

## Trick Me 701

### Chapter 701:

"I can take it! You've been by GRANDPA's side for so many years, and you've always been dutiful and loyal. Even when Yan Jun mentions you, he has to call you uncle. I definitely have to follow him." Xia Jinqi smiled as she fought for Yan Jun's reputation points.

After all, he was someone who had followed Yan Youcheng through life and death for decades. Whichever side he chose would directly affect which side the battle was on.

Xia Jinqi originally thought that di Qu would definitely stand on Yan Qing's side because Yan Qing was very good at pleasing people.

Looking at how he gave red packets and power to the group of old fogeys in the company, she knew that di Qu would definitely be fawned on by him.

It was not until that morning when they were having breakfast that Yan Youcheng said that Di Qu had noticed many unfamiliar faces in the courtyard that Xia Jinqi realized that Di Qu was not on Yan Qing's side.

In this way, di Qu would naturally become a force to be fought over.

Moreover, if they wanted to send the children out safely, with the help of Di Qu, the success rate would be greatly increased.

When di Qu heard Xia Jinqi's words, his eyes suddenly filled with tears.

He was younger than Yan Youcheng by more than ten years, and was slightly older than Yan Sheng. Young Master Yan Jun was really flattering him by calling him uncle.

Hence, di Qu immediately asked, "Young Madam, if you need anything, just tell me. I will do my best!"

Xia Jinqi arched her eyebrows and whispered, "you also know that Yan Qing has people in the house, right? Yes, just the two who stood outside the door just now. They are actually here to spy on Huo Ting and me. Can you stall them for a few minutes later?"

"This..." Di Qu was stunned. He knew that Yan Qing had found people from outside and brought them back.

He had mentioned it several times in front of Yan Youcheng, but Yan Youcheng did not take it to heart, so he did not dare to mention it.

If he said it too much and was misunderstood by master as trying to drive a wedge between the father and son, then the crime would be too much.

However, not mentioning it did not mean that di Qu could pretend that he had not seen it.

Now that Xia Jinqi had said it, there was an additional suspicion in her heart. "What is young Madam planning to do?"

“Uncle Zhai, don’t worry. I just want to say something to grandfather. I don’t want outsiders to hear it,” Xia Jinqi lied without changing her expression.

In fact, she wanted to take advantage of this gap to send the children away.

Xia Jinqi was being watched every minute and second. She was a little unable to use her fists and legs.

“I see! Young Madam, don’t worry. I will definitely stall them!” Di Qu nodded.

“thank you, Uncle Zhai!” Xia Jinqi let out a long sigh of relief. She brought tea with di Qu and walked out of the hall.

The person in charge of monitoring Xia Jinqi at the door saw her coming out and quickly reported the news.

Yan Qing was also keeping track of Xia Jinqi’s movements at all times. Otherwise, he would not be so assured.

Yan Youcheng and Huo Ting chatted for a while before the masseuse arrived.

At the same time, Ji Xinyu also arrived with the two children who were sleeping soundly.

Yan Youcheng’s usually cold and quiet house suddenly became lively.

When Yan Youcheng went to get a massage, Xia Jinqi stood up and raised her voice. “Mom, the children are asleep. I’ll send them to their room to sleep!”

“okay, I’ll go with you.” Ji Xinyu, who did not know what had happened, stood up as well.

Huo Ting stood up as well. “I’ll go and see how old master is doing.”

They pretended to chat and walked towards Yan Youcheng’s room.

The living room was suddenly empty. The maids guarding outside were suspicious and wanted to go in to take a look, but they were stopped by di Qu.

“Stop.”

## **Chapter 702:**

The two servants looked at each other and did not look good.

“Butler, let’s go and see if young Madam has any instructions.”

What he meant was that he still wanted to follow them.

Di Qu looked at them and thought that young madam was right. Hence, he said, “this is the old master’s courtyard. If there is anything you need, young Madam will come out and tell you.”

When the servants heard that, they fell into a stalemate.

Di Qu was the chief Butler of the Yan family, so they could not be presumptuous.

The second master had specially instructed them to behave themselves in front of the old master.

Thinking of this, the two of them took a step back. "Then we'll wait outside."

It would only take a few minutes. They could wait outside.

The people inside were going to come out anyway. They could not just disappear like air.

"Okay." Di Qu's face was still dark. He stood in the middle of the living room and blocked the two of them.

The atmosphere suddenly became delicate.

When Xia Jinqi walked from the living room to the guest room, her steps were still very slow.

However, the moment she walked into the guest room, she immediately took a deep breath and put her hands on Ji Xinyu's shoulders. She told her in very simple words.. "Mom! LISTEN TO ME! The opportunity is only within these five minutes! Take Yu Han and Yu Sheng and leave immediately. After you leave, Huo Ting will arrange for you to go to the military district. Don't let anyone know your whereabouts!"

Ji Xinyu was stunned and her mind couldn't come back to its senses. "w-what happened, Jinqi? You..."

"Don't ask any more questions. Just leave!" Xia Jinqi frowned with a serious expression.

As soon as she finished speaking, Huo Ting had already flashed in. He picked up one of the children and looked at Xia Jinqi. "LEAVE QUICKLY!"

However, Xia Jinqi pushed Ji Xinyu out. "Erhuo, promise me that you'll send the mother and children out safely."

Huo Ting then realized that something was wrong. He widened his eyes and looked at Xia Jinqi. "What do you mean? You're not leaving?"

"I can't leave. Yan Jun is here. I won't leave." Xia Jinqi shook her head calmly.

From the moment Yan Jun told her about this plan, she had no intention of leaving.

The reason why she had told Ji Xinyu in advance and asked her to bring the children here in the afternoon was to let her leave with the children.

Huo Ting's entire body stiffened because of Xia Jinqi's words.

He narrowed his eyes and looked deeply into her eyes. "Girl, you have thought it through. No one knows what will happen if you stay."

Xia Jinqi took a deep breath and looked up at huo ting's gaze. She nodded with utmost seriousness. "I have thought it through, Er Huo. I want to stay with him."

"..."Huo Ting felt a dull pain in his chest. He felt as if something was gripping his heart tightly.

Did she know that even if she died, she had to stay with Yan Jun?

It was really... A feeling that made people jealous ...

In the silence, Ji Xinyu finally had the right to speak. She held Xia Jinqi's hand and also realized the urgency of the situation. "Jinqi, did something happen at home? Earlier, your father said that we can't go out, I..."

"Mom, you have to trust me and trust Yan Jun. we will be fine." Xia Jinqi shook Ji Xinyu's hand hard and looked at her seriously. "We can only be at ease if you take the children and leave!"

"I..." Ji Xinyu was still hesitating. At this time, Huo Ting had already returned to his senses. He looked deeply at Xia Jinqi. "Girl, don't worry. Even if I have to risk my life, I will protect these two children!"

### **Chapter 703:**

"thank you..." Xia Jinqi's eyes reddened as she took one last look at the two children.

"little girl, be careful." Huo Ting said one last thing before he pulled Ji Xinyu. "There's no time. Let's go!"

Ji Xinyu already understood the seriousness of the situation. She couldn't care less and only wanted to send the two children out first!

Xia Jinqi stared at their backs as they left. Her rapidly beating heart couldn't calm down at all!

I hope everything goes smoothly. God bless me, everything must go smoothly!

Huo Ting led Ji Xinyu and the children out of a window on the first floor.

The adjutant, who had been waiting for them since the beginning, saw this and quickly helped Ji Xinyu forward. "Chief, we've already taken control of the masseuse's car. We just have to trouble madam and the children to hide in the trunk."

"I'm fine, as long as we can send the children out!" Ji Xinyu gritted her teeth. As long as they could get out, anything was fine!

"Yes, don't worry." Huo Ting nodded and quickened his pace.

After bypassing all the blind spots of the surveillance cameras, Huo Ting successfully sent Ji Xinyu and the children into the trunk of the MASSEUSE's car.

"Don't let the children cry." Before closing the trunk, Huo Ting instructed again.

Ji Xinyu nodded and curled up in the trunk, using her entire body to protect the two sleeping children!

After doing all this, Huo Ting quickly returned the way he came. Xia Jinqi was still waiting for him by the window.

Initially, there was enough time, but Yan Youcheng seemed to be a little uncomfortable and ended the massage early.

The masseuse could only pack his things and come out of Yan Youcheng's room.

After a while, Yan Youcheng also came out.

The two servants who were still guarding the door saw that only the two of them came out, and they immediately felt flustered. "where's Young Madam?"

Second Master had instructed them to look after young Madam. If she was lost, then they... .. How would they explain to second master ? ?

"This... " Di Qu still wanted to stop them, but five minutes had passed. The old master had already come out, but young Madam had disappeared?

In just a short moment, the two servants were about to rush in.

Before they could rush in, Xia Jinqi and Huo Ting walked out of the guest room, chatting and laughing.

The Servant paused. The moment she saw Xia Jinqi, she seemed to heave a sigh of relief.

However, this made Yan Youcheng suspicious. He immediately shouted, "who recruited you? ! Do you have no rules? How dare you shout in front of me? ! "

Yan Youcheng was so angry that the servant was shocked. She quickly lowered her head and stepped aside without saying a word.

Di Qu was very observant and reminded Yan Youcheng at this time, "they are second master's people. "

Xia Jinqi listened and raised her thin eyebrows slightly. She secretly gave di Qu a thumbs up.

When Yan Youcheng heard this, his face immediately turned green. "GET DOWN! "

The two servants hesitated for a moment, but they still did not dare to disobey and retreated to the door.

Seeing this, Yan Youcheng turned to look at Xia Jinqi and asked, "where are Yu Han and Yu Sheng? "

"They are sleepy. Mom is in the guest room to coax them to sleep, " Xia Jinqi said calmly.

Yan Youcheng nodded and didn't ask any more questions.

Huo Ting and Xia Jinqi looked at each other and then said goodbye to Yan Youcheng. "Old man, I should go back too. I still have something to do at the bureau. "

"Go. " Yan Youcheng wanted to keep him, but when he heard that he had something to do, he gave up.

"I'll send him off, " Xia Jinqi also took the opportunity to say.

The two of them walked to the back door together.

#### **Chapter 704: crisis Discovered!**

Huo Ting's adjutant had already driven the car to the back door, ready to pick up huo ting and leave.

However, when the adjutant arrived, he found that the masseuse's car, which had come out earlier than them, was actually blocked at the back door.

How could the MASSEUSE's car be stopped Could something have happened?

The adjutant sensed that something was wrong and hurriedly called Huo Ting.

“chief, something has happened. PLEASE COME OVER QUICKLY!”

After hanging up the phone, Huo Ting’s face instantly fell. He turned around and held Xia Jinqi’s hand, then quickly ran to the back door.

“The masseuse’s car has been stopped.”

“What? !” Xia Jinqi was extremely surprised, and her heart was fiercely clenched!

It was not easy to get to this step. Could it be... .. could it be that all their efforts were for naught ? ?

But they had already planned very well, how could it be... ..

Could it be that Yan Qing had discovered it?

And the person who had stopped this car was Yan Qing’s subordinate, Li Dongwen.

He had been secretly paying attention to Huo Ting’s car for a long time. How could it be so coincidental that he had gone out at the same time as the MASSEUSE’s car?

The car was stopped, and he was ready to do a thorough investigation.

“Why did Doctor Fang leave so early today?” LiiDongwenn bent down to look inside the car, and at the same time, he gestured to the masseuse.

They could be considered acquaintances.

Doctor Fang passed a cigarette to Li Dongwen and shook his head. “Old Master said that he wasn’t feeling well, so he didn’t massage regularly enough today. I see that old master’s condition is getting worse, so he needs to go to the hospital for a comprehensive check-up.”

Li Dongwen took the cigarette and lit it. He took a deep breath and swept his gaze around the car, not paying any attention to doctor Fang’s words.

To be honest, Yan Youcheng’s poor health had nothing to do with him. It would be best if he could die earlier.

Because from a legal point of view, if Yan Youcheng died, according to the line of succession of the inheritance, the money would be distributed to Yan Sheng and Yan Qing, and Yan Jun would have nothing to do with it.

It was a pity that this old man’s body was strong. He might even have secretly made a will!

Thinking about it, Li Dongwen saw that there was nothing unusual in the car, so he waved his hand and gestured for the guard to let them go. “Let’s go!”

The car started in an instant, and the body of the car shook. The two children who were hiding in the trunk were instantly startled awake!

“Wa...” Xiao Puff’s scream was only half-heard. Then, Ji Xinyu covered her mouth!

Her entire body was drenched in sweat. Just as she was about to drive inside, she did not expect Xiao puff to suddenly wake up from the shock!

Yu Han, who was beside her, did not have the time to cry out. His small mouth was already covered.

It was just this sound. Actually, it was not very loud, and it was not very clear. It was mixed with the sound of the car's engine starting, but it immediately attracted Li Dongwen's attention.

"WAIT!" He suddenly changed his mind, and his gaze fell on the trunk of the car.

Doctor Fang had no idea what Li Dongwen was trying to do. Sometimes he would let him go, and sometimes he wouldn't let him go.

"What is Mr. Li trying to do?" Doctor Fang was a little annoyed.

Li Dongwen glanced at him with a cold look in his eyes. "Doctor Fang, what is in the trunk?"

"nothing," Doctor Fang answered quickly and calmly.

He had brought a portable tool bag today. He only had the moxibustion tool, so he didn't need the trunk at all.

"that may not be true. Maybe a little mouse sneaked in." Li Dongwen smiled sinisterly and slowly walked to the trunk. "OPEN THE TRUNK!"

#### **Chapter 705: I'm here to send chief Huo off, can't I?**

Ji Xinyu, who was hiding in the trunk, felt her heart skip a beat when she heard that!

It's over.

She was discovered.

She had even promised Jinqi that she would take good care of these two children.

Who knew that she wouldn't even be able to get out of the main door!

Li Dongwen's footsteps were getting closer and closer. Ji Xinyu even heard the sound of a hand slapping on the trunk!

Xiao puff was shocked again. Her small mouth twitched and she looked like she was about to cry again.

Mommy, where is Mommy?

She wanted Mommy. It was dark here and she was so scared... ..

Ji Xinyu was anxious and her heart ached. Tears kept falling down.

She could do nothing but cover Xiao puff's mouth.

This was really too unbearable for a grandmother!

Child, bear with it. Bear with it a little longer and everything will be fine soon... ..

Xiao Yuhan felt his sister's fear. He turned his head and touched his sister's face.

Sister, don't be afraid. Brother is here.

Xiao puff's attention seemed to be attracted by Xiao Yuhan. She blinked her big eyes and wanted to grab her brother's hand in the dark.

The brother and sister held each other's small hands and gave each other strength!

The trunk was suddenly silent.

After Li Dongwen patted the trunk, he reached out to open the lid, but he found that he couldn't open it.

He immediately frowned and looked at the driver in the front row. "I said OPEN THE TRUNK!"

He thought the driver didn't hear him, but Doctor Fang's arrogant voice came over.

"since Mr. Li doesn't trust me, why did you call me here?" Doctor Fang's tone was very bad. He felt that his personality had been insulted!

It was just a small trunk, what could it hold?

Could it be that this Li person suspected that he stole from the Yan Family?

Humph He was a serious international student and had won countless awards. Although his family was not as rich as the Yan family, he did not have to worry about food and clothing!

In fact, how would doctor Fang know that what Li Dongwen was thinking was completely different from what he was thinking.

Li Dongwen suspected that Xia Jinqi was hiding in the trunk and wanted to open it.

Moreover, this doctor was found by Yan Qing, so Li Dongwen had to be more polite. "Doctor Fang, you misunderstood. I'm just checking to see..."

Before he could finish his sentence, he was interrupted by a familiar voice from behind.

"See if I'm inside?" Xia Jinqi's lips curled into a faint smile. All her panic was suppressed to the bottom of her heart and did not flow out at all.

Li Dongwen turned around in a flash and saw that XIA JINQI was standing perfectly fine behind him. Huo Ting was still standing beside her, so he was very surprised.

He thought that the trunk... ..

It seemed that he had made a mistake.

"Young Madam, why are you here?" Li Dongwen politely greeted Xia Jinqi. This was the dream lover of their president, and no one dared to neglect her.

"I'm here to see chief Huo off, can't I?" Xia Jinqi said as she turned her gaze to Huo Ting.

Such a big chief standing here was a form of oppression.

Li Dongwen looked at Huo Ting, and cold sweat trickled down his forehead.

“So it’s chief Huo. I’m sorry...”

Huo Ting just glanced at him coldly, turned around, and got into the car. He said to Xia Jinqi, “I’ll visit you another day.”

“Okay.” Xia Jinqi nodded and waved at him with a smile. “thank you, Erhuo.”

In the car, Huo Ting listened to this long-lost address. His mind seemed to be pulled back to many years ago, and his eyes suddenly felt a little sour.

### **Chapter 706: top secret**

Afraid that the girl would see the sparkle in his eyes, he looked away and ordered the adjutant, “drive.”

“But chief, the car in front...” the adjutant was in a difficult position.

Huo Ting’s face darkened and he turned to look at Li Dongwen.

Before he could say anything, Li Dongwen left and raised his hand to signal to the guard, “hurry up and send chief Huo away!”

When the guard heard that, he hurriedly opened the door.

Doctor Fang’s car was in front, so naturally, he was the first to leave.

Huo Ting’s military jeep followed closely behind.

Xia Jinqi stood rooted to the spot. After watching the two cars leave one after another, her heart finally calmed down.

All of Li Dongwen’s attention was on Xia Jinqi.

He only cared about adults, but he had forgotten about children.

After all, no one would have thought that Xia Jinqi would choose to stay behind instead of leaving with her child at such a good opportunity.

Who would do such a stupid thing?

Therefore, when Li Dongwen saw that Xia Jinqi was here, he was not worried at all.

He even walked over and took the initiative to strike up a conversation with Xia Jinqi. “Young Madam and chief Huo have such a good relationship...”

Xia Jinqi glanced at him and did not say anything. She also turned around and left.

“...”

When doctor Fang’s car entered the third block, it was suddenly stopped by a few military jeeps that rushed out.

Seeing that the armed police in police uniforms were all holding guns and pointing at his car, Doctor Fang was so scared that he almost cried. He hurriedly begged for mercy. "I... I'M A good citizen! I DIDN'T COMMIT ANY CRIME!"

The armed police officers didn't say anything. They put a black bag on his head and took him to another car.

Huo Ting, who came later, quickly opened the trunk and carried the two children out. "Are you all right?"

"I'm fine! It's just that the children were scared..." Ji Xinyu still had tears on her face. She blamed herself.

Huo Ting didn't have time to say anything. He took her to another car. "Let's go to the military district first."

Then, a few jeeps lined up and drove away quickly.

That afternoon, the military area opened the electric gate to protect the top-secret figures.

The mighty convoy entered, and the entire army went into a state of alert!

All the soldiers waited solemnly, thinking that some big shot had come.

No one would know that only two little kids had come.

After coming out of the trunk, the two children were incomparably excited.

They seemed to like Huo Ting especially, and every time they saw huo ting, they would smile.

Huo Ting settled the two of them down, and only then could he be considered to have lived up to the servant girl's request.

Ji Xinyu had already learned about the situation of the Yan family from Huo Ting's mouth. She immediately shed tears and was filled with regret. "If I had known earlier, I would have stayed. I should have let Jinqi come out first!"

"You don't have to blame yourself." Huo Ting sighed softly. He looked up at the blue sky outside the window and said in an ethereal voice, "this is the path she chose."

"But..." Ji Xinyu still wanted to say something.

However, Huo Ting had already retracted his gaze and turned to tease the two little cuties in the crib. "Yan Jun will not let anything happen to her."

He had already read the note that Fang Shaoan had brought with him.

Originally, his sole purpose of going to the Yan family today was to bring the servant girl out no matter what!

No matter how the Yan family was beaten up and whether or not a few of them were blown up, these were all matters of the Yan family and had nothing to do with the servant girl!

But... ..

When he saw Yan Jun's note, he suddenly changed his mind.

### **Chapter 707: a good man is forced into such a state by you**

So when the girl insisted on staying, he did not recklessly take her away.

He should have known long ago that Yan Jun that person, how could he be suppressed by a mere Yan Qing?

It was just that Yan Qing's little tricks had gone to heaven, using the wife and children of others as blackmail.

This was Yan Jun's only weakness.

For the sake of the girl, Yan Jun was willing to compromise to this extent, which was enough to prove that Yan Jun's love for the girl was extremely deep.

The people who should be together always had to be together.

It was good that the girl went back. At the very least, she did not want Yan Jun's love to go down the drain.

If they were to suffer this calamity, the bond between the two of them would be even deeper... ..

Huo Ting sighed faintly.

From the beginning to the end, was he just an outsider?

"..."

The Birthday Party in the front hall was still being held.

Yan Qing was surrounded by a group of people laughing and joking around. While he was happy, he did not know that the moment huo Ting's car left the Yan family, all the favorable situations for him had been completely reversed!

At that time, Yan Jun was being pestered by you Xi and wanted to go dance with him on the dance floor.

The veins on Yan Jun's forehead were very tight. He was trying his best to suppress the anger in his heart and the impulse to shake her off!

Fang Shaoan just happened to receive the news at this time. He glanced at Yan Jun, whose patience was almost worn out. He smiled and sneaked into the party. He approached Yan Jun and said in a low voice, "I got it."

Immediately, Yan Jun seemed to be relieved of a heavy burden. He directly flung you XI's hand away without any mercy and shouted, "get lost! !"

You Xi, who was still immersed in happiness, did not expect it. She was so frightened by Yan Jun's roar that two of her three souls flew away. She twisted her feet and her entire body fell onto the hard floor with a bang.

"Jun..." She stared at the man who looked like a god in front of her, still unable to come back to her senses. What on Earth had happened?

She was still fine just a moment ago. Why did her face suddenly change?

The men and women who were still happy around were also shocked. They hurriedly turned back to look, including Yan Qing.

However, they only saw you Xi, who had fallen to the ground and was drenched in red wine, as well as Yan Jun, who had left in a sorry state... ..

Fang Shaoan seemed to have expected Yan Jun to have such a reaction.

He smacked his lips and squatted down to look at you Xi. "Tsk Tsk, such a good man has been forced into such a state by you Xi... young lady, your skills are very strong..."

The crowd who were originally watching was dumbfounded, but when they heard Fang Shaoan's words, they immediately came to a realization.

"forced to this extent? Could it be that you Xi forced Yan Jun to marry her?"

"I think so. Otherwise, why would president Yan be so angry?"

"That's right. He was still fine just now. It must be you Xi who shamelessly said some outrageous request!"

"A mistress doesn't have a mistress and still wants to force the palace to be the official wife! Now isn't it great! The man has run away in anger!"

You Xi was dumbfounded.

She just... .. Wanted Yan Jun to dance with her ...

Fang Shaoan was very satisfied with the chain reaction caused by his words and left happily.

Yan Qing also took a look at you Xi, who had fallen to the ground. He could not help but wonder what Yan Jun's Moody Appearance Represented?

"..."

Yan Jun was finally free!

The moment he came out of the front hall, he felt refreshed and refreshed!!!

He was the dignified cold-faced King of Hell, but he was actually forced to get along with an extremely annoying woman!

Yan Qing's move was really ruthless!

Now it was all good.

Ah Jin and the children were safe. He did not have to fear anything anymore!

As he was thinking, he suddenly bumped into a figure!

### **Chapter 708: leave Why did you come back? ! !**

He happened to be at a corner. He didn't see anyone running over at first.

The moment he turned around and walked over, he was accurately knocked into his arms by that person!

He instinctively didn't dodge or make a move because he had already recognized who the person was.

His arms were soft, and her unique fragrance lingered between his nostrils.

"Ah Jin?" Yan Jun said in disbelief. His last words were raised, and his dark eyes were filled with shock and fear.

Xia Jinqi wrapped her arms around his waist with all her strength. Her teeth were tightly clenched, and there were still traces of tears at the corner of her eyes!

It had only been half an hour, but it had put her heart under a tremendous pressure!

If the children had not been safely sent out, if something had happened to Ji Xinyu, she would not have been able to answer to Yan Jun!

It was not until she saw huo ting take them away with her own eyes that she dared to look for Yan Jun..

When she felt how real and warm his embrace was, she finally felt relieved. "It's me. "

However, the warmth she had expected did not come.

The next second after confirming that it was her, Yan Jun suddenly pushed her away fiercely!

His strength was extremely great. Xia Jinqi staggered back two steps before she could barely stabilize her body.

She raised her eyes to look at him in surprise, because of his resolute rejection!

Before her watery eyes met his deep eyes, a merciless reprimand fell on her face!

"Why are you here? ! Didn't I tell you to leave? ! "

This was the first time Xia Jinqi saw him so angry.

His handsome face, which was as sharp as an axe, was livid.

The veins on his forehead suddenly burst out, constantly telling him the anger in his heart at this moment!

And that pure black eyes, which were as deep as the sea, were currently boiling with a raging fire, almost burning her to ashes!

He was angry.

Very angry, very angry.

Even his hands, which were hanging by his side, were tightly clenched into fists!

Xia Jinqi had never seen him so flustered and exasperated. He was clearly in a rage, yet he could not attack her.

The indulgence and deep affection that he had endured under his rage all turned into a single sentence.

“Didn’t I tell you to leave? !”

“No matter what the road ahead is, I’ll leave my only hope of ‘living’ to you. “.

Xia Jinqi stared at him from the inside out, as if she had seen through his heart.

In the face of his rage, however, she curved her brows and smiled. She was as silly as a baby.

Look, he had always been aloof and aloof. He would also get angry... ..

Yan Jun was originally angry that she did not follow the plan. When he saw her giggling foolishly, his anger immediately flared up. He grabbed her wrist and was about to pull her away. “LEAVE! Why are you still coming back? !”

Yan Jun knew in his heart that since Fang Shaoan had gotten the news about the incident, it was impossible for him to be wrong!

And why had she suddenly appeared here?

There was only one reason!

When she had the chance to leave, she chose to return.

Xia Jinqi was dragged two steps by him. Her wrist hurt from being dragged, but her heart was so sweet as if it was filled with a jar of honey.

The reason why he was so angry was because he cared too much about her safety.

But what could he do She had already chosen to stay.

Xia Jinqi grabbed the back of his hand and stopped him. “Yan Jun, I won’t leave.”

Her voice was very calm. She was not anxious or angry at all. She just spoke slowly, like the tinkling of spring water, soothing the heart.

Yan Jun’s footsteps stopped as expected.

He turned around to look at her. His brows were still furrowed tightly!

**Chapter 709: no matter what the road ahead is, you and I will go through life and death together! ! !**

Xia Jinqi, on the other hand, tensed up and looked into his black eyes seriously.

“I never planned to leave from the beginning.”

“...”Yan Jun fell into silence.

Xia Jinqi continued, “I’ve said it before, if you die, I won’t live anymore. Even if I have to die, we have to die together.”

“...”

“Moreover, I know that you won’t let me die. We’re husband and wife, and we’RE NOT AFRAID OF ANY DIFFICULTIES!

“You once asked me what I thought marriage was.

“At that time, I didn’t answer you because it was also my first time getting married, so I didn’t have any experience.

“But now, I can tell you what I think marriage is.

“It’s sharing weal and woe, never leaving each other!”

As she spoke, Xia Jinqi had already squeezed Yan Jun’s hand tightly.

Every word she said was extremely serious!

There was no fool in this world who was willing to die, but if that person was him, she was willing to be this fool!

Just like him.

No matter what the road ahead is, you and I will go through life and death together! ! !

Determination and certainty were written all over her beautiful little face!

It was as if he was the most resolute belief she had in her life!

The Sky can disappear.

The Earth can die.

Only you can not die!

Coincidentally, a spring breeze blew away the stuffy afternoon heat and also blew away Yan Jun’s raging anger!

He had spent his entire life learning, but he was unable to find words to describe his current mood.

He could not explain it clearly.

What she said just now was more touching than saying “I love you” 10,000 times.

He lowered his eyes and looked at the woman standing in front of him.

She was a head shorter than him. When she looked at him, she had to raise her head slightly.

She was very thin. After giving birth, she became even thinner and had never been brought back.

He could not imagine that such a large amount of energy was contained in such a thin body of hers.

This energy softened his heart and soul.

It even caused his eyes to redden slightly. A huge shock suddenly burst out from the bottom of his dry heart!!!

He sighed softly. In the end, he admitted defeat.

He took a step forward. His broad palm supported her somewhat sharp and thin chin.

“Aren’t you afraid of death?” Yan Jun himself did not notice that when he asked this question, his voice was trembling and choked with emotion. He had never felt so touched before.

Ten tons of explosives could blow all of them into the sky.

“I’M AFRAID!” Xia Jinqi nodded obediently.

How could anyone not be afraid of death when they were born?

Everyone was afraid of death.

“But, I’m more afraid of you dying,” Xia Jinqi followed up immediately.

Her voice was sweet and melodious. Following the wind of the spring afternoon, it slowly blew into Yan Jun’s heart.

He stared at her for a long time.

Finally, the crystal drop at the corner of his eye that was about to fall gently coughed and pulled her into his arms.

Feeling her soft and strong body, something slipped from the corner of his eye.

“It’s said that husband and wife are birds in the same forest. When disaster strikes, they fly separately.” His deep and hoarse voice echoed in Xia Jinqi’s ears with a hint of laughter.

She was in a daze. She didn’t know why he suddenly said this, but before she could ask, she heard him speak again.

“Xia Jinqi, you really have never disappointed me.”

To him, she was not only like a thick book that he would spend several lifetimes reading, but she was more like a miracle.

A Miracle That the heavens had given him.

Xia Jinqi listened and closed her eyes as well. She obediently nestled in his embrace, enjoying the warmth of this moment.

Yan Jun, you have never disappointed me.

The Wind.

Rose again.

The luxuriant branches and leaves on the tree were blown by the wind, making a rustling sound.

### **Chapter 710: how is your body?**

When the haze is gone, the bright sunlight will welcome the dawn!

—

The sound of footsteps came from afar, breaking the warm atmosphere between the two.

Xia Jinqi suddenly opened her eyes and retreated from Yan Jun's arms. "SOMEONE IS COMING!"

Yan Jun did not turn back. He pulled her over and hid in the narrow corridor.

Xia Jinqi secretly glanced outside and found that it was two servants who were preparing to deliver fruits in the front hall.

Holding her breath, Xia Jinqi waited for them to leave before she frowned and told Yan Jun about the situation on her side. "I asked mom to send the children out on my behalf. With Huo Ting escorting them, everything will be fine."

Hearing this, Yan Jun lowered his eyes to look at Xia Jinqi.

His deep black eyes suddenly sank into deep thought.

Yan Jun was naturally at ease when Huo Ting did things.

In fact, according to his arrangements, if Huo Ting did not come, he could also send the children out.

The reason why he called Huo Ting over was because he knew what Huo Ting meant to Xia Jinqi.

Huo Ting would definitely not watch Xia Jinqi send herself to her death, so Yan Jun thought that even if he knocked Xia Jinqi unconscious, he would still take her away by force.

Apart from that, he had another consideration.

What if.

What if.

If anything happened to him, Xia Jinqi and the children would be entrusted to Huo Ting.

He knew that with Huo Ting's feelings for Xia Jinqi, he would definitely treat the three of them well.

Of course, this was the worst-case scenario.

He did not plan to let himself die so easily.

However... ..

He had to think more about Ah Jin and the children.

Everything was planned very carefully, but who knew that Huo Ting would actually take Xia Jinqi away by force.

He did not expect Huo Ting's arrival to attract Li Dongwen's attention.

He also didn't expect that it was Xia Jinqi's presence that gave the children and Ji Xinyu a chance to escape.

God's plan was better than man's.

After the two servants left, Xia Jinqi looked up at Yan Jun and found that he was a little absent-minded.

She raised her hand and waved it in front of his eyes. "What's wrong?"

Only then did Yan Jun come back to his senses and continue the topic.

"You sent mom away?"

"Yes." Xia Jinqi nodded. She made this decision on her own, but she also had her own considerations. "Yan Qing probably hates mom to the core. At this time, mom is in more danger than me."

"..." Yan Jun's eyes froze. He didn't expect her to do this... ..

His thin lips moved slightly. Before he could say the word 'thank you,' Xia Jinqi's green fingertips had already covered him.

She pressed down on his lips slightly and smiled proudly. "I can't thank you for your great kindness!"

She remembered that she used to be the one who liked to say thank you the most. Why was it him now?

It was true that the wheel of fortune had turned.

Yan Jun looked at her mischievous appearance and gave up.

However, his thin lips were still slightly open as he easily held her fingertips.

Xia Jinqi jumped in fright. "Ah!"

She suppressed her voice and didn't dare to shout too loudly for fear of attracting the attention of outsiders.

Her face flushed red and she quickly pulled her hand back. She lowered her eyes shyly and didn't dare to look at him.

Yan Jun gave a muffled laugh. He didn't intend to let her go. He leaned over again and his thin lips moved close to her ear.

The warm breath blew over in an instant and tickled her heart!

"Is your body recovered?"

It had been more than a month, and he had been patiently waiting for her body to recover!

Xia Jinqi's ears were red from the teasing, and her head was hot. She instinctively wanted to escape, but she leaned against the wall and had no way out.
