will never separate.” Wang Mang arranged the photos of the three Li brothers into a row and placed them all in front of Yan Jun..

He thought that it would take some time to explain, but who knew that Yan Jun actually knew about the three of them.

Since that was the case, it was much easier to handle.

Yan Jun narrowed his eyes dangerously and carefully looked at the three photos on the table. His well-defined fingers slowly and rhythmically tapped on the desk.

These three people would never be able to invite them unless they had a lot of money.

However, they were cruel and merciless. Unless they had a deep hatred, they would never make a move.

The only people who could find these three people at this time and surround the Yan family were... ..

After pondering for a moment, Yan Jun suddenly curled his thin lips and smiled scornfully. "I heard that these three Li brothers are the most disloyal?"

"Yes." Wang Mang nodded and scoffed at these three people. "They know how to use all kinds of dirty tricks. When they get angry, they even kill their own financiers! They are so cruel and merciless that they are on the dark flower list."

"Is that so..." Yan Jun murmured. His deep black eyes reflected the glass lamp on the ceiling and suddenly flashed with a bright light. "Go and find out what kind of enemies the three brothers have, and then release the news."

"release the news?" Wang Mang was a little confused. He didn't understand what Yan Jun was thinking.

If more people were attracted here, wouldn't the Yan family be even more chaotic?

However, Yan Jun only glanced at him indifferently. "when the snipe and clam fight, the fisherman will reap the benefits."

Wang Mang paused and immediately understood. "The three Li brothers have offended a lot of people. If these people knew the whereabouts of the three Li brothers, they would definitely not let them go! In this way, no matter who bribed the three Li brothers, they would have no time to take care of themselves!"

Chapter 669: Since he had started first, then... ... Don't stop

Yan Jun did not deny Wang Mang's explanation. He then raised his hand and said, "Go."

Wang Mang did not say anything more and turned around to give the order.

Less than an hour after the news was released, someone took the initiative to look for Yan Jun..

However, this person was not the enemy of the three Li brothers, but someone from the police.

"The three Li brothers are not ordinary killers. Why don't you let the girl bring the children to the military district to avoid them for a while?" Huo Ting's voice came from the other end of the phone, sounding distant and lonely.

Although Huo Ting was jealous of Yan Jun, he was able to act in concert with Yan Jun when something big happened.

This was because both of them were genuinely doing what was best for Xia Jinqi.

In addition to the many years of friendly relations between the two families, no matter what, it was impossible for them to really fall out.

Yan Jun listened to the phone, but his eyes shifted to the outside of the window.

The moonlight tonight was very bright and cold.

"I'm afraid we can't get away for the time being," Yan Jun muttered in a low voice.

He also knew that the military district was the safest place right now, so he would not deliberately stop them.

However, judging from Xia Jinqi's attitude tonight, she seemed to have been threatened.

On the other end of the phone, Huo Ting was silent for a long time before he asked, "is it Yan Qing?"

"..."Yan Jun did not answer.

Even if this was only his guess, it was most likely arranged by Yan Qing.

Huo Ting took it as Yan Jun's acquiescence and said, "last time, the person who knocked you into the hospital was also him, right?"

"..."

"I know you have scruples. If that's the case, leave Yan Qing to me. You protect the girl well." Without any hesitation, huo ting made a judgment.

He was not afraid of this kid who was playing tricks behind his back!

Also, the three Li brothers had been at large for several years, and the police could not do anything to them.

As the newly appointed chief, if he could capture these three people in one fell swoop, he could further consolidate his position.

Originally, when he had risen to a high position in his youth, many people under him fawned over him on the surface, but behind his back, they had always said that he had relied on his family's influence to rise to the position, and had no ability at all.

Whether or not he had taken this position out of his own heart, now that he had taken it, he had to do something!

He had to do what he was supposed to do.

Yan Jun didn't expect Huo Ting to be so decisive. When he helped him to the throne, many people were against it, but Yan Jun still suppressed all of them and helped huo ting to the throne.

Now it seemed that his choice wasn't wrong.

However, he still had to think long and hard about how to deal with Yan Qing.

"Don't be in a hurry to alert the enemy. Find an opportunity to send ah Jin and the children out first." Yan Jun opened his mouth slowly and narrowed his eyes.

Huo Ting thought for a moment and nodded. "Alright, I'll wait for your notification."

"Okay." Yan Jun pretended to hang up the phone.

However, Huo Ting took a step forward. "No matter what, protect the girls and children well."

"I know," Yan Jun replied in a deep voice.

These words were meant for Huo Ting as well as himself.

Of course, he had to protect his wife and children well!

As for Yan Qing... ..

He had to put an end to it in the end.

Since he had started first, then... .. Don't stop ...

..

After finishing the official business, Yan Jun returned to the bedroom.

The children have fallen asleep, Xia Jinqi seems to have no sleepiness, a person standing on the balcony, a stand is half an hour.

Her back was thin, and her black hair fluttered in the wind.

Long hair flying, as if the fairy in the night, so ethereal, as if the next second, she will follow the spring breeze, away... ..

Chapter 670: I'm going to sleep next door

Yan Jun's dark eyes deepened, and a huge emptiness suddenly flashed across his heart!

A panic that was about to be lost instantly gripped his heart!

He couldn't care less. He quickly walked over and forcefully pulled her into his embrace from behind!

The sudden strength and embrace gave Xia Jinqi a fright!

She immediately came back to her senses and recognized that the person behind her was Yan Jun. only then did she relax.

She reached out to caress his arm that was wrapped around her waist and asked softly, "what's wrong?"

"

Yan Jun didn't answer quickly. His eyes were tightly shut, and the lines of his jaw were tightly taut... ..

At that moment, he really thought that he was going to lose her.

Xia Jinqi didn't get an answer. She subconsciously turned around, wanting to see him, but was interrupted by a knock on the door.

"Young Madam, the bed next door has been made."

The two people hugging each other froze at the same time.

Yan Jun let go of her. His deep, Dark Eyes were bottomless. "NEXT DOOR?"

Xia Jinqi didn't have time to explain further. The maid had already pushed open the half-closed door and looked in Xia Jinqi's direction. "The young master and young miss have already fallen asleep."

Xia Jinqi was the one who had coaxed the children to sleep. The maid's unnecessary report at this moment was nothing more than a reminder to Xia Jinqi to be obedient. Otherwise, her children would be in trouble.

This person was also Yan Qing's spy.

And what did Yan Qing mean? Did he want her to share a room with Yan Jun?

Xia Jinqi secretly gritted her teeth and did not intend to explain further. She only raised her head and looked deeply into Yan Jun's eyes. "Yes, I'll sleep next door."

After saying that, she took a step forward.

Yan Jun saw her lowered eyebrows and his starry eyes darkened. He reached out and pulled her back. "What happened?"

"..."Xia Jinqi's footsteps suddenly stopped. The moment she raised her head, she saw the servant's gaze as if they were watching her.

Her heart skipped a beat. She raised her head and looked at Yan Jun with a complicated gaze. "You should rest early."

After saying that, she brushed Yan Jun's hand away and walked out of the door.

The Servant led her to the guest room next door with a respectful attitude. "Young Madam, this is the milk second master ordered to send over. He said that young Madam doesn't sleep well at night. Drinking some warm milk can help her sleep."

"En." Xia Jinqi nodded. She glanced at the glass of milk placed by the bedside. Her expression was indifferent, neither sad nor happy.

Seeing that she wasn't moving, the servant didn't urge her and respectfully left.

After she left, Xia Jinqi slowly walked to the window. She gently raised her hand and pulled open a small gap in the curtains. She looked down from upstairs.

It was only then that she noticed that there were many more security guards in the courtyard.

Most of these security guards were tall and strong. They didn't sleep at this late hour and were walking around the courtyard.

Moreover, they did not want to walk around casually. Their movements and routes were very consistent.

It was obvious that they had received professional training.

Now, the entire Yan family was probably under Yan Qing's control.

Xia Jinqi raised her thin eyebrows slightly and secretly heaved a sigh of relief.

Fortunately, she did not take Yan Qing's words to heart just now. Otherwise, she really did not know what he would do.

But even so, she could not sit still and wait for death.

After closing the curtains, Xia Jinqi locked the door and sat down by the bed.

Fortunately, her phone was still with her and she could still contact Ling Yue.

After Xia Jinqi explained the current situation to Ling Yue, Ling Yue immediately became nervous. "Miss, what should we do now? Do you want me to kill my way in?"
