

Tick Me 71

Chapter 71 your mother asked me to have a child with you!

Your mother asked me to have a child with you! ! !

Xia Jinqi roared angrily in her heart. Then, she took a deep breath to calm herself down... ..

“thank you for what happened tonight.”

Since she had already come in, she might as well thank him.

After all, if it weren't for his cooperation, she wouldn't have been able to go out for such a long time in the middle of the night.

Initially, Xia Jinqi was just prepared to be polite, but who knew that she would be rebuked by Yan Jun instead. “instead of saying those empty words, why don't you tell me where the injury on your forehead came from?”

“I accidentally touched it.” Quickly bypassing this topic, Xia Jinqi turned around, not daring to look at Yan Jun again.

She originally wanted to turn around and leave, but perhaps her brain had a stroke, Xia Jinqi turned around and asked Yan Jun out of the blue, “do you want to have a child?”

...

The moment these words were said, the entire room fell silent.

The air was filled with an inexplicable awkwardness, as well as... ..

Yan Jun's originally slightly paused black eyes looked her up and down for a moment, then ignited clusters of small flames.

“You want it?” He didn't answer and asked instead, but his throat was a little dry.

No matter what, he was still a normal man, alright!

His wife, who had just passed through the door, had brought up the topic of whether or not he wanted to have children with her, which in itself was a kind of teasing!

“I... ” Xia Jinqi smiled helplessly. How could it be her turn? Right now, it should be Ji Xinyu who wanted it the most... ..

The reason why she asked Yan Jun this was actually to know what he thought, and then to convince Ji Xinyu together. They were still young now, so they wouldn't consider those things.

Who knew that she might ask something she didn't mean, but the listener would have an idea.

Without giving Xia Jinqi time to think, Yan Jun had already stood up and walked quickly towards her. Furthermore, the closer he got, the closer he got... ..

“speaking of which, you still owe me for last night’s wedding night. ”

His heavy breathing brushed against her flushed little face.

“Wedding night? You... aren’t we having a political marriage? ” Xia Jinqi was a little flustered. She couldn’t withstand the huge pressure from his body and took small steps back ...

She took a step back, and he took a step forward. His tall figure had always enveloped her.

“Who told you that a political marriage doesn’t require a bridal chamber? HMM? ” His gaze was like a hook, as if it could lock her soul.

Xia Jinqi swallowed unconsciously as he stared at her. Her mind was a little empty.

It seemed that no one had ever said that... ..

“Did you just say that you want to have a child? ” He directly ignored her silence and asked one sentence after another.

“I didn’t... what I meant was, I asked if you wanted to... ” Xia Jinqi finally came back to her senses and hurriedly shook her head, wanting to clarify ! !

She was clearly asking him, how did it become that she wanted it?

She didn’t want it, alright?

Bah Bah Bah Bah!

What did she mean by wanting it or not!

Yan Jun raised his eyebrows slightly. His black eyes reflected the light above his head, and in an instant, it was gorgeous and colorful. “having a child seems not bad. At least it can tie your heart. ”

Since he was already married, his wife’s heart should naturally be with him, right?

He didn’t want a green hat to appear on his head at any time.

If a child could do all of this, then why not?

With that thought, he possessed her and instinctively kissed her lips... ..

“Wait, wait... ” Xia Jinqi hurriedly dodged, but sadly discovered that Yan Jun had unknowingly forced her into a corner. At this moment, he was crossing an arm and propping himself against the wall behind her, completely trapping her movements!

This, this, this... .. could it be the legendary Wall Dong ? ?

Chapter 72 you should learn to get used to me.

When she dodged his kiss, Yan Jun’s expression suddenly turned ugly.

In his mind, after marriage, she would be his wife. There were some things that he couldn’t not do.

But he let her do as she wished, not wanting to hurt or scare her.

If she hadn't taken the initiative to mention the child tonight, he thought that he might have slept in the study room.

But... .. Since she was here, he naturally had no reason to reject her ...

"have a child. I'll give you anything you want." He coaxed her in a rare low voice, his warm breath spraying on her neck.

Xia Jinqi was truly frightened. The marriage she thought was just two people living under the same roof. Without Love, how could she talk about Xing?

She had never even thought about this problem!

It was precisely because he was forcing her so hard that she reflexively said, "No! Impossible!"

How old was she?

She was still preparing to take the postgraduate entrance exam.

Her life was just like the rising sun, everything had just begun... ..

Having a child... .. That was really too far away for her ! !

He lowered his eyes and said unhappily, "nothing is impossible. In less than three months, I think it's possible. "

After he finished speaking, he leaned over again and captured her lips.

Xia Jinqi wanted to dodge again, but he took the opportunity to kiss her delicate collarbone. The moist and hot kiss lingered between her skin, bringing a slight electric sensation!

This unprecedented sensory shock instantly deprived Xia Jinqi of her mind.

Her entire body stiffened, and it was as if her entire body was on fire!

That was... ..

Something that no one had ever done to her!

A Moment of grievance surged into her heart.

She wanted to reach out to push him, but she suddenly felt unable to do so. Her entire body lost strength, and her legs trembled. She was somewhat unable to stand.

Finally, he raised his head and kissed her lips.

He tasted a hint of salty bitterness.

He opened his dark eyes and realized that her face was already covered in tears.

It was as if a hole had been dug in her heart, and she was in so much pain that she was suffocating.

"Why are you crying?" He asked her in a hoarse voice, his wide palm supporting her delicate little face.

“...”Xia Jinqi didn’t say anything. She just bit her lower lip stubbornly and lowered her eyes, not looking at him.

Could she say that she was scared to tears... ..

Her originally high spirits were scattered by the tears on her face. Yan Jun raised his hand to wipe away the tears on her face, and his voice was somewhat indifferent. “Don’t forget, we’re already married. You should learn to get used to me.”

Even though she didn’t say anything, he could roughly guess what she was thinking.

She clearly hadn’t figured out what marriage was.

What he wanted wasn’t a wife in name. What he wanted was a woman who had to accompany him for the rest of his life.

In the end, in this marriage, Yan Jun had always been the one who was transparent.

Instead, it was Xia Jinqi. She seemed to have misunderstood something.

She finally dared to raise her eyes to look at him. Her curly eyelashes were still wet, and there were tears on them.

Used to him?

She was a little slow-witted. She had yet to enter the role of a wife.

“You said that you would try your best to fall in love with me. I hope it’s not empty words.”

As if he didn’t want to see her continue to cry, he only left these words behind and turned around to walk out of the study.

Xia Jinqi stood rooted to the ground in a daze.

She had said such words before, but... .. How could you fall in love with someone just because you said so ? ?

It was as if it was only now that she was shocked to realize that she was already Yan Jun’s wife.

The married couple’s life, as well as being a husband and raising children, shouldn’t she have thought of this a long time ago?

Suddenly, she felt that she was a little despicable.

When she begged Yan Jun to get married, she said everything, but when she really got married, she didn’t dare to do anything... ..

Chapter 73 give her love first

A person lying on the broad bed, until late at night, Yan Jun did not come back.

Xia Jinqi habitually insomnia, with big eyes, staring at the beautifully decorated ceiling in a daze.

She's still thinking about what Yan Jun said.

They were husband and wife, and she should get used to his presence.

—

Yan Jun drove out alone.

He did not think that the conversation just now was an argument. He just felt a little bored and wanted to relax.

Fang Shaoan did not escape, was pulled out to drink.

The entire bar would not receive any customers tonight. It would only serve Yan Jun and his friends.

In front of the spacious bar counter, the bartender wore a black and white vest and skillfully mixed the delicious wine.

Fang Shaoan had just drunk a mouthful of wine and spat it all out!

He stared at Yan Jun's livid face in disbelief and asked again, "what did you say? SISTER-IN-LAW... she really cried?"

Yan Jun, "..."

A sharp gaze shot toward a certain someone who was laughing until she was almost out of breath. Yan Jun's hand that was holding the glass Wine Cup tightened slightly, and a few veins popped out.

"... uh, what I mean is, cough, cough, cough! You scared her to tears?" Fang Shaoan finally put on a serious face, held back his laughter, and asked about the cause of the matter ...

Yan Jun suddenly felt a little regretful. Why did he find Fang Shaoan to talk about this?

WHAT THE HELL!

Yan Jun did not answer, and Fang Shaoan squinted his peach blossom eyes again. He clicked his tongue in surprise. "It shouldn't be... with your face, no woman would say no! Are you too impatient and don't know how to take care of a woman?"

"What do you mean?" Hearing that, Yan Jun raised his eyebrows in confusion.

"sister-in-law should have the personality of an obedient girl. Think about it, you haven't been in a relationship for 20 years. How long have you been together? The moment you get married, she will definitely be scared by you!"

Fang Shaoan, the Love Guru, had dated countless girls and learned a special skill from them — mind reading!

No matter how difficult a girl was, he could get all of them!

Now hearing Yan Jun's words, he knew that sister-in-law was probably too pure!

Yan Jun continued to raise his eyebrows. That night at the seaside, she had made a solemn vow. He thought that she had already come to her senses.

Judging from the situation in front of him, it seemed that she had not figured out her position yet?

“suggestion?” Yan Jun asked again.

“The suggestion is to soften her heart first. For a normal innocent girl, giving her love first is basically OK “find an opportunity to take her to the hotel, decorate the room, create some romance, give her roses, and drink some wine. Wouldn’t everything be logical?” Fang Shaoan Fed himself a mouthful of wine in a ruffian manner Speaking of his insights, wasn’t it easy?

Hearing this, Yan Jun fell silent.

His wrist moved rhythmically, and even the light yellow liquid in the wine glass rippled.

It was like his heart at this moment.

Fang Shaoan saw that he hadn’t spoken for a long time, so he said to himself, “otherwise, you two will be innocent forever?”

A marriage without Xing, just thinking about it made one’s scalp go numb.

“I just don’t want to see her cry.” Yan Jun finally spat out a sentence, raised his head, and drank a glass of strong brandy in one gulp.

The image of her crying face kept appearing in his mind. His heart felt stifled.

Fang Shaoan clutched his injured heart and lamented, “alright, don’t go around throwing dog food at me! I know how deeply you love Your sister-in-law!”

“You’re thinking too much.” Yan Jun smiled coldly.

Chapter 74 was... .. Not satisfied ? ?

“You still refuse to admit it? Then why are you so good to her? Do you feel sorry for her just because she cries?”

Yan Jun was silent for a moment before he said, “she’s my wife. Naturally, I feel sorry for her.”

After he finished speaking, he had already stood up and walked out of the bar.

Fang Shaoan, who was roaring behind him, said, “pay up before you leave!”

“...”

Without receiving a reply, Fang Shaoan turned around to look at the bartender. “PUT IT in his name! I was fished out in the middle of the night, and I’ve been enlightened and paid for it. Doesn’t that make me an old woman?”

She didn’t sleep well the entire night.

When she woke up in the morning, Xia Jinqi realized that there was another person beside her.

She didn’t know when he came back, but she didn’t notice him at all.

The warm morning sunlight passed through the huge glass window and fell on his warm, jade-like face.

His breath was light, and his face was handsome. He lay quietly like a beautiful painting... ..

Xia Jinqi turned her body and stared at him, who was sleeping soundly.

She had reflected on herself the whole night before, and she finally compromised.

Yes, they were already married.

She said that she would try her best to fall in love with him and would try her best to maintain this marriage.

There were some things that she should be braver about.

Yan Jun watched silently under Xia Jinqi's gaze and slowly woke up.

The moment he opened his eyes, he met a pair of gentle and beautiful eyes.

His thoughts flooded back into his mind like a tide at a certain moment. He looked back at her and was about to say something when he saw her suddenly stand up and lean towards him.

Xia Jinqi was so nervous that her heart almost stopped beating. She supported her body with both hands and leaned forward slightly to kiss Yan Jun who had just woken up.

This was the kiss that she should not have avoided last night... ..

She was very young and almost only covered him gently. She did not make any next move, nor did she retreat very quickly.

She was a little annoyed and did not know how to move... ..

However, she did not need to think too much because in the next second, Yan Jun had already grabbed her slim waist with a backhand. Then, he turned over and leaped. In the blink of an eye, he had pressed her under him.

Throughout the entire process, no one spoke. They only needed to make eye contact.

Xia Jinqi looked at the handsome and handsome face hanging above her, and her breathing began to become a little smoother.

Is it now?

Give yourself to him.

In this marriage, play the role of the most real wife.

Yan Jun immediately leaned over and kissed her lips.

He sucked repeatedly, gnawed, and rubbed.

Until she began to Moan.

The loose bathrobe was half open due to the intense movements of the two of them.

The snow-white crystal stimulated Yan Jun's vision. With a bang, something hot exploded in his head.

He stretched out his hand and pulled open her belt... ..

Xia Jinqi closed her eyes and felt his heat.

Unfortunately, Yan Jun did not continue.

He took two rough breaths and suddenly got off the bed. He walked quickly to the bathroom.

Xia Jinqi felt as if she had just woken up from a dream. She hugged the blanket and sat up in a daze. Her eyes were somewhat empty.

She did not understand why he suddenly stopped... ..

Was it... .. Not satisfied ??

Or was it because he was unwilling?

The heat in her body gradually subsided. However, Xia Jinqi sat on the bed for a long time, like a statue.

The sound of running water came from the bathroom. It was somewhat ear-piercing.

"..."

Yan Jun quickly came out of the shower. He had already changed into a brand new bathrobe. His short black hair was still dripping with water.

Seeing that she was still in a daze on the bed, he frowned slightly.

Chapter 75: A man's heart is like a needle at the bottom of the ocean

"What are you still standing there for? It's getting late. "

Xia Jinqi only regained her senses slightly when she heard that and looked at him in confusion.

"today is the day you return home. " Yan Jun used a towel to wipe his short hair as he walked around the big bed and walked towards the cloakroom.

On the way, he deliberately didn't look at the woman on the bed.

But at this time... .. She took the rare initiative ...

Xia Jinqi finally came to a complete realization. She didn't have the time to be embarrassed. With an 'Oh' , she hurriedly got off the bed and ran to the bathroom with a flash of smoke.

She had almost forgotten that today was an important day for Yan Jun!

If she didn't go back on time, she didn't know what the news would write about her!

After Yan Jun went downstairs, Xia Jinqi went to the changing room slowly.

When she was changing, she saw the bits of strawberries from her neck to her collarbone... ..

Her head exploded, and her small face began to fill with blood. It was so hot.

Xia Jinqi quickly took two deep breaths and found concealer. She carefully applied it on her neck, afraid that someone would notice.

In just a short while, she didn't know how Yan Jun did it!

...

When she went downstairs, she found that Ji Xinyu had already prepared a set of gifts for Yan Jun and Xia Jinqi to bring to the Xia family.

The Marriage Alliance of the noble families valued etiquette more.

However, Xia Jinqi didn't expect that Yan Qing was actually in the living room.

He was holding an exquisite pastry in his hand and was about to go upstairs. He was probably going to send it to Yan Youcheng.

After staying in this House for less than two days, Xia Jinqi had almost figured out what kind of existence Yan Qing was in this house.

Yan Youcheng was the only one who doted on him.

Yan Sheng, Ji Xinyu, and Yan Jun never took the initiative to talk to him.

Living under the same roof, even if they met each other, no one would look at each other, and no one would say a word to each other.

This kind of situation was exactly the same as when she was in the Xia family.

The only difference was that Yan Qing and Yan Youcheng.

And she was the only one.

She just happened to brush past Xia Jinqi who was downstairs.

At that moment, Yan Qing glanced sideways at her.

He did not speak, but his eyes were filled with depression and pain.

Xia Jinqi did not dare to look at him again. She only sighed softly and quickly walked down the stairs.

Ji Xinyu saw her coming down the stairs and immediately grabbed her hand with a smile. "Jinqi, if you want to go home and stay for a night, it's fine. After all, you haven't left home even after growing up. YOU MUST BE HOMESICK! Jun' Er has nothing to do these two days. Let Him accompany you!"

As she said that, she looked at Xia Jinqi's neck. There was a concealer that had been rubbed off by her collar, and she could just see a little scarlet.

This made Ji Xinyu laugh even more happily. She knew that this child was smart and would understand with just a little bit!

Xia Jinqi did not notice Ji Xinyu's gaze. She only smiled politely and nodded. She acknowledged him and then followed Yan Jun into the car.

There were no bodyguards following them from the front and back. Yan Jun was personally driving.

Xia Jinqi sat in the car that cost a few million yuan. She could not help but mock herself. As expected, it could not be compared to a car that cost tens of thousands of yuan.

Money was really a good thing. It could buy a luxury car, but it could also buy a marriage.

Yan Jun frowned slightly when he noticed the slight mockery on the corner of the woman's mouth. He recalled her staring into Yan Qing's eyes upstairs and felt inexplicably frustrated.

His handsome face was gloomy the whole way, and he looked like he was not satisfied with his desires...

...

Even Xia Jinqi felt a different kind of low pressure in the car.

She did not say a word, but she cursed silently in her heart. He was clearly the one who stopped first, so why was he angry now?

The heart of a man is the needle at the bottom of the ocean, okay?

Chapter 76: Return to the House with a new look

Outside the Xia family home.

Many reporters had already been squatting for the entire night. They wanted to take advantage of the time when Yan Jun brought his wife back to the house to properly interview the couple's life.

As soon as Yan Jun's car arrived, it was immediately surrounded by an impenetrable crowd.

Xia Jinqi looked at the dense crowd of reporters outside the car window and was somewhat dumbfounded.

After returning to her home for more than 20 years, this was the first time she had so many people waiting for her.

And all of this was because of the man beside her... ..

Xia Jinqi suddenly remembered that last night, she and Yan Jun were easily recognized by passersby on the street.

She was a little confused.

Maybe she really married an extremely powerful person... ..

"You don't have to say anything. Remember to smile," Yan Jun said with a cold voice.

After that, he got out of the car, walked around the front, and opened the door for Xia Jinqi.

Xia Jinqi had already put on a smile on her face. She got out of the car obediently and held his arm.

Then, the two of them opened the gifts for Xia Jitian and Hong Xianglin in the trunk.

Reporters kept asking questions around them. Most of the questions were friendly, but there were also some tricky ones.

For example..

“Madam Yan, May I ask what it feels like to be married into a top-tier wealthy family?”

Xia Jinqi’s heart felt a little stifled when she heard this, but a gentle smile still hung on her face as she looked at the reporters in front of her one by one.

For a moment, she felt that she had also learned to be hypocritical.

She clearly wanted to open her mouth and SCOLD THAT REPORTER But she could only smile.

Yan Jun held her hand as they quickly walked through the Xia family’s door.

There were still people shouting behind them, “Mr. Yan, Madam Yan, no matter what, please say something!”

Yan Jun completely ignored them. His eyes were indifferent and unfathomable.

Xia Jinqi followed by his side. There was no need to say anything. The two of them understood each other.

Fortunately, after they entered, the reporters were all blocked outside the door. Their ears finally woke up.

After a moment of relief, Xia Jinqi was full of energy again. She walked in the Xia family’s courtyard as if she was facing a great enemy.

Compared to the reporters outside who did not need to be dealt with at all, the ones in the Xia family’s residence were the real wolves, tigers, and leopards.

Feeling the wetness in the palm of the woman beside him, Yan Jun tightened his grip on her even more. “What are you afraid of? I’m here.”

Hearing this, Xia Jinqi raised her eyes and looked at him walking beside her.

For a second, she suddenly felt that the current him was incomparably tall... ..

It was as if if she stayed by his side, she didn’t have to be afraid of anything.

When the servants in the courtyard saw the two of them, they all bowed respectfully.

However, the scale of these people was far from the spectacular sight of the Yan family’s hundreds of servants.

Xia Jitian had specially taken a leave of absence today and was waiting at home with his children.

The servants outside called out ‘fourth miss, Fourth son-in-law is back!’ Louder than ever, causing Xia Jitian and his wife to frown at the same time.

After all, this son-in-law was not an outsider, but the heir of the Yan Corporation.

In the living room.

The Moment Xia Jinqi and Yan Junpu entered the room, they saw the following scene —

Xia Jitian and Hong Xianglin sat at the top, followed by the eldest, Xia Mingzhu, and the third, Xia Chuanxu.

The second, Xia Tianjiao, knelt in the middle of the living room with her head lowered.

There was an eye-catching red mark on her face. Her five fingers seemed to be imprinted directly on her cheek.

Hearing the voice from outside, her hands were clenched tightly by her side, looking unconvinced.

Beside her was a small bucket filled with ice water, which could hold about three basins of water.

Xia Jitian glared at the unfilial daughter kneeling below. The whole family didn't dare to make a sound because of his anger.

Chapter 77: The person you should apologize to

Hong Xianglin's face was full of heartache. She wanted to pull her daughter up, but due to Xia Jitian, the head of the family, they could only stand in a stalemate.

Xia Mingzhu, the eldest sister, stayed out of the matter. She did not care at all about how Xia Tianjiao would be punished, as if she was not a member of the family at all.

Xia Chuanxu leaned back on the Sofa and looked at Xia Tianjiao who was kneeling on the ground. He was thinking about how to explain this to Yan Jun. he wondered if Yan Jun would be satisfied?

Xia Jinqi was completely dumbfounded. This... .. What was going on ? ?

Yan Jun glanced at her indifferently. There weren't too many fluctuations in his deep eyes. He held Xia Jinqi's hand and walked over.

"father-in-law, mother-in-law," Yan Jun spoke very gentlemanly and handed the gift to the servant beside him.

Only then did Xia Jitian stand up. After exchanging a few pleasantries with Yan Jun, he shook his head and sighed. His tone was somewhat self-reproachful. "It's all because we didn't discipline him properly that this evil creature did such a ridiculous thing at his sister's wedding! !"

After he finished speaking, he glared at Xia Tianjiao who was kneeling on the ground. "evil creature! Aren't you going to apologize to young Master Yan? !"

Xia Tianjiao trembled from the roar. Half of her face was Pale, and the other half was covered in red palm prints. It was very frightening.

"I'm sorry."

When she said that, Xia Tianjiao was looking at Yan Jun..

Xia Jinqi, who was beside her, couldn't help but raise her eyebrows.

She was the victim, but the focus of the entire family's apology was on Yan Jun..

Moreover, Xia Jinqi noticed that her father had just called Yan Jun 'young master Yan'

This... ..

Logically speaking, the Yan and Xia family's marriage was about taking what they needed and standing on equal footing. However, Xia Jitian's words 'young Master Yan' brought out the differences between the two families.

Yan Jun glanced indifferently at Xia Tianjiao, then turned to look at the Dazed Xia Jinqi beside him. He slowly said, "the person you should apologize to is my wife."

His voice was calm, but it was threatening without anger!

Xia Tianjiao's throat tightened. She stubbornly bit her lower lip, unwilling to admit defeat in front of Xia Jinqi.

Xia Jinqi didn't care about Xia Tianjiao's apology. She glanced at the family members and suddenly understood.

They were just putting on an act.

Putting on an act for Yan Jun to see.

Although she didn't know if Yan Jun had put pressure on them, Xia Jinqi understood one thing. The Xia family members were a little afraid of Yan Jun..

Xia Tianjiao still didn't say anything. Xia Jitian was so angry that he blew his beard and shouted, "hurry up and apologize to your fourth sister!"

"I... I'm sorry." Xia Tianjiao gritted her teeth and finally opened her mouth with a trembling voice ...

She lay on the ground, her tears falling down!

Ever since she was young, her father had never said anything harsh to her!

Not to mention now, kneeling here like a dog and begging for forgiveness!

Xia Jinqi, this is all thanks to you... ..

I'll remember it!

One day, I want you to kneel in front of me, trembling! ..!

..

Xia Jinqi couldn't tell what she was feeling at the moment. She didn't feel the pleasure of stepping on those who bullied her, nor did she feel the joy of being noticed by her family again.

She suddenly felt sad.

Everything in front of her was only done for Yan Jun's sake.

In other words, if it weren't for Yan Jun, even if Xia Tianjiao poured acid on her, her parents wouldn't care.

Xia Jinqi's daze made Xia Jitian feel a little embarrassed.

Xia Chuanxu also didn't say anything at the moment and only stood at the side.

He was originally trying to get justice for his fourth sister, so it was only natural for his fourth sister to speak up before it could be considered as an end.

The entire place was completely silent. It was so quiet that one could even hear a needle drop on the ground.

Until... ..

Chapter 78 tit for tat

As Xia Jinqi looked around, she suddenly saw a bucket of ice water next to Xia Tianjiao.

She raised her hand slightly and pointed at the ice water. "what... is that used for?"

Xia Tianjiao's body instantly froze.

Could it be... ..

Not only Xia Tianjiao, even Xia Jitian and Hong Xianglin were stunned at the same time.

Xia Jinqi's guess was right. They were indeed putting on a show for Yan Jun..

Their new wife was splashed with ice water on the day of her wedding. If News of this spread, it would hurt Yan Jun a lot.

But these days, there was no news about Xia Jinqi at all.

It was Yan Jun who suppressed the news.

Xia Jitian knew that Yan Jun would definitely not let it go, which was why there was this drama today.

Ice Water was originally used as a decoration. No one would have thought that Xia Jinqi would suddenly mention it.

Yan Jun also looked in the direction that Xia Jinqi was pointing at, his eyebrows slightly raised.

Was He prepared to return an eye for an eye and a tooth for a tooth?

However, no one opened their mouth to explain, only Xia Chuanxu stood out.

"fourth sister, that bucket of ice water was prepared for you."

"Me?" Xia Jinqi pointed at herself, looking as if she couldn't believe it.

Xia Chuanxu smiled again. "If you still don't feel satisfied, you can throw it all over her. Treat it as an even score."

The ice water was arranged by Xia Chuanxu. He had said that he wanted to get it back for his fourth sister.

Xia Tianjiao, who was kneeling, turned even Paler when she heard this.

As for Xia Jinqi, who was the focus of the entire family for the first time, she didn't make a decision quickly. Instead, she looked up at Yan Jun..

She suddenly understood something.

Yesterday, his attitude was firm, and he insisted that she return home.

Moreover, ever since he entered the door, he had been rather calm.

So, all of this was arranged by him?

To help her vent her anger?

Was this considered his gentle side?

The corners of her lips curled up into a smile. Xia Jinqi finally opened her mouth. "I..."

However, before she could finish speaking, Hong Xianglin jumped out like an old hen, protecting her little chick. "fourth brother! No matter what, she's still your second sister! Do you really have the heart to do that? ! If you want to pour it on me, pour it on me!"

"Mom..." Xia Tianjiao cried out and burst into tears.

This made Hong Xianglin's heart ache even more. She hurriedly comforted her, "Jiao Er, don't be afraid! With mom here, no one can bully you!"

This scene, in Xia Jinqi's eyes, was filled with mixed feelings.

Xia Mingzhu also stood out and said, "fourth sister, that's enough. Today is the day you return home. Don't make the whole family cry."

Xia Mingzhu had been by Xia Jitian's side since she was young. She didn't have any impression of her two sisters at home. She wasn't biased and didn't help anyone. She just wanted to end this farce as soon as possible.

"En." Xia Jinqi nodded, eyes sincere, "mom, you don't worry, I won't splash her."

Hong Xianglin and Xia Tianjiao were relieved.

However the next second, Xia Jinqi said, "then kneel for three hours."

That's a nice twist on the... .. caught you off guard . .

—

In an hour.

Xia Jinqi's room.

Yan Jun reclined in front of the window, slender fingertip pick a thin gauze curtain, a casual look, you can see that kneeling in the middle of the courtyard of the woman.

The Sun was high in the sky, and the marble floor was hard enough. Kneeling on it must have been an extraordinary experience.

"Have you knelt before?" He took the coffee that Xia Jinqi handed over and teased her.

Chapter 79: Her rare tenderness

If she hadn't experienced it before, she probably wouldn't have known such a torturous method.

Xia Jinqi was silent for a short while, which could be considered a tacit agreement.

However, she didn't intend to bring up the pain. Instead, she put down the tray and changed the topic. "today, was it you who arranged it?"

"Is it important who arranged it?" Yan Jun lowered his head and took a sip of coffee. His tone was gentle.

Not Denying it was equivalent to admitting it.

Xia Jinqi stared at him for a moment and asked again, "why is my father afraid of you?"

Yan Jun's hand froze and he raised his eyebrows slightly. "Do you want to know?"

Xia Jinqi nodded. She really wanted to know.

Yan Junxie smiled and his big hand wrapped around her waist, pulling her to him.

"Why don't you tell me first, why have you been enduring for so many years?"

Looking at the way she looked just now, she did not look like a weak idiot at all.

On the contrary, she even knew what to do. The biggest harm to Xia Tianjiao would be her.

If she insisted on splashing the water, with Hong Xianglin blocking in front of Xia Tianjiao, the water would definitely splash on Hong Xianglin.

When that time came, Xia Jinqi would not be able to take revenge, and she would be labeled as an unfilial daughter.

By choosing to have Xia Tianjiao kneel under the scorching sun for three hours, not only would she be able to take revenge, she would also be able to relieve her anger. She could also punish Xia Tianjiao, and Hong Xianglin would not be able to intervene.

This wave of counterattack made even Yan Jun Gasp in admiration.

Xia Jinqi did not struggle. Just as he said, she needed to get used to him.

Lowering her eyes, she simply leaned into his embrace and sighed. She originally just wanted to quietly be a sweet and innocent person, but who knew that once she got close to the black-bellied Yan Jun, she would also learn from him.

She had a feeling of a Fox using the tiger's power.

She played with the collar of his shirt and said self-deprecatingly, "in the past, I was alone, but now I have a backer..."

Actually, she had always been unwilling to argue with her family because they were her family.

As for today, it was Yan Jun who specially arranged it for her.

She did not want to brush off his good intentions, nor did she want to see him angry.

She knew that if she did this, he would definitely be happy.

For example, at this moment, a smile could always appear on the edge of his lips, unlike the time when he was in the car, where he always had a straight face and the pressure was frighteningly low.

Yan Jun's originally hard heart was melted by her rare tenderness.

She did not refuse to cater to him, which made his love for her soar.

He lowered his head and accurately held her lips, wantonly raping her.

Xia Jinqi raised her head and obediently accepted him.

Now... .. She was really starting to get used to him ...

..

The hard marble under her knees was so hard that it hurt her bones!

Xia Tianjiao carefully used her hands to support her body weight while wiping the beads of sweat from her forehead.

The palm print on her face had yet to disappear, and they were both burned red by the scorching sun.

What was more hateful was that when she finally adjusted her posture and turned her head, she happened to see the two people kissing in front of the windowsill!

She clenched her teeth tightly as Xia Tianjiao stared at the two people, her eyes bursting with a flame of jealousy and hatred!

Her father, who had never hit her before, not only gave her a slap today, but also scolded her a few times!

He even made her kneel under the scorching sun, so that all the servants in the family could see her!

How could she continue to be a person in the future?

It was all Xia Jinqi's fault... ..

A good-for-nothing that anyone could bully. If it weren't for Yan Jun, how could she be so arrogant!

I'll be waiting, Xia Jinqi.

I'll be waiting for the day when you're ruthlessly abandoned by Yan Jun!

"If you knew this day would come, why did you do it in the first place? I've told you long ago to seize the opportunity to marry a man with power and influence. Now, fourth sister has picked up a huge bargain, right?"

Chapter 80 opportunity

Xia Mingzhu's voice was filled with mockery as it came from behind.

Xia Tianjiao didn't even need to turn his head to know whose voice it was.

"There's no need to be sarcastic. Didn't you get a divorce too? HMPH!"

She didn't forget that when she was kneeling in the hall just now, this big sister didn't even try to persuade her!

She only came here now to see her make a fool of herself!

Xia Mingzhu casually tugged at the black coat draped over her shoulders and a nonchalant smile appeared on her thick pink face. "I got half of my ex-husband's assets from the divorce, but what about you? You have nothing and you're still being humiliated like this."

Every word turned into a sharp blade, slicing at Xia TIANJIAO'S HEART!

"You!"

Knowing that her words had almost provoked Xia Tianjiao, Xia Mingzhu went around to the front of Xia Tianjiao and changed her face. "Alright, big sister is just casually saying it. Can you still be angry with big sister?"

Xia Tianjiao was stunned for a moment, and she looked up at Xia Mingzhu, not knowing what to do.

She was still mocking her just now, but in the blink of an eye, her attitude had changed?

Xia Mingzhu knew very well how to negotiate with others. She would slap them first, and then give them a sweet date, which would be easier to accept.

She glanced at Xia Jinqi's room window and leisurely whispered into Xia Tianjiao's ear, "actually, big sister is on your side. If I don't help you, who else can I help?"

"Help me? You've never cared about me and that trash!" Xia Tianjiao spat, clearly not believing it.

Xia Mingzhu was not in a hurry and continued "In the past, I thought that both of you were my sisters and neither of you could be biased, right? But today, I see that the fourth girl is really unreasonable and crafty. She actually made her own sister kneel under the scorching Sun for three hours?"

In fact, the reason why Xia Mingzhu suddenly started to care about Xia Tianjiao was because she happened to hear the conversation between her father and her third brother when she walked past the door of her father's study.

Only then did she know that her third brother had also intervened in everything today. It was all to help Xia Jinqi and to give an explanation to Yan Jun..

The biggest obstacle to her wanting to inherit the Xia family from her father was her third brother, Xia Chuanxu.

He was a boy. This was an advantage that was established from the moment he was born. She had no way to surpass him and could only make up for it with ability.

All these years, she had worked hard and followed her father conscientiously. Even though she had received her father's affirmation and praise, the increasingly powerful Xia Chuanxu had also become a stumbling block for her.

Naturally, she could not allow Xia Chuanxu to use Xia Jinqi to build a good relationship with Yan Jun!

Therefore, she thought of Xia Tianjiao.

She could use Xia Tianjiao to destroy the husband-and-wife relationship between Yan Jun and Xia Jinqi. In this way, the alliance between the XIA and Yan families would be broken. Let's see if Xia Chuanxu could continue to work with Yan Jun?

When Xia Tianjiao heard this, she did not doubt him. She felt that her big sister could finally share a common enemy with her. She could not be happier!

In this family, it was not a bad thing to have one more person who was on her side!

"One day, I will return everything to her!" Xia Tianjiao gritted her teeth. She really wanted to rush upstairs right now, Grab Xia Jinqi's hair, and give her a good beating!

Xia Mingzhu was very satisfied with the jealousy and hatred in Xia Tianjiao's eyes. Her lips still had a smile on them. She had already leaned beside Xia Tianjiao. "Now, there is a good opportunity like this. It depends on whether you are willing to seize it..."

"What Opportunity?"

"I heard that when the Yan family came to propose marriage, they wrote Yan Qing's name on the post."
