

Trick Me 681

Chapter 681: Since she wanted to do it, she would do it

Ji Xinyu should have already expected such an outcome. That was why she was so decisive back then... ..

Not every kind of hatred in this world could be resolved.

For some kinds of hatred, even if they knew that they had to lose their lives, they had to settle it!

When Ji Xinyu heard Xia Jinqi's words, her eyes suddenly glazed over.

That's right. As long as she knew that she was in the wrong, there was redemption everywhere... ..

While the mother-in-law and daughter-in-law were chatting, you Xi happened to walk in from outside the courtyard, heading towards Xia Jinqi's direction.

Xia Jinqi's eyes instantly narrowed, as if she was facing a great enemy.

Yan Qing's matter had yet to be settled, and this woman had come again... ..

Ji Xinyu spent a great deal of effort to snap out of her daze. When she looked up, she saw Xia Jinqi staring at you Xi who was approaching her.

Out of a woman's instinct, Ji Xinyu asked, "Jinqi, have you and Jun' Er had a conflict recently? Is it because of this woman?"

Xia Jinqi suddenly snapped out of her daze and looked at Ji Xinyu with an embarrassed smile. "Mom, what are you saying?"

When she said this, Xia Jinqi had already thought about it a hundred times in her heart!

Could it be that the way she looked at you Xi was too sharp and Ji Xinyu had noticed it?

It was said that one's thoughts were not exposed, wasn't she too impatient?

It was just you Xi, was she so flustered? ! !

She wanted to laugh at herself for being too nervous, but when Xia Jinqi looked up again, she saw Yan Jun had already come down from upstairs.

Not only did he come down, he even walked straight towards you Xi... ..

The two of them looked at each other and smiled. Then, they walked towards the Gazebo at the side.

The atmosphere was a little awkward.

Ji Xinyu also saw it. Her expression changed and she turned back to look at Xia Jinqi worriedly. "You Xi is Jun' Er's secretary. She should be here to discuss work... "

Xia Jinqi knew that she wanted to ease the atmosphere, but she didn't get to the main point. "You Xi has long since left her job. "

“ ... ”

“ ... ”

In the Gazebo.

The maid very consciously served the fruits, tea, and snacks. Then, she retreated outside the Gazebo and waited for orders.

You Xi sat on the right side of Yan Jun. From her angle, she could only see the scenery behind Yan Jun. She could not see Xia Jinqi, who was right behind her.

As soon as she received Yan Jun's call, she rushed over almost immediately.

The makeup on her face was very exquisite. Even the Black Chiffon dress she wore was specially prepared.

Her gaze was almost infatuated with Yan Jun's almost perfect handsome face.

“President Yan, you called me here. Is there a problem?”

You Xi was the first to speak, breaking the silence.

However, Yan Jun's gaze was always on Xia Jinqi, who was not far away.

Hearing this, he retracted his gaze and looked at you Xi, who was beside him.

Today, this person was indeed called by him.

“I remember... tomorrow is your birthday?” Yan Jun asked indifferently. His features were like a painting, and for a moment, he actually missed the distant beauty ...

You Xi was shocked. She had never thought that this man in front of her actually knew her birthday?

“Yes, yes...” You Xi hurriedly nodded. Her face was filled with an excited smile.

If she didn't have such a thick foundation, perhaps one could still see her slightly red cheeks, like a young girl welcoming spring.

Seeing that she answered so readily, Yan Jun curled his thin lips and asked, “do you want to hold a birthday party?”

You Xi was so excited that her big eyes couldn't wait to stick to Yan Jun's body. “Yes! President Yan actually still remembers my birthday...”

“since you want to, then let's do it.” Yan Jun was very straightforward, directly beckoning the servant to come closer. “Pass down the order, prepare to hold a birthday party for Miss You Xi tomorrow.”

Chapter 682: was not good at fawning over women other than her

To you Xi, this was simply like a pie falling from the sky that made her excited!

It was already unprecedented for Yan Jun to take the initiative to call her, and now he was actually going to hold a birthday party for her?

Happiness came so suddenly... ..

It was Yan Jun who finally found out about her, okay?

You Xi suddenly became shy and looked at Yan Jun with an even sweeter gaze. "President Yan, actually... there's no need to go through so much trouble. I'm already very satisfied that you can remember my birthday!"

As she spoke, she deliberately pulled down the Black Silk Gauze on her left shoulder.

There was also a thick and pungent fragrance that lingered around her.

"It's no trouble." Yan Jun pursed his thin lips slightly. Under his eyes that were pressed down, a flash of disgust flashed through his black eyes.

The veins on his forehead were also pressed down again and again... ..

He was really not good at fawning on women other than Xia Jinqi.

As for calling you Xi over, it was not on a whim. There was only one purpose.

Using the excuse of hosting her birthday party as an excuse, he invited Huo Ting in. When the time came, they would work together from the inside and outside to send Xia Jinqi and the children out first.

After that, they would have nothing to worry about when they dealt with Yan Qing.

Now, the Yan family seemed peaceful on the surface, but in reality, they were completely under Yan Qing's control.

Wang Mang had not returned since he went out last night.

Naturally, Yan Jun would not go out either.

His family was still here, and his wife and children were all here.

Yan Qing must have predicted this, which was why he was so unbridled.

As for the distance... ..

Xia Jinqi had seen with her own eyes that Yan Jun and you Xi were together, talking and laughing.

The distance was too far, so she could not hear their conversation, much less see what emotions were contained in Yan Jun's slightly narrowed black eyes.

She could only vaguely see that you Xi's clothes were a little baggy, and one of her shoulders was exposed, as if she was very excited and excited.

What were they talking about, to be able to chat so happily?

Even Xia Jinqi herself did not notice how unsightly her expression was at that moment... ..

Ji Xinyu also looked at her son with disappointment and scolded him without any politeness, “why did you call that woman over for no reason? Seriously! Jinqi, don’t think too much. Let’s go over and see what they have to talk about!”

As she spoke, she stood up and acted like she really wanted to confront them.

However, she was stopped by Xia Jinqi.

“There’s no need, mom. The Sun has been shining for quite a while. It’s time to bring the children up.” Xia Jinqi’s tone was laced with a hint of sadness. She retracted her gaze and planted a kiss on Yu Han’s chubby little face.

When she looked at Xiao puff again, the little guy was already blinking tiredly.

Ji Xinyu turned around and nodded. “Then let’s go up first.”

The mother-in-law and daughter-in-law each carried a child and walked upstairs.

During this time, Xia Jinqi turned around and took a deep look at the two people in the pavilion in the distance.

It wasn’t a big deal to take a look. Just then, she saw you Xi stand up and lean forward... ..

From Xia Jinqi’s point of view, the two people opposite her were behaving intimately. Could it be that they were kissing! !

Xia Jinqi’s heart trembled. How could she still suppress it? She coughed lightly and called for the nanny to carry the child. “Mom, you two go up first.”

Ji Xinyu saw that her face was a little Pale, so she understood. She didn’t ask further. “Don’t worry, I’ll watch the children.”

With that, she brought the children upstairs.

After they left, Xia Jinqi turned around and walked towards the pavilion.

Her footsteps were very fast, and there was a menacing killing intent.

Chapter 683: had an invitation ready to go

In the pavilion.

Yan Jun saw that Xia Jinqi did not seem to mind at all. She walked away indifferently, and his heart immediately felt heavy.

The reason why he deliberately sat where Xia Jinqi could see was more or less intentional.

He had thought that she would be jealous and angry to come over and question him, or make a scene or cry.

As long as there was a little bit of responsibility, he would feel at ease and know that she had him in her heart, and not some Yan Qing... ..

But she left.

Without saying a word or giving him an extra look, she turned around and left with the child.

While she was frowning, she unconsciously took out a cigarette. Just as she put it in her mouth, before she lit it up, you Xi took the initiative to take the lighter and came over.

“President Yan, let You Xi light it up for you...” The woman’s soft and seductive voice came over, along with her weak and boneless waist. She was leaning against the edge of the table, looking like she was ready to make an invitation.

Yan Jun did not refuse. It was just a light. He had to put on a good show.

Perhaps at this moment, Yan Qing was in a corner of the courtyard, staring at him.

Even the slightest mistake could alert the enemy.

With that cluster of flames, Yan Jun took a deep breath. The scarlet flame quickly shot up the cigarette butt and burned rapidly.

He coughed lightly and exhaled white smoke. It was ethereal and intoxicating.

You Xi did not avoid taking a deep breath. Her Gaze was greedy and enjoyable.

She really loved this man very much... ..

However, good times were always short-lived. Just as you Xi was immersed in today’s hard-won beautiful dream, a cold voice came from beside her ear and immediately broke all of this.

“Director Yan is really in a good mood!”

Xia Jinqi stood at the side. Her breathing was a little uneven. She coldly glanced at the two people in front of her and raised her thin eyebrows slightly.

Yan Jun did not expect her to return. Especially when she called him ‘director Yan’, it completely revealed the unhappiness in her heart.

When he was angry, he would call her by her full name, and when she was angry, she would always call him by his name in a very polite way.

President Yan, Mr. Yan, boss Yan... ..

In short, as long as he heard such a title from her mouth, he would definitely be angry.

Knowing that she was angry, not only did he not panic at all, he was actually excited. With a cigarette between his index and middle fingers on his right hand, he looked up at her thoughtfully.

“Not bad.” The corner of his thin lips held a faint smile, which destroyed the sense of familiarity of all living things.

You Xi was really shocked. She was originally still immersed in her beautiful dream, but Xia Jinqi’s words suddenly made her a little confused.

If this was any other time, she would definitely have given Xia Jinqi a good beating first!

However, Yan Jun was still here. Due to the need to protect her good image, she stood up and very sensibly greeted Xia Jinqi, "hello, Mrs. Yan."

Xia Jinqi had long been used to you Xi's double-dealing manner. She swept her gaze over the thin and translucent black dress on her body, turned back to look at Yan Jun, and used the words he had choked her with in the morning to choke back, "you're also very thirsty!"

Hearing this, Yan Jun raised his eyebrows. She was still holding a grudge... ..

Before Yan Jun could open his mouth to explain, you Xi had already begun to pretend to be a good person. "Mrs. Yan, don't misunderstand. President Yan just... still remembers my birthday and wants to hold a birthday party for me."

The last sentence was clearly showing off, and at the same time, it also stimulated Xia Jinqi.

Seeing her husband's heart and mind fixated on celebrating another woman's birthday, it must be very uncomfortable, right?

Chapter 684: -yan Jun, do you still have me in your heart?

Xia Jinqi really did not think that they were discussing this matter?

Suddenly, an unknown fire rose in her mind. It burned until Xia Jinqi's mind went blank.

She racked her brain trying to think of a way to escape Yan Qing's control and what to do with the ten tons of explosives under their feet? ! !

It was best to believe Yan Qing's words rather than not believe them!

But he not only misunderstood her and Yan Qing, he was even here eagerly celebrating another woman's birthday?

It really was... ..

Forcefully suppressing the anger in her heart, Xia Jinqi was so angry that she laughed instead. "Birthday Party? When?"

"tomorrow." You Xi was very excited, especially when she saw Xia Jinqi's Ashen face. She was so happy that she flew into the air!

Xia Jinqi was originally very angry, but when she heard about this date, her heart jolted and she didn't have the time to be angry.

"Tomorrow?" She repeated and asked thoughtfully.

How could the timing be so coincidental?

Master Chang Qi should have been well-prepared these two days. Her original plan was either to make a move tonight or tomorrow.

If the days really collided, then... ..

You Xi saw the shocked expression on Xia Jinqi's face and thought that she was going crazy from jealousy, so she was even more proud. "Yeah! I didn't expect President Yan to still remember my birthday!"

After saying that, you Xi turned back to look at Yan Jun with a smile.

She thought that since Yan Jun could remember her birthday, he must have taken good care of her. Otherwise, why didn't he remember other people's but hers?

Actually, when Wang Mang was investigating the relationship between you Xi and Yan Qing, he had also handed over some information.

Yan Jun only took a glance at it. With his photographic memory, he immediately remembered it.

He didn't expect that the day would be so close. It was a chance that didn't require much effort. He just needed some acting skills.

He turned to look at Xia Jinqi and saw that she was slightly stunned. Her thin brows were tightly furrowed, as if she was thinking about something.

"What? You don't agree?" Yan Jun spoke, his last syllable raised. His deep black eyes were full of sizing up.

Xia Jinqi returned to her senses and met his gaze... ..

She had a feeling that this person had already guessed something?

Someone as smart as him and as dark as him knew that she had stolen something from his computer. Not only did he not get angry, he even let her go and pretended that nothing had happened after that?

Even though he and you Xi were so close now, this birthday party was tomorrow.

There was also his gaze that was as deep as the sea at this moment. Although people could not make heads or tails of it, they still felt that he was calm and composed, like a chess player, leisurely and leisurely.

If that was really the case... ..

The Moment Xia Jinqi was in a daze, she looked up and happened to see Yan Qing standing behind the bushes in the distance for who knew how long!

Could he have been watching from afar?

Xia Jinqi's heart skipped a beat. She played along and glared at Yan Jun. "I don't agree! Why haven't you been so attentive on my birthday? Yan Jun, do you still have me in your heart?"

Faced with Xia Jinqi's sudden fierceness, Yan Jun frowned slightly. After thinking for a moment, he very tactfully played along with her. "What are you messing around for? It's just a birthday party!"

You Xi, the only outsider among the three of them, completely did not notice the couple. She really thought that Yan Jun had taken a fancy to her and caused the couple to fall out.

She was extremely happy in her heart, but she pretended to be virtuous on the surface. "President Yan, why don't we... why don't we skip the birthday party..."

Chapter 685: you cheated on me

"Who said we're not going to do it?" Yan Jun raised his eyebrows, his voice unhappy.

When Xia Jinqi heard this, she naturally didn't want to show weakness. She said again, "I said we're not going to do it! Do you not love me anymore? ! If that's the case, let's get a divorce! Each of us will have a child!"

Husband and wife quarreling was also a skill. Xia Jinqi suddenly realized that she was a little lacking in this aspect, so poor that she could only use divorce as blackmail.

It seemed that she had to quarrel with Yan Jun more in the future, so that she could hone her experience from actual combat!

He would not be so poor in his last words.

You Xi, who was watching from the side, was completely dumbfounded.

She looked at the two people in front of her with her mouth agape, feeling puzzled in her heart... ..

Why did they start quarreling without even saying a few words And they even talked about getting a divorce That was great!

The heavens were simply helping her!

It was best to get a divorce as soon as possible Take all the children away, don't leave them behind!

Glancing at the gloating expression on you Xi's face, Yan Jun's face darkened as well. He pretended to be burning with anger. He slammed the table and stood up. "So be it! Do you think I don't dare to?"

This time, Xia Jinqi cried even harder. "I knew you didn't love me. You brought your mistress into your home, and you cheated on me! SOB SOB SOB..."

Faking crying was also a skill. Xia Jinqi squeezed her tears as she stole a glance at Yan Qing in the distance.

How was her acting Was it exaggerated?

The Moment Yan Jun heard the word 'cheated' , the corners of his eyes could not help but twitch.

He turned around and glared at you Xi. He snorted unhappily, "you go back first!"

"But President Yan, I..." You Xi was not willing to leave. It would be better if she stayed to watch the show!

As soon as she finished speaking, Yan Jun's gaze was immediately filled with killing intent!

You Xi was stared at until a gust of cold wind blew behind her, scaring her so much that she quickly walked away.

The only person who was an eyesore had left, but Xia Jinqi still had to continue acting.

She wiped the corners of her eyes that did not have tears at all. Her expression was very miserable, but the words that came out of her mouth were, “do you know something?”

Her voice was very low. Coupled with the fact that Yan Qing was very far away, she could not hear what they were saying at all.

When Yan Jun heard these words, he immediately understood that she was acting just now.

Finally, she was willing to talk to him about this matter.

“The entire courtyard is filled with Yan Qing’s people. There are also assassins that he bought outside.”

Xia Jinqi listened. Afraid that Yan Qing, who was opposite her, would be suspicious, she conveniently took the plates and plates on the table and smashed them on the ground.

The rustling sound spread out. Xia Jinqi said again, “he buried ten tons of explosives under our feet. Yan Jun, no matter what, let’s send our parents and children out first.”

When she said this, many things became clear.

Yan Jun added, “don’t worry, I’ll take care of everything.”

After saying this, he waved his hand, got up, and left.

His footsteps were very fast, as if he was extremely impatient. His handsome face was also dark, and he was truly the cold-faced King of Hell.

They were quarreling, and they couldn’t talk too much. Otherwise, it would make some people suspicious.

The remaining Xia Jinqi threw herself onto the stone table, sobbing.

On the same day, all the servants who passed by the courtyard saw the young master and Young Madam Quarreling. Moreover, it was very serious, as if they were preparing to split the property!

Yan Qing, who was quietly watching everything from afar, had his eyes fixed on Xia Jinqi who was still lying on the stone table in the pavilion for a long time.

You Xi did not really leave. Instead, she took a detour and went to Yan Qing’s side.

She looked excited to take credit. “Did you see that? The two of them are getting a divorce!”

Chapter 686: don’t say such things in front of me!

“What’s going on?” Yan Qing didn’t take his gaze away from Xia Jinqi and asked with a frown.

“Yan Jun is going to hold a birthday party for me tomorrow. When Xia Jinqi found out, she started arguing with Yan Jun!” You Xi told him the truth. When she remembered that Yan Jun had argued with Xia Jinqi over her, she was so excited that she couldn’t control herself!

Yan Qing was still suspicious. "He knows your birthday?"

"Yeah! He still remembers it..." You Xi looked infatuated. She was so happy that she felt like she was going to heaven.

Previously, when she saw how loving Yan Jun and Xia Jinqi were and how they had two children, she did not expect them to be so weak!

Before she could do anything, Xia Jinqi had already taken the initiative to make a scene.

If she really did something, wouldn't Xia Jinqi die of anger?

Yan Qing finally withdrew his gaze from Xia Jinqi. He looked back at you Xi and said, "This party can not be held."

"Why?" You Xi's hot blood was poured down by a bucket of cold water. She was instantly unhappy.

"If there are too many people coming in and out of the Yan family, the situation will not be easy to control." Yan Qing directly refused. He had not gotten what he wanted yet.

If they were to hold a party, there would definitely be a lot of people coming. When the time came, some people would come in or some people would go out, and his plan might be ruined.

You Xi did not care about any plans or plans. She only knew that this was a rare opportunity for Yan Jun to pay attention to her. How could she miss such a good opportunity?

It was best to anger Xia Jinqi to death, so that she could naturally rise to the top!

"Didn't you say that everything is under your control? It's not like they buried all those explosives for nothing. They still dare to act recklessly?" You Xi was really anxious. It was not easy for her to wait until today. If she were to be destroyed by Yan Qing's hands, she would definitely kill him!

"What do you know?" Yan Qing glanced at her. "My father is still here. Who would dare to act recklessly?"

You Xi snorted coldly. "I don't care. You promised me that you would give me a chance to get close to Yan Jun. Now, he is completely obsessed with me. He is going to divorce Xia Jinqi. I don't know what you are still afraid of!"

Yan Qing was silent for a moment. He was still afraid of Yan Jun..

Putting everything else aside, the matter of Yan Jun was progressing too smoothly.

It was so smooth that it made people suspicious.

You Xi waited for a long time but did not receive an answer from Yan Qing. She spat, "you're not afraid of him, are you?"

Just as she finished speaking, Yan Qing suddenly turned around and grabbed her neck.

"Let... let go..." You Xi spat out a few words with difficulty. Her two hands desperately tried to pull Yan Qing away, but she realized that she was not his opponent at all !!

Yan Qing's underlings exerted force and came closer to look at her. His eyes were red. "I warned you, don't say such things in front of me!"

"..."YOU XI's face rapidly turned the color of a pig's liver. She could not say a word, and her vision was a little dark.

Her two hands grabbed his wrist and pinched it desperately. The strong desire to survive made her still make a final struggle.

A piercing pain came from her wrist. Yan Qing suddenly came back to his senses and let go of YOU XI.

Without the restraint, you Xi fell to the ground and coughed non-stop."... COUGH COUGH COUGH!"

Her lungs were burning with pain, and her throat felt like it was about to be cut off, and her brain was short of oxygen.

Seeing her like this, Yan Qing was shocked again in his heart.

He lowered his head to look at his right hand in disbelief.

There were a few bloody scratches on his wrist and forearm, but what he cared about was the five fingers that he had used to strangle you Xi just now.

Just a little bit, just a little bit, and he would have strangled her to death... ..

Chapter 687: has finally stopped avoiding me Huh?

Since when did he become so irritable, so violent, that he even killed without batting an eye.

His right hand trembled slightly. Yan Qing gulped, unable to believe that this was something he had done himself!

How did he become like this?

"Cough, cough, cough!" You Xi, who had fallen to the ground, was still coughing non-stop. Every sound was as if she was accusing him of the crime he had just committed!

A huge panic enveloped Yan Qing. Just when he could not accept himself like this, a voice from the bottom of his heart reminded him.

"This is not your fault. They forced you into this state!"

Yan Qing nodded his head randomly. Yes, today's him was forced by those people!

Taking a deep breath, Yan Qing quickly calmed down.

He put down his right hand and only gave you xi a cold look. "Since Yan Jun wants to celebrate your birthday, let him celebrate! I want to see if he can still climb out of my five Finger Mountain!"

As compensation for you Xi, he agreed to tomorrow's birthday party.

After that, he quickly left, not caring about Xia Jinqi who was in the pavilion across from him.

He just wanted to leave this place that recorded his crimes as soon as possible... ..

You Xi coughed for a long time, and it took her a lot of effort to recover.

She held her neck and looked in the direction that Yan Qing had left, her brows tightly knitted together.
“What a F * Cking Lunatic! You will never be as good as Yan Jun! ”

“ ... ”

Xia Jinqi leaned on the stone table and laughed so hard that her shoulders twitched... ..

The performance just now, she and Yan Jun were practically on par!

They could obviously rely on their faces to make a living, so why did they need to rely on their acting skills?

When she thought of you Xi’s expression just now, she found it funny!

At this moment, you Xi should go and report the situation to Yan Qing, right?

Probably very soon, everyone in the Yan family would know that her relationship with Yan Jun was in danger!

It didn’t matter whether others believed it or not, as long as Yan Qing could believe it, it would be fine.

Also, it turned out that Yan Jun really knew everything... .. She deliberately hid it from him for so long, but in the end, he knew everything ? ?

Thinking back to when she was trapped in the hospital by Ji Yunjing, Yan Jun was also the fastest to find her. It was really... .. An unrivalled iq ! !

After quietly pondering for a long time, Xia Jinqi finally stopped laughing. When she raised her head from the stone table, she wiped the corners of her eyes, got up, lowered her head, and returned to the villa.

There were still quite a number of people peeping at her from the side. She could not give up halfway.

Thus, the Yan family began to spread rumors again.

The young master and Young Madam were not on good terms. After a big fight, the young master flicked his sleeves and left, while the young madam cried herself to tears... ..

She covered her face and returned to the room. Just as she stepped into the room, her back foot was immediately pressed against the door by someone.

Xia Jinqi was slightly surprised, but she didn’t make a sound because she had already recognized who the person in front of her was.

Before she could say anything, Yan Jun’s hot kiss had already landed... ..

Xia Jinqi stood on her tiptoes slightly, her hands clinging to his neck as she responded enthusiastically.

The Room and the corridor were extremely quiet. There was only the sound of each other’s breathing.

After an unknown amount of time, when Xia Jinqi was about to be out of breath, Yan Jun finally let go of her.

However, he didn't move his body away. Instead, he pressed his forehead against hers and sucked on each other.

Her thumb kept rubbing against her slightly red and swollen lips.

"You're finally not avoiding me anymore? HMM? "

Xia Jinqi's mind was completely blank after being kissed by him. It took her a long time to regain her senses. She panted as she replied, "He's using the children to threaten me... If I tell you, he'll..."

She did not finish her sentence.

Yan Jun had already raised his index finger and placed it on her lips, making a shushing gesture.

Chapter 688: so, you still want her?

Xia Jinqi froze.

Behind the door, there was the sound of footsteps approaching from afar!

Someone is coming?

Xia Jinqi narrowed her beautiful eyes. Could it be Yan Qing? ...

Shouldn't he be with you Xi right now?

Calculating the time, he shouldn't be able to escape so early!

Xia Jinqi instinctively became nervous. Her small hands unconsciously grabbed Yan Jun's shirt collar. She gasped and stopped abruptly.

Yan Jun also slowed down his breathing. Under his sharp eyebrows, his sharp black eyes had long narrowed.

From the sound of his footsteps, he did not seem like a woman.

His heavy footsteps were slow and full of rhythm.

He was a man.

He looked like he was waiting for his prey. He had a plan in mind.

Yan Jun lowered his eyes in understanding and looked into Xia Jinqi's watery eyes.

He moved his thin lips and used his lips to tell her, "it's Yan Qing. Hide first."

There were already fine beads of sweat on Xia Jinqi's smooth forehead.

She nodded lightly and slowed down her footsteps. She tiptoed into the House.

She could see the movements on the balcony downstairs. She could not hide.

The bathroom was too obvious, so she couldn't hide.

Then... ..

Xia Jinqi opened the huge closet and hid inside.

After finishing this series of actions, she was shocked to realize that her entire body was drenched, and the heart in her chest was beating so fast that it almost jumped out!

If they were discovered here by Yan Qing, then everything they had done before would be in vain!

It might even anger Yan Qing... ..

No one dared to imagine the consequences of angering a madman.

At the same time, Yan Jun's door was already knocked on.

"knock, knock, knock... "

One short and two long.

In itself, it represented probing.

Yan Jun had already adjusted his emotions in this extremely short period of time.

With his back facing the door, he gently leaned against the sliding door on the balcony. "Come in. "

His slightly low voice sounded out, followed by the creaking sound of the door opening.

The person who came in was indeed Yan Qing.

He had never set foot in Yan Jun's bedroom, and the reason why he came today was to probe for information, to see if what you Xi said was true.

As soon as he entered, Yan Qing looked around the room.

He only saw Yan Jun leaning against the balcony alone, looking like he was enjoying the breeze?

After moistening his throat, Yan Qing said, "I heard that you and Xiao Qi had a fight? "

He didn't beat around the bush and went straight to the point.

Only then did Yan Jun turn his body to the side, surprise written in his eyes, as if he only realized at this moment that Yan Qing had come.

"There's no need for you to care. "

Cold and arrogant words flowed out from Yan Jun's lips.

Xia Jinqi looked out from the small crack in the closet and could not help but silently praise Yan Jun!

He had an extremely high iq and excellent acting skills!

When Yan Qing saw the Sullen look on Yan Jun's face, his heart was filled with joy, so he did not care about the arrogant and hateful look on his face.

"Don't misunderstand. I'm not here to care about you. I only care about Little Qi. It was a huge mistake for her to marry you," Yan Qing said with a sneer, as if he had yet to accept such an outcome.

In his opinion, Xia Jinqi was originally supposed to be his.

And all of this entanglement and gloom came from his unwillingness to accept it.

Yan Jun glanced at him. His heart was calm, but he pretended to be angry and shouted, "what do you mean?"

"Don't you understand? Xiao Qi should have been mine! She's only your wife for the time being!"

Yan Jun curled his lips and smiled evilly. "So, you still want her?"

Chapter 689: one day, I want you to Kneel Down and beg me!

Yan Jun's indifferent look finally pricked Yan Qing's sore spot!

He grabbed Yan Jun's collar and scolded fiercely, "she was supposed to be mine! !"

"unfortunately, she has already married me." The corner of Yan Jun's lips curled up slightly, but it never relaxed.

Xia Jinqi, who was hiding in the closet, was also shocked.

She never thought that one day, she would become the instigator of the fight between uncle and nephew.

Or rather, from the first day she married into the Yan family, she had already become the whirlpool between the two of them... ..

Xia Jinqi bit her teeth lightly and clenched her fists tightly.

She seemed to have understood.

The struggle between dragons and tigers was originally their fate as members of the Yan family.

And her arrival and appearance had only become the fuse that ignited their conflict.

Then why did she come to the Yan family?

Was It fate's arrangement?

Or... ..

Someone had deliberately arranged it.

By the balcony, Yan Jun had already shaken off Yan Qing's hands that were tightly holding onto his collar.

Yan Qing was dejected for a moment, then he looked at Yan Jun with a sneer, "what does that have to do with anything? Anyway, the two of you are going to get a divorce. I heard that you are going to celebrate you Xi's birthday?"

At the mention of you Xi, Yan Jun pretended to turn his face away in an extremely unnatural manner, his attitude still arrogant, "I will celebrate the birthday of whoever I want to."

This sentence that suddenly lost its flame completely dispelled the doubts in Yan Qing's heart.

Looking at Yan Jun like this, it seemed that he was really bewitched by you Xi and did not even care about his wife and children?

HMPH Oh Yan Jun, Oh Yan Jun, you're just so-so!

Thinking of this, Yan Qing's mood became extremely happy again.

He tidied up his sleeves and suit with a sinister smile on his face "Don't make too much of a commotion. You Xi is now my girlfriend in name. If word gets out that our uncles and nephews are coveting each other's women, then the Yan Corporation's stock price will fall like a waterfall!"

Yan Qing didn't want the Yan Corporation that he had fought for with all his might to be an empty shell.

"Uncle and nephew?" Yan Jun smiled playfully, as if he had heard some big joke, "you think too highly of yourself."

"I know you never approved of me." Yan Qing was not angry, thirty years, he had long been accustomed to such contempt.

Shady bastards are born to be spurned, aren't they?

But... ..

"One day, Yan Jun, I want you to kneel down and beg me!"

Almost in the tone of the oath, with a strong hatred and determination!

After saying this, Yan Qing took one last look at Yan Jun before he finally turned around and left!

He had sworn before his mother's grave that he would definitely obtain the Yan family and become a person above everyone else!

And now, he was about to do it!

After his extremely fast footsteps, the sound of a door slamming loudly could be heard!

"Bang!" A sound reverberated throughout the room, the lingering sound never ending.

After the sound of footsteps had completely left, Yan Jun's expression eased up. He walked to the wardrobe and said, "he's gone."

Only then did Xia Jinqi come out.

Her emotions had already calmed down. However, her long curly eyelashes were still trembling slightly, and a dark shadow appeared in the bottom of her eyes.

Her throat tightened. She wanted to say something, but she couldn't say a single word.

After a long silence, she finally said, "I'm sorry."

If it wasn't for her, perhaps... ..

Her thoughts were interrupted here.

Yan Jun didn't answer. He just bent over and pulled her into his embrace!

"The person who should say sorry is me."

Chapter 690: if you die, I won't live either!

Xia Jinqi snuggled into his warm embrace and gently closed her eyes.

"I should go. I've been here for a long time." Her voice was a little choked up. She was afraid that he would see her weakness, so she wanted to turn around and leave.

However, he refused to let her go. He used a lot of strength and hugged her waist, refusing to let go.

"Yan Qing didn't doubt you. You did well." He closed his eyes and enjoyed this hard-earned moment of peace.

If he had been threatened, he would have chosen to hide it.

There was nothing stupid about it. He could only think for the sake of not thinking for the other party.

Hearing his praise, all of Xia Jinqi's tenacity completely relaxed at this moment!

She softened in his arms, and a sour feeling rose in her heart.

After a long time, she opened her mouth. "Is the situation very disadvantageous to us now?"

"It's okay." Yan Jun didn't want her to worry.

Putting everything else aside, just the ten tons of explosives was Yan Qing's absolute chance of winning.

The so-called struggle was actually a competition of who was more ruthless.

The person who won would get everything, and the person who lost would lose everything.

Xia Jinqi listened, but her heart did not relax at all. Instead, it became more and more serious. "I asked Chang Qiye to hide in the surroundings, but he can't get in."

"Wang Mang's people are also blocked." Yan Jun's experience was the same as hers.

However... ..

"Tomorrow's Party, Huo Ting will come in. He will arrange for you and the children to leave first." Yan Jun calculated the time, but he could not keep Xia Jinqi any longer. He could only quickly inform her of their plan.

If she stayed here for one more minute, it might arouse Yan Qing's suspicion.

"What about you?" Xia Jinqi raised her eyebrows slightly and anxiously looked up at him.

"I'll stay." Yan Jun lowered his head and looked into her big watery eyes. The light in his eyes was as deep as the vast ocean, surging and surging. It was all-encompassing.

"No!" She directly rejected this proposal!

If she left, was he prepared to stay here alone?

"Ah Jin, listen to me..."

"I WON'T LISTEN!" Xia Jinqi suddenly gritted her teeth. Her beautiful little face was full of determination. "Are you prepared to stay and die alone? Yan Jun, let me tell you, if you die, I won't live anymore!"

The world with him was too beautiful. It was always filled with sunshine and hope.

Xia Jinqi was already used to such a world. She was used to having him... ..

If this world didn't have him, then there would be no meaning to it!

Yan Jun was momentarily stunned on the spot... ..

For a long time.

A low laugh overflowed from the edge of his thin lips.

It was as clear as water splashing onto bluestones.

His slightly red eyes looked straight into her heart and looked into her soul... ..

His thumb rubbed against her cheek, and the smile on his face became even more brilliant... ..

Xia Jinqi had never seen him smile so blissfully. One could tell at a glance that he was really extremely happy.

It was a kind of joy that emanated from within and out of his heart.

She had never known that when such a cold and stern man revealed such a smile, it was actually so moving.

It was like thousands of miles of fireworks, exploding brilliantly just for him alone... ..

"With a wife like this, what more could a man ask for?" He suddenly muttered. With his head lowered, he already had her lips in his mouth.

This kiss didn't have the slightest bit of sweetness.

There was only bitterness and torment.

Xia Jinqi knew what he wanted to do. She pushed him hard and shook her head hard until tears fell to her cheeks.

Both of them could taste the salty taste.

He was finally willing to let go of her. His thin lips slid to her ear. "Let's go together. Neither of US can leave."

"I don't care! I don't care!" Xia Jinqi was still shaking her head desperately. The tap in her eyes seemed to be broken, and she couldn't turn it off no matter how hard she tried.
