

Trick Me 671

Chapter 671: now, it's my turn to protect you!

"No. Inform Master Chang Qi first and ask him to bring some people over to ambush the Yan family. " Xia Jinqi didn't want to fight to the death.

She also thought of looking for Huo Ting, but once the police were deployed, the commotion would be too big. She was afraid of alerting the enemy, so she could only find her brothers in the underworld first.

"Okay, Miss. . I'll go inform Master Chang Qi right away. " Ling Yue's reaction was very fast. She knew that the matter couldn't be delayed, so she immediately went to do it.

The phone was hung up, but Xia Jinqi did not put down her phone.

With a slight force, she turned her head to look at the next door... ..

After a wall, it was Yan Jun..

After a moment of silence, she stood up and walked to the wall. She reached out her hand to touch the cold and stiff wall.

Yan Jun, I plan to solve this matter myself.

In the past, you protected me. Now, it's my turn to protect you!

At this moment, in the next room.

Yan Jun did not sleep well. He also saw the many security guards downstairs.

He stood on the balcony, his right index and middle fingers holding a half-burned cigarette.

The white smoke that rose in spirals was like a realization in the dark night.

The security guards who came and went were attracted by the sight and stared at the towering man with extreme vigilance.

Yan Jun swept his gaze over these unfamiliar faces one by one, and an overbearing oppressive aura suddenly poured out!

It was as if a king had descended, looking down on the common people!

The security guards immediately averted their eyes, not daring to look at him, not to mention the pressure suddenly applied on their backs... ..

At that moment, they actually felt their knees go soft at the same time, almost kneeling down to show their submission!

Right at this moment, the heavy iron gate outside the courtyard was slowly opened.

A black Porsche drove in.

People around immediately stepped forward, opened the car door, and welcomed Yan Qing to alight from the car.

“Second Master, the house is very peaceful.” Someone stepped forward to report the situation.

Yan Qing nodded his head and asked again, “where’s Little Qi?”

“according to your instructions, Young Madam slept in the guest room tonight.”

Yan Qing’s lips curled up in satisfaction and he took a few steps forward. When he raised his head, he happened to see Yan Jun leaning against the edge of the balcony smoking.

For a moment, the somewhat similar eyes suddenly met!

The two forces clashed against each other, creating a powerful force in the air!

The dense branches and leaves on the trees in the courtyard were forced by the two men’s force and began to rustle... ..

No one said a word, but all the security guards present could feel the powerful pressure!

Those who could not withstand the pressure were actually weakened by the surging murderous aura and fell to the ground on the spot!

Seeing this, both sides withdrew their overwhelming murderous aura at the same time.

Yan Qing’s Crimson eyes were full of provocation. This time, he was ultimately one step ahead, wasn’t it?

On the balcony, Yan Jun, who was surrounded by layers of smoke, crossed his arms in front of his chest, allowing his fingertips to burn with scarlet. He lowered his eyes and looked down at Yan Qing from above, high and mighty, like a God, inviolable.

Such a calm and indifferent appearance had ruthlessly stabbed at Yan Qing’s humble self-esteem!

He had laid down an inescapable net this time. His victory was in his grasp. He had the best advantage and should make Yan Jun feel afraid. He should make him tremble and submit to his feet!

But why was Yan Jun still so nonchalant despite all he had done?

Could it be that everything he had done was not worth mentioning in Yan Jun’s eyes?

Gritting his teeth, Yan Qing felt a wave of resentment in his heart. Just when he could not find a place to vent it, a thought flashed through his mind.

Perhaps, Yan Jun did not know anything at all?

Chapter 672: Don’t test my patience

Xiao Qi, you shouldn’t have told him what happened, right?

She’s a smart girl. She knows what to say and what not to say... ..

Thinking of this, Yan Qing sneered coldly again. He averted his gaze from Yan Jun and returned to his villa with light steps.

Yan Jun stared at his back as he left, his black eyes slightly narrowed.

In fact, he already roughly knew about the arrangements Yan Qing had made outside.

This was originally a conflict within the YAN family. Xia Jinqi shouldn't have been involved.

He had to think of a way to send Xia Jinqi and the children out as soon as possible... ..

After a long while, Yan Jun brought the cigarette butt to his lips and took a shallow puff.

When he opened his mouth again, a thin layer of smoke slowly blew out. It transformed into the boundless darkness and soon disappeared without a trace.

Everything was illusory like a dream.

The next day.

Xia Jinqi woke up very early.

She did not sleep well last night. When the sky had just brightened, she woke up too.

She first went to see the children. Seeing that they were fine, Xia Jinqi accompanied them to play for a while longer.

Then, a servant came to inform her and Yan Jun to go to Yan Youcheng's place for breakfast. Xia Jinqi followed them.

After being married to the Yan family for more than a year, Xia Jinqi roughly understood some of the rules in this family.

Usually, if there was nothing special, everyone would eat separately. However, if there was something or a festival, Yan Youcheng would call everyone together and have a meal together.

Today... .. Was not a festival. Could it be that there was something ? ?

Just as she walked downstairs, she met Yan Qing, who was jogging in the morning.

He was wearing a white sportswear, a blue wristband on his wrist, and a pair of silver running shoes. Under the refraction of the morning sun, they reflected a little light.

The Faint Halo entered Xia Jinqi's eyes, causing her to have a momentary illusion. She thought that he was the former Yan Qing, gentle and elegant.

After a moment of absent-mindedness, Yan Qing had already walked over with a sneer on his lips. Looking into Xia Jinqi's eyes, he said with a smile, "Good Morning, Xiao Qi. "

He seemed to be in a good mood, but when Xia Jinqi met his cold eyes, she immediately recalled the change in him.

He was no longer the Yan Qing that she used to know.

She looked at him coldly, her beautiful little face tensed up, without the slightest hint of a smile.

Seeing this, the smile on Yan Qing's face gradually faded away. "Don't look at me like that. Little Qi, in the cruelty of reality, no one will not change."

"One thought of Heaven, one thought of Hell. Don't put your choices on reality." Xia Jinqi averted his gaze and wanted to take a detour, but Yan Qing caught up and blocked her way.

He lowered his head to size her up. A moment later, he suddenly laughed, self-deprecating and sorrowful. "Do you think Yan Jun is that good? Xiao Qi, you just didn't see his dark side."

"..."Xia Jinqi frowned at him and gritted her teeth.

Yan Qing didn't continue this topic. Instead, he asked, "did you get what I asked for?"

Xia Jinqi was silent for a moment, then shook her head. "I don't have a chance."

"You don't have a chance?" Yan Qing narrowed his eyes and bent down to despise Xia Jinqi. "He trusts you so much, do you think you don't have a chance? I'm warning you, don't test my patience."

"Give me two days." Xia Jinqi met his eyes without any fear and answered calmly.

After Ling Yue informed Master Chang Qi last night, master Chang Qi could bring his men over tonight at the latest.

Chapter 673: are you that desperate?

She had to buy some time to arrange and deploy Chang Qiye.

However, Yan Qing seemed to have seen through her stall for time. He narrowed his eyes and set a deadline. "tonight."

"tonight? No, it's too rushed, i..." Xia Jinqi still wanted to struggle.

Unexpectedly, Yan Qing came close to her ear and whispered softly, "Don't play tricks. Tonight. Otherwise... The ten tons of explosives buried under your feet will send you and Yan Jun up into the sky. Oh right, there's also your newborn child... they're really two cute children, I can't bear to see them..."

Ten tons... ... Explosives ? !

Xia Jinqi's breathing suddenly stopped!

She looked at Yan Qing in disbelief. Her hands that were hanging by her side secretly clenched into fists!

She had long known that Yan Qing would not come to threaten her without any preparation. Later, when she saw the extra security in the courtyard, she thought that Yan Qing had only arranged for some people to come in. She did not expect that... ..

She did not expect that he would actually bury explosives under the Yan family? ! !

"You are really crazy." Xia Jinqi finally regained her senses and spoke through gritted teeth.

Hearing Xia Jinqi's words, Yan Qing suddenly laughed maniacally again "Yes, I've Gone Mad. Even if I want to go to hell, I can't be the only one... Xiao Qi, I really love you very much. In Life, we can't be lovebirds. After we die, at least our bones have to be buried together, okay?"

Terrifying and terrifying words came out of Yan Qing's mouth, word by word.

Xia Jinqi looked at him and still couldn't believe it. This was the young professor who always liked to wear a white shirt and carry textbooks on the field.

"Yan Qing, you've really gone too far." Xia Jinqi shook her head and said with incomparable grief.

Every time Yan Qing saw the pity in Xia Jinqi's eyes for him, his heart would tremble heavily!

Suddenly, he looked away. Yan Qing no longer looked at her, and his voice became even colder. "Don't say these things in front of me. Didn't you force me to come to this point? Tonight, if I still haven't seen what I want, don't blame me for not remembering our old friendship!"

Xia Jinqi didn't speak. Her confrontation with Yan Qing was interrupted by Yan Jun who walked over from behind.

"Xia Jinqi!"

It had been a long time since she heard Yan Jun use such a tone and call her name harshly.

Xia Jinqi suddenly turned her head and saw Yan Jun in a black shirt walking out of the villa.

He furrowed his eyebrows tightly, his deep eyes tightly clutching her, with rolling anger and displeasure!

Xia Jinqi felt a chill in her heart when she was stared at by his sharp eagle-like gaze. Before she could say anything, his tall figure had already approached her!

"Last night, you insisted on sleeping in separate rooms with me. This morning, you flirted with your own uncle. Are you that thirsty?" His entire body was surging with killing intent. From his words, he did not have the slightest intention of believing Xia Jinqi.

Xia Jinqi did not expect Yan Jun to say such words. She immediately froze on the spot and looked at Yan Jun in a daze. Her mind went blank for a moment!

"Is this how you look at me?" Xia Jinqi met Yan Jun's furious gaze and asked in disbelief.

She thought that after experiencing so much between them, at least this bit of trust would still exist.

However, he used such words to heavily injure her without any explanation!

The moment he saw Xia Jinqi's large black and white eyes burst with intense grief, Yan Jun's body swayed heavily!

A dull pain in his heart suddenly hit him!

Chapter 674: was entangled with his uncle

Only heaven knew that those words were not his original intention at all.

But because Yan Qing was present, he could only act this scene to the end!

His thin lips lifted slightly as he said extremely cold words, "how do you want me to look at you? Entangled with my uncle?"

When she heard Yan Jun's words, Xia Jinqi's body trembled slightly, but the corners of her beautiful lips curled into an extremely ethereal smile.

Was it because he had never trusted her about Yan Qing?

So everything was just her wishful thinking?

Forget it.

"You can think whatever you want," she said and turned around to leave.

Yan Jun's eyes froze. The hand hidden in the pocket of his trousers secretly clenched into a fist. His fingernails sank deep into his flesh, and the pain hit him instantly.

His pitch-black eyes gradually became bloodshot, and to Yan Qing at the side, he was just jealous to the point of going crazy.

Yan Qing was naturally very happy to see such an outcome.

Moreover, Yan Jun's performance made Yan Qing firmly believe that he still did not know anything and had been kept in the dark. This was the result he was most happy to see.

"Yan Jun, have you heard of a saying?" Yan Qing walked over slowly with a thick smile on his face. "women often have a hard time forgetting their first love."

After saying this, Yan Qing happily brushed past Yan Jun's side. Even his footsteps were much lighter. It was obvious that he had let down his guard.

After the two people left, Yan Jun let out a long sigh of relief.

He released his tightly clenched hand, and his palm had already formed many marks.

Staring in the direction where Xia Jinqi had left, his face was gloomy, and a hint of pain flashed in his eyes.

Ah Jin.

Perhaps, keeping a distance from me will allow you to be safe for the time being.

This was an epiphany that came from Xia Jinqi insisting on sleeping in separate rooms with him last night.

If it was an ordinary person, they wouldn't care about these details at all.

However, since he had done so, it meant that Yan Qing was still jealous in his heart.

Since that was the case, he could only play along.

And this scene still had to continue.

“ ... ”

The whole family sat together and ate breakfast.

Xia Jinqi and Yan Jun ignored each other. Their faces were very wooden, and they barely said a word.

In comparison, Yan Youcheng's face was much better. It could even be said that he was in high spirits. He probably slept well last night.

He glanced at Yan Qing, who was sitting on his right, and asked, “Qing ‘er, your uncle di Qu said that there have been many new faces in the house recently? ”

When he said this, the people at the table had different expressions.

Xia Jinqi subconsciously looked at Yan Youcheng, while Yan Sheng and his wife looked at each other. Only then did they realize.

As for Yan Jun... ...

He was still engrossed in eating the porridge, and his actions were graceful.

It did not matter whether grandfather knew about this.

The palms and backs of the hands were all flesh. Moreover, a tiger would not eat its own son. No one would lay a hand on their own son.

Di Qu, who was standing at the dining table, frowned and waited for Yan Qing's reply.

He had actually noticed this a long time ago. At that time, he thought that Yan Qing was the one who came back to protect the house. However, the number of people had increased later on. Moreover, the way these people acted was a little strange.

They did not listen to di Qu. Instead, they were obedient to Yan Qing.

Di Qu began to be a little wary and told Yan Youcheng about this matter.

Initially, when he heard that Yan Qing had brought many new faces back, Yan Youcheng did not take it seriously.

After all, he had seen his son grow up from a young age. His character was pure and kind. He had never done anything out of the ordinary.

Chapter 675: What are you worried about?

He had always been in control. It was impossible for him to do anything out of his control.

Moreover, ever since the incident with Yan Jun and Xia Jinqi a month ago, he had been in shock and cold. He lay in bed for half a month without getting out of bed.

If it were not for the fact that he had prepared full-moon wine for his two great-grandchildren last night and came out to the front yard to have fun, he would not have known that there were so many strangers in the house.

He found out that all these were the work of Yan Qing after asking di Qu.

At that time, he was shocked, but he still did not want to believe that his own son would have any evil intentions. Hence, he chose today to ask him face to face.

Since Yan Qing dared to make such an arrangement, he had already expected that he would be asked about by Yan Youcheng one day.

As he poured more porridge for Yan Youcheng, he answered with a smile, "didn't something happen at home a few days ago? Add more people so that we can ensure the safety of our house."

A simple sentence was immediately fobbed off.

"You're still thoughtful." Yan Youcheng looked at the porridge in front of him. His heart was more or less still warm, so he did not continue to ask.

Xia Jinqi watched from the side. There were already tens of millions of animals running wildly in her heart!

As expected, she should not have placed her hopes on Yan Youcheng... ..

Even she did not dare to believe that Yan Qing could do such a thing, let alone the affectionate Yan Youcheng?

That was his son, his bloodline. Could he believe that Yan Qing would do bad things?

It looked like she could only rely on herself.

After she finished talking about Yan Qing, Ji Xinyu looked at Xia Jinqi and Yan Jun and asked, "Jinqi, will you go back to grandma's place after dinner?"

Yesterday, Yan Jun only said that he would stay for one night. According to the rules, they were supposed to take the child to see grandma.

"Uh..." Xia Jinqi paused and was thinking about how to stall for time and not go back. Moreover, with Yan Qing here, she couldn't leave even if she wanted to.

In the end, before she could finish her words, Yan Jun said, "mom, I have something to do later. I'll go back another day. Yu Han and Yu Sheng, please take care of them."

"This... What's so urgent? Let's go see grandma first. Grandma hasn't seen Xiao Yuhan yet." Ji Xinyu could already tell that there was something wrong between Xia Jinqi and Yan Jun. Just as she was about to set the two of them up, she said, "Jinqi, don't you think so? After dinner, take the child and go back to grandma's place."

Xia Jinqi and Yan Jun were in a stalemate.

Both of them knew that they couldn't leave even if they wanted to. However, Ji Xinyu and Yan Sheng were still in the dark.

Before they could reject him, Yan Qingliang's cold snort came from the other side. "They naturally have their own arrangements. sister-in-law, why are you so worried about them?" n0V**e-lb-1n**

Yan Qing's attitude was very bad. There was a hint of loathing in his arrogance.

Ji Xinyu's face twitched when she heard what he said, but she did not say anything else.

After all, Zhou Lingfang had died by her hands, and she had not been in prison for long before she was released.

She could understand why Yan Qing held a grudge against her.

Yan Sheng was anxious to protect his wife, so he grabbed Ji Xinyu's hand.

It had only been a short while since the incident. If Yan Qing wanted to overturn the case, then the matter would be difficult to handle.

But even so, Yan Sheng would not blame Ji Xinyu for the few shots she had fired.

A well-fed son who said he was killed was killed. Who could bear it?

If Ji Xinyu was really convicted, he could do it for her no matter how many years she had to go to jail!

As long as she could resolve the knot in her heart for many years... ..

Chapter 676: there was not much love between them, but the hatred was long-lasting

Yan Sheng did not speak, but on the other side, Yan Jun's face was already taut. He threw away the spoon in his hand unhappily.

"Clang..."

The spoon smashed into the plate, making a piercing sound.

The people on the table all looked at him, their eyes filled with surprise.

Yan Jun did not seem to mind at all. His body leaned back in the chair, his arms crossed.

His narrow and long Phoenix eyes narrowed slightly. Meeting Yan Qing's gaze, he said coldly, "do we need an outsider like you to interfere in our family matters?"

One sentence instantly excluded Yan Qing.

"You!" This made Yan Qing's heart burn with anger. His amber-colored eyeballs almost spat out flames. Just as he was about to flare up, he was stopped by Yan Youcheng.

"Qing 'er, Xin Yu is your sister-in-law after all. Don't be rude." Yan Youcheng pressed on the back of Yan Qing's hand and advised him earnestly.

The first half of his sentence was for Yan Qing to hear, but the second half was for Yan Jun to hear.

Unfortunately, Yan Jun did not pay any attention to him. His dark eyes that were as deep as the night were staring at Yan Qing.

Yan Qing knew very well that he had yet to accomplish his major task, so he could not anger Yan Youcheng at this time. He could only pretend to be an obedient child in front of him.

Therefore, he took a deep breath and averted his gaze, not bothering to argue with Yan Jun. "I was the one who misspoke."

These five words were spoken through gritted teeth!

However, Yan Jun merely swept a glance at everyone on the table. He was not in the mood to eat, so he got up and left.

Ji Xinyu looked at her son and knew that he was protecting her. She was both touched and a little self-reproachful at the same time.

If she had not been so impulsive back then, perhaps she would not have owed Yan Qing anything... ..

But even if time had reversed and given her another chance to start over, she would still have fired at Zhou Lingfang without hesitation.

There was no right or wrong, only what was right and what wasn't.

Yan Sheng could see through her thoughts. He sighed and tightened his grip on Ji Xinyu's hand.

Xia Jinqi, who had been playing the role of a bystander all along, suddenly felt a deep sense of helplessness.

Yan Youcheng was helpless.

The mistake from back then had already been made.

His son and grandson were on bad terms, and the family was in a mess. But he still wanted to do his best to protect this family.

Ji Xinyu was helpless.

It was supposed to be a life for a life. Zhou Lingfang murdered her son and could get away with it for 20 years. She only wanted to avenge her son, but she attracted Yan Qing's hatred. In the end, it was her fault.

How did the world become like this?

Yan Qing was also helpless.

Faced with his father's duplicity and favoritism towards Yan Jun, faced with the enemy who killed his mother, not only could he not take revenge, he had to force a smile and eat with her at the same table.

Yan Sheng was even more helpless.

His biological father personally chased away his mother and picked up a younger brother whom he did not even acknowledge and raised him by his side.

Because of this younger brother, his own biological son had even died prematurely.

Xia Jinqi swept her gaze over everyone on the Table One by one.

She discovered that although they all lived under the same roof and sat down to eat at the same table, there was not much love between them, but the hatred between them was long-lasting. n--0V e1&1n

However, it was for profit, for money, and for power.

It was these things that tightly bound them together. They were beaten until their heads were bleeding, and none of them were willing to let go.

Thinking of this, Xia Jinqi could not help but sigh in her heart.

In fact, wasn't she also in this vortex?

The only difference was that she still had Yan Jun..

But when she thought of Yan Jun's words just now and his cold gaze, Xia Jinqi felt a little apprehensive in her heart.

Would Yan Qing become a permanent barrier between them?

Chapter 677: The password was wrong

Xia Jinqi retracted her thoughts and smiled coldly.

She still had time to watch other families rise and fall together. Wasn't the Xia family, which she grew up in, equally incredible?

Her parents were on bad terms, her sisters were on bad terms, and the four siblings were now falling apart and going their separate ways.

The Ji family was even more of a tragedy.

The death of a man before his death had also become Ji Heng's eternal pain in his heart.

Really, every family had their own difficulties... ..

The breakfast tasted like wax.

Xia Jinqi also ate hastily and went back to look after the children.

When she passed by the courtyard, she found that the security guards who were frequently active at night had disappeared. There were very few servants coming and going. There were only a few who were trimming the flowers and plants, and some who were delivering things to the kitchen.

It seemed that Yan Qing did not dare to be so arrogant during the day. Yan Youcheng could still suppress him for the time being.

When they returned to the room, the two children were already awake. After feeding them one by one, the servants suggested that they take the children downstairs for a walk.

The Spring Sun was the warmest. It was good for the children to go downstairs and bask in the Sun.

Xia Jinqi thought about it and agreed. She nodded. "Let's go. We'll go downstairs for a walk."

When they passed by Yan Jun's study, they happened to see that the door was ajar.

Xia Jinqi then poked her head in to take a look. There was no one inside.

Yan Jun had not even finished his breakfast. No one knew where he had gone, and he was not in the study either.

A plan suddenly appeared in her mind. Xia Jinqi said to the servant, "you go downstairs first. I'll go to the bathroom."

"Okay, Young Madam." The Servant did not suspect him and brought the two children downstairs first.

After she left, Xia Jinqi flashed into Yan Jun's office.

It was not her first time coming here. It was just the first time she sneaked in when Yan Jun was not around.

Xia Jinqi did not have the mood to go through the rows of bookshelves. She went straight to the office desk.

There was a laptop on the desk. Yan Jun usually used this computer when he worked.

There should be something that Yan Qing wanted inside, right?

But... ..

Xia Jinqi didn't really intend to give that so-called yan family thing to Yan Qing. She only wanted to get some unimportant data and use it to deceive Yan Qing first.

If that was the case, she had just turned on the computer and she was already dizzy.

She actually needed a password to activate it... ..

Even Xia Jinqi couldn't help but twitch the corner of her eyes!

"Password... There's actually a password? No wonder Yan Qing insisted on me stealing the data. Maybe he had already tried it before..." Xia Jinqi muttered, suddenly feeling extremely terrified as she thought about it !!

So, Yan Qing had already had this idea since long ago?

Xia Jinqi couldn't care less about those things, so she began to try the password.

Yan Jun's birthday.

Yan Jun's parents' birthday.

Yan Jun's grandparents' birthday.

None of them were right!

In the end, she even tried her own birthday, but it was still wrong... ..

Xia Jinqi was a little speechless.

What kind of password was it?

She even tried 123456, but it still didn't work.

She fell into an extremely frustrated silence. Xia Jinqi inadvertently glanced at the photo frame on the office desk.

Inside was the wedding photo taken by the two of them at the beach.

She didn't know what she was looking at, but she was smiling very happily. Meanwhile, his deep gaze was fixed on her face, deep as the sea.

Back then, he didn't want to get married at all. She was the one who chased after him... ..

Xia Jinqi couldn't help but laugh out loud. She picked up the photo frame and gently stroked it with her green fingertips over and over again.

Even she herself couldn't tell where she got the courage to insist on marrying him.

Chapter 678: wedding anniversary

Now that she thought about it, she couldn't help but laugh at herself back then. Why was she so childish?

However, that should be the wisest choice she had ever made in her life. There was no other choice... ..

Just as she was smiling like this, an idea flashed through Xia Jinqi's mind. She suddenly thought of a possibility!

Could it be... ..

Her slender eyebrows suddenly furrowed. Xia Jinqi hurriedly put down the photo frame and keyed in their wedding anniversary on the computer.

The moment she keyed in the car, the computer was unlocked.

She immediately entered the desktop, but Xia Jinqi was a little dumbfounded... ..

Yan Jun's Password was actually this?

She didn't know how to describe her current state of mind. Xia Jinqi only felt that all of a sudden, she had mixed feelings.

She had never been so calm before.

After she calmed down, her entire body was covered in cold sweat... ..

Did she do something wrong?

Yan Qing used the child as a hostage and buried so many explosives at home, forcing her to steal Yan Jun's information. He even forbade her from letting Yan Jun know.

It was not that she had not thought of telling Yan Jun secretly, but acting was always acting, so there would be flaws.

What if Yan Qing saw that flaw and wanted to use it to do something else? Then it would be over.

Only by acting as herself would the flaw not be found.

She had always done this, and she also wanted to rely on her own strength to resolve this crisis.

But... ..

She had unintentionally gotten so close to Yan Qing in the midst of being threatened. It was already very unfair to Yan Jun, and now she even came to steal his business secrets.

If Yan Jun found out about such betrayal and deception, would he forgive her?

Probably not... ..

Even she could not forgive herself.

However, the lives of two children and the entire Yan family, how was she going to make a decision?

Life was not like a movie. There were no rehearsals and no chance to cut back.

The hesitation only lasted for a moment.

Xia Jinqi took a deep breath and tried hard to calm herself down. She began to search through Yan Jun's computer.

She didn't deliberately look for the so-called information about the Yan family. Instead, she randomly found a harmless data and imported it into the USB drive.

By the time she was done, she was already drenched in sweat.

She carefully closed the computer and stood up to leave. Xia Jinqi's entire body froze in an instant.

Her clear eyes suddenly became empty.

She looked at the door in disbelief... ..

She didn't know when Yan Jun had arrived.

His figure was slender and lean against the door. His expression was cold and his eyelids drooped slightly.

Perhaps he had sensed her gaze, he slowly raised his eyes, and his sharp gaze immediately landed on her small face.

It was only a few steps away, but this gaze made Xia Jinqi feel that there seemed to be a thousand mountains and ten thousand rivers between the two.

"What are you holding in your hand?" Yan Jun opened his mouth, and his slightly angry voice drifted over.

Xia Jinqi subconsciously tightened her grip on the USB in her hand. She suddenly understood that perhaps this was Yan Qing's true intention... ..

It didn't matter whether it was data or not. What Yan Qing wanted was only to create a gap between the two of them... ..

If that was really the case, then she thought that Yan Qing's goal had been achieved.

That was because she saw the silent army in Yan Jun's eyes.

Facing such a Yan Jun, Xia Jinqi could only clench her teeth and not say a word.

Could she tell him that she stole the data from his computer?

They both knew the same thing in their hearts, but they couldn't say it out loud.

And when Yan Jun saw her pale face, he quickly guessed that she must have taken something.

Chapter 679: I want You can do whatever you want

Whatever she wants, just tell him.

But she didn't say anything. She secretly opened his computer while he was away.

"I know you're not interested in these things." Yan Jun frowned, pain rolling in his deep black eyes.

One was Lego, the other was the Ji family. It was no exaggeration to say that the current Xia Jinqi was below one person and above ten thousand people.

She definitely wouldn't have any designs on his business.

Xia Jinqi's eyes reddened. Even now, he still didn't doubt her?

This fool!

What if she really took a fancy to his family business and wanted to take it for herself? !!

"things have already come to this. It's useless to say anything more. I want the things. You can do whatever you want." Xia Jinqi stubbornly bit her chin and averted her gaze, not daring to look at Yan Jun..

After she finished speaking, Xia Jinqi had already walked quickly towards the door.

The instant she brushed past Yan Jun, Yan Jun clearly saw a teardrop fall from her cheek.

Yan Jun frowned slightly, and the lines of his jaw suddenly tensed up.

His deep, ink-like eyes shone with a sharp, cold light.

"..."

Xia Jinqi walked quickly all the way until she could hide at the corner of the stairs. Only then did she stop and wipe the tears off her face.

She carefully put away the USB. She turned around to look behind her, but Yan Jun did not chase after her.

She took a deep breath and waited for her emotions to calm down before she went to the courtyard.

Ji Xinyu had arrived at some point in time. She was playing with the two children with the servants.

“Xiao puff is so obedient. Does she know that Mommy is here?” Ji Xinyu was just wondering why this little guy kept staring in one direction. It turned out that Xia Jinqi was here.

Such a small child already knew how to recognize people.

The Servant next to her hugged Xiao Yuhan and smiled. “Isn’t that so? Young Master also knows that Mommy is here. He can’t bear to look away!”

Being stared at by the two little guys at the same time, the gloom in Xia Jinqi’s heart was instantly swept away.

Taking Xiao Yuhan from the servant’s arms, Xia Jinqi looked at Ji Xinyu. “Mom, your health isn’t good. Don’t keep hugging her.”

“It’s fine. My old illness is long gone. I’m happy just looking at these two children.” Ji Xinyu couldn’t bear to let go of Xiao Puff.

It was said that the next generation of relatives had to wait for the next generation. Grandma always had to love her grandchildren.

Seeing this, Xia Jinqi stopped mentioning it. Instead, she held Xiao Yuhan and sat on a stone bench at the side, adjusting his little hat. “Our Yu Han seems to have gained weight again!”

She remembered that when this child was just born, he was so small and skinny. He looked so pitiful.

It had only been a little over a month, but he was already so fair and Chubby. Xia Jinqi even found it hard to carry him.

Ji Xinyu also carried Xiao puff over. Comparing the two siblings, she smiled and said, “after all, he’s a boy. If he eats more, he’ll grow faster!”

Hearing this, Xia Jinqi looked at Xiao puff again. “You have to eat more too, so you can grow faster, understand?”

“Yi...” Xiao puff moved her little mouth. She didn’t understand what her mommy was saying anyway. She just thought it was fun and agreed with her.

This made Ji Xinyu burst out laughing again. “Look, she seems to understand such a small person!”

On the other hand, Xiao Yuhan was always indifferent. He just looked at his mommy, grandma, and the surroundings quietly. Occasionally, he would smile.

Xia Jinqi couldn’t help but feel a little worried. Yu Han was only so young, but he already had the demeanor of a father. When he grew up in the future, he wouldn’t be as cold as Yan Jun, right?

Well, if that was the case, it wouldn’t be easy to chase a girl... ..

Chapter 680: As long as the heart knows that it is wrong, there will always be redemption

“Yu Han, you have to smile more, understand?” Xia Jinqi quickly corrected this child’s temperament during his early education.

“If he is older, he will understand what you mean.” Ji Xinyu watched from the side and passed on her experience. “after three turns and six sittings, he will be able to turn himself around by three to four months!”

“Then when can he walk?” Xia Jinqi was like a curious baby as she pressed Ji Xinyu.

“It’s still early! I think it will be around ten months! It’s early to talk. Now, you can often talk to them. The grandson of Madam Liu of Wanhe group will be able to call his parents by four months!”

Xia Jinqi listened with relish and lowered her head to look at the two babies. “really? It feels so magical...”

It was only for a short while that she could wholeheartedly take care of the two children.

She really hoped that they could grow up healthily... ..

Seeing that Xia Jinqi was very curious about the children, the smile on Ji Xinyu’s face slowly disappeared.

She hesitated for a long time and decided to talk to Xia Jinqi.

“Jinqi, there’s something I want to hear from you...”

“Sure, go ahead.” Xia Jinqi did not think too much about it. She wiped the corner of Yu Han’s mouth as she spoke.

Ji Xinyu looked at her with a hint of sadness in her eyes. “At that time, I only wanted to take revenge for my Qi’er.”

When she said this, Xia Jinqi was also slightly stunned.

She did not expect Ji Xinyu to take the initiative to tell her this.

She did not personally witness what happened back then, but she could still guess what exactly happened.

Later on, she moved to the new residence that Yan Jun had arranged for her. Later on, when the child was born, she went abroad again.

When she came back, Yan Qing’s revenge started again before she could even catch her breath.

After such a long time, she thought that Ji Xinyu had already forgotten about it.

She did not expect that she would bring it up again, and her eyes were so sad.

This matter must have been a torment for her.

“Mom, we all know.” Xia Jinqi comforted her, as if she could empathize with her.

Now that she was a mother herself, she understood Ji Xinyu’s feelings very well.

Just like when Yan Qing threatened her child, she really wanted to kill him immediately!

If she had been in Ji Xinyu's shoes, she would have shot him as well.

Definitely.

Ji Xinyu quietly wiped the tears from the corner of her eyes. Everyone was blaming her, thinking that she had done something wrong.

"Are you blaming me too?" Ji Xinyu turned around to look at Xia Jinqi. Finally, she asked, "should I go to jail?"

She didn't dare to ask Yan Sheng or Yan Jun about this. She had been holding it in for a long time.

She could only find Xia Jinqi, who was also a woman, to talk about it... ..

Xia Jinqi had no way to judge this right or wrong, but she only knew one thing.

"Mom, as long as Xin knows that she is wrong, there is redemption everywhere." Xia Jinqi looked into Ji Xinyu's eyes seriously.

She did not know how to define such a thing.

If she were to hand it over to the law, Ji Xinyu would intentionally kill someone. The worst case scenario would be death, and the worst case scenario would be life.

But wouldn't there be loopholes in the law?

If she were to count the favor, how would this matter be decided?

Zhou Lingfang had harmed Yan Qi, forced long Qingxin away, and instigated Yan Qing. She had almost caused Xia Jinqi to miscarry, and in the end, she even wanted to kill her to silence her.

A person like Zhou Lingfang who committed all kinds of crimes would probably be sentenced to life in prison. If Zhou Lingfang found a better lawyer, she might even be able to get out on bail after a few years of imprisonment.
